The Retirement Plan of PriceSmart, Inc.

In 1998, the Company established a retirement plan (the Retirement Plan). The Retirement Plan has terms and conditions substantially similar to The Price Enterprises, Inc. Profit Sharing and 401(k) Plan (the PEI Plan), of which PriceSmart was a sponsor from the time of the spin-off of the Company from PEI until the establishment of the Retirement Plan. The Retirement Plan is a split up of that portion of the PEI Plan which is attributable to employees of the Company.

The Retirement Plan is designed to be a qualified plan under applicable provisions of the Code, covering all employees who have completed one year of service, as defined in the Retirement Plan. Each year, participants may contribute up to 15% of their pre-tax annual compensation (as defined in the Retirement Plan) up to the maximum allowable by the Code. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution equal to 100% of the participant's elective deferral up to an annual maximum of 4% of base compensation that a participant contributes to the plan. Although it has not expressed any intent to do so, the Company has the right under the Retirement Plan to discontinue its contributions at any time and to terminate the Retirement Plan, subject to the provisions of Employee Retirement Income Security Act of 1974, as amended.

All participants in the Retirement Plan are fully vested in their voluntary contributions and earnings thereon. Vesting in the remainder of a participant's account is based upon his or her years of service with the Company, PEI, Costco, TPC and certain affiliated parties. A participant is 50% vested after the completion of two years of service and 100% vested after the completion of his or her third year of service. A participant becomes fully vested in his or her entire account upon retirement due to permanent disability, attainment of age 65 or death. In the event of a termination of the Retirement Plan by the Company, participants will become fully vested in their accounts.

1997 PriceSmart Stock Option Plan

In August 1997, the Company adopted the 1997 Stock Option Plan of PriceSmart, Inc. (the 1997 Plan). The 1997 Plan was approved by PEI as sole stockholder of the Company as of August 7, 1997. The principal purposes of the 1997 Plan are to provide incentives for officers, employees and consultants of the Company and its subsidiaries through the granting of options, thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ. In addition to options granted to officers, employees or consultants, the 1997 Plan provides for formula grants of options to the Company's independent non-employee directors.

The 1997 Plan provides for option grants covering up to 700,000 shares of Common Stock. As of October 31, 2002, options to purchase an aggregate of 695,108 shares of Common Stock at prices ranging from \$8.59 to \$41.25 had been granted under the 1997 Plan (not including shares subject to options that have been cancelled), and 4,892 shares remained available for future grant under the 1997 Plan.

1998 Equity Participation Plan

In July 1998, the Board of Directors adopted the 1998 Equity Participation Plan of PriceSmart, Inc. (the 1998 Plan). The 1998 Plan was subsequently approved by the Company's stockholders at the 1999 Annual Meeting of Stockholders. The principal purposes of the 1998 Plan are to provide incentives for directors, officers, employees and consultants of the Company and its subsidiaries through the granting of options, restricted stock and other awards (Awards), thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ.

The 1998 Plan provides that the Compensation Committee of the Company's Board of Directors or a subcommittee thereof may grant or issue incentive stock options, non-qualified stock options, stock purchase rights, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock related benefits, or any combination thereof. Under the stock purchase feature of the 1998 Plan, the Compensation Committee may grant to any consultant or employee the right to purchase shares of Common Stock (Stock Purchase Rights) under the 1998 Plan from time to time, in such amounts and subject to such terms and conditions as the committee may determine, and, at the discretion of the committee, such determinations may include determining categories of employees and the number of shares to be made available to employees in each such category. The 1998 Plan further provides that each independent director as of the date of the adoption by the Board of the 1998 Plan automatically shall be granted, on the date of such adoption, a Stock Purchase Right to purchase a number of shares of Common Stock equal to the difference between (i) 2,716 shares of Common Stock and (ii) the number of shares of Common Stock purchased by such independent director since September 1, 1997 (other than purchases pursuant to the exercise of an option granted pursuant to any stock option plan of the Company). A person who is initially elected to the Board after the adoption by the Board of the 1998 Plan and who is an independent director at the time of such initial election automatically shall be granted a Stock Purchase Right to purchase 2,716 shares of Common Stock on the date of such initial election. The purchase price for shares of Common Stock purchased pursuant to any Stock Purchase Right granted under the 1998 Plan shall be no less than the fair market value of such Common Stock as of the date of purchase.

Under the 1998 Plan, the Compensation Committee may in its discretion allow payment, in whole or in part, through the delivery of a full recourse, limited recourse or non-recourse (as determined by the committee) promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under the Code) and payable upon such terms as may be prescribed by the Compensation Committee or the Board. The Compensation Committee may prescribe the form of such promissory note and the security to be given for such note. However, Common Stock may not be purchased pursuant to a Stock Purchase Right by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law or by any agreement to which the Company is a party. Notwithstanding the foregoing, the Company has ceased extending new loans (or modifying existing loans) to any director or Executive Officer effective as of July 30, 2002.

The 1998 Plan provides for Awards covering up to 700,000 shares of Common Stock. As of October 31, 2002, options to purchase an aggregate of 614,157 shares of Common Stock at prices ranging from \$14.75 to \$40.87 had been granted under the 1998 Plan (not including shares subject to options that have been cancelled), 80,421 shares of Common Stock had been issued under the stock purchase provisions of the 1998 Plan, and 5,422 shares remained available for future grant under the 1998 Plan.

2001 Equity Participation Plan

In November 2001, the Board of Directors adopted the 2001 Equity Participation Plan of PriceSmart, Inc. (the 2001 Plan). The 2001 Plan was subsequently approved by the Company's stockholders at the 2002 Annual Meeting of Stockholders. The principal purposes of the 2001 Plan are to provide incentives for officers, employees and consultants of the Company and its subsidiaries through the granting of Awards, thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ. In addition to Awards granted to officers, employees or consultants, the 2001 Plan provides for formula grants of options to the Company's independent non-employee directors.

The 2001 Plan provides that the Compensation Committee of the Company's Board of Directors or a subcommittee thereof may grant or issue incentive stock options, non-qualified stock options, stock purchase rights, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock related benefits, or any combination thereof. Under the stock purchase feature of the 2001 Plan, the Compensation Committee may grant to any employee, independent director or consultant Stock Purchase Rights under the 2001 Plan from time to time, in such amounts and subject to such terms and conditions as the committee may determine, and, at the discretion of the committee, such determinations may include determining categories of employees and the number of shares to be made available to employees in each such category. The purchase price for shares of Common Stock purchased pursuant to any Stock Purchase Right granted under the 2001 Plan shall be no less than the fair market value of such Common Stock as of the date of purchase.

Under the 2001 Plan, the Compensation Committee may in its discretion allow payment, in whole or in part, through the delivery of a full recourse, limited recourse or non-recourse (as determined by the committee) promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under the Code) and payable upon such terms as may be prescribed by the Compensation Committee or the Board. The Compensation Committee may prescribe the form of such promissory note and the security to be given for such note. However, Common Stock may not be purchased pursuant to a Stock Purchase Right by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law or by any agreement to which the Company is a party. Notwithstanding the foregoing, the Company has ceased extending new loans (or modifying existing loans) to any director or Executive Officer effective as of July 30, 2002.

The 2001 Plan provides for Awards covering up to 350,000 shares of Common Stock. As of October 31, 2002, options to purchase an aggregate of 344,084 shares of Common Stock at prices ranging from \$35.00 to \$40.05 had been granted under the 2001 Plan (not including shares subject to options that have been cancelled), no shares of Common Stock had been issued under the stock purchase provisions of the 2001 Plan, and 5,916 shares remained available for future grant under the 2001 Plan.

Compensation Committee Membership, Interlocks and Insider Participation

During fiscal year 2002, the Company's Compensation Committee consisted of Ms. Hensley and Messrs. Janks and Krause. There were no insider participations nor Compensation Committee interlocks among the members of the committee during fiscal 2002. At all times during fiscal year 2002, the committee has been comprised solely of independent, non-employee directors.

Compensation Committee Report on Executive Compensation

The Compensation Committee recommends to the Company's Board of Directors, for its approval, the compensation (including annual base salaries and bonuses) of the Chief Executive Officer, Chief Financial Officer and other Executive Vice Presidents of the Company (Executive Officers). The committee also administers the

Company's compensation plans for the Company's Executive Officers, including the Company's stock option plans and the granting of options and any other awards thereunder.

General Compensation Philosophy

The Company's executive compensation policies are designed to meet the following objectives: (i) to attract and retain talented executives; (ii) to reward appropriately individual achievement; and (iii) to enhance the financial performance of the Company, and thus stockholder value, by significantly aligning the financial interests of the Company's executives with those of its stockholders. To accomplish these objectives the Company's executive compensation program may include: (i) annual base salaries; (ii) cash bonuses; and (iii) stock option grants and a stock purchase program aligned with stock option grants.

Executive Officers also participate in other benefit plans available to employees generally, including the Company's Retirement Plan and a medical plan.

Annual Base Salaries and Bonuses

The committee recommends to the Company's Board of Directors, for its approval, the compensation (including annual base salaries and bonuses) of the Executive Vice Presidents by considering the recommendations of the Chief Executive Officer together with such factors as job complexity, level of responsibility, how the position relates to the Company's long-term strategic goals, and the particular individual's skills, experience, background and performance. While there are no pre-established weightings given to these factors, particular importance is placed on attracting and retaining quality individuals in order to establish and secure an effective executive team for the Company. During the past fiscal year the committee approved an increase to the base salary of the Company's Executive Vice President and Chief Operating Officer (William J. Naylon) from \$181,500 to \$235,000, effective on January 16, 2002 (concurrent with Mr. Naylon's promotion to Chief Operating Officer).

The Company's annual bonus program is designed to reward the Company's Executive Officers for individual achievement in supporting the fulfillment of corporate objectives, subject to the Company exceeding certain financial criteria. Because that criteria was not exceeded by the Company, bonuses were not granted for the past fiscal year.

Stock Options and Stock Purchase Program

The long-term incentive aspect of the Company's executive compensation program is realized primarily by the granting of stock options. Stock option awards are viewed as a particularly effective tool to attract experienced and talented employees and to encourage their long-term quality performance with the Company. Since the value of the stock option is dependent upon stock performance, the stock option program directly aligns employee compensation with the interests of the Company's stockholders.

Stock options are granted by the committee based upon the recommendations of senior management. Stock options generally are granted at a price equal to the fair market value of a share of Common Stock as of the date of committee approval of the grant or the effective date of grant. Stock options generally are exercisable at the rate of 20% per year, thereby providing an incentive for the grantee to remain with the Company. In the fiscal year ended August 31, 1998, the Company expanded its executive compensation program to include an opportunity for Executive Officers to purchase stock directly from the Company at fair market value. The Company has provided financing for such purchases and has granted additional options to those Executive Officers who made such purchases, but ceased doing so effective July 30, 2002. In authorizing such stock purchases and in making option grants, the committee considers the anticipated future performance of the employee and that individual's ability to impact positively the achievement of the Company's objectives. During the past fiscal year, the committee authorized new stock option grants for Messrs. Partida, Naylon, Breen, Gans, Hildebrandt, Martin and Youngberg.

Chief Executive Officer Compensation

Gilbert A. Partida is the President and Chief Executive Officer of the Company. The committee considered Mr. Partida's background, abilities and potential for successfully implementing the Company's business objectives

16

in its approval in December 1997 of Mr. Partida's annual base salary (\$225,000), which was increased by \$50,000 in January 1999, in recognition of Mr. Partida's exceptional performance during the prior year. On June 27, 2001, the committee approved an \$80,000 increase to the base salary of Mr. Partida from \$275,000 to \$355,000, effective September 1, 2001, in view of the significant effort extended by Mr. Partida in the effective implementation of the Company's business goals during the prior year, as well as the expectation that Mr. Partida's significant efforts and effective performance would continue. The committee believes that Mr. Partida's efforts and performance during fiscal year ending August 31, 2002 have been consistent with the committee's expectations (the committee noting that the Company's performance with regard to key business goals has likewise been consistent with the committee's expectations). The committee has not commissioned any independent surveys to determine competitive compensation because the committee considers Mr. Partida's total compensation package to be reasonable in view of his position and responsibilities with the Company, as well as the positive effect Mr. Partida has had in positioning the Company for growth.

Omnibus Budget Reconciliation Act Implications for Executive Compensation

It is the responsibility of the Board (or the Compensation Committee) to address the issues raised by the tax laws which make certain non-performance-based compensation to executives of public companies in excess of \$1,000,000 non-deductible to the Company. In this regard, a determination must be made as to whether any actions with respect to this limit should be taken by the Company. At this time, it is not anticipated that any executive officer will receive compensation in excess of this limit. Nevertheless, the Company has sought to comply with the requirements of Section 162(m) of the Code, so that awards granted under the 1998 Plan qualify as "incentive based compensation" that will not count against the \$1,000,000 limit on deductibility. Such compliance includes seeking stockholder approval of the 1998 Plan at the 1999 Annual Meeting of Stockholders and the 2001 Plan at the 2002 Annual Meeting of Stockholders. Additional action will be taken if it is warranted in the future.

Summary

The committee believes that the above-described cash compensation program and long-term incentives (in the form of stock option awards and stock purchase rights) provide appropriate alignment of the long-term interests of the Company's Executive Officers, the Company and its stockholders.

In August 1998, the Gans Blackmar Stevens Profit Sharing Plan FBO Robert M. The promissory notes delivered by Messrs. Breen, Drachman, Martin, May, Naylon and Oats, and the Gans Blackmar Stevens Profit Sharing Plan initially were non-recourse notes and bore interest at a rate of 6% per annum and had terms of six years. These notes were amended in June 1999 to become recourse notes, bearing interest at a rate of 5.85%. Mr. Hildebrandt's note is also a recourse note, bearing interest at a rate of 5.85%. All of the notes become immediately due and payable upon the termination of the employee's employment for any reason.

In July 2001, the Company agreed to purchase a 2.5% interest in PSMT Trinidad/Tobago Limited (PSMT Trinidad) from an affiliate of Mr. Barcenas in exchange for 6,490 shares of Common Stock, \$41.65 in cash and the Company's agreement to cancel a \$40,000 debt obligation owed by Mr. Barcenas' affiliate to the Company. The parties completed the transaction in September 2001.

In exchange for BB&M's 49% interest, the Company issued to BB&M's principals 306,748 shares of Common Stock and agreed to redeem the shares of Common Stock at a price of \$46.86 per share following the one-year anniversary of the completion of the acquisition. In April 2001, the Company redeemed 242,144 shares of Common Stock for an aggregate of approximately \$11.4 million in cash and agreed, upon the holders' request, to redeem, at the Company's option for cash or additional stock, the remaining 64,604 shares following the second anniversary of the completion of the acquisition at the price of \$46.86 per share. In March 2002, the holders of the remaining 64,604 shares of Common Stock requested redemption of these shares for the agreed upon price of \$46.86 per share. In lieu of having the shares redeemed, at the request of the Company, the holders sold their shares on the open market. The Company then paid the holders approximately \$1.0 million in cash, including approximately \$505,000 paid to Mr. Barcenas, representing the difference between the agreed upon price of \$46.86 per share and the average selling price of \$30.99 per share obtained by the holders.

In October 2002, the joint venture entered into a memorandum of intent for the allocation of construction expenses in connection with the proposed lease. The Company expects the term of the proposed lease will be 30 years with two five-year renewal options, and the lease will have a future minimum lease commitment of approximately \$300,000 per year. However, the terms of the lease have not been finalized and are subject to approval by Gigante and the Board of Directors of the joint venture.

PROPOSAL 2

APPROVAL OF THE ADOPTION OF THE 2002 EQUITY PARTICIPATION PLAN

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon a proposal to approve the adoption of The 2002 Equity Participation Plan of PriceSmart, Inc. (the "Equity Plan") of the Company described herein. The Equity Plan was adopted by the Board of Directors on November 19, 2002, subject to approval by the stockholders at the Annual Meeting. Approval of the Equity Plan requires the affirmative vote of a majority of the shares represented and voting at the Annual Meeting.

General Nature and Purposes of the Equity Plan

The principal purposes of the Equity Plan are to provide incentives for officers, employees and consultants of the Company and its subsidiaries through granting of options, restricted stock and other awards ("Awards"), thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ. In addition to Awards made to officers,

Edgar Filing: PRICESMART INC - Form DEF 14A

employees or consultants, the Equity Plan provides for the granting of options (Director Options) to the Company's non-employee directors pursuant to a formula, as described in further detail below.

A brief description of the principal features of the Equity Plan follows, but the description is qualified in its entirety by reference to the Equity Plan itself, a copy of which is included as Exhibit A to this Proxy Statement.

Administration of the Plan

The Equity Plan will be administered by the Compensation Committee of the Company's Board of Directors (or another committee or a subcommittee of the Board assuming the functions of the Compensation Committee under the Equity Plan) (the Committee) with respect to options and other awards granted to employees or consultants and by the full Board of Directors with respect to Director Options. The Committee will consist of at least two members of the Board of Directors, each of whom is a non-employee director for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act, and such rule, Rule 16b-3), and an outside director for purposes of Section 162(m) of the Code. Subject to the terms and conditions of the Equity Plan, the Committee has the authority to select the persons to whom Awards are to be made, to determine the number of shares to be subject thereto and the terms and conditions thereof, and to make all other determinations and to take all other actions necessary or advisable for the administration of the Equity Plan. Similarly, the Board of Directors of the Company has discretion to determine the terms and conditions of Director Options and to interpret and administer the Equity Plan with respect to such options. The Committee (or the Board of Directors with respect to Director Options) is also authorized to adopt, amend, interpret and revoke rules relating to the administration of the Equity Plan.

Securities Subject to the Equity Plan

The aggregate number of shares of Common Stock (or the equivalent in other equity securities) which may be issued upon exercise of options, stock appreciation rights (SARs), and other Awards, or upon vesting of restricted or deferred stock awards granted under the Equity Plan will not exceed 250,000. Furthermore, the maximum number of shares which may be subject to options or SARs granted under the Equity Plan to any individual in any calendar year cannot exceed 150,000.

The shares available under the Equity Plan upon exercise of stock options, SARs and other Awards, and for issuance as restricted or deferred stock awards, may be either previously unissued shares or treasury shares, and may be equity securities of the Company other than Common Stock. The Committee (or the Company's Board of Directors with respect to Director Options) has the discretion to make appropriate adjustments in the number and kind of securities subject to the Equity Plan and to outstanding Awards thereunder to reflect dividends or other distributions; a recapitalization, reclassification, stock split, reverse stock split, or reorganization, merger or consolidation of the Company; the split-up, spin-off, combination, repurchase, liquidation or dissolution of the

26

Company; or disposition of all or substantially all of the assets of the Company or exchange of Common Stock or other securities of the Company; or other similar corporate transaction or event (an extraordinary corporate event).

If any portion of a stock option, SAR or other Award terminates or lapses unexercised, or is cancelled upon grant of a new option, SAR or other Award (which may be at a higher or lower exercise price than the option, SAR or other Award so cancelled), the shares which were subject to the unexercised portion of such option, SAR or other Award, will continue to be available for issuance under the Equity Plan.

Term of Equity Plan and Amendments

The Equity Plan will expire on November 19, 2012, unless earlier terminated. Amendments of the Equity Plan to increase the number of shares as to which Awards may be made (except for adjustments resulting from stock splits and the like, and mergers, consolidations and other corporate transactions) require the approval of the Company's stockholders. In all other respects the Equity Plan can be amended, modified, suspended or terminated by the Committee or the Board of Directors, unless such action would otherwise require stockholder approval as a matter of applicable law, regulation or rule. Amendments of the Equity Plan will not, without the consent of the participant, affect such person's rights under an Award previously awarded, unless the Award agreement governing such Award itself otherwise expressly so provides.

Eligibility

Options, SARs, restricted stock and other Awards under the Equity Plan may be granted to individuals who are then officers or other employees of the Company or any of its present or future subsidiaries. Such Awards also may be granted to consultants of the Company selected

by the Committee for participation in the Equity Plan. Approximately 3,800 employees are eligible to participate in the Equity Plan, and it is currently anticipated that up to 250 employees will be considered for option grants in fiscal 2003. More than one option, SAR or other Award may be granted to an employee or consultant. Non-employee directors of the Company and its subsidiaries may be granted non-qualified stock options in accordance with the Equity Plan.

Payment for Shares

The exercise or purchase price for all options, SARs, restricted stock and other Awards that provide a right to acquire Common Stock, together with any applicable tax required to be withheld, must be paid in full in cash at the time of exercise or purchase or may, with the approval of the Committee (or the Board of Directors with respect to Director Options), be paid in whole or in part in shares of Common Stock valued at their fair market value on the date of exercise (which may include an assignment of the right to receive the cash proceeds from the sale of Common Stock subject to an option or other right pursuant to a cashless exercise procedure) or by delivery of other property, or by a promissory note bearing a market rate of interest payable to the Company where permitted by applicable law, or by a combination of the foregoing.

Awards under the Equity Plan

The Equity Plan provides that the Committee may grant or issue stock options (Options), stock purchase rights, SARs, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock related benefits, or any combination thereof.

Non-Qualified Stock Options (NQSOs). NQSOs will provide for the right to purchase Common Stock at a specified price which, except with respect to NQSOs intended to qualify as performance-based compensation under Section 162(m) of the Code, may be less than fair market value on the date of grant (but not less than par value), and usually will become exercisable (in the discretion of the Committee, or the Board of Directors with respect to Director Options) in one or more installments after the grant date, subject to the participant's continued provision of services to the Company and/or subject to the satisfaction of individual or Company performance targets established by the Committee (or the Board of Directors with respect to Director Options). NQSOs may be granted for any term specified by the Committee (or the Board of Directors with respect to Director Options).

27

Incentive Stock Options (ISOs). ISOs will be designed to comply with applicable provisions of the Code and will be subject to certain restrictions contained in the Code. Among such restrictions, ISOs must have an exercise price not less than the fair market value of a share of Common Stock on the date of grant, may only be granted to employees, must expire within a specified period of time following the Optionee's termination of employment, and must be exercised within the ten years after the date of grant. In the case of an ISO granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all classes of stock of the Company, the Equity Plan provides that the exercise price for such ISO must be at least 110% of the fair market value of a share of Common Stock on the date of grant and the ISO must expire upon the fifth anniversary of the date of its grant. To the extent the aggregate fair market value of stock with respect to which ISOs (determined without regard to the vesting limitations contained in Section 422(d) of the Code) are exercisable for the first time by an optionee during any calendar year exceeds \$100,000, such options will be taxed as NQSOs. For this purpose, the fair market value of stock will be determined as of the time the option is granted.

Director Options. Director Options are NQSOs to purchase shares of Common Stock granted to directors of the Company who are not employees of the Company (each, an Independent Director). Director Options will provide for the right to purchase Common Stock at a specified price which may be less than fair market value on the date of grant (but not less than par value). Director Options will become exercisable in cumulative annual installments of 20% on each of the first, second, third, fourth and fifth anniversaries of the date of Option grant, without variation or acceleration; provided, however, the exercisability of Director Options shall be automatically accelerated upon the occurrence of certain specified extraordinary corporate transactions or events. No portion of a Director Option shall be exercisable after the sixth anniversary of the date of grant and no portion of a Director Option shall be exercisable upon the expiration of twelve months following termination of such director's services as a director of the Company by reason of permanent and total disability or death, or upon the expiration of three months following termination of such director's services as a director of the Company by reason other than of permanent and total disability or death, unless the Optionee dies within such three month period.

Subject to approval of the Equity Plan by the Company's stockholders, during the term of the Equity Plan, each person who is an Independent Director as of the date of the adoption by the Board of the Equity Plan shall be granted a Director Option to purchase 1,000 shares of Common Stock on the date of each annual meeting of stockholders after the date of the adoption by the Board of the Equity Plan at which the Independent Director is reelected to the Board. Subject to approval of the Equity Plan by the Company's stockholders, during the term of the Equity Plan, each person who is initially elected to the Board after the date of the adoption by the Board of the Equity Plan and who is an

Independent Director as of the date of such initial election automatically shall be granted (i) a Director Option to purchase 3,000 shares of Common Stock on the date of such initial election and (ii) a Director Option to purchase 1,000 shares of Common Stock on the date of each annual meeting of stockholders after such initial election at which the Independent Director is reelected to the Board. Members of the Board who are employees of the Company who subsequently retire from the Company and remain on the Board will not receive an initial Director Option grant pursuant to clause (i) of the preceding sentence, but to the extent that they are otherwise eligible, will receive, after retirement from employment with the Company, Director Options as described in clause (ii) of the preceding sentence. In addition, the provisions of the 1998 Plan and 2001 Plan, which entitle non-employee directors to receive initial grants of non-qualified stock options to purchase 3,000 shares of Common Stock upon becoming directors of the Company and additional grants of options to purchase 1,000 shares of Common Stock on the date of each annual meeting of stockholders at which the director is re-elected to the Board, shall be terminated upon approval of the Equity Plan by the Company's stockholders at the Annual Meeting.

In addition to the automatically granted Director Options described in the preceding paragraph, the Board may from time to time, subject to applicable limitations of the Plan, grant additional Director Options which shall be NQSOs with such terms and conditions as may be determined by the Board in its absolute discretion.

Restricted Stock. The Committee is authorized to determine (i) which key employees and consultants of the Company or any subsidiary should be issued restricted stock, (ii) the number of shares of restricted stock to be issued to such key employees and consultants and (iii) the terms and conditions applicable to such restricted stock, consistent with the Equity Plan. Restricted stock issued under the Equity Plan is subject to such restrictions as the Committee may provide in the terms of each individual restricted stock agreement, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment with the Company, Company performance and individual performance; *provided, however*, that the

28

Committee may remove any or all of such restrictions after issuance of the restricted stock. Restricted stock typically may be repurchased by the Company at the original purchase price if the conditions or restrictions are not met and in the event of the grantee's termination of employment or consultancy, although the Committee may make exceptions, based on the reason for termination or on other factors. In general, restricted stock may not be sold, or otherwise transferred or hypothecated, until restrictions are removed or expire, and with respect to persons subject to Section 16 of the Exchange Act, in no event until at least six months and one day have elapsed from the date on which the restricted stock was issued.

Deferred Stock. Deferred stock may be awarded to participants, typically without payment of consideration, but subject to vesting conditions based on continued employment or on performance criteria established by the Committee. Like restricted stock, deferred stock may not be sold, or otherwise transferred or hypothecated, until vesting conditions are removed or expire. Unlike restricted stock, deferred stock will not be issued until the deferred stock award has vested, and recipients of deferred stock generally will have no voting or dividend rights prior to the time when vesting conditions are satisfied.

SARs. The Committee may grant SARs having terms and conditions consistent with the Equity Plan to employees or consultants in connection with Options or other awards, or separately. SARs granted by the Committee in connection with Options entitle the optionee to surrender unexercised to the Company a portion of the Option to which the SAR relates in exchange for an amount determined by multiplying (i) the difference obtained by subtracting the Option purchase price from the fair market value of a share of Common Stock on the date of exercise of the SAR by (ii) the number of shares of Common Stock with respect to which the SAR has been exercised. SARs granted by the Committee independent of Options granted under the Equity Plan entitle to grantee to exercise all or a specified portion of the SAR (at the exercise price per share of Common Stock subject to such SAR set by the Committee) in exchange for an amount determined by multiplying (i) the difference obtained by subtracting the SAR purchase price from the fair market value of a share of Common Stock on the date of exercise of the SAR by (ii) the number of shares of Common Stock with respect to which the SAR has been exercised. The amounts determined above may be paid by the grantee of an SAR in cash, in Common Stock (based on its fair market value as of the date the SAR is exercised) or a combination of both, as determined by the Committee.

Except as required by Section 162(m) of the Code with respect to an SAR intended to qualify as performance-based compensation as described in Section 162(m) of the Code, there are no restrictions specified in the Equity Plan on the exercise of SARs or the amount of gain realizable therefrom, although restrictions may be imposed by the Committee in the SAR agreements. The Committee may elect to pay SARs in cash or in Common Stock or in a combination of both. Generally, an SAR which is unrelated to an Option granted under the Equity Plan will not be exercisable during the first six months after such SAR is granted if the grantee is then subject to Section 16 of the Exchange Act.

Dividend Equivalents. The Committee may grant dividend equivalents to any key employee or consultant selected by the Committee based on the dividends declared on Common Stock during the period between the date an Option, SAR, deferred stock or performance award is granted, and the date such Option, SAR, deferred stock or performance award is exercised, vests or expires, as determined by the Committee.

Edgar Filing: PRICESMART INC - Form DEF 14A

With respect to dividend equivalents granted with respect to Options intended to be qualified performance-based compensation for purposes of Section 162(m) of the Code, such dividend equivalents will be payable regardless of whether such Option is exercised.

Performance Awards. The Committee may grant performance awards to any key employee or consultant selected by the Committee. Generally, these Awards will be based upon specific performance targets and may be paid in cash or in Common Stock or in a combination of both. Performance awards may include phantom stock awards that provide for payments based upon increases in the price of the Company's Common Stock over a predetermined period. Performance awards may also include bonuses which may be granted by the Committee on an individual or group basis and which may be payable in cash or in Common Stock or in a combination of both, as determined by the Committee.

Stock Payments. The Committee may grant stock payments to any key employee or consultant of the Company in the form of shares of Common Stock or an Option or other right to purchase Common Stock as part of

29

a deferred compensation arrangement in lieu of all or any part of compensation, including bonuses, that would otherwise be payable in cash to the key employee or consultant.

Stock Purchase Rights. The Committee may grant to any employee, Independent Director or consultant the right to purchase shares of Common Stock under the Equity Plan (Stock Purchase Rights) from time to time, in such amounts and subject to such terms and conditions as the Committee may determine, and, at the discretion of the Committee, such determinations may include determining categories of employees and the number of shares to be made available to employees in each such category. The Committee shall determine the purchase price for Common Stock purchased pursuant to Stock Purchase Rights granted under the Equity Plan; provided, that the purchase price for shares of Common Stock purchased pursuant to any Stock Purchase Right granted under the Equity Plan shall be no less than the fair market value of the such Common Stock as of the date of purchase.

An employee, Independent Director or consultant whom the Committee has granted a Stock Purchase Right may only purchase such Common Stock while he or she is an employee, Independent Director or consultant. In addition, an employee, Independent Director or consultant may only purchase Common Stock pursuant to a Stock Purchase Right upon delivery of all of the following to the Secretary of the Company or his office (i) written notice complying with the applicable rules established by the Committee stating the number of shares of Common Stock to be purchased; (ii) such representations and documents as the Committee, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act and any other federal or state securities laws or regulations; and (iii) full cash payment to the Secretary of the Company for the shares being purchased. However, the Committee may in its discretion allow payment, in whole or in part, through the delivery of a full recourse, limited recourse or non-recourse (as determined by the Committee) promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under the Code) and payable upon such terms as may be prescribed by the Committee or the Board. The Committee may prescribe the form of such promissory note and the security to be given for such note. However, Common Stock may not be purchased pursuant to a Stock Purchase Right by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law or by any agreement to which the Company is a party.

Agreements; Consideration to the Company. Each Award will be set forth in a separate agreement with the person receiving the Award and will indicate the type, terms and conditions of the Award. The dates on which options or other Awards under the Equity Plan first become exercisable and on which they expire will be set forth in individual Award agreements setting forth the terms of the Awards. Such agreements generally will provide that options and other Awards expire upon termination of the participant's status as an employee, consultant or director, although the Committee may provide that options or other Awards granted to employees or consultants continue to be exercisable following a termination without cause, or following a change in control of the Company (as defined in the Equity Plan), or because of the grantee's retirement, death, disability or otherwise.

In consideration of the granting of an option, SAR or other Award under the Equity Plan, the employee, consultant or non-employee director to whom such option, SAR or other Award is granted will agree, in such agreement, to remain in the employ or (or to consult for or to serve as a non-employee director of, as applicable) the Company or any subsidiary for a period of at least six months (or such shorter period as may be fixed in the agreement or by action of the Committee, or the Board of Directors with respect to Director Options, following the grant of the option, SAR or other Award) after the option, SAR or other Award is granted. Nothing in the Equity Plan or in any such agreement will confer upon any optionee any right to continue in the employ of, or as a consultant for, or as a director of the Company or any subsidiary, or will interfere with or restrict in any way the rights of the Company or any subsidiary to discharge any optionee at any time for any reason whatsoever, with or without cause.

General Terms of Awards under the Equity Plan

Non-Assignability. No option, SAR or other Award granted under the Equity Plan may be assigned or transferred by the grantee, except by will, the laws of descent and distributions or pursuant to a qualified domestic relations order, although the shares underlying such Awards may be transferred if all applicable restrictions have lapsed. During the lifetime of the holder of any option or right, the option or right may be exercised only by the holder.

Adjustments upon Change in Capitalization. The Committee (or the Board of Directors with respect to Director Options) has the discretion to make appropriate adjustments in the number and kind of securities subject to the Equity Plan and to outstanding awards thereunder to reflect dividends or other distributions; a recapitalization, reclassification, stock split, reverse stock split, or reorganization, merger or consolidation of the Company; the split-up, spin-off, combination, repurchase, liquidation or dissolution of the Company; or disposition of all or substantially all of the assets of the Company or exchange of Common Stock or other securities of the Company; or other similar corporate transaction or event (an extraordinary corporate event).

Extraordinary Corporate Events. The Committee (or the Board of Directors with respect to Director Options) has discretion under the Equity Plan to provide that options and other rights to acquire Common Stock will expire at specified times following, or become exercisable in full upon, the occurrence of certain specified extraordinary corporate events; but in such event the Committee (or the Board of Directors with respect to Director Options) may also give optionees and other grantees the right to exercise their outstanding options or rights in full during some period prior to such event, even though the options or other Awards have not yet become fully exercisable, and the Committee (or the Board of Directors with respect to Director Options) may also provide that all restrictions imposed on some or all shares of restricted stock and/or deferred stock shall lapse, and some or all shares of restricted stock may cease to be subject to the Company's right to repurchase after such event.

Effect of Corporate Transaction/Change in Control. Notwithstanding anything in the Equity Plan or the provisions of any Award to the contrary, in the event of a Change in Control or a Corporate Transaction (each as defined in the Equity Plan), each outstanding Award shall, immediately prior to the effective date of the Change in Control or Corporate Transaction, automatically become fully vested, exercisable or payable, as applicable, for all of the shares of Common Stock at the time subject to such Award and, as applicable, may be exercised for any or all of the shares of Common Stock subject to the Award.

For purposes of the Equity Plan, Corporate Transaction means any of the following stockholder-approved transactions to which the Company is a party: (a) a merger or consolidation in which the Company is not the surviving entity, except for a transaction the principal purpose of which is to change the state in which the Company is incorporated, form a holding company or effect a similar reorganization pursuant to which the Equity Plan and all Awards are assumed by the successor entity; (b) the sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company, in complete liquidation or dissolution of the Company; or (c) any reverse merger in which the Company is the surviving entity but in which securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities are transferred or issued to a person or persons different from those who held such securities immediately prior to such merger.

For purposes of the Equity Plan, Change in Control means a change in ownership or control of the Company effected through either of the following transactions: (a) any person or related group of persons (other than the Company or a person that directly or indirectly controls, is controlled by, or is under common control with, the Company) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer made directly to the Company's stockholders which the Board of Directors of the Company does not recommend such stockholders to accept; or (b) there is a change in the composition of the Board over a period of thirty-six (36) consecutive months (or less) such that a majority of the Board members (rounded up to the nearest whole number) ceases, by reason of one or more proxy contests for the election of Board members, to be comprised of individuals who either (i) have been Board members continuously since the beginning of such period or (ii) have been elected or nominated for election as Board members during such period by at least a majority of the Board members described in clause (i) who were still in office at the time such election or nomination was approved by the Board.

Transfer Restrictions. The Committee (or the Board of Directors with respect to Director Options), in its discretion, may impose such restrictions on the transferability of the shares purchasable upon the exercise of an option as it deems appropriate. Any such other restriction shall be set forth in the respective stock option agreement and may be referred to on the certificates evidencing such shares. The Committee may require the employee to give the Company prompt notice of any disposition of shares of stock, acquired by exercise of an ISO, within two years from the date of granting such option or one year after the transfer of such shares to such employee. The Committee

may direct that the certificates evidencing shares acquired by exercise of an ISO refer to such requirement to give prompt notice of disposition.

Loans to Plan Participants. The Equity Plan specifies that the Company may make loans to participants to enable them to exercise options, purchase shares or realize the benefits of other Awards granted under the Equity Plan to the extent permitted by applicable law. The terms and conditions of such loans, if any are made, are to be set by the Committee (or the Board of Directors with respect to Director Options).

Withholding Tax Obligations. As a condition to the issuance or delivery of stock or payment of other compensation pursuant to the exercise or lapse of restrictions of any option or other Award granted under the Equity Plan, the Company requires participants to discharge applicable withholding tax obligations. Shares held by or to be issued to a participant may also be used to discharge tax withholding obligations related to exercise of options or receipt of other Awards, subject to the discretion of the Committee to disapprove such use. In addition, the Committee may grant to employees a cash bonus in the amount of any tax related to awards.

Securities Law

The Equity Plan is intended to conform to the extent necessary with all provisions of the Securities Act and the Exchange Act, and any and all regulations and rules promulgated by the Securities and Exchange Commission thereunder, including without limitation Rule 16b-3. The Equity Plan will be administered, and options will be granted and may be exercised, only in such a manner as to conform to such laws, rules and regulations. To the extent permitted by applicable law, the Equity Plan and options granted thereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

Certain Federal Income Tax Consequences With Respect to the Equity Plan

The U.S. federal income tax consequences of the Equity Plan are summarized in the following discussion which deals with the general tax principles applicable to the Equity Plan, and is intended for general information only. Foreign, state and local income taxes are not discussed. Also, the following discussion does not address U.S. federal employment tax consequences. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The tax information summarized is not tax advice.

Non-Qualified Stock Options. For federal income tax purposes, an optionee generally will not recognize taxable income on the grant of an NQSO under the Equity Plan, but will recognize ordinary income, and the Company generally will be entitled to a deduction, upon the exercise of an NQSO. The amount of income recognized (and the amount generally deductible by the Company or other employer corporation) generally will be equal to the excess, if any, of the fair market value of the shares at the time of exercise over the aggregate exercise price paid for the shares, regardless of whether the exercise price is paid in cash or in shares or other property. An optionee's basis for the stock for purposes of determining his or her gain or loss upon a subsequent disposition of the shares generally will be the fair market value of the stock on the date of exercise of the NQSO, and any subsequent gain or loss will generally be taxable as capital gains or losses.

Incentive Stock Options. An optionee generally will not recognize taxable income upon either the grant or exercise of an ISO; however, the amount by which the fair market value of the shares at the time of exercise exceeds the exercise price will be an item of adjustment for the optionee for purposes of the alternative minimum tax. Generally, upon the sale or other taxable disposition of the shares of the Common Stock acquired upon exercise of an ISO, the optionee will recognize income taxable as capital gains in an amount equal to the excess, if any, of the amount realized in such disposition over the option exercise price, provided that no disposition of the shares has taken place within either (a) two years from the date of grant of the ISO or (b) one year from the date of exercise. If the shares of Common Stock are sold or otherwise disposed of before the end of the one-year and two-year periods specified above, the difference between the ISO exercise price and the fair market value of the shares on the date of exercise generally will be taxable as ordinary income; the balance of the amount realized from such disposition, if any, generally will be taxed as capital gain. If the shares of Common Stock are disposed of before the expiration of the one-year and two-year periods and the amount realized is less than the fair market value of the shares at the date of exercise, the optionee's ordinary income generally is limited to excess, if any, of the amount realized in such disposition over the option exercise price paid. The Company (or other employer corporation) generally will be

entitled to a tax deduction with respect to an ISO only to the extent the optionee has ordinary income upon sale or other disposition of the shares of Common Stock. The federal income tax consequences of the exercise of an ISO or a NQSO through delivery of a non-recourse or partial recourse promissory note are described below, under the heading **Stock Purchase Rights**.

Edgar Filing: PRICESMART INC - Form DEF 14A

Stock Appreciation Rights. No taxable income is generally recognized upon the receipt of an SAR, but upon exercise of the SAR the fair market value of the shares (or cash in lieu of shares) received generally will be taxable as ordinary income to the recipient in the year of such exercise. The Company (or other employer corporation) generally will be entitled to a compensation deduction for the same amount which the recipient recognizes as ordinary income.

Restricted Stock and Deferred Stock. An employee to whom restricted or deferred stock is issued generally will not recognize taxable income upon such issuance and the Company (or other employer corporation) generally will not then be entitled to a deduction, unless, in the case of restricted stock, an election is made under Section 83(b) of the Code. However, when restrictions on shares of restricted stock lapse, such that the shares are no longer subject to a substantial risk of forfeiture, the employee generally will recognize ordinary income and the Company (or other employer corporation) generally will be entitled to a deduction for an amount equal to the excess of the fair market value of the shares at the date such restrictions lapse over the purchase price therefor. The federal income tax consequences of the purchase of restricted stock through delivery of a non-recourse or partial recourse promissory note are described below, under the heading *Stock Purchase Rights*. Similarly, when deferred stock vests and is issued to the employee, the employee generally will recognize ordinary income and the Company (or other employer corporation) generally will be entitled to a deduction for the amount equal to the fair market value of the shares at the date of issuance. If a timely election is made under Section 83(b) with respect to qualifying restricted stock, the employee generally will recognize ordinary income at the date of issuance equal to the excess, if any, of the fair market value of the shares at that date over the purchase price therefor and the Company (or other employer corporation) will be entitled to a deduction for the same amount. The Code does not permit a Section 83(b) election to be made with respect to deferred stock.

Dividend Equivalents. A recipient of a dividend equivalent award generally will not recognize taxable income at the time of grant, and the Company will not be entitled to a deduction at that time. When cash or shares are paid under a dividend equivalent, the participant generally will recognize ordinary income, and the Company (or other employer corporation) will be entitled to a corresponding deduction, in an amount equal to the fair market value of the shares or the cash paid.

Performance Awards. A participant who has been granted a performance award generally will not recognize taxable income at the time of grant, and the Company (or other employer corporation) will not be entitled to a deduction at that time. When an award is paid, whether in cash or Common Stock, the participant generally will recognize ordinary income, and the Company (or other employer corporation) will be entitled to a corresponding deduction, in an amount equal to the fair market value of the shares or the cash paid.

Stock Payments. A participant who receives a stock payment in lieu of a cash payment that would otherwise have been made will generally be taxed as if the cash payment has been received, and the Company (or other employer corporation) generally will be entitled to a deduction for the same amount.

Stock Purchase Rights. A recipient of a Stock Purchase Right will not recognize taxable income at the time of grant, and the Company (or other employer corporation) will not be entitled to a deduction at that time. Upon the purchase of Common Stock pursuant to a Stock Purchase Right by delivery of a fully recourse promissory note or for cash, the purchaser will recognize ordinary income at the date of purchase equal to the excess, if any, of the fair market value of the Common Stock purchased over the purchase price therefor and the Company (or other employer corporation) will be entitled to a deduction for the same amount.

The federal income tax consequences of the purchase of Common Stock pursuant to a Stock Purchase Right by delivery of a non-recourse or partially recourse promissory note are less clear. Regulations promulgated under Section 83 provide that if the purchase price for property transferred in connection with the performance of services is an amount paid by indebtedness secured by the property on which there is no personal liability to pay all or a substantial part of such indebtedness, such a transaction may be treated for federal income tax purposes in the

same manner as a grant of a stock option. In such event, the purchase of Common Stock pursuant to a Stock Purchase Right would be taxable in accordance with the rules described above under the heading *Non-Qualified Stock Options*, with the option being treated as being exercised at the time of payment by the purchaser of any non-recourse portion of the promissory note. A purchaser of Common Stock pursuant to a Stock Purchase Right by delivery of a non-recourse or partially recourse promissory note may not be eligible to make an election under Section 83(b) with respect to the Common Stock purchased.

Section 162(m) Limitation. In general, under Section 162(m) of the Code (Section 162(m)), income tax deductions of publicly held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises, transfers of property and benefits paid under non-qualified plans) for certain executive officers exceeds \$1 million (less the amount of any excess parachute payments as defined in Section 280G of the Code) in any one year. However, under Section 162(m), the deduction limit does not apply to certain performance-based compensation.

Edgar Filing: PRICESMART INC - Form DEF 14A

Under Section 162(m), stock options and SARs will satisfy the performance-based compensation exception if the Equity Plan is approved by stockholders at the Meeting, the award of the options or SARs are made by a committee of the Board of Directors consisting solely of two or more outside directors, the plan sets the maximum number of shares that can be granted to any person within a specified period and the compensation is based solely on an increase in the stock price after the grant date (*i.e.*, the option or SAR exercise price is equal to or greater than the fair market value of the stock subject to the award on the grant date). Other types of awards may only qualify as performance-based compensation if such awards are only granted or payable to the recipients based upon the attainment of objectively determinable and pre-established performance goals which are established by a qualifying committee and which relate to performance targets which are approved by the corporation's stockholders.

The Equity Plan has been designed to permit the Committee to grant stock options and SARs which will qualify as performance-based compensation. In addition, to permit Awards other than stock options and SARs to qualify as performance-based compensation, the Equity Plan provides that the Committee may designate as Section 162(m) Participants certain employees whose compensation for a given fiscal year may be subject to the limit on deductible compensation imposed by Section 162(m) of the Code. The Committee may grant awards to Section 162(m) Participants that vest or become exercisable upon the attainment of performance targets which are related to one or more of the following performance goals: (i) net income either before or after taxes, (ii) market share, (iii) customer satisfaction, (iv) profits, (v) share price, (vi) earnings per share, (vii) total stockholder return, (viii) return on assets, (ix) return on equity, (x) operating income, (xi) return on capital or investments, or (xii) economic value added (including, but not limited to, any or all of such measures in comparison to the Company's competitors, the industry, or some other comparator group).

The Committee, in its absolute discretion, shall determine the effect of all matters and questions relating to Termination of Employment, including, but not by way of limitation, the question of whether a Termination of Employment resulted from a discharge for good cause, and all questions of whether a particular leave of absence constitutes a Termination of Employment; provided, however, that, with respect to Incentive Stock Options, unless otherwise determined by the Committee in its discretion, a leave of absence, change in status from an employee to an independent contractor or other change in the employee-employer relationship shall constitute a Termination of Employment if, and to the extent that, such leave of absence, change in status or other change interrupts employment for the purposes of Section 422(a)(2) of the Code and the then

A-4

applicable regulations and revenue rulings under said Section. Notwithstanding any other provision of the Plan, the Company or any Subsidiary has an absolute and unrestricted right to terminate an Employee's employment at any time for any reason whatsoever, with or without cause, except to the extent expressly provided otherwise in writing.

2.1 Shares Subject to Plan.

(a) The shares of stock subject to Awards or purchase under Article X shall be Common Stock. The aggregate number of such shares which may be issued upon exercise of Options or rights or Awards under the Plan or upon the purchase of Common Stock pursuant to Article X, shall not exceed 250,000. The shares of Common Stock issuable upon purchase, exercise of Options or rights, or upon any such Awards may be either previously authorized but unissued shares or treasury shares.

(b) The maximum number of shares which may be subject to Awards granted under the Plan to any individual or which may be purchased by such individual pursuant to Article X in any fiscal year shall not exceed the Award Limit. To the extent required by Section 162(m) of the Code, shares subject to Options which are canceled continue to be counted against the Award Limit and if, after grant of an Option, the price of shares subject to such Option is reduced, the transaction is treated as a cancellation of the Option and a grant of a new Option and both the Option deemed to be canceled and the Option deemed to be granted are counted against the Award Limit. Furthermore, to the extent required by Section 162(m) of the Code, if, after grant of a Stock Appreciation Right, the base amount on which stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock, the transaction is treated as a cancellation of the Stock Appreciation Right and a grant of a new Stock Appreciation Right and both the Stock Appreciation Right deemed to be canceled and the Stock Appreciation Right deemed to be granted are counted against the Award Limit.

2.2 Add-back of Options and Other Rights. If any Option, or other right to acquire shares of Common Stock under any other Award under the Plan, expires or is canceled without having been fully exercised, or is exercised in whole or in part for cash as permitted by the Plan, the number of shares subject to such Option or other right but as to which such Option or other right was not exercised prior to its expiration, cancellation or exercise may again be optioned, granted or awarded hereunder, subject to the limitations of Section 2.1. Furthermore, any shares

subject to Awards which are adjusted pursuant to Section 12.3 and become exercisable with respect to shares of stock of another corporation shall be considered canceled and may again be optioned, granted or awarded hereunder, subject to the limitations of Section 2.1. Shares of Common Stock which are delivered by the Holder or withheld by the Company upon the exercise of any Award under the Plan, in payment of the exercise price thereof or tax withholding thereon, may again be optioned, granted or awarded hereunder, subject to the limitations of Section 2.1. If any share of Restricted Stock is forfeited by the Holder or repurchased by the Company pursuant to Section 7.5 hereof, such share may again be optioned, granted or awarded hereunder, subject to the limitations of Section 2.1. Notwithstanding the provisions of this Section 2.2, no shares of Common Stock may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code.

III. GRANTING OF AWARDS

3.1 Award Agreement. Each Award shall be evidenced by an Award Agreement. Award Agreements evidencing Awards intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code. Award Agreements evidencing Incentive Stock Options shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 422 of the Code.

A-5

3.2 Provisions Applicable to Section 162(m) Participants.

(a) The Committee, in its discretion, may determine whether an Award is to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code.

(b) Notwithstanding anything in the Plan to the contrary, the Committee may grant any Award to a Section 162(m) Participant, including Restricted Stock the restrictions with respect to which lapse upon the attainment of performance goals which are related to one or more of the Performance Criteria and any performance or incentive award described in Article VIII that vests or becomes exercisable or payable upon the attainment of performance goals which are related to one or more of the Performance Criteria.

(c) To the extent necessary to comply with the performance-based compensation requirements of Section 162(m)(4)(C) of the Code, with respect to any Award granted under Articles VII and VIII which may be granted to one or more Section 162(m) Participants, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Section 162(m) of the Code), the Committee shall, in writing, (i) designate one or more Section 162(m) Participants, (ii) select the Performance Criteria applicable to the fiscal year or other designated fiscal period or period of service, (iii) establish the various performance targets, in terms of an objective formula or standard, and amounts of such Awards, as applicable, which may be earned for such fiscal year or other designated fiscal period or period of service and (iv) specify the relationship between Performance Criteria and the performance targets and the amounts of such Awards, as applicable, to be earned by each Section 162(m) Participant for such fiscal year or other designated fiscal period or period of service. Following the completion of each fiscal year or other designated fiscal period or period of service, the Committee shall certify in writing whether the applicable performance targets have been achieved for such fiscal year or other designated fiscal period or period of service. In determining the amount earned by a Section 162(m) Participant, the Committee shall have the right to reduce (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the fiscal year or other designated fiscal period or period of service.

3.3 Consideration. In consideration of the granting of an Award under the Plan, the Holder shall agree, in the Award Agreement, to remain in the employ of (or to consult for or to serve as an Independent Director of, as applicable) the Company or any Subsidiary for a period of at least six months (or such shorter period as may be fixed in the Award Agreement or by action of the Administrator following grant of the Award) after the Award is granted (or, in the case of an Independent Director, until the next annual meeting of stockholders of the Company).

3.4 At-Will Employment. Nothing in the Plan or in any Award Agreement hereunder shall confer upon any Holder any right to continue in the employ of, or as a consultant for, the Company or any Subsidiary, or as a director of the Company, or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Holder at any time for any reason whatsoever, with or without cause, except to the extent expressly provided otherwise in a written employment agreement between the Holder and the Company and any Subsidiary.

**IV.
GRANTING OF OPTIONS TO EMPLOYEES,
CONSULTANTS AND INDEPENDENT DIRECTORS**

4.1 Eligibility. Any Employee or consultant selected by the Committee pursuant to Section 4.4(a)(i) shall be eligible to be granted an Option. Each Independent Director of the Company shall be eligible to be granted Options at the times and in the manner set forth in Section 4.5.

4.2 Disqualification for Stock Ownership. No person may be granted an Incentive Stock Option under the Plan if such person, at the time the Incentive Stock Option is granted, owns stock possessing more

A-6

than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any then existing Subsidiary or parent corporation (within the meaning of Section 422 of the Code) unless such Incentive Stock Option conforms to the applicable provisions of Section 422 of the Code.

4.3 Qualification of Incentive Stock Options. No Incentive Stock Option shall be granted to any person who is not an Employee.

4.4 Granting of Options to Employees and Consultants.

(a) The Committee shall from time to time, in its absolute discretion, and subject to applicable limitations of the Plan:

(i) Determine which Employees or consultants (including Employees or consultants who have previously received Awards under the Plan) should be granted Options;

(ii) Subject to the Award Limit, determine the number of shares to be subject to such Options granted to the selected Employees or consultants;

(iii) Subject to Section 4.3, determine whether such Options are to be Incentive Stock Options or Non-Qualified Stock Options and whether such Options are to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code; and

(iv) Determine the terms and conditions of such Options, consistent with the Plan; provided, however, that the terms and conditions of Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall include, but not be limited to, such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code.

(b) Upon the selection of an Employee or consultant to be granted an Option, the Committee shall instruct the Secretary of the Company to issue the Option and may impose such conditions on the grant of the Option as it deems appropriate. Without limiting the generality of the preceding sentence, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition on the grant of an Option to an Employee or consultant that the Employee or consultant surrender for cancellation some or all of the unexercised Options, any other Award or other rights which have been previously granted to him or her under the Plan or otherwise. An Option, the grant of which is conditioned upon such surrender, may have an Option price lower (or higher) than the exercise price of such surrendered Option or other award, may cover the same (or a lesser or greater) number of shares as such surrendered Option or other award, may contain such other terms as the Committee deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price, exercise period or any other term or condition of such surrendered Option or other award.

(c) Any Incentive Stock Option granted under the Plan may be modified by the Committee, with the consent of the Optionee, to disqualify such Option from treatment as an incentive stock option under Section 422 of the Code.

4.5 Granting of Options to Independent Directors.

(a) Subject to stockholder approval of the Plan in accordance with Section 12.5, during the term of the Plan, each person who is an Independent Director as of the date of the adoption by the Board of the Plan shall be granted an Option to purchase

one thousand (1,000) shares of Common Stock (subject to adjustment as provided in Section 12.3) on the date of each annual meeting of stockholders after the date of the adoption by the Board of the Plan at which the Independent Director is reelected to the Board. Subject to stockholder approval of the Plan in accordance with Section 12.5, during the term of the Plan, each person who is initially elected to the Board after the date of the adoption by the Board of the Plan and who is an Independent Director as of the date of such initial election automatically shall be

A-7

granted (i) an Option to purchase three thousand (3,000) shares of Common Stock (subject to adjustment as provided in Section 12.3) on the date of such initial election and (ii) an Option to purchase one thousand (1,000) shares of Common Stock (subject to adjustment as provided in Section 12.3) on the date of each annual meeting of stockholders after such initial election at which the Independent Director is reelected to the Board. Members of the Board who are employees of the Company who subsequently retire from the Company and remain on the Board will not receive an initial Option grant pursuant to clause (i) of the preceding sentence, but to the extent that they are otherwise eligible, will receive, after retirement from employment with the Company, Options as described in clause (ii) of the preceding sentence.

(b) In addition to the options granted pursuant to Section 4.5(a), during the term of the Plan, the Board may from time to time, in its absolute discretion, and subject to applicable limitations of the Plan:

(i) Select from among the Independent Directors (including Independent Directors who have previously received Options under the Plan) such of them as in its opinion should be granted Options;

(ii) Subject to the Award Limit, determine the number of shares to be subject to such Options granted to the selected Independent Directors; and

(iii) Subject to the provisions of Article V, determine the terms and conditions of such Options, consistent with the Plan.

4.6 Granting of Options Upon Stock Purchases. The Committee may provide that upon the purchase of Common Stock by an Employee or consultant pursuant to Article X, an Option shall automatically be granted to such Employee or consultant which shall cover a number of shares and be subject to such terms and conditions as shall be determined by the Committee in its discretion.

V.

TERMS OF OPTIONS

5.1 Option Price. The price per share of the shares subject to each Option granted to Employees and consultants shall be set by the Committee; provided, however, that such price shall be no less than the par value of a share of Common Stock, unless otherwise permitted by applicable state law, and (i) in the case of Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code, such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted; (ii) in the case of Incentive Stock Options such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted (or the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code); (iii) in the case of Incentive Stock Options granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of Section 422 of the Code), such price shall not be less than 110% of the Fair Market Value of a share of Common Stock on the date the Option is granted (or the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code).

5.2 Option Term. The term of an Option granted to an Employee or consultant shall be set by the Committee in its discretion; provided, however, that, in the case of Incentive Stock Options, the term shall not be more than ten (10) years from the date the Incentive Stock Option is granted, or five (5) years from such date if the Incentive Stock Option is granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of Section 422 of the Code). Except as limited by requirements of Section 422 of the Code and regulations and rulings thereunder applicable to Incentive Stock Options, the Committee may extend the term of any outstanding Option in connection with any Termination of Employment or Termination of Consultancy of the Optionee, or amend any other term or condition of such Option relating to such a termination.

5.3 Option Vesting.

A-8

(a) The period during which the right to exercise, in whole or in part, an Option granted to an Employee or a consultant vests in the Optionee shall be set by the Committee and the Committee may determine that an Option may not be exercised in whole or in part for a specified period after it is granted ; provided, however, that, unless the Committee otherwise provides in the terms of the Award Agreement or otherwise, no Option shall be exercisable by any Optionee who is then subject to Section 16 of the Exchange Act within the period ending six months and one day after the date the Option is granted. At any time after grant of an Option, the Committee may, in its sole and absolute discretion and subject to whatever terms and conditions it selects, accelerate the period during which an Option granted to an Employee or consultant vests.

(b) No portion of an Option granted to an Employee or consultant which is unexercisable at Termination of Employment or Termination of Consultancy, as applicable, shall thereafter become exercisable, except as may be otherwise provided by the Committee either in the Award Agreement or by action of the Committee following the grant of the Option.

(c) To the extent that the aggregate Fair Market Value of stock with respect to which incentive stock options (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by an Optionee during any calendar year (under the Plan and all other incentive stock option plans of the Company and any parent or subsidiary corporation (within the meaning of Section 422 of the Code) of the Company) exceeds \$100,000, such Options shall be treated as Non-Qualified Stock Options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking Options into account in the order in which they were granted. For purposes of this Section 5.3(c), the Fair Market Value of stock shall be determined as of the time the Option with respect to such stock is granted.

5.4 Terms of Options Granted to Independent Directors. The price per share of the shares subject to each Option granted to Independent Directors shall be set by the Committee; provided, however, that such price shall be no less than the par value of a share of Common Stock, unless otherwise permitted by applicable state law. Subject to Section 6.6, the term of each Option granted to an Independent Director shall be six (6) years from the date the Option is granted, without variation or acceleration hereunder except as provided in Section 12.3(b). Options granted to Independent Directors shall become exercisable in cumulative annual installments of 20% on each of the first, second, third, fourth and fifth anniversaries of the date of Option grant, without variation or acceleration hereunder except as provided in Section 12.3(b). No portion of an Option which is unexercisable at Termination of Directorship shall thereafter become exercisable.

**VI.
EXERCISE OF OPTIONS**

6.1 Partial Exercise. An exercisable Option may be exercised in whole or in part. However, an Option shall not be exercisable with respect to fractional shares and the Administrator may require that, by the terms of the Option, a partial exercise be with respect to a minimum number of shares.

6.2 Manner of Exercise. All or a portion of an exercisable Option shall be deemed exercised upon delivery of all of the following to the Secretary of the Company or his office:

(a) A written notice complying with the applicable rules established by the Administrator stating that the Option, or a portion thereof, is exercised. The notice shall be signed by the Optionee or other person then entitled to exercise the Option or such portion of the Option;

(b) Such representations and documents as the Administrator, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act and any other federal or state securities laws or regulations. The Administrator may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars;

(c) In the event that the Option shall be exercised pursuant to Section 12.1 by any person or persons other than the Optionee, appropriate proof of the right of such person or persons to exercise the Option; and

(d) Full cash payment to the Secretary of the Company for the shares with respect to which the Option, or portion thereof, is exercised. However, the Administrator, may in its discretion (i) allow a delay in payment up to thirty (30) days from the date the Option, or portion thereof, is exercised; (ii) allow payment, in whole or in part, through the delivery of shares of Common Stock which have been owned by the Optionee for at least six months and one day, duly endorsed for transfer to the Company with a Fair Market Value on the date of delivery equal to the aggregate exercise price of the Option or exercised portion thereof; (iii) allow payment, in whole or in part, through the surrender of shares of Common Stock then issuable upon exercise of the Option having a Fair Market Value on the date of Option exercise equal to the aggregate exercise price of the Option or exercised portion thereof; (iv) allow payment, in whole or in part, through the delivery of property of any kind which constitutes good and valuable consideration; (v) allow payment, in whole or in part, through the delivery of a promissory note bearing a market rate of interest (which rate shall also be no less than such rate as shall then preclude the imputation of interest under the Code) and payable upon such terms as may be prescribed by the Committee or the Board; (vi) allow payment, in whole or in part, through the delivery of a notice that the Optionee has placed a market sell order with a broker with respect to shares of Common Stock then issuable upon exercise of the Option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the Option exercise price; or (vii) allow payment through any combination of the consideration provided in the foregoing subparagraphs (ii), (iii), (iv), (v) and (vi). In the case of a promissory note, the Administrator may also prescribe the form of such note and the security to be given for such note. The Option may not be exercised, however, by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law.

6.3 Conditions to Issuance of Stock Certificates. The Company shall not be required to issue or deliver any certificate or certificates for shares of stock purchased upon the exercise of any Option or portion thereof prior to fulfillment of all of the following conditions:

(a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;

(b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Administrator shall, in its absolute discretion, deem necessary or advisable;

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Administrator shall, in its absolute discretion, determine to be necessary or advisable;

(d) The lapse of such reasonable period of time following the exercise of the Option as the Administrator may establish from time to time for reasons of administrative convenience; and

(e) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax, which in the discretion of the Committee or the Board may be in the form of consideration used by the Optionee to pay for such shares under Section 6.2(d).

6.4 Rights as Stockholders/Dividend Equivalents. Optionees shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable upon the exercise of any part of an Option unless and until certificates representing such shares have been issued by the Company to such Optionees. Notwithstanding the foregoing, any Optionee who is an Employee or consultant selected by the Committee may be granted Dividend Equivalents based on the dividends declared on Common Stock, to be credited as of dividend payment dates, during the period between the date an Option is granted, and the date such Option is exercised, vests or expires, as determined by the Committee. Such Dividend Equivalents shall be converted to cash

A-10

or additional shares of Common Stock by such formula and at such time and subject to such limitations as may be determined by the Committee. Dividend Equivalents granted with respect to Options intended to be qualified performance-based compensation for purposes of Section 162(m) of the Code shall be payable, with respect to pre-exercise periods, regardless of whether such Option is subsequently exercised.

6.5 Ownership and Transfer Restrictions. The Administrator, in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an Option as it deems appropriate. Any such restriction shall be set forth in the respective Award Agreement and may be referred to on the certificates evidencing such shares. The Committee may require the Employee to

give the Company prompt notice of any disposition of shares of Common Stock acquired by exercise of an Incentive Stock Option within (i) two years from the date of granting (including the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code) such Option to such Employee or (ii) one year after the transfer of such shares to such Employee. The Committee may direct that the certificates evidencing shares acquired by exercise of any such Option refer to such requirement to give prompt notice of disposition.

6.6 Limitations on Exercise of Options Granted to Independent Directors. No Option granted to an Independent Director may be exercised to any extent by anyone after the first to occur of the following events:

- (a) The expiration of twelve (12) months from the date of the Optionee's death;
- (b) the expiration of twelve (12) months from the date of the Optionee's Termination of Directorship by reason of his permanent and total disability (within the meaning of Section 22(e)(3) of the Code);
- (c) the expiration of three (3) months from the date of the Optionee's Termination of Directorship for any reason other than such Optionee's death or his permanent and total disability, unless the Optionee dies within said three-month period; or
- (d) The expiration of ten (10) years from the date the Option was granted.

6.7 Additional Limitations on Exercise of Options. Optionees may be required to comply with any timing or other restrictions with respect to the settlement or exercise of an Option, including a window-period limitation, as may be imposed in the discretion of the Administrator.

VII. AWARD OF RESTRICTED STOCK

7.1 Eligibility. Subject to the Award Limit, Restricted Stock may be awarded to any Employee who the Committee determines is a key Employee or any consultant who the Committee determines should receive such an Award.

7.2 Award of Restricted Stock.

- (a) The Committee may from time to time, in its absolute discretion:
 - (i) Determine which Employees are key Employees and select from among the key Employees or consultants (including Employees or consultants who have previously received other awards under the Plan) such of them as in its opinion should be awarded Restricted Stock; and
 - (ii) Determine the purchase price, if any, and other terms and conditions applicable to such Restricted Stock, consistent with the Plan.
- (b) The Committee shall establish the purchase price, if any, and form of payment for Restricted Stock; provided, however, that such purchase price shall be no less than the par value of the

A-11

Common Stock to be purchased, unless otherwise permitted by applicable state law. In all cases, legal consideration shall be required for each issuance of Restricted Stock.

- (c) Upon the selection of a key Employee or consultant to be awarded Restricted Stock, the Committee shall instruct the Secretary of the Company to issue such Restricted Stock and may impose such conditions on the issuance of such Restricted Stock as it deems appropriate.

7.3 Rights as Stockholders. Subject to Section 7.4, upon delivery of the shares of Restricted Stock to the escrow holder pursuant to Section 7.6, the Restricted Stockholder shall have, unless otherwise provided by the Committee, all the rights of a stockholder with respect to said shares, subject to the restrictions in his Award Agreement, including the right to receive all dividends and other distributions paid or made with respect to the shares; provided, however, that in the discretion of the Committee, any extraordinary distributions with respect to the Common Stock shall be subject to the restrictions set forth in Section 7.4.

7.4 Restriction. All shares of Restricted Stock issued under the Plan (including any shares received by holders thereof with respect to shares of Restricted Stock as a result of stock dividends, stock splits or any other form of recapitalization) shall, in the terms of each individual Award Agreement, be subject to such restrictions as the Committee shall provide, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment with the Company, Company performance and individual performance; provided, however, that, unless the Committee otherwise provides in the terms of the Award Agreement or otherwise, no share of Restricted Stock granted to a person subject to Section 16 of the Exchange Act shall be sold, assigned or otherwise transferred until at least six months and one day have elapsed from the date on which the Restricted Stock was issued, and provided, further, that, except with respect to shares of Restricted Stock granted to Section 162(m) Participants, by action taken after the Restricted Stock is issued, the Committee may, on such terms and conditions as it may determine to be appropriate, remove any or all of the restrictions imposed by the terms of the Award Agreement. Restricted Stock may not be sold or encumbered until all restrictions are terminated or expire. If no consideration was paid by the Restricted Stockholder upon issuance, a Restricted Stockholder's rights in unvested Restricted Stock shall lapse upon Termination of Employment or, if applicable, upon Termination of Consultancy with the Company; provided, however, that the Committee in its sole and absolute discretion may provide that such rights shall not lapse in the event of a Termination of Employment following a change of ownership or control (within the meaning of Treasury Regulation Section 1.162-27(e)(2)(v) or any successor regulation thereto) of the Company or because of the Restricted Stockholder's death or disability; provided, further, except with respect to shares of Restricted Stock granted to Section 162(m) Participants, the Committee in its sole and absolute discretion may provide that no such right of repurchase shall exist in the event of a Termination of Employment, or a Termination of Consultancy, without cause or following any Change in Control of the Company or because of the Restricted Stockholder's retirement, or otherwise.

7.5 Repurchase of Restricted Stock. The Committee shall provide in the terms of each individual Award Agreement that the Company shall have the right to repurchase from the Restricted Stockholder the Restricted Stock then subject to restrictions under the Award Agreement immediately upon a Termination of Employment or, if applicable, upon a Termination of Consultancy between the Restricted Stockholder and the Company, at a cash price per share equal to the price paid by the Restricted Stockholder for such Restricted Stock; provided, however, that the Committee in its sole and absolute discretion may provide that no such right of repurchase shall exist in the event of a Termination of Employment following a change of ownership or control (within the meaning of Treasury Regulation Section 1.162-27(e)(2)(v) or any successor regulation thereto) of the Company or because of the Restricted Stockholder's death or disability; provided, further, that, except with respect to shares of Restricted Stock granted to Section 162(m) Participants, the Committee in its sole and absolute discretion may provide that no such right of repurchase shall exist in the event of a Termination of Employment or a Termination of Consultancy without cause or following any Change in Control of the Company or because of the Restricted Stockholder's retirement, or otherwise.

7.6 Escrow. The Secretary of the Company or such other escrow holder as the Committee may appoint shall retain physical custody of each certificate representing Restricted Stock until all of the restrictions imposed under the Award Agreement with respect to the shares evidenced by such certificate expire or shall have been removed.

A-12

7.7 Legend. In order to enforce the restrictions imposed upon shares of Restricted Stock hereunder, the Committee shall cause a legend or legends to be placed on certificates representing all shares of Restricted Stock that are still subject to restrictions under Award Agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby.

7.8 Section 83(b) Election. If a Restricted Stockholder makes an election under Section 83(b) of the Code, or any successor section thereto, to be taxed with respect to the Restricted Stock as of the date of transfer of the Restricted Stock rather than as of the date or dates upon which the Restricted Stockholder would otherwise be taxable under Section 83(a) of the Code, the Restricted Stockholder shall deliver a copy of such election to the Company immediately after filing such election with the Internal Revenue Service.

VIII. PERFORMANCE AWARDS, DIVIDEND EQUIVALENTS, DEFERRED STOCK, STOCK PAYMENTS

8.1 Eligibility. Subject to the Award Limit, one or more Performance Awards, Dividend Equivalents, awards of Deferred Stock, and/or Stock Payments may be granted to any Employee whom the Committee determines is a key Employee or any consultant whom the Committee determines should receive such an Award.

8.2 Performance Awards. Any key Employee or consultant selected by the Committee may be granted one or more Performance Awards. The value of such Performance Awards may be linked to any one or more of the Performance Criteria or other specific performance criteria determined appropriate by the Committee, in each case on a specified date or dates or over any period or periods determined by the Committee. In making such determinations, the Committee shall consider (among such other factors as it deems relevant in light of the specific type of

award) the contributions, responsibilities and other compensation of the particular key Employee or consultant.

8.3 Dividend Equivalents. Any key Employee or consultant selected by the Committee may be granted Dividend Equivalents based on the dividends declared on Common Stock, to be credited as of dividend payment dates, during the period between the date a Stock Appreciation Right, Deferred Stock or Performance Award is granted, and the date such Stock Appreciation Right, Deferred Stock or Performance Award is exercised, vests or expires, as determined by the Committee. Such Dividend Equivalents shall be converted to cash or additional shares of Common Stock by such formula and at such time and subject to such limitations as may be determined by the Committee.

8.4 Stock Payments. Any key Employee or consultant selected by the Committee may receive Stock Payments in the manner determined from time to time by the Committee. The number of shares shall be determined by the Committee and may be based upon the Performance Criteria or other specific performance criteria determined appropriate by the Committee, determined on the date such Stock Payment is made or on any date thereafter.

8.5 Deferred Stock. Any key Employee or consultant selected by the Committee may be granted an award of Deferred Stock in the manner determined from time to time by the Committee. The number of shares of Deferred Stock shall be determined by the Committee and may be linked to the Performance Criteria or other specific performance criteria determined to be appropriate by the Committee, in each case on a specified date or dates or over any period or periods determined by the Committee. Common Stock underlying a Deferred Stock award will not be issued until the Deferred Stock award has vested, pursuant to a vesting schedule or performance criteria set by the Committee. Unless otherwise provided by the Committee, a Holder of Deferred Stock shall have no rights as a Company stockholder with respect to such Deferred Stock until such time as the Award has vested and the Common Stock underlying the Award has been issued.

8.6 Term. The term of a Performance Award, Dividend Equivalent, award of Deferred Stock and/or Stock Payment shall be set by the Committee in its discretion.

A-13

8.7 Exercise or Purchase Price. The Committee may establish the exercise or purchase price of a Performance Award, shares of Deferred Stock, or shares received as a Stock Payment; provided, however, that such price shall not be less than the par value for a share of Common Stock, unless otherwise permitted by applicable state law.

8.8 Exercise Upon Termination of Employment or Termination of Consultancy. A Performance Award, Dividend Equivalent, award of Deferred Stock and/or Stock Payment is exercisable or payable only while the Holder is an Employee or consultant; provided, however, that the Committee in its sole and absolute discretion may provide that the Performance Award, Dividend Equivalent, award of Deferred Stock and/or Stock Payment may be exercised or paid subsequent to a Termination of Employment following a change of control or ownership (within the meaning of Section 1.162-27(e)(2)(v) or any successor regulation thereto) of the Company; provided, further, that except with respect to Performance Awards granted to Section 162(m) Participants, the Committee in its sole and absolute discretion may provide that the Performance Awards may be exercised or paid following a Termination of Employment or a Termination of Consultancy without cause, or following a Change in Control of the Company, or because of the Grantee's retirement, death or disability, or otherwise.

8.9 Form of Payment. Payment of the amount determined under Section 8.2 or 8.3 above shall be in cash, in Common Stock or a combination of both, as determined by the Committee. To the extent any payment under this Article VIII is effected in Common Stock, it shall be made subject to satisfaction of all provisions of Section 6.3.

IX.

STOCK APPRECIATION RIGHTS

9.1 Grant of Stock Appreciation Rights. A Stock Appreciation Right may be granted to any key Employee or consultant selected by the Committee. A Stock Appreciation Right may be granted (a) in connection and simultaneously with the grant of an Option, (b) with respect to a previously granted Option, or (c) independent of an Option. A Stock Appreciation Right shall be subject to such terms and conditions not inconsistent with the Plan as the Committee shall impose and shall be evidenced by an Award Agreement. Without limiting the generality of the foregoing, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition of the grant of a Stock Appreciation Right to an Employee or consultant that the Employee or consultant surrender for cancellation some or all of the unexercised Options, awards of Restricted Stock or Deferred Stock, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments, or other rights which have been previously granted to him or her under the Plan or otherwise. A Stock Appreciation Right, the grant of which is conditioned upon such surrender, may have an exercise price lower (or higher) than the exercise price of the surrendered Option or other award, may cover the same (or a lesser or greater) number of shares as such surrendered Option or other award, may contain such other terms as the Committee deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price,

exercise period or any other term or condition of such surrendered Option or other award.

9.2 Coupled Stock Appreciation Rights.

(a) A Coupled Stock Appreciation Right (CSAR) shall be related to a particular Option and shall be exercisable only when and to the extent the related Option is exercisable.

(b) A CSAR may be granted to the Grantee for no more than the number of shares subject to the simultaneously or previously granted Option to which it is coupled.

(c) A CSAR shall entitle the Grantee (or other person entitled to exercise the Option pursuant to the Plan) to surrender to the Company unexercised a portion of the Option to which the CSAR relates (to the extent then exercisable pursuant to its terms) and to receive from the Company in exchange therefor an amount determined by multiplying the difference obtained by subtracting the Option exercise price from the Fair Market Value of a share of Common Stock on the date of exercise of the CSAR by the number of shares of Common Stock with respect to which the CSAR shall have been exercised, subject to any limitations the Committee may impose.

A-14

9.3 Independent Stock Appreciation Rights.

(a) An Independent Stock Appreciation Right (ISAR) shall be unrelated to any Option and shall have a term set by the Committee. An ISAR shall be exercisable in such installments as the Committee may determine. An ISAR shall cover such number of shares of Common Stock as the Committee may determine; provided, however, that unless the Committee otherwise provides in the terms of the ISAR or otherwise, no ISAR granted to a person subject to Section 16 of the Exchange Act shall be exercisable until at least six months have elapsed from (but excluding) the date on which the Option was granted. The exercise price per share of Common Stock subject to each ISAR shall be set by the Committee. An ISAR is exercisable only while the Grantee is an Employee or consultant; provided that the Committee may determine that the ISAR may be exercised subsequent to Termination of Employment or Termination of Consultancy without cause, or following a Change in Control of the Company, or because of the Grantee's retirement, death or disability, or otherwise.

(b) An ISAR shall entitle the Grantee (or other person entitled to exercise the ISAR pursuant to the Plan) to exercise all or a specified portion of the ISAR (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount determined by multiplying the difference obtained by subtracting the exercise price per share of the ISAR from the Fair Market Value of a share of Common Stock on the date of exercise of the ISAR by the number of shares of Common Stock with respect to which the ISAR shall have been exercised, subject to any limitations the Committee may impose.

9.4 Payment and Limitations on Exercise.

(a) Payment of the amount determined under Section 9.2(c) and 9.3(b) above shall be in cash, in Common Stock (based on its Fair Market Value as of the date the Stock Appreciation Right is exercised) or a combination of both, as determined by the Committee. To the extent such payment is effected in Common Stock it shall be made subject to satisfaction of all provisions of Section 6.3 above pertaining to Options.

(b) Grantees of Stock Appreciation Rights may be required to comply with any timing or other restrictions with respect to the settlement or exercise of a Stock Appreciation Right, including a window-period limitation, as may be imposed in the discretion of the Committee.

X.

STOCK PURCHASES

10.1 Eligibility to Purchase Common Stock. The Committee may grant to any Employee, Independent Director or consultant the right to purchase Common Stock under this Plan from time to time, in such amounts and subject to such terms and conditions as the Committee may determine, and, at the discretion of the Committee, such determinations may include determining categories of employees and the number of shares to be made available to employees in each such category; provided, however, that the total number of shares granted in an action taken by category must be readily determinable. The Committee shall determine the purchase price for such Common Stock; provided, however, that the

Edgar Filing: PRICESMART INC - Form DEF 14A

purchase price for Common Stock purchased under this Article X shall be no less than the Fair Market Value of such Common Stock as of the date of purchase.

10.2 Termination of Employment, Termination of Consultancy or Termination of Directorship. An Employee, Independent Director or consultant whom the Committee has granted the right to purchase Common Stock under this Article X may only purchase such Common Stock while he or she is an Employee, Independent Director or consultant.

10.3 Form of Payment. An eligible Employee, Independent Director or consultant may purchase Common Stock pursuant to this Article X only upon delivery of all of the following to the Secretary of the Company or his office:

A-15

(a) Written notice complying with the applicable rules established by the Administrator stating the number of shares of Common Stock to be purchased;

(b) Such representations and documents as the Administrator, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act and any other federal or state securities laws or regulations. The Administrator may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars; and

(c) Full cash payment to the Secretary of the Company for the shares being purchased. However, the Administrator may in its discretion allow payment, in whole or in part, through the delivery of a full recourse, limited recourse or non-recourse (as determined by the Committee) promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under the Code) and payable upon such terms as may be prescribed by the Committee or the Board. The Administrator may prescribe the form of such promissory note and the security to be given for such note. Notwithstanding the foregoing, however, Common Stock may not be purchased under this Article X by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law.

10.4 Conditions to Issuance of Stock Certificates. The Company shall not be required to issue or deliver any certificate or certificates for shares of Common Stock purchased under this Article X prior to fulfillment of all of the following conditions:

(a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;

(b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Administrator shall, in its absolute discretion, deem necessary or advisable;

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Administrator shall, in its absolute discretion, determine to be necessary or advisable; and

(d) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax, which in the discretion of the Committee or the Board may be in the form of consideration used by the Employee or consultant to pay for such shares under Section 10.3(c).

10.5 Rights as Stockholders/ Dividend Equivalents. An Employee, Independent Director or consultant who is granted the right to purchase Common Stock under this Article X shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable pursuant to such right unless and until certificates representing such shares have been issued by the Company to such Employee, Independent Director or consultant.

10.6 Stockholder Approval Requirements. All rights to purchase Common Stock pursuant to this Article X are subject to stockholder approval of the Plan. If such stockholder approval is not obtained within twelve months after the date of the Board's initial adoption of the Plan, then all Common Stock purchased by any Employee, Independent Director or consultant pursuant to this Article X shall be returned to the Company, all consideration paid to the Company shall be returned to the Employee, Independent Director or consultant and all such purchases shall be canceled and be null and void *ab initio*.

10.7 Section 83(b) Election. If an Employee, Independent Director or consultant makes an election under Section 83(b) of the Code, or any successor section thereto, to be taxed with respect to the Common

A-16

Stock purchased pursuant to this Article X as of the date of transfer of such Common Stock rather than as of the date or dates upon which such Employee, Independent Director or consultant would otherwise be taxable under Section 83(a) of the Code, he or she shall deliver a copy of such election to the Company immediately after filing such election with the Internal Revenue Service.

XI. ADMINISTRATION

11.1 Committee. The Committee shall consist solely of two or more Independent Directors appointed by and holding office at the pleasure of the Board, each of whom is both a non-employee director as defined by Rule 16b-3 and an outside director for purposes of Section 162(m) of the Code. Appointment of Committee members shall be effective upon acceptance of appointment. Committee members may resign at any time by delivering written notice to the Board. Vacancies in the Committee may be filled by the Board.

11.2 Duties and Powers of Committee. It shall be the duty of the Committee to conduct the general administration of the Plan in accordance with its provisions. The Committee shall have the power to interpret the Plan and the agreements pursuant to which Awards are granted or awarded, and to adopt such rules for the administration, interpretation, and application of the Plan as are consistent therewith and to interpret, amend or revoke any such rules. Notwithstanding the foregoing, the full Board, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to Options granted to Independent Directors. Any such grant or award under the Plan need not be the same with respect to each Holder. Any such interpretations and rules with respect to Incentive Stock Options shall be consistent with the provisions of Section 422 of the Code. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under the Plan except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee.

11.3 Majority Rule; Unanimous Written Consent. The Committee shall act by a majority of its members in attendance at a meeting at which a quorum is present or by a memorandum or other written instrument signed by all members of the Committee.

11.4 Compensation; Professional Assistance; Good Faith Actions. Members of the Committee shall receive such compensation, if any, for their services as members as may be determined by the Board. All expenses and liabilities which members of the Committee incur in connection with the administration of the Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers, or other persons. The Committee, the Company and the Company's officers and Directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee or the Board in good faith shall be final and binding upon all Holders, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or Awards, and all members of the Committee and the Board shall be fully protected by the Company in respect of any such action, determination or interpretation.

XII. MISCELLANEOUS PROVISIONS

12.1 Not Transferable.

(a) No Award under the Plan may be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent and distribution or, subject to the consent of the Administrator, pursuant to a QDRO, unless and until such Award has been exercised, or the shares underlying such Award have been issued, and all restrictions applicable to such shares have lapsed. No Option, Restricted Stock award, Deferred Stock award, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment or interest or right therein shall be liable for the debts, contracts or engagements of the Holder or his successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other

A-17

legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect, except to the extent that such disposition is permitted by the preceding sentence.

(b) During the lifetime of the Holder, only he or she may exercise an Option or other Award (or any portion thereof) granted to him or her under the Plan, unless it has been disposed of pursuant to a QDRO. After the death of the Holder, any exercisable portion of an Option or other Award may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Award Agreement, be exercised by his personal representative or by any person empowered to do so under the deceased Holder's will or under the then applicable laws of descent and distribution.

12.2 Amendment, Suspension or Termination of the Plan. Except as otherwise provided in this Section 12.2, the Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board or the Committee. However, without approval of the Company's stockholders given within twelve months before or after the action by the Board or the Committee, no action of the Board or the Committee may, except as provided in Section 12.3, increase the limits imposed in Section 2.1 on the maximum number of shares which may be issued under the Plan. No amendment, suspension or termination of the Plan shall, without the consent of the Holder alter or impair any rights or obligations under any Award theretofore granted or awarded, unless the Award itself otherwise expressly so provides. No Awards may be granted or awarded during any period of suspension or after termination of the Plan, and in no event may any Incentive Stock Option be granted under the Plan after the first to occur of the following events:

- (a) The expiration of ten years from the date the Plan is adopted by the Board; or
- (b) The expiration of ten years from the date the Plan is approved by the Company's stockholders under Section 12.5.

12.3 Changes in Common Stock or Assets of the Company, Acquisition or Liquidation of the Company, Change in Control and Other Corporate Events.

(a) Subject to Section 12.3(d), in the event that the Administrator determines that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property), recapitalization, reclassification, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company (including, but not limited to, a Corporate Transaction), or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company, or other similar corporate transaction or event, affects the Common Stock such that an adjustment is determined by the Administrator to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Award, then the Administrator shall, in such manner as it may deem equitable, adjust any or all of

(i) the number and kind of shares of Common Stock (or other securities or property) with respect to which Awards may be granted or awarded or which may be purchased pursuant to Article X (including, but not limited to, adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued and adjustments of the Award Limit),

(ii) the number and kind of shares of Common Stock (or other securities or property) which may be purchased pursuant to Article X or which are subject to outstanding Options, Performance Awards, Stock Appreciation Rights, Dividend Equivalents, or Stock Payments, and the number and kind of shares of outstanding Restricted Stock or Deferred Stock, and

(iii) the grant, exercise price or purchase price with respect to any Award or Common Stock which is purchasable pursuant to Article X.

(b) Subject to Sections 12.3(b)(vii) and 12.3(d), in the event of any Corporate Transaction or other transaction or event described in Section 12.3(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations, or

Edgar Filing: PRICESMART INC - Form DEF 14A

accounting principles, the Administrator, in its sole and absolute discretion, and on such terms and conditions as it deems appropriate, either by the terms of the Award or by action taken prior to the occurrence of such transaction or event and either automatically or upon the Holder's request, is hereby authorized to take any one or more of the following actions whenever the Administrator determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any Award under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) To provide for either the purchase of any such Award for an amount of cash equal to the amount that could have been attained upon the exercise of such Award or realization of the Holder's rights had such Award been currently exercisable or payable or fully vested or the replacement of such Award with other rights or property selected by the Administrator in its sole discretion;

(ii) To provide that the Award cannot vest, be exercised or become payable after such event;

(iii) To provide that such Award shall be exercisable as to all shares covered thereby, notwithstanding anything to the contrary in (A) Section 5.3 or (B) the provisions of such Award;

(iv) To provide that such Award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;

(v) To make adjustments in the number and type of shares of Common Stock (or other securities or property) subject to outstanding Awards, and in the number and kind of outstanding Restricted Stock or Deferred Stock and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding options, rights and awards and options, rights and awards which may be granted in the future; and

(vi) To provide that, for a specified period of time prior to such event, the restrictions imposed under an Award Agreement upon some or all shares of Restricted Stock or Deferred Stock may be terminated, and in the case of Restricted Stock, some or all shares of such Restricted Stock may cease to be subject to repurchase under Section 7.5 or forfeiture under Section 7.4 after such event.

(vii) None of the foregoing discretionary actions taken under this Section 12.3(b) shall be permitted with respect to Options granted under Section 4.5 to Independent Directors to the extent that such discretion would be inconsistent with the applicable exemptive conditions of Rule 16b-3. In the event of a Corporate Transaction, to the extent that the Board does not have the ability under Rule 16b-3 to take or to refrain from taking the discretionary actions set forth in Section 12.3(b)(ii) above, no Option granted to an Independent Director may be exercised following such Corporate Transaction unless such Option is, in connection with such Corporate Transaction, either assumed by the successor or survivor corporation (or parent or subsidiary thereof) or replaced with a comparable right with respect to shares of the capital stock of the successor or survivor corporation (or parent or subsidiary thereof).

(c) Subject to Section 12.3(d) and 12.8, the Administrator may, in its discretion, include such further provisions and limitations in any Award, agreement or certificate, as it may deem equitable and in the best interests of the Company.

A-19

(d) With respect to Awards described in Article VII or VIII which are granted to Section 162(m) Participants and are intended to qualify as performance-based compensation under Section 162(m)(4)(C), no adjustment or action described in this Section 12.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause such Award to fail to so qualify under Section 162(m)(4)(C), or any successor provisions thereto. No adjustment or action described in this Section 12.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause the Plan to violate Section 422(b)(1) of the Code. Furthermore, no such adjustment or action shall be authorized to the extent such adjustment or action would result in short-swing profits liability under Section 16 or violate the exemptive conditions of Rule 16b-3 unless the Administrator determines that the Award is not to comply with such exemptive conditions. The number of shares of Common Stock subject to any Award shall always be rounded to

the next whole number.

12.4 Effect of Corporate Transaction/Change in Control. Notwithstanding anything in this Plan or the provisions of any Award to the contrary, in the event of a Change in Control or a Corporate Transaction, each outstanding Award shall, immediately prior to the effective date of the Change in Control or Corporate Transaction, automatically become fully vested, exercisable or payable, as applicable, for all of the shares of Common Stock at the time subject to such Award and, as applicable, may be exercised for any or all of those shares as fully-vested shares of Common Stock.

12.5 Approval of Plan by Stockholders. The Plan will be submitted for the approval of the Company's stockholders within twelve months after the date of the Board's initial adoption of the Plan. Awards and rights to purchase Common Stock pursuant to Article X may be granted or awarded prior to such stockholder approval, provided that (i) such Awards shall not be exercisable nor shall such Awards vest prior to the time when the Plan is approved by the stockholders; (ii) if such approval has not been obtained at the end of said twelve-month period, all Awards previously granted or awarded under the Plan shall thereupon be canceled and become null and void; and (iii) all rights to purchase Common Stock granted pursuant to Article X shall be subject to cancellation as provided in Section 10.6. In addition, if the Board determines that Awards other than Options or Stock Appreciation Rights which may be granted to Section 162(m) Participants should continue to be eligible to qualify as performance-based compensation under Section 162(m)(4)(C) of the Code, the Performance Criteria must be disclosed to and approved by the Company's stockholders no later than the first stockholder meeting that occurs in the fifth year following the year in which the Company's stockholders previously approved the Performance Criteria.

12.6 Tax Withholding. The Company shall be entitled to require payment in cash or deduction from other compensation payable to each Holder of any sums required by federal, state or local tax law to be withheld with respect to the issuance, vesting, exercise or payment of any Award. The Administrator may in its discretion and in satisfaction of the foregoing requirement allow such Holder to elect to have the Company withhold shares of Common Stock otherwise issuable under such Award (or allow the return of shares of Common Stock) having a Fair Market Value equal to the sums required to be withheld.

12.7 Loans. The Committee may, in its discretion, extend one or more loans to Employees in connection with the exercise or receipt of an Award granted or awarded under the Plan, or the issuance of Restricted Stock or Deferred Stock awarded under the Plan. The terms and conditions of any such loan shall be set by the Committee; provided that no such loan shall bear interest at less than a market rate of interest. Notwithstanding the foregoing, however, no loan shall be extended to an Employee in connection with the exercise or receipt of an Award granted or awarded under the Plan, or the issuance of Restricted Stock or Deferred Stock awarded under the Plan, when or where such loan or other extension of credit is prohibited by law.

12.8 Forfeiture Provisions. Pursuant to its general authority to determine the terms and conditions applicable to Awards under the Plan, the Administrator shall have the right (to the extent consistent with the applicable exemptive conditions of Rule 16b-3) to provide, in the terms of Awards made under the Plan, or to require a Holder to agree by separate written instrument, that (a) (i) any proceeds, gains or other economic benefit actually or constructively received by the Holder upon any receipt or exercise of the Award, or upon the receipt or resale of any Common Stock underlying the Award, must be paid to the Company, and (ii) the Award shall terminate and any unexercised portion of the Award (whether or not vested) shall be forfeited, if (b)(i) a Termination of Employment, Termination of Consultancy or Termination of Directorship occurs prior to a specified date, or within a specified time period following receipt or exercise of the Award, or (ii) the Holder at any time, or during a

A-20

specified time period, engages in any activity in competition with the Company, or which is inimical, contrary or harmful to the interests of the Company, as further defined by the Administrator or the Holder incurs a Termination of Employment, Termination of Consultancy or Termination of Directorship for cause.

12.9 Limitations Applicable to Section 16 Persons and Performance-Based Compensation. Notwithstanding any other provision of the Plan, the Plan, and any Award granted or awarded to any individual who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 of the Exchange Act) that are requirements for the application of such exemptive rule. To the extent permitted by applicable law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule. Furthermore, notwithstanding any other provision of the Plan or any Award described in Article VII or VIII which is granted to a Section 162(m) Participant and is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

Edgar Filing: PRICESMART INC - Form DEF 14A

12.10 Effect of Plan Upon Options and Compensation Plans. The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company or any Subsidiary. Nothing in the Plan shall be construed to limit the right of the Company (a) to establish any other forms of incentives or compensation for Employees, Directors or consultants of the Company or any Subsidiary or (b) to grant or assume options or other rights or awards otherwise than under the Plan in connection with any proper corporate purpose including but not by way of limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, limited liability company, firm or association.

12.11 Compliance with Laws. The Plan, the granting and vesting of Awards under the Plan and the issuance and delivery of shares of Common Stock and the payment of money under the Plan or under Awards granted or awarded hereunder are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under the Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all applicable legal requirements. To the extent permitted by applicable law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

12.12 Titles. Titles are provided herein for convenience only and are not to serve as a basis for interpretation or construction of the Plan.

12.13 Governing Law. The Plan and any agreements hereunder shall be administered, interpreted and enforced under the internal laws of the State of Delaware without regard to conflicts of laws thereof.
