Dear Sohu.com Stockholders:

You are cordially invited to attend Sohu.com Inc.'s Annual Meeting of Stockholders to be held at our office at Level 12, Sohu.com Internet Plaza, No. 1 Unit, Zhongguancun East Road, Haidian District, Beijing 100084, People's Republic of China, on Friday, June 14, 2013 at 10:00 A.M., Beijing time.

This year we are again using the U.S. Securities and Exchange Commission (the "SEC") rules that allow companies to furnish proxy materials to their stockholders primarily over the Internet. We believe that providing our proxy materials over the Internet increases the ability of our stockholders to connect with the information they need, while reducing the cost and environmental impact of our Annual Meeting. On or about May 3, 2013, we will mail our stockholders a notice containing instructions on how to access our 2013 Proxy Statement and 2012 Annual Report to Stockholders. The notice also will include instructions on how to receive a paper copy of the annual meeting materials, including the notice of annual meeting, proxy statement and proxy card. If you receive your annual meeting materials by mail, the notice of annual meeting, proxy statement and proxy card will be enclosed. If you receive your annual meeting materials via e-mail, the e-mail contains links to the annual report and the proxy statement on the Internet which are both available at <http://www.edocumentview.com/SOHU>.

At this year's Annual Meeting, we are asking stockholders to (i) elect four directors, who shall serve for a two-year term or until their earlier death, resignation or removal; (ii) vote on advisory approval of our executive compensation; and (iii) ratify the appointment of PricewaterhouseCoopers Zhong Tian CPAs Limited Company (to be succeeded by PricewaterhouseCoopers Zhong Tian LLP) as our independent auditors. The Board of Directors recommends that you vote FOR the election of the director nominees, FOR the advisory resolution approving our executive compensation, and FOR the ratification of PricewaterhouseCoopers Zhong Tian CPAs Limited Company (to be succeeded by PricewaterhouseCoopers Zhong Tian LLP) as our independent auditors. Please refer to the Proxy Statement for detailed information on each of the proposals and the Annual Meeting.

Every stockholder's vote is important to us. Whether or not you expect to attend the meeting in person, we urge you to submit your proxy as soon as possible. You may vote over the Internet, by telephone or, if you ask for and receive paper copies of the proxy materials, by mail.

We look forward to seeing those of you who are able to attend the meeting in person.

Sincerely,

Charles Zhang
Chief Executive Officer

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD on June 14, 2013
10:00 A.M. BEIJING TIME

PROXY STATEMENT

We are furnishing proxy materials to our stockholders primarily by providing access to the materials on the Internet instead of mailing printed copies. On or about May 3, 2013, we will mail to our stockholders (other than those who had previously requested email delivery) a Notice of Internet Availability containing instructions on how to access our proxy materials, including our proxy statement and our 2012 Annual Report to Stockholders. If you would like to receive a paper copy of our proxy materials, you should follow the instructions in the Notice of Internet Availability for requesting these materials.

This Proxy Statement is furnished to our stockholders in connection with the solicitation by our Board of Directors (our Board) of our proxies for use at our Annual Meeting of Stockholders (the Annual Meeting) to be held at our office located at Level 12, Sohu.com Internet Plaza, No. 1 Unit Zhongguancun East Road, Haidian District, Beijing 100084, People's Republic of China, on Friday, June 14, 2013 at 10:00 A.M., Beijing time, and at any adjournment or postponement thereof.

If proxies are completed and submitted, the shares they represent will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares represented by proxies will be voted as follows:

FOR the election of the nominees for directors named herein;

FOR the advisory resolution approving our executive compensation; and

FOR the ratification of the appointment of PricewaterhouseCoopers Zhong Tian CPAs Limited Company (to be succeeded by PricewaterhouseCoopers Zhong Tian LLP) (PricewaterhouseCoopers) as our independent auditors for the fiscal year ending December 31, 2013.

In addition, if other matters come before the Annual Meeting, the persons named as proxy holders, Dr. Charles Zhang and Ms. Carol Yu, will vote in accordance with their judgment with respect to those matters. You have the power to revoke your proxy at any time prior to its exercise by filing with Ms. Carol Yu, our Co-President and Chief Financial Officer, an instrument revoking it, by submitting an executed proxy bearing a later date prior to or as of the Annual Meeting or by attending the Annual Meeting and voting in person.

Expenses and Solicitation

We will bear the cost of soliciting proxies. Solicitations may be made by mail, personal interview, telephone, email or otherwise by our directors, officers and employees, without additional compensation for such solicitation activities. We have made arrangements with Computershare at 480 Washington Boulevard, 29th Floor, Jersey City, NJ 07310, and Georgeson Inc. at 480 Washington Boulevard, 29th Floor, Jersey City, NJ 07310 to assist with the solicitation of proxies. We are required to request that brokers and nominees who hold stock in their names furnish our proxy materials to the beneficial owners of the stock, and we must reimburse these brokers and nominees for the expenses of doing so in accordance with statutory fee schedules. The estimated cost of soliciting proxies is not expected to exceed \$100,000.

Voting Procedures

Only stockholders of record on our books at the close of business on April 19, 2013, the record date relating to the Annual Meeting, will be entitled to vote at the Annual Meeting and any adjournment or postponement thereof. Each share of our common stock outstanding on the record date will be entitled to one vote on each of the director nominees, one vote on the non-binding resolution on executive compensation, and one vote on the ratification of the appointment of PricewaterhouseCoopers as our independent auditors. Under our Amended and Restated By-laws, the presence in person or by proxy of a majority of the shares of our common stock outstanding on the record date is required for a quorum. Abstentions and broker non-votes are each included for purposes of determining the presence or absence of a sufficient number of shares to constitute a quorum for the transaction of business. With respect to the approval of any particular proposal, abstentions and broker non-votes are not counted in determining the number of votes cast. The election of directors requires a plurality of the votes cast in person or by proxy. The nominees receiving the highest number of affirmative votes of the shares present or represented and voting on the election of the directors at the Annual Meeting will be elected as directors. In voting on the advisory resolution approving our executive compensation, stockholders may vote in favor of the proposal or against the proposal, or abstain from voting. This matter will be decided by the affirmative vote of the holders of a majority of the shares of our common stock that are present in person or by proxy at the Annual Meeting. The result of the advisory vote approving our executive compensation will not be binding on us or our Board. Our Board and Compensation Committee will review the voting result and take it into consideration when making future decisions regarding executive compensation. The ratification of the appointment of PricewaterhouseCoopers as our independent auditors requires the affirmative vote of the holders of a majority of the shares of our common stock that are present in person or by proxy at the Annual Meeting.

As of the close of business on April 19, 2013, there were 38,242,373 shares of our common stock outstanding.

Proposal I. Election of Directors

Our Board is divided into two classes, with each class holding office for a term of two years and the term of one class expiring each year. All directors will hold office until their successors have been duly elected and qualified or until their earlier death, resignation or removal. Our Board has fixed the number of directors to constitute the full Board for the ensuing year at six, four of whom are to be elected at the Annual Meeting for a term expiring at the 2015 Annual Meeting of Stockholders, and two directors whose term will expire at the 2014 Annual Meeting of Stockholders.

Our Board has nominated Dr. Charles Zhang, Mr. Charles Huang, Dr. Dave Qi and Mr. Shi Wang for election to the class of directors to be elected at the Annual Meeting whose term will expire in 2015. Unless you indicate otherwise on your proxy, the proxies received will be voted in favor of the election of Dr. Charles Zhang, Mr. Charles Huang, Dr. Dave Qi and Mr. Shi Wang to serve as directors.

Our Board knows of no reason why any of the nominees would be unable or unwilling to serve, but if that should be the case, proxies will be voted for the election of substitute nominee(s) selected by our Board, or our Board will fix the number of directors at a lesser number. The proxies cannot be voted for a greater number of persons than the number of nominees named in this Proxy Statement. The four nominees receiving a plurality of the votes cast by the stockholders represented at the Annual Meeting, in person or by proxy, will be elected as directors.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF DR. CHARLES ZHANG, MR. CHARLES HUANG, DR. DAVE QI AND MR. SHI WANG.

The table below sets forth certain information with respect to the nominees for election to our Board and those directors whose terms of office will continue after the Annual Meeting. GENERAL INFORMATION RELATING TO OUR BOARD OF DIRECTORS

Our Board of Directors

Our Board held four formal meetings in the fiscal year ended December 31, 2012. In addition to the formal meetings, the Board also acted through email communications, with Board actions by email being ratified at subsequent meetings of the Board. With the exception of Mr. Shi Wang, all members of our Board attended at least 75% of the total number of meetings of our Board and committees thereof upon which they served during 2012. Members of our Board are encouraged, but not required, to attend our annual meetings of stockholders. At our 2012 Annual Meeting of Stockholders, Dr. Charles Zhang was in attendance.

Independence

Our Board has determined that Dr. Edward B. Roberts, Mr. Charles Huang, Dr. Dave Qi, Mr. Shi Wang and Dr. Zhonghan Deng are independent as that term is defined in Rule 5605(a)(2) of the NASDAQ Stock Market LLC (NASDAQ) Listing Rules. In determining independence pursuant to the NASDAQ Listing Rules, our Board affirmatively determined whether such independent directors had any material relationship with us, or any of our subsidiaries, either directly or as a partner, stockholder or officer of an organization that may interfere with the director's ability to exercise independence. Our Board concluded that none of the independent directors had any direct or indirect material relationships with us, or any of our subsidiaries. Our Board considers what it deems to be all relevant facts and circumstances in determining the independence of its members, including whether our directors have any family relationship with any executive officer or any direct or indirect interest in any of our customers or our customer agreements, whether any of our directors have any interests in or ties to any of our competitors, suppliers or strategic business partners and whether our members meet the independence standards set by the SEC and NASDAQ.

Committees of our Board of Directors

Our Board has established a standing Audit Committee, a Compensation Committee and a Nominating Committee.

Audit Committee

The members of our Audit Committee currently are Dr. Dave Qi, Mr. Charles Huang and Dr. Zhonghan Deng, who are each independent as that term is defined in Rule 5605(a)(2) of the NASDAQ Listing Rules. Our Board has determined that Dr. Dave Qi is an Audit Committee financial expert, as that term is defined in Item 407(d)(5) of Regulation S-K. Our Audit Committee oversees our internal audit function and our accounting and financial reporting processes and the audits of our financial statements. Our Audit Committee held four meetings in 2012. In addition to the formal meetings, our Audit Committee also acted through email communications, with Audit Committee actions by email being ratified at subsequent meetings of the Audit Committee. Our Audit Committee and the full Board have adopted a written charter for our Audit Committee. Our Audit Committee appointed PricewaterhouseCoopers to serve as our independent auditors for the fiscal year ended December 31, 2013. The full responsibilities of our Audit Committee are set forth in its charter, which is reviewed and updated annually and approved by our Board, and is posted on our Web site at www.sohu.com (to access the charter, click on the link "About Sohu" at the bottom of the first page, and follow the links through "Investor Relations"). For more information, see "Audit Committee Report."

Compensation Committee

The members of our Compensation Committee currently are Drs. Edward B. Roberts and Dave Qi, who are each independent as that term is defined in Rule 5605(a)(2) of the NASDAQ Listing Rules. Our Compensation Committee acted through e-mail communications among its members, and made recommendations to our Board, on four occasions in 2012. Our Compensation Committee makes recommendations concerning salaries and incentive compensation, administers and approves restricted stock unit, stock option grants and other share-based awards under our equity incentive plans, and otherwise determines compensation levels and performs such other

6

functions regarding compensation as our Board may delegate to our Compensation Committee. Our Compensation Committee does not have a written charter. Our Compensation Committee designed an executive compensation program in order to reward excellent performance and retain talented executive officers through a combination of cash and equity incentive awards. The Compensation Discussion and Analysis below provides additional information regarding the Compensation Committee's determination of named executive officer and director compensation levels and our Compensation Committee's policies and procedures in making such determinations.

Nominating Committee

The members of our Nominating Committee currently are Dr. Edward B. Roberts, Mr. Charles Huang, Dr. Dave Qi, Mr. Shi Wang and Dr. Zhonghan Deng, who are each independent as that term is defined in Rule 5605(a)(2) of the NASDAQ Listing Rules. The purpose of our Nominating Committee is to assist our Board in identifying individuals qualified to become directors under criteria approved by our Board, periodically review director compensation and benefits, recommend to our Board any proposed revisions to our corporate governance guidelines and assist our Board in assessing directors' independence, board effectiveness, continuing education, new director orientation and committee membership. Our Nominating Committee did not hold any meetings in 2012. The full responsibilities of our Nominating Committee are set forth in its charter, which is posted on our Web site at www.sohu.com (to access the charter, click on the link "About Sohu" at the bottom of the first page, and follow the links through "Investor Relations").

It is a policy of our Nominating Committee that candidates for director (i) be determined to have unquestionable integrity and honesty, (ii) have the ability to exercise sound, mature and independent business judgment which is in the best interests of the stockholders as a whole, (iii) have a background and experience in fields which will compliment the talents of the other Board members, (iv) have the willingness and capability to take the time to actively participate in Board and committee meetings and related activities, (v) have the ability to work professionally and effectively with other Board members and our management, (vi) have the ability to remain on our Board long enough to make a meaningful contribution and (vii) have no material relationships with competitors or other third parties that could create a reasonable likelihood of a conflict of interest or other legal issues.

Neither our Nominating Committee nor our Board has a policy with regard to the consideration of diversity when identifying and evaluating proposed director candidates, although both may consider diversity when identifying and evaluating proposed director candidates, and one of the enumerated factors under our Nominating Committee's charter that the committee may consider when identifying potential nominees is the interplay of the candidate's experience with the experience of the other board members. In compiling a list of possible candidates and considering their qualifications, our Nominating Committee makes its own inquiries, solicits input from other directors on our Board and may consult or engage other sources, such as a professional search firm, if it deems appropriate.

Our Nominating Committee will consider director candidates recommended by stockholders provided the stockholders follow the procedures set forth below. There were no material changes to such procedures after we last provided this disclosure. The committee does not intend to alter the manner in which it evaluates candidates, including the criteria set forth above, based on whether the candidate was recommended by a stockholder or otherwise.

Stockholders who wish to recommend individuals for consideration by our Nominating Committee to become nominees for election to our Board at the 2014 Annual Meeting of Stockholders may do so by submitting a written recommendation to the committee, care of Sohu.com Inc., at Level 12, Sohu.com Internet Plaza, No. 1 Unit Zhongguancun East Road, Haidian District, Beijing 100084, People's Republic of China, Attention: Eric Yuan, in accordance with the procedures set forth below in this Proxy Statement under the heading "Deadline for Receipt of Stockholder Proposals." For candidates recommended by stockholders to be considered for election to our Board, the following information concerning each nominee must be timely submitted in accordance with the required procedures:

The candidate's name, age, business address, residence address, principal occupation or employment, the class and number of shares of our capital stock the candidate beneficially owns, a brief description of any direct or indirect relationships with us and other information that would be required in a proxy statement soliciting proxies for the election of the candidate as a director;

A signed consent of the nominee to being named as a nominee, to cooperate with reasonable background checks and personal interviews and to serve as a director, if elected; and

As to the stockholder proposing such nominee, that stockholder's name and address, the class and number of shares of our capital stock the stockholder beneficially owns, a description of all arrangements or understandings between the stockholder and the candidate and any other person or persons (including their names) pursuant to which the recommendation is being made, a list of all other companies that the stockholder has recommended the candidate to for election as a director in that fiscal year, and a representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the person named in its notice.

Board's Leadership Structure

Our Board believes that our Chief Executive Officer is best situated to serve as Chairman, and our lead director, because he is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy, and because he is a very well-known, respected and influential leader of the Internet industry in China. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside our company and industry, while our Chief Executive Officer brings company-specific experience and expertise. Our Board believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and our Board, which are essential to effective governance.

Board's Role in Risk Oversight

Our Board has an active role, as a whole and also at the committee level, in overseeing management of our risks. Our Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. Our Audit Committee oversees management of financial risks. Our Compensation Committee is responsible for overseeing the management of risks relating to our compensation policies and practices as discussed in more detail below under the heading Risk Considerations in our Compensation Policies and Practices. Our Nominating Committee manages risks associated with the independence of our Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, our entire Board is regularly informed through committee reports about such risks.

Given its role in the risk oversight of our company, our Board believes that any leadership structure that it adopts must allow it to effectively oversee the management of the risks relating to our operations. Although there are different leadership structures that could allow our Board to effectively oversee the management of such risks, and while our Board believes its current leadership structure enables it to effectively manage such risks, it was not the primary reason our Board selected its current leadership structure over other potential alternatives. See the discussion under the heading Board's Leadership Structure above for a discussion of why our Board has determined that its current leadership structure is appropriate.

Risk Considerations in our Compensation Policies and Practices

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our company. In addition, our Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

Our Compensation Committee extensively reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

Appropriate weighting of long-term incentive compensation;

goals are appropriately set to avoid targets that, if not achieved, result in a large percentage loss of compensation;

we do not rely on hard targets that can only be evaluated with reference to numerical results, so as to minimize the risk of our executives focusing excessively on short-term results; and

Edgar Filing: SOHU COM INC - Form DEF 14A

we have a limit on the total amount of compensation that can be paid to each executive, which helps reduce the risk of our executives pursuing achievement of short term goals in order to increase compensation.

TRANSACTIONS WITH RELATED PERSONS

Transactions with Vanke Co., Ltd.

Policies and Procedures for Reviewing Transactions with Related Persons

Edgar Filing: SOHU COM INC - Form DEF 14A

We review all relationships and transactions into which we enter to determine whether such relationships and transactions exceed \$120,000 and whether they involve any related persons who have a direct or indirect material interest in such relationships or transactions. The term "related person" has the same meaning as set forth in Item 404(a) of Regulation S-K. We have developed and implemented processes and controls whereby we solicit information from persons identified as related persons through written questionnaires and, based on the information obtained and the facts and circumstances of the relationship, we make a determination as to whether the related person has a direct or indirect material interest in the transaction.

In addition, pursuant to its duties under its written charter, our Audit Committee reviews and approves or ratifies, as the case may be, any related person transactions identified through the process described above. In deciding whether to approve or ratify a related person transaction, our Audit Committee considers the following factors:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the related person and to us;

whether the transaction would impair the judgment of any of our directors or executive officers to act in our best interest;

whether the terms of the transaction are substantially equal to or more favorable to us and no more favorable to the related person than if we had negotiated similar arrangements with non-affiliated third parties; and

any other matters our Audit Committee deems appropriate.

Any member of our Board who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction, provided, however, that such director may be counted in determining the presence of a quorum at a meeting where the transaction is considered.

To our knowledge, for 2012, all transactions with related persons to which we are or were a party have been reviewed under the policies and procedures described above.

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion and analysis of our named executive officer compensation program for the year ended December 31, 2012 detailing what we pay to our named executive officers and how our compensation objectives and policies help achieve our business objectives.

Overview of our Named Executive Officer Compensation Program and Objectives

Our Executive Pay Philosophy

The goal of our named executive officer compensation program is to attract and retain qualified management and create long-term value for our stockholders.

Towards this goal, we have designed and implemented a compensation program for our named executive officers that we believe will:

Attract and retain executives who will significantly contribute to the creation of value for our stockholders;

Pay compensation that is competitive in comparison to that paid by others in our industry;

Effectively make use of our cash and available equity incentives by determining appropriate cash salary and bonus and equity award components in view of each executive's position and responsibility level in our company, individual performance, skills, competency, experience, and contribution to our realization of our performance goals as a company; and

12

Rationally and fairly pay performance-based compensation through a combination of financial performance reviews and non-quantitative evaluations, in order to help ensure transparency in our executive compensation decisions.

Our named executive officer compensation program is composed of the following elements:

Cash compensation, which includes an annual salary and the opportunity to earn an annual performance-based cash bonus;

Equity incentive compensation, in the form of stock options and restricted stock units;

Other benefits, in the form of housing allowances, tax equalization, tuition/training reimbursement and premiums paid for health, life, travel and disability insurance; and

Severance benefits.

Administration and Process

Our executive compensation program is administered by the Compensation Committee of our Board. The Compensation Committee annually reviews the overall compensation of our named executive officers.

Our Human Resources (HR) department engaged the Hay Group as a management compensation consultant to provide recommendations as to our 2012 executive compensation plan, including peer group updates, compensation and performance comparisons, and annual compensation adjustments. Based on the Hay Group's analysis and a database of executive compensation that it assembles and maintains, the Hay Group recommended that we maintain for 2012 executive compensation a mix of base salary, incentive bonuses and equity incentives structured similar to our 2011 compensation packages, with increases in base salaries and maximum bonuses.

When making its recommendations, the Hay Group took into consideration the following factors:

the competitiveness of the total compensation packages for our named executive officers as compared to the total compensation packages for similarly situated named executive officers at peer companies in different markets, including the Chinese market and the U.S. market;

the level of responsibility of our named executive officers; and

the skills, competency, and past work experience of our named executive officers.

Our HR department submitted to our Chief Executive Officer for review a proposal that it had prepared based on the Hay Group's recommendations, and our Chief Executive Officer adjusted the recommendations based on his judgments as to each named executive officer's performance and responsibilities. Our HR department then submitted the revised proposal to the Compensation Committee and made revisions based on comments from the Compensation Committee. The Compensation Committee approved the revised recommendations. The compensation recommendations for our Chief Executive Officer were submitted to our full Board for approval, with our Chief Executive Officer abstaining from the Board's vote.

Considerations in Designing Executive Compensation

Reward Excellent Performance

Each named executive officer's pay level is set to be reflective of his or her management experience and perceived leadership ability, continued high performance and career of service to us. Key elements of our compensation policy that depend upon the named executive officer's performance include:

Base salary. We aim to offer pay at a level that is sufficiently competitive to attract and retain experienced and successful executives. We make adjustments to base salaries with reference to individual performance, contributions to our business, competitive pay levels and comparisons to pay levels to our other executives. The base salary is set to reflect the named executive officer's level of responsibility, expertise, skills, knowledge and experience.

13

Annual cash incentive. We offer an annual cash bonus incentive to encourage and reward contributions to our annual financial performance objectives, strategic objectives and an executive's leadership. The potential award amount varies with the degree to which we achieve our annual financial objectives, the extent to which the executive officer contributes to strategic and operational objectives and his or her individual leadership. The incentive payouts are linked to Sohu's performance, with individual compensation differentiated based on individual performance. The actual total cash compensation (base salary and annual cash incentive) of one of our named executive officers may reach the market 75th percentile under circumstances where Sohu's performance and the named executive officer's performance are both determined to be excellent. For 2012, we set the annual cash bonus's variation range with a maximum ratio of 200%, to encourage our executives to achieve outstanding performance, and to allow their actual total cash compensation to be increasingly attractive in comparison to the market as performance levels increase.

Long-term incentives. Long-term incentives are designed to encourage and reward building long-term stockholder value and to retain our executive officers. We provide a mix of stock options and RSUs, with the Compensation Committee determining the mix and the amounts awarded each year.

Selection of and Analysis of Peer Groups for Competitive Compensation Packages

We requested that the Hay Group identify peer groups, for use for comparison purposes in connection with our named executive officer compensation packages, using such considerations as similar geographical location, industry and size to ours and presence in similar capital markets to ours, including the U.S. and Hong Kong. We indicated that our comparison points and the selection criteria should include:

consideration of pay-for-performance, in order to align compensation with our business objectives and performance;

consideration of the state of the market for executive talent, in order to position Sohu competitively among the companies against which we recruit and compete for talent, in order to enable us to attract, retain, and reward executive officers; and

the availability of relevant data from the companies selected.

Based on these criteria the Hay Group recommended three categories of peer group, consisting of:

Edgar Filing: SOHU COM INC - Form DEF 14A

Peer Group 1: Listed US companies in high-tech/media or related industries

The companies in Peer Group 1, which includes 29 companies, were selected because their shares trade in the same capital market as ours. Because we are generally smaller, but growing faster, than many of the companies in Peer Group 1, we used Peer Group 1 for purposes of making a rough comparison of the types and mix of compensation, and relative pay levels as between our executive officers and different levels of responsibility and title, to such types, mix and relative pay levels prevailing in Peer Group 1 companies, but we do not use them for more specific benchmarking purposes. Peer Group 1 consists of the following companies:

Apple Inc.	NetApp, Inc.
Microsoft Corporation	Adobe Systems Inc.
Google Inc.	Intuit Inc.
Oracle Corporation	Symantec Corporation

Peer Group 2: Companies in the Hay Group Local Top Executives Remuneration Report

We determined that Peer Group 2 had a high correlation to us with respect to company size and provided relevant data. We therefore relied primarily on information from the Peer Group 2 database to determine the base salary and target bonus levels and pay mix for our named executive officers, and benchmarked to Peer Group 2 according to the executive officers' position in our company. We benchmarked base salary to Peer Group 2's 50th percentile. We set the target level for total cash compensation to be no lower than Peer Group 2's 50th percentile, and the maximum possible total cash compensation to be at Peer Group 2's 75th percentile. Peer Group 2 companies include 438 companies. The Hay Group obtains data from these companies subject to agreements of confidentiality, but has authorized us to identify the companies below, which represent a few of the larger and better-known companies included in Peer Group 2, but do not necessarily represent companies that reflect the 50th to 75th percentile in terms of the cash compensation paid to their executives.

Other Considerations

The Compensation Committee also took into consideration the following factors when setting each executive officer's compensation:

Key financial measurements such as revenue, operating profit, earnings per share and operating margins;

Revenue growth percentage compared with selected competitors to indicate our growth or loss in market share;

Promoting commercial excellence by launching new or continuously improving products or services;

Becoming or remaining as a leading market player and attracting and retaining customers and users;

Achieving excellence in the named executive officer's business area of responsibility; and

Supporting our values by promoting a culture of integrity and adherence to our code of conduct.

The mix of compensation elements is designed to reward short-term results and motivate long-term performance through a combination of cash and equity incentive awards. The Compensation Committee seeks to balance compensation elements that are based on financial, operational and strategic metrics with others that are based on subjective judgments of each named executive officer's performance.

Elements of Compensation

General

Our named executive officers' pay is composed of four main components: base salary, annual performance-based cash bonus, long-term equity awards, and benefits. We do not target a specific weighting of these four components or use a prescribed formula to establish pay levels. Rather our Compensation Committee considers changes in our business, external market factors and our financial position each year when determining pay levels and allocating between long-term and short-term compensation for our named executive officers. The Compensation Committee also considers management's business development goals for the year in setting target bonus levels and performance-based milestones.

16

The Hay Group proposed targeting total compensation for each executive officer in the light of (i) data concerning amounts paid by Peer Group 2 companies, targeting the level of total cash compensation to approximately at Peer Group 2's 50th percentile and setting the maximum total cash compensation to be approximately at Peer Group 2's 75th percentile, with the goal of allowing us to be competitive in the market for executive talent, (ii) the individual named executive officer's level of responsibility within our company, with the goal of promoting a sense of fairness among our employees, (iii) performance targets, including annual performance, strategic indicators, and leadership competency, and (iv) changes in the U.S. dollar to Chinese Yuan exchange rate. The Hay Group allocated the recommended targeted total compensation for each executive officer into four components, consisting of (i) base salaries, (ii) targeted annual performance bonuses, which generally are approximately 60% to 80% of base salary, (iii) equity awards, and (iv) allowances, such as housing allowances, ranging from \$38,000 to \$138,000.

We include an equity incentive component as part of our compensation package because we believe equity incentives align the long-term interests of our named executive officers with those of our stockholders. The equity incentive component links an appropriate portion of compensation to stockholder value as the value of granted equity awards increases or decreases in line with any increase or decrease in the market price of our common stock.

The cash and equity components of compensation are supplemented by various other benefits that provide for housing allowances, tax equalization, tuition/training reimbursement, health, life, travel and disability benefits and severance benefits.

The goal of our named executive officer compensation program is to attract and retain qualified management and create long-term value for our stockholders. Towards this goal, we have designed and implemented a compensation program for our named executive officers that we believe will: (i) attract and retain accomplished and high-potential executives; (ii) motivate them to achieve both short-term and long-term corporate goals; (iii) reward them for sustained financial and operating performance and leadership excellence; and (iv) align their interests with those of our stockholders. We believe that each element of our compensation program fulfills one or more of these objectives.

Annual Cash Compensation

Base Salary

We include base salary as part of each named executive officer's compensation package because we believe that it is appropriate that some amount of the named executive officers' compensation be provided in a fixed amount of cash, in order to provide our executive officers with a basic level of annual income security. When deciding upon an appropriate base salary for each named executive officer, the Compensation Committee considers the named executive officer's previous salary, the amounts paid to the named executive officer's peers within the company and the named executive officer's prior performance, and trends in compensation in the Internet and high-tech sectors. Decisions regarding salary increases take similar matters into account.

Edgar Filing: SOHU COM INC - Form DEF 14A

The base salary increases from 2012 to 2011 for our named executive officers were as follows:

Name	2011 Base Salary	2012 Increase		2012 Base Salary Effective January 1, 2012
		Increase Amount	Increase Percentage	
Charles Zhang	\$460,000	\$60,000	13.0%	\$520,000
Carol Yu	\$350,000	\$70,000	20.0%	\$420,000
Belinda Wang	\$340,000	\$60,000	17.6%	\$400,000
Xiaochuan Wang	\$230,000	\$90,000	39.1%	\$320,000

17

The base salaries of our named executive officers were adjusted upward in 2012. In making its recommendations as to these increases in base salary, the Hay Group informed us that it had considered (i) the overall performance of our business, (ii) any increases in the overall volume of our business, (iii) any increases in each executive officer's level of responsibility, (iv) any increases in the market share of our products, and (v) its projections as to increases in the average base salaries of similarly-situated executives in the Chinese market in general. Mr. Xiaochuan Wang's base salary was increased at a significantly higher rate than that of our other named executive officers because during 2012 Mr. Wang acted both as our Chief Technology Officer and as the Chief Executive Officer of Sogou in 2012, and his management responsibilities at Sogou were expected to increase significantly.

2012 Executive Bonus Plan

We use a multidimensional evaluation method, to enhance the link between bonus payout and performance, and to specify the range of our Chief Executive Officer's discretion as to bonuses.

The executive's annual bonus ratio is initially determined based on a financial performance review, with a maximum of 150% and a minimum of 0%, with internal company financial performance weighted at 70% and the relative financial performance of our company weighted at 30%; and

Our Chief Executive Officer has the discretion to increase the range to a top maximum of 200%, and a top minimum of 120% based on our Chief Executive Officer's non-quantitative evaluation based on strategic indicators and competency indicators.

A sliding scale is used whereby no bonus is paid unless the minimum target budget level is achieved.

The sliding scale is as follows:

% attainment	Bonus entitlement before CEO discretion	CEO Discretion range
	< 90%	0 bonus
90 to 100%	90%	50% - 110%
101 to 105%	100%	70 - 130%
106 to 120%	110%	80 - 150%
121% to 140%	120%	100 - 180%

Our 2012 Executive Bonus Plan was intended to establish a direct correlation between the annual cash incentives paid to our named executive officers and our financial and operating performance. We believe that the annual bonus rewards the high-performing officers who drive results in these areas and provides them with an incentive to sustain this performance over a long career with us. Under the plan, the named executive officers were eligible to receive a cash bonus equal to a percentage of their base salaries based on the attainment of certain corporate performance goals which were established at the beginning of the year. Once the overall bonus opportunity is calculated, our Chief Executive Officer, with respect to his direct reports (which include all of the named executive officers other than our Chief Executive Officer himself), or the Compensation Committee, with respect to our Chief Executive Officer, has the discretion to adjust the top bonus opportunity from 150% up to 200% based upon such named executive officer's individual performance during the year.

Our Chief Executive Officer exercised his discretion to increase Ms. Carol Yu's bonus opportunity from 100% to 120%. Dr. Charles Zhang made his decision to increase Ms. Carol Yu's bonus based on his judgment that Ms. Yu had made significant contributions in coaching and training the management teams of Sogou, Sohu Video and Focus.cn real estate Website (Focus), and in planning, structuring and implementing a significant dividend payout by Changyou to its shareholders, including Sohu. Some or all of the following factors are taken into account in deciding individual bonus levels: (i) progress towards achieving specified objectives; (ii) achievement of short-term versus long-term objectives; (iii) comparison between our products and services, and similar products and services of our competitors; (iv) effectiveness of the named executive officer's leadership; and (v) special contributions,

18

if any. Bonus eligibility as a percentage of base salary, after any discretionary adjustment, varied with respect to each named executive officer as set forth below.

Name	2012 Threshold Bonus Opportunity (as a % of base salary)	2012 Targeted Bonus Opportunity (as a % of base salary)	2012 Maximum Bonus Opportunity (as a % of base salary)
Charles Zhang	0%	60%	120%
Carol Yu	0%	60%	120%
Belinda Wang	0%	80%	160%
Xiaochuan Wang	0%	60%	120%

The bonus level for our Chief Executive Officer was determined based on overall corporate performance, including revenue and profit targets and targets for revenue growth in comparison with our peers; the bonus level for our Chief Financial Officer was determined based on overall corporate performance, on the performance of Sogou, Sohu Video, Focus and Changyou, and on targets for revenue growth in comparison with our peers; the bonus level for our Chief Operating Officer was determined based on revenue and profit targets for advertising, auto, wireless, mini-blog, media operations performance and targets for revenue growth in comparison with our peers; and the bonus level for our Chief Technology Officer was determined based on overall corporate performance and on the performance of search, including revenue and profit targets and targets for revenue growth in comparison with our peers.

For 2012, with respect to overall corporate performance results and advertising results, our Compensation Committee selected the following performance objectives:

(i) revenue (weighted 35%), (ii) profit (weighted 35%) and (iii) our revenue growth (weighted 30%), as a percentage, compared with the revenue growth, as a percentage, of peers including SINA Corporation, Baidu, Inc., Qihoo 360 Technology Co. Ltd., Youku Inc., SouFun.com Ltd., Bitauto Inc., and NetEase.com, Inc. With respect to the objectives in (i) and (ii) above, the total bonus opportunity (e.g., with respect to Dr. Charles Zhang, 35% of the overall corporate performance component was tied to our achieving certain levels of revenue and 35% of that component was tied to our achieving certain levels of profit) was subject to a sliding scale, whereby the named executive officer was eligible to receive anywhere from zero to 150% of the bonus component based on the actual performance of our company. With respect to the objective in (iii) above, the total bonus opportunity (e.g., with respect to Dr. Charles Zhang, 30% of the overall corporate performance component) was subject to a sliding scale, whereby the named executive officer was eligible to receive anywhere from 70% to 130% of the bonus component based on our actual performance compared to the performance of our peers.

Our Compensation Committee, in the case of our Chief Executive Officer, and our Chief Executive Officer in the case of our other executive officers, have the discretion to adjust the bonus opportunity downward, but generally do not expect to do so unless the executive officer's performance is deemed to have fallen below expectations. Generally, neither our Compensation Committee nor our Chief Executive Officer establishes in advance specific criteria for adjusting the bonus upward (or downward), but makes an assessment retroactively based on its or his judgment, as the case may be, of the executive officer's having exceeded expectations in his or her area of responsibility.

The Compensation Committee believes that these criteria are consistent with the overall goals and long-term strategic direction that our Board has set for our company and are closely related to or reflective of financial performance, operational improvements, growth and return to stockholders.

In establishing performance goals, our Compensation Committee sets threshold, target and maximum levels of attainment. The target performance levels are based on our performance budget and are intended to reward superior performance relative to our peers taking into consideration the market conditions and industry trends that affect us. The target performance levels for each measure are intended to be reasonably attainable given maximum effort on the part of our named executive officers.

19

Given that our business plan is highly confidential, we do not publicly disclose specific internal revenue or operating income goals. Revealing specific objectives would provide our competitors and other third parties with insights into our confidential planning process and strategies, thereby causing competitive harm. Our performance goals were designed to be aggressive and there was a risk that bonus awards would not be made at all or would be made at less than 100% of the target amounts. The uncertainty in meeting the performance goals helped ensure that the bonus awards made were truly performance-based, consistent with our strategic objectives.

Annual Equity Compensation

Our equity-based compensation program is designed to recognize the scope of the named executive officers' responsibilities, reward demonstrated performance and leadership, motivate future superior performance, align the interests of the named executive officers with the interests of our stockholders and retain the named executive officers through the terms of the awards. The vesting terms of the equity-based compensation require continued service to receive any payout and therefore encourage continuity in our management.

We historically have granted stock options to our named executive officers. Stock options only have value to the extent the price of our common stock on the date of exercise exceeds the exercise price, which is set on the grant date. Thus, stock options are an effective compensation element only if the stock price grows over the term of the award. In this sense, stock options are a motivational tool. Beginning in July 2006, however, we began granting restricted stock units to our named executive officers. Unlike stock options, restricted stock units offer executives the opportunity to receive shares of our common stock on the vesting date.

We believe that restricted stock units are effective in compensating our named executive officers because they will reward and serve to retain named executive officers during times where our stock price remains stable, as there is value to the restricted stock units upon vesting even if the market price of our common stock has not increased since the grant date. The rewards to our named executive officers are even greater if the market price of our common stock has risen, and thus our named executive officers' interests are aligned with those of our stockholders. Further, our practice of granting restricted stock units is consistent with recent trends in China. As a result, we believe that it is necessary to offer restricted stock units to our named executive officers to attract and retain qualified management. Additionally, due to the substantial value restricted stock units provide our named executive officers, we are able to grant the named executive officers fewer restricted stock units than the number of stock options that would have been required to provide the same economic incentive. Finally, grants of both stock options and restricted stock units are expensed under U.S. GAAP. Although each restricted stock unit grant generally results in a higher compensation expense than would an option to purchase one share of common stock at fair market value on the grant date, we have sufficiently reduced the number of restricted stock units that we grant, in comparison to the number of stock options we would otherwise have granted, to cause the overall share-based compensation expense to be lower than it would have been had we granted stock options.

Equity-based compensation was awarded pursuant to our stock incentive plans. Generally, our decisions to make equity-based compensation grants are independent of our cash compensation program decisions. When making any grant, we consider the grant size. To do so, we make certain assumptions about our stock price to determine the value of any proposed grant to a named executive officer. In 2012, we granted to our named executive officers awards of options exercisable for ordinary shares of Fox Video Limited (Sohu Video), the holding entity of our video division, and similarly made assumptions about Sohu Video's future value in determining the number of Sohu Video share options that we would grant. The number of Sohu Video options granted to Ms. Carol Yu was determined in part based on her responsibility for overseeing the overall Sohu Video business, and the number of Sohu Video options granted to Ms. Belinda Wang was determined in part based on her responsibility for overseeing Sohu Video advertising sales. The grant made to Mr. Xiaochuan Wang was made primarily to provide to Mr. Wang with an

added incentive, as the Chief Executive Officer of Sogou, to promote cooperation between Sohu Video and Sogou.

Other Components of Compensation

Our named executive officers receive various other benefits, such as housing allowances, tax equalization, tuition/training reimbursement and health, life, travel and disability insurance. According to the Local Top Executives Remuneration Report provided by Hay Group, we believe that these other benefits are reasonable,

20

competitive (as it is customary for Chinese companies to provide such benefits to their named executive officers) and consistent with our overall compensation program. We further believe that companies within our peer groups in China provide similar benefits to their named executive officers, and we believe that it is necessary to do the same for retention and recruitment purposes.

Both Dr. Charles Zhang and Ms. Carol Yu are provided with a tax equalization benefit under their employment agreements. Dr. Charles Zhang and Ms. Carol Yu only pay 15% of their individual income tax on their employment income, with our company bearing the remaining tax required by law. We believe that providing this benefit to executive officers is customary in China and necessary for us to continue attracting talented individuals.

Severance Benefits

Under Chinese law, we must pay severance to all employees who are Chinese nationals and who are terminated without cause or terminate their employment with us for good reason, or whose employment agreements expire and we do not continue their employment. The severance benefits required to be paid under Chinese law equal the average monthly compensation paid to the terminated employee (including any bonuses or other payments made in the twelve months prior to the employee's termination) multiplied by the number of years the employee has been employed with us, plus an additional month's salary if thirty days' prior notice of such termination is given. However, if the average monthly compensation to be received by the terminated employee exceeds three times the average monthly salary of the employee's local area as determined and published by the local government, such average monthly compensation is capped at three times the average monthly salary of the employee's local area. However, we believe that it is important, for recruitment and retention, to provide certain of our named executive officers with severance benefits beyond those required by Chinese law to help minimize the financial stress in the event of job loss. As a result, we provide additional severance pay and benefits continuation to certain of our named executive officers to help bridge the time until they secure new employment.

With respect to Dr. Charles Zhang, Ms. Belinda Wang and Mr. Xiaochuan Wang, in addition to the severance benefits he or she would be entitled to receive under Chinese law upon a termination without cause or a resignation for good reason, or if we do not continue his or her employment upon expiration of the employment agreement, we are also obligated to pay him or her the monthly housing allowance multiplied by the number of years he or she has been employed by us, the continuation of his or her insurance benefits for the lesser of (i) six months and (ii) the remainder of the term of his or her employment agreement (the severance period), and his or her monthly salary during the severance period. Dr. Charles Zhang, Ms. Belinda Wang and Mr. Xiaochuan Wang would also be entitled to receive a payment of the bonus for the remainder of the year in which he or she was terminated to the extent that the bonus would have been earned had his or her employment continued through the end of such year.

Ms. Carol Yu is not entitled to the severance benefits afforded under Chinese law because she is not a Chinese national. Rather, she is entitled to severance benefits based on her employment agreement with us. With respect to Ms. Carol Yu, if we terminate her without cause or she terminates her employment with us for good reason, we are obligated to pay her during the severance period (1) her monthly base salary in effect on the date of termination, (2) her monthly housing allowance and (3) the continuation of her insurance benefits. She would also be entitled to receive a payment of the bonus for the remainder of the year in which she was terminated to the extent that the bonus would have been earned had Ms. Carol Yu's employment continued through the end of such year.

Compensation for Independent Directors in 2012

Non-management directors' compensation is guided by the following goals: compensation should fairly pay directors for work required in a company of our size and scope; compensation should align directors' interests with the long-term interest of stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand. The compensation of non-management directors in 2012 is described in the narrative following the Director Compensation Table below.

SUMMARY COMPENSATION TABLE

The following table sets forth compensation information for the fiscal years ended December 31, 2012, 2011 and 2010 for our Chief Executive Officer, Chief Financial Officer and our two other most highly compensated executive officers as of December 31, 2012. All of these individuals are collectively referred to as the named executive officers.

The amounts show in the Option Awards and Stock Awards columns do not reflect compensation actually received by the named executive officers. Instead the amounts shown represent the compensation cost recognized as expense for financial reporting purposes, computed in accordance with U.S. GAAP, in respect of awards granted in 2012 and in prior years.

- (1) All 2012 annual cash bonuses paid to our named executive officers are reflected in the non-equity incentive plan compensation column of this table and were earned pursuant to our 2012 Executive Bonus Plan.
- (2) Amount represents only expense recognized with respect to stock awards granted from January 1, 2006 through December 31, 2012. No expense was recognized with respect to option awards because the requisite service periods for the options granted had ended as of the end of 2009.

See Note 16 Sohu.com Inc. Shareholders' Equity in the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 for the relevant assumptions we used to determine the valuation of our option awards and stock awards.

- (3) All compensation earned in 2012 under our 2012 Executive Bonus Plan will be paid on or about April 28, 2013.
- (4) The table below shows the components of this column for 2012, which include housing allowances, tax equalization, premiums paid for health, life, travel and disability insurance, and training fees.

Name	Housing Allowances	Tax Equalization	Health, Life, Travel and Disability Insurance	Training fees	Total

- (5) Amount represents expense recognized with respect to Sogou share option awards. The Sogou share options will become vested and exercisable in four equal installments, with the vesting of each installment subject to achievement of certain performance targets related to Sogou. Amounts in this table apply to the first and second installments, as the performance targets for those installments had been established as of the grant date. Performance targets for vesting purposes had not yet been established as of the grant date for the third and fourth installments. Accordingly, we did not recognize share-based compensation expense in 2012 with respect to those installments.

- (6) Sohu Video share options, exercisable for the purchase of Sohu Video ordinary shares, were granted in 2012 under Sohu Video's 2011 Share Incentive Plan. The broader terms and conditions of the options were neither finalized nor agreed upon with the recipients, the grant date fair values of the awards were not determinable as of the grant date and, accordingly, no share-based compensation expense was recognized for these awards in 2012.

GRANTS OF PLAN-BASED AWARDS

Edgar Filing: SOHU COM INC - Form DEF 14A

The following tables set forth summaries of all grants of plan-based awards, including estimated payouts under our 2012 Executive Bonus Plan, made to our named executive officers during the fiscal year ended December 31, 2012. Equity incentive awards made to our named executive officers in the year ended December 31, 2012 consisted solely of options exercisable for the purchase of Sohu Video ordinary shares.

- (1) The amounts shown represent the range of non-equity incentive bonus opportunities for each named executive officer under our 2012 Executive Bonus Plan. The plan is described in detail under the heading "Compensation Discussion and Analysis" above. Payment of bonuses under our 2012 Executive Bonus Plan will be made on or about April 28, 2013, and actual payments are reflected in the "Summary Compensation Table" in the column entitled "Non-Equity Incentive Plan Compensation."
- (2) Sohu Video share options, exercisable for the purchase of Sohu Video ordinary shares, were granted in 2012 under Sohu Video's 2011 Share Incentive Plan. Vesting of these options will occur in equal annual installments over a four-year period, but vesting for each year will also be subject to the achievement of annual performance milestones related to Sohu Video that our Board will establish in its discretion. As the vesting terms of the options were neither finalized nor agreed upon with the recipients, the grant date fair values of the awards were not determinable as of the grant date.

Executive Employment Agreements

We normally enter into three-year employment agreements with our named executive officers. Under these employment agreements, the named executive officers are generally entitled to (i) annual base salaries; (ii) annual performance-based cash bonus; and (iii) equity incentive compensation, all as represented in the Summary Compensation Table for 2012. The employment agreements may also provide for the following additional benefits for the named executive officers: vacation time, health, life, travel and disability insurance, housing allowances, tuition/training reimbursement and tax equalization.

The employment agreements generally provide for continued employment until termination by either party. We may terminate any of the named executive officers' employment with or without cause at any time. However, if the termination is without cause, we must provide the named executive officer with thirty days' prior notice of termination. If we terminate without cause or a named executive officer terminates his or her employment for good reason (each as defined below under the heading "Potential Payments upon Termination or Change-in-Control"), the named executive officer will be entitled to the following, except as noted below:

payments equal to the named executive officer's monthly base salary (which includes his or her housing allowance) in effect on the date of termination for the shorter of (i) six months and (ii) the remainder of the term of the named executive officer's employment agreement; and

insurance benefits for so long as we are obligated to pay severance.

Notwithstanding the provisions above with respect to our severance obligations, if, under the applicable Chinese law, any portion of the employment agreements is at any time deemed to be in conflict with any applicable statute, rule, regulation or ordinance, such portion will be deemed to be modified or altered to conform to such applicable statute, rule, regulation or ordinance, or, if that is not possible, to be omitted from

such agreement. As such, Chinese law will be applied if, at the time of such determination, the severance benefits provided under Chinese

law are greater than those which the named executive officer would be entitled to receive under his or her employment agreement.

In addition, if we terminate a named executive officer's employment without cause and the termination is within the one-year period following a change-in-control (as defined below under the heading "Potential Payments Upon Termination or Change-in-Control") of us, except as noted below, all of the named executive officer's stock options and other stock awards will become immediately exercisable.

Also, if we terminate a named executive officer's employment agreement without cause, if a named executive officer terminates his or her employment agreement for good reason or if a named executive officer dies or becomes disabled, the named executive officer will be entitled to receive the bonus to which he or she would have been entitled had he or she continued to be employed through the end of the then current year.

The employment agreements also require the named executive officers to enter into agreements providing for (i) assignment of intellectual property, (ii) confidential treatment of our proprietary information and (iii) during the term of their employment and for the following year, (a) non-solicitation of our employees, contractors, customers, suppliers and partners and (b) non-competition with us.

If a named executive officer violates the confidentiality, non-solicitation, non-competition and assignment of intellectual property agreement after the termination of his or her employment:

the named executive officer will not be entitled to any further payments from us;

any insurance or other benefits that have continued will terminate immediately; and

the named executive officer must reimburse us for any severance payments previously made by us to the named executive officer.

Terms of Stock Option and Restricted Stock Unit Awards and Sogou and Sohu Video Share Option Awards

All equity awards granted after June 21, 2010, with the exception of the Sogou and Sohu Video share option awards discussed below, were granted pursuant to our 2010 Stock Incentive Plan, and provided for the following terms, as appropriate. Our 2010 Stock Incentive Plan will expire in June, 2020. Our 2010 Stock Incentive Plan is in substance the same as our 2000 Stock Incentive Plan, and contemplates making available 1,500,000 shares of our common stock for equity-based awards.

Sohu Stock Options

We have not granted any Sohu stock options to our named executive officers since July 2005. However, granted stock options as reflected in the Outstanding Equity Awards at Fiscal Year End Table are subject to the following terms and conditions. All stock options granted under our 2000 Stock Incentive Plan that had not been forfeited or exercised were fully vested as of December 31, 2009. If we grant stock options under the 2010 Stock Incentive Plan, 25% of the options will vest each year, beginning on the first anniversary of the grant date, unless our Compensation Committee determines otherwise with the approval of our full Board. The exercise prices of stock options granted under our 2000 Stock Incentive Plan were determined, and any future grants under the 2010 Stock Incentive Plan will be determined, based on the fair market value of a share of our common stock on the date of grant. Under our 2000 Stock Incentive Plan, the fair market value is determined, and under the 2010 Stock Incentive Plan the fair market value will be determined, as of the last business day for which the prices or quotes for our common stock are available prior to the date an option is granted and was, and will be, equal to the average, on such date, of the high and low prices of our common stock on the NASDAQ Global Select Market. The stock options are, and will be, only exercisable for the purchase of our common stock and have a term of ten years.

As described above under the heading "Employment Agreements," if we terminate any named executive officer's employment without cause, and the termination is within the one-year period following a change-in-control, all of such named executive officer's stock options and other stock awards will become immediately exercisable.

Sohu Restricted Stock Units

Under both our 2000 Stock Incentive Plan and our 2010 Stock Incentive Plan, we may grant restricted stock units which represent the right to receive, upon vesting, at the discretion of our Compensation Committee, either one share of our common stock for each unit vested or an amount of cash equal to the then market value of one share of our common stock for each unit vested, in each case subject to any additional or different terms set forth in the applicable award agreement. Restricted stock units granted to date may only be settled upon vesting in our common stock, and we expect that generally we will continue to grant restricted stock units that will only be settleable in our common stock upon vesting. With respect to restricted stock units granted to our named executive officers, 25% of the restricted stock units vest each year, beginning on the first anniversary of the grant date. Any restricted stock units granted under the 2010 Stock Incentive Plan will vest on the same schedule, unless our Compensation Committee determines otherwise with the approval of our full Board.

Sogou Share Option Awards

We grant options to purchase ordinary shares of our majority-owned subsidiary Sogou, pursuant to the Sogou 2010 Share Incentive Plan, from ordinary shares of Sogou that we hold for the purpose of making such grants. Vesting of options that we grant to our named executive officers exercisable for the purchase of Sogou ordinary shares generally occurs in equal annual installments over a four-year period, but vesting for each year is also subject to the achievement of annual performance milestones related to Sogou that our Board establishes in its discretion. The annual performance milestones set by our Board for periods through the end of 2012 are based in part on financial targets, consisting of target revenue levels and target operating profit levels, and in part on operating metric targets, consisting of target levels of search traffic. We do not disclose the actual amounts of these milestones, as they constitute confidential business and financial information related to Sogou's internal budgeting and planning that could be unfairly used by Sogou's competitors if revealed publicly. In addition, Sogou does not constitute a significant portion of our overall business, and therefore we do not consider such amounts to be material to investors in us. Until Sogou's completion of an underwritten public offering on NASDAQ, the New York Stock Exchange or another internationally recognized stock exchange of similar prestige and liquidity, upon the termination of employment with us of any of our named executive officers who has received Sogou share option awards, we have the right at our discretion to repurchase up to 50% of Sogou ordinary shares, at the then fair market value of such ordinary shares, acquired by any such named executive officer upon exercise of vested Sogou share options.

Sohu Video Share Option Awards

In 2012, we granted options to purchase ordinary shares of our subsidiary Sohu Video, pursuant to the Sohu Video 2011 Share Incentive Plan, from ordinary shares of Sohu Video that we hold for the purpose of making such grants. Vesting of options that we granted to our named executive officers exercisable for the purchase of Sohu Video ordinary shares occurs in equal annual installments over a four-year period, but vesting for each year will also be subject to the achievement of annual performance milestones related to Sohu Video that our Board will establish in its discretion. The annual performance milestones set by our Board for vesting of the first installment included operating metric targets, consisting of the average number of daily unique visitors (UV) and time spent viewing video (VV). We do not expect to disclose the actual amounts of any such milestones, as we expect them to constitute confidential business and financial information related to Sohu Video's internal budgeting and planning that could be unfairly used by Sohu Video's competitors if revealed publicly, and also expect that they will not be material to investors in us. Until Sohu Video's completion of an underwritten public offering on NASDAQ, the New York Stock Exchange or another internationally recognized stock exchange of similar prestige and liquidity, upon the termination of employment with us of any of our named executive officers who has received Sohu Video share option awards, we have the right at our discretion to repurchase up to 50% of Sohu Video ordinary shares, at the then fair market value of such ordinary shares, acquired by any such named executive officer upon exercise of vested Sohu Video share options.

PENSION BENEFITS

We do not have any plans that provide for payments or other benefits at, following, or in connection with retirement nor do we have any defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL***Severance Benefits and Change-in-Control Arrangements***

As discussed in the narrative description following the Grants of Plan-Based Awards Table, we have entered into employment agreements with each of our named executive officers. These agreements, along with Chinese legal requirements which are discussed in the Compensation Discussion and Analysis under the heading Severance Benefits, provide for certain payments and other benefits if a named executive officer's employment with us is terminated under circumstances specified in his or her respective agreement, including a change-in-control of us. Chinese legal requirements also provide for certain payments and benefits if an employment agreement is not renewed. A named executive officer's rights upon the termination of his or her employment will depend upon the circumstances of the termination. Central to an understanding of the rights of each named executive officer under the employment agreements is an understanding of the definitions of cause, change-in-control, good reason and disability that are used in those agreements. For purposes of the employment agreements such terms have the following meanings:

cause means:

willful misconduct or gross negligence by the named executive officer, or any willful or grossly negligent omission to perform any act, resulting in injury to us;

misconduct or negligence of the named executive officer that results in gain or personal enrichment of the named executive officer to our detriment;

Edgar Filing: SOHU COM INC - Form DEF 14A

breach of any of the named executive officer's agreements with us, including, but not limited to, the repeated failure to perform substantially the named executive officer's duties to us, excessive absenteeism or dishonesty;

any attempt by the named executive officer to assign or delegate his or her employment agreement or any of the rights, duties, responsibilities, privileges or obligations thereunder without our prior consent (except in respect of any delegation by the named executive officer of his employment duties thereunder to our other employees in accordance with our usual business practice);

29

the named executive officer's indictment or conviction for, or confession of, a felony or any crime involving moral turpitude under the laws of the U.S. or any State thereof, or under the laws of China or Hong Kong;

declaration by a court that the named executive officer is insane or incompetent to manage his or her business affairs;

habitual drug or alcohol abuse which materially impairs the named executive officer's ability to perform his or her duties; or

filing of any petition or other proceeding seeking to find the named executive officer bankrupt or insolvent.

change-in-control means the occurrence of any of the following events:

any person (within the meaning of Section 13(d) or Section 14(d)(2) of the Securities Exchange Act of 1934) other than us, any trustee or other fiduciary holding securities under an employee benefit plan of Sohu or any corporation owned, directly or indirectly, by our stockholders in substantially the same proportion as their ownership of our common stock, becomes the direct or beneficial owner of securities representing 50% or more of the combined voting power of our then-outstanding securities;

during any period of two consecutive years after the date of the named executive officer's employment agreement, individuals who at the beginning of such period constitute our Board, and all new directors (other than directors designated by a person who has entered into an agreement with us to effect a transaction described in the first, third and fourth bullet point of this definition) whose election or nomination to our Board was approved by a vote of at least two-thirds of the directors then in office, cease for any reason to constitute at least a majority of the members of our Board;

the effective date of a merger or consolidation of us with any other entity, other than a merger or consolidation which would result in our voting securities outstanding immediately prior to such merger or consolidation continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the surviving entity outstanding immediately after such merger or consolidation and with the power to elect at least a majority of the board of directors or other governing body of such surviving entity;

our complete liquidation or the sale or disposition by us of all or substantially all of our assets; or

there occurs any other event of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A (or a response to any similar item on any similar schedule or form) promulgated under the Securities and Exchange Act of 1934, whether or not we are then subject to such reporting requirements.

disability means the named executive officer becomes physically or mentally impaired to an extent which renders him or her unable to perform the essential functions of his or her job, with or without reasonable accommodation, for a period of six consecutive months, or an aggregate of nine months in any two year period.

good reason means the occurrence of any of the following events without the named executive officer's express written consent, provided that the named executive officer has given notice to us of such event and we have not remedied the problem within fifteen days:

any significant change in the duties and responsibilities of the named executive officer inconsistent in any material and adverse respect with the name executive officer's title and position (including status, officer positions and reporting requirements), authority, duties or responsibilities as contemplated by the named executive officer's employment agreement.

any material breach by us of the employment agreement with the named executive officer, including without limitation any reduction of the named executive officer's base salary or our failure to pay to the named executive officer any portion of his or her compensation; or

the failure, in the event of a change-in-control in which we are not the surviving entity, of the surviving entity or the successor to our business to assume the named executive officer's employment agreement pursuant to its terms or to offer the named executive officer employment on substantially equivalent terms to those set forth in such employment agreement.

30

Potential Payments

The table that follows summarizes the estimated potential post-employment compensation that would have been payable to our named executive officers if the named executive officers' employment was terminated as described in the table below on December 31, 2012. Such amounts do not reflect any actual payments to be received by the named executive officers. In addition, for purposes of the calculations, we have assumed that the fair market value of our common stock is \$47.34, the closing price of our common stock as quoted on the NASDAQ Global Select Market on December 31, 2012, the last trading day of the 2012 fiscal year.

- (1) Severance payments are made ratably over the severance period according our standard payroll practices.
- (2) Dr. Charles Zhang, Ms. Belinda Wang and Mr. Xiaochuan Wang would have been entitled to the severance benefits under Chinese law as these benefits would have been greater than their severance benefits under their employment agreements with us.
- (3) In the event of a voluntary resignation for good reason or an involuntary termination without cause, our named executive officers are each entitled to receive payments of the bonus for the remainder of the year of the termination, but only to the extent that the bonus would have been earned had the named executive officers continued in employment through the end of such year, as determined in good faith by our Chief Executive Officer, Board or our Compensation Committee based on the specific corporate and individual performance targets established for such fiscal year, and only to the extent that bonuses were paid for such fiscal year to other similarly situated employees. The payment of the entire 2012 bonus rests on the assumption that each of the named executive officers voluntarily resigned for good reason and/or was terminated without cause as of December 31, 2012 and that no additional bonus would have been due as a result of the termination.
- (4) In the event of a termination of named executive officer s employment by reason of death or disability, they or their estates or representatives, as applicable, are entitled to receive the bonus for the year in which the death or disability occurs to the extent that a bonus would have been earned had named executive officers continued in employment through the end of such year, as determined in good faith by our Chief Executive Officer, Board or our Compensation Committee based on the specific corporate and individual performance targets established for such fiscal year, and only to the extent that bonuses are paid for such fiscal year to other similarly situated employees. The payment of the entire 2012 bonus rests on the assumption that each of the named executive officers voluntarily resigned for good reason and/or was terminated without cause as of December 31, 2012 and that no additional bonus would have been due as a result of the termination.

Proposal II. Advisory Vote Approving Executive Compensation

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) and the implementing regulations of the Securities and Exchange Commission thereunder provide that for the first annual meeting of stockholders on or after January 21, 2011 and not less than once every three years thereafter we must include a separate resolution subject to stockholder vote to approve the compensation of our named executive officers, as disclosed in our proxy statement pursuant to Item 402 of Regulation S-K. Section 951 of the Dodd-Frank Act and the implementing regulations thereunder also require that at the first annual meeting of stockholders held on or after January 21, 2011 and not less frequently than once every six years thereafter we must include a separate resolution subject to a stockholder advisory vote to determine whether the stockholder advisory vote on approving our executive compensation that is the subject of this Proposal II should occur every one, two or three years. At our 2011 Annual Meeting of Stockholders, our stockholders voted in favor of an advisory resolution that the stockholder advisory vote on approving our executive compensation should occur every year. In response to that vote, our Board determined that the stockholder advisory vote on executive compensation would be held every year between now and the expiration of that six-year period.

This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to endorse or not endorse our executive pay program and policies, as disclosed in this Proxy Statement, through the following resolution:

Resolved, to approve, on an advisory basis, the compensation paid to Sohu.com Inc.'s named executive officers, as disclosed pursuant to the compensation disclosure rules of the U.S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables, the narrative discussion, and any related material disclosed in this Proxy Statement.

As provided in the Dodd-Frank Act, this vote will not be binding on our Board and may not be construed as overruling a decision by our Board, creating or implying any change to the fiduciary duties of our Board or any additional fiduciary duty by our Board or restricting or limiting the ability of stockholders to make proposals for inclusion in proxy materials related to executive compensation. Our Board and our Compensation Committee, however, may take into account the outcome of the vote when considering future executive compensation arrangements.

In voting to approve the above resolution, stockholders may vote for the resolution or against the resolution or abstain from voting. This matter will be decided by the affirmative vote of a majority of the votes cast at the Annual Meeting.

**OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL,
ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.**

Proposal III. Ratification of Appointment of Independent Auditors

The Audit Committee of our Board of Directors has selected PricewaterhouseCoopers as our independent auditors for the fiscal year ending December 31, 2013. PricewaterhouseCoopers has served as our independent auditors since 2000. Stockholder ratification of our independent auditors is not required under Delaware law or under our Sixth Restated Certificate of Incorporation or our Amended and Restated By-Laws. If our stockholders do not ratify the selection of PricewaterhouseCoopers as our independent auditors for the current fiscal year ending December 31, 2013, our Audit Committee will evaluate what would be in our best interests and our stockholders and consider whether to select new independent auditors for the current fiscal year or for future fiscal years. Unless otherwise instructed on the proxy, properly executed proxies will be voted in favor of ratifying the appointment of PricewaterhouseCoopers to audit our books and accounts for the fiscal year ending December 31, 2013.
