SURGICARE, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

Note 1 - General

SurgiCare, Inc. ("SurgiCare", the "Company", "we", "us", or "our"), through its wholly owned subsidiaries, owns a majority interest in limited partnerships or corporations that operate three surgery centers. The Company also owns a minority interest as general partner in two limited partnerships that each operates a surgery center. The consolidated statements include the accounts of the Company and its subsidiaries and its majority owned limited partnerships. Consolidation of the majority owned partnerships is necessary as the Company owns 51% or more of the financial interest and, as general partner, is responsible for the day-to-day management of the partnerships.

These financial statements have been prepared in accordance with generally accepted accounting principles ("GAAP") for interim financial reporting and in accordance with Securities and Exchange Commission ("SEC") Rule 10-01 of Regulation S-X. In the opinion of management, the accompanying unaudited condensed, consolidated financial statements include all adjustments consisting of only normal recurring adjustments necessary for a fair presentation of the Company's financial position and the results of operations and cash flows for the interim periods presented. The results of operations for any interim period are not necessarily indicative of results for the full year.

The accompanying consolidated financial statements should be read in conjunction with the financial statements and related notes included in SurgiCare's 2002 Annual Report on Form 10-KSB.

Note 2- Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could vary from those estimates.

The determination of contractual allowances constitutes a significant estimate. In determining the amount of contractual allowances, management considers such factors as historical trends of billing and cash collections, established fee schedules, accounts receivable agings and contractual relationships with third-party payors. Contractual adjustments and accounts deemed uncollectible are applied against the allowance account.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

Note 3 - Revenue Recognition

Revenues at the Company's surgery centers consist of billing for the use of the centers' facilities ("facility fee") directly to the patient or third-party payor. The facility fee excludes any amounts billed for physicians' services, which are billed separately by the physician to the patient or third-party payor.

Revenue is recognized on the date the procedures are performed, and accounts receivable are recorded at that time. Revenues are reported at the estimated realizable amounts from patients and third-party payors (net of contractual allowances). If such third-party payors were to change their reimbursement policies, the effect on revenue could be significant. Earnings are charged with a provision for contractual adjustments and doubtful accounts.

8

Note 4 - Goodwill

Goodwill represents the excess of cost over the fair value of net assets of companies acquired in business combinations accounted for using the purchase method. Goodwill acquired in business combinations prior to June 30, 2001 had been amortized using the straight-line method over an estimated useful life of 20 years. In July 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 141, "Business Combinations," and SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001. SFAS No. 142 requires that goodwill no longer be amortized but instead be reviewed periodically for possible impairment. The Company has adopted SFAS No. 142 effective January 1, 2002 and will no longer amortize goodwill.

Under SFAS 142, the Company must have completed its initial assessment of goodwill for possible impairment no later than December 31, 2002. The Company completed the first phase of this impairment test and, based on an independent valuation performed by a third party, believes that there was no impairment of goodwill as of January 1, 2002.

Due to the significant losses incurred during 2002, and the decline in the quoted market price of the common shares, the Company believed that a second impairment test as of December 31, 2002 was necessary. Using the same methodology (mainly the market method) as employed in the transitional valuation, the Company concluded that no impairment had occurred as of December 31, 2002.

Note 5 - Recent Accounting Pronouncements

SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," issued in August 2001, supersedes SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," and the accounting and reporting provisions of Accounting Principles Board Opinion No. 30, "Reporting the Results of Operations-Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions." This statement retains certain requirements of SFAS No. 121 relating to the recognition and measurement of impairment of long-lived assets to be held and used. Additionally, this statement results in one accounting model, based on the framework established in SFAS No. 121, for long-lived assets to be disposed of by sale and also addresses certain implementation issues related to SFAS No. 121, including the removal of goodwill from its scope due to the issuance of SFAS No. 142. The Company adopted this pronouncement on January 1, 2002, which had no impact on its consolidated financial statements.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities," issued in June 2002, rescinds Emerging Issues Task Force Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." This statement requires that a liability for a cost associated with an exit or disposal activity be recognized and measured initially at its fair value in the period that the liability is incurred. The provisions of this Statement shall be effective for exit or disposal activities initiated after December 31, 2002, with early application encouraged. Management has determined that the adoption of SFAS No. 146 will not have a material impact on the Company's financial position and results of operations.

In November 2002, the FASB issued Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness to Others, an interpretation of FASB Statements No. 5, 57 and 107 and a rescission of FASB Interpretation No. 34." This Interpretation elaborates on the disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under guarantees issued. The Interpretation also clarifies that a guarantor is required to recognize, at inception of a guarantee, a liability for the fair value of the obligation undertaken. The initial recognition and measurement provisions of the Interpretation are applicable to guarantees issued or modified after December 31, 2002. The Company has entered into certain guarantees as described in Note 11.

9

In January 2003, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation--Transition and Disclosures." This statement provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this Statement also amends the disclosure requirements of SFAS No. 123 to require more prominent and frequent disclosures in the financials statements about the effects of stock-based compensation. The transitional guidance and annual disclosure provisions of this Statement were effective for the December 31, 2002 financial statements. The interim reporting disclosure requirements became effective for this quarterly report. Because the Company continues to account for employee stock-based compensation under APB opinion No. 25, the transitional guidance of SFAS No. 148 has no effect on the financial statements at this time. However, the accompanying financial statements presented have incorporated the enhanced disclosure requirements of SFAS No. 148.

Note 6 - Acquisitions

On May 31, 2002, the Company acquired a 51% interest in the Tuscarawas Ambulatory Surgery Center ("Tuscarawas Center") located in Dover, Ohio for an aggregate of \$725,000 cash and warrants to purchase 200,000 shares of the Company common stock at an exercise price of \$.01 per share expiring May 31, 2007. The warrants were valued at \$590,000. The Company has also entered into a Management Agreement with the Tuscarawas Center to act as exclusive manager of the Tuscarawas Center in exchange for 5% of the Tuscarawas Center's net monthly collected revenue.

Note 7 - Debt

Loan agreements relating to the majority of the Company's credit lines, notes payable and capital leases contain requirements for maintenance of defined minimum financial ratios. The Company is not in compliance with all such provisions as of March 31, 2003. Further, the Company is delinquent in payments on the majority of its outstanding debt. All notes and capital leases in default have been shown as current in these financial statements. The Company has obtained a letter of forbearance through June 30, 2003, in connection with its senior lender, DVI Business Credit Corp.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

The Company has financed its growth primarily through the issuance of equity, secured and/or convertible debt. As of March 31, 2003, the Company does not have any credit facilities available with financial institutions or other third parties to provide for working capital shortages. Although the Company believes it will generate cash flow from operations in future quarters, due to its debt load, it is not able to fund its current operations solely from its cash flow.

The Company believes that additional sales of debt and/or equity securities will be required to continue operations. The Company is continuing to pursue additional financing of debt and/or equity, but does not currently have firm commitments for the additional sales of debt or equity securities. Any such sales will be made on a best efforts basis. The Company can provide no assurance that it will be successful in any future financing effort to obtain the necessary working capital to support its operations, or fund acquisitions for its anticipated growth. In the event that any future financing efforts are not successful, the Company will be forced to liquidate assets and/or curtail operations.

Note 8 - Earnings Per Share

Basic earnings per share are calculated on the basis of the weighted average number of shares outstanding. Diluted earnings per share, in addition to the weighted average determined for basic earnings per share, include common stock equivalents, which would arise from the exercise of stock options and warrants using the treasury stock method, and assumes the conversion of the Company's preferred stock for the period outstanding, since their issuance.

10

	For the Three Months Ended
	----- 2003 -----
Basic Earnings Per Share:	
Net Earnings (Loss)	\$ (678,487)
Weighted average shares outstanding	23,579,843
Dilutive stock options and warrants	(a)
Conversion of preferred shares	(b)
Conversion of debt	(c)
Weighted average common shares outstanding for diluted net earnings per share	23,579,843
Net earnings (loss) per share - Basic	\$ (.03)
Net earnings (loss) per share - Diluted	\$ (.03)

The following potentially dilutive shares are not included because their effect would be anti-dilutive due to the net loss for the period:

- a. 11,014,474 options and warrants outstanding at March 31, 2003.
- b. 900,000 shares of Series AA Preferred Stock are convertible into

Edgar Filing: SURGICARE INC/DE - Form 10QSB

\$4,500,000 of common shares. 1,225,000 shares of Series A Preferred stock are convertible into 1,225,000 common shares.

- c. \$1,000,000 of debentures is convertible into common stock at a price equal to \$1.50 per share.

Note 9 - Litigation

In September 2002, SurgiCare was named as a defendant in a suit entitled Charles Cohen vs. SurgiCare, Inc. and David Blumfield, in the 234th Judicial District Court of Harris County, Texas. Mr. Cohen sued SurgiCare for breach of contract and both defendants for defamation. Mr. Cohen claims that SurgiCare breached his employment agreement when it terminated his employment (although he remains a Director of SurgiCare as of the date of this filing) and that Mr. Blumfield and SurgiCare made defamatory statements about him. Mr. Cohen has made claims for \$562,000 for breach of the employment agreement plus additional damages for the defamation claim. SurgiCare intends to vigorously defend this suit.

In February 2003, SurgiCare was named as a defendant in a suit entitled S.E. Altman, individually, and d/b/a Altman & Associates vs. SurgiCare, Inc., in the County Court at Law No. 1, Harris County, Texas. Altman has sued SurgiCare for breach of contract based on a finders fee contract in which Altman claims SurgiCare has not performed. Altman has made claims in the amount of \$217,000 plus attorney's fees. SurgiCare intends to vigorously defend this suit.

In March 2003, SurgiCare Memorial Village, L.P. and Town & Country SurgiCare, Inc. were named as defendants in a suit entitled MarCap Corporation vs. Health First Surgery Center-Memorial, Ltd.; HFMC, L.C.; SurgiCare Memorial Village, L.P.; and Town & Country SurgiCare, Inc. MarCap has sued for default under a promissory note and refusing to remit payment on a promissory note in the amount of \$215,329.36. SurgiCare has paid \$53,832.34 of this balance and is attempting to arrange for a payment plan to pay the remaining balance.

11

In April 2003, SurgiCare was named as a defendant in a suit entitled International Diversified Corporation, Limited vs. SurgiCare, Inc. International Diversified Corporation (IDC) has sued for breach of contract in which IDC invested \$1,000,000 into SurgiCare. IDC has sued for the rescission of the contract and the return of \$1,000,000 or the deliverance of 2,439,024 shares. SurgiCare intends to vigorously defend this suit.

In April 2003, SurgiCare was named as a defendant in a suit entitled Jackson Walker, LLP vs. SurgiCare, Inc. Jackson Walker is claiming damages of \$52,247.18 in unpaid invoices for services rendered. SurgiCare is currently attempting to settle the account.

Note 10 - Employee Stock-Based Compensation

The Company accounts for its employee stock options and warrants under the Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. No stock-based employee compensation cost is reflected in net income, as all employee options and warrants granted had an exercise price equal to the market value of the underlying common stock on the date of grant.

The Company also grants options and warrants to non-employees for goods and services and in conjunction with certain agreements. These grants are accounted for under FASB Statement No. 123, "Accounting for Stock-Based Compensation" based on the grant date fair values.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of FASB Statement 123 to stock-based employee compensation.

	Marc
	20

Net income (loss) - as reported	\$ (
Deduct: Total stock-based employee compensation (Expense determined under the fair value based method for all awards), net of tax effect	
Pro forma net income (loss)	\$ (
	=====
Earnings (loss) per share:	
Basic net income (loss) per share - as reported	
Basic net income (loss) per share - pro forma	
Diluted net income (loss) per share - as reported	
Diluted net income (loss) per share - pro forma	

The above pro forma effects on net income (loss) and net income (loss) per share are not likely to be representative of the effects on reported net income for future years because options vest over several years and additional awards could be made each year.

Note 11 - Guarantees

The Company is guarantor on a working capital line of credit for San Jacinto Surgery Center, L.P. ("San Jacinto"), in which the Company owns a 10% general partnership interest through a wholly-owned subsidiary. As of March 31, 2003, the line of credit facility had a balance of \$729,000 and is recorded on San Jacinto's balance sheet, which is not consolidated with the Company's financial statements. As of the date of this filing, the line has matured and management is currently working on an extension.

The Company has guaranteed \$241,250 of a \$1,533,000 bank note payable of Physicians Endoscopy Center, Ltd. ("Physicians"), in which it owns a 10% general partnership interest through a wholly-owned subsidiary. The note is payable in equal monthly payments of principal plus accrued interest and matures in October 2007. The guarantee also includes a related portion of interest, legal fees and other expenses. As of March 31, 2003, the note had a balance of \$1,533,000 and is recorded on Physicians' balance sheet, which is not consolidated with the Company's financial statements.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results

of Operations.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

Forward-Looking Statements

The information contained herein contains certain forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that all forward looking statements involve risks and uncertainty, including, without limitation, our ability to continue our expansion strategy, changes in federal or state healthcare laws and regulations or third party payor practices, our historical and current compliance with existing or future healthcare laws and regulations and third party payor requirements, changes in costs of supplies, labor and employee benefits, as well as general market conditions, competition and pricing. Although we believe that the assumptions underlying the forward looking statements contained herein are reasonable, any of the assumptions could be inaccurate, and therefore, there can be no assurance that the forward looking statements included in this Form 10-QSB will prove to be accurate. In view of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by management or any other person that our objectives and plans will be achieved. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results over time.

Critical Accounting Policies

In December 2001, the SEC requested that reporting companies discuss their most "critical accounting policies" in management's discussion and analysis of financial condition and results of operations. The SEC indicated that a "critical accounting policy" is one that is important to the portrayal of a company's financial condition and operating results and requires management's most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain.

We have identified the policies below as critical to our business operations and the understanding of our results of operations. The impact and any associated risks related to these policies on our business operations is discussed throughout Management's Discussion and Analysis of Financial Condition and Results of Operations where such policies affect our reported and expected financial results. For a detailed discussion on the application of this and other accounting policies, see Notes 1 and 2 in the Notes to the Consolidated Financial Statements of our Annual Report on Form 10-KSB. Our preparation of this Form 10-QSB and our Annual Report on Form 10-KSB requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities as of the date of our financial statements. Therefore, actual results may differ from those estimates.

13

Revenue Recognition - Revenue is recognized on the date the procedures are performed, and accounts receivable are recorded at that time. Revenues are reported at the estimated realizable amounts from patients and third-party payers. If such third-party payers were to change their reimbursement policies, the effect on revenue could be significant. Earnings are charged with a provision for contractual adjustments and doubtful accounts based on such factors as historical trends of billing and cash collections, established fee schedules, accounts receivable agings and contractual relationships with third-party payors. Contractual adjustments and accounts deemed uncollectible are applied against the allowance account.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

Investment in Limited Partnerships - The investments in limited partnerships are accounted for by the equity method. Under the equity method, the investment is initially recorded at cost and is subsequently increased to reflect the Company's share of the income of the investee and reduced to reflect the share of the losses of the investee or distributions from the investee.

Goodwill - Goodwill arises from the acquisition of assets at an amount in excess of their fair market value. In July 2001, the FASB issued SFAS No. 141, Business Combinations, and SFAS No. 142, Goodwill and Other Intangible Assets. SFAS No. 141 requires business combinations initiated after June 30, 2001 to be accounted for using the purchase method of accounting, and broadens the criteria for recording intangible assets separately from goodwill. Recorded goodwill and intangibles are evaluated against these criteria and may result in certain intangibles being transferred to goodwill or, alternatively, amounts initially recorded as goodwill may be separately identified and recognized apart from goodwill. Under SFAS No. 142, a non-amortization approach, goodwill and certain intangibles with indefinite lives are not amortized into results of operations, but instead reviewed periodically for impairment and written down and charged to results of operations only in the periods in which the recorded value of goodwill and certain intangibles with indefinite lives is more than its fair value. The provisions of each statement which apply to goodwill and intangible assets acquired prior to June 30, 2001, was adopted by the Company on January 1, 2002. At the review dates of January 1, 2002 and December 31, 2002, the Company concluded that no impairment had occurred.

Overview

SurgiCare's principal business strategies are to (a) increase physician utilization of existing facilities, (b) increase both the revenue and profits from current cases and procedures being performed in existing facilities (c) achieve growth and expand revenues by pursuing strategic acquisitions of existing, and the development of new, physician owned ambulatory surgical centers, and (d) expand into related healthcare facilities, including imaging, surgical hospitals and practice management.

Surgical supply costs are the single largest cost component of any ambulatory surgical center. Therefore, SurgiCare's goal is to minimize the cost of surgical supplies. Through participation in national buying groups, SurgiCare has been able to negotiate discounts on most of the commonly used surgical supplies. SurgiCare has also implemented a "Just in Time" approach to inventory. This allows the center to minimize the amount of supplies that it is required to keep in inventory.

SurgiCare is in the process of identifying ambulatory surgical centers, imaging centers, surgical hospitals and practice management companies as potential acquisition targets and has, in some cases, conducted preliminary discussions with representatives of these organizations. Although there are no commitments, understandings, or agreements with any other potential acquisition targets, talks are ongoing for the acquisition of additional entities. All of such discussions have been tentative in nature and there can be no assurance that we will acquire any center with whom discussions have been conducted.

Financial Condition and Results of Operations

The following table sets forth for the periods indicated the percentages of revenues represented by income statement items.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

Revenues, net	10
Expenses:	
Direct Cost of Services	5
General & Administrative Expenses	6
Total Operating Expenses	11
Operating Income (Loss)	-1
Other Income (Loss)	-1
Earnings (Loss) Before Federal Income Tax	-3
Federal Income Tax Expense (Benefit)	-
Net Earnings (Loss)	-2

Results of Operations

THREE MONTHS ENDED MARCH 31, 2003 vs. THREE MONTHS ENDED MARCH 31, 2002

Net Revenue. On a consolidated basis, case volume increased 41.6% to 1,786 in the three months ended March 31, 2003 from 1,261 in the 2002 comparable period. On a same-center basis (which includes unconsolidated centers and pre-acquisition cases), total utilization increased 47.8% to 4,064 cases in the three months ended March 31, 2003 from 2,749 in the 2002 comparable period. New centers accounted for \$630,644 in revenue in the three months ended March 31, 2003. However, revenue declined 30.1% to \$2,280,121 in the three months ended March 31, 2003, from \$3,263,990 in the comparable 2002 period. On a per-case basis, revenue decreased to \$1,277 in the three months ended March 31, 2003 from \$2,588 in the 2002 comparable period. The decrease was due primarily to a reduction in our estimates for reimbursement from third-party payors. The reduction in reimbursement resulted in the higher insurance contractual allowances, which negatively affected revenue. Such adjustments were necessary based on our assessment of recent reimbursement activity. The average contractual allowance in the first quarter of 2003 was 67% compared to 55% in the comparable prior year period.

Direct Surgical Expenses. Total direct surgical costs increased to 54.2% of revenue in the three months ended March 31, 2003 from 24.7% in the 2002 comparable period. Direct surgical costs per case increased 8.0% to \$692 in the three months ended March 31, 2003 compared to \$641 in the same period in 2002. The increase as a percentage of revenue is primarily due to the decrease in revenue dollars resulting from the Company increasing its estimates of insurance contractual allowances discussed above.

General and Administrative Expenses. General and administrative costs increased \$256,090, or 22.4% to \$1,397,204 in the three months ended March 31, 2003 from \$1,141,114 in the 2002 comparable period. The increased costs are primarily related to the acquisition of the Tuscarawas Center in May 2002.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

Total Operating Expenses. As a percent of revenue, total expenses increased to 115.5% of revenue in the three months ended March 31, 2003 from 59.7% in the 2002 comparable period. The increased costs, expressed both in dollars and as a percentage of revenue, are related to the factors discussed above.

Other Income (Loss). Total Other Loss increased \$153,840, or 82.3% to \$340,669 in the three months ended March 31, 2003 from \$186,829 in the 2002 comparable period. The increase was primarily due to an increase in interest expense of \$216,029, or 96.4% between the two comparable three-month periods resulting from additional borrowings to complete an acquisition, to attempt to acquire Aspen Healthcare, and to finance the Company's working capital. The increased interest expense was partially offset by an increase in the Company's equity in earnings from limited partnerships of \$48,349 between the two comparable three-month periods.

Minority Interest in (Earnings) Losses of Partnerships. In the three months ended March 31, 2003, the minority interest in (earnings) losses of partnerships was \$2,034 compared to \$(425,633) in the 2002 comparable period. The losses incurred by the partnerships are directly attributable to the increase in our contractual allowances discussed above.

Federal Income Tax. For the three months ended March 31, 2003, the Company recorded a tax benefit of \$13,561, or 2.0% of its pre-tax loss of \$692,047. The percentage is less than the normally expected rate due to a valuation allowance recorded against the Company's deferred tax assets. In the three months ended March 31, 2002, the Company recorded income tax expense of \$274,069 or 39.0% of pre-tax income.

Net Earnings (Loss). Due to the factors discussed above, net earnings (loss) in the three months ended March 31, 2003 decreased to a loss of \$678,487 compared to earnings of \$425,041 in the 2002 comparable period.

Liquidity and Capital Resources

Net cash used in operating activities was \$559,242 and \$372,866 for the three months ended March 31, 2003 and 2002, respectively. The primary reason for the increase in cash used in operations was the Company's net loss in the three months ended March 31, 2003.

Net cash used in investing activities was \$6,318 and \$16,766 for the three months ended March 31, 2003 and 2002, respectively.

Net cash provided by financing activities increased to \$442,808 for the three months ended March 31, 2003 from \$357,657 in the 2002 comparable period. The increase was primarily due to the cash raised through the sale of common stock offset by net pay downs of credit lines and other outstanding debt.

As of March 31, 2003, the Company had cash and cash equivalents of \$139,575 and negative working capital of \$7,954,964. SurgiCare has a total of \$6,429,012 in long-term debt and an additional \$1,399,261 in revolving lines of credit currently in default. SurgiCare has defaulted on certain provisions of its Loan and Security Agreement with its senior lender, DVI Business Credit Corporation (DVI). However, DVI has agreed to forbear from taking any action to foreclose on any collateral or place the Company into receivership until June 30, 2003. We are in the process of refinancing these agreements as well as its other debt arrangements, but can provide no assurance that we will be successful in our efforts.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

The Company has financed its growth primarily through the issuance of equity, secured and/or convertible debt. As of March 31, 2003, the Company does not have any credit facilities available with financial institutions or other third parties to provide for working capital shortages. Although the Company believes it will generate cash flow from operations in future quarters, due to its debt load, it is not able to fund its current operations solely from its cash flow.

In March 2003, the Company completed a \$1,212,490 private placement of 3,418,544 shares of common stock to existing physician shareholders, local Houston physicians, and select Houston individuals. The shares are restricted under Rule 144. In addition, the investors received a warrant for every two shares of common stock purchased. The warrants are exercisable for one year and are priced at \$0.35. The Company received proceeds (net of expenses) of \$1,070,105 in cash and \$70,000 in reduction in notes/accounts payable. The cash proceeds of the financing were used for working capital purposes.

The Company believes that additional sales of debt and/or equity securities will be required to continue operations. The Company is continuing to pursue additional financing of debt and/or equity, but does not currently have firm commitments for the additional sales of debt or equity securities. Any such sales will be made on a best efforts basis. The Company can provide no assurance that it will be successful in any future financing effort to obtain the necessary working capital to support its operations, or fund acquisitions for its anticipated growth. In the event that any future financing efforts are not successful, the Company will be forced to liquidate assets and/or curtail operations.

Item 3. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Based on their evaluation as of a date within 90 days of the filing date of this report, the Company's principal executive officer and principal financial officer have concluded that the Company's disclosure controls and procedures (as defined in Rules 13a-14(c) and 15d-14(c) under the Exchange Act) are effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms.

Changes in Internal Controls

There have been no significant changes in our internal controls or in other factors that could significantly affect internal controls subsequent to the date of their evaluation.

PART II

OTHER INFORMATION

ITEM 1. Legal Proceedings.

In September 2002, SurgiCare was named as a defendant in a suit entitled Charles Cohen vs. SurgiCare, Inc. and David Blumfield, in the 234th Judicial District Court of Harris County, Texas. Mr. Cohen sued SurgiCare for breach of contract and both defendants for defamation. Mr. Cohen claims that SurgiCare breached his employment agreement when it terminated his

Edgar Filing: SURGICARE INC/DE - Form 10QSB

employment (although he remains a Director of SurgiCare as of the date of this filing) and that Mr. Blumfield and SurgiCare made defamatory statements about him. Mr. Cohen has made claims for \$562,000 for breach of the employment agreement plus additional damages for the defamation claim. SurgiCare intends to vigorously defend this suit.

17

In February 2003, SurgiCare was named as a defendant in a suit entitled S.E. Altman, individually, and d/b/a Altman & Associates vs. SurgiCare, Inc., in the County Court at Law No. 1, Harris County, Texas. Altman has sued SurgiCare for breach of contract based on a finders fee contract in which Altman claims SurgiCare has not performed. Altman has made claims in the amount of \$217,000 plus attorney's fees. SurgiCare intends to vigorously defend this suit.

In March 2003, SurgiCare Memorial Village, L.P. and Town & Country SurgiCare, Inc. were named as defendants in a suit entitled MarCap Corporation vs. Health First Surgery Center-Memorial, Ltd.; HFMC, L.C.; SurgiCare Memorial Village, L.P.; and Town & Country SurgiCare, Inc. MarCap has sued for default under a promissory note and refusing to remit payment on a promissory note in the amount of \$215,329.36. SurgiCare has paid \$53,832.34 of this balance and is attempting to arrange for a payment plan to pay the remaining balance.

In April 2003, SurgiCare was named as a defendant in a suit entitled International Diversified Corporation, Limited vs. SurgiCare, Inc. International Diversified Corporation (IDC) has sued for breach of contract in which IDC invested \$1,000,000 into SurgiCare. IDC has sued for the rescission of the contract and the return of \$1,000,000 or the deliverance of 2,439,024 shares. SurgiCare intends to vigorously defend this suit.

In April 2003, SurgiCare was named as a defendant in a suit entitled Jackson Walker, LLP vs. SurgiCare, Inc. Jackson Walker is claiming damages of \$52,247.18 in unpaid invoices for services rendered. SurgiCare is currently attempting to settle the account.

ITEM 2. Change in Securities.

In March 2003, the Company completed a \$1,212,490 private placement of 3,418,544 shares of common stock to existing physician shareholders, local Houston physicians, and select Houston individuals. The shares are restricted under Rule 144. In addition, the investors received a warrant for every two shares of common stock purchased. The warrants are exercisable for one year and are priced at \$0.35. The Company received proceeds (net of expenses) of \$1,070,105 in cash and \$70,000 in reduction in notes/accounts payable. The cash proceeds of the financing were used for working capital purposes.

No underwriters were involved in any of the foregoing sales or issuance of securities. Such sales or issuance were made in reliance upon an exemption from the registration provisions of the Securities Act set forth in Section 4(2) thereof relative to sales by an issuer not involving any public offering, or the rules and regulations there under. Each recipient either received adequate information about SurgiCare or had access, through employment or other relationships, to such information, and SurgiCare determined that each recipient had such knowledge and experience in financial and business matters that they were able to evaluate the merits and risks of an investment in SurgiCare. All of the foregoing securities are deemed restricted securities for the purposes of the Securities Act.

Edgar Filing: SURGICARE INC/DE - Form 10QSB

ITEM 3. Default Upon Senior Securities.

SurgiCare has defaulted on certain provisions of its Loan and Security Agreement with DVI Business Credit Corporation (DVI). However, DVI has agreed to forbear from taking any action to foreclose on any collateral or place the Company into receivership until June 30, 2003.

SurgiCare has defaulted on its convertible Debenture Agreement for failure to file a registration statement for the resale of certain securities pursuant to the agreement.

18

ITEM 4. Submission of Matters to a Vote of Security Holder.

None

ITEM 5. Other Information.

None

ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K.

(a) Exhibits

Exhibit No. -----	Description -----
Exhibit 99.1	Certification Pursuant to 18 U.S.C. Section 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
Exhibit 99.2	Certification Pursuant to 18 U.S.C. Section 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

(b) Reports on Form 8-K

During the quarter ended March 31, 2003, we filed a report on Form 8-K, dated January 29, 2003 to report pursuant to Items 5 and 7, (1) a settlement and mutual general release with the owners of Aspen Healthcare, Inc., whereby the parties agreed to terminate the Stock Purchase Agreement dated May 16, 2002 and, (2) a private placement offering on or about December 11, 2002.

CERTIFICATIONS

I, Keith LeBlanc, certify that:

1. I have reviewed this quarterly report on Form 10-QSB of SurgiCare, Inc.
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and have:
 - a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;

Edgar Filing: SURGICARE INC/DE - Form 10QSB

5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
- a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The registrant's other certifying officers and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
