**Statement Regarding Forward Looking Information**

This report contains statements that are forward-looking, as that term is defined by the Private Securities Litigation Reform Act of 1995 or by the Securities and Exchange Commission in its rules. The Company intends that all forward-looking statements be subject to the safe harbors created by these laws and rules. When used in this current report, the words “believes,” “estimates,” “plans,” “expects,” “anticipates” and similar expressions as they relate to the Company or its management are intended to identify forward-looking statements. The statements in this report that are not historical facts, including, but not limited to, statements related to the closure of lending locations described in this report, or with the Company’s operations in the State of Ohio, are based on current expectations. Actual results may differ materially from those expressed in the forward-looking statements, and such statements should not be regarded as a representation by the Company or any other person that the results expressed in the statements will be achieved. Among the factors that could cause the results to differ include, without limitation, changes in demand for the Company's services, the actions of third parties who offer products and services at the Company’s locations, changes in competition, the ability of the Company to open new operating units in accordance with its plans, economic conditions, real estate market fluctuations, interest rate fluctuations, changes in the capital markets, changes in consumer credit, tax and other laws and governmental rules and regulations applicable to the Company's business, the ability to successfully integrate newly acquired businesses into the Company’s existing operations and other risks indicated in the Company’s filings with the Securities and Exchange Commission. These risks and uncertainties are beyond the Company’s control, and the Company cannot predict, in many cases, all of the risks and uncertainties that could cause its actual results to differ materially from those indicated by the forward-looking statements.
