Sky Harvest Windpower Corp.
(A Development Stage Company)
Notes to the Consolidated Financial Statements
November 30, 2012
(Expressed in US Dollars)
(Unaudited)

1. ORGANIZATION AND DESCRIPTION OF BUSINESS

Sky Harvest Windpower Corp. (the "Company") was incorporated in the State of Nevada on February 25, 2005. The Company is a Development Stage Company, as defined by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 915, DEVELOPMENT STAGE ENTITIES. Its activities to date have been limited to capital formation, organization, and development of its business plan for the exploration and development of wind power projects in Canada.

Effective July 13, 2009, the Company acquired all the outstanding common stock of Sky Harvest Windpower (Saskatchewan) Corp. ("Sky Harvest - Saskatchewan"), a private company incorporated under the laws of Canada.

On September 1, 2009, the Company completed a merger with its wholly-owned inactive subsidiary, Sky Harvest Windpower Corp., a Nevada corporation, which was incorporated solely to effect a change in the Company's name. As a result, the Company changed its name from Keewatin Windpower Corp. to Sky Harvest Windpower Corp.

These consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company has never generated revenues since inception and has never paid any dividends and is unlikely to pay dividends or generate earnings in the immediate or foreseeable future. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations, the successful exploitation of economically recoverable electricity in its wind power projects, and the attainment of profitable operations. As at November 30, 2012, the Company has accumulated losses of \$6,822,416 since inception. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. These consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Management plans to raise additional funds through debt and equity offerings. Management has yet to decide what type of offering the Company will use or how much capital the Company will attempt to raise and on what terms. There is

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

however no assurance that the Company will be able to raise any additional capital through any type of offering on terms acceptable to the Company.

2. SIGNIFICANT ACCOUNTING POLICES

a. Basis of Accounting

The Company's consolidated financial statements are prepared using the accrual method of accounting. These consolidated statements include the accounts of the Company and its wholly-owned subsidiaries Keewatin Windpower Inc. and Sky Harvest - Saskatchewan. All significant intercompany transactions and balances have been eliminated. The Company has elected a May 31 year-end.

b. Interim Financial Statements

The interim unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Securities and Exchange Commission ("SEC") Form 10-Q. They do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. Therefore, these financial statements should be read in conjunction with the Company's audited financial statements and notes thereto for the year ended May 31, 2012, included in the Company's Annual Report on Form 10-K filed on August 22, 2012 with the SEC.

6

Sky Harvest Windpower Corp.
(A Development Stage Company)
Notes to the Consolidated Financial Statements
November 30, 2012
(Expressed in US Dollars)
(Unaudited)

The consolidated financial statements included herein are unaudited; however, they contain all normal recurring accruals and adjustments that, in the opinion of management, are necessary to present fairly the Company's financial position at November 30, 2012, and the results of its operations and cash flows for the three months and six months ended November 30, 2012. The results of operations for the three months and six months ended November 30, 2012, are not necessarily indicative of the results to be expected for future quarters or the full year.

3. RECENT ACCOUNTING PRONOUNCEMENTS

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

4. PROPERTY AND EQUIPMENT

	Cost	Accumulated Depreciation	November 30, 2012 Net Carrying Value	May 31, 2012 Net Carrying Value

5. NOTE PAYABLE

During the year ended May 31, 2011, the Company received advances from third parties in the amount of \$60,324. During the year ended May 31, 2012, the Company repaid \$10,324. At November 30, 2012, advances of \$50,000 remain outstanding. The amount is unsecured, non-interest bearing and due on demand.

6. PREFERRED STOCK

On July 11, 2009, the Company entered into a voting and exchange trust agreement among its subsidiary, Keewatin Wind Power Corp., and Valiant Trust Company (Valiant Trust) whereby the Company issued and deposited with Valiant Trust one special preferred voting share of the Company in order to enable Valiant Trust to execute certain voting and exchange rights as trustee from time to time for and on behalf of the registered holders of the preferred shares of Keewatin Wind Power Corp. Each preferred share of Keewatin Wind Power Corp. is exchangeable into one share of common stock of the Company at the election of the shareholder, or, in certain circumstances, of the Company.

As of November 30, 2012, the Company had issued 885,000 shares of common stock to holders of 885,000 shares of exchangeable preferred shares of its subsidiary Keewatin Wind Power Corp., pursuant to them exercising their exchange rights. As of November 30, 2012, there were 15,680,016 outstanding exchangeable shares (May 31, 2012 - 15,680,016 shares).

As the exchangeable shares have already been recognized in connection with the acquisition of Sky Harvest - Saskatchewan, the value ascribed to these shares on exchange is \$Nil.

7. RELATED PARTY TRANSACTIONS

a) During the six months ended November 30, 2012, the Company incurred \$30,023 (2011 - \$30,657) to a company controlled by the President and principal shareholder of the Company for management services. As at November 30, 2012, the Company is indebted to that company and the Company's President for \$60,124 (May 31, 2012 - \$21,080), which is non-interest bearing, unsecured and due on demand.

b) On June 18, 2010, the Company entered into a loan agreement with a director for \$27,000 which is payable within three months a written demand is received from the note holder. The amount is unsecured and bears interest at 15% per annum. As at November 30, 2012, accrued interest of \$9,942 was recorded. During the year ended May 31, 2011, the Company received an advance of \$71,454 (CDN\$71,000) from the same director. During the year ended May 31, 2012, the Company repaid \$40,256 (CDN\$40,000). At November 30, 2012, \$31,198 (CDN\$31,000) is unsecured, non-interest bearing and has no terms of repayment.

These related party transactions are recorded at the exchange amount, being the amount established and agreed to by the related parties.

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

8. COMMON STOCK

During the six months ended November 30, 2012, the Company received stock subscriptions of \$49,500 for 198,000 shares of common stock issued on May 29, 2012.

9. STOCK BASED COMPENSATION

On September 11, 2009, the Company's board of directors adopted the 2009 Stock Option Plan ("2009 Plan") which provides for the granting of stock options to acquire up to 2,900,000 common shares of the Company to eligible employees, officers, directors and consultants of the Company. At November 30, 2012, the Company had 1,650,000 shares of common stock available to be issued under the Plan.

On March 10, 2011, the Company's board of directors adopted the 2011 Stock Option Plan ("2011 Plan") which provides for the granting of stock options to acquire up to 5,000,000 common shares of the Company to eligible employees, officers, directors and consultants of the Company. At November 30, 2012, the Company had 1,410,000 shares of common stock available to be issued under the Plan.

The following table summarizes the continuity of the Company's stock options:

10. JOINT VENTURE

On February 3, 2012, the Company and its joint venture partner incorporated a

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

British Columbia corporation under the name Levant Energy Inc. ("Levant") for the purposes of developing underground natural gas storage plants in the Republic of Turkey. The Company will initially hold a 65% interest in Levant by investing \$500,000. The investment is subject to certain conditions, including completion of further equity or debt funding in order to finance acquisition. The Company's joint venture partner will hold the remaining 35% interest in Levant. At November 30, 2012, the Company and its joint venture partner have not made any contribution to Levant and operations have not yet begun.

11. COMMITMENTS AND CONTINGENCIES

a) On February 23, 2009, the Company entered into a consulting agreement with a consultant (the "Consultant"). Pursuant to the agreement, the Consultant provided investor relations services for the Company from February 24, 2009 to July 5, 2009. In consideration for the investor relations services, the Company agreed to pay the Consultant \$5,000 per month and to issue 15,000 shares of the Company's common stock. At November 30, 2012, the fair value of the 15,000 shares issuable was \$6,750 and is included in common stock subscribed.

b) On February 3, 2012, the Company entered into a consulting agreement with a consultant. Pursuant to the agreement, the consultant will introduce the Company potential acquisition and investment opportunities in the energy sector, as well as any related sectors. If the Company completes an acquisition of any interest in any company or assets as a result of the consultant's introduction to investment opportunity, the Company shall pay the consultant a success fee equal to 10% of the value of the transaction in shares of the Company's common stock. The Company may also pay such success fees in cash, or a combination of shares and cash. If the Company completes transactions as a result of the consultant's introductions with an aggregate value of at least \$3,000,000, including any concurrent financings, the consultant shall have the option to cause the Company to enter into an employment agreement with him, join the Company's Board of Directors, and be appointed as the Company's President and Chief Executive Officer. The term of the agreement is three years.

12. SUBSEQUENT EVENTS

In accordance with ASC 855, SUBSEQUENT EVENTS, the Company has evaluated subsequent events through the date of issuance of the unaudited interim consolidated financial statements. Subsequent to the fiscal period ended November 30, 2012, the Company did not have any material recognizable subsequent events.

9

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read together with our Consolidated Financial Statements and the Notes to those statements included elsewhere in this quarterly report on Form 10-Q and the Consolidated Financial Statements and the Notes to those statements included in our Form 10-K for the year ended May 31, 2012. Certain statements contained herein constitute "forward-looking statements" as defined in the U.S. Private Securities Litigation Reform Act of 1995. In some cases forward-looking statements can be identified by terminology, such as "believes," "anticipates," "expects," "estimates," "plans," "may," "intends," or similar terms. These statements appear in a number of places in this Form 10-Q and include statements regarding the intent, belief or current expectations of our company, its directors or its officers with respect to, among other things: (i) trends affecting our financial condition or results of operations, (ii) our business and growth strategies and (iii) our financing plans. Investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve significant

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements. These statements are only predictions and involve known and unknown risks, uncertainties and other factors, including the risks in the section entitled "Risk Factors", that may cause our company's or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law, including the securities laws of the United States, we undertake no obligation to update publicly any forward-looking statements for any reason, even if new information becomes available or other events occur.

Our consolidated financial statements are stated in United States dollars and are prepared in accordance with United States generally accepted accounting principles. In this quarterly report, unless otherwise specified, all references to "common shares" refer to the common shares in our capital stock and the terms "we", "us" and "our", "the Company" and "Sky Harvest" mean Sky Harvest Windpower Corp., a Nevada corporation and its subsidiaries.

CORPORATE OVERVIEW

We were incorporated in the State of Nevada on February 25, 2005. We are a development stage company in the business of electrical power generation through the use of wind energy. We have not generated any revenue from operations since our incorporation. We do not anticipate earning any revenue until the completion of an environmental assessment on our properties, securing a power purchase agreement and erecting and commissioning wind turbines on our properties, of which there is no guarantee.

RESULTS OF OPERATIONS

The following summary of our results of operations should be read in conjunction with our unaudited interim consolidated financial statements for the fiscal quarter ended November 30, 2012, which are included herein.

REVENUES

We recorded a net operating loss of \$58,575 for the fiscal quarter ended November 30, 2012 and have an accumulated deficit of \$6,822,416 since inception. We have had no operating revenue since our inception on February 25, 2005 through to the fiscal quarter ended November 30, 2012. We anticipate that we will not generate any revenue while we are a development stage company.

EXPENSES

Our expenses for the three and six months ended November 30, 2012 and 2011 are outlined below:

Consulting expenses decreased by \$502 in the three month period ended November 30, 2012 compared to the three month period ended November 30, 2011, and by \$15,187 in the six month period ended November 30, 2012 compared to the six month period ended November 30, 2011. We have not paid any consulting fees during the current fiscal year.

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

Engineering and development expenses decreased by \$33,589 in the three month period ended November 30, 2012 compared to the three month period ended November 30, 2011, and by \$91,277 in the six month period ended November 30, 2012 compared to the six month period ended November 30, 2011. This decrease is a result of a decline in development and maintenance work on our wind power projects.

Management fees decreased by \$73,448 in the three month period ended November 30, 2012 compared to the three month period ended November 30, 2011, and by \$74,495 in the six month period ended November 30, 2012 compared to the six month period ended November 30, 2011. This decrease relates to a decrease in fees paid to William Iny, our president and one of our directors, for management services.

Professional fees, consisting primarily of legal and accounting costs, decreased by \$9,713 in the three month period ended November 30, 2012 compared to the three month period ended November 30, 2011, and decreased by \$5,791 in the six month period ended November 30, 2012 compared to the six month period ended November 30, 2011. This decrease was due to lower accounting and legal costs that we incurred in the quarter.

General and administrative expenses increased by \$2,275 in the three month period ended November 30, 2012 compared to the three month period ended November 30, 2011, and by \$3,504 in the six month period ended November 30, 2012 compared to the six month period ended November 30, 2011.

FOREIGN EXCHANGE (GAIN) LOSS

Foreign currency transactions are primarily undertaken in Canadian dollars. Foreign exchange gains and losses arise from the translation of transactions in Canadian dollars into US dollars. Foreign currency exchange rates fluctuate, and gains and losses resulting from these fluctuations recognized as they occur. Company has not, to the date of this report, utilized derivative instruments to offset the impact of foreign currency fluctuations.

INTEREST INCOME

We generated nominal interest of \$9 in the six month period ended November 30, 2012. The Company has redeemed funds previously held in term deposits in order to fund development of its wind power projects and continued corporate operations.

FUTURE FINANCINGS

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

We recorded a comprehensive loss of \$48,673 for the three month period ended November 30, 2012 and have an accumulated deficit of \$6,822,416 since inception. As of November 30, 2012 we had cash and cash equivalents totaling \$151,118 (May 31, 2012 - \$144,686).

As of the date of this report, management anticipates that we will require at least \$750,000 to fund our corporate operations and wind power property development program for the next 12 months. As well, we will require approximately an additional \$370,000 to cover our current outstanding liabilities. Accordingly, we do not have sufficient funds to meet our planned expenditures over the next 12 months. In addition, we will require further financing in order to fund our anticipated expenses for the construction of the proposed wind turbine project.

We have begun sourcing additional debt or equity financing to cover the balance of the anticipated costs for the next 12 months. However, there is no assurance that we will successfully complete this financing. We have not had any specific communications with any representative of a debt financing institution regarding our proposed wind power project. We will only be able to secure debt financing for wind turbines if we are able to prove that an economic wind resource exists on a site over which we have acquired the rights to erect turbines and that we have negotiated a power purchase agreement with a credit-worthy counter-party.

We anticipate continuing to rely on equity sales of our common shares in order to continue to fund our business operations. Issuances of additional shares will result in dilution to our existing shareholders. We may also seek to raise additional cash by the issuance of debt instruments. As of the date of this report, there is no assurance that we will achieve any additional sales of our equity securities or arrange for debt or other financing to fund our exploration and development activities during the next 12 month period.

OFF BALANCE SHEET ARRANGEMENTS

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to stockholders.

RISKS RELATED TO OUR BUSINESS

IF WE DO NOT OBTAIN ADDITIONAL FINANCING OUR BUSINESS WILL FAIL.

Over the next 12 months, we expect to spend approximately \$250,000 on administrative costs, including management fees payable to our President, professional fees and general business expenses, including costs related to complying with our filing obligations as a reporting company. As our operations

14

become more complex, it is anticipated that these costs will increase. We also expect to incur a further \$65,000 in pre-development costs related to our wind power projects.

As of the date of this report, we do not have sufficient cash on hand to fund these expenditures. We will need to raise additional debt or equity financing in order to cover remaining business costs.

BECAUSE WE HAVE NOT COMMENCED BUSINESS OPERATIONS, WE FACE A HIGH RISK OF BUSINESS FAILURE.

We have not yet commenced business operations as an independent power producer; accordingly, we have no way to evaluate the likelihood that our business will be

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

successful. We were incorporated on February 25, 2005 and to date have been involved in conducting land assessments, acquiring leasehold interests in properties having the potential for wind power development, raising financing and completing wind, environmental and community assessments.

Potential investors should be aware of the difficulties normally encountered by development stage companies and the high rate of failure of such enterprises. Prior to earning revenue, of which there is no assurance, we will likely incur significant costs and expect to incur significant losses in the foreseeable future. If we are unable to acquire a property interest and erect a wind farm on our property, we will not earn profits nor be able to continue operations.

BECAUSE OUR CONTINUATION AS A GOING CONCERN IS IN DOUBT, WE WILL BE FORCED TO CEASE BUSINESS OPERATIONS UNLESS WE CAN GENERATE PROFITABLE OPERATIONS IN THE FUTURE.

We have incurred losses since our inception. Further losses are anticipated in the development of our business. As a result, there is substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern is dependent in the short to medium term on our ability to obtain the necessary financing to meet our obligations and repay our liabilities arising from normal business operations when they come due, and in the longer term, on upon our ability to generate profitable operations in the future. If we cannot raise financing to meet our obligations, we will be insolvent and will cease business operations.

IF WE ARE NOT ABLE TO OBTAIN AN INTEREST IN A SUITABLE PROPERTY WITH A POTENTIAL WIND RESOURCE, OUR BUSINESS WILL FAIL.

Third parties own the lands on which we will seek to construct wind projects. We have entered into land lease agreements covering approximately 15,520 acres that relate to our primary project, which is located in southwestern Saskatchewan, which we refer to as the Sky Harvest Project. These agreements allow us to erect wind turbines and install ancillary equipment, subject, in certain circumstances, to the payment of lease payments prior to construction of the project. Even though we own leasehold interests in these properties, we may not be able to obtain the financing necessary to complete lease obligations. If we are unable to maintain our property interests, our business will fail.

We will need to enter into land leases or other appropriate agreements in order to erect wind turbines and install ancillary equipment on the Keewatin Project and Matador Project sites, which are also located in southwestern Saskatchewan. We have entered into agreements to operate meteorological towers on the properties comprising the Keewatin and Matador Projects in southwestern Saskatchewan. However, we do not yet have an arrangement whereby we may erect turbines on the properties.

FUTURE CHANGES IN WEATHER PATTERNS COULD NEGATIVELY IMPACT OUR BUSINESS, REDUCING POTENTIAL PROFITABILITY OR CAUSING OUR BUSINESS TO FAIL.

Changes in weather patterns may affect our ability to operate a wind power project on any property we acquire. Wind data that we collect from a meteorological tower may vary from results actually achieved when a wind turbine

is installed. Changing global environmental and weather conditions may also affect the reliability of the data relating to a property.

Any wind farm that we develop, no matter where it is located, would be subject to variations in wind and changes in worldwide climatic conditions. Sudden or unexpected changes in environmental and meteorological conditions could reduce

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

the productivity of any wind farm we construct. Climatic weather patterns, whether seasonal or for an extended period of time, resulting in lower, inadequate and/or inconsistent wind speed to propel the wind turbines may render our wind parks incapable of generating adequate, or any, electrical energy.

OUR ABILITY TO ERECT TURBINES ON A PROPERTY IN SASKATCHEWAN WILL BE CONTINGENT UPON IT OBTAINING ENVIRONMENTAL AND MUNICIPAL PERMITS. IF IT CANNOT ACQUIRE THESE PERMITS, OUR BUSINESS WILL FAIL.

In order to erect turbines on the Saskatchewan property, we must excavate portions of the land and install concrete platforms below surface. Before we commence this, we will need to obtain environmental and municipal permits from the Saskatchewan provincial government and the town responsible for the property interest it acquires. Depending on environmental impact, our proposed land disturbance may be unacceptable to these government bodies. In addition, the turbines themselves may be seen to have a negative impact on the aesthetics of the region. These factors may prevent us from obtaining necessary permits. In such circumstances, we would be forced to abandon our business plan.

IF WE CANNOT REACH AN AGREEMENT WITH A JOINT VENTURE DEVELOPER AND OPERATOR OUR BUSINESS WILL FAIL.

As presently constituted, we do not have the skills and expertise necessary to build and operate a wind farm. Our management has never been involved in the construction or operation of a wind power project and does not have any technical background in the sector.

IF WE CANNOT FIND A JOINT VENTURE PARTNER FOR OUR PROJECTS OR A PARTY WHICH WILL PURCHASE OUR ELECTRICITY ON ACCEPTABLE TERMS, WE WILL NOT BE ABLE TO ESTABLISH A WIND POWER PROJECT AND OUR BUSINESS WILL FAIL.

Even if we demonstrate a significant wind resource on a property that we acquire, we may not be able to secure a joint venture partner to further develop a project or a purchaser for any electricity that we produce on acceptable terms. Without a purchaser for electricity from a property, we will not be able to proceed with our business plan.

BECAUSE ALL OF OUR ASSETS, AND OUR DIRECTORS AND OFFICERS ARE LOCATED IN CANADA, U.S. RESIDENTS' ENFORCEMENT OF LEGAL PROCESS MAY BE DIFFICULT.

All of our assets are located in Canada. In addition, our sole officer and half of our directors reside in Canada. Accordingly, service of process upon our company, or upon individuals related to Sky Harvest, may be difficult or impossible to obtain within the United States. As well, any judgment obtained in the United States against us may not be collectible within the United States.

RISKS RELATED TO OUR COMMON STOCK

A DECLINE IN THE PRICE OF OUR COMMON STOCK COULD AFFECT OUR ABILITY TO RAISE FURTHER WORKING CAPITAL, IT MAY ADVERSELY IMPACT OUR ABILITY TO CONTINUE OPERATIONS AND WE MAY GO OUT OF BUSINESS.

A prolonged decline in the price of our common stock could result in a reduction in the liquidity of our common stock and a reduction in our ability to raise capital. Because we may attempt to acquire a significant portion of the funds we need in order to conduct our planned operations through the sale of equity

securities, a decline in the price of our common stock could be detrimental to our liquidity and our operations because the decline may cause investors not to choose to invest in our stock. If we are unable to raise the funds we require

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

for all of our planned operations, we may force us to reallocate funds from other planned uses which may have a significant negative effect on our business plan and operations, including our ability to develop new products and continue our current operations. As a result, our business may suffer and not be successful and we may go out of business. We also might not be able to meet our financial obligations if we cannot raise enough funds through the sale of our common stock and we may be forced to go out of business.

IF WE ISSUE ADDITIONAL SHARES IN THE FUTURE, IT WILL RESULT IN THE DILUTION OF OUR EXISTING SHAREHOLDERS.

Our certificate of incorporation authorizes the issuance of up to 100,000,000 shares of common stock with a par value of \$0.001. Our board of directors may choose to issue some or all of such shares to acquire one or more businesses or to provide additional financing in the future. The issuance of any such shares will result in a reduction of the book value and market price of the outstanding shares of our common stock. If we issue any such additional shares, such issuance will cause a reduction in the proportionate ownership and voting power of all current shareholders. Further, such issuance may result in a change of control of our corporation.

TRADING ON THE OTC MARKETS MAY BE VOLATILE AND SPORADIC, WHICH COULD DEPRESS THE MARKET PRICE OF OUR COMMON STOCK AND MAKE IT DIFFICULT FOR OUR STOCKHOLDERS TO RESELL THEIR SHARES.

Our common stock is quoted on the OTC Markets. Trading in stock quoted on the OTC Markets is often thin and characterized by wide fluctuations in trading prices due to many factors that may have little to do with our operations or business prospects. This volatility could depress the market price of our common stock for reasons unrelated to operating performance. Moreover, the OTC Markets is not a stock exchange, and trading of securities on the OTC Markets is often more sporadic than the trading of securities listed on a quotation system like NASDAQ or a stock exchange like the American Stock Exchange. Accordingly, our shareholders may have difficulty reselling any of their shares.

OUR STOCK IS A PENNY STOCK. TRADING OF OUR STOCK MAY BE RESTRICTED BY THE SEC'S PENNY STOCK REGULATIONS AND FINRA'S SALES PRACTICE REQUIREMENTS, WHICH MAY LIMIT A STOCKHOLDER'S ABILITY TO BUY AND SELL OUR STOCK.

Our stock is a penny stock. The Securities and Exchange Commission has adopted Rule 15c-9 which generally defines "penny stock" to be any equity security that has a market price (as defined) less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exceptions. Our securities are covered by the penny stock rules, which impose additional sales practice requirements on broker-dealers who sell to persons other than established customers and "accredited investors". The term "accredited investor" refers generally to institutions with assets in excess of \$5,000,000 or individuals with a net worth in excess of \$1,000,000 or annual income exceeding \$200,000 or \$300,000 jointly with their spouse. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from the rules, to deliver a standardized risk disclosure document in a form prepared by the SEC which provides information about penny stocks and the nature and level of risks in the penny stock market. The broker-dealer also must provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker-dealer and its salesperson in the transaction and monthly account statements showing the market value of each penny stock held in the customer's account. The bid and offer quotations, and the broker-dealer and salesperson compensation information, must be given to the customer orally or in writing prior to effecting the transaction and must be given to the customer in writing before or with the customer's confirmation. In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from these rules, the broker-dealer must make a special written determination

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. These disclosure requirements may have the effect of reducing the level of trading activity in the secondary

17

market for the stock that is subject to these penny stock rules. Consequently, these penny stock rules may affect the ability of broker-dealers to trade our securities. We believe that the penny stock rules discourage investor interest in, and limit the marketability of, our common stock.

FINRA SALES PRACTICE REQUIREMENTS MAY ALSO LIMIT A STOCKHOLDER'S ABILITY TO BUY AND SELL OUR STOCK.

In addition to the "penny stock" rules promulgated by the Securities and Exchange Commission (see above for a discussion of penny stock rules), FINRA rules require that in recommending an investment to a customer, a broker-dealer must have reasonable grounds for believing that the investment is suitable for that customer. Prior to recommending speculative low priced securities to their non-institutional customers, broker-dealers must make reasonable efforts to obtain information about the customer's financial status, tax status, investment objectives and other information. Under interpretations of these rules, FINRA believes that there is a high probability that speculative low priced securities will not be suitable for at least some customers. FINRA requirements make it more difficult for broker-dealers to recommend that their customers buy our common stock, which may limit your ability to buy and sell our stock and have an adverse effect on the market for our shares.

ITEM 4. CONTROLS AND PROCEDURES.

As required by Rule 13a-15 under the Exchange Act, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures at November 30, 2012, which is the end of the period covered by this report. This evaluation was carried out by our principal executive officer and principal financial officer. Based on this evaluation, our principal executive officer and principal financial officer has concluded that the design and operation of our disclosure controls and procedures were effective as at the end of the period covered by this report.

Based on his evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our internal controls over financial reporting were not effective as of November 30, 2012 and were subject to material weakness.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis. We have identified the following material weaknesses in our internal control over financial reporting using the criteria established in the COSO, namely:

1. Failing to have an audit committee or other independent committee that is independent of management to assess internal control over financial reporting; and
2. Failing to have a director that qualifies as an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed by our company in

Edgar Filing: Sky Harvest Windpower Corp. - Form 10-Q

the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by our company in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

18

During the three months ended November 30, 2012, our internal control over financial reporting was not subject to any changes.
