PROXY STATEMENT

Information Concerning the Solicitation

This statement is furnished in connection with the solicitation of proxies to be used at the Annual Shareholders Meeting (the "Annual Meeting") of CTI Industries Corporation (the "Company"), an Illinois corporation, to be held at 10:00 a.m. Central Daylight Savings Time on Friday, October 1, 2004, at The Holiday Inn Crystal Lake, 800 South Route 31, Crystal Lake, Illinois 60014. The proxy materials are being mailed to shareholders of record at the close of business on August 6, 2004.

The solicitation of proxies in the enclosed form is made on behalf of the Board of Directors of the Company.

The cost of preparing, assembling and mailing the proxy material and of reimbursing brokers, nominees and fiduciaries for the out-of-pocket and clerical expenses of transmitting copies of the proxy material to the beneficial owners of shares held of record by such persons will be borne by the Company. The Company does not intend to solicit proxies otherwise than by use of the mail, but certain officers and regular employees of the Company or its subsidiaries, without additional compensation, may use their personal efforts, by telephone or otherwise, to obtain proxies.

Quorum and Voting

Only shareholders of record at the close of business on August 6, 2004 are entitled to vote at the Annual Meeting. On that day, there were 1,954,100 shares of Common Stock outstanding. Each share has one vote. A simple majority of the outstanding shares of Common Stock is required to be present in person or by proxy at the meeting for there to be a quorum for purposes of proceeding with the Annual Meeting. The Company's Articles of Incorporation grants the holders of Common Stock the right to elect up to seven total directors, and seven directors will be elected by the Company's Common Stockholders at this meeting. The Common Stock does not possess cumulative voting rights, and the election of directors will be by the vote of a majority of shares of Common Stock present in person or by proxy at the Annual Meeting. Approval of the issuance of shares of

Edgar Filing: CTI INDUSTRIES CORP - Form PRE 14A

the Company's Common Stock under a Standby Equity Distribution Agreement and the ratification of auditors will require the vote of a simple majority of the shares of Common Stock present at the Annual Meeting by person or proxy. Abstentions and withheld votes have the effect of votes against these matters. Broker non-votes (shares of record held by a broker for which a proxy is not given) will be counted for purposes of determining shares outstanding for purposes of a quorum, but will not be counted as present for purposes of determining the vote on any matter considered at the meeting.

A shareholder signing and returning a proxy on the enclosed form has the power to revoke it at any time before the shares subject to it are voted by notifying the Secretary of the Company in writing. If a shareholder specifies how the proxy is to be voted with respect to any

1

of the proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a shareholder fails to so specify with respect to such proposals, the proxy will be voted "FOR" the nominees for directors contained in these proxy materials, "FOR" proposal 2, "FOR" proposal 3 and "FOR" proposal 4.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including but not limited to those

7

matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU ss.380). Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors of the Company is composed of three members of the Board of Directors. The Compensation Committee is responsible for establishing the standards and philosophy of the Board of Directors regarding executive compensation, for reviewing and evaluating executive compensation and compensation programs, and for recommending levels of salary and other forms of compensation for executives of the Company to the Board of Directors. The full Board of Directors of the Company is responsible for setting and administering salaries, bonus payments and other compensation awards to executives of the Company.

Compensation Philosophy

The philosophy of the Compensation Committee, and of the Board of Directors of the Company, regarding executive compensation includes the following principal components:

To attract and retain quality executive talent, which is regarded as critical to the long and short-term success of the Company, in substantial part by offering compensation programs which provide attractive rewards for successful effort.

To provide a reasonable level of base compensation to senior executives.

To create a mutuality of interest between executive officers of the Company and shareholders through long-term compensation structures, particularly stock option programs, so that executive officers share the risks and rewards of strategic decision making and its effect on shareholder value.

The Compensation Committee has recommended, and the Board of Directors has determined, to take appropriate action to comply with the provisions of Section 162(m) of the Internal Revenue Code so that executive compensation will be deductible as an expense to the fullest extent allowable.

10

The Company's executive compensation program consists of two key elements: (i) an annual component consisting of base salary and (ii) a long-term component, principally stock options.

Annual Base Compensation

The Compensation Committee recommends annual salary levels for each of the Named Executives, and for other senior executives of the Company, to the Board of Directors. The recommendations of the Compensation Committee for base salary levels for senior executives of the Company are determined annually, in part, by evaluating the responsibilities of the position and examining market compensation levels and trends for similar positions in the marketplace. Additional factors which the Compensation Committee considers in recommending annual adjustments to base salaries include: results of operation of the Company, sales, shareholder returns, and the experience, work-performance, leadership and team building skills of each executive. The Company receives information from the Chief Executive Officer with regard to these matters. While each of these factors is considered in relatively equal weight, the Compensation Committee does not utilize performance matrices or measured weightings in its review. Each year, the Compensation Committee conducts a structured review of base compensation of senior executives with input from the Chief Executive

Edgar Filing: CTI INDUSTRIES CORP - Form PRE 14A

Officer.

Long-Term Component - Stock Options

The long-term component of compensation provided to executives of the Company has been in the form of stock options. The Compensation Committee has recommended to the Board of Directors that a significant portion of the total compensation to executives be in the form of incentive stock options. Stock options are granted with an exercise price equal to or greater than the fair market value of the Company's Common Stock on the date of the grant. Stock options are exercisable between one and ten years from the date granted. Such stock options provide incentive for the creation of shareholder value over the long-term since the full benefit of the compensation package for an executive cannot be realized unless an appreciation in the price of the Company's Common Stock occurs over a specified number of years.

The magnitude of the stock option awards are determined annually by the Compensation Committee and the Board of Directors. Generally, the number of options granted to an executive has been based on the relative salary level of the executive.

On October 12, 2002, incentive stock options to purchase up to 14,285, 8,928, 5,952 and 5,952 shares of the Company's Common Stock were granted to Messrs. Howard Schwan, Brent Anderson, Stephen M. Merrick and John Schwan, respectively, under the 2002 Stock Option Plan (the "2002 Plan"). In addition, on October 12, 2002, non-qualified stock options to purchase up to 2,926 shares of the Company's Common Stock were granted to each of Messrs. Stan Brown and Bret Tayne respectively, under the 2002 Stock Option Plan, and incentive stock options to purchase up to 5,000 shares of the Company's Common Stock were granted to Timothy Patterson under the 2002 Stock Option Plan on December 31, 2003.

There were no other stock options granted to any of the Named Executives in 2001, 2002 or 2003.

CEO Compensation

The Compensation Committee utilizes the same standards and methods for recommending annual base compensation for the Chief Executive Officer of the Company as it does for other senior executive officers of the Company.

In 1997, the Company entered into an Employment Agreement with Howard W. Schwan, President of the Company, providing that Mr. Schwan's base annual compensation would not be less than \$135,000. During 2001, 2002 and 2003, upon the recommendation of the Compensation Committee, the base salary of Mr. Schwan was \$150,000, \$162,500 and \$162,500 respectively. In 2001, 2002 and 2003, annual incentive compensation was paid to Mr. Schwan in the amounts of \$5,000, \$8,100 and \$5,520, respectively.

The Compensation Committee recommended that Mr. Schwan (and other senior executives of the Company), receive incentive stock options, consistent with observed market practices, so that a significant portion of his total compensation will be based upon, and consistent with, returns to shareholders. In 2002, Mr. Schwan was granted incentive stock options to purchase up to 14,285 shares of the Company's Common Stock.

PROPOSAL TWO - APPROVAL OF THE ISSUANCE OF 1,400,375 ADDITIONAL SHARES OF THE CORPORATION'S COMMON STOCK IN CONNECTION WITH A STANDBY EQUITY DISTRIBUTION AGREEMENT BETWEEN THE CORPORATION AND CORNELL CAPITAL PARTNERS, L.P.

Summary

On July 1, 2004, the Company entered into an Standby Equity Distribution Agreement with Cornell Capital Partners, L.P. (the "SEDA"). Pursuant to the SEDA, the Company may, at its sole discretion, periodically sell to Cornell Capital Partners shares of common stock for a total purchase price of up to \$5 million. For each share of common stock purchased under the SEDA, Cornell Capital Partners will pay 100% of the volume weighted average price of the Company's common stock on the NASDAQ SmallCap Stock Market (or other principal market on which the Company's common stock is traded) for the five days immediately following the notice date for the advance. Cornell Capital Partners is a private limited partnership whose business operations are conducted through and whose investment decisions are made by its general partner, Yorkville Advisors, L.L.C. The effectiveness of the sale of the shares under the SEDA is conditioned upon the Company registering the shares of common stock with the Securities and Exchange Commission, which registration has yet to occur. The costs associated with this registration will be borne by the Company. There are no other significant closing conditions to draws under the equity line.

Standby Equity Line Explained

Pursuant to the SEDA, the Company may periodically sell shares of common stock to Cornell Capital Partners to raise capital to fund CTI's working capital needs. The periodic sale of shares is known as an advance. The Company may make a written request for an advance from Cornell every seven trading days. A closing will be held six trading days after such written notice at which time CTI will deliver shares of common stock and Cornell Capital Partners will pay the advance amount. There are no closing conditions for any of the draws other than the written notice and associated correspondence. The Company is limited, however, on its ability to request advances under the SEDA based on the number of shares it has registered on its registration statement, the number of shares CTI has authorized and the market price of CTI Industries Corporation's Common Stock. For example, at an assumed marketing price of \$2.50, the Company would only be able to draw net proceeds of \$4,375,000 under the SEDA with all of the 1,750,000 shares CTI is planning to register.

The Company may request advances under the SEDA once the underlying shares are registered with the Securities and Exchange Commission. Thereafter, CTI may continue to request advances until Cornell Capital Partners has advanced \$5 million or 24 months after the effective date of the registration statement, whichever occurs first.

The amount of each advance is subject to a maximum amount of \$100,000, and CTI may not submit an advance within seven trading days of a prior advance.

Edgar Filing: CTI INDUSTRIES CORP - Form PRE 14A

Advances totaling more

16

than \$400,000 may not be requested in any 30 day period. The amount available under the SEDA is not dependent on the price or volume of the Company's common stock. The Company's ability to request advances is otherwise only conditioned upon its registering the shares of common stock with the Securities and Exchange Commission. In addition, the Company may not request advances if the shares to be issued in connection with such advances would result in Cornell Capital Partners owning more than 9.9% of CTI's outstanding common stock. Cornell Capital Partners' beneficial ownership of CTI common stock is presently less than 1%.

The Company does not have any agreements with Cornell Capital Partners regarding the distribution of stock it will purchase from the Company under the SEDA.

The Company cannot predict the actual number of shares of common stock that will be issued pursuant to the SEDA, in part, because the purchase price of the shares will fluctuate based on prevailing market conditions and the Company has not determined the total amount of advances it intends to draw. Nonetheless, the Company can estimate the number of shares of its common stock that will be issued using certain assumptions. Assuming the Company issued the number of shares of common stock it intends to register at a recent price of \$2.50 per share, the Company would issue 1,750,000 shares of its common stock to Cornell Capital Partners for gross proceeds of \$4,375,000. These shares would represent approximately 47% of CTI's total outstanding common stock upon issuance.

There is an inverse relationship between the Company's stock price and the number of shares to be issued under the SEDA. That is, as the Company's stock price declines, it would be required to issue a greater number of shares under the SEDA for a given advance. This inverse relationship is demonstrated by the following table, which shows the number of shares to be issued under the SEDA at a recent price of \$3.50 per share and \$3.00, \$2.50 and \$2.25 per share.

Purchase Price	\$ 3.50	\$ 3.00	\$ 2.50	\$ 2.25
No. of Shares (1)	1,428,571	1,666,666	1,750,000	1,750,000
Total Outstanding (2)	3,402,671	3,640,766	3,724,100	3,724,100
Percent Outstanding(3)	42%	45.8%	47%	47%
Net Cash to CTI:	\$5,000,000	\$5,000,000	\$4,375,000	\$3,937,500

- (1) Represents the number of shares of common stock to be issued to Cornell Capital Partners, L.P. under the SEDA at the prices set forth in the table
- (2) Represents the total number of shares of common stock outstanding after the issuance of the shares to Cornell Capital Partners, L.P. under the SEDA and the shares issued to them as a commitment fee.
- (3) Represents the shares of common stock to be issued as a percentage of the total number shares outstanding.

Proceeds used under the SEDA will be used for general corporate purposes. The Company cannot predict the total amount of proceeds to be raised in this transaction because it has not determined the total amount of the advances it intends to or may draw.

17

Edgar Filing: CTI INDUSTRIES CORP - Form PRE 14A

The Company expects to incur expenses of approximately \$55,000 in connection with the registration of the shares, consisting primarily of professional fees. In connection with the SEDA, Cornell Capital Partners has received a commitment fee in the form of Fourteen Thousand One Hundred Sixty-Two (14,162) shares of CTI common stock on July 1, 2004 and will receive an additional commitment fee of Fifty Thousand Dollars (\$50,000) worth of CTI common stock (approximately Twenty Thousand (20,000) shares) upon the registration of the shares under the SEDA (based on a value of \$2.50 per share). Newbridge Securities Corporation, the Company's placement agent for the shares, received Three Thousand-Five-Hundred (3,500) shares of the Company's Common Stock. Further, under the SEDA, the Company has agreed to pay Cornell Capital Partners' legal fees in the transaction of Fifteen Thousand Dollars (\$15,000), which fee has been included in the Company's estimate of expenses above, as well as a 5% commitment fee for the value of each draw by the Company under the SEDA.

Rule 4350 (i) (1) (D) of the National Association of Securities Dealers rules of Corporate Governance (a rule to which the Company is subject) provides that approval of a majority of shareholders voting in person or by proxy is required in all circumstances where a transaction involving the sale, issuance or potential issuance of 20% or more of the total number of outstanding shares of a corporation's voting stock is proposed to take place. Thus, shareholder approval of the issuance of more than Three Hundred Eighty Seven Thousand, Two Hundred Eighty-Seven (387,287) shares of the Company's Common Stock under the SEDA is being sought in this Proposal 2 because the maximum number of shares of the Company's Common Stock that is potentially issuable thereunder (1,787,662) exceeds 20% of the total number issued and outstanding shares of Common Stock (1,936,438) of the Company prior to any transaction or stock issuance made in connection with the SEDA. The Company's Board of Directors has determined that the twofold potential increase in the Company's operating capital and shareholder liquidity that it believes would likely result from advances under the SEDA would be a benefit that would far outweigh the transactional costs associated with the SEDA's implementation.

If this Proposal 2 to this Proxy Statement is not approved by a majority of the Company's shareholders, voting either in person or by proxy, the Company will not be able to avail itself of advances from the issuance of more than Three Hundred Forty-Nine Thousand Six Hundred Twenty-Five (349,625) shares of its Common Stock to Cornell Capital Partners, LP under the SEDA. In the event of non-approval, neither the Company's initial payment of 14,162 shares of its Common Stock and \$15,000 (in reimbursed legal costs) to Cornell Capital Partners, LP will be recoverable, nor will the 3,500 shares of Common Stock the Company has paid to Newbridge Securities Corporation, nor the approximate additional \$40,000 in legal and accounting fees incurred by the Company in connection with the preparation of a registration statement for the SEDA shares be recoverable. The Company would also remain obligated to remit the additional \$50,000 of shares of the Company's Common Stock to Cornell Capital Partners, LP if any of the shares under the SEDA are registered with the Securities and Exchange Commission. The Company presently intends to register for issuance up to 387,287 shares of Common Stock under the SEDA even if shareholder approval is not obtained for this Proposal 2.

A true and correct copy of the Company's SEDA Agreement with Cornell Capital Partners, LP is attached to this Proxy as Exhibit C.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF THE ISSUANCE OF 1,400,375 ADDITIONAL SHARES OF THE COMPANY'S COMMON STOCK UNDER THE SEDA.
