I. APPROVAL OF A LOAN AGREEMENT WITH MR. HOWARD P.L. YEUNG, OUR CONTROLLING SHAREHOLDER, OR AN ENTITY OWNED BY HIM (Item 1 on the Proxy Card)

Under the Israeli Companies Law, the terms of an extraordinary transaction with a controlling shareholder must be approved by the audit committee, board of directors and the general meeting of shareholders.

In order to facilitate the further development of our capabilities relating to our inertial navigation systems technology, or the INS Technology, we have requested Mr. Yeung, our controlling shareholder, or a company owned by him to provide us with funding of up to US\$1,500,000, or the Loan Facility. For the purpose of this Item 1, the "Lender" refers to Mr. Yeung or a company owned by him, as applicable, and the "Loan Transaction" refers to the transaction under which the Lender will make the Loan Facility available to us. The funding under the Loan Transaction will provide us with the necessary cash flow to finance the further research and development of the INS Technology, including for the purchase of the necessary equipment.

The terms of the proposed Loan Transaction are as follows:

- o The Loan Facility will be available to us for drawdown in two installments as follows: (i) US\$1,000,000 will be provided immediately (without notice) upon the approval of the Loan Transaction by our shareholders to be obtained at the Meeting, and (ii) an additional amount of up to \$500,000 will be provided within seven business days of our written request, which may be submitted not earlier than six months following the date of the Meeting and not later than nine months following the date of the Meeting. For the description in this Item 1 below, "Principal Amount" refers to such amount of the Loan Facility actually provided to us by the Lender.
- o Interest at the rate of six months LIBOR+3% per annum will accrue on the outstanding Principal Amount. Interest will be paid in quarterly installments, in arrears on the first business day of each calendar

Edgar Filing: RADA ELECTRONIC INDUSTRIES LTD - Form 6-K

quarter.

- o The Principal Amount will be repaid as follows: six consecutive quarterly payments of US\$15,000 each will be paid commencing July 1, 2009, and the balance of the Principal Amount will be paid in eight equal quarterly installments commencing as of April 1, 2011.
- o All or any part of the outstanding Principal Amount and accrued interest may be prepaid by us at any time without payment of any fees or fines. We will pay any excess cash we may have on account of the early repayment of the outstanding Principal Amount and accrued interest, in accordance with a formula that will be agreed between the parties. The excess cash will be determined on a periodic basis pursuant to a formula that will be agreed between us and the Lender. It is proposed that our audit committee and board of directors will be authorized to determine and approve the formula for determining the existence of excess cash flow.
- o The repayment of the Principal Amount and all accrued interest when due will be secured by the following: (i) subject to the consent of those banks that have a first priority lien and security interests in our now owned or hereafter acquired assets at the time the Loan Transaction is entered into, a second priority lien and security interest in all of our assets, ranking after the existing first priority lien in favor of our banks; and (ii) subject to the approval of those banks that have, at the time the Loan Transaction is entered into, a first priority lien and security interests in our now owned or hereafter acquired assets, a second priority lien and security interest in our shares of the joint venture company that we intend to establish with the Lender for the commercialization of certain of our technologies for non-military/commercial use (see Item 2 below).
- o Subject to the approval of the Israeli Ministry of Defense, or the IMOD, the Lender will be granted a non-exclusive license (including the right to sublicense and transfer the license) to use the INS Technology for non-military/commercial purposes. The non-exclusive license will automatically convert to an exclusive license should we default on any of our obligations under the Loan Transaction. We agreed to use our good faith best efforts to obtain the IMOD approval and any other approvals, including export licenses, required for the foregoing.

4

The Lender is not obliged to make the Loan Facility available to us and enter into the Loan Transaction if the proposed joint venture between us and the Lender presented to the shareholders for approval under Item 2 below is not approved by the shareholders at the Meeting.

Our Audit Committee and Board of Directors believe that the Loan Transaction is in the best interests of our company and our shareholders. Accordingly, our Audit Committee and Board of Directors recommend that the shareholders vote in favor of the proposal.

It is therefore proposed that at the Meeting the shareholders adopt the following resolution:

RESOLVED, that the loan transaction by and between the Company and Mr. Howard P.L. Yeung, our controlling shareholder, or an entity owned by him,

Edgar Filing: RADA ELECTRONIC INDUSTRIES LTD - Form 6-K

for a loan facility in the principal amount of up to US\$1,500,000, in accordance with the terms and conditions set forth in the proxy statement for the extraordinary general meeting of shareholders, be and hereby is approved.

Pursuant to the Israeli Companies Law, the affirmative vote of the holders of a majority of the ordinary shares represented at the Meeting, in person or by proxy, entitled to vote and voting thereon, is required to approve the foregoing resolutions, provided that either (i) the shares voting in favor of such resolutions (excluding the vote of abstaining shareholders) include at least one-third of the non-interested shareholders with respect to such proposal represented and voting on the matter, or (ii) the total shareholdings of the non-interested shareholders with respect to such proposal who vote against the resolutions (excluding the vote of abstaining shareholders) must not represent more than 1% of the voting rights in our company. Under the Israeli Companies Law, a "personal interest" (i) includes the personal interest of a relative of the shareholder (including spouse thereof); (ii) includes the personal interest of a corporation in which the shareholder or relative (including spouse thereof) serves as a director or the chief executive officer, owns at least 5% of the shares, or has the right to appoint a director or the chief executive officer; and (iii) excludes an interest arising solely from the ownership of the company's ordinary shares.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE FOREGOING RESOLUTION.

II. APPROVAL OF A JOINT VENTURE WITH MR. HOWARD P.L. YEUNG, OUR CONTROLLING SHAREHOLDER, OR AN ENTITY OWNED BY HIM, FOR THE COMMERCIALIZATION OF CERTAIN OF OUR TECHNOLOGIES FOR NON-MILITARY/COMMERCIAL USE (Item 2 on the Proxy Card)

Under the Israeli Companies Law, the terms of an extraordinary transaction with a controlling shareholder must be approved by the audit committee, board of directors and the general meeting of shareholders.

It is proposed that we and Mr. Yeung, our controlling shareholder, or an entity owned by him establish a joint venture under which we will combine certain of our respective resources to identify, develop and commercialize products for non-military/commercial use, utilizing our technology and know-how that might be derived from our technology base and financial support from Mr. Yeung or an entity owned by him. Initially, the joint venture will focus on the development and commercialization of our INS Technology for non-military/commercial use. Subject to the mutual agreement of both parties and the receipt of all applicable consents and approvals, including the approval of our audit committee, board of directors and, to the extent necessary, the approval of our shareholders, the joint venture may in the future focus on the commercialization of other technologies for non-military/commercial use. We believe that such joint venture will increase our non-military/commercial revenues and will also generate returns for Mr. Yeung.

5

The structure of the proposed joint venture is as follows:

- o We will establish a special purpose vehicle, or SPV, for the joint venture, in the form of a limited liability company as soon as practicable following the receipt of shareholder approval. The SPV would be equally owned by us and Mr. Yeung or an entity owned by Mr. Yeung. The foreign jurisdiction of the SPV will be determined, among

Edgar Filing: RADA ELECTRONIC INDUSTRIES LTD - Form 6-K

other things, based on local tax laws that would be applicable to the SPV and its shareholders. Based on business efficacy, we will determine whether to use one SPV for the development of each technology or establish additional SPVs.

- o The SPV will develop products for non-military/commercial use either directly or by subcontracting the research and development and manufacturing to us on commercial terms or by subcontracting such work to third parties or by licensing third parties.
- o Due to the nature of our business, the sale of products classified as for military and non-military use, such as products incorporating INS Technology, and the export of certain of our products and know-how is subject to approval by the IMOD, and the IMOD's approval of the end user of our products may also be required in certain circumstances. We will use our good faith best efforts to obtain all necessary IMOD approvals should any be required. Similarly, we will use our good faith best efforts to obtain any other third party approvals, including export licenses, and corporate approvals required to effect the actions described in this Item 2, pursuant to applicable law.
- o All specific commercial arrangements between us, the SPV and Mr. Yeung or the entity owned by him (including agreements between the SPV and Mr. Yeung or any company owned by him) will be made at arms length. As long as Mr. Yeung is our controlling shareholder, such commercial arrangements will be subject to the prior approval of our Audit Committee, Board of Directors and shareholders, pursuant to the provisions of the Israeli Companies Law. We will use our good faith best efforts to obtain any corporate approvals required to effect the commercial arrangements pursuant to applicable law.
- o We will contribute non-military products and know-how related to the INS Technology by the grant to Mr. Yeung or an entity owned by him of a non-exclusive license to use such products and know-how for non-military/commercial use. In the event that we default on any of our obligations under the loan to be provided to us by Mr. Yeung or an entity owned by him, as proposed under Item 1 above, the non-exclusive license will convert to an exclusive license. The license will include the right to sublicense and transfer the non-exclusive license to the SPV. Mr. Yeung or the entity owned by him will sublicense to the SPV the non-exclusive license granted by us for non-military use/commercial use of the INS Technology, and such sublicense will be subject to termination in the event that we default on any of our obligations under the loan agreement to be entered into with the Mr. Yeung or an entity owned by him, as described in Item 1 above Upon repayment in full of the loan to be provided to us by Mr. Yeung or the entity owned by him (see Item 1 above), Mr. Yeung or the entity owned by him will transfer the non-exclusive license to the SPV, unless otherwise agreed between the parties.
- o We will receive royalty payments on revenues from sales of the SPV's products and services. In addition, we will receive payment for any services that we may provide to the SPV, including any product engineering services. Any products developed for the SPV will be owned solely by the SPV. Mr. Yeung or the entity owned by him will receive a fee for managing and marketing the SPV, as well as any other services they may provide to the SPV, as will be agreed between the parties.
- o The SPV will be entitled to grant non-exclusive licenses for the non-military/commercial use of the INS Technology to third parties, some of which may be affiliated to and/or funded by Mr. Yeung. Financial recognition may be provided to either of the parties, as

Edgar Filing: RADA ELECTRONIC INDUSTRIES LTD - Form 6-K

applicable, for the introduction of a licensee, as will be agreed between the parties on a case by case basis.

6

- o The SPV will strive to pay to its shareholders dividends or other tax efficient payments to the extent commercially prudent.

Our Audit Committee and Board of Directors believe that the joint venture is in the best interests of our company and our shareholders. Accordingly, our Audit Committee and Board of Directors recommend that the shareholders vote in favor of the proposal.

It is therefore proposed that at the Meeting the shareholders adopt the following resolution:

RESOLVED, to approve the establishment of a joint venture with Mr. Yeung or an entity owned by him in the manner and in accordance with the terms and conditions set forth in the proxy statement for the extraordinary general meeting of shareholders, and to authorize the Company's Audit Committee and Board of Directors to determine and approve all commercial arrangements between the Company, Mr. Yeung or an entity owned by him and the special purpose vehicle established for the joint venture and other transactions in which Mr. Yeung may be deemed to have personal interest under the Israeli Companies Law in connection with such special purpose vehicle, provided all such arrangements, agreements and transactions are on market terms and are entered into prior to June 30, 2010.

Pursuant to the Israeli Companies Law, the affirmative vote of the holders of a majority of the ordinary shares represented at the Meeting, in person or by proxy, entitled to vote and voting thereon, is required to approve the foregoing resolution, provided that either (i) the shares voting in favor of such resolution (excluding the vote of abstaining shareholders) include at least one-third of the non-interested shareholders with respect to such proposal represented and voting on the matter, or (ii) the total shareholdings of the non-interested shareholders with respect to such proposal who vote against the resolution (excluding the vote of abstaining shareholders) must not represent more than 1% of the voting rights in our company. Under the Israeli Companies Law, a "personal interest" (i) includes the personal interest of a relative of the shareholder (including spouse thereof); (ii) includes the personal interest of a corporation in which the shareholder or relative (including spouse thereof) serves as a director or the chief executive officer, owns at least 5% of the shares, or has the right to appoint a director or the chief executive officer; and (iii) excludes an interest arising solely from the ownership of the company's ordinary shares

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE FOREGOING RESOLUTION.

III. APPROVAL OF GRANT OF OPTIONS TO FOUR OF OUR DIRECTORS TO PURCHASE AN AGGREGATE 261,000 ORDINARY SHARES (Item 3 on the Proxy Card)

Our directors (other than our outside directors within the meaning of Israeli law) do not receive any fees for, and we do not reimburse them for expenses they incur in connection with, their services as members of our Board of Directors. In consideration for their valuable contributions to our company and to provide them with an incentive to continue to contribute to the development and promotion of our business, on March 9, 2004 our shareholders

Edgar Filing: RADA ELECTRONIC INDUSTRIES LTD - Form 6-K

approved the grant of options to purchase a total of 258,000 ordinary shares to four of our directors Messrs. Adrian Berg, Roy Chan, Ben-Zion Gruber and Herzle Bodinger. All such options were granted under our 2003 Israeli Share Option Plan and are now fully vested. The exercise price of the options is \$4.02 per share, which, except for limited periods of time, exceeded the market price of our ordinary shares and the directors have not exercised any of the options to date.

In order to enhance the incentive of such four directors to continue to serve on our Board of Directors and to continue to contribute to our business, our Audit Committee and Board of Directors have approved, with the agreement of the four directors, that all of the foregoing options will be canceled and, subject to shareholder approval, to grant to such four directors new options to purchase a total of 261,000 ordinary shares, under our 2003 Israeli Share Option Plan. Of such options, options to purchase 85,000 ordinary shares will be granted to Mr. Adrian Berg, options to purchase 58,000 ordinary shares will be granted to Mr. Roy Chan, options to purchase 18,000 ordinary shares will be granted to Mr. Ben-Zion Gruber and options to purchase 100,000 ordinary shares will be granted to Mr. Herzle Bodinger. The exercise price of the options will be the higher of: (i) the closing price of our ordinary shares on the NASDAQ Capital Market on the date of the Meeting; or (ii) the average close price of our ordinary shares on the NASDAQ Capital Market during the last 30 trading days immediately prior to the Meeting. All of the options will expire on January 26, 2013 and will vest as follows: 25% of the options will vest on January 1, 2009, an additional 40% will vest in four equal installments of 10% each on the last date of each calendar quarter commencing on March 31, 2009, and the remaining 35% will vest in two equal installments of 17.5% each on March 31, 2010 and June 30, 2010 respectively.

7

The Israeli Companies Law requires that the terms of compensation (including option grants) of directors be approved by the audit committee, board of directors and shareholders.

It is therefore proposed that at the Meeting the shareholders will adopt the following resolution:

RESOLVED, that the grant of options to our directors Messrs. Adrian Berg, Roy Chan, Ben-Zion Gruber and Herzle Bodinger to purchase an aggregate 261,000 ordinary shares in such amounts and in accordance with the terms and conditions set forth in the proxy statement for the extraordinary general meeting of shareholders, be and is hereby approved.

Under the Companies Law the affirmative vote of the holders of a majority of the ordinary shares represented at the Meeting, in person or by proxy, entitled to vote and voting thereon, will be necessary for shareholder approval of the foregoing resolution.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE FOREGOING RESOLUTION.
