FIRST QUARTER 2010

Based on preliminary information for the first quarter ended March 31, 2010, the

with our expected 40 percent increase in operating profit over the first quarter
of 2009 which represents more than a 70 percent increase over the previous

our market reach in Israel and in the U.S. Revenue from new products introduced

Willi-Food brand, and we continue to see expanding sales volume as a direct
result of these marketing efforts. Sales generated by our newly established
export division in Israel are also adding to our top line. We remain committed
to our strategy of expanding marketing channels for our higher-margin products
in the U.S. and Israeli markets and on promoting our broad base of kosher
products to health-conscious consumers across Europe, Israel and in the United
States."
