## Management Comment

Roy Porat, Camtek's Chief Executive Officer, commented: "We are very pleased with our strong results and it is a great start for 2011. This quarter's success was the result of our continuous efforts in reshaping our business that started eight quarters ago and has resulted in gradual growth since then. The growth has cemented our sound position in our legacy inspection businesses in the back-end semiconductor and PCB industries. We are also now moving from proving feasibility to actually establishing a position with our new front-end semiconductor inspection and sample preparation product lines."

Mr. Porat concluded: "For the second quarter of 2011, we anticipate flat to moderate growth with revenues of between \$27-29 million."
