Only shareholders of record at the close of business on September 17, 2014 (the "Record Date") will be entitled to participate in and vote at the AGM, subject to the restrictions in the Company's Articles of Association, as set forth in the attached Proxy Statement. The Israeli Companies Regulations (Deeds of Vote and Position Notices) (2005), as amended, state that shareholders who will not attend the AGM in person may vote with respect to items 4-6, 7(ii), 8 and 9 on the agenda by completing the second part of the Hebrew form of the Deed of Vote (ktav hatzba'a). For the shareholders' convenience, items 1-3 and 7(i) on the agenda are also included in the Deed of Vote (although said items are not subject to the provisions of such regulations), and an English convenience translation of the Deed of Vote is included. Under such regulations, the shareholders may also submit a position notice (hodaat emda) to the Company's offices (envelope marked clearly as "position notice", to the Company Secretary, at the address stated above) in respect of items 4-6, 7(ii), 8 and 9 on the agenda, no later than ten (10) days following the Record Date (September 27, 2014). The deadline for submission of the Board of Directors' response to such position notices is October 9, 2014. Changes to the AGM agenda may be made after the filing of the Deed of Vote, including by adding an item to the agenda following a shareholder request (in accordance with Section 66(b) to the Israeli Companies Law) submitted to the Company no later than September 18, 2014 (seven (7) days following the date of filing the attached Proxy Statement), all in accordance with a recent amendment to the Israeli Companies Regulations (Notice and advertisement regarding a general meeting and a class meeting in a public company and the addition of an item to the agenda) (2000)). In such case, the Company will file an amended agenda and an amended Deed of Vote no later than September 25, 2014. The filing of an amended agenda will not require the change of the Record Date as set forth above and in the attached Proxy Statement. The Hebrew form of the Deed of Vote, the amended agenda and the amended Deed of Vote (both, if any) and position notices are

or will be available on the websites: www.magna.isa.gov.il or www.maya.tase.co.il; and an English convenience translation of the documents is available on Form 6-K at the U.S. Securities and Exchange Commission's EDGAR System <http://www.sec.gov/edgar.shtml>.

Shareholders who will not attend the AGM in person are requested to complete, date and sign the aforementioned form of Deed of Vote distributed herewith (or the amended Deed of Vote, if any) (either the Hebrew or the English version) and to return it promptly (and in any event at least seventy two (72) hours prior to the time of the AGM) to the Company at its address above.

The Company's Articles of Association also allow shareholders registered in the Company's Shareholders Register to appoint a proxy to vote in their stead (whether personally or by means of a Deed of Vote) at the AGM, by means of a Deed of Authorization in the form attached to this Proxy Statement, so long as the Deed of Authorization is delivered to the Company at least seventy two (72) hours prior to the time of the AGM. Shareholders may revoke their Deeds of Authorization by a written notice received at the Company's offices prior to the commencement of the AGM, and vote their shares in person.

Two or more shareholders holding Ordinary Shares conferring in the aggregate at least one-third of our voting rights, present in person or by proxy at the AGM, or who have delivered to us a Deed of Vote, will constitute a lawful quorum at the AGM. Should no lawful quorum be present one half hour following the time set for the AGM, the AGM shall be adjourned to Tuesday, October 28, 2014, at the same time and place.

A shareholder is entitled to contact the Company directly and receive the text of the Deed of Vote (ktav hatzba'a) (or the amended Deed of Vote, if any) and the Position Notices (hodaot emda) (if any).

A shareholder, whose shares are registered with a member of the Tel-Aviv Stock Exchange Ltd. (the "Exchange"), is required to prove his share ownership to vote at the AGM. Such shareholder shall provide the Company with an ownership certificate (as of the Record Date) from that Exchange member and is entitled to receive the ownership certificate in the branch of the Exchange member or by mail to his address (in consideration of mailing fees only), if the shareholder so requested. Such a request will be made in advance for a particular securities account.

A shareholder, whose shares are registered with an Exchange member, is entitled to receive from the Exchange member who holds the share on the shareholder's behalf, by e-mail, for no charge, a link to the text of the Deed of Vote (or the amended Deed of Vote, if any) and to the Position Notices (if any) posted on the Israel Securities Authority website, unless the shareholder notified that he is not so interested; provided, that the notice was provided with respect to a particular securities account, prior to the Record Date.

For information regarding compensation on an individual basis for the Company's five Office Holders with the highest compensation for the year 2013, please see the Company's Annual Report on Form 20-F for the year ended December 31, 2013 "Item 6. ITEMS 1 AND 2

RE-APPOINTMENT OF AUDITOR AND DISCUSSION OF ITS
REMUNERATION

Under the Israeli Companies Law and the Company's Articles of Association, the shareholders of the Company are authorized to appoint the Company's auditor, and the Board of Directors is authorized to determine the auditor's remuneration. Under the Company's Articles of Association, the Board of Directors is required to report the auditor's remuneration to the shareholders and the shareholders are required to discuss that report. In addition, the approval by the Audit Committee of the auditor's re-appointment and remuneration is required under the Nasdaq Corporate Governance Rules.

The Audit Committee has approved, and the Board of Directors has recommended, to re-appoint Kesselman & Kesselman, independent certified public accountants in Israel and a member of the PricewaterhouseCoopers International Limited group ("Kesselman & Kesselman"), as auditor of the Company for the period ending at the close of the next annual general meeting.

The Audit Committee and the Board of Directors have determined that the remuneration of Kesselman & Kesselman, the Company's auditor, for the year ended December 31, 2013, and its affiliates will be NIS 2,112 thousand for audit fees (including SOX audit), NIS 293 thousand for audit-related fees, and NIS 329 thousand for tax fees. Partner has agreed to indemnify Kesselman & Kesselman and their personnel from any and all third party claims, liabilities, costs and expenses, including reasonable attorney's fees, arising from or relating to services rendered under the Tax Services engagement letter for the year 2013, except to the extent finally determined to have resulted from the gross negligence, willful misconduct or fraudulent behavior of Kesselman & Kesselman relating to such services.

It is proposed that at the AGM the following resolution be adopted:

1. "RESOLVED: to re-appoint the Company's auditor, Kesselman & Kesselman, as the auditor of the Company for the period ending at the close of the next annual general meeting."

The vote of the holders of a majority of the Ordinary Shares participating in the AGM and voting on the matter is required for the approval of this resolution.

The Board of Directors recommends a vote FOR approval of this proposed resolution.

It is proposed that at the AGM the following matter be discussed:

2. "The remuneration of the auditor and its affiliates for the year 2013 as determined by the Audit Committee and by the Board of Directors and the report by the Board of Directors of the remuneration of the auditor and its affiliates for the same period are hereby noted."

No vote of the holders of Ordinary Shares is required in connection with discussion of this item 2.

ITEM 3

DISCUSSION OF THE COMPANY'S AUDITED FINANCIAL STATEMENTS

The Audit Committee has approved (pursuant to the Nasdaq Corporate Governance Rules) and recommended, and the Board of Directors has approved (pursuant to the Israeli Companies Law), the audited financial statements of the Company for the year ended December 31, 2013, attached hereto as Annex "A". Under the Israeli Companies Law and the Company's Articles of Association, shareholders' discussion is required for both the financial statements and the related report of the Board of Directors, which is attached hereto as Annex "B". A representative of the Company's auditor, Kesselman & Kesselman, is expected to be present at the AGM, and will be available to respond to appropriate questions of shareholders.

It is proposed that at the AGM the following matter be discussed:

"The audited financial statements of the Company for the year ended December 31, 2013 and the report of the Board of Directors for such period are hereby noted."

No vote of the holders of Ordinary Shares is required in connection with discussion of this item 3.

ITEM 4

RE-ELECTION OF THE COMPANY'S DIRECTORS, APPROVAL OF COMPENSATION AND RELATED MATTERS

Under the Israeli Companies Law, the directors of the Company (other than the external directors (Dahatzim) who generally serve for three year terms) shall be appointed at the annual general meeting, unless otherwise provided in the Company's Articles of Association. The elected directors shall commence their terms at the close of the AGM and serve in office until the close of the next annual general meeting, unless their office becomes vacant earlier in accordance with the provisions of the Israeli Companies Law and the Company's Articles of Association or unless otherwise provided in the Company's Articles of Association.

In accordance with Section 22.3A of the Company's General License for the Provision of Mobile Radio Telephone Services using the Cellular Method in Israel dated April 7, 1998, as amended (the "License"), and with Article 23.2.6 of the Company's Articles of Association, notwithstanding any other provision of the Articles of Association, a Qualified Israeli Director (as defined in the Articles of Association) shall be appointed as a member of the Board of Directors, and may be removed from such office, only upon written notice to the Company Secretary of his or her appointment or removal by Founding Israeli Shareholders holding Minimum Israeli Holding Shares (as both terms are defined in the Articles of Association) (the "Founding Israeli Shareholders"). The Founding Israeli Shareholders have appointed Ms. Osnat Ronen as a Qualified Israeli Director on or prior to December 8, 2009. Ms. Ronen has been a director in the Company since December 2009 and is currently a member of the Security Committee. Ms. Ronen served as a General Partner of Viola Private Equity from January 2008 until March 2013. From 2001 until 2007, Ms. Ronen was the Deputy Chief Executive Officer of Leumi Partners Ltd., the investment banking services arm of the Leumi Group, where she was responsible for the Group's Private Equity portfolio. Between 2004 and 2007, Ms. Ronen led the strategic planning, deployment and execution of the Bachar Reform, one of Israel's largest financial reforms, at Leumi Group. As part of the implementation, Ms. Ronen managed the sale of Leumi's holdings in mutual, provident and training funds. Prior to these positions, Ms. Ronen served as Deputy Head of the Subsidiaries Division of the Leumi Group from 1999 until 2001. Ms. Ronen serves on the Board of Directors of Mizrahi-Tefahot Bank Ltd. and Fox-Wizel Ltd. and also serves as an advisor to Liquidnet, Inc. and leading its activity in Israel. Ms. Ronen served on

the Board of Directors of several companies including: the Paz Group, Direct-I.D.I. Insurance Company Ltd., Leumi Card Ltd., Arab Israeli Bank, Orad Hi-tech Ltd., Amiad Filtration Systems Ltd., Aeronautics Ltd., Degania Medical Ltd., Matomy Media Group Ltd. and Leumi Mortgage Bank. Ms. Ronen holds a B.Sc. in mathematics and computer science and an M.B.A., both from Tel Aviv University. To the best knowledge of the Company and the Company's Directors, Ms. Ronen is not a Family Member of another Interested Party (as both terms are defined in the Israeli Securities Law (1968) (as amended) (the "Israeli Securities Law") in the Company. No further notice of appointment or removal of a Qualified Israeli Director was received by the Company from the Founding Israeli Shareholders. Ms. Ronen's re-appointment is not brought to the shareholders approval at the AGM and she continues to be a Qualified Israeli Director, until a contrary notice is duly received by the Company from the Founding Israeli Shareholders pursuant to the Company's Articles of Association (unless her office becomes vacant earlier in accordance with the provisions of the Israeli Companies Law and the Company's Articles of Association).

Under the Company's Articles of Association, the Board of Directors has the right to elect any person as a director and to fill an office which becomes vacant. Any director elected in such manner shall serve in office until the close of the coming annual general meeting and may be re-elected. Accordingly, on May 4, 2014, the Board of Directors has elected Mr. Ori Yaron as a director of the Company. The service of the Mr. Ori Yaron was recommended by S.B. Israel Telecom Ltd., the Company's principal shareholder ("S.B."). As reported in 2012 by Scailex Corporation Ltd. ("Scailex"), S.B. and Scailex (and their respective affiliates) are generally voting in a unified manner (according to a majority vote among them). Additionally, subject to the provisions of any law, S.B. and Scailex agreed to take all action, including their voting power in the shareholders meetings of Partner, to ensure that the composition of Partner's Board of Directors will generally be: a majority of candidates recommended by S.B. and two candidates recommended by Scailex (as long as the cumulative holdings of Scailex and its related parties in Partner is equal to 10% or more of Partner's share capital, or one candidate if such holdings are less than 10% but equal to or greater than 5%, or no candidate if such holdings are less than 5%). On June 29, 2014, Mr. Ilan Ben-Dov, who served as a director of the Company on behalf of Scailex, resigned from the Company's Board of Directors, effective June 29, 2014.

Mr. Adam Chesnoff, Mr. Elon Shalev, Mr. Fred Gluckman, Mr. Sumeet Jaisinghani, Mr. Yoav Rubinstein, Mr. Arieh Saban, Mr. Yahel Shachar, Mr. Arie Steinberg and Mr. Ori Yaron (as also listed in the table below) will terminate their office as directors of the Company as of the end of the AGM. It is proposed to re-elect these directors until the close of the next annual general meeting, unless their office becomes vacant earlier in accordance with the provisions of the Israeli Companies Law and the Company's Articles of Association. No change is hereby made to the service of Ms. Osnat Ronen as a Qualified Israeli Director and to the service of Mr. Barry Ben Zeev (Woolfson) and Dr. Michael Anghel as external directors (Dahatzim) of the Company.

The Company's Board of Directors has determined that the board should include at least three directors who are “accounting and financial experts” under the Israeli Companies Law and regulations promulgated thereunder. Mr. Adam Chesnoff, Dr. Michael Anghel, Mr. Barry Ben Zeev (Woolfson), Mr. Fred Gluckman, Mr. Sumeet Jaisinghani, Ms. Osnat Ronen, Mr. Yoav Rubinstein, Mr. Yahel Shachar and Mr. Arie Steinberg were determined by the Board of Directors to be “accounting and financial experts” under the Israeli Companies Law and regulations promulgated thereunder. Dr. Anghel, Mr. Ben Zeev (Woolfson), Ms. Ronen and Mr. Steinberg also qualify as independent directors according to U.S. law and Dr. Anghel, Mr. Ben Zeev (Woolfson) and Mr. Steinberg also qualify as independent directors under the Israeli Companies Law and regulations promulgated thereunder (bilty taluy).

The Compensation Committee and Board of Directors have considered several factors in connection with the proposed resolutions (in line with amendment no. 20 to the Israeli Companies Law (“Amendment No. 20”)), including the following: (a) that other than the Chairman of the Board of Directors, the directors' compensation should, generally, be in unified amounts (or calculated in a unified manner according to number of meetings, as the case may be) (as customary), and it is not appropriate to adjust it to the circumstances of each director individually; (b) that the Compensation (as defined below) proposed to the directors is appropriate considering their role, the responsibility imposed on them and considering the education, qualifications, expertise and professional experience and accomplishments of each of the directors; (c) that the Compensation should be set according to quantifiable criteria; (d) that as the directors do not hold full-time positions in the Company and as part of the final amount of the Compensation is not yet known (calculated based on participation in meetings), it is irrelevant to compare their Compensation to the compensation of Company employees (or the employees of manpower contractors who are working for the Company); (e) that the Compensation currently payable to directors does not include capital or variable components; (f) that it is meaningless to require a director to repay the Company amounts paid to him based on data that was later restated in the Company's financial statements, as the Compensation is dependent only on the number of meetings and the form of participation (participation in person, by means of communication or in writing); and (g) following approval of the Compensation by the shareholders, it is not appropriate that the directors will have discretion to reduce or otherwise change their own compensation without shareholders' approval.

The Compensation Committee and Board of Directors have noted that paying the proposed Compensation is important to enable the directors to promote the Company's objectives, its business plan and policy in the long term and to create proper and balanced incentives to the directors considering, among other things, the Company's risk-management policy, size and nature of activities. They also noted that paying the proposed Compensation is essential in order to ensure the recruitment and service of appropriate directors, having the qualifications, expertise and experience relevant to serving on the Company's Board of Directors, considering the high exposure faced today by directors in public companies and moreover in companies with securities publicly listed in the USA and in Israel.

It should be noted that the Compensation plan for the Company's directors is in accordance with the Company's Compensation Policy for Office Holders which was approved by the shareholders at the Extraordinary General Meeting of shareholders dated October 17, 2013 (the "Compensation Policy") and is in line with Amendment No. 20.

The Compensation Committee and Board of Directors have noted the respective personal interests of the directors nominated for re-election and of Ms. Osnat Ronen in this matter.

The Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM:

(a) to approve the compensation of Mr. Adam Chesnoff, Mr. Elon Shalev, Mr. Fred Gluckman, Mr. Sumeet Jaisinghani, Ms. Osnat Ronen, Mr. Yoav Rubinstein, Mr. Arie Saban, Mr. Yahel Shachar and Mr. Arie Steinberg, commencing from the close of the AGM, and to approve and ratify the compensation of Mr. Ori Yaron, commencing from the date of his appointment (May 4, 2014), for their respective services to the Company as directors, which is equal to: (i) an annual fee of NIS 180,000 (one hundred and eighty thousand NIS); and (ii) an attendance fee of NIS 4,000 (four thousand NIS) per meeting, applicable from the fifth meeting per year (100% thereof for participation in person, 60% thereof by means of communication, or 50% thereof in writing), in each such case, linked to the Israeli Consumer Price Index published for December 2007, but in any event no less than an aggregate amount per annum equal to U.S. \$50,000 (U.S. Dollars fifty thousand, payable according to the representative exchange rate on the payment date) as previously approved by the shareholders (the "Compensation");

(b) to approve and ratify the reimbursement of reasonable expenses in connection with the performance of their role as directors of each of the directors listed in clause (a) above, as determined by the Compensation Committee. The Compensation Committee discussed the criteria and caps for the reasonable expenses to be reimbursed to directors in connection with the performance of their role on two separate occasions and concluded that the reasonable expenses shall include the following expenses: taxi fare (as needed, upon submission of receipts); in case of international traveling - traveling expenses, including business class airline tickets; hotel expenses (up to a budget of \$300 per night); and additional expenses (Per diem - \$80, communication expenses and travel insurance) (such expenses, as may be updated by a non-significant amount by the Compensation Committee, from time to time, the "Reasonable Expenses"); and

ITEM 5

APPROVAL AND RATIFICATION OF THE GRANT OF INDEMNIFICATION LETTER TO A DIRECTOR

The Israeli Companies Law and the Company’s Articles of Association authorize the Company, subject to the required approvals, to indemnify and to undertake in advance to indemnify directors and other office holders (as such term is defined in the Israeli Companies Law) of the Company for liabilities or expenses he will incur, or that will be imposed on him, as a result of an action or inaction by such person (or together with other directors or office holders of the Company) in his capacity as a director or office holder of the Company. The Israeli Companies Law combined with the Israeli Securities Law authorize indemnification for:

- (i) financial liability incurred or imposed in accordance with a judgment, including a judgment given in a settlement or a judgment of an arbitrator approved by a court; provided, that such liability pertains to one or more of the events set forth in the indemnification letter, which, in the opinion of the Board of Directors of the company, are anticipated in light of the company’s activities at the time of the grant of indemnification and is limited to the sum or measurement of indemnification determined by the Board of Directors to be reasonable under the circumstances and set forth in the indemnification letter;

- (ii) reasonable legal expenses, including attorney fees, incurred or ordered by a court in the context of proceedings filed by or on behalf of the company or by a third party, or in a criminal proceeding in which the director or office holder is acquitted or if convicted, for an offense which does not require criminal intent;
- (iii) reasonable legal expenses, including attorney fees, incurred due to an investigation or proceeding conducted by an authority authorized to conduct such investigation or proceeding and which has ended without the filing of an indictment against the director or office holder and no financial liability was imposed on the director or office holder in lieu of criminal proceedings, or has ended without the filing of an indictment against the director or office holder, but financial liability was imposed on the director or office holder in lieu of criminal proceedings in an alleged criminal offense that does not require proof of criminal intent, within the meaning of the relevant terms in the law or in connection with a financial sanction (Itzum Caspi);
- (iv) Payment to the injured party as a result of a violation set forth in Section 52.54(a)(1)(a) of the Israeli Securities Law, including by indemnification in advance; and
- (v) Expenses incurred in connection with a proceeding (a "Proceeding" - halich) under Chapters H3, H4 or I1 of the Israeli Securities Law, or under Chapter 4 of Part 9 of the Israeli Companies Law, in connection with any affairs including reasonable legal expenses (including attorney fees), including by indemnification in advance.

The Israeli Companies Law combined with the Israeli Securities Law provides that a company may not indemnify a director or an office holder for his liability including for: (a) a breach of duty of loyalty towards the company, unless the director or office holder acted in good faith and had reasonable grounds to assume that the action would not harm the company's best interest; (b) a breach of duty of care done intentionally or recklessly (pezizut) except for negligence; (c) an act intended to unlawfully yield a personal profit; (d) a fine, civil fine (knass ezrahi), financial sanction (Itzum Caspi) or a penalty (kofer) imposed upon the director or office holder; and (v) a Proceeding (halich).

At the Extraordinary General Meeting of shareholders held on October 17, 2013 (the "EGM"), the shareholders of the Company approved and ratified the grant of a revised indemnification letter (the "Revised Indemnification Letter") to the directors nominated by S.B. and Scailex, who were serving on the Board of Directors at that time, for serving as the Company's director, or as a director or office holder on behalf of the Company in other companies. The Revised Indemnification Letter is attached hereto as Annex "C". The grant of an indemnification letter to the rest of the directors currently serving on the Board of Directors - Dr. Michael Anghel, Mr. Barry Ben-Zeev (Woolfson), Ms. Osnat Ronen and Mr. Arie Steinberg - was approved at the Annual General Meeting held on May 8, 2012.

According to the Revised Indemnification Letter, the aggregate indemnification amount payable by the Company to all indemnified persons pursuant to all letters of indemnification issued to them by the Company on or after the date of the EGM, which indemnification letters include a maximum indemnity amount substantially similar to the Maximum Indemnity Amount under Section 3.13 of the Revised Indemnification Letter (the "Maximum Indemnity Amount"), for any occurrence of an event set out in Schedule I to the Revised Indemnification Letter (each, an "Event"), will not exceed 25% of shareholders equity (according to the latest reviewed or audited financial statements approved by Partner's Board of Directors prior to approval of the indemnification payment); provided, however, that under the circumstances where indemnification for the same Event is to be made in parallel to (i) an indemnified person and such other indemnified persons under a Revised Indemnification Letter (or other letters including a maximum indemnity amount substantially similar to the Maximum Indemnity Amount), and to (ii) one or more indemnified persons under indemnification letters issued by Partner containing a maximum indemnity amount which is the higher of 25% of shareholders equity and 25% of market capitalization (the "Combined Maximum Indemnity Amount"), the Maximum Indemnity Amount for all indemnified persons under the Revised Indemnification Letter (or other letters including a maximum indemnity amount substantially similar to the Maximum Indemnity Amount) shall be adjusted so it does not exceed the Combined Maximum Indemnity Amount to which any other indemnified person is entitled under any indemnification letter containing the Combined Maximum Indemnity Amount.

It is hereby proposed to issue to Mr. Ori Yaron, who was appointed as a director on May 4, 2014 (as described above under Item 4) and has not yet been issued an indemnification letter, with respect to his serving as a director in the Company or as a director or office holder on behalf of the Company in other companies, the Revised Indemnification Letter, effective May 4, 2014.

The Compensation Committee and Board of Directors have considered several factors in connection with the proposed resolutions (in line with Amendment No. 20), including the following: (a) that generally, the indemnification letter should be in a uniform manner for all directors (as customary) at the time of the grant and it is not appropriate to adjust it separately to the circumstances of each director or to other compensation he receives from the Company and it should be set according to quantifiable criteria and it is irrelevant to compare the indemnification letter to the compensation of Company employees (or the employees of manpower contractors who are working at the Company). In addition, the essence of the indemnification letter does not allow for the possibility of retaining discretion with respect to a reduction of the indemnification when it is actually paid; (b) that the Revised Indemnification Letter includes a condition that clarifies that a director will be required to repay the Company amounts paid to him based on data that was later restated in the Company's financial statements; (c) that granting indemnification letters to directors is important to enable the directors to promote the Company's objectives, its business plan and policy in the long term and to create proper and balanced incentives to the directors considering, among other things, the Company's risk-management policy, size and nature of activities; (d) that granting indemnification letters to directors is essential in order to ensure the recruitment and service of appropriate directors, having the qualifications, expertise and experience relevant to serving on the Company's Board of Directors, considering the high exposure faced today by directors in public companies and moreover in companies with securities publicly listed in the USA and in Israel.

The Compensation Committee and the Board of Directors of the Company have resolved and recommended to the shareholders at the AGM to approve and ratify, the grant of the Revised Indemnification Letter to Mr. Ori Yaron, resolved that the Maximum Indemnity Amount is reasonable given the circumstances and that the indemnification events listed in Schedule I of the Revised Indemnification Letter are anticipated in light of Partner's current activities, and resolved that such resolutions are in the best interest of the Company. The Compensation Committee and the Board of Directors have noted the Personal Interest of Mr. Ori Yaron and the directors nominated by S.B. or Scailex in this matter.

As described above (under item 4), Scailex announced in 2012, that S.B. and Scailex (and their respective affiliates) are generally voting in a unified manner (according to a majority vote among them).

It is proposed that at the AGM the following resolutions be adopted:

“RESOLVED: to approve and ratify the Company’s undertaking to indemnify Mr. Ori Yaron and to provide him with the Revised Indemnification Letter;

RESOLVED: the Maximum Indemnity Amount is reasonable given the circumstances and that the indemnification events listed in Schedule I of the Revised Indemnification Letter are anticipated in light of Partner's current activities; and

RESOLVED: these resolutions are in the best interest of the Company.”

The vote of the holders of a majority of the Ordinary Shares participating in the AGM and voting on the matter is required for the approval of item 5 on the agenda; provided, that one of the following conditions is fulfilled: (i) the majority of votes in favor of the matter shall include at least a majority of the votes of shareholders not constituting Controlling Parties in the Company, or those having a Personal Interest in the approval of the item participating in the vote; which votes shall not include abstaining votes; or (ii) the total number of objecting votes of the shareholders mentioned in clause (i) does not exceed 2% of the total voting rights in the Company.

A shareholder shall notify the Company at the address above at least seventy two (72) hours prior to the time of the AGM, whether the shareholder is a Controlling Party in the Company or the shareholder has a Personal Interest in the approval of item 5 on the agenda or not, as a condition for that shareholder's right to vote and be counted with respect to this item. A shareholder voting, by means of a Deed of Vote, may include said notice regarding his Controlling Party Interest or his Personal Interest on the Deed of Vote (to be submitted to the Company at least seventy two (72) hours prior to the time of the AGM).

The Board of Directors recommends a vote FOR approval of these proposed resolutions.

ITEM 6

APPROVAL OF THE ENTRY INTO A NEW “D&O” INSURANCE POLICY

The Israeli Companies Law and the Company’s Articles of Association authorize the Company (subject to certain exceptions) to enter into an insurance contract, and/or arrange and pay all premiums in respect of an insurance contract, for the insurance of the liability of directors and other office holders of the Company for liabilities he incurs as a result of a direct or indirect action or inaction undertaken by such person (or together with other directors or office holders of the Company) in his capacity as a director or office holder of the Company, for any of the following:

- (i) The breach of the duty of care towards the Company or towards any other person;
- (ii) The breach of the duty of loyalty towards the Company provided that the Office Holder or director has acted in good faith and had reasonable grounds to assume that the action would not harm the Company's best interest;
- (iii) A financial liability imposed on him in favour of another person;
- (iv) A payment which the Office Holder is obligated to pay to an injured party as a result of a violation set forth in Section 52.54(a)(1)(a) of the Israeli Securities Law and expenses that the Office Holder incurred in connection with a proceeding under Chapters H3, H4 or I1 of the Israeli Securities Law, or under Chapter 4 of Part 9 of the Companies Law, in connection with any affairs, including reasonable legal expenses, which term includes attorney fees; and
- (v) Any other matter in respect of which it is permitted or will be permitted under the Israeli Companies Law to insure the liability of a director or an Office Holder in the Company.

At the Annual General Meeting of shareholders held on May 5, 2011, the shareholders of the Company approved the entry into a Directors and Officers (D&O) Insurance Policy commencing on February 1, 2012, for a period of up to three years (or for several periods, not exceeding three years in the aggregate) (e.g., until January 31, 2015) with a limit of up to US \$50 million insurance cover for liability of the Company's directors, Office Holders and employees acting in their managerial and/or supervisory capacity for wrongful acts committed after October 28, 2009 (the date of acquisition of control by Scailex (the “Prior Change of Control Closing Date”)) and the payment of an annual premium therefor in an amount not exceeding U.S. \$750,000; provided, that prior to acquisition of that policy, each of the Audit Committee and Board of Directors will determine that it is on market terms, in the ordinary course of business of the Company and does not have a material effect on the Company’s assets, liabilities or profits and that a further approval of the Audit Committee and Board of Directors will be required to the extent the premium exceeds U.S. \$500,000.

Further to the approval of the shareholders on May 5, 2011, and subject to its terms, the Company participated in several D&O Insurance Plans of US \$50 million insurance cover for liability of the Company's directors, Office Holders and employees acting in their managerial and/or supervisory capacity for wrongful acts committed after October 28, 2009.

On January 29, 2013, upon consummation of S.B.'s purchase of 47,833,333 Ordinary Shares of the Company from Scailex (the "Change of Control Transaction"), the D&O Insurance Policy then in effect was cancelled and replaced by another D&O Insurance Policy acquired pursuant to the conditions specified in the above shareholders resolution, in respect of wrongful acts committed subsequent to the Change of Control Transaction (the "Former D&O Policy"). The Former D&O Policy was for a period of 12 months (e.g., from January 29, 2013 until January 28, 2014) and the premium paid by the Company was U.S. \$262,280. On January 29, 2014 the Company entered into another D&O Insurance Policy, pursuant to the conditions specified in the above-mentioned shareholders resolution, also for a period of 12 months (e.g., until January 28, 2015) and the premium paid by the Company was U.S. \$268,000 (the "Current D&O Policy").

It is proposed to renew or acquire a new D&O Insurance Policy (in each such case, the "New D&O Policy") commencing from January 29, 2015 (the date of expiration of the Current D&O Policy) of up to US \$50 million insurance cover for liability of the Company's directors, Office Holders and employees acting in their managerial and/or supervisory capacity for wrongful acts committed after January 29, 2013 for a period of up to three years (or for several periods, not exceeding three years in the aggregate); provided, that the New D&O Policy will be approved in advance, prior to acquisition of the policy, by each of the Compensation Committee and Board of Directors and subject to a determination of the Compensation Committee and Board of Directors that it is on market terms, in the ordinary course of business of the Company and does not have a material effect on the Company's assets, liabilities or profits (the "Determination"). The annual premium to be paid by the Company for such cover shall not exceed U.S. \$500,000. The terms of the New D&O Policy equally apply to all of the Company's directors, Office Holders and employees.

It is hereby noted that at the Extraordinary General Meeting of shareholders held on April 11, 2013, the shareholders of the Company approved and ratified a "Run-Off" insurance policy for a period of seven years from the date of the Change of Control Transaction (the "Run-Off Policy") with a limit of US \$50 million covering liability of the Company's directors, Office Holders and employees acting in their managerial and/or supervisory capacity for acts, errors or omissions committed during the period between the Prior Change of Control Closing Date (October 28, 2009) and the date of closing of the Change of Control Transaction (January 29, 2013). The premium for the said seven year policy is U.S. \$675,950. The terms of the Run-Off Policy equally apply to all of the Company's directors, Office Holders and employees.

It should also be noted that further to the approval of the shareholders on October 22, 2009, with effect from the Prior Change of Control Closing Date (October 28, 2009), the Company also participates in a seven year "Run-Off" insurance policy with a limit of US \$100 million insurance cover for liability of the relevant Company's directors, Office Holders and employees acting in their managerial and/or supervisory capacity for acts, errors or omissions carried out or suffered prior to the Prior Change of Control Closing Date.

The Compensation Committee and Board of Directors have considered several factors in connection with the proposed resolution (in line with the Compensation Policy), including the following: (a) that the entry into the new D&O Insurance Policy is important to enable the directors to promote the Company's objectives, its policy in the long term and to create proper and balanced incentives to the directors considering, among other things, the Company's risk management policy, size and nature of activities; (b) that the entry into the new D&O Insurance Policy is essential in order to ensure the recruitment and service of appropriate directors, having the qualifications, expertise and experience relevant to serving on the Company's Board of Directors, considering the high exposure faced today by directors in public companies and moreover in companies with securities publicly listed in the USA and in Israel.

The Compensation Committee and the Board of Directors have resolved and recommended to the shareholders at the AGM, to approve the entry into the New D&O Policy and that the New D&O Policy is in the best interest of the Company. The Compensation Committee and Board of Directors have noted the respective personal interests of all the directors in the matter.

As described above (under item 4), Scailex announced in 2012, that S.B. and Scailex (and their respective affiliates) are generally voting in a unified manner (according to a majority vote among them).

It is proposed that at the AGM the following resolutions be adopted:

“RESOLVED: to approve the entry into the New D&O Policy and the payment of an annual premium therefor in an amount not exceeding U.S. \$500,000, for a period of up to three years (or for several periods, not exceeding three years in the aggregate) commencing on January 29, 2015; provided, that the New D&O Policy will be approved in advance, prior to acquisition of the policy, by each of the Compensation Committee and Board of Directors (subject to the Determination); and

RESOLVED: this resolution is in the best interest of the Company.”

The vote of the holders of a majority of the Ordinary Shares participating in the AGM and voting on the matter is required for the approval of this resolution.

The Board of Directors recommends a vote FOR approval of these proposed resolutions.

ITEM 7

APPROVAL OF AMENDMENTS TO THE COMPANY'S ARTICLES OF ASSOCIATION

In recent years, the Israeli Companies Law has undergone extensive amendments. The Company proposes to amend its Articles of Association to reflect certain provisions of the Israeli Companies Law and regulations promulgated thereunder, certain amendments of the Israeli Securities Law and other updates.

The full text of the proposed amendments is annotated on the amended Articles of Association attached hereto as Annex "D". The summary below is qualified in its entirety by reference to the full text of the annotated Articles of Association attached hereto as Annex "D". The proposed amendments include the following matters:

- (i) Manner of appointment or dismissal of an alternate director. Under the Israeli Companies Law, an alternate director may be appointed if the company's articles of association includes a provision that allows to do so. Accordingly, the Company's Articles of Association (Article 23.5) allows the appointment of an alternate director and sets out in Article 23.7 the manner in which an alternate director may be appointed or dismissed. We propose amending Article 23.7 of the Company's Articles of Association (as annotated on the attached Annex "D"), in order to include additional provisions regarding such manner of appointment or dismissal, including the obligation to notify the Company in advance of such an appointment or dismissal and the alternate director's obligation to provide the Company with a declaration regarding his qualifications to serve as a director of the Company.
- (ii) Indemnification. The Israeli Companies Law was amended to permit a company to also indemnify its office holders for liability or expense he incurs or that is imposed on him in his capacity as an office holder in the Company, for reasonable legal expenses (including attorney fees) incurred by the office holder in connection with a financial sanction ("itzum caspi").

The Israeli Securities Law was amended to permit a company to indemnify its office holders for (A) payment to the injured party as a result of a violation set forth in Section 52.54(a)(1)(a) of the Israeli Securities Law (including by indemnification in advance); and (B) expenses incurred in connection with a proceeding under Chapters H3, H4 or I1 of the Israeli Securities Law, or under Chapter 4 of Part 9 of the Israeli Companies Law, in connection with any affairs including reasonable legal expenses (including attorney fees), including by indemnification in advance.

We propose amending Articles 34.2 and 34.3 to conform to these amendments of the Israeli Companies Law and the Israeli Securities Law.

In addition, we propose amending Article 34.3.1 regarding indemnification in advance of Office Holders to include the measurement, which the Board of Directors determined to be reasonable under the circumstances, for the aggregate indemnification amount payable by the Company to all indemnified persons pursuant to all letters of indemnification issued to them by the Company on or after October 17, 2013 (the Maximum Idemnity Amount, as defined under item 5 above, and as included in Section 3.13 to the Revised Indemnification Letter attached hereto as Annex "C"). it should be noted that no change is made to the indemnification letters issued by the Company prior to October 17, 2013, which will remain in full force and effect.

The Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM, to approve the amendments to the Articles of Association, detailed in the form annotated on Annex “D” attached hereto, and that these amendments are in the best interest of the Company. The Compensation Committee and Board of Directors noted that all the directors have a Personal Interest in the indemnification Articles (item 7(ii)) (the “Specified Articles”).

As described above (under item 4), Scailex announced in 2012, that S.B. and Scailex (and their respective affiliates) are generally voting in a unified manner (according to a majority vote among them).

It is proposed that at the AGM the following resolutions be adopted:

“RESOLVED: to approve the amendments to the Articles of Association, substantially in the form annotated on Annex “D” attached hereto, as follows:

(i) with respect to the manner of appointment or dismissal of an alternate director, as described in item 7(i) above;

(ii) with respect to indemnification of the Company's Office Holders, as described in item 7(ii) above; and

RESOLVED: these resolutions are in the best interest of the Company.”

The vote of holders of at least seventy five percent (75%) of Ordinary Shares participating in the AGM and voting on the matter is required for the approval of any of items 7(i)-7(ii) on the agenda; provided, that solely with respect to the amendment of the Specified Articles (item 7(ii) on the agenda), one of the following conditions is also fulfilled: (i) the majority of votes in favor of the matter shall include at least a majority of the votes of shareholders not constituting Controlling Parties in the Company, or those having a Personal Interest in the approval of this item, participating in the vote; which votes shall not include abstaining votes; or (ii) the total number of objecting votes of the shareholders mentioned in clause (i) does not exceed 2% of the total voting rights in the Company. In the event that the aforesaid seventy five percent majority is obtained but the majority specified in the provision is not obtained with respect to the Specified Articles, the amendments to the Articles of Association substantially in the form annotated on Annex “D” will be deemed approved except for such Specified Articles.

A shareholder shall notify the Company at the address above at least seventy two hours prior to the time of the AGM, whether the shareholder is a Controlling Party in the Company or the shareholder has a Personal Interest in the approval of the Specified Articles or not, as a condition for that shareholder's right to vote and be counted with respect to said Specified Articles. A shareholder voting, by means of a Deed of Vote, may include said notice regarding his Controlling Party Interest or his Personal Interest on the Deed of Vote (to be submitted to the Company at least seventy two hours prior to the time of the AGM).

The Board of Directors recommends a vote FOR approval of these proposed resolutions

ITEM 8

APPROVAL AND RATIFICATION OF COMPENSATION OF THE CEO

In October 2014, our CEO, Mr. Haim Romano, completes three years of service in that position. During this period, Mr. Romano brought Partner to significant achievements, including the implementation of a streamlining plan in all of the Company's spheres of activity, including the significant reduction of the Company's costs, the engagement in a network-sharing agreement with Hot Mobile - the first of its kind in the State of Israel, the building of a leading customer service division and positioning of the Company at the vanguard of the technological front, by the Company being the first to launch the LTE (4G) technology in Israel. Noting these achievements and Mr. Romano's important role in navigating Partner through the turbulent water of the Israeli telecommunications market, the Compensation Committee and Board of Directors deemed it important and in the Company's best interest to retain Mr. Romano as our CEO and ensure continuity of his services for an extended period and, consequently, resolved to amend Mr. Romano's management agreement with the Company (the "Agreement") to include the Set-Period Service (as defined below) and recommended to the shareholders to approve it.

Under the Israeli Companies Law, as amended by Amendment No. 20, the terms of office of CEOs (including our CEO, Mr. Haim Romano) require approval according to elaborated procedure specified therein and in our Compensation Policy.

Under the Compensation Policy, Partner has discretion to grant payments for predefined periods of service, such as the payment for the Set-Period Service (the "Payment") to Office Holders (generally senior officers and the directors) ad hoc, only under exceptional circumstances and based on reasons of great importance, which shall be detailed in the resolutions of the Company's relevant organs. The Payment shall be granted commensurate to the Office Holder's terms of office or employment. Under the Compensation Policy, the Set-Period Service shall not exceed three years and the Payment shall reflect the consideration that the Office Holder would have been entitled to receive had he worked throughout the entire said period. The Payment shall be set considering the Office Holder's contribution to the achievement of the Company's targets and to maximizing its profits, and shall be calculated while considering the Company's performance during the Office Holder's incumbency, as shall be decided by the Board of Directors. The Payment shall take into consideration the circumstances of the Office Holder's termination and how they affect the Office Holder's right to the Payment. Naturally, the Payment shall not be given under circumstances of the commission of fraud against the Company.

For the current terms of office of Mr. Haim Romano¹ (the “Existing Terms of Office of Mr. Romano”), see the Company’s Annual Report on Form 20-F for the year ended December 31, 2013 “Item 6. Directors, Senior Management and Employees - Item 6B. Compensation”.

The Compensation Committee and Board of Directors considered comparative data received from Professor Moshe Zviran Ltd. (a known Israeli compensation expert) regarding the proposed Set-Period Service. As there is rather limited comparative data to be based upon with respect to this matter, then, for the sake of being cautious, Partner will bring the proposed Set-Period Service for approval as if it deviates from the Compensation Policy’s requirement regarding comparative data base.

The Compensation Committee and Board of Directors have considered several factors in connection with the proposed resolutions (in line with Amendment No. 20), including the following: (a) the need to retain the Company’s CEO and ensure continuity of his services for three years from the Board of Directors’ resolution, to the benefit of the Company; (b) that retaining the Company’s CEO is important, in light of the many challenges that the Company is facing, including the stiff competition in the telecommunications market and the realization of the network-sharing agreement with Hot Mobile; (c) the achievements and contribution of the Company’s CEO to the Company’s success, including the implementation of a streamlining plan in all of the Company’s spheres of activity, including the significant reduction of the Company’s costs, the engagement in a network-sharing agreement with Hot Mobile - the first of its kind in the State of Israel, the building of a leading customer service division and positioning of the Company at the vanguard of the technological front, by the Company being the first to launch the LTE (4G) technology in Israel, all contributing to the Company’s performance during the term of Mr. Romano’s service; (d) that the Set-Period Service proposed to Mr. Romano is appropriate and reasonable considering his role, capabilities, contribution, the responsibility imposed on him and considering his education, qualifications, expertise and professional experience and accomplishments; (e) that in 2013, the ratio between the cost of the CEO’s remuneration and the cost of the average remuneration of the other Company employees (who are not Office Holders) was approximately 15 and compared to the cost of the median remuneration of the employees it was approximately 24; The ratios stated above were calculated without taking into account the equity compensation component, since most of the options held by the Company employees are “out of the money” and there is a concern that inclusion of this component may tilt the ratio to the benefit of the CEO. Nevertheless, for the sake of completion, including the equity compensation component, the ratio between the cost of the CEO’s remuneration and the cost of the average remuneration of the rest of the Company employees (who are not Office Holders) was approximately 24, and compared to the cost of the median remuneration of the employees it was approximately 362; (f) that Mr. Romano continues to meet the ratios between fixed and variable components set in the Compensation Policy; and (g) that it is meaningless to require Mr. Romano to repay the Company amounts paid to him as Set-Period Service based on data that was later restated in the Company’s financial statements, as it is fixed (dependent only upon period of work) and not variable (dependent upon performance or goals).

¹ Insofar as the person is holding office through a company under his/her control, the provisions of the Compensation Policy shall apply mutatis mutandis: the compensation shall be paid against an invoice and not as a wage, and the components of the compensation will be normalized so that, in economic terms, they will conform to that stated in the Compensation Policy. Mr. Romano is holding office through a management company.

² Excluding the compensation of employees of manpower contractors who indirectly work for the Company, as the Company does not have this information.

The Compensation Committee and Board of Directors have noted that the proposed Set-Period Service is important to retain Mr. Romano in the Company at these challenging times of the Israeli telecommunications market and to enable Mr. Romano to promote the Company's objectives, its business plan and policy in the long term and to create proper and balanced incentives to the CEO considering, among other things, the Company's risk-management policy, size and nature of activities. They also noted that entering into the proposed Set-Period Service is essential to ensure the retention and service of Mr. Romano, having the qualifications, expertise and experience important to serving as the Company's current CEO, considering the challenging environment faced today by the Company.

Our Compensation Committee has considered various matters in connection with the Set-Period Service on three separate occasions. Thereafter, it has approved the Set-Period Service and recommended that the Board of Directors and our shareholders approve it. The Board of Directors has considered this matter on two separate meetings and has approved the Set-Period Service and recommended that our shareholders approve it. The Compensation Committee and Board of Directors have noted the personal interest of Mr. Haim Romano in this matter.

Under the Israeli Companies Law and Section 7.1.3 of the Compensation Policy, insofar as the law permits this, if the shareholders oppose the approval of the Set-Period Service, the Compensation Committee and Board of Directors may approve the plan, in "special cases", notwithstanding shareholders' opposition, after having held another discussion of the terms of the Compensation Plan, and on the basis of detailed reasoning that considered the rationale behind the shareholders' opposition.

The Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM, to approve and ratify (a) commencing from August 12, 2014 (the date of approval of the Set-Period Service by the Board of Directors) for a period of three years (generally including for this purpose the advance-notice period and adjustment period of six months each under the Agreement, as the last part of the three year period) (the "Set-Period")³ to amend the Agreement (setting the Existing Terms of Office of Mr. Romano), generally to state that in the event that the Agreement will be terminated by the Company or by Mr. Romano under circumstances specified in the Termination Benefit Law (1963) (generally, resignation deemed as dismissal), Mr. Romano will be entitled to the Payment reflecting the consideration he would have been entitled to under the Agreement (management fees and expenses) had he continued to serve in Partner until the end of the Set-Period (the "Set-Period Service"). In such case, during the Set-Period and for the 12 months thereafter, the non-compete obligations under the Agreement shall apply; and (b) that no change be made to Mr. Romano's right to benefit from the Company's D&O insurance policy (as in effect from time to time) and the indemnification letter granted to him, as previously approved by the Board of Directors, and as permitted by the Compensation Policy (and as approved by the shareholders with respect to Partner's directors prior to October 2013). In the event that the resolutions below are not approved by the shareholders, the Existing Terms of Office of Mr. Romano shall continue in full force and effect.

³Insofar as the termination of the Agreement occurs on a date more than two years after the beginning of the Set-Period, Mr. Romano's right to the advance-notice period and to the adjustment period pursuant to the Agreement shall not be adversely affected.

As described above under item 4, Scailex announced in 2012, that S.B. and Scailex (and their respective affiliates) are generally voting in a unified manner (according to a majority vote among them).

It is proposed that at the AGM the following resolutions be adopted:

“RESOLVED: to approve and ratify (A) the Set-Period Service of Mr. Haim Romano (based on the Agreement as amended hereby); and (B) that no change is made to Mr. Haim Romano’s right to benefit from the Company’s D&O insurance policy (as in effect from time to time) and the indemnification letter granted to him; and

RESOLVED: these resolutions are in the best interest of the Company.”

The vote of the holders of a majority of the Ordinary Shares participating in the AGM and voting on the matter is required for the approval of item 8 on the agenda; provided, that one of the following conditions is fulfilled: (i) the majority of votes in favor of the matter shall include at least a majority of the votes of shareholders not constituting Controlling Parties in the Company, or those having a Personal Interest in the approval of this item, participating in the vote; which votes shall not include abstaining votes; or (ii) the total number of objecting votes of the shareholders mentioned in clause (i) does not exceed 2% of the total voting rights in the Company.

A shareholder shall notify the Company at the address above at least seventy two (72) hours prior to the time of the AGM, whether the shareholder is a Controlling Party in the Company or the shareholder has a Personal Interest in the approval of item 8 on the agenda or not, as a condition for that shareholder’s right to vote and be counted with respect to this item. A shareholder voting by means of a Deed of Vote, may include said notice regarding his Controlling Party Interest or his Personal Interest on the Deed of Vote (to be submitted to the Company at least seventy two (72) hours prior to the time of the AGM).

The Board of Directors recommends a vote FOR approval of these proposed resolutions.

ITEM 9

APPROVAL AND RATIFICATION OF COMPENSATION OF FORMER CHAIRMAN OF THE BOARD

As explained above under item 4, according to the Company’s Articles of Association, the Board of Directors has the right to elect any person as a director and to fill an office which becomes vacant, and any director elected in such manner shall serve in office until the close of the coming annual general meeting and may be re-elected. Accordingly, following completion of the Change of Control Transaction on January 29, 2013 between S.B. and Scailex, in accordance with the Share Purchase Agreement entered into on November 30, 2012 between Scailex and S.B., certain directors resigned from Partner’s Board of Directors and the Board of Directors has elected several persons, including Mr. Shlomo Rodav, as of January 29, 2013, as directors of the Company. The service of those directors was recommended by S.B.

Following Mr. Rodav's appointment to the Company's Board of Directors as of January 29, 2013, he was appointed as Chairman of the Board of Directors and as a member of the Security Committee ("our Former Chairman"). He was re-elected as a director by our shareholders at the Annual General Meeting held on July 25, 2013, and served as a director and Chairman of the Board until his resignation on November 20, 2013.

As explained above under item 4, the Board of Directors has determined that the board should include at least three directors who are "accounting and financial experts" under the Israeli Companies Law and regulations promulgated thereunder. Our Former Chairman was one of the directors so determined by the Board of Directors to be "accounting and financial experts".

Under the Company's Compensation Policy, the Company has the discretion to grant the Chairman of the Board a higher compensation than the other directors, that shall take into account the additional work imposed on him, the additional time that the Chairman of the Board is required to devote to the performance of his role, and, insofar as the Chairman of the Board is an active chairman, also the scope of appointment (ratio to full-time position) at which he serves.

The Compensation Committee and Board of Directors accepted our Former Chairman's request to set his compensation below the average compensation of active chairmen in other corporations and not to grant him any incentive-based benefits (e.g., bonuses or options). The directors considered advice and comparative data provided by Professor Moshe Zviran Ltd. (a known Israeli compensation expert), and noted that the proposed Compensation (as defined below) is below the average compensation of active chairmen in other corporations.

The Compensation Committee and Board of Directors have considered several factors in connection with the proposed resolutions (in line with Amendment No. 20), including the following: (a) that an active Chairman of the Board of Directors is required to perform additional work and devote additional time than other directors; (b) that the Compensation proposed to our Former Chairman is appropriate and reasonable considering his role, contribution, the responsibility imposed on him and considering his education, qualifications, expertise and professional experience and accomplishments; (c) that with respect to compensation of a (former) director acting as Chairman of the Board (as opposed to an employee), it is irrelevant to compare the ratio of the Compensation to the compensation of Company employees; (d) that the Compensation proposed to our Former Chairman does not include capital or variable components or any incentive-based benefits such as bonuses; and (e) that it is meaningless to require our Former Chairman to repay the Company amounts paid to him based on data that was later restated in the Company's financial statements, as the Compensation is fixed (dependent only upon period of work) and not variable (dependent upon performance or goals).

The Compensation Committee and Board of Directors have noted our Former Chairman's significant contribution to the activities of the Board of Directors and of the Company during his incumbency, inter alia, with respect to creating the Company's procedures (in line with the corporate-governance guidelines among public companies), running the Board of Directors, and ongoing overseeing of the Company's management, and deemed the Compensation appropriate to promote the Company's objectives, its policy in the long term and to create proper and balanced incentives to a holder of such position considering, among other things, the Company's risk-management policy, size and nature of activities.

It should be noted that the proposed Compensation to our Former Chairman is in accordance with the Compensation Policy.

The Compensation Committee has considered various matters in connection with the Compensation on six separate occasions. Thereafter, it has approved and ratified the Compensation and recommended that the Board of Directors and our shareholders approve and ratify it. The Board of Directors has considered this matter on three separate meetings and has approved and ratified the Compensation and recommended that our shareholders approve and ratify it. Although our Former Chairman is no longer a director in the Company (and ceased to be a director before completion of the approval process by the Compensation Committee and the Board of Directors), the Compensation Committee and Board of Directors have noted, for the sake of being cautious, the respective personal interests of Mr. Shlomo Rodav, Mr. Adam Chesnoff, Mr. Elon Shalev, Mr. Fred Gluckman, Mr. Sumeet Jaisinghani, Mr. Yoav Rubinstein, Mr. Arie Saban, Mr. Ori Yaron, Mr. Ilan Ben-Dov and Mr. Yahel Shachar (the directors nominated by S.B. or Scailex) in this matter.

The Company preferred bringing our Former Chairman's compensation for approval only following approval by the shareholders of the Compensation Policy (approved in the immediately preceding shareholders meeting on October 17, 2013). Therefore, our Former Chairman served as a director (and Chairman) without yet receiving compensation (or reimbursement of expenses). The Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM, (a) to approve and ratify a compensation to our Former Chairman, commencing from his appointment as of January 29, 2013 until his resignation from the Company's Board of Directors on November 20, 2013, for a 67% position, in an aggregate amount of NIS 1,313,753 calculated on the basis of an amount of NIS 120,000 plus vehicle expenses of NIS 15,000 per month⁴ (to be linked to the Israeli Consumer Price Index published for September 2013) plus VAT for his service as Chairman of the Board of Directors and a director (the "Compensation"); and (b) to approve and ratify that no change is made to our Former Chairman's right to benefit from the Company's D&O insurance policy (as in effect from time to time) and the indemnification letter granted to him, with respect to the period of his service as a director of the Company, as previously approved by the shareholders and as stated in the Compensation Policy.

As described above under item 4, Scailex reported in 2012 that S.B. and Scailex (and their respective affiliates) are generally voting in a unified manner (according to a majority vote among them).

⁴The amount shall be paid against an invoice and is, therefore, an actual cost of NIS 135,000 per month to the Company (no additional social benefits), representing a gross monthly amount of NIS 98,000 plus vehicle expenses (NIS 15,000), had it been paid as a wage.

It is proposed that at the AGM the following resolutions be adopted:

“RESOLVED: to approve and ratify (A) payment of the Compensation to our Former Chairman; and (B) that no change is made to our Former Chairman’s right to benefit from the Company’s D&O insurance policy (as in effect from time to time) and the indemnification letter granted to him, with respect to the period of his service as a director of the Company; and

RESOLVED: these resolutions are in the best interest of the Company.”

For the sake of being cautious, the Company is bringing this matter for approval as if it relates to the terms of service of a Controlling Party in Partner. Accordingly, the vote of the holders of a majority of the Ordinary Shares participating in the AGM and voting on the matter will be required for the approval of item 9 on the agenda; provided, that one of the following conditions is fulfilled: (i) the majority of votes in favor of the matter shall include at least a majority of the votes of shareholders not constituting Controlling Parties in the Company, or those having a Personal Interest in the approval of this item, participating in the vote; which votes shall not include abstaining votes; or (ii) the total number of objecting votes of the shareholders mentioned in clause (i) does not exceed 2% of the total voting rights in the Company.

A shareholder shall notify the Company at the address above at least seventy two (72) hours prior to the time of the AGM, whether the shareholder is a Controlling Party in the Company or the shareholder has a Personal Interest in the approval of item 9 on the agenda or not, as a condition for that shareholder's right to vote and be counted with respect to this item. A shareholder voting, by means of a Deed of Vote, may include said notice regarding his Controlling Party Interest or his Personal Interest on the Deed of Vote (to be submitted to the Company at least seventy two (72) hours prior to the time of the AGM).

The Board of Directors recommends a vote FOR approval of these proposed resolutions.

RESTRICTIONS ON VOTING RIGHTS

Partner conducts its operations pursuant to licenses granted to Partner (directly or indirectly) by the Minister of Communications of the State of Israel. Partner’s Articles of Association and, with respect to shareholders other than shareholders of Partner prior to its public offering, the License contains provisions that may cause the suspension of voting rights of the holders of Ordinary Shares or ADSs if such voting rights would breach the ownership limits contained in the License. These limits prohibit the transfer or acquisition of 10% or more of Partner’s means of control and acquisition of control of the Company without the consent of the Minister of Communications of Israel, and restrict cross-control and cross-ownership of other mobile telephone operators in Israel, and shareholdings and agreements which may reduce or harm competition. Ordinary Shares or Ordinary Shares represented by ADSs held in breach of these limits may be considered dormant shares. Notwithstanding anything to the contrary in this Proxy Statement, dormant shares will not bear any rights to which the holders would otherwise be entitled, other than the right to receive dividends and other distributions to shareholders (including the right to participate in rights offerings). Specifically, the holders of dormant shares will not have voting rights with respect to their dormant shares, nor will they have the right to participate in general meetings of shareholders.

Any shareholder seeking to vote at the AGM must notify the Company prior to the vote, or, if the vote is by Deed of Vote, must so indicate on the Deed of Vote, or in case of appointment of a proxy by means of a Deed of Authorization, must so indicate on the Deed of Authorization, if any of the shareholder's holdings in Partner or the shareholder's vote require the consent of the Minister of Communications due to a breach by the shareholder of the restrictions on the transfer or acquisition of means of control or acquisition of control of Partner, or the provisions regarding cross-ownership or cross-control of other mobile telephone operators in Israel, in each case as specified in Sections 21 and 23 of the License (a translation of Sections 21-24 of the License is attached hereto as Annex "E"). If a shareholder does not provide such notification, the shareholder shall not vote and, if the shareholder has voted, his vote shall not be counted.

Report of Independent Registered Public Accounting Firm

To the Shareholders of

PARTNER COMMUNICATIONS COMPANY LTD.

We have completed integrated audits of Partner Communications Company Ltd.'s ("the Company" or "Partner") consolidated financial statements and of its internal control over financial reporting as of December 31, 2013, in accordance with the standards of the Public Company Accounting Oversight Board (United States). Our opinions, based on our integrated audits, are presented below.

Consolidated financial statements

We have audited the consolidated statement of financial position of Partner as of December 31, 2012 and 2013, and the related consolidated statements of income, of comprehensive income, of changes in equity and of cash flows for each of the three years in the period ended December 31, 2013. These consolidated financial statements are the responsibility of the Company's Board of Directors and management. Our responsibility is to express an opinion on these financial statements based on our integrated audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Company's Board of Directors and management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above, present fairly, in all material respects, the financial position of Partner as of December 31, 2012 and 2013, and the results of its operations, of changes in equity and of its cash flows for each of the three years in the period ended December 31, 2013, in conformity with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

Internal control over financial reporting

Also, in our opinion, the Company maintained, in all material respects, effective internal control over its financial reporting as of December 31, 2013, based on criteria established in the Internal Control-Integrated Framework (1992) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

The Company's Board of Directors and management are responsible for maintaining effective internal control over financial reporting and management is responsible for the assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Annual Report on Internal Control Over Financial Reporting appearing under Item 15(b). Our responsibility is to express an opinion on the effectiveness of the Company's internal control over financial reporting based on our integrated audit. We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit of internal control over financial reporting includes obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also includes performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation of the financial statements

(1) Statement of compliance

The consolidated financial statements of the Company ("the financial statements") have been prepared in accordance with International Financial Reporting Standards (IFRSs), as issued by the International Accounting Standards Board (IASB).

The principle accounting policies set out below have been consistently applied to all periods presented unless otherwise stated.

(2) Use of estimates and judgments

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates, and requires management to exercise its judgment in the process of applying the Group's accounting policies. Areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 4.

PARTNER COMMUNICATIONS COMPANY LTD.

(An Israeli Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

b. Foreign currency translations

(1) Functional and presentation currency

The consolidated financial statements are measured and presented in New Israeli Shekels ("NIS"), which is the Group's functional and presentation currency as it is the currency of the primary economic environment in which the Group operates. The amounts presented in NIS millions are rounded to the nearest NIS million.

Until December 31, 2003 the Israeli economy was considered hyperinflational according to IFRS, therefore the value of non-monetary assets, licenses and equity items have been adjusted for changes in the general purchasing power of the Israeli currency – NIS, based upon changes in the Israeli Consumer Price Index ("CPI") until December 31, 2003.

(2) Transactions and balances

Foreign currency transactions are translated into NIS using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement in finance costs, net.

(3) Convenience translation into U.S. Dollars (USD or \$)

The NIS figures at December 31, 2013 and for the period then ended have been translated into dollars using the representative exchange rate of the dollar at December 31, 2013 (USD 1 = NIS 3.471). The translation was made solely for convenience, is supplementary information, and is distinguished from the financial statements. The translated dollar figures should not be construed as a representation that the Israeli currency amounts actually represent, or could be converted into, dollars.

c. Principles of consolidation

The consolidated financial statements include the accounts of the Company and entities controlled by the Company. Control exists when the Company has the power over the investee; has exposure, or rights, to variable returns from involvement in the investee; and has the ability to use its power over the investee to affect its returns. Subsidiaries and partnerships are fully consolidated from the date on which control is transferred to the Company.

Inter-company transactions, balances, income and expenses on transactions between Group companies are eliminated in preparing the consolidated financial statements.

List of wholly owned Subsidiaries and partnerships:

012 Smile Telecom Ltd.

012 Telecom Ltd.

Partner Land-Line Communication Solutions - Limited Partnership

Partner Future Communications 2000 Ltd. ("PFC")

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

d. Inventories

Inventories of cellular handsets and fixed telephones, related accessories, spare parts, ISP modems and related equipment are stated at the lower of cost or net realizable value. Cost is determined on the "first-in, first-out" basis. The Group determines its allowance for inventory obsolescence and slow moving inventory based upon expected inventory turnover, inventory ageing and current and future expectations with respect to product offerings.

e. Property and equipment

Property and equipment are initially stated at cost.

Costs are included in the assets' carrying amounts or recognized as separate assets, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance that do not meet the above criteria are charged to the statement of income during the financial period in which they are incurred.

Costs include expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the asset to a working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

Changes in the obligation to dismantle and remove assets on sites and to restore the sites, on which they are located, other than changes deriving from the passing of time, are added or deducted from the cost of the assets in the period in which they occur. The amount deducted from the cost of the asset shall not exceed the balance of the carrying amount on the date of change, and any balance is recognized immediately in profit or loss, See (m) below.

Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

Property and equipment is presented less accumulated depreciation, and accumulated impairment losses. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (see (i) below).

Leasehold improvements are depreciated by the straight-line method over the term of the lease (including reasonably assured option periods), or the estimated useful economic life (5-10 years) of the improvements, whichever is shorter.

f. Licenses and other intangible assets

(1) Licenses costs and amortization (see also note 1 (d)):

(a) The licenses to operate cellular communication services were recognized at cost, adjusted for changes in the CPI until December 31, 2003 (See note 2 (b)(1)) Borrowing costs which served to finance the license fee - incurred until the commencement of utilization of the license - were capitalized to cost of the license.

(b) Partner Land-line Communication solutions – limited partnership's license for providing fixed-line communication services is stated at cost.

(c) 012 Smile and its subsidiaries' licenses were recognized at fair value in a business combination as of the acquisition date of 012 Smile March 3, 2011 (see note 5).

The other licenses of the Group were received with no significant costs.

The licenses costs are amortized by the straight-line method over their economic useful lives (see note 1 (d)) excluding any ungranted possible future extensions that are not under the Group's control. The amortization expenses are included in the cost of revenues.

(2) Computer software:

Acquired computer software licenses are capitalized on the basis of the costs incurred to acquire and to bring to use the specified software.

Development costs, including employee costs, that are directly attributable to the design and testing of identifiable and unique software products controlled by the Group are recognized as intangible assets when the capitalization criteria of IAS 38 are met. Other development expenditures that do not meet the capitalization criteria, such as software maintenance, are recognized as an expenses as incurred.

Computer software costs are amortized over their estimated useful lives (3 to 7 years) using the straight-line method, see also note 11.

(3) Customer relationships:

The Company has recognized as intangible assets customer relationships that were acquired in a business combination and recognized at fair value as of the acquisition date. Customer relationships are amortized to selling and marketing expenses over their estimated useful economic lives (5 to 10 years) based on the straight line method.

(4) Trade name:

Trade name was acquired in a business combination. The trade name is amortized to selling and marketing expenses over its estimated useful economic life (12 years) based on the straight line method.

(5) Subscriber Acquisition and Retention Costs (SARC):

Costs to acquire or retain postpaid mobile telecommunication subscribers, and costs to acquire ISP and VOB subscribers, pursuant to a contract with a commitment period and early termination penalties, are capitalized to intangible assets, if (1) such assets are identifiable and controlled; (2) it is probable that future economic benefits will flow from the subscribers to the Group; and (3) such costs can be measured reliably. If costs do not meet the aforementioned criteria they are recognized immediately as expenses.

The cost of the subsidized handset less the subscriber's payment towards the handset and sales commissions, are included in the subscriber acquisition and retention costs (see also (n)(2) below). The capitalized costs are amortized over their expected useful economic life which is not longer than their minimum enforceable period, which is generally a period of 18 months, using the straight-line method.

Capitalized ISP and VOB subscriber acquisition costs (mainly sales commissions) are amortized over their expected useful economic life which is not longer than their minimum enforceable period, which is generally a period of 18 or 36 months, using the straight-line method.

In the event that a subscriber churns off the network or the arrangement is cancelled within the period, any unamortized subscriber acquisition or retention costs are written off in the period in which the subscriber churns. The amortization expenses are included in the cost of revenues.

g. Right Of Use (ROU) of international fiber optic cables

Right of use (ROU) of international fiber optic cables was acquired in a business combination, subsequent additions are recognized at cost. The ROU is presented as deferred expenses (current and non-current) and is amortized on a straight line basis over a period beginning each acquisition of additional ROU in the framework and until 2027 (including expected contractual extension periods). See also notes 12 and 18(5).

h. Goodwill

Goodwill acquired in a business combination (see note 5) represents the excess of the consideration transferred over the net fair value of the identifiable assets acquired, and identifiable liabilities and contingent liabilities assumed. The goodwill has an indefinite useful economic life and is not subject to amortization; rather is measured at cost less accumulated impairment losses. For the purpose of impairment testing, goodwill is allocated to each of the Cash Generating Units ("CGUs"), or group of CGUs that are expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity which the goodwill is monitored for internal management purposes.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

h. Goodwill (continued)

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate that the carrying amount may not be recoverable. Any impairment loss would be recognized for the amount by which the carrying amount of goodwill exceeded its recoverable amount. The recoverable amount is the higher of value-in-use and the fair value less costs to sell. Value-in-use is determined by discounting expected future cash flows using a pre-tax discount rate. Any impairment is recognized immediately as an expense and is not subsequently reversed. See also note 13(b) in respect of impairments charges recorded in 2011.

i. Impairment of non-financial assets with finite useful economic lives

Assets that are subject to depreciation and amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If such indications exist an impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. If this is the case, recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs. The recoverable amount is the higher of an asset's fair value less costs to sell and value-in-use. Value-in-use is determined by discounting expected future cash flows using a pre-tax discount rate.

An impairment loss recognized in prior periods for an asset (or CGU) other than goodwill shall be reversed if, and only if, there has been a change in the estimates used to determine the asset's (or CGU's) recoverable amount since the last impairment loss was recognized. If this is the case, the carrying amount of the asset (or CGU) shall be increased to its recoverable amount. The increased carrying amount of an asset (or CGU) other than goodwill attributable to a reversal of an impairment loss shall not exceed the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized for the asset (or CGU) in prior years. A reversal of an impairment loss is recognized immediately in the statement of income. See notes 11, 12 and 13(a) in respect of impairment charges recorded in 2011.

j. Financial instruments

The Group classifies its financial instruments in the following categories: (1) at fair value through profit or loss, (2) loans and receivables, and (3) liabilities at amortized cost. The classification depends on the purpose for which the financial instruments were acquired or assumed, determined at initial recognition. See note 7 (c) as to classification of financial instruments to the categories. Financial assets are classified as current if they are expected to mature within 12 months after the end of the reporting period; otherwise they are classified as non-current. Financial liabilities are included in current liabilities, except for maturities greater than 12 months after the end of the reporting period, which are classified as non-current liabilities.

(An Israeli Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

j. Financial instruments (continued)

(1) Financial instruments at fair value through profit or loss category:

Gains or losses arising from changes in the fair value of derivative financial instruments are presented in the income statement within "finance costs, net" in the period in which they arise. These financial instruments are classified into 3 levels based on their valuation method (see also note 7(c)):

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the assets or liabilities, either directly (as prices) or indirectly (derived from prices).

Level 3: inputs for assets or liabilities that are not based on observable market data.

(2) Loans and receivables category:

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are recognized initially at fair value and subsequently measured at amortized costs using the effective interest method, less any impairment loss.

Cash and cash equivalents are highly liquid investments, which include short-term bank deposits (up to 3 months from date of deposit) that are not restricted as to withdrawal or use.

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognized in the consolidated income statement. Trade receivables are presented net of allowance for doubtful accounts. The allowance is determined as a percentage of specific debts doubtful of collection, considering the likelihood of recoverability based on the age of the balances, the historical write-off experience net of recoveries, changes in the credit worthiness, and collection trends.

Financial assets are derecognized when the rights to receive cash flows from the assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership of the assets. The Company factors trade receivables resulting from sales of equipment by credit cards. The factoring is on a non-recourse basis. The factoring of accounts receivable is recorded by the Company as a sales transaction. The results of the factoring transaction are charged to financial income and expenses on the settlement date.

(3) Financial liabilities and borrowings at amortized cost category:

Financial liabilities at amortized cost are non-derivative financial instruments with fixed or determinable payment, including trade payables. Financial liabilities at amortized cost are recognized initially at fair value, net of transaction costs, and subsequently measured at amortized costs using the effective interest method.

k. Employee benefits

(i) Post-employment benefits

1. Defined contribution plan

According to Section 14 of the Israeli Severance Pay Law the Group's liability for some of the employee rights upon retirement is covered by regular contributions to various pension schemes. The schemes are generally funded through payments to insurance companies or trustee-administered funds. These plans are defined contribution plans, since the Group pays fixed contributions into a separate and independent entity. The Group has no legal or constructive obligations to pay further contribution if the fund does not hold sufficient assets to pay all employees the benefit relating to employee service in the current or prior periods. The amounts funded as above are not reflected in the statement of financial position. Obligations for contributions to defined contribution pension plans are recognized as an expense in the statement of income when they are due.

2. Defined benefit plan

Labor laws, agreements and the practice of the Group, require paying retirement benefits to employees dismissed or retiring in certain other circumstances (except for those described in 1 above), measured by multiplying the years of employment by the last monthly salary of the employee (i.e. one monthly salary for each year of tenure), the obligation of the Group to pay retirement benefits is treated as a defined benefit plan.

The liability recognized in the statement of financial position in respect of the defined benefit plan is the present value of the defined benefit obligation at end of the reporting period less the fair values of plan assets.

The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of Israeli Government bonds that are denominated in the currency in which the benefits will be paid (NIS) and that have terms to maturity approximating the terms of the related liability, since the Group's management is in the opinion that Israel does not have a deep market for high-quality corporate bonds.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Interest costs in respect of the defined benefit plan are charged or credited to finance costs.

An Amendment to IAS 19, Employee benefits, became effective on January 1, 2013. The amendment replaces interest costs and expected returns on plan assets with a net interest amount that is calculated by applying the discount rate to the net defined benefit liability (assets). The Company implemented the amendment retrospectively; it did not have a material effect on the Company's financial statements.

k. Employee benefits (continued)

(ii) Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognizes termination benefits when it is demonstrably legally or constructively committed either: terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy.

(iii) Short term employee benefits

1. Vacation and recreation benefits

The employees are legally entitled to vacation and recreation benefits, both computed on an annual basis. This entitlement is based on the term of employment. This obligation is treated as a short term benefit under IAS 19. The Group charges a liability and expense due to vacation and recreation pay, based on the benefits that have been accumulated for each employee, on an undiscounted basis.

2. Profit-sharing and bonus plans

The Group recognizes a liability and an expense for bonuses based on consideration of individual performance and the Group's overall performance. The Group recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

1. Share based payments

The Group operates an equity-settled share-based compensation plan, under which the Group receives services from employees as consideration for equity instruments of the Group. The fair value of the employee services received in exchange for the grant of the equity instruments is recognized as an expense. The total amount to be expensed is determined by reference to the fair value of the equity instruments granted, at the grant date. It is recognized over the vesting period, which is the period over which all the specified vesting conditions are to be satisfied. At the end of each reporting period, the Group revises its estimates of the number of equity instruments that are expected to vest based on the vesting conditions, and recognizes the impact of the revision of original estimates, if any, in the statement of income, with corresponding adjustment to accumulated deficit.

The proceeds received net of any directly attributable transactions costs are credited to share capital and capital surplus when the equity instruments are exercised.

m. Provisions

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will require settling the obligation, and the amount has been reliably estimated. See also note 14.

- (1) In the ordinary course of business, the Group is involved in a number of lawsuits and litigations. The costs that may result from these lawsuits are only accrued for when it is probable that a liability, resulting from past events, will be incurred and the amount of that liability can be quantified or estimated within a reasonable range. The amount of the provisions recorded is based on a case-by-case assessment of the risk level, and events arising during the course of legal proceedings that may require a reassessment of this risk, and where applicable discounted at a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the liability. The Group's assessment of risk is based both on the advice of legal counsel and on the Group's estimate of the probable settlements amount that are expected to be incurred, if any. See also note 20.
- (2) The Company is required to incur certain costs in respect of a liability to dismantle and remove assets and to restore sites on which the assets were located. The dismantling costs are calculated according to best estimate of future expected payments discounted at a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as finance costs (unwinding of discount).
- (3) Provisions for handset warranties include obligations to customers in respect of handsets sold. Where there are a number of similar obligations, the likelihood that an outflow will be required in a settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any item included in the same class of obligations may be small.

n.

Revenues

The Group's revenues are measured at fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of business. Revenue is presented net of Value-Added-Tax, returns, rebates and discounts, and intercompany revenues. The Group recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Group and when specific criteria have been met for each of the Group's activities as described herein.

(1) Revenues from services:

Revenues from services (see note 1(b)) are recognized when the services are rendered, and all other revenue recognition criteria are met.

Revenues from pre-paid calling cards sold to customers are recognized upon the earlier of customer's usage of the cards, or expiration.

The Group records payments received in advance for services and services to be provided under contractual agreements, such as internet broadband, as deferred income until such related services are provided.

The Group determines whether it is acting as a principal or as an agent. The Group is acting as a principal if it has exposure to the significant risks and rewards associated with the rendering of services. Features that indicate that the Group is acting as a principal include: (a) the Group has the primary responsibility for providing the services to the customer or for fulfilling the order; (b) the Group has latitude in establishing prices, either directly or indirectly; and (c) the Group bears the customer's credit risk for the amount receivable from the customer. On the other hand, the Group is acting as an agent or an intermediary, if it does not have exposure to the significant risks and rewards associated with the rendering of services. One feature indicating that the Group is acting as an agent is that the amount the Group earns is predetermined, being either a fixed fee per transaction or a stated percentage of the amount billed to the customer. Based on the above considerations the Group determined that it is acting as an agent in respect of certain content services provided by third parties to customers, and therefore the revenues recognized from these services are presented on a net basis in the statement of income.

n. Revenues (continued)

(2) Revenues from sales of equipment:

Revenue from sale of equipment includes revenue from sale of handsets, routers, phones and related accessories and equipment. Revenue is recognized when the significant risks and reward of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement in regards to the goods, and the amount of revenue can be measured reliably.

Some sales of handsets with accompanying services constitute a revenue arrangement with multiple deliverables. Accordingly, consideration received is allocated to each deliverable based on the relative fair value of the individual element. The revenue from sales of handsets is recognized as equipment revenues upon the delivery of the equipment to the subscriber when all revenue recognition criteria are met.

The Company subsidizes, in some cases, the sale of the handset to end subscribers by selling it at a price below its cost to secure a fixed-term service contract for the purpose of acquiring new subscribers or retaining existing subscribers. The handset sale is then treated as a non-revenue-generating transaction and accordingly, no revenue is recognized from these types of handset sales. The subsidy, and direct selling expenses are capitalized as elements of subscriber acquisition and retention costs in accordance with accounting policy set out in note (f)(5) above. The subsidy represents the difference between the cost of the handset and the payment received from the subscriber for the handset.

(3) Revenues from non-current credit arrangements:

Revenues from non-current credit arrangements to customers in respect of sales of equipment are recognized on the basis of the present value of future cash flows, discounted at the prevailing rate for a similar instrument of an issuer with a similar credit rating. The difference between the original credit and its present value is recorded as other income over the credit period (see note 23 – unwinding of trade receivables).

o. Leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from lessor) are charged to income statements on a straight-line basis over the lease term, including extending options which are reasonably certain.

Leases are classified as finance leases where the Group, as a lessee, has substantially all the risks and rewards of ownership. Finance leases are capitalized at the lease's commencement at the lower of the fair value of the leased property and the present value of the minimum lease payments.

p. Advertising expenses

Advertising expenses are charged to the statement of income as incurred. Advertising expenses for the years ended December 31, 2011, 2012 and 2013 totaled NIS 78 million, NIS 60 million and NIS 53 million, respectively.

q. Tax expenses

The tax expense for the period comprises current and deferred tax. Tax is recognized in the income statement except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantially enacted as of the end of the reporting period. Management periodically evaluates positions taken with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognized on temporary differences arising between that tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognized if they arise from initial recognition of goodwill. Deferred income tax is determined using the tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax is realized or the deferred income tax liability is settled. Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. Deferred income tax assets are presented as non-current, see also note 25.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

r. Share capital

Ordinary shares are classified as equity.

Company's shares acquired by the Company (treasury shares) are presented as a reduction of equity, at the consideration paid, including any incremental attributable costs, net of tax. Treasury shares do not have a right to receive dividends or to vote.

s. Dividend distributions

Dividend distribution to the Company's shareholders is recognized as a liability in the Company's consolidated financial statements in the period in which the dividends are approved by the Company's board of directors, excluding distributions that are pending regulatory approval. See also note 21.

t. Earnings Per Share (EPS)

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of ordinary shares in issue during the year excluding ordinary shares purchased by the Company and held as treasury shares.

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume exercise of all dilutive potential ordinary shares. The instruments that are potential dilutive ordinary shares are equity instruments granted to employees. A calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average annual market share price of the company's shares) based on the monetary value of the subscription rights attached to outstanding share options. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options (see note 27).

NOTE 3 – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

The following new standards, amendments to standards or interpretations have been issued, but are not effective for the financial year beginning 1 January 2013, and have not been early adopted:

(1) IFRS 9 Financial instruments, is the first standard issued as part of a wider project to replace IAS 39. IFRS 9 retains but simplifies the mixed measurement model and establishes two primary measurement categories for financial assets: amortized cost and fair value. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. The guidance in IAS 39 on impairment of financial assets and hedge accounting continues to apply. 2013 amendments to IFRS 9 have removed the previous mandatory effective date of January 1, 2015, but the standard is available for immediate application. The Group is yet to assess the full impact of the standard.

(2) In May 2013 the IASB issued amendments to IAS 36 Impairment of Assets. The amendment requires disclosures of recoverable amount of an individual asset (including goodwill) or a cash-generating unit, for which an impairment loss has been recognized or reversed during the period. The Group will implement the amendment for annual periods beginning on January 1, 2014 and this implementation is not expected to have a material effect on the financial statements.

NOTE 4 –CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

a. Critical accounting estimates and assumptions

(1) Estimating service revenues earned but not yet billed:

The Company recognizes service revenues based upon minutes, seconds and packages used, net of credits and adjustments for service discounts. Because the Company's billing cycles use cut-off dates, which for the most part do not coincide with the Company's reporting periods, the Company is required to make estimates for service revenues earned but not yet billed at the end of each reporting period. These estimates are based primarily upon actual unbilled usage of the Company's network by the customers, and also on historical data and trends. Actual billing cycle results may differ from the results estimated at the end of each period depending on subscriber usage and rate plan mix.

(2) Assessing the useful lives of assets:

The useful economic lives of the Group's assets are an estimate determined by management. The Group defines useful economic life of its assets in terms of the assets' expected utility to the Group. This estimation is based on assumptions of future changes in technology or changes in the Group's intended use of these assets, and experience of the Group with similar assets, and legal or contract periods where relevant. The assets estimated economic useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. See also note 2(e) and note 2(f).

(3) Assessing the recoverable amount for impairment tests of assets with finite useful economic lives:

The Group is required to determine at the end of each reporting period whether there is any indication that an asset may be impaired. If indicators for impairment are identified the Group estimates the assets' recoverable amount, which is the higher of an asset's fair value less costs to sell and value in use. The value-in-use calculations require management to make estimates of the projected future cash flows. Determining the estimates of the future cash flows is based on management past experience and best estimate for the economic conditions that will exist over the remaining useful economic life of the CGU. See also note 2(i).

The Group recorded in 2011 an impairment charge to certain assets in an amount of NIS 262 million. No impairment charges were recognized in 2012 and 2013. See note 13.

PARTNER COMMUNICATIONS COMPANY LTD.

(An Israeli Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 4 –CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

a. Critical accounting estimates and assumptions (continued)

(4)Assessing the recoverable amount of goodwill for annual impairment tests:

The recoverable amounts of CGUs to which goodwill has been allocated have been determined based on the value-in-use calculations. Determining the estimates of the future cash flows is based on management past experience and management best estimate of the economic conditions.

The Group recorded in 2011 an impairment charge to goodwill in an amount of NIS 87 million. No impairment charges were recognized in 2012 and 2013. See note 13.

The key assumptions used in the December, 31, 2013 test were as follows:

Terminal growth rate	(negative 0.3%)
After-tax discount rate	11.7%
Pre-tax discount rate	15.8%

(5)Assessing allowance for doubtful accounts:

The allowance is established when there is objective evidence that the Group will not be able to collect amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganization, or delinquency or default in debtor payments are considered indicators that a trade receivable is impaired. The amount of the allowance is determined as a percentage of specific debts doubtful of collection, and taking into consideration the likelihood of recoverability of accounts receivable based on the age of the balances, the Group's historical write-off experience net of recoveries, changes in the credit worthiness of the Group's customers, and collection trends. The trade receivables are periodically reviewed for impairment.

(6)Considering uncertain tax positions

The assessment of amounts of current and deferred taxes requires the Group's management to take into consideration uncertainties that its tax position will be accepted and of incurring any additional tax expenses. This assessment is based on estimates and assumptions based on interpretation of tax laws and regulations, and the Group's past experience. It is possible that new information will become known in future periods that will cause the final tax

outcome to be different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made. See also notes 2(q) and 25.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 4 – CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (continued)

b. Critical judgments in applying the Group's accounting policies

(1) Considering the likelihood of contingent losses and quantifying possible settlements:

Provisions are recorded when a loss is considered probable and can be reasonably estimated. Judgment is necessary in assessing the likelihood that a pending claim or litigation against the Group will succeed, or a liability will arise, quantifying the possible range of final settlement. These judgments are made by management with the support of internal specialists, or with the support of outside consultants such as legal counsel. Because of the inherent uncertainties in this evaluation process, actual results may be different from these estimates.

(2) Considering sales with multiple deliverables:

The Group made judgments to determine that certain sales of equipment with accompanying services constitute an arrangement with multiple deliverables that are linked in such a way that the commercial effect cannot be understood without reference to the series of transactions as a whole, and accordingly, consideration received is allocated to each deliverable based on the relative fair value of the individual element. See also note 2(n)(2).

(3) Determining probability of future utilization of deferred tax assets:

Deferred tax assets are recognized to the extent that their utilization is probable. The utilization of deferred tax assets will depend on whether it is probable that sufficient and suitable taxable profits will be available in the future, against which the reversal of the temporary differences can be deducted, taking into account any legal restrictions on the length of loss-carryforward period. Various factors are used to assess the probability of the future utilization of deferred tax assets, including past operating results, operational plans, loss-carryforward periods, and tax planning strategies. See also note 25.

NOTE 5 – ACQUISITION OF 012 SMILE

On March 3, 2011, (the "acquisition date") the Company completed the acquisition of 012 Smile Telecom Ltd., from Merhav-Ampal Energy Ltd. (the "Seller"), (the "Transaction").

012 Smile, a private Israeli company, is a leading provider of communication services in Israel, which provides a wide range of broadband and traditional voice services. 012 Smile's services are part of the fixed-line segment, see note 1(b)(2).

The Company has acquired all of the issued and outstanding shares of 012 Smile and therefore is the controlling party of 012 Smile, which will allow it to become a leading comprehensive communications group, expanding its services and products.

The purchase price for the acquisition of 012 Smile was NIS 650 million which included the acquisition of all of the outstanding shares of 012 Smile and a loan from the previous shareholder to 012 Smile. The Company had previously paid NIS 30 million as a deposit for the acquisition. The remaining NIS 620 million was funded by cash on hand of NIS 158 million and notes payable of NIS 462 million. As part of the Transaction, 012 Smile undertook a liability to the Company by an amount similar to the abovementioned loan. As part of the Transaction, the Company also guaranteed the bank loans and other bank guarantees, which were provided to 012 Smile, in a total amount of approximately NIS 800 million. For information about developments occurred after the acquisition date in respect of 012 Smile's indebtedness see notes 15.

NOTE 5 – ACQUISITION OF 012 SMILE (continued)

The following table summarizes the consideration paid for 012 Smile, and the amounts of the assets acquired and liabilities assumed recognized at the acquisition date:

	March 3, 2011 NIS in millions
Current assets	295
Deferred expenses – right of use	282
Property and equipment	159
Intangible assets	408
Goodwill	494
Other non-current assets	21
Short term bank borrowings and current maturities of long-term borrowings	(201)
Accounts payables and provisions	(229)
Long term bank borrowings	(579)
	650
Reconciliation for net cash used in the acquisition:	
Less: Advance payment in respect of the acquisition of 012 Smile, made in 2010	(30)
Less: cash acquired	(23)
Net cash used in the acquisition of 012 Smile in 2011	597

The fair value of the trade receivables purchased was NIS 225 million. The book value was NIS 226 million less allowance for doubtful debts of NIS 1 million.

Intangible assets include, among other assets: trade name that was valued using the "Relief from Royalty" method, an approach under which fair value is estimated to be the present value of royalties saved; and customer relationships that were valued using the "Multi-Period Excess Earning" method, an approach under which the Company estimates the present value of expected cash flows resulting from the existing customer relationships. See note 2(g) for the amortization method and expected useful lives of intangible assets acquired in the business combination.

Goodwill in the amount of NIS 494 million arisen upon the acquisition date of 012 Smile on March 3, 2011 was recognized as the excess of the consideration transferred over the net fair value of the identifiable assets acquired, and identifiable liabilities and contingent liabilities assumed. The goodwill is allocated to the fixed-line segment. The goodwill represents assets and earnings that do not form separable identifiable assets under IFRS3, but are expected to contribute to the future results of the fixed-line segment: reduction in costs through synergies and economies of scale expected from combining the operations of 012 Smile and the Company; market knowledge; and highly skilled workforce. The total amount of goodwill that was expected to be deductible for income tax purposes as of the acquisition date is NIS 212 million. See also note 13 with respect to impairment charge in 2011 and subsequent

impairment tests.

(1) Mainly employee share based compensation expenses.

(2) Adjusted EBITDA as reviewed by the CODM represents Earnings Before Interest (finance costs, net), Taxes, Depreciation, Amortization (including amortization of intangible assets, deferred expenses-right of use, and share based compensation expenses) and impairment charges, as a measure of segment profit. Adjusted EBITDA is not a financial measure under IFRS and may not be comparable to other similarly titled measures for other companies. Adjusted EBITDA may not be indicative of the Group's historic operating results nor is it meant to be predictive of potential future results. The usage of the term "Adjusted EBITDA" is to highlight the fact that the Amortization includes amortization of deferred expenses – right of use and employee share based compensation expenses; it is fully comparable to EBITDA information which has been previously provided for prior periods.

NOTE 7 – FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

a. Financial risk factors

The Group is exposed to a variety of financial risks: credit, liquidity and market risks as part of its normal course of business. The Group's risk management objective is to monitor risks and minimize the possible influence that results from this exposure, according to its evaluations and expectations of the parameters that affect the risks.

1. Risk Management

Risk management is carried out by the treasury department under policies and/or directions resolved and approved by the board of directors.

2. Market risks

(a) Description of market risks

Fair value risk due to interest rate changes

The fair value risk due to interest rate changes arises from non-current borrowings and notes payable bearing fixed interest rates. Since they are measured and presented in the statement of financial position at amortized cost, changes in the interest rate do not affect the financial statements nor cash flows in respect of the notes payable. The Group does not enter into interest risk hedging transactions.

Cash flow risk due to interest rate changes and CPI changes

The Group is exposed to fluctuations in the Israeli Consumer Price index (CPI), as some of the Group's non-current borrowings and notes payable are linked to the CPI. The Group did not enter into CPI hedging transactions in 2011, 2012 and 2013.

Furthermore, the Group's notes payable and non-current borrowings bearing variable interest rate cause cash flow risks. Based on simulations performed, an increase (decrease) of 1% interest rates during 2013 in respect of the abovementioned financial instruments would have resulted in an annual increase (decrease) in interest expenses of NIS 8 million. The Group does not enter into interest rate hedging transactions.

Foreign exchange risk

The Group's operating income and cash flows are exposed to currency risk, mainly due trade receivables and trade payables denominated in foreign currencies. During 2013 the Group closed its free standing forward contracts positions and as of December 31, 2013 does not have foreign exchange rate freestanding forward contracts.

(c) Details regarding the derivative financial instruments, foreign exchange and CPI risk management and sensitivity analysis

The notional amounts of derivatives as of December 31, 2011, 2012 and 2013, are as follows, based on the amounts of currencies to be received, translated into NIS at the exchange rates prevailing at each of the reporting dates, respectively:

	New Israeli Shekels December 31	
	2012	2013
	In millions	
Forward transactions pay NIS, receive USD	373	-
Forward transactions pay Euro, receive USD	247	-
Embedded derivatives pay USD, receive NIS	64	35

See also note 7 (a)(4) below regarding maturity dates of the derivative financial instruments.

Data regarding the dollar exchange rate and the Israeli CPI:

	Exchange rate of one Dollar	Exchange rate of one Euro	Israeli CPI*
At December 31:			
2013	NIS 3.471	NIS 4.782	223.80 points
2012	NIS 3.733	NIS 4.921	219.80 points
2011	NIS 3.821	NIS 4.938	216.27 points
Increase (decrease) during the year:			
2013	(7.0)%	(2.8)%	1.8 %
2012	(2.3)%	(0.35)%	1.6 %
2011	7.7 %	4.2 %	2.2 %

* Index for each reporting period's last month, on the basis of 1993 average = 100 points.

Sensitivity analysis:

An increase (decrease) of 2% in the CPI as at December 31, 2011, 2012 and 2013 would have decreased (increased) equity and profit by NIS 51 million, NIS 44 million, and 36 million, for the years ended December 31, 2011, 2012, 2013 respectively, assuming all other variables remain constant.

An increase (decrease) of 5% in the USD exchange rate as at December 31, 2011, 2012 and 2013 would have increased (decreased) equity and profit by NIS 6 million, NIS 3 million, and NIS (3) million, for the years ended December 31, 2011, 2012, 2013 respectively, assuming that all other variables remain constant.

NOTE 7 – FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (continued)

a. Financial risk factors (continued)

3. Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's trade receivables, and also from cash and cash equivalents and other receivables. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. The Group conducts credit evaluations on receivables of certain types over a certain amount, and requires collaterals against them. Accordingly, the financial statements include appropriate allowances for estimated irrecoverable amounts. See also note 2 (j) (2).

The carrying amount of financial assets represents the maximum credit exposure, see note 7 (c).

The cash and cash equivalents are held in leading Israeli commercial banks, rated by Standard & Poor's Maalot at between ilAA-/Stable to ilAA+/stable.

The trade receivables are significantly widespread, and include individuals and businesses, and therefore have no representing credit rating.

See also note 8 as to the assessment by aging of the trade receivables and related allowance for doubtful accounts.

4. Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, without incurring unacceptable losses or risking damage to the Group's reputation. The Group's policy is to ensure that it has sufficient cash and cash equivalents, and credit facilities to meet expected operational expenses, dividends and financial obligations.

c. Fair values of financial instruments

As detailed in note 2(j) the financial instruments are categorized as following:

Fair Value Through Profit or Loss (FVTPL); Loans and Receivables (L&R); Amortized Cost (AC). The financial instruments that are categorized FVTPL are derivative financial instruments. Their fair values are calculated by discounting estimated future cash flows based on the terms and maturity of each contract and using forward rates for a similar instrument at the measurement date. All significant inputs in this technique are observable market data and rely as little as possible on entity specific estimates – this method matches the "Level 2" fair value measurement level hierarchy. There were no transfers between fair value levels during the year.

Non-current trade receivables bear no interest. These balances are in respect of equipment sold in installments (18-36 monthly payments). The current amount is computed on the basis of the interest rate relevant at the date of the transaction (2012 – 6.77% - 7.25%) (2013 – 6.24% - 6.95%).

During 2012 and 2013 the Company factored non-current trade receivables resulting from sales of handsets through credit cards in an amount of NIS 321 million and NIS 272 million, respectively. The factoring was executed through a clearing company, on a non-recourse basis. The factoring of accounts receivable was recorded by the Company as a sale transaction under the provisions of IAS 39. The resulting costs were charged to "finance expenses" in the statement of income, as incurred.

The Group does not have continuing involvement in the factored trade receivables.

NOTE 13 – IMPAIRMENT TESTS

a. Impairment tests of assets with finite useful economic lives

(1) Subscriber acquisition and retention costs

In August 2011, an amendment to the Telecommunications Law was enacted with respect to exit fees charged from subscribers of various other telecommunications operators: cable and satellite, internet, fixed-line telephony and international telephony. According to the amendment, new subscribers may not be charged exit fees while existing subscribers with average monthly bills lower than NIS 5,000, may be charged exit fees of no more than 8% of the subscriber's average monthly bill for operator's services until termination, multiplied by the balance of the remaining number of months in the commitment period.

As a result, the Group recorded in 2011 an impairment of intangible asset of VOB and ISP subscriber acquisition costs (fixed-line segment) in an amount of NIS 27 million. The impairment was charged to cost of revenues.

(2) Assets of the VOB/ISP CGU

During December 2011, Bezeq International Ltd. completed the installation of an underwater cable between Israel and Italy and began commercial use thereafter. In addition, Tamares Telecom Ltd. was in the final stages of laying another underwater cable which was completed in January 2012, allowing new communication channels between Israel and Western Europe. The additional capacity significantly increased the level of competition in the market for international connectivity services that, until December 2011, had been comprised of a sole monopoly supplier. The increased competition in the market for international connectivity services during the fourth quarter of 2011 led to a sharp decline in prices and the Company's expectations for increased competition in the retail ISP market that would lead to a decrease in prices and market share, indicated the need to perform an impairment test to certain assets of the fixed-line segment as at December 31, 2011.

NOTE 13 – IMPAIRMENT TESTS

a. Impairment tests of assets with finite useful economic lives(continued)

(2) Assets of the VOB/ISP CGU (continued)

For the purpose of the impairment test as at December 31, 2011, the assets were grouped to the lowest level for which there are separately identifiable cash flows (CGU). The Group reviewed the recoverability of the VOB/ISP assets. As a result, an impairment charge in a total amount of NIS 235 million was recognized. The impairment charge was allocated to the assets of the CGU pro rata, on the basis of the carrying amount of each asset, provided that the impairment did not reduce the carrying amount of an asset below the highest of its fair value less costs to sell and its value-in-use, and zero. Accordingly, the following impairment charges were recorded in 2011 with respect to the assets of the above CGU:

- (a) Trade name by NIS 14 million, recorded in selling and marketing expenses.
- (b) Customer relationships by NIS 73 million, recorded in selling and marketing expenses.
- (c) Right of use (see note 12) by NIS 148 million, recorded in cost of revenues.

The recoverable amount as at December 31, 2011 was assessed by management with the assistance of an external independent expert ("Giza Singer Even. Ltd") based on value-in-use calculations. The value in use calculations use pre-tax cash flow projections covering a five-year period and using extrapolation with specific adjustments expected until 2027, and a pre-tax discount rate of 12.5%. The value-in-use calculations included all factors in real terms.

The impairment test as at December 31, 2011 was based on assessments of financial performance and future strategies in light of current and expected market and economic conditions. See also notes 2(i), 4(a)(3).

NOTE 13 – IMPAIRMENT TESTS

b. Goodwill impairment tests

The goodwill acquired in a business combination was allocated on acquisition date March 3, 2011 to the fixed-line segment in an amount of NIS 494 million (see note 5).

Goodwill impairment test as of December 31, 2011

For the purpose of impairment testing as of December 31, 2011, the goodwill was allocated to CGU and to a group of CGUs within the fixed-line segment that are expected to benefit from the synergies of the combination and represent the lowest level for which the goodwill is monitored for internal management purposes:

- (1) ISP/VOB, and ILD group of CGUs NIS 426 million,
- (2) Transmission and PRI CGU NIS 68 million.

For the purpose of the goodwill impairment test as of December 31, 2011, the recoverable amount was assessed by management with the assistance of an external independent expert ("Giza Singer Even. Ltd") based on value-in-use calculation which was determined higher than fair value less costs to sell. The value-in-use calculations used pre-tax cash flow projections covering a five-year period. Cash flows beyond the five-year period to be generated from continuing use are extrapolated using estimated growth rates. The growth rates do not exceed the long-term average growth rate of the fixed-line communications services business. The key assumptions used are as follows:

	ISP/VOB and ILD group of CGUs	Transmission and PRI CGU		
Terminal growth rate	(0.4)%	1	%
After-tax discount rate	12.1	%	11.5	%
Pre-tax discount rate	14.9	%	15	%

The value-in-use calculations as of December 31, 2011 included all factors in real terms. The assumptions presented above for the ISP/VOB group of CGUs are derivative of the growth rate, after tax discount rate, and pre-tax rate for the ISP/VOB CGU: 0%, 11.5%, and 13.1%, and for the ILD CGU: (-1)%, 13%, and 17.6%, respectively.

The impairment test as of December 31, 2011 was based on assessments of financial performance and future strategies in light of current and expected market and economic conditions. Trends in the economic and financial environment, competition and regulatory authorities' decisions, or changes in competitors' behavior in response to the economic environment may affect the estimate of recoverable amounts. See also note 4(a)(4) and note 2(h).

As a result of the impairment test, the Group recorded as of December 31, 2011 an impairment charge to goodwill in respect of the ISP/VOB and ILD group of CGUs in 2011 in the amount of NIS 87 million.

NOTE 13 – IMPAIRMENT TESTS (continued)

b. Goodwill impairment tests(continued)

Goodwill impairment test as of December 31, 2012

Since the beginning of 2012, management undertook a program to integrate the fixed-line segment structure that included aggregating all the fixed-line activities of the Group under the responsibility of Head of Fixed-Line Division. As a result of this integration the reporting and monitoring structure was aligned with the fixed-line segment and goodwill was allocated to a single group of CGUs which constitute all the operations of the fixed-line segment, in an amount of NIS 407 million.

For the purpose of impairment testing as of December 31, 2012 and thereafter, this group of CGUs represents the lowest level within the Group at which goodwill is monitored by management for internal reporting purposes.

For the purpose of the goodwill impairment test as of December 31, 2012, the recoverable amount was assessed by management with the assistance of an external independent expert ("Giza Singer Even. Ltd") based on value-in-use calculations. The value-in-use calculations use pre-tax cash flow projections covering a five-year period. Cash flows beyond the five-year period to be generated from continuing use are extrapolated using estimated growth rates. The growth rates do not exceed the long-term average growth rate of the fixed-line communications services business. The key assumptions used are as follows:

Terminal growth rate	(negative 0.2%)
After-tax discount rate	11.7%
Pre-tax discount rate	15.7%

The impairment test as of December 31, 2012 was based on assessments of financial performance and future strategies in light of current and expected market and economic conditions. Trends in the economic and financial environment, competition and regulatory authorities' decisions, or changes in competitors' behavior in response to the economic environment may affect the estimate of recoverable amounts. See also note 4(a)(4) and note 2(h).

As a result of the impairment test, the Group determined that no goodwill impairment exists as of December 31, 2012.

b. Goodwill impairment tests(continued)

Goodwill impairment test as of December 31, 2013

Goodwill is allocated to a single group of CGUs which constitute all the operations of the fixed-line segment, in an amount of NIS 407 million.

For the purpose of the goodwill impairment test as of December 31, 2013, the recoverable amount was assessed by management with the assistance of an external independent expert ("Giza Singer Even. Ltd") based on value-in-use calculations. The value-in-use calculations use pre-tax cash flow projections covering a five-year period. Cash flows beyond the five-year period to be generated from continuing use are extrapolated using estimated growth rates. The growth rates do not exceed the long-term average growth rate of the fixed-line communications services business. The key assumptions used are as follows:

Terminal growth rate	(negative 0.3%)
After-tax discount rate	11.7%
Pre-tax discount rate	15.8%

The impairment test as of December 31, 2013 was based on assessments of financial performance and future strategies in light of current and expected market and economic conditions. Trends in the economic and financial environment, competition and regulatory authorities' decisions, or changes in competitors' behavior in response to the economic environment may affect the estimate of recoverable amounts. See also note 4(a)(4) and note 2(h).

As a result of the impairment test, the Group determined that no goodwill impairment exists as of December 31, 2013.

Sensitivity Analysis:

The headroom of the fixed line segment assets fair value over the book value as of December 31, 2012 and 2013 was approximately 13.6% and approximately 9.5% respectively.

Sensitivity analysis was performed for the recoverable amount as of December 31, 2013 for a change of the after-tax discount rate within the range of $\pm 10\%$ multiplied by the variable 11.7% (10.53% to 12.87%), assuming all other variables constant. Sensitivity analysis was also performed for a change of the terminal permanent growth rate within the range of $\pm 1\%$ of the variable minus 0.3% (minus 1.3% to 0.7%), assuming all other variables constant. Results showed that no impairment charge is required. However, considering an extreme scenario whereby increasing the discount rate above 12.3% and simultaneously decreasing the permanent growth rate below minus 0.8% would

indicate impairment.

NOTE 15– BANK BORROWINGS (continued)

(2)Financial covenants:

The terms of bank loans require the Group to comply with financial covenants on a consolidated basis. Their main provisions are two ratios:

- (1)The ratio of (a) the amount of all financial obligations of the Company including bank guarantees that the Company has undertaken ("Total Debt") to (b) EBITDA less Capital Expenditures shall not exceed 6.5 (the ratio as of December 31, 2012 and 2013 was 4.3 and 5.2, respectively); and
- (2)The ratio of (a) Total Debt to (b) the EBITDA of the Company shall not exceed 4 (the ratio as of December 31, 2012 and 2013 was 2.8 and 3.2, respectively).

EBITDA is defined as the sum of (a) the net income before extraordinary items, (b) the amount of tax expenses set against the net profits including, without double counting, any provisions for tax expenses, (c) and depreciation and amortization expenses, and (d) any finance costs, net.

Capital Expenditures are defined as any expenditure classified as fixed and intangible asset in the financial statements.

The usage of the term "Adjusted EBITDA" as in note 6 segment information is to highlight the fact that the Amortization includes amortization of deferred expenses – right of use and employee share based compensation expenses; it is fully comparable to EBITDA information which has been previously provided for prior periods.

The Group was in compliance with all covenants stipulated for the years 2012 and 2013. The covenants are measured every six months on an annualized basis of twelve months and are based on the financial results for the preceding period of twelve months.

(3)Negative pledge:

The Company provided the banks with a negative pledge undertaking (i.e., not to pledge any of its assets to a third party), except for a number of exceptions that were agreed upon, including pledge (other than by way of floating charge) in favor of a third party over specific assets or rights of the Company, securing obligations no greater than NIS 100 million in aggregate. The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method has been applied as when calculating the pension liability recognized within the statement of financial position.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous period.

The defined benefit plan exposes the Group to a number of risks, the most significant are asset volatility, and a risk that salary increases will be higher than expected in the actuarial calculations.

The assets are invested in provident funds, managed by managing companies and are subject to laws and regulations, and supervision (including investment portfolio) of the Capital Markets, Insurance and Saving Division of the Israeli Ministry of Finance.

B. Contingencies in respect of regulatory demands and building and planning procedures

- (1) Under the Telegraph Regulations the Company is committed to pay an annual fixed fee for each frequency used. Under the above Regulations should the Company choose to return a frequency, such payment is no longer due.
- (2) Section 197 of the Building and Planning Law states that a property owner has the right to be compensated by a local planning committee for reductions in property value as a result of a new building plan.

In January 2006, the Non-ionizing Radiation Law was published, amending the Planning and Building Law so that local Planning and Building committees must require indemnification letters against reduction in property value from the cellular operators requesting building permits.

Accordingly, on January 3, 2006, the National Council for Planning and Building published an interim decision conditioning the issuance of building permits for cell site permits by local planning and building councils upon provision of a 100% indemnification undertaking by the cellular operators. This decision shall remain in effect until it is replaced with an amendment to the National Zoning Plan 36. Between January 3, 2006 and December 31, 2013 the Company provided the local authorities with 448 indemnification letters as a pre-condition for obtaining building permits.

In case the Company shall be required to make substantial payments under the indemnity letters, it could have an adverse effect on the Company's financial results.

According to the company's management estimation and based on its legal counsel, a provision in the financial statement was not included.

The Company assumes that the requirement to provide indemnification letters might require it to change locations of sites to different, less suitable locations and to dismantle some of its sites. These changes in the deployment of the sites might have an adverse effect on the extent, quality and capacity of the network coverage.

NOTE 25 – INCOME TAX EXPENSES

a. Measurement of results for tax purposes under the Income Tax (Inflationary Adjustments) Law, 1985

Under this law, results for tax purposes through tax-year 2007 were measured in real terms, having regard to the changes in the Israeli CPI. Commencing the tax-year 2008 and thereafter the Company and its subsidiaries are measured for tax purposes in nominal values, except for certain transition provisions: certain losses carryforwards for tax purposes, and certain tax deductible depreciation expenses are adjusted to the changes in the CPI until the end of 2007.

b. Corporate income tax rates applicable to the Group

The Group is taxed according to the regular corporate income tax in Israel.

In accordance with amendment to Income Tax Ordinance from August 2005, and the Law of Economic Efficiency (legislation amendments for implementation of the economic plan for the years 2009 and 2010) from July 2009, the corporate tax rate was to be gradually reduced as follows: 2010 – 25%, 2011- 24%, 2012 - 23%, 2013 - 22%, 2014 - 21%, 2015 – 20%, and for 2016 and thereafter – 18%.

On December 6, 2011, the "Tax Burden Distribution Law" Legislation Amendments (2011) was published. Under this law, the previously approved gradual decrease in corporate tax is discontinued. Corporate tax rate increased to a fixed rate of 25% as from 2012 and thereafter.

As a result, the deferred tax liability as of December 31, 2011 has increased in the amount of approximately NIS 12 million, with corresponding increase in deferred tax expenses in the income statement.

On August 5, 2013, the Law for Change of National Priorities (Legislative Amendments for Achieving the Budgetary Goals for 2013-2014), 2013 was published, enacts, among other things, the raising of the corporate tax rate beginning in 2014 and thereafter to 26.5% (instead of 25%). As a result, the deferred tax asset as of December 31, 2013 has increased in the amount of approximately NIS 1 million, with corresponding decrease in deferred tax expenses in the income statement.

c. Losses carried forward to future years and other temporary differences

At December 31, 2013, certain subsidiaries of the Company did not recognize deferred tax assets in respect of carryforward tax losses of approximately NIS 125 million. The carryforward tax losses can be utilized indefinitely. The Group did not recognize deferred tax assets in respect thereof since Group's management does not expect that it is probable that sufficient taxable profits will be available in the future, against which the reversal of the temporary differences can be deducted.

NOTE 28 – NETWORK SHARING AGREEMENT AND RIGHTS OF USE

On November 8, 2013 the Company and Hot Mobile Ltd. ("Hot Mobile") have entered into a 15-year network sharing agreement ("NSA"), which remains subject to approval by the Israeli regulatory authorities, including the Antitrust Authority. Pursuant to the NSA, the parties would create a 50-50 joint venture, which would operate and develop a radio access network to be shared by both companies starting with a pooling of both companies' radio access network infrastructures to create a single pooled radio access network (the "Shared Network").

According to the NSA, Hot Mobile will pay the Company a onetime amount, by the beginning of year 2017 (unless it will be paid earlier if either of the parties exercise their right to advance the payment), and afterwards each party will bear half of the capital expenditure relating to the Shared Network. The bearing of the operating costs of the Shared Network will be according to a pre-determined mechanism, according to which one half of the operating costs will be shared equally by the parties, and one half will be divided according to the relative volume of traffic of each party in the Shared Network.

The Company and Hot Mobile entered into a separate Rights Of Use agreement which is valid until January 4, 2017 ("ROU"), under which the Company will provide services to Hot Mobile, in the form of rights of use to its cellular network in order to supplement Hot Mobile's current network coverage. According to the ROU, Hot Mobile will pay the Company fixed base payments with additional variable payments based on traffic volume exceeding a defined threshold.

Results of Consolidated Operations for the Year Ended December 31, 2013 Compared to the Year Ended December 31, 2012

Composition of revenues and cost of revenues

	New Israeli Shekels	
	Year ended December 31,	
	2012	2013
	In millions	
Service revenues	4,640	3,784
Equipment revenues	932	735
Total revenues	5,572	4,519
Cost of revenues – Services	3,212	2,817
Cost of revenues – Equipment	819	693
Total Cost of revenues	4,031	3,510
Gross profit	1,541	1,009

Revenues. Total revenues in 2013 were NIS 4,519 million (US\$ 1,302 million), a decrease of 19% from NIS 5,572 million in 2012.

Revenues from services. Annual service revenues totaled NIS 3,784 million (US\$ 1,090 million) in 2013, decreasing by 18% from NIS 4,640 million in 2012.

Revenues from equipment. Equipment revenues in 2013 totaled NIS 735 million (US\$ 212 million), a decrease of 21% compared with NIS 932 million in 2012. The decrease was due to a significant decrease in the number of sales of cellular devices, partially offset by an increase in the average sales price which largely reflected a higher proportion of sales of high end smartphones (in particular iPhones and Samsung Galaxy) and tablets.

Operating expenses. Operating expenses ("Opex", including cost of service revenues, selling, marketing and administrative expenses and excluding depreciation and amortization) totaled NIS 2,791 million (US\$ 804 million) in 2013, a decrease of 14% or NIS 471 million from 2012, largely reflecting the efficiency savings resulting from the reduction in the Company workforce by approximately one third on an average basis (average of workforce at beginning and end of year), as well as a decrease in transmission expenses, payments to content and communications providers, royalties to the State and other expenses. Including depreciation and amortization expenses, Opex in 2013 decreased by 13% compared with 2012. See also Note 22 to our consolidated financial statements.

Operating profit. Operating profit for 2013 was NIS 409 million (US\$ 118 million), a decrease of 53% compared with NIS 865 million in 2012.

Finance costs, net. Finance costs, net in 2013 were NIS 211 million (US\$ 61 million), a decrease of 10%, compared with NIS 234 million in 2012. The decrease was mainly due to a decrease in interest expenses resulting from the lower level of average debt, together with foreign exchange gains, partially offset by early loan repayment fines of NIS 17 million in 2013 and by higher CPI linkage expenses as a result of the larger increase in the CPI level in 2013 compared with 2012.

Profit before income tax. Profit before income taxes for 2013 was NIS 198 million (US\$ 57 million), a decrease of 69% from NIS 631 million in 2012.

Income taxes on profit. Income taxes on profit for 2013 were NIS 63 million (US\$ 18 million), a decrease of 59% from NIS 153 million in 2012.

The effective tax rate for 2013 was 32%, compared with 24% in 2012. The increase in the effective tax rate was mainly due to the higher percentage of unrecognized expenses than in last year, due to the decline in profit before tax.

Profit. Profit for 2013 was NIS 135 million (US\$ 39 million), a decrease of 72% compared with 2012. Based on the weighted average number of shares outstanding during 2013, basic earnings per share or ADS, was NIS 0.87 (US\$ 0.25), a decrease of 72% compared to NIS 3.07 in 2012.

Adjusted EBITDA. Adjusted EBITDA in 2013 totaled NIS 1,114 million (US\$ 321 million), a decrease of 30% from NIS 1,602 million in 2012. As a percentage of total revenues, Adjusted EBITDA in 2013 was 25%, compared with 29% in 2012.

Adjusted EBITDA as reviewed by the Chief Operating Decision Maker (“CODM”), represents earnings before interest (finance costs, net), taxes, depreciation, amortization (including amortization of intangible assets, deferred expenses-right of use, and share based compensation expenses) and impairment charges, as a measure of operating profit. Adjusted EBITDA is not a financial measure under IFRS and may not be comparable to other similarly titled measures for other companies. Adjusted EBITDA may not be indicative of the Company’s historic operating results nor is it meant to be predictive of potential future results. We use the term “Adjusted EBITDA” to highlight the fact that amortization includes amortization of deferred expenses – right of use and employee share-based compensation expenses, but the Adjusted EBITDA is fully comparable to EBITDA information which has been previously provided for prior periods. For a reconciliation of Adjusted EBITDA with our audited financial data, see Note 6 to the consolidated financial statements for 2013 included in Form 20-F.

Results Of Operation By Segment For The Year Ended December 31, 2013 Compared To The Year Ended December 31, 2012

Cellular Services Business Segment

Total Revenues, Total revenues for the cellular segment in 2013 were NIS 3,610 million (US\$ 1,040 million), a decrease of 20% from NIS 4,488 million in 2012.

Revenues from services. Service revenues for the cellular segment in 2013 were NIS 2,907 million (US\$ 838 million), decreasing by 19% from NIS 3,592 million in 2012. The decrease was mainly a result of the price erosion of Post-Paid and Pre-Paid cellular services, following increased competition due to the activity of new competitors (new operators and MVNOs), and the transfer of existing customers to "unlimited plans" since May 2012. The decrease also reflected the lower Post-Paid cellular subscriber base which was approximately 3.5% lower on an average basis (average of subscriber base at beginning and end of year) in 2013 compared with 2012, as well as lower roaming services revenues, as a result of price erosion in roaming services.

Pre-paid subscribers contributed service revenues in a total amount of approximately NIS 360 million (US\$ 104 million) in 2013, a decrease of 24% from approximately NIS 475 million in 2012, as a result of the price erosion in pre-paid services and the decrease in the number of pre-paid subscribers.

Revenues from equipment. Revenues from cellular equipment sales in 2013 totaled NIS 703 million (US\$ 203 million), decreasing by 22% from NIS 896 million in 2012. The decrease was due to a significant decrease in the number of sales of cellular devices, partially offset by an increase in the average sales price which largely reflected a higher proportion of sales of high end smartphones (in particular iPhones and Samsung Galaxy) and tablets.

Gross profit from equipment. The gross profit from cellular equipment sales in 2013 was NIS 39 million (US\$ 11 million), compared with NIS 109 million in 2012, a decrease of 64%, reflecting both the lower number of sales and lower profit margins following the heightened competition in the handset market from independent importers and distributors.

Operating expenses. Operating expenses for the cellular segment (including cost of service revenues, selling, marketing and administrative expenses and excluding depreciation and amortization expenses) totaled NIS 2,239 million (US\$ 645 million) in 2013, a decrease of 10% or NIS 258 million from 2012, largely reflecting the efficiency savings resulting from the reduction in the salaries and related workforce expenses, as well as a decrease in payments to content and communications providers, royalty expenses due to the State and in the cost of handling, replacing or repairing handsets. See also Note 22 to our consolidated financial statements. Including depreciation and amortization expenses, operating expenses decreased by 11%.

Cost of service revenues. The cost of service revenues (excluding inter-segment costs) decreased by 12% from NIS 2,351 million in 2012 to NIS 2,070 million (US\$ 596 million) in 2013, largely as a result of the decrease in salaries and related expenses as well as decreases in payments to content providers, royalty expenses due to the State (as a result of the royalty rate of 0% for 2013 compared with 1.3% for 2012), and the cost of handling, replacing or repairing handsets. See also Note 22 to our consolidated financial statements.

Selling, marketing, general and administration expenses. Selling, marketing, general and administration expenses for the cellular segment in 2013 amounted to NIS 544 million (US\$ 157 million), decreasing by 7% from NIS 584 million in 2012. The decrease mainly reflected decreases in salaries and related expenses, as well as decreases in credit card and other commissions and in marketing and advertising expenses. See also Note 22 to our consolidated financial statements.

Operating profit. Overall, operating profit for the cellular segment in 2013 was NIS 234 million (US\$ 67 million), decreasing by 68% compared with NIS 742 million in 2012, largely reflecting the impact of the decrease in service revenues, partially offset by the reduction of operating expenses, as described above.

Adjusted EBITDA. Adjusted EBITDA for the cellular segment was NIS 784 million (US\$ 226 million) in 2013, decreasing by 40% from NIS 1,314 million in 2012, largely reflecting the impact of the decrease in service revenues, partially offset by the reduction of operating expenses, as described above. As a percentage of total cellular revenues, Adjusted EBITDA for the cellular segment in 2013 was 22%, compared with 29% in 2012

Fixed Line Services Business Segment

Total revenues. Total Revenues in 2013 for the fixed-line segment were NIS 1,117 million (US\$ 322 million), a decrease of 10% compared with NIS 1,246 million in 2012.

Revenues from services. Service revenues for the fixed-line segment totaled NIS 1,085 million (US\$ 313 million) in 2013, a decrease of 10% compared with NIS 1,210 million in 2012. The decrease mainly reflected price erosion in fixed-line services including local fixed-lines, international calls and internet services. The price erosion resulted from increased competition in the various fixed-line markets, arising from the popularity of bundles that include cellular services together with fixed-line services at heavily discounted prices, and the increasingly competitive market for international calls.

Revenues from equipment. Revenues from equipment sales in the fixed-line segment in 2013 totaled NIS 32 million (US\$ 9 million), compared with NIS 36 million in 2012.

Operating expenses. Operating expenses for the fixed-line segment (including cost of service revenues, selling, marketing and administrative expenses and excluding depreciation and amortization and impairment charges) totaled NIS 760 million (US\$ 219 million) in 2013, a decrease of 18% or NIS 167 million from 2012. The decrease largely reflected the efficiency savings resulting from the reduction in salaries and related workforce expenses, as well as a decrease in transmission costs, network maintenance expenses and in payments to internet service providers (ISP). See also Note 22 to our consolidated financial statements. Including depreciation and amortization expenses, operating expenses decreased by 16%.

Cost of service revenues. The cost of service revenues (excluding inter-segment costs) for the fixed-line segment decreased by 13% from NIS 861 million in 2012, to NIS 747 million (US\$ 215 million) in 2013. The decrease was largely due to lower salaries and related workforce expenses, as well as decreases in transmission costs, network maintenance expenses and in payments to internet service providers (ISP). See also Note 22 to our consolidated financial statements.

Selling, marketing, general and administration expenses. Selling, marketing, general and administration expenses for the fixed-line segment in 2013 amounted to NIS 135 million (US\$ 39 million), a decrease of 33% from NIS 203 million in 2012. This mainly reflected lower salaries and related workforce expenses as well as a decrease in operating lease, rent and overhead expenses and in marketing and advertising expenses. See also Note 22 to our consolidated financial statements.

Operating profit. Operating profit for the fixed-line segment was NIS 175 million (US\$ 50 million) in 2013, an increase of 42% compared to NIS 123 million in 2012. The increase in operating profit reflected the impact of the efficiency measures which reduced operating expenses over the period, partially offset by the decrease in service revenues.

Adjusted EBITDA. Adjusted EBITDA for the fixed-line segment increased by 15% from NIS 288 million in 2012 to NIS 330 million (US\$ 95 million) in 2013, reflecting the reduction of operating expenses partially offset by the decrease in service revenues. As a percentage of total fixed-line revenues, Adjusted EBITDA for the fixed-line segment in 2013 was 30%, compared with 23% in 2012.

Dear Mr. _____

Letter of Indemnification

1. Partner Communications Company Ltd. ("Partner") hereby undertakes to indemnify you for any liability or expense that you incur or that is imposed on you in consequence of an action or an inaction by you (including prior to the date of this letter), in your capacity of an officer or director in Partner or as an officer or director on behalf of Partner in a company controlled by Partner or in which Partner has a direct or indirect interest (such companies being referred to herein as "Subsidiaries"), as follows:

- 1.1. Financial liability that you incur or is imposed on you in accordance with a judgment, including a judgment given in a settlement or a judgment of an arbitrator approved by the court; provided, that such liability pertains to one or more of the events set out in Schedule I hereto, which, in the opinion of the Board of Directors of Partner, are anticipated in light of Partner's activities at the time of granting this undertaking and are at the sum or measurement of indemnification determined by the Board of Directors to be reasonable given the circumstances set forth herein;
- 1.2. Reasonable litigation expenses, including legal fees, that you may incur or for which you will be ordered to pay by a court in the context of proceedings filed against you by or on behalf of Partner or by a third party, or in a criminal proceeding in which you are acquitted or if you are convicted, for an offense which does not require criminal intent; and
- 1.3. Reasonable litigation expenses, including legal fees that you may incur due to an investigation or proceeding conducted against you by an authority authorized to conduct such investigation or proceeding and which has ended without the filing of an indictment against you and either (i) no financial liability was imposed on you in lieu of criminal proceedings, or (ii) financial liability was imposed on you in lieu of criminal proceedings but the alleged criminal offense does not require proof of criminal intent, within the meaning of the relevant terms in or in the law referred to in the Israeli Companies Law of 1999 (the "Israeli Companies Law"), or in relation to a financial sanction ("itzum caspi").

- 1.4. Payment to the harmed party as a result of a violation set forth in Section 52.54(a)(1)(a) ((52 () (1) () of the Israeli Securities Law of 1968 (the "Israeli Securities Law"), including by indemnification in advance.
- 1.5. Expenses incurred in connection with a Procedure ("halich"), as defined in Section 56.8(a)(1) (56 () (1)) of the Israeli Securities Law (a "Procedure"), in connection with any of your affairs including, without limitation, reasonable litigation expenses, including legal fees, including by indemnification in advance.
- 1.6. Any other liability or expense indemnifiable under any applicable law.

2. Partner may not indemnify you for your liability for: (i) a breach of duty of loyalty towards Partner unless you have acted in good faith and had reasonable grounds to assume that the action would not harm Partner's best interest; (ii) a breach of duty of care done intentionally or recklessly ("pzizut") except for negligence; (iii) an act intended to unlawfully yield a personal profit; (iv) a fine, a civil fine ("knass ezrahi"), a financial sanction ("itzum caspi") or a penalty ("kofer") imposed upon you; and (v) a Procedure ("halich").

Upon the occurrence of an event for which you may be entitled to be indemnified, subject to the terms of this letter (including the limitations as to amount in Section 3.13) and any laws applicable at such time, Partner shall provide you with the necessary payments to cover all your expenses in respect of the legal proceedings in question, so that you will not have to pay for or finance them yourself.

3. Indemnification pursuant to this letter will be subject to applicable law and to the following terms and conditions:

- 3.1. That you notify Partner within a reasonable time of your learning of any legal proceedings instigated against you in connection with any event that may give rise to indemnification and that you provide Partner, or anyone specified by Partner, with any documents connected to the proceeding in question.
- 3.2. That Partner reserves the right to represent you in the proceedings or to appoint legal counsel of its choice for this purpose (unless its choice of legal counsel is unacceptable to you on reasonable grounds). Partner or such legal counsel will take all necessary steps to bring the matter to a close and will keep you informed of key steps in the process. The appointed counsel will be bound by a fiduciary duty to you and to Partner. If a conflict of interests should arise between the appointed counsel and yourself, counsel will inform Partner and you will be entitled to appoint a different counsel reasonably acceptable to Partner and the terms of this indemnification agreement shall apply to the new appointment. If Partner should decide to settle by arbitration or by mediation or by settlement, it shall be allowed to do so; provided, that you do not incur any additional expense or liability due to such arbitration, mediation or settlement or that you have otherwise agreed to such arbitration, mediation or settlement. If Partner so requests, you will sign any document that will empower it or any appointed counsel to represent you and defend you in any proceeding as stated above. You will cooperate as reasonably demanded of you with Partner and any appointed legal counsel. Partner shall cover all related expenses so that you will not have to make any payments or incur any expenses yourself.

- 3.3. That whether or not Partner shall operate in accordance with section 3.2 above, indemnification shall still cover all and every kind of expense incurred by you that is included in section 1 of this letter so that you will not have to pay or finance them yourself. You will not be indemnified for any expenses arising from a settlement, mediation or arbitration unless Partner has agreed to the settlement, mediation or arbitration.
- 3.4. That upon your request for payment in connection with any event according to this indemnification letter, Partner shall complete all the necessary arrangements required by the law for payment and shall act to receive all necessary authorizations, if demanded. If any authorization should be required for payment, and the payment is not authorized for any reason, this payment or part of it will be subject to the approval of the court (if relevant) and Partner shall act in order to receive authorization.
- 3.5. That in the event that you are paid for any sums in accordance with this letter of indemnification in connection with a legal proceeding, and later it becomes clear that you were not entitled to such payments, the sums will be considered as a loan given to you by Partner subject to the lowest interest rate for purposes of Section 3(9) of the Income Tax Ordinance (or any other legislation replacing it) which does not cause a taxable benefit. You shall be required to repay such amounts in accordance with the payment arrangements fixed by Partner, and at such time as Partner shall request in writing.
- 3.6 That you shall remain entitled to indemnification by Partner as provided in this letter of indemnification even when you are no longer an officer or director in Partner or in a Subsidiary on Partner's behalf, as long as the events that led to the payments, costs and expenses for which indemnification is being sought are a result of an action or an inaction taken by you as such officer or director.
- 3.7 The terms contained in this letter will be construed in accordance with the Israeli Companies Law and in the absence of any definition in the Israeli Companies Law, pursuant to the Israeli Securities Law. Schedule I hereto constitutes an integral part hereof.
- 3.8 The obligations of Partner under this letter shall be interpreted broadly and in a manner that shall facilitate its implementation, to the fullest extent permitted by law, including, ipso facto, as further expanded in the future, and for the purposes for which it was intended. Without derogating from the generality of the foregoing, it is clarified that with respect to any expansion of indemnification that is currently, or will in the future be, permitted by law following incorporation of specific provisions in Partner's Articles of Association, such expansion be in effect ipso facto even prior to such incorporation, based on Article 34.1 of the Articles of Association, which allows indemnification to the fullest extent permitted by law. In the event of a conflict between any provision of this letter and any provision of the law that cannot be superseded, changed or amended, said provision of the law shall supersede the specific provision in this letter, but shall not limit or diminish the validity of the remaining provisions of this letter.

- 3.9 The indemnification under this letter will enter into effect upon your signing a copy of the same in the appropriate place, and the delivery of such signed copy to Partner. It is hereby agreed that your agreement to accept this letter constitutes your irrevocable agreement that any previous undertaking of Partner for indemnification towards you, to the extent granted, shall become void automatically upon your signing this letter. Notwithstanding the above, if this letter shall be declared or found void for any reason whatsoever, then any previous undertaking of Partner for indemnification towards you, which this letter is intended to replace, shall remain in full force and effect.
- 3.10 Partner may, in its sole discretion and at any time, revoke its undertaking to indemnify hereunder, or reduce the Maximum Indemnity Amount (as defined in section 3.13 below) thereunder, or limit the events to which it applies, either in regard to all the officers or to some of them, to the extent such change or revocation relates solely to events that occur after the date of such change; provided, that prior notice has been given to you of its intention to do so, in writing, at least 60 days before the date on which its decision will enter into effect. No such decision will have a retroactive effect of any kind whatsoever, and the letter of indemnification prior to such change or revocation, as the case may be, will continue to apply and be in full force and effect for all purposes in relation to any event that occurred prior to such change or revocation, even if the proceeding in respect thereof is filed against you after the change or revocation of the letter of indemnification. In all other cases, this letter may not be changed unless Partner and you have agreed in writing.
- 3.11 This undertaking to indemnify is not a contract for the benefit of any third party, including any insurer, and is not assignable nor will any insurer have the right to demand participation of Partner in any payment for which an insurer is made liable under any insurance agreement that has been made with it, with the exception of the deductible specified in such agreement. For the avoidance of any doubt in the event of death this letter will apply to you and your estate.
- 3.12 No waiver, delay, forbearance to act or extension granted by Partner or by you will be construed in any circumstance as a waiver of the rights hereunder or by law, and will not prevent any such party from taking all legal and other steps as will be required in order to enforce such rights.
- 3.13 The aggregate indemnification amount payable by Partner to all directors, officers and other indemnified persons (including, inter alia, officers and directors nominated on behalf of Partner in Subsidiaries), pursuant to all letters of indemnification issued to them by Partner on or after October 17, 2013, which indemnification letters include a maximum indemnity amount substantially similar to the Maximum Indemnity Amount under this Section 3.13 (the "Maximum Indemnity Amount"), for any occurrence of an event set out in Schedule I hereto (each, an "Event"), will not exceed 25% of shareholders equity (according to the latest reviewed or audited financial statements approved by Partner's Board of Directors prior to approval of the indemnification payment); provided, however, that under the circumstances where indemnification for the same Event is to be made in parallel to you under this letter and to one or more indemnified persons under indemnification letters issued (or to be issued) by Partner containing a maximum indemnity amount which is the higher of 25% of shareholders equity and 25% of market capitalization (the "Combined Maximum Indemnity Amount"), the Maximum Indemnity Amount for you hereby shall be adjusted so it does not exceed the Combined Maximum Indemnity Amount to which any other indemnified person is entitled under any other indemnification letter containing the Combined Maximum Indemnity Amount.

3.14 The Maximum Indemnity Amount shall not be affected in any way by the existence of, or payment under, insurance policies. Payment of the indemnification shall not affect your right to receive insurance payments, if you receive the same (either personally or through Partner or on your behalf) and Partner will not be required to indemnify you for any sums that were, in fact, already paid to you or for you in respect of insurance or any other indemnification obligations made to you by any third party. In the event there is any payment made under this letter and such payment is covered by an insurance policy, Partner shall be entitled to collect such amount of payment from the insurance proceeds. You will return to Partner any amount that you may receive pursuant to this letter, which is based on data or financial results that will later on be found to be erroneous and will be restated in Partner's financial statements, as will be implemented by Partner's Board of Directors.

3.15 If the indemnification amount Partner is required to pay to its directors and other indemnified persons, as mentioned in section 1 above, exceeds at any time the Maximum Indemnity Amount or the balance of the Maximum Indemnity Amount in accordance with section 3.13 above after deducting any indemnification amounts paid or payable by Partner to any of its directors or other indemnified persons at such time (all, as determined and clarified in Section 3.13 above or in the other applicable indemnification letters), such Maximum Indemnification Amount or remaining balance will be allocated among the directors and the other indemnified persons entitled to indemnification, in the same ratio as with respect to any Event the amount for which each individual director or other indemnified person may be indemnified is to the aggregate amount that all of the relevant directors and other indemnified persons involved in the Event may be indemnified.

3.16 The foregoing does not derogate from Partner's right to indemnify you retroactively in accordance with that permitted by the Articles of Association of Partner and applicable law.

You should be aware that, insofar as indemnification for liabilities arising under the United States Securities Act of 1933 (the "U.S. Securities Act") may be permitted to Partner's directors and officers, Partner has been advised that in the opinion of the U.S. Securities and Exchange Commission (the "SEC") such indemnification is against public policy as expressed in the U.S. Securities Act and is, therefore, unenforceable. In the event of a claim for such indemnification, Partner will (in accordance with an undertaking given to the SEC), unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification is against public policy as expressed in the U.S. Securities Act and will be governed by the final adjudication of such issue.

[INTENTIONALLY LEFT BLANK]

The law of the State of Israel shall govern this Letter of Indemnification and all issues related thereto, without giving effect to any conflicts of law principles. The courts in Tel Aviv, Israel shall have the exclusive local and international jurisdiction, in connection with this Letter of Indemnification, except if an indemnification claim is related to a legal proceeding, already filed by a third party in a different court.

Respectfully,

On behalf of
Partner Communications Company Ltd.

I accept the terms and conditions of the above. I am aware that Partner has granted (and may grant) indemnification letters with maximum indemnity amounts different from the Maximum Indemnity Amount under this letter (including, without limitation, the Combined Maximum Indemnity Amount) and consequently, the beneficiaries of those indemnification letters may receive higher indemnification amounts than me, and I will have no claim against Partner in that respect. I am also aware that my agreement to accept this letter constitutes my irrevocable agreement that any previous undertakings of Partner for indemnification, to the extent granted, should become void automatically upon my signing this letter. Notwithstanding the above, if this indemnification letter shall be void for any reason whatsoever, then, any previous undertaking of Partner for indemnification towards me shall remain in full force and effect.

8. Calls of Payment

- 8.1. In the event that according to the terms of a Share allotment, there is no fixed date for the payment of any part of the price that is to be paid for the Shares, the Board of Directors may issue from time to time calls of payment to the Shareholders with respect to the moneys which were not yet paid by them in relation to the Shares (hereinafter: "Calls of Payment" or a "Call of Payment", as the case may be).

9. The Shareholder Registers of the Company and the Issuance of Share Certificates

9.2. A Shareholder registered in the Shareholders Register is entitled to receive from the Company, free of charge, within two months after an allotment or the registration of a transfer (unless the conditions of the allotment fix a different period) one or several certificates with respect to all the Shares of a certain class registered in his favor, which certificate must specify the number of the Shares, the class of the Shares and the amount paid for them and also any other detail deemed important by the Board of Directors. In the event a Share is held jointly, the Company shall not be obligated to issue more than one certificate for all the joint holders, and the delivery of such a certificate to any of the joint holders shall be viewed as if it was delivered to all of them.

9.3. Each and every Share certificate shall be stamped with the seal or the stamp of the Company or bear the Company's printed name, and shall also bear the signature of one Director and of the corporate secretary of the Company, or of two Directors or of any other person appointed by the Board of Directors for this purpose.

9.4. The Company is entitled to issue a new Share certificate in place of an issued Share certificate which was lost or spoiled or corrupted, following evidence thereto and guarantees and indemnities, as may be required by the Company and the payment of an amount determined by the Board of Directors.

9.5. Where two people or more are registered as joint holders of Shares, each of them is entitled to acknowledge the receipt of a dividend or other payments in connection with such jointly held Shares, and such acknowledgement of any one of them shall be good discharge of the Company's obligation to pay such dividend or other payments.

10. Transfer of Shares

10.1. The Shares are transferable. The transfer of Shares shall not be registered unless the Company receives a deed of transfer (hereinafter: "Deed of Transfer") or other proper Document or instrument of transfer. A Deed of Transfer shall be drawn up in the following manner or in any substantially similar manner or in any other manner approved by the Board of Directors.

10.2. The transfer of Shares which are not fully paid, or Shares on which the Company has a lien or pledge, shall have no validity unless approved by the Board of Directors, which may, in its absolute discretion and without giving any reasoning thereto, decline the registration of such a transfer. The Board of Directors may deny a transfer of Shares as aforesaid and may also impose as a condition on the transfer of Shares as aforesaid an undertaking by the transferee to meet the obligations of the transferor with respect to the Shares or the obligations for which the Company has a lien or pledge on the Shares, signed by the transferee together with the signature of a witness, authenticating the signature of the transferee.

10.3. The transfer of a fraction of a Share shall lack validity.

10.4. A transferor of Shares shall continue to be regarded as the holder of the transferred Shares, until the name of the transferee of the Shares is registered in the Shareholder Register of the Company.

10.5. A Deed of Transfer shall be filed with the Company's office for registration, together with the Share Certificates for the Shares which are to be transferred (if such are issued) and also any other evidence which the Company may require with respect to the proprietary right of the transferor or with respect to his right to transfer the Shares. Deeds of Transfer which are registered shall remain with the Company. The Company is not obligated to retain the Deeds of Transfer and the Share Certificates, which may be cancelled, after the completion of a seven-year period from the registration of the transfer.

10.6. A joint Shareholder may transfer his right in a Share. In the event the transferring Shareholder does not hold the relevant Share Certificate, the transferor shall not be obligated to attach the Share Certificate to the Deed of Transfer, so long as the Deed of Transfer shall indicate that the transferor does not hold the Share Certificate, that the right he has in the Shares therein is being transferred, and that the transferred Share is held jointly with others, together with their details.

10.7. The Company may require payment of a fee for the registration of the transfer, at an amount or a rate determined by the Board of Directors from time to time.

- 10.8. The Board of Directors may close the Shareholder Register for a period of up to thirty days in each calendar year.
- 10.9. Subject to Article 10.10, upon the death of a Shareholder registered in the Shareholders Register, the Company shall recognize the custodians or administrators of the estate or executors of the will, and in the absence of such, the lawful heirs of such Shareholder, as the only holders of the right for the Shares of the deceased Shareholder, after receipt of evidence to the entitlement thereto, as determined by the Board of Directors.
- 10.10. In the event that a deceased Shareholder registered in the Shareholders Register held Shares jointly with others, the Company shall acknowledge each survivor as a joint Shareholder with respect to said Shares, unless all the joint holders in the Share notify the Company in writing, prior to the death of any of them, of their will that the provisions of this Article shall not apply to them. The foregoing shall not release the estate of such joint Shareholder of any obligation in relation to a Share which is held jointly.
- 10.11. A person acquiring a right in Shares in consequence of being a custodian, administrator of the estate, the heir of a Shareholder registered in the Shareholders Register, a receiver, liquidator or a trustee in a bankruptcy of a Shareholder registered in the Shareholders Register or according to another provision of the Law, is entitled, after providing evidence to his right, to the satisfaction of the Board of Directors, to be registered as the Shareholder or to transfer such Shares to another person, subject to the provisions of these Articles of Association with respect to transfers.
- 10.12. A person becoming entitled to a Share because of the death of a Shareholder registered in the Shareholders Register shall be entitled to receive, and to give receipts for, dividends or other payments paid or distributions made, with respect to the Share, but shall not be entitled to receive notices with respect to General Meetings of the Company or to participate or vote therein with respect to that Share, or to exercise any other right of such Shareholder, until he has been registered in the Shareholder Register as the holder of that Share.

10.13. Intentionally Deleted

10A. Limitations on Transfer of Shares

- 10A.1. Exceptional Holdings shall be registered in the Register of Members (Shareholder Register) together with a notation that such holdings have been classified as “Exceptional Holdings”, immediately upon the Company’s learning of such matter. Notice of such registration shall be sent by the Company to the registered holder of the Exceptional Holding and to the Minister of Communications.
- 10A.2. Exceptional Holdings, registered in the manner set forth in Article 10A.1, shall not entitle the holder to any rights in respect to his holdings, and such holdings shall be considered “Dormant Shares” within the meaning of Section 308 of the Companies Law, except, however, that the holder of such shares shall be entitled to receive dividends and other distributions to shareholders (including the right to participate in a rights offering calculated on the basis of Means of Control of the Company (as defined in the License), provided, however, that such additional holdings shall be considered Exceptional Holdings). Therefore, any action taken or claim made on the basis of a right deriving from an Exceptional Holdings shall have no effect, except for the receipt of dividends or other distribution as stated above.

Without derogating from the above:

10A.2.1 A Shareholder participating in a vote of the General Meeting will certify to the Company prior to the vote or, if the vote is by Deed of Vote, on the Deed of Vote, as to whether or not his holdings in the Company or his vote require consent pursuant to Sections 21 and 23 to the License; in the event the shareholder does not provide notification as aforesaid, he shall not vote and his vote shall not be counted.

10A.2.2 No Director shall be appointed, elected or removed on the basis of Exceptional Holdings. In the event a Director is appointed, elected or removed from his position as a Director as set forth above, such appointment, election or removal shall have no effect.

10A.2.3 Exceptional Holdings shall have no voting rights at a General Meeting of the Company.

For the purposes of this Article 10A, "Exceptional Holdings" means the holdings of Traded Means of Control held without the consent of the Minister of Communications pursuant to Section 21 to the License or as a result of a breach of the provisions of Section 23 to the License, and all holdings of a holder of Traded Means of Control who acted contrary to the provisions of Section 24 to the License; and as long as the consent of the Minister of Communications is required but has not been obtained pursuant to Section 21 to the License, or the circumstances exist which constitute a violation of the provisions of Sections 23 or 24 to the License.

For the purposes of this Article 10A, "Traded Means of Control" means Means of Control (as defined in the License) including Global or American Depositary Shares (GDRs or ADRs) or similar certificates, registered for trade on a securities exchange in Israel or abroad or which have been offered to the public in connection with a prospectus, and are held by the public in Israel or abroad.

10A.3. The provisions of Article 10A shall not apply to those who were Shareholders of the Company on the eve of the first registration of the Company's Shares for trade.

10B. Required Minimum Holdings

- 10B.1. Our License requires that Founding Shareholders hold Shares constituting at least the Minimum Founding Shareholders Holding and that Founding Israeli Shareholders hold Shares constituting at least the Minimum Israeli Holding.
- 10B.2. Shares held by Founding Shareholders, to the extent such Shares constitute all or a portion of the Minimum Founding Shareholders Holding, shall be registered directly in the name of the Founding Shareholder in the shareholder register of the Company, with a note indicating that such Shares are "Minimum Founding Shareholders Shares." Minimum Founding Shareholders Shares that are held by Founding Israeli Shareholders, to the extent such Shares constitute all or a portion of the Minimum Israeli Holding, shall also be recorded in the shareholder register with a note indicating that such Shares are "Minimum Israeli Holding Shares".
- 10B.3. No transfer by a Founding Shareholder of Minimum Founding Shareholder Shares or by a Founding Israeli Shareholder of Minimum Israeli Holding Shares shall be recorded in the Company's shareholder register, or have any effect, unless the Company's Secretary shall have received written confirmation from the Ministry of Communications that the transfer complies with section 21.8 of the License. The Company Secretary may, in his or her discretion, refer any question in connection with the recording of Minimum Founding Shareholders Shares or Minimum Israeli Holding Shares, or their transfer, to the Company's audit committee whose decision shall be binding on the Company. As a condition to any transfer of Minimum Founding Shareholders Shares or Minimum Israeli Holding Shares, the transferee shall be required to deliver to the Company's Secretary (a) a share transfer deed that includes an undertaking by the transferee to comply with all requirements of section 22A of the License and (b) all information requested with respect to the transferee's qualification as a Founding Shareholder and/or a Founding Israeli Shareholder.

11. Bearer Share Certificate

The Company shall not issue bearer Share Certificates which grant the bearer rights in the Shares specified therein.

12. Pledge of Shares

- 12.1. The Company shall have a first degree pledge on, and a right to create a lien on, all Shares which are not fully paid and registered in the name of any Shareholder, and the proceeds of their sale, with respect to moneys (which payment time is due or not) whose payment was already called or are to be paid up within a fixed time. Furthermore, the Company shall have a first degree pledge right on all the Shares (other than Shares which were fully paid) registered in the name of any Shareholder to secure the payment of moneys which are due from him or from his property, whether with respect to his own debts or debts jointly with others. The said pledge shall also apply to dividends, declared from time to time, with respect to these Shares.

12.2. For purposes of the realization of any such pledge and or lien, the Board of Directors is entitled to sell the Shares which are the subject of the pledge or lien, or any part of them, as it deems fit. No sale, as aforesaid, shall be carried out, until the date fixed for the payment has passed and a notice in writing was transferred to same Shareholder with respect to the intention of the Company to sell them, on condition that the amounts were not paid within fourteen days after the notice.

12.3. The proceeds of any such sale, after deduction for the payment of the sale expenses, shall serve for the covering of the debts or obligations of said Shareholder, and the balance (if any) shall be paid to him.

12.4. In the event that a sale of Shares was carried out pursuant to the realization of a pledge or a lien, pursuant to the presumptive authority conferred above, the Board of Directors is entitled to register such Shares in the Shareholder Register in favor of the buyer, and the buyer shall not be under the obligation to examine the fitness of such actions or the manner in which the purchase price paid for such Shares was used. After the said Shares are registered in the Shareholder Register in favor of the buyer, no person shall have the right to object to the validity of the sale.

13. Changes in the Share Capital

The General Meeting is entitled to take any of the following actions at all times, so long as the resolution of the General Meeting is adopted by a Special Majority.

13.1. Increasing the Share Capital

To increase the share capital of the Company, regardless of whether all the Shares registered at such a time were issued or not. The increased share capital shall be divided into Shares having ordinary rights or preference rights or deferred rights or other special rights (subject to the special rights of an existing class of Shares) or subject to conditions and restrictions with respect to entitlement to dividend, return of capital, voting or other conditions, as may be instructed by the General Meeting in a resolution with respect to the increase of the share capital, and in the absence of a special provision, according to the terms determined by the Board of Directors.

13.2. Classes of Shares

To divide the share capital of the Company into various classes of Shares, and to set and change the rights attaching to each class of Shares, according to the conditions specified below:

21.2 None of the said Means of Control, or a part of them, in the Licensee, may be transferred in any way, if as a result of the transfer, control in the Licensee will be transferred from one person to another, unless given the Minister's prior written consent.

21.3 No control shall be acquired, either direct or indirect, in the Licensee, and no person, whether on his/her own or together with his/her relative or with those acting with him/her on a regular basis, shall acquire in it ten percent (10%) or more of any of the Means of Control in the Licensee, whether all at once or in parts, unless given the Minister's prior written consent.

3 Amendment No. 4

21.7(a) Irregular Holdings shall be noted in the Licensee's members register (the list of shareholders) stating the fact that they are irregular, immediately upon the Licensee's becoming aware of this, and a notice of the registration shall be given by the Licensee to the holder of such Irregular Holding and to the Minister.

(b) Irregular Holdings, noted as aforesaid in clause 21.7(a), shall not provide the holder with any rights, and shall be "dormant shares" as defined in Section 308 of the Companies Law 5759-1999, except in the case of the receipt of a dividend or any other distribution to shareholders (especially the right to participate in an allotment of rights calculated on the basis of holdings of Means of Control in the Licensee, although holdings accumulated as aforesaid shall also be considered as Irregular Holdings), and therefore no action or claim of the activation of a right by virtue of the Irregular Holdings shall have any force, except in the case of the receipt of a dividend or any other distribution as aforesaid.

Without derogating from the generality of the above:

(1) A shareholder who takes part in a vote during a meeting of shareholders shall advise the Licensee prior to the vote, or in the case of documentary voting on the voting document, whether his holdings in the Licensee or his voting require consent under clauses 21 and 23 of the License or not; where a shareholder does not so advise, he may not vote and his vote shall not count.

(2) No director of the Licensee shall be appointed, elected or transferred from office by virtue of an Irregular Holding; should a director be appointed, elected or transferred from office as aforesaid, the said appointment, election or transfer, as the case may be, shall be of no effect.

22A.8 The provisions of Article 22A of the License shall be adopted in the Articles of Association of the Licensee.

Section C: Cross-Ownership and Conflict of Interests

23. Prohibition of Cross-Ownership

23.1 The Licensee, an Office Holder or an Interested Party in the Licensee, as well as an Office Holder in an Interested Party in the Licensee, shall not hold, either directly or indirectly, five percent (5%) or more of any Means of Control in a Competing MRT Operator, and shall not serve as an Office Holder in a Competing MRT Operator or in an Interested Party in a Competing MRT Operator; for this matter, "Holding" includes holding as an agent.

23.2 Notwithstanding the provisions of Paragraph 23.1, the Minister may, based upon written request, permit an Office Holder in the Licensee to serve as an Office Holder in an Interested Party in a Competing MRT Operator, or permit an Office Holder in an Interested Party in the Licensee to serve as an Office Holder in a Competing MRT Operator or in an Interested Party in a Competing MRT Operator, if he is satisfied, that this will not harm the competition in MRT Services; the Minister may condition the granting of such permit on conditions that the Office Holder must fulfill for prevention of harm to the competition as aforesaid.

23.3 Notwithstanding the provisions of Paragraph 23.1, an Interested Party in the Licensee, which is a trust fund, an insurance company, an investment company or a pension fund, may hold up to ten percent (10%) of the Means of Control in a Competing MRT Operator, and an Interested Party in a Competing MRT Operator, which is a trust fund, an insurance company, an investment company or a pension fund, may hold up to ten percent (10%) of the Means of Control in the Licensee, provided it does not have a representative or an appointee on its behalf among the Office Holders of a Competing MRT Operator or of the Licensee, as the case may be, unless it is required to do so by law.

23.4 The Licensee, an Office Holder or an Interested Party in the Licensee, as well as an Office Holder in an Interested Party in the Licensee, will not control a Competing MRT Operator, and will not cause it, by any act or omission, to be controlled by a Competing MRT Operator or by an Office Holder or an Interested Party in a Competing MRT Operator, or by an Office Holder in an Interested Party in a Competing MRT Operator, or by a person or corporation that controls a Competing MRT Operator.

23.5 The rate of indirect holding in a corporation will be a product of the percentage of holdings in each stage of the chain of ownership, subject to what is set out in Paragraph 23.6; for example:

- (A) 'A' holds 40% in Company 'B';
- (B) Company 'B' holds 40% in Company 'C';
- (C) Company 'C' holds 25% in Company 'D';
- (D) Therefore, Company 'A' holds, indirectly, 4% of Company 'D'.

23.6 For the matter of this Paragraph and Paragraphs 14.1 (G) (6), (7), (8), (8a), (9) and 21.4, if a certain body (hereinafter: "the Controlling Body") controls another body that has holdings, directly or indirectly, in the Licensee (hereinafter: "the Controlled Body"), the Controlling Body, and also any other body controlled by the Controlling Body, will be attributed with the rate of holdings in the Licensee that the Controlled Body has, directly or indirectly; according to the following examples:

A. Direct holdings:

- (1) 'A' holds 50% in Company 'B', and controls it;
- (2) Company 'B' holds 50% in Company 'C', and controls it;
- (3) Company 'C' holds 10% in the Licensee and does not control it;

(4) Therefore, notwithstanding that 'A's' holdings in the Licensee in accordance with the instructions of Paragraph 5.6 are 2.5%, 'A' and also any body controlled by 'A' will be deemed as an Interested Party holding 10% in the Licensee.

B. Indirect holdings:

- (1) 'A' holds 50% of Company 'B' and controls it;
- (2) Company 'B' holds 40% of Company 'C' and controls it;
- (3) Company 'C' holds 40% of Company 'D' and does not control it;
- (4) Company 'D' holds 40% of the Licensee and does not control it;

(5) Therefore, 'A' and any body controlled by 'A' will be regarded as having a holding in the Licensee at the rate of holdings of Company 'C' in the Licensee, which is holdings of 16% (according to the method set out in Paragraph 23.5 for the calculation of the rate of indirect holdings in the absence of control), and in this manner, 'A' and any body controlled by 'A' is an Interested Party in the Licensee.

23.7 If a certain body has indirect holding in the Licensee, through two or more Interested Parties, then for the purpose of its definition as an Interested Party, and for the purpose of determining the rate of holding with regard to this Paragraph, the greatest indirect rate of holding will be taken into account, and also any rate of holding that derives from the chain of holdings through which the said holding body is attributed with the holdings of corporations controlled by it in accordance with the provisions of Paragraph 23.6; the rates of holdings that derive from two or more chains that will be taken into account as stated above, will be cumulative for the purpose of calculating the

rate of holdings.

E - 8

23.8 The Minister may, in response to a written request, permit an Interested Party in the Licensee to hold, either directly or indirectly, five percent (5%) or more in any of the Means of Control of a Competing MRT Operator, if the Minister is satisfied that this will not harm competition in the MRT field; 12 the Minister may condition the granting of the said permit on a condition that the Interested Party in the Licensee or competing MRT Operator is an Interested Party merely by virtue of the provisions of Article 23.6 .

24. Prohibition of Conflict of Interests

The Licensee, any body in which the Licensee is an Interested Party, an Office Holder in the Licensee or an Interested Party in the company holding the License or an Office Holder in an Interested Party therein, will not be party to any agreement, arrangement or understanding with a Competing MRT Operator, or an Interested Party or an Office Holder in it, or an Office Holder in an Interested Party in a Competing MRT Operator, or any other body in which a Competing MRT Operator is an Interested Party, which are intended to or might reduce or harm competition in anything that pertains to MRT Services, MRT Terminal Equipment or any other Telecommunications Services.

6. Approval of the entry into a new "D&O" insurance policy

The Israeli Companies Law and the Company's Articles of Association authorize the Company to enter into an insurance contract, and to arrange the premium payments in respect of an insurance contract, for the insurance of the liability of directors and other office holders of the Company for liabilities he incurs as a result of a direct or indirect action or inaction undertaken by such person (or together with other directors or office holders of the Company) in his capacity as a director or office holder of the Company, with respect to matters permitted under the Israeli Companies Law.

At the Annual General Meeting of shareholders held on May 5, 2011, the shareholders of the Company approved the entry into a Directors and Officers (D&O) Insurance Policy, commencing on February 1, 2012, for a period of up to three years (or for several periods, not exceeding three years in the aggregate) (e.g., until January 31, 2015) with a limit of up to US \$50 million insurance cover for liability of the Company's directors, office holders and employees acting in their managerial and/or supervisory capacity for wrongful acts committed after the date of acquisition of control by Scailex (October 28, 2009), and the payment of an annual premium therefor in an amount not exceeding U.S. \$750,000; provided, that prior to acquisition of that policy, each of the Audit Committee and Board of Directors will determine that it is on market terms, in the ordinary course of business of the Company and does not have a material effect on the Company's assets, liabilities or profits and that a further approval of the Audit Committee and Board of Directors will be required to the extent the premium exceeds U.S. \$500,000.

Further to the approval of the shareholders on May 5, 2011, and subject to its terms, the Company participated in several D&O Insurance Plans of US \$50 million insurance cover for liability of the Company's directors, office holders and employees acting in their managerial and/or supervisory capacity for wrongful acts committed after October 28, 2009.

On January 29, 2013, upon consummation of S.B.'s purchase of 47,833,333 Ordinary Shares of the Company from Scailex (the "Change of Control Transaction"), the D&O Insurance Policy then in effect was cancelled and replaced by another D&O Insurance Policy acquired pursuant to the conditions specified in the above shareholders resolution, in respect of wrongful acts committed after January 29, 2013 (the "Former D&O Policy"). The annual premium to be paid by the Company for such cover shall not exceed U.S. \$500,000. The terms of the New D&O Policy equally apply to all of the Company's directors, Office Holders and employees.

It should be noted that the relevant factors in line with the Compensation Policy were considered in this matter, as set forth in the Proxy Statement.

The summary is qualified in its entirety by reference to the description in the Proxy Statement.

The Compensation Committee and the Board of Directors have resolved and recommended to the shareholders at the AGM, to approve the entry into the New D&O Policy and that the New D&O Policy is in the best interest of the Company. The Compensation Committee and Board of Directors have noted the respective personal interests of all the directors in the matter.

As described above under item 4, Scailex announced in 2012, that S.B. and Scailex (and their respective affiliates) are generally voting in a unified manner (according to a majority vote among them).

It is proposed that at the AGM the following resolutions be adopted:

“RESOLVED: to approve the entry into the New D&O Policy and the payment of an annual premium therefor in an amount not exceeding U.S. \$500,000, for a period of up to three years (or for several periods, not exceeding three years in the aggregate) commencing on January 29, 2015; provided, that the New D&O Policy will be approved by the Compensation Committee and Board of Directors (subject to the Determination); and

RESOLVED: this resolution is in the best interest of the Company.”

In recent years, the Israeli Companies Law has undergone extensive amendments. The full text of the proposed amendments is annotated on the amended Articles of Association attached as Annex “D” to the Proxy Statement. In addition, the proposed amendments are described in the Proxy Statement and include article amendments regarding - (i) the manner of appointment or dismissal of an alternate director, and (ii) indemnification of office holders. The summary is qualified in its entirety by reference to the description in the Proxy Statement.

The Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM, to approve the amendments to the Articles of Association, detailed in the form annotated on Annex “D” attached to the Proxy Statement, and that these amendments are in the best interest of the Company. The Compensation Committee and Board of Directors noted that all the directors have a Personal Interest in the indemnification Articles (item 7(ii) on the agenda).

It is proposed that at the AGM the following resolutions be adopted:

“RESOLVED: to approve the amendments to the Articles of Association, substantially in the form annotated on Annex “D” attached to the Proxy Statement, as follows:

8. Approval and ratification of Compensation of the CEO

In October 2014, our CEO, Mr. Haim Romano, completes three years of service in that position. During this period, he brought Partner to significant achievements, including the implementation of a streamlining plan in all of the Company’s spheres of activity, including the significant reduction of the Company’s costs, the engagement in a network-sharing agreement with Hot Mobile - the first of its kind in the State of Israel, the building of a leading customer service division and positioning of the Company at the vanguard of the technological front, by the Company being the first to launch the LTE (4G) technology in Israel. Noting these achievements and Mr. Romano’s important role in navigating Partner through the turbulent water of the Israeli telecommunications market, the Compensation Committee and Board of Directors deemed it important and in the Company’s best interest to retain Mr. Romano as our CEO and ensure continuity of his services for an extended period and, consequently, resolved to amend Mr. Romano’s management agreement with the Company (the “Agreement”) to include the Set-Period Service (as defined below). Under the Compensation Policy, Partner has discretion to grant payments for predefined periods of service, such as the payment for the Set-Period Service (the “Payment”) to Office Holders ad hoc, under exceptional circumstances and based on reasons of great importance, which shall be detailed in the resolutions of the Company’s relevant organs. The Payment shall be granted commensurate to the Office Holder’s terms of office, the Set-Period Service shall not exceed three years and the Payment shall reflect the consideration that the Office Holder would have been entitled to receive had he worked throughout the entire said period. The Payment shall be set considering the Office Holder’s contribution to the achievement of the Company’s targets and to maximizing its profits, and shall be calculated while considering certain considerations specified in the Compensation Policy.

For the current terms of office of Mr. Haim Romano¹ (the “Existing Terms of Office of Mr. Romano”), see the Company’s Annual Report on Form 20-F for the year ended December 31, 2013 “Item 6. Directors, Senior Management and Employees - Item 6B. Compensation.”

The Compensation Committee and Board of Directors considered comparative data regarding the proposed Set-Period Service. As there is rather limited comparative data to be based upon with respect to this matter, then, for the sake of being cautious, Partner will bring the proposed Set-Period Service for approval as if it deviates from the Compensation Policy’s requirement regarding comparative analysis.

The Compensation Committee and Board of Directors have considered several factors in connection with the proposed resolutions (in line with Amendment No. 20, as set forth in the Proxy Statement.

This summary is qualified in its entirety by reference to the description in the Proxy Statement.

The Compensation Committee and Board of Directors have noted the personal interest of Mr. Romano in this matter, and resolved and recommended to the shareholders at the AGM, to approve and ratify (a) commencing from August 12, 2014 (the date of approval of the Set-Period Service by the Board of Directors) for a period of three years (generally including for this purpose the advance-notice period and adjustment period of six months each under the Agreement, as the last part of the three year period) (the “Set-Period”) to amend the Agreement (setting the Existing Terms of Office of Mr. Romano), generally to state that in the event that the Agreement will be terminated by the Company or by Mr. Romano under circumstances specified in the Termination Benefit Law (1963) (generally, resignation deemed as dismissal), Mr. Romano will be entitled to the Payment reflecting the consideration he would have been entitled to under the Agreement (management fees and expenses) had he continued to serve in Partner until the end of the Set-Period (the “Set-Period Service”). In such case, during the Set-Period and for the 12 months thereafter, the non-compete obligations under the Agreement shall apply; and (b) that no change be made to Mr. Romano’s right to benefit from the Company’s D&O insurance policy (as in effect from time to time) and the indemnification letter granted to him, as previously approved by the Board of Directors, and as permitted by the Compensation Policy (and as approved by the shareholders with respect to Partner’s directors prior to October 2013). In the event that the resolutions below are not approved by the shareholders, the Existing Terms of Office of Mr. Romano shall continue in full force and effect.

As described above under item 4, Scailex announced in 2012, that S.B. and Scailex (and their respective affiliates) are generally voting in a unified manner (according to a majority vote among them).

1 Mr. Romano is holding office through a management company.

It is proposed that at the AGM the following resolutions be adopted:

“RESOLVED: to approve and ratify (A) the Set-Period Service of Mr. Haim Romano (based on the Agreement as amended hereby); and (B) that no change is made to Mr. Haim Romano’s right to benefit from the Company’s D&O insurance policy (as in effect from time to time) and the indemnification letter granted to him; and

RESOLVED: these resolutions are in the best interest of the Company.”

9. Approval and ratification of compensation of Former Chairman of the Board

Following completion of the Change of Control Transaction on January 29, 2013 between S.B. and Scailex, in accordance with the Share Purchase Agreement entered into on November 30, 2012 between Scailex and S.B., the Board of Directors has elected several persons (recommended by S.B.), including Mr. Shlomo Rodav, as directors of the Company.

Mr. Rodav was re-elected as a director by our shareholders at the Annual General Meeting held on July 25, 2013, and served as a director and Chairman of the Board until his resignation on November 20, 2013 (“our Former Chairman”).

Under the Compensation Policy, the Company has the discretion to grant the Chairman of the Board a higher compensation than the other directors, that shall take into account the additional work imposed on him, the additional time that the Chairman of the Board is required to devote to the performance of his role, and, insofar as the Chairman of the Board is an active chairman, also the scope of appointment (ratio to full-time position) at which he serves.

The Compensation Committee and Board of Directors accepted our Former Chairman’s request to set his compensation below the average compensation of active chairmen in other corporations and not to grant him any incentive-based benefits (e.g., bonuses or options). The directors considered advice and comparative data provided by Professor Moshe Zviran Ltd. (a known Israeli compensation expert), and noted that the proposed Compensation (as defined below) is below the average compensation of active chairmen in other corporations.

The Compensation Committee and Board of Directors have considered that an active Chairman of the Board of Directors is required to perform additional work and devote additional time than other directors, that the Compensation proposed to our Former Chairman is appropriate and reasonable considering his role, contribution, the responsibility imposed on him and considering his education, qualifications, expertise and his professional experience and accomplishments, and several other factors in connection with the proposed resolutions (in line with Amendment No. 20), as detailed in the Proxy Statement. The Compensation Committee and Board of Directors have noted our Former Chairman’s significant contribution to the activities of the Board of Directors and of the Company during his incumbency. The proposed Compensation to our Former Chairman is in accordance with the Compensation Policy.

This summary is qualified in its entirety by reference to the description in the Proxy Statement.

The Compensation Committee has approved and ratified the Compensation and recommended that the Board of Directors and our shareholders approve and ratify it. Our Board of Directors has approved and ratified the Compensation and recommended that our shareholders approve and ratify it. Although our Former Chairman is no longer a director in the Company (and ceased to be a director before completion of the approval process by the Compensation Committee and the Board of Directors), the Compensation Committee and Board of Directors have noted, for the sake of being cautious, the respective personal interests in this matter of the directors nominated by S.B. or Scailex.

The Company preferred bringing the Former Chairman's compensation for approval only following approval by the shareholders of the Compensation Policy (approved on October 17, 2013). Therefore, our Former Chairman served as a director (and Chairman) without yet receiving compensation (or reimbursement of expenses). The Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM, (a) to approve and ratify a compensation for our Former Chairman, commencing from his appointment as of January 29, 2013 until his resignation from the Company's Board of Directors on November 20, 2013, for a 67% position, in an aggregate amount of NIS 1,313,753 calculated on the basis of an amount of NIS 120,000 plus vehicle expenses of NIS 15,000 per month² (to be linked to the Israeli Consumer Price Index published for September 2013) plus VAT for his service as Chairman of the Board of Directors and a director (the "Compensation"); and (b) to approve and ratify that no change is made to our Former Chairman's right to benefit from the Company's D&O insurance policy (as in effect from time to time) and the indemnification letter granted to him, with respect to the period of his service as a director of the Company, as previously approved by the shareholders and as stated in the Compensation Policy.

As described above under item 4, Scailex announced in 2012, that S.B. and Scailex (and their respective affiliates) are generally voting in a unified manner (according to a majority vote among them).

It is proposed that at the AGM the following resolutions be adopted:

"RESOLVED: to approve and ratify (A) payment of the Compensation to our Former Chairman; and (B) that no change is made to our Former Chairman's right to benefit from the Company's D&O insurance policy (as in effect from time to time) and the indemnification letter granted to him, with respect to the period of his service as a director of the Company; and

²The amount shall be paid against an invoice and is, therefore, an actual cost of NIS 135,000 per month to the Company (no additional social benefits), representing a gross monthly amount of NIS 98,000 plus vehicle expenses (NIS 15,000), had it been paid as a wage.

RESOLVED: these resolutions are in the best interest of the Company.”
