Summary Information In Question And Answer Format

The following information in question and answer format, summarizes many of the material terms of the Company's proposed Shareholder Action. For a complete description of the terms and conditions of the Shareholder Action, you are advised to carefully read this entire Information Statement and the other documents referred to herein.

What Vote Is Required To Approve The Shareholder Action?

Approval of the Shareholder Action requires the affirmative vote of the holders of not less than a majority of the Company's outstanding common stock.

What Constitutes A Majority Of The Company's Outstanding Common Stock?

On March 3, 2010, the Company had 12,398,249 shares of Common Stock issued and outstanding and 7,586 shares of Series A Preferred Stock issued and outstanding. 6,199,125 constitutes a majority of the shares of Common Stock issued and outstanding and 3,794 constitutes a majority of the shares of Series A Preferred Stock issued and outstanding.

Who Voted In Favor Of The Shareholder Action?

Shareholders owning an aggregate of 890,929 shares of our common stock and shareholders owning an aggregate of 5,369 shares of our Series A Preferred Stock voted in favor of the Shareholder Action. Those shares combined represent 55.11% of the voting power of common stock and Series A Preferred Stock outstanding. Those shareholders consisted of Jack J. Walker, Lazarus Investment Partners LLLP, Michael S. Barish, Jervis B. Perkins, J. Michael Wolfe; and H. MacGregor Clarke. Such shareholders shall be referred to as the "Majority Shareholders".

Will The Shareholders That Voted In Favor Of The Shareholder Action Have Any Special Interest in the Shareholder Action?

No. None of the Majority Shareholders that voted in favor of the Shareholder Action will have any interest in those Actions different than the interest of all shareholders of the Company.

Table of Contents

Why Isn't The Company Holding A Shareholders Meeting To Vote On The Proposed Shareholder Action?

In order to lawfully close on the proposed Shareholder Action, Nevada law requires that a majority of shares of Common Stock vote in favor of the proposed Shareholder Action. The Shareholders voting in favor of the proposed Shareholder Action represent 55.11% of the shares outstanding, or a majority of the outstanding shares. Therefore, management concluded that because approving a transaction by the written consent of Shareholders can be faster than distributing a notice of meeting and proxy statement, and conducting a Shareholders meeting, and in light of the fact that Company management wanted to expedite the closing of the proposed Shareholder Action, management and the Board of Directors decided not to conduct a meeting of Shareholders. Instead, Shareholders owning approximately 55.11% of the shares signed a written consent approving the Shareholder Action and the transactions contemplated thereby.

What Will Happen To The Company After The Shareholder Action?

Following the Shareholder Action, we expect to continue to market and distribute our products.

Why is the Share Increase Being Undertaken?

The Share Increase is being undertaken due to the fact that on a fully converted basis, we already have issued and outstanding shares that nearly exhaust our authorized capital. The increase in authorized shares will permit the Board to issue additional shares without further shareholder approval to raise additional capital or take advantage of future opportunities.

What Rights Do Shareholders Have To Dissent From The Shareholder Action?

Company Shareholders do not have dissenters' rights or the right to seek the appraisal of their shares under Nevada law.

What Are The Income Tax Consequences Of The Shareholder Action?

There will be no federal or state income tax consequences to our shareholders as a result of the Shareholder Action.

Prior Stockholder Approval

Our ability to undertake the Shareholder Action without a meeting of our Shareholders is authorized by Section 78.320(2) of the Nevada Revised Statutes. That section generally provides that a Nevada corporation may substitute for action on a matter by its Shareholders at a meeting the written consent of the holders of outstanding shares of capital stock holding at least the minimum number of votes which would be necessary to authorize or take the action at a meeting at which all shares entitled to vote on the matter are present and voted. In accordance with this provision, we obtained the written consent of the Majority Shareholders to the Shareholder Action. As a result of the action of the Majority Shareholders, we are not soliciting proxies, and there will be no further stockholder action on the Shareholder Action.

Holders of record of the Company's Common Stock are entitled to notice of the action taken by written consent approving the Shareholder Action.

Under Nevada law and our Articles of Incorporation, as amended, , the affirmative vote of a majority of the votes entitled to be cast by holders of all shares of our Common Stock outstanding as of the close of business on the

Record Date, was required to approve the Shareholder Action. Each holder of Common Stock was entitled to one vote on each of the foregoing matters, for each share of Common Stock held by such stockholder. As of March 3, 2010, there were outstanding 12,398,249 shares of Common Stock and 7,586 shares of Series A Preferred Stock, representing a total of 12,398,249 votes of Common Stock and 37,930,000 votes of Series A Preferred Stock. As of that date, the Majority Shareholders held 890,929 shares of Common Stock and 5,369 shares of Series A Preferred Stock and were entitled to cast a total of 27,735,929 votes, or 55.11% of the total votes entitled to be cast by all holders of our Common Stock.

The action by written consent approving the Shareholder Action was effective on March 3, 2010.

Amendment to Articles of Incorporation, as amended, to increase the
Number of Authorized Shares of Common Stock

The Board of Directors has adopted a resolution proposing and declaring the advisability of amending the Company's Articles of Incorporation, as amended, to increase the number of shares of common stock that the Company is authorized to issue from 75,000,000 shares to 500,000,000 shares. The number of shares of preferred stock that the Company is authorized to issue will remain unchanged at 20,000,000 shares. The proposed increase in the authorized number of shares of common stock will give the Company additional shares to provide flexibility for the future. In particular, the Company may require additional funding for its operations and therefore may need the increased number of authorized shares to raise additional equity capital. In addition, the additional authorized shares may be used in the future for any other proper corporate purpose approved by the Board, including corporate mergers or acquisitions, shares reserved under stock option plans, stock dividends or splits, or other corporate purposes. The terms of any shares of preferred stock that may be issued in the future would be determined by the Board of Directors.

These additional shares would be available for issuance from time to time for corporate purposes such as raising additional capital, making strategic acquisitions, entering into collaborative and licensing arrangements and employee recruitment and retention. We believe that the availability of the additional common shares will provide us with the flexibility to meet business needs as they arise, to take advantage of favorable opportunities and to respond to a changing corporate environment. Our future revenue may be insufficient to support the expenses of our operations and the planned expansion of our business. We therefore may need additional equity capital to finance our operations. We may seek to obtain such equity capital through the issuance of common stock or securities convertible into common stock. The issuance of a substantial number of additional common shares may result in dilution of your ownership interest in the Company.

Potential Anti-Takeover Effect

The proposed Share Increase is not part of any plan to adopt a series of amendments having an anti-takeover effect, and the Company's management presently does not intend to propose anti-takeover measures in future proxy solicitations. Subject to the limitations of Nevada law, it could be possible to use the additional shares of common stock that would become available for issuance if the Share Increase is approved to oppose a hostile takeover attempt or delay or prevent changes of control of the Company or changes in or removal of our management, including transactions that are favored by a majority of the independent shareholders or in which the shareholders might otherwise receive a premium for their shares over then-current market prices or benefit in some other manner. For example, our board of directors could, without further shareholder approval, strategically sell shares of our common stock in a private transaction to purchasers who would oppose a takeover or favor our current board of directors. The Share Increase is not being proposed in response to any effort, nor are we aware of any effort, to accumulate shares of our common stock or obtain control of the company.

Our Articles and Bylaws contain certain provisions that could make it more difficult for a third party to acquire a controlling interest without the consent of our board. These provisions may delay or prevent a change of control, even if the change of control would benefit the shareholders. In addition, the authority granted to the board by our Articles to issue shares of preferred stock and fix the designations, powers, preferences, rights, qualifications, limitations and restrictions of the shares of any series so established could be used to delay or prevent a change of control. None of these provisions would be affected by the Share Increase.

Approval Of The Board Of Directors and Shareholders

The Board of Directors of the Company, after careful consideration, has approved the Share Increase and has recommended that the Company's Shareholders vote for its adoption. Effective March 3, 2010, Shareholders holding

55.11% of the Company's shares of common stock outstanding executed a written consent in lieu of a Shareholders meeting approving the Share Increase.
