**NOTE FOR U.S. READERS ON CANADA/U.S. REPORTING DIFFERENCES**

Pursuant to the requirements of Form 40-F, Kinross' Annual Information Form dated March 30, 2007 and Management's Discussion and Analysis, which includes the audited consolidated financial statements and notes thereto as of December 31, 2006 and for the three years ended December 31, 2006, are hereby filed under cover of this form. See the supplemental note entitled "Reconciliation to United States GAAP" included as Exhibit 99.4 for a reconciliation of the financial statements to U.S. GAAP.

In the United States, reporting standards for auditors require the addition of an explanatory paragraph (following the opinion paragraph) that refers to the audit report on the effectiveness of the Company's internal control over financial reporting. The report to the shareholders of KPMG LLP, independent registered public accountants to the Company, on Management's Report on Internal Control dated March 23, 2007 is expressed in accordance with Canadian reporting standards, which do not require a reference to the audit report on the effectiveness of the Company's internal control over financial reporting in the financial statement auditors' report.

There are also certain differences between the corporate governance practices applicable to Kinross and those applicable to U.S. companies under NYSE listing standards. A summary of the significant differences can be found at [www.kinross.com/corp/governance-corp.html](http://www.kinross.com/corp/governance-corp.html).

## **DISCLOSURE CONTROLS AND PROCEDURES**

The Company maintains disclosure controls and procedures designed to ensure that information required to be disclosed in reports filed under the Securities Exchange act of 1934 (as amended) is recorded, processed, summarized and reported within the appropriate time periods and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely disclosures regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any disclosure controls and procedures, no matter how well conceived or operated, can only provide reasonable, not absolute, assurance that the objectives of the control system are met, and management is required to exercise its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by Rule 13a-15(b) under the Exchange Act, we conducted an evaluation, under the supervision and with the participation of our management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31st, 2006, the end of the period covered by this annual report on Form 40-F. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this Annual Report, the design and operation of the Company's disclosure controls and procedures were effective.

### Significant Changes in Internal Controls

Throughout 2005 and 2006, management has made significant improvements to internal controls over financial reporting including addressing previously identified significant deficiencies. Management has evaluated the design and the effectiveness of the internal controls over financial reporting and concluded that such internal controls are effective. KPMG, Kinross' independent auditors appointed by the shareholders, have audited management's assessment of internal controls over financial reporting, and found that management's opinion that Kinross maintained effective internal control over financial reporting as of December 31, 2006, is fairly stated.

Other than as discussed above, there have been no significant changes to our system of internal control over financial reporting or in other areas for the year ended December 31, 2006 or since that time that could significantly affect our internal control over financial reporting.

**AUDIT COMMITTEE**

Kinross has an audit committee, comprised of three individuals, John A. Brough, chairman, John M.H. Huxley and Terence C. W. Reid. Each of the members of the audit committee is independent as that term is defined in the listing standards of the New York Stock Exchange. The board of directors has determined that Mr. Brough is the audit committee financial expert. The Securities and Exchange Commission has indicated that the designation of a person as an audit committee financial expert does not make such person an “expert” for any purpose, impose any duties, obligations or liabilities on such person that are greater than those imposed on members of the audit committee and board of directors who do not carry this designation, or affect the duties, obligations or liability of any other member of the audit committee or board of directors.

**CODE OF ETHICS**

Kinross has a Code of Business Conduct and Ethics that applies to all directors, officers and employees. The Code of Business Conduct and Ethics may be viewed at the Company’s website at [www.kinross.com](http://www.kinross.com) under Corporate - Governance. The Company has not granted any waivers under its Code of Business Conduct and Ethics.

All audit services, audit related services, tax services, and other services provided for the year ended December 31, 2006 were pre-approved by the audit committee which concluded that the provision of such services by KPMG LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.
