Determination of offer price for the shares of common stock of Sony Financial Holdings issued and sold in conjunction with its listing on the Tokyo Stock Exchange

On October 11, 2007, Sony Financial Holdings Inc. ("SFH"), a consolidated subsidiary of Sony Corporation ("Sony"), plans to list its shares of common stock on the Tokyo Stock Exchange. In conjunction with this listing, 725,000 existing shares of SFH common stock held by Sony, plus 75,000 shares newly issued by SFH, are being offered for sale. It was determined today that the offer price per share for such offerings is to be 400,000 yen per share.

Sony estimates that the above-mentioned offering of existing shares will contribute approximately 78 billion yen to consolidated income before taxes and approximately 14 billion yen to consolidated net income for the fiscal year ending March 31, 2008. The impact of this transaction was not incorporated into the outlook for the fiscal year ending March 31, 2008, announced by Sony on July 26, 2007. These amounts do not include the effect from the Greenshoe Option described below.

Note: The estimated amounts mentioned above are calculated based on financial information as of August 31, 2007.

Details of the offerings of new and existing shares:

1. Number of existing shares to be sold by Sony:  
725,000 shares  
In addition to the offering by Sony of 725,000 shares, the representative of the Japanese underwriters will over-allot an additional 70,000 shares, which will be lent to such representative by Sony. In connection with such over-allotment, Sony has granted an option to purchase up to 70,000 additional shares (the "Greenshoe Option") to such representative. The Greenshoe Option will be exercisable until November 2, 2007.
2. Number of new shares to be issued and sold by SFH:  
75,000 shares

### 3. Shares of SFH to be held by Sony after the offerings:

1,375,000 shares

(This amount represents approximately 63.2% of the outstanding shares of SFH, after the issuance of new shares by SFH but excluding the effect of the Greenshoe Option described above. If the Greenshoe Option is exercised in full, Sony will hold 1,305,000 shares, representing 60.0% of the outstanding shares of SFH, after the issuance of new shares by SFH.)
