Sony to Separate a Part of its Business to Establish a Financial Holding Company

Subject to the approval of the Financial Services Agency

Sony Corporation (Sony) plans establishment of an interim financial holding company subject to the approval of the Financial Services Agency. Sony resolved at a meeting of the Executive Board held today to set up a financial holding company, Sony Financial Holdings Inc. (SFH), comprising Sony Life Insurance Co., Ltd., Sony Assurance Inc. and Sony Bank Inc. by separating and transferring the operation of the Financial Business Planning Department to the newly established company on April 1, 2004.

1. Purpose of the separation

Sony will exploit the strategic linkages between Sony Life Insurance Co., Ltd., Sony Assurance Inc. and Sony Bank Inc., and focus on increasing operational soundness and customer convenience .

SFH will strengthen its asset management and risk management system in parallel with its growing asset value, enhance disclosure of business details, and offer customers prompt and exact integrated financial services most tailored to their individual needs by strengthening linkages between product and service development.

2. Overview of the separation

(1) Schedule of the separation

February 27, 2004	Executive Board meeting to approve separation plan
April 1, 2004	Date of separation
April 1, 2004	Registration of separation

* Pursuant to the provisions of Clause 1 of Article 374-6 of the Commercial Code, Sony shall perform the separation without approval of the separation agreement by its shareholders.

(2) Method of the separation

1. Method

Sony will separate a part of its business and the new company, Sony Financial Holdings Inc. (the new company) will take over the separated part of the business.

2. Reason for adopting this method

This method was chosen because it was determined to be the most efficient means by which to transfer the relevant business.

(3) Allocation of shares

The new company will issue 2,000,000 shares of common stock, and will allocate all of them to Sony.

(4) Rights and obligations to be taken over by the new company

The following items (i) and (ii) are taken over by the new company.

- (i) All the shares of Sony Life Insurance Co., Ltd., Sony Assurance Inc., and Sony Bank Inc.
- (ii) Contracts and agreements which are considered necessary for the new company to operate, and any and all of the assets (excluding the assets specified in item (i), if any), liabilities, rights and responsibilities under such contracts and agreements.

The debt obligations to be taken over by SFH shall be in the form of parallel (double) debt assumption, where Sony Corporation and SFH will become joint debtors.

(5) Prospects of paying debt obligations

Based on the projected financial statement as of April 1, 2004, both Sony and the new company have significantly more assets than liabilities. Additionally, both companies are expected not to post any significant revenue declines or long term consecutive losses from their operations after the separation that are serious enough to affect their financial capability to pay their respective debt obligations. Therefore, Sony believes that both Sony and the new company can pay the debt obligations that will come due after the separation.
