**Item 5. Other Events.**

On June 15, 2004, a purported securities class action (the Original Complaint ) was filed in the United States District Court Eastern District of Pennsylvania against Vicuron Pharmaceuticals Inc. (the Company ) and the Company's Chief Executive Officer, Chief Financial Officer and Chief Medical Officer. The Original Complaint alleges that the Company and its Chief Executive Officer, Senior Vice President and Chief Financial Officer and Chief Medical Officer violated the federal securities laws by concealing negative information concerning both the safety and efficacy of anidulafungin, the Company's intravenous treatment of fungal infections which is the subject of late-stage clinical trials for the treatment of esophageal candidiasis, invasive aspergillosis and invasive candidiasis/candidemia. The Original Complaint seeks unspecified damages on behalf of a purported class of purchasers of the Company's securities during the period from January 6, 2004 through May 24, 2004.

From June 16, 2004 through June 18, 2004, three additional purported class actions were filed in the United States District Court Eastern District of Pennsylvania. These purported class actions present in large degree the same legal and factual issues as the Original Complaint. The Company anticipates that similar actions may be filed in the future. The Company believes that it has meritorious defenses to the allegations contained in the actions and intends to defend itself vigorously. No trial dates have been scheduled.
