**ITEM 8.01 OTHER EVENTS.**

On December 13, 2004, the Company announced its intention to offer up to \$200,000,000 aggregate principal amount of senior subordinated notes in a private offering (the Offering). A copy of the press release is furnished as Exhibit 99.1 to this Current Report.

In connection with the Offering by the Company, the Company is providing the following information in compliance with Regulation FD.

*Revision of Financial Statements Related to Discontinued Operations*

On May 24, 2004, the Company had completed the sale of a group of its Life Science Division's assets and transferred certain liabilities that comprise a substantial portion of the Company's confocal microscopy product line (the Microscopy Line) to Carl Zeiss Jena GMBH for approximately \$19.8 million (the Sale). As a result of the Sale, the Microscopy Line was presented as a discontinued operation in the Company's interim financial statements for the three months and six months ended June 30, 2004 included in its quarterly report on Form 10-Q. In connection with the Company's offering of up to \$200,000,000 aggregate principal amount of senior subordinated notes to be issued in a private offering, the Company reissued its 2003, 2002 and 2001 consolidated financial statements. The reissued financial statements present the results of the operations of the Microscopy Line as a discontinued operation in accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. The consolidated financial statements for the years ended December 31, 2003 and 2002 have been audited by Deloitte & Touche LLP who has reissued their report dated March 10, 2004 (December 13, 2004 as to the effects of the discontinued operation discussed in Note 17). Financial statements for the year ended December 31, 2001 have not been audited. Such financial statements were derived by the Company from consolidated financial statements which were audited by Arthur Andersen LLP which has since ceased operations. The unaudited consolidated financial statements for the one year period ended December 31, 2001 have been prepared in accordance with accounting principles generally accepted in the United States of America.

The Company has presented in Exhibits 99.2, 99.3, 99.4 and 99.5 attached to this Form 8-K the following information giving effect to each of the Revision of Financial Statements Related to Discontinued Operations, and in each case for the two year period ended December 31, 2003 and the one year period ended December 31, 2001: (i) Selected Financial Data; (ii) Management's Discussion and Analysis of Financial Condition and Results of Operations; (iii) Consolidated Financial Statements as of December 31, 2003 and 2002 and for the two year period then ended; and (iv) Unaudited Consolidated Financial Statements as of and for the twelve month period ended December 31, 2001 (together, the Restated Data). The Restated Data are each filed as Exhibits to this Form 8-K and are incorporated herein by reference.

The updated financial information included as exhibits to this Form 8-K reclassifies the results of these discontinued operations in the Company's financial statements for each of the years ended December 31, 2003, 2002 and 2001. The exhibits update Item 8, Financial Statements and Supplementary Data included in the Form 10-K. The reclassification has no effect on the Company's reported net income (loss).
