-

Item 1.01 Entry into a Material Definitive Agreement.

On February 28, 2005, the Compensation Committee of the Board of Directors of UnumProvident Corporation established performance goals and target awards for executive officers for fiscal year 2005 under the Management Incentive Compensation Plan of 2004. The Committee established performance matrices based on factors and weights for the overall enterprise and different business units and subsidiaries. The factors established were for the enterprise - operating income, return on equity and earned premium; for US Brokerage business - operating income, expense ratio, earned premium and sales; Colonial operations - operating income, sales and expense ratio; Unum Limited - operating income, sales, expense ratio and earned premium; GENEX - revenue, operating income; and investment operations - investment income, purchase spreads and credit quality. The Committee also established a threshold based on ratio of operating earnings available for payment of debt and dividends. Target awards were established for each participant, expressed as a percentage of base salary based on achievement under one or a combination of the performance matrices for the enterprise or respective business units and subsidiaries. Actual bonuses payable for fiscal year 2005 (if any) will vary depending on the extent to which actual performance meets, exceeds or falls short of the applicable performance goals approved by the Compensation Committee. The maximum bonus opportunity for an executive is 200% of his or her target award. As provided in the Plan, the Compensation Committee may exercise discretion to reduce, but not increase, the amount of bonus payable, regardless of the achievement of performance goals.

On February 28, 2005, the Compensation Committee also established performance goals and target awards for executive officers for fiscal year 2005 for awards under the Company's long-term incentive program to be issued from the Stock Plan of 1999. The Committee established a performance matrix for vesting in these awards based on operating income, return on equity and capital generation.
