Report of Independent Registered Public Accounting Firm

The Plan Administrator

H.B. Fuller Company Thrift Plan:

We have audited the accompanying statements of net assets available for benefits of the H.B. Fuller Company Thrift Plan (the Plan) as of December 31, 2004 and 2003 and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003 and the changes in its net assets available for benefits for the year ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2004 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

H.B. FULLER COMPANY THRIFT PLAN

Notes to Financial Statements

December 31, 2004 and 2003

(1) Description of the Plan

The following brief description of the H.B. Fuller Company Thrift Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, eligibility, and other matters.

(a) General

The Plan is a contributory defined contribution plan covering all eligible employees of H.B. Fuller Company (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Trustee

The trustee for the Plan is Wells Fargo Minnesota, N.A. (the Trustee).

(c) Eligibility and Contributions

All regular full-time and part-time employees may begin contributing to the Plan as soon as administratively practicable after their date of hire. To be eligible for the Company matching contribution, a full-time employee must have six months of employment and a part-time employee must have twelve months of service. To become a participant in the Plan, an employee must agree to make contributions equal to 1% of pre-tax compensation up to a maximum of 12% of pre-tax compensation for highly compensated participants and 25% for nonhighly compensated participants, each subject to a statutory maximum of \$13,000 for 2004.

The Employer makes contributions to employees' accounts by matching 100% of an employee's contributions, up to 4% of the employee's eligible compensation in the form of H.B. Fuller Company Common Stock. A participant's contribution may be invested in any combination of the following participant-directed investment funds or H.B. Fuller Company Common Stock. Other funds include the Wells Fargo Stable Return Fund, PIMCO Total Return Bond Fund, Wells Fargo Index Equity Fund (S&P 500), Wells Fargo Small Company Growth Equity Fund, Wells Fargo Growth Balanced Fund, Janus Twenty Fund, Janus Overseas Fund, Wells Fargo S&P Midcap Index Fund, and Van Kampen Common Stock Fund. A participant's investment option for past and future contributions can be changed daily. Investment income is allocated to all participants on the basis of their respective account balances at the close of each daily fund valuation.

Edgar Filing: FULLER H B CO - Form 11-K

A participant's voluntary contribution percentage amount can be changed or suspended at anytime. Employer contributions to the Plan cease during the suspension period.

(d) Participant Accounts

Each participant's account is credited with (a) the participant's contribution, (b) the Employer's contribution, (c) an allocation of the Plan's investment income, and (d) discretionary Employer contributions. Allocations of the Plan's investment income are based on account balances, as defined in the Plan document.

December 31, 2004 and 2003

(e) Payment of Benefits

On termination of service due to death or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as defined in the Plan agreement. If the participant terminates employment at the age of 55 or older, he or she may elect to receive their distribution in installment payments as defined by the Plan agreement. For termination of service due to disability, a participant is eligible for distribution after 12 months of permanent disability. For termination of service due to other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The investment in H.B. Fuller Company Common Stock may be withdrawn in the form of shares of stock at the option of the Plan participant.

(f) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of eligible service. A participant is 100% vested after three years of credited service to the Employer, or upon age 65, disability, or death.

(g) Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at rates equal to the current Wells Fargo prime rate at the time of the loan (5.0% at December 31, 2004). The rate will remain fixed over the term of the loan, usually 5-15 years. Participant loans are collateralized by a borrower's vested account balance and are repaid through payroll deductions. Participant loans at December 31, 2004 had interest notes ranging from 4.0% to 9.5% and mature at various dates through 2019. Principal and interest are repaid ratably through payroll deductions.

(h) Forfeitures

Participants who terminate employment with the Employer forfeit the nonvested portion of the Employer's contribution to the participants' accounts. Amounts forfeited are used to reduce future Employer contributions. Forfeitures for the year ended December 31, 2004 were \$71,567.

(i) Plan Termination

Edgar Filing: FULLER H B CO - Form 11-K

Although it has no intention to do so, the Employer may, at any time, by action of its board of directors, terminate the Plan or discontinue contributions. Upon termination or discontinuance of contributions, all Employer contribution amounts in participant accounts will become fully vested.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

December 31, 2004 and 2003

(b) Investment Valuation

The fair values of the Plan's investments in H.B. Fuller Company Common Stock are based on published quotations. The fair values of investments in securities of unaffiliated issuers are based on quoted market prices. Securities transactions are recorded on the trade date.

(c) Interest and Dividends

Interest income is recorded as earned on an accrual basis and dividend income is recorded on the ex-dividend date.

(d) Net Appreciation (Depreciation) in the Fair Value of Investments

The Plan presents in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

(e) Contributions

Participant contributions are recorded in the period the Employer makes the payroll deductions. Employer-matching contributions are recorded based on participant contributions.

(f) Concentration of Market Risk

At December 31, 2004 and 2003, approximately 45% and 50%, respectively, of the Plan's net assets were invested in the common stock of H.B. Fuller Company. The underlying value of the H.B. Fuller Common Stock is entirely dependent upon the performance of H.B. Fuller Company and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of H.B. Fuller Company Common Stock in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

(g) Distributions to Participants

Distributions to participants are recorded when the distribution is made.

(h) Plan Expenses

The administrative expenses of the Plan are paid by the Plan participants. Certain asset management and administrative fees of the Plan are charged against the Plan's investment income.

(i) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of investment earnings and expenses during the reporting period. Actual results could differ from those estimates.

(j) Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

(3) Investments

Investments, at fair value, include the following at December 31, 2004 and 2003:

	<u>2004</u>	<u>2003</u>
