**ANSELL RECONFIRMS USD115 MILLION SEGMENT EBITA AND  
ANNOUNCES AUD80 MILLION NON-CASH WRITE DOWN OF INVESTMENT  
IN SOUTH PACIFIC TYRES**

The Board of Ansell today reconfirmed that Ansell Healthcare would meet its F 05 Segment EBITA commitment of USD115 million.

The Board also announced that, as a result of its ongoing review of Ansell's investment in South Pacific Tyres (SPT), it would write down the current AUD138 million carrying value when the F 05 financial results are finalised in August 2005. At this time, the Board's best estimate of the amount of this non-cash write down is approximately AUD80 million.

It should be noted that, in addition to its investment in SPT, the 50/50 tyre manufacturing, wholesaling and retailing partnership with The Goodyear Tire and Rubber Company, Ansell has provided a loan of AUD66 million to SPT. This loan is expected to be repaid in full on Ansell's exit from the SPT Partnership.

## Edgar Filing: ANSELL LTD - Form 6-K

As previously disclosed to the market, Ansell has the right under the SPT Partnership Agreement to put its SPT interest to Goodyear at a price based on an agreed formula at any time during the period August 13, 2005 and August 12, 2006. Subsequently, Goodyear has a call right from August 13, 2006 to February 12, 2007.

In its F 04 and F 05 H1 results releases, Ansell disclosed that, while SPT's performance has run below the 2001 Restructure Plan expectations, the Ansell Board had previously expected that Ansell would ultimately recover the current carrying value of its investment, based on SPT's business plans. However, SPT's F 05 second half performance has significantly lagged behind forecast with a continuing increase in low price imported tyres, and significant increases in raw material costs. This, together with a future trading outlook for the SPT business which has now been made available to Ansell, indicates that Ansell's carrying value of its investment in SPT is in excess of the anticipated realisable value.

Ansell will continue to closely monitor the situation and review the carrying value of its investment in SPT at regular intervals.
