Unless otherwise marked, properly executed proxies in the form of the accompanying proxy card will be voted **FOR** the election of the nominees to the Board listed below, **FOR** the approval of the Securities Purchase Agreement, including the issuance of Series C Preferred Stock, common stock warrants and common stock issuable upon conversion and exercise of the Series C Preferred Stock and common stock warrants, and the transactions contemplated by the Securities Purchase Agreement, and in the discretion of the persons named in the proxy in connection with any other business that may properly come before the Meeting.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

The Company's By-laws state that the Board shall be comprised of up to eight members, with the exact number to be set by the Board. The Board has currently set the number of directors at five. The Articles of Incorporation provide that so long as at least 2,000 shares of Series C Preferred Stock remain outstanding, the holders of a majority of the Series C Preferred Stock, voting as a separate class to the exclusion of all other classes of the Company's capital stock, shall be entitled to elect two directors to the Board to serve on the Board until their successors are duly elected by the holders of the Series C Preferred Stock or they are removed from office (with or without cause) by the holders of the Series C Preferred Stock. The holders of Series C Preferred Stock have elected Dennis R. Sciotto and Edward E. Colson, III to serve on the Board and they are not up for re-

election at the Meeting. You are being asked to elect the remaining three directors. Each director elected at the Meeting and the two directors elected by the holders of the Series C Preferred Stock will serve a term expiring at the 2006 annual meeting of stockholders. The terms of each of the Company's current directors will expire at the Meeting. Three of the Company's current directors have been nominated for re-election to the Board. Messrs. David A. Melman and Craig P. Rothwell are not standing for re-election to the Board; however, Mr. Rothwell will remain as an Advisory Director.

Unless authority to vote for the election of directors is withheld, the proxies solicited hereby will be voted **FOR** the election of the Company's three nominees named below. If any nominee should decline or be unable to serve for any reason, votes will instead be cast for a substitute nominee designated by the Board. The Board has no reason to believe that any nominee will decline to be a candidate or, if elected, will be unable or unwilling to serve. Under the Company's By-laws, directors are elected by plurality vote. Stockholders may not cumulate their votes in the election of directors.

Article IV E of the Company's Articles of Incorporation provides certain procedures that stockholders must follow in making director nominations. For any person other than a person nominated by the Board to be eligible for nomination for election as a director, advance notice must be provided to the Secretary of the Company at the Company's principal office, not more than 90 days and not less than 45 days, in advance of the annual meeting of stockholders; provided, however, that in the event that less than 55 days notice or prior public disclosure of the date of the meeting is given or made to stockholders, such notice will be deemed timely if received at the Company's principal office no later than the close of business on the tenth day following the day on which notice of the date of the meeting was mailed or such public disclosure was made. This notice must state (a) for each nominating stockholder, such stockholder's name and business and residential addresses, the number of shares of Common Stock beneficially owned by such stockholder, and, if requested by the Secretary of the Company, whether such stockholder is the sole beneficial owner of such Common Stock and, if not, the name and address of any other beneficial owner of such Common Stock, and (b) for each proposed nominee, the proposed nominee's name, age and business and residential addresses, the proposed nominee's principal occupation or employment and the number of shares of Common Stock beneficially owned by the proposed nominee, and the proposed nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected, along with such other information regarding the proposed nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, had the nominee been proposed by the Board. No such stockholder nominations have been received for the Meeting.

The Board has nominated and urges you to vote **FOR** the election of the Company's three nominees named below.

Board Committees

The Board has determined that the Company's independent directors are Messrs. Colson, DeHart, Sciotto and White. These directors are independent as defined in the Nasdaq Marketplace Rules. The Board has established an Audit Committee and a Compensation Committee.

Edgar Filing: OMNI ENERGY SERVICES CORP - Form DEF 14A

The Company's independent directors function as the nominating committee. The Company's independent directors have not adopted a nominating committee charter. The independent directors assist the Board by identifying individuals qualified to become board members and recommending to the Board the director nominees for the next annual meeting of stockholders. The Board believes that it is appropriate for the Company

to not have a nominating committee because its independent directors provide proper guidance and assistance in these matters. The independent directors serving as the nominating committee will consider director candidates recommended by security holders and submitted in accordance with the Company's Articles of Incorporation. The independent directors serving as the nominating committee evaluate nominees for director based on the individual's business and educational background and ability to contribute to the Board.

The Audit Committee reviews the Company's financial statements and annual audit and meets with the Company's independent public accountants to review the Company's internal controls and financial management practices. Currently, the members of the Audit Committee are Messrs. Colson, DeHart and White. All of the members of the Audit Committee are independent as defined by the Nasdaq Marketplace Rules. The Audit Committee had eighteen formal meetings during 2004.

The Compensation Committee recommends to the Board compensation for the Company's executive officers and other key employees, administers the Fifth Amended Restated OMNI Energy Services Corp. Stock Incentive Plan (the Plan) and performs such similar functions as may be prescribed by the Board. Currently, the members of the Compensation Committee are Messrs. DeHart, Sciotto and White. Mr. Melman also served as a member of the Compensation Committee during 2004, but he is not standing for re-election. The Compensation Committee met eight times during 2004.

During 2004, the Board held four meetings. Each director attended all of the meetings held during 2004 of the Board and committees of which he was a member.

It is the Company's policy that, to the extent possible, all directors and nominees for director at the Meeting attend the Meeting. All of the directors and nominees for director at the 2004 Annual Meeting attended the 2004 Annual Meeting.

The Board provides a process for stockholders to send communications to the Board or any of the directors. Stockholders may send written communications to the Board or any of the directors addressed to the Secretary of the Company at the address listed on the first page of this Proxy Statement. All communications will be compiled by the Secretary of the Company and submitted to the Board or the individual directors on a periodic basis.

Compensation of Directors

Effective July 1, 2004, and retroactive to January 1, 2004, each non-employee director earns a retainer of \$15,000 per year, paid quarterly. These payments were made in 2004 to Messrs. DeHart, Melman, Rothwell, White and Webb (who resigned on April 18, 2005) for the first three quarters of 2004. The retainer for the fourth quarter of 2004 was paid in 2005. Each non-employee director that serves on the Audit Committee receives an additional \$5,000 per year, and \$7,500 per year for being the Committee Chairman. Each non-employee director that serves on the Compensation Committee or the Corporate Governance Committee receives an additional \$2,000 per year, and \$3,000 per year for being the Committee Chairman. All retainers are paid quarterly.

In addition to the retainers that are paid to the Board and Committee members, the Company pays a fee of \$500 per Committee member for each Committee meeting attended by such member. Each Board member will receive \$2,500 for each Board meeting attended in person (not telephonically) and called by the Chairman of the Board and \$1,000 for telephonic meetings.

Edgar Filing: OMNI ENERGY SERVICES CORP - Form DEF 14A

Each person who becomes a non-employee director is granted an option to purchase 10,000 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date such person becomes a director.

Additionally, each year that the Plan is in effect and a sufficient number of shares of Common Stock are available thereunder, each person who is a non-employee director on the day following the annual meeting of the

Company's stockholders will be granted an option to purchase 5,000 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on such date. All such options become fully exercisable on the first anniversary of their date of grant and expire on the tenth anniversary thereof, unless the non-employee director ceases to be a director of the Company, in which case the exercise periods will be shortened. Messrs. DeHart, Melman, Rothwell and White received this earned option in 2004. Marshall Webb (who resigned on April 18, 2005), also received his earned options.

or upon termination of employment or resignation or cause, whichever occurs first. The intrinsic value of this award at December 31, 2004 was \$1.4 million but no compensation expense has been recorded at December 31, 2004 because the expense is contingent on future events none of which are considered probable at December 31, 2004. At this time, Mr. Eckert and Mr. Klug are the only executive officers participating in the SBA.

During 2004, no stock appreciation rights and no stock options were granted to executive officers.

Compensation Committee Report

The Compensation Committee of the Board of Directors (the Committee) has furnished the following report on executive compensation for fiscal 2004:

Under the supervision of the Committee, the Company seeks to relate a significant portion of potential total executive compensation to the Company's financial performance. In general, executive financial rewards may be segregated into the following significant components: base compensation, bonus and stock-based benefits.

Base compensation, bonuses and stock-based compensation for the executive officers are intended to be competitive with those paid by comparably situated companies, with a reasonable degree of financial security and flexibility to those individuals who were regarded by the Committee as acceptably discharging the levels and types of responsibility implicit in the various executive positions. In the course of considering annual executive salary increases, bonuses and stock-based compensation, appropriate consideration is given to the credentials and experience of the individual senior executives, as viewed in the Committee's collective best judgment, which necessarily involves subjective as well as objective elements. Using the criteria set forth above, pay increases for the executive officers, Mr. Eckert and Mr. Klug, were authorized during 2003 of 32% and 39%, respectively. Also, effective December 1, 2003, the Company entered into Restricted Stock Incentive Agreements, as amended, with Messrs. Eckert and Klug for the award of 200,000 shares and 161,800 shares, respectively, under the terms and conditions of the Plan. Additionally, the Company entered into Stock-Based Award Incentive Agreements with its executive officers on June 30, 2004. Details of the plan are included above under the heading of 2004 Stock-Based Award Incentive Agreement.

The Committee is of the view that the periodic grant of stock options and restricted stock awards to employees, including executive officers, is calculated to align the employees' economic interests with those of stockholders and to provide a direct and continuing focus upon the goal of increasing stockholder value. The Committee presently anticipates that grants to executive officers will be considered annually.

However, as the Company's operations expand in the future, the Board and the Audit Committee will seek to add a member that is qualified to serve as an audit committee financial expert. Management believes that at least one member of the Audit Committee is capable of: (i) understanding generally accepted accounting principles and financial statements; (ii) assessing the general application of these principles in connection with the accounting for estimates, accruals and reserves; (iii) preparing, auditing, analyzing and evaluating the Company's consolidated financial statements; (iv) understanding internal control over financial reporting; and (v) understanding audit committee functions. All Audit Committee members are independent directors, as such term is defined in NASD's Rule 4200 (a) (15).

The responsibilities of our audit committee include:

engaging an independent audit firm to audit our financial statements and to perform services related to the audit;

reviewing the scope and results of the audit with our independent auditors;

considering the adequacy of our internal accounting control procedures;

considering auditors' independence; and

approving all audit and non-audit services with our independent auditors.

The Audit Committee has reviewed and discussed the audited financial statements with management of the Company and with the independent accountants. Specifically, the Committee has discussed with the independent accountants the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards), as modified or supplemented. The Committee received a written disclosure letter from the Company's independent accountants as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as modified and supplemented. The Committee has also reviewed the independence of the independent accountants considering the compatibility of non-audit services with maintaining their independence from the Company. Based on the preceding review and discussions contained in this paragraph, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the 2004 fiscal year for filing with the Securities and Exchange Commission.

The board of directors has adopted a written charter for the audit committee which is available on the Company's website, www.omnienergy.com and to any stockholder upon request. The audit committee held eighteen formal meetings during fiscal year 2004. The Restated Audit Committee Charter is attached hereto as Exhibit 1.

PROPOSAL NO. 2

PRIVATE PLACEMENT

Summary

On May 17, 2005, we entered into a Securities Purchase Agreement with The Dennis R. Sciotto Family Trust dated December 19, 1994, Edward E. Colson, III Trust dated January 2, 1995, Jimit Mehta, James C. Eckert, our President, Chief Executive Officer and director, and G. Darcy Klug, our Executive Vice President (collectively, the Purchasers). Pursuant to the terms of the Securities Purchase Agreement, we agreed to issue to the Purchasers up to 5,000 shares of Series C 9% Convertible Preferred Stock, no par value (Series C Preferred Stock), and warrants (the Warrants) to purchase up to 6,550,000 shares of common stock, \$0.01 par value (the Common Stock), at the exercise prices described below, for consideration of up to \$5,000,000. The Series C Preferred Stock is convertible into shares of Common Stock at an initial conversion price of \$1.95 per share. The 5,000 shares of Series C Preferred Stock converts into approximately 2,564,103 shares of Common Stock.

The transactions contemplated by the Securities Purchase Agreement close in two tranches. On May 17, 2005, the closing date of the first tranche, we issued an aggregate of 3,500 shares of Series C Preferred Stock and Warrants to acquire up to 4,585,000 shares of Common Stock, in exchange for \$3,500,000. Subject to the terms and conditions set forth in the Securities Purchase Agreement, the second tranche is scheduled to close on August 15, 2005, at which time the remainder of the Series C Preferred Stock and Warrants will be issued. A majority in interest of the Purchasers have the option, in their sole discretion, to elect not to effect the second closing by providing notice to us at least ten business days prior to the second closing.

The Nasdaq National Market has certain rules that prohibit the issuance of securities that would result in a person or group of affiliated persons owning or having the potential to own 20% or more of a company's outstanding common stock, unless shareholder approval is received before such issuance. Because the issuance of the Series C Preferred Stock and Warrants in the second tranche could potentially result in a Purchaser holding 20% or more of our Common Stock, we are seeking stockholder approval. Stockholder approval will result in the removal of certain restrictions on the dividend payments, exercise, conversion and voting rights of the Series C Preferred Stock and Warrants. If stockholder approval is not obtained, the closing of the second tranche for \$1,500,000 will likely not occur.

Background

In January 2005, our management team and the Board determined a critical need to raise additional capital to, among other things, repay an existing matured bridge loan, provide funds to settle certain outstanding litigation and to cure certain defaults under our existing credit line. As a result of our need for capital, we explored a number of debt and equity financing options.

On or about February 1, 2005, we engaged Cove Partners LLC, an investment banking firm, to assist us in completing a new credit facility and a private placement transaction. Cove Partners and members of our management team engaged in extensive efforts to locate debt and equity financing. Cove Partners contacted in excess of 25 potential financing sources, including existing stockholders.

On April 26, 2005, our Board met to consider approval of a proposed financing with General Electric Capital Corporation (GECC) and to discuss a proposed Series C convertible preferred stock and common stock warrant private placement to a group of investors identified by Cove Partners, including certain of our existing stockholders. As a condition to entering into the private placement, the investors identified by Cove Partners required the participation by some of our existing management. The closing of the private placement was also a pre-condition to the

Edgar Filing: OMNI ENERGY SERVICES CORP - Form DEF 14A

closing of the GECC financing. The Board approved the proposed financing with GECC and directed management to explore the possibility of completing a transaction with the investors in the private placement.

After extensive negotiations with the investors in the private placement, on May 17, 2005, the Board held a special meeting to consider approval of the Securities Purchase Agreement and the Related Agreements (as

defined in the Securities Purchase Agreement), including the issuance of the Series C Preferred Stock and Warrants to the Purchasers. As noted above, some of our management and existing stockholders (including James Eckert, our President, Chief Executive Officer and director, G. Darcy Klug, our Executive Vice President, and Dennis R. Sciotto, then a 7.5% beneficial stockholder of our Company) were Purchasers in the proposed private placement. Their interests were fully disclosed to and known by the Board in connection with its deliberations regarding the issuance of the Series C Preferred Stock and Warrants.

After extensive discussion of the terms and conditions of the proposed private placement and the alternatives available should the proposed private placement not be completed, the disinterested directors, consisting of Michael G. DeHart, David A. Melman and Richard C. White, unanimously authorized and approved the Securities Purchase Agreement and the Related Agreements, including the issuance of the Series C Preferred Stock and Warrants to the Purchasers. Mr. Eckert was present at the meeting but exited the meeting after it was called to order. Craig P. Rothwell was absent from the meeting and did not participate in any of the Board's deliberations.

On May 17, 2005, we completed the first tranche of the private placement where we sold 3,500 shares of Series C Preferred Stock and Warrants to acquire up to 4,585,000 shares of Common Stock for aggregate gross proceeds of \$3,500,000.

Reasons for Stockholder Approval

The Securities Purchase Agreement requires us to seek approval of our stockholders for the Securities Purchase Agreement, the Related Agreements and the transactions contemplated thereby, at the next meeting of stockholders of the Company, which is required to be held no later than July 31, 2005.

Our Common Stock is listed on the Nasdaq National Market and is subject to the Nasdaq Marketplace Rules. Nasdaq Marketplace Rule 4350 requires shareholder approval in connection with the issuance of securities that could result in a change of control of an issuer. The rule currently does not define a change in control of an issuer; however, Nasdaq staff has suggested that a change of control would be deemed to occur, subject to certain limited exceptions, if after a transaction a person or an entity acquires 20% or more of the issuer's then outstanding capital stock. For the purposes of calculating the holding of such person or entity, Nasdaq would take into account, in addition to all of the shares of capital stock received by such person or entity in the transaction, all of the shares held by such person or entity unrelated to the transaction and would assume the conversion of any convertible securities and exercise of any options or warrants held by such person or entity.

If the Company is unsuccessful in obtaining stockholder approval of the Securities Purchase Agreement, the Related Agreements and the transactions contemplated thereby, including the issuance of Common Stock pursuant to the conversion of the Series C Preferred Stock and the exercise of the Warrants, no holder of Series C Preferred Stock or Warrants shall be entitled to convert such holder's shares of Series C Preferred Stock or exercise such holder's Warrants, if after such conversion or exercise such holder will, with the shares of Common Stock issued on conversion or exercise and any other shares of the Company's Common Stock held by such holder, hold more than 19.99% of the outstanding Common Stock or voting power of the Company on the date of such conversion or exercise. Further, if stockholder approval is not obtained, the closing of the second tranche for \$1,500,000 will likely not occur.

Terms of The Private Placement

The following is a description of the material aspects of the private placement. While the Company believes that the following description summarizes the material aspects of the private placement, the description may not contain all of the information that is important to stockholders. Copies of any of the transaction documents referred to herein are available to stockholders at no charge upon request. Stockholders

Edgar Filing: OMNI ENERGY SERVICES CORP - Form DEF 14A

should address requests for documents to the Secretary of the Company at the address listed on the first page of this Proxy Statement.

General

On May 17, 2005, we entered into a Securities Purchase Agreement (the "Securities Purchase Agreement") with the Purchasers.

Pursuant to the terms of the Securities Purchase Agreement, we agreed to issue to the Purchasers (i) an aggregate of up to 5,000 shares of Series C Preferred Stock, and (ii) Warrants representing the right to purchase up to an aggregate of 6,550,000 shares of Common Stock for the exercise prices described below. The transactions contemplated by the Securities Purchase Agreement close in two tranches. On May 17, 2005, the closing date of the first tranche, we issued an aggregate of 3,500 shares of Series C Preferred Stock and Warrants to acquire up to 4,585,000 shares of Common Stock, in exchange for \$3,500,000. Subject to the terms and conditions set forth in the Securities Purchase Agreement, the second tranche is scheduled to close on August 15, 2005, at which time the remainder of the Series C Preferred Stock and Warrants will be issued. A majority in interest of the Purchasers have the option, in their sole discretion, to elect not to effect the second closing by providing notice to us at least ten business days prior to the second closing.

The Series C Preferred Stock is convertible into shares of Common Stock at an initial conversion price of \$1.95 per share. The 5,000 shares of Series C Preferred Stock converts into approximately 2,564,103 shares of Common Stock. Cumulative dividends will accrue on the Series C Preferred Stock at 9% per annum and will be payable in equal quarterly installments. Beginning on May 17, 2009, the Company will have the right to redeem the shares of Series C Preferred Stock, in whole or in part, at a price equal to \$1,000 per share plus an amount equal to all dividends (whether or not declared or due) accrued and unpaid on each such share up to the date of the redemption (the "Preferred Liquidation Value"), subject to the Purchaser's right to convert the Series C Preferred Stock into Common Stock.

The Warrants issued in the first tranche, which together are estimated to be exercisable into 4,585,000 shares of Common Stock, were issued as follows: (i) 3,360,000 five-year warrants exercisable at a price per share of \$1.95; (ii) 875,000 five-year warrants exercisable at a price per share of \$2.50; and (iii) 350,000 five-year warrants exercisable at a price per share of \$3.50. The Warrants issued in the first tranche are exercisable any time after the first closing.

Terms of the Series C 9% Convertible Preferred Stock

Other Voting Rights. Except as otherwise provided in our Articles of Incorporation or as required by Louisiana law, the holders of Series C Preferred Stock shall be entitled to vote on all matters on which the holders of Common Stock shall be entitled to vote, on an as converted basis, voting together with the holders of Common Stock as a single class. Notwithstanding the foregoing, until stockholder approval is obtained, no holder of Series C Preferred Stock shall have voting rights that exceed 19.99% of the Common Stock of the Company outstanding at the record date for the determination of the stockholders entitled to vote on such matters or, if no such record date is established, at the date such vote is taken or any written consent of stockholders is first executed.

We are not permitted, without the affirmative vote of the holders of not less than a majority of the Series C Preferred Stock, to take any of the following actions:

(1) amend our Articles of Incorporation or any other document to alter or change any rights, preferences or privileges of the Series C Preferred Stock;

- (2) securities issued upon conversion or exercise of the Series C Preferred Stock or the Warrants;

Each share of Series C Preferred Stock is convertible into the number of shares of Common Stock equal to the Preferred Liquidation Value divided by the conversion price of \$1.95 per share (subject to adjustment for stock splits, stock dividends and certain dilutive issuances) (the Conversion Price).

Unless and until we have obtained stockholder approval pursuant to this Proxy, a holder of Series C Preferred Stock shall not be entitled to vote or convert its shares of Series C Preferred Stock, if after such conversion such holder will, with the shares issued upon conversion and any other shares of our capital stock held by such holder, hold more than 19.99% of the outstanding Common Stock or voting power of the Company on the date of such conversion. Such limitations would be removed upon receipt of the stockholder approval being requested in this Proxy Statement.

Redemption

On or after May 17, 2009, we have the right, at our option, to redeem the Series C Preferred Stock, in whole or in part, in cash at a price per share equal to 100% of the Preferred Liquidation Value. Our right to redeem shall be subject to the Purchaser's right to convert the Series C Preferred Stock into Common Stock.

Put Option by James C. Eckert and G. Darcy Klug

If James C. Eckert's or G. Darcy Klug's employment is terminated by the Company (each a Terminated Employee) without Cause (as defined in their respective Employment Agreements), the Terminated Employee may exercise, upon written notice to the Company within sixty (60) days after such termination, his option to put all or any part of his shares of Series C Preferred Stock to the Company, and the Company, if legally able to do so, must purchase such shares of Series C Preferred Stock put to the Company for a price per share equal to 100% of the Preferred Liquidation Value on the Terminated Employee's termination date.

Warrants

The Warrants issued and issuable under the Securities Purchase Agreement may be exercised for an aggregate of 6,550,000 shares of Common Stock, subject to adjustment as described below. The Warrants issued in the first tranche, which together are estimated to be exercisable into 4,585,000 shares of Common Stock, were issued as follows: (i) 3,360,000 five-year warrants exercisable at a price per share of \$1.95; (ii) 875,000 five-year warrants exercisable at a price per share of \$2.50; and (iii) 350,000 five-year warrants exercisable at a price per share of \$3.50.

We will adjust the exercise price of the Warrants upon the occurrence of:

- (1) the subdivision or combination of the outstanding Common Stock;
- (2) the issuance of shares of Common Stock as a dividend or distribution on Common Stock;
- (3) the issuance of Common Stock for no consideration or at a price per share that is less than the exercise price of the Warrants;
- (4) the issuance of securities convertible into Common Stock at a conversion price per share that is less than the exercise price of the Warrants or such conversion price per share is changed thereafter to be less than the exercise price of the Warrants; and

- (5) the issuance of options, warrants or other rights to purchase or subscribe for Common Stock, or securities convertible into Common Stock, at an exercise price per share that is less than the exercise price of the Warrants or such exercise price per share is changed thereafter to less than the exercise price of the Warrants.

Notwithstanding the foregoing, (i) until stockholder approval is obtained, in no event will the exercise price be reduced below the exercise price of the Warrants on the date of issuance, and (ii) no adjustment to the exercise price of the Warrants shall be made upon the issuance of any Excluded Securities.

In the event we are a party to a merger, consolidation, business combination, tender offer, exchange of shares, recapitalization, reorganization, redemption or other similar event, as a result of which shares of our Common Stock shall be changed into the same or a different number of shares of the same or another class or classes of stock or securities or other assets of the Company or another entity or we sell all or substantially all of our assets, the holders will be able to exercise the Warrants into such other securities.

In addition, if we declare or make any distribution of our assets (or rights to acquire our assets) to holders of our Common Stock as a partial liquidating dividend or otherwise (including any dividend or distribution to our stockholders in cash or shares (or rights to acquire shares) of capital stock of a subsidiary), the holders of Warrants will be entitled to receive the distribution on an as-if-converted or exercised basis.

Registration Rights

We are obligated to register the shares of Common Stock underlying the Series C Preferred Stock and the Warrants for resale on a registration statement to be filed within 60 days of May 17, 2005. Failure to file a registration statement within the required time frame will result in the payment of liquidated damages to the Purchasers. We must use our reasonable commercial efforts to cause the registration statement to become effective within 90 days of the filing of the registration statement. Failure to have the registration statement declared effective within such time frame will result in the payment of liquidated damages to the Purchasers.

Dilutive Effect of the Private Placement

Consummation of the first closing of the private placement had a dilutive effect on our current stockholders and consummation of the second closing of the private placement will increase the dilutive effect. The aggregate number of shares issued pursuant to the private placement will increase substantially the number of shares of our capital stock currently outstanding on an as converted basis, and thereby the percentage ownership of our current stockholders will significantly decline as a result of the private placement. If both closings of the private placement are consummated, purchasers in the private placement will own approximately 47.6% of the outstanding shares of our capital stock, on an as converted basis assuming conversion of all the shares of Series C Preferred Stock and exercise of all the Warrants and assuming no anti-dilution adjustments.

Vote Required and Board of Directors Recommendation

The affirmative vote by a majority of the shares of our Common Stock (not including shares of Common Stock issuable upon conversion of the Series C Preferred Stock) present in person or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting will be required to approve this proposal. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum, but will not be counted for purposes of determining the number of votes cast with respect to this proposal.

The Board unanimously recommends that stockholders vote FOR the approval of this Proposal.

Certain Relationships and Related Transactions

During the years ended December 31, 1999, 2000 and 2001, we privately placed with an affiliate subordinated debentures totaling \$7.5 million, \$3.4 million and \$1.5 million, respectively. The debentures matured five years from their date of issue and accrued interest at various rates ranging from a fixed rate of 12% per annum to a variable rate of interest starting at 12% per annum and escalating to 20% per annum. In October 2000, we agreed to convert \$4.6 million of the subordinated debentures into our Series A Preferred. In May 2001, we agreed to pay the affiliate \$3.0 million cash plus issue to the affiliate \$4.6 million of the Company's Series B Preferred in satisfaction of all of the remaining outstanding subordinated debentures including accrued interest of \$1.8 million. This transaction resulted in the affiliate agreeing to forgive \$1.0 million of indebtedness, which was reflected as a capital contribution from the affiliate rather than as income in the accompanying financial statements. The proceeds were used to redeem \$8.2 million of the Series A Preferred outstanding, including accrued dividends. The remaining 25 shares of Series A Preferred were redeemed in April 2004 for \$0.03 million. At December 31, 2004 there are no Series A Preferred shares outstanding. During the first quarter of 2004, we redeemed 2,286 shares of the Series B Preferred for \$2.4 million, including accrued dividends. In April 2004, we redeemed 2,285 shares of the total of 2,314 shares of the Series B Preferred outstanding for \$2.5 million, including accrued dividends. At December 31, 2004, 29 shares of Series B Preferred remain outstanding.

In connection with the original issuance of the subordinated debentures, we issued to the affiliate detachable warrants to purchase 1,912,833 shares of our common stock, of which 293,055 shares were transferred in 2003 to settle certain litigation (See Note 9) and 858,678 shares were cancelled. The balance of 761,100 shares was exercised during the first quarter of 2004 at an exercise price of \$2.25.

During 2003, we entered into an agreement to facilitate the private placement of approximately 1,650,000 shares of our common stock owned by an affiliate and certain investors. The sale of the stock covered by this agreement closed during the fourth quarter of 2003, resulting in our receipt of \$0.4 million cash which was recorded as a reduction in our general and administrative expenses during 2003.

During 2003, in order to facilitate a settlement of ongoing litigation between certain of our affiliates, we agreed to re-price and extend the maturity dates of certain warrants owned by the defendant affiliates but transferred in settlement of the litigation to the plaintiff affiliates. The exercise prices of the transferred warrants ranged from \$2.25 to \$6.00 per share. The maturity dates of the transferred warrants ranged from November 1, 2004 to July 1, 2005. The transferred warrants were re-priced at \$1.54 per share and the maturity dates were extended to November 1, 2006. Accordingly, during 2003 we recorded a non-cash charge of approximately \$0.1 million representing the differences in the fair market value of the originally issued warrants and the re-priced warrants. At December 31, 2004, 10,283 of the \$1.54 re-priced warrants were outstanding.

The following table summarizes the exercise prices of warrants as of December 31, 2004:

<u>Exercise Price</u>	<u>Warrants</u>
\$1.54	10,283
\$2.25	21,666
	<u>31,949</u>

On May 17, 2005, we entered into a Securities Purchase Agreement with certain of the Company's affiliates and executive officers to issue up to \$5.0 million of Series C Preferred Stock as more fully described above. Our Series C Preferred Stock is convertible into our common stock at a conversion price of \$1.95 per share and includes detachable warrants to purchase up to 6,550,000 additional shares of our common stock at

Edgar Filing: OMNI ENERGY SERVICES CORP - Form DEF 14A

exercise prices ranging between \$1.95 and \$3.50 per share. The transactions contemplated by the Securities Purchase Agreement close in two tranches. On May 17, 2005, the closing date of the first tranche, the Company issued an aggregate of 3,500 shares of Series C Preferred Stock and warrants to acquire 4,585,000 shares of the Company s

common stock, in exchange for \$3,500,000. Subject to the terms and conditions set forth in the Securities Purchase Agreement, the second tranche is scheduled to close on August 15, 2005, at which time the remainder of the Series C Preferred Stock and warrants will be issued.

Pannell Kerr Forster of Texas, P.C. (PKF) has been selected as the Company's auditors for the year ended December 31, 2005. PKF served as the Company's auditors for the year ended December 31, 2004. (Fitts Roberts) as the Company's independent public accountants for the fiscal year ending December 31, 2003. These actions were approved by the Board of Directors of the Company.

On July 12, 2004, the Company dismissed Fitts Roberts as the Company's independent public accountants and on July 12, 2004, engaged BDO Seidman, LLP (BDO), as the Company's independent public accountants for the quarters ended June 30, 2004 and September 30, 2004. Abstentions will be counted as votes against a proposal. If brokers do not receive instructions from beneficial owners as to the granting or withholding of proxies and may not or do not exercise discretionary power to grant a proxy with respect to such shares (a broker non-vote) on a proposal, then shares not voted on such proposal as a result will be counted as not present and not cast with respect to such proposal.

OMNI ENERGY SERVICES CORP.

Restated Audit Committee Charter

(June 17, 2004)

I. *RESPONSIBILITY*

The OMNI Energy Services, Corp. (*OMNI*) Audit Committee (*Committee*) was established to assist the Board of Directors (the *Board*) in carrying out its oversight responsibilities that relate to OMNI 's accounting and financial reporting processes, audits of OMNI 's financial statements, internal controls, and compliance with laws regulations and ethics. This policy reaffirms that the Committee 's duties are oversight in nature and that the primary responsibility for financial reporting, internal control, and compliance with laws, regulation, and ethics standards rests with OMNI 's executive management and that OMNI 's external auditors are responsible for auditing OMNI 's financial statements. The foregoing notwithstanding, the Committee, in its capacity as the Audit Committee of the Board, has direct responsibility for the appointment, compensation and oversight of the work of any registered public accounting firm employed by OMNI (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The Committee does not provide any expert or special assurances as to OMNI 's financial statements or any professional certification as to the external auditor 's work.

The Committee has the power to conduct or authorize investigations into any matters within the Committee 's scope of responsibilities and to establish procedures concerning the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters and confidential, anonymous employee submissions of concerns regarding questionable accounting or auditing matters. The Committee is empowered to retain independent counsel, accountants, or others to assist it in the conduct of any investigation. The President, the Chief Financial Officer or the Corporate Secretary of OMNI shall provide, or arrange to provide, such other information, data and services as the Committee may request. The Committee shall conduct such interviews or discussions as it deems appropriate with personnel of OMNI, and/or others whose views would be considered helpful to the Committee.

The Committee 's prior approval is required for all auditing services and non-audit services as provided in the Securities Exchange Commission rules and regulations.

The Committee believes its policies and procedures should remain flexible in order to best react to changing conditions and that the following duties of the Committee are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances:

A. Financial Reporting

Committee procedures shall include:

1. Selection, Evaluation and Review of Outside Auditors

The Committee and the Board have the ultimate authority and responsibility to select, evaluate, and where appropriate, replace the outside auditor. The outside auditors are ultimately accountable to the Audit Committee and the entire Board for such auditors ' review of the financial statements and controls of OMNI. On an annual basis, the Audit Committee should review and discuss with the auditors all significant relationships they have with OMNI to determine their independence. The Committee shall review senior management 's recommendation on the annual selection of the outside auditors. The Committee shall submit its appointment (or reappointment) or termination of outside auditors to the Board of Directors for their ratification.

The Committee 's review shall include:

Review and prior approval of all audit services and non-audit services. (In the event the Committee approves an audit service within the scope of an auditor's engagement, that audit service shall be deemed to have been pre-approved.)

Receiving from the auditors, on a periodic basis, a formal written statement delineating all relationships between the auditors and OMNI consistent with Independence Standards Board Statement 1 (*ISB No. 1*).

Obtaining written disclosure from the outside auditors describing all relationships between the outside auditors and OMNI that bear on independence and objectivity.

Engaging in a dialogue with the outside auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the outside auditors.

Discussing with OMNI's Chief Executive Officer and Chief Financial Officer certifications in OMNI's periodic reports concerning disclosures of significant control deficiencies and any fraud by management.

Facilitating and maintaining an open avenue of communication with OMNI's outside auditors.

Ensuring the Committee is informed in a timely manner by OMNI's outside auditors of (i) all critical accounting policies and practices the outside auditors intend to use for the audit; (ii) discussion with OMNI's management of all alternative treatments of financial information within generally accepted accounting principles (*GAAP*), the ramifications of the use thereof and the outside auditors' preferred treatment; and (iii) other material written communications between the outside auditors and OMNI's management to include any management letter or schedule of audit adjustments.

Disclosing that the Committee is vested with all responsibilities and authority required by Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the *Exchange Act*).

Edgar Filing: OMNI ENERGY SERVICES CORP - Form DEF 14A

Meeting with OMNI's general counsel, if any, and outside counsel when appropriate, to discuss legal matters that may have a significant impact on OMNI's financial statements.

3. Regarding OMNI's financial statements, the Committee will:

Review OMNI's audited annual financial statements and outside auditors' opinions with respect to the statements, including the nature of any changes in accounting principles or their application.

Review OMNI's interim quarterly financial statements and outside auditors' reviews with respect to the statements, including the nature of any changes in accounting principles or their application.

A-2

Review significant accounting policies, policy decisions and changes, along with significant accounting, reporting or operational issues.

Review the financial statements to be issued with management and with the outside auditors to determine whether the outside auditors are satisfied with the disclosure and content of the financial statements to be presented to the shareholders prior to the release of the quarterly financial report to shareholders.

Make a recommendation to the Board of Directors regarding the inclusion of interim and annual financial statements in OMNI's SEC filings based on its review of such financial statements with management and the outside auditors.

Ensure that management maintains reliability and integrity of accounting policies and financial reporting and that management establishes and maintains processes to assure adequate systems of internal control.

Disclose in OMNI's annual proxy or information statement, the existence of the Committee and the Committee charter and the extent to which the Committee has satisfied its responsibilities during the prior year in compliance with its charter.

Disclose the Committee's approval of any non-audit services in OMNI's periodic reports filed with the Securities and Exchange Commission (the *Commission*).

Review the management letter issued by the outside auditors and management's response.

Review fees paid for audit and consulting services, respectively.

4. Annually review and examine those matters, which relate to a financial review of OMNI's Investment Policies, if any.
5. Submit findings of importance, conclusions, recommendations, and items that require follow-up or action to the Board.
6. Annually review and update the Audit Committee Charter and submit the Charter to the full Board for approval.
7. The Committee shall review, discuss, and assess its performance as well as the Committee role and responsibilities, seeking input from senior management, the full Board, and others. Changes in role and/or responsibilities, if any, shall be recommended to the full Board for approval.
8. Maintain minutes or other records of meetings and activities of the Committee. The minutes of the Committee shall be approved by the Committee at its next meeting; available for review by the entire board; and filed as permanent records with the Corporate Secretary.

B. Monitoring of Internal Controls

The Committee is responsible for obtaining and understanding OMNI's key financial reporting risk areas and internal control structure. The Committee monitors the internal control process by reviewing information identified by Management upon its review of the Business Conduct Questionnaire and Annual Certification reporting made by each OMNI employee, discussions with the chief financial and accounting officers and such other persons as the Committee deems appropriate, and discussions with and reports issued by outside auditors.

C. Compliance with Laws, Regulations, and Ethics

The Committee shall review reports and other information to gain reasonable assurance that OMNI is in compliance with pertinent laws and regulations, is conducting its affairs ethically, and is maintaining effective controls against conflict of interest and fraud.

A-3

Committee procedures shall include:

1. Review significant cases of conflict of interest, misconduct, or fraud and the resolution of such cases.
2. Review OMNI's policies and processes for compliance with the Foreign Corrupt Practices Act.
3. Review compliance reports received from regulators and consider legal and regulatory matters that may have a material impact on the financial statements.
4. Review outside auditors' reports that relate to the monitoring of compliance with OMNI's policies on business ethics.
5. Review policies and procedures covering officers' expense accounts and perquisites, including their use of corporate assets, and consider the results of any review of these areas by internal or outside auditors.
6. Review the disclosure included in OMNI's periodic reports concerning whether at least one member of the Committee is an Audit Committee financial expert (as defined in Part III below) and, if no member of the Committee is an Audit Committee financial expert, why no such expert has been appointed to the Committee.

II. OVERSIGHT OF OUTSIDE AUDITOR FUNCTIONS

The Committee shall schedule meetings as necessary to receive and discuss reports from staff, other committees, and consultants. Particular emphasis will be given by the Committee to significant control deficiencies, and actions taken by management to correct them. The Committee may request through the Chief Financial Officer that the outside auditors perform special studies, investigations, or other services in matters of interest or concern to the Committee.

The Committee's oversight of outside audit coverage is covered under section I.A. above.
