Report of Independent Registered Public Accounting Firm

The Shareholders

Tesseract Corporation

We have audited the accompanying balance sheet of Tesseract Corporation (the Company) as of June 30, 2005, and the statements of income, shareholder's deficit, and cash flows for the years ended June 30, 2005 and 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tesseract Corporation as of June 30, 2005, and the results of its operations and its cash flows for the years ended June 30, 2005 and 2004 in conformity with accounting principles generally accepted in the United States.

Tesseract Corporation

Notes to Financial Statements

June 30, 2005

1. Organization and Nature of Business

In January of 1999, Platinum Equity, LLC (Platinum), purchased Tesseract Corporation (Tesseract or Company) from Ceridian Corporation and Tesseract became a wholly owned subsidiary of Platinum. On October 26, 2005, the Company was acquired by WARP Technology Holdings, Inc. operating under the name Halo Technology Holdings, a publicly traded company. (See note 7). On December 31, 2004, Westgarde Holdings, Inc. (Westgarde), owned by Platinum, merged with Tesseract. Westgarde 's issued and outstanding shares of common stock were retired and cancelled, Westgarde ceased to exist and Tesseract was the surviving entity. Due to the common ownership of the companies, Tesseract 's financial statement give effect to the merger as of July 1, 2003.

Tesseract, headquartered in San Francisco, is a total HR solutions provider offering an integrated Web-enabled HRMS suite. Tesseract 's Web-based solution suite allows HR users, employees and external service providers to communicate securely and electronically in real time. The integrated nature of the system allows for easy access to data and a higher level of accuracy for internal reporting, assessment and external data interface. Tesseract 's customer base features Fortune 100 corporations operating in a diverse range of industries, including financial services, transportation, utilities, insurance, manufacturing, petroleum, pharmaceuticals and retail.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

Cash

The Company typically maintains cash at commercial banks. At times, bank account balances exceed FDIC insurance limits. Generally, the FDIC insures depositor funds up to \$100,000.

Concentration of Credit Risk and Certain Other Risks

Financial instruments that subject the Company to concentrations of credit risk include accounts receivable. The Company sells its products and services primarily to end-users in the United States and limited in Canada. Credit is extended based on an ongoing evaluation of the customer's financial condition and, generally, collateral is not required. The Company maintains allowances for potential credit losses based on management's evaluation of the customer's financial condition, past collection history, and age of the accounts receivable balances. Historically, losses have been within the range of management's expectations.

Fair Value of Financial Instruments

At June 30, 2005, the respective carrying values of the Company's financial instruments, including accounts receivable, accounts payable, accrued liabilities, loans payable and notes payable approximated their fair values.

Comprehensive Income

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 8-K/A

Comprehensive income is comprised of net income or loss and unrelated gain or loss on marketable securities for the year ended June 30, 2004. For the year ended June 30, 2005, comprehensive income consisted of net income only. Comprehensive income for the year ended June 30, 2004 is as follows:

Net income	\$ 1,211,697
Unrealized holding gain during the year	38,423
Reclassification adjustment for realized loss	14,830
	<hr/>
Comprehensive income	\$ 1,264,950
	<hr/>

2. Summary of Significant Accounting Policies (continued)

Marketable Securities

Marketable securities are stated at fair value as determined by quoted market price. The Company has classified its securities as investments available for sale pursuant to Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities. The related unrealized holding gains and losses are excluded from operations and recorded in Accumulated Other Comprehensive Loss on the Statement of Shareholders Equity. Realized gains and losses and declines in value judged to be other-than-temporary on marketable securities are included in other expense. In September 2003, the Company sold all of its Marketable Securities and recognized a loss of \$14,830 for the year ended June 30, 2004.

Property and Equipment

Property and equipment recorded as part of the acquisition by Platinum was recorded at fair value. Property and equipment acquired subsequent to the date of the acquisition is recorded at cost. Significant renewals and betterments to property and equipment are capitalized and maintenance and repairs that do not improve or extend the lives of the assets are expensed as incurred. When assets are sold, replaced, or otherwise retired, the cost and related accumulated depreciation or amortization is eliminated from the accounts in the year of disposal and the related gains and losses are included in income. Depreciation or amortization is computed on the straight-line method over one to three years, the estimated useful lives of the assets.

Intangible Assets

Amortization of intangible assets is computed using the straight-line method over seven years, the useful lives of the assets.

Earnings Per Share

Earnings per share has been calculated by dividing net income by the weighted-average shares outstanding.

Tesseract Corporation

2. Summary of Significant Accounting Policies (continued)

Revenue Recognition

Revenues are derived from the licensing of software, maintenance contracts, training, and other consulting services.

The Company recognizes revenue in accordance with the American Institute of Certified Public Accountants Statement of Position (SOP) 97-2, *Software Revenue Recognition*, as amended. In arrangements that include rights to multiple software products and/or services, the Company allocates and defers revenue for the undelivered items, based on vendor-specific objective evidence of fair value, and recognizes the difference between the total arrangement fee and the amount deferred for the undelivered items as revenue. In arrangements in which the Company does not have vendor-specific objective evidence of fair value of maintenance, and maintenance is the only undelivered item, the Company recognizes the total arrangement fee ratably over the contractual maintenance term.

Software license revenues are recognized upon receipt of a purchase order and delivery of software, provided that the license fee is fixed or determinable; no significant production, modification, or customization of the software is required; and collection is considered probable by management.

Service revenue for maintenance contracts is deferred and recognized ratably over the term of the agreement. Revenue from training and other consulting services is recognized as the related services are performed.

At June 30, 2005, the Company recorded deferred revenue of \$4,750,815, primarily for customer upfront payments on maintenance contracts and arrangements for which the Company is recognizing the total arrangement fee ratably over the contractual maintenance term.

Cost of Revenue

Cost of revenue includes costs related to product and service revenue. Cost of product revenue includes third-party licensing fees. Cost of service revenue includes salaries, benefits, and overhead costs associated with employees providing maintenance and technical support, training and consultant services. Third-party consultant fees are also included in cost of service revenue.

Tesseract Corporation

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Impairment of Long-Lived Assets

The Company evaluates its long-lived assets and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of the asset to the future net undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the future discounted cash flows compared to the carrying amount of the asset.

Income Taxes

The Company is an S corporation and is treated as a disregarded entity for federal income tax purposes and, therefore, is not liable for United States (U.S.) federal income taxes. As an S corporation, the Company's taxable income is included in the income tax returns of the shareholder. However, some states do not recognize the disregarded entity status and, therefore, the Company will continue to be taxed as a C corporation within those states. Additionally, there are certain states in the U.S. that assess a fee against S corporations. Accordingly, for those various states, the Company utilizes the liability method to determine the provision for income taxes.

Income tax expense and benefit relates to state income taxes and income tax refunds. The book and tax basis of the assets and liabilities with the exception of deferred revenue, intangible assets and accrued interest receivable are the same. Since the Company is an S corporation, a deferred tax asset or liability was not recorded.

Shipping and Handling Costs

Costs to ship products from the Company's facilities to customers are recorded as a component of cost of products in the statements of income.

Advertising Expense

The Company expenses the costs of advertising when incurred. Advertising expense was \$43,899 and \$9,141 for the years ended June 30, 2005 and 2004, respectively.

Research and Development and Software Development Costs

Research and development expenses are charged to operations as incurred. Software development costs, which are required to be capitalized pursuant to Statement of Financial Accounting Standards No. 86, *Accounting for the Costs of Computer Software to Be Sold, Leased, or Otherwise Marketed*, have been insignificant. Accordingly, no software development costs have been capitalized. Research and development expense was \$1,803,455 and \$1,671,009 for the years ended June 30, 2005 and 2004, respectively.

Tesseract Corporation

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In December 2004, the FASB issued SFAS No. 123(R), Share-Based Payment, which establishes standards for transactions in which an entity exchanges its equity instruments for goods or services. This standard requires an entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant date fair value of the award. This eliminates the exception to account for such awards using the intrinsic method previously allowable under APB Opinion No. 25. SFAS No. 123 (R) will be effective for the interim period beginning July 1, 2006. The Company believes the adoption will not have an effect on our results of operations.

Tesseract Corporation

Notes to Financial Statements (continued)

3. Property and Equipment

At June 30, 2005, property and equipment consisted of the following:

Computer Equipment	\$ 199,436
Less accumulated depreciation	(193,316)

Notes to Financial Statements (continued)

5. Related Party Transactions

Note Receivable, Management Fees and Expense Reimbursements

The Note Receivable from Platinum was \$3,198,463 for the year ended June 30, 2005. The Promissory Note has a principal amount of \$2,000,000 with interest on unpaid principal amount at an interest rate equal to eight and one-half percent per annum due January 14, 2009. At June 30, 2005, accrued interest was \$1,198,463. Interest income was \$258,018 and \$237,204 for the years ended June 30, 2005 and 2004, respectively.

The Company is party to a management agreement with Platinum that requires Platinum to provide the Company with financial, management and strategic services. The Company incurred management fees of \$2,575,000 and \$2,400,000 to Platinum for the years ended June 30, 2005 and 2004, respectively.

Expenses incurred by Platinum on behalf of the Company were \$2,362 and \$4,501 for the years ended June 30, 2005 and 2004, respectively. Such expense reimbursements are recorded in general and administrative expenses in the accompanying statements of operations. At June 30, 2005, the Company had \$156,041 payable to Platinum for management fees and expense reimbursements.

Transactions with Affiliates

The Company enters into certain transactions with companies that are owned directly or indirectly by Platinum. Sales to affiliates were \$12,000 during the year ended June 30, 2005. Purchases from affiliates were \$1,673 and \$14,523 during the years ended June 30, 2005 and 2004, respectively, and were included in selling, general, and administrative expenses in the statements of operations.

6. Notes and Loans Payable

The Company has a loan payable to a bank in the amount of \$82,174 that bears interest at the bank's prime lending rate (6.25% at June 30, 2005). The loan was due July 2005 and was paid in full.

The Company has an unsecured note payable to a lender in the amount of \$72,442 that bears interest at 8.0% annually. The loan was due July 2005 and was paid in full.

F-15

Tesseract Corporation
Notes to Financial Statements (continued)**7. Commitments****Leases**

The Company has operating leases for certain office facilities. Rental expense for the years ended June 30, 2005 and 2004 was approximately \$471,000 and \$392,000, respectively. Future minimum lease payments required under operating leases that have initial or remaining noncancelable lease terms in excess of one year as of June 30, 2005, are as follows:

2006	\$ 471,345
2007	392,790
	<hr/>
Total minimum lease payments	\$ 864,135
	<hr/>

Rental income in connection with a sublease was approximately \$79,000 for the year ended June 30, 2004.

8. Employee Benefits

The Company has a 401(k) plan which includes an employer match of 50% of the first 6% of a participant's eligible contributions. The Company made matching contributions of \$78,149 and \$96,498 for the years ended June 30, 2005 and 2004, respectively.

9. Subsequent Event

On October 26, 2005, WARP Technology Holdings, Inc. operating under the name Halo Technology Holdings (Halo) completed the transactions contemplated by that certain Merger Agreement (the Merger Agreement) dated as of September 12, 2005 with Tac/Halo, Inc., a wholly owned subsidiary of Halo (the Merger Sub), Tesseract and Platinum Equity, LLC (Seller). Under the terms of the Merger Agreement, Tesseract shall be merged with and into the Merger Sub (the Merger) and shall survive as a wholly-owned subsidiary of Halo. The aggregate consideration shall consist of (a) \$4,500,000 in cash payable at the closing of the Merger, (b) 7,045,454 shares of Series D Preferred Stock as calculated by dividing \$7,750,000 by \$1.10, (c) a Promissory Note in the original principal amount of \$1,750,000, delivered at closing and payable no later than March 31, 2006, and (d) a Working Capital Adjustment of \$1,000,000 to be paid no later than November 30, 2005 (which have not been paid). If the Promissory Note is paid on or before March 31, 2006, Platinum will return for cancellation, without additional consideration from the Company, 909,091 shares of Series D Preferred Stock to Halo.

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 8-K/A

In addition, the amount due from Platinum at the closing was forgiven by the Company and accordingly, will not be collected by the Company.

We have audited the accompanying combined balance sheet of Process Software, LLC and Affiliates (the Company) as of June 30, 2005, and the combined statements of operations, member's and shareholder's equity, and cash flows for the years ended June 30, 2005 and 2004. These combined financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of Process Software, LLC and Affiliates as of June 30, 2005, and the combined results of their operations and their cash flows for the years ended June 30, 2005 and 2004 in conformity with accounting principles generally accepted in the United States.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations of Credit Risk and Major Customers

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of accounts receivable.

The credit risk with respect to accounts receivable is limited due to the creditworthiness of the Company's customers, and the Company's credit and collection policies. The Company performs ongoing credit evaluations of its customers, generally does not require collateral and maintains allowances for potential credit losses which, when realized, have been within the range of management's expectations. No one customer accounted for a significant percentage of the Company's revenue during the years ended June 30, 2004 or 2005. Additionally, no one customer accounted for a significant percentage of the Company's accounts receivable at June 30, 2005.

Cash and Cash Equivalents

The Company invests its excess cash primarily in money market mutual funds. Accordingly, these investments are subject to minimal credit and market risk. For financial reporting purposes, the Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Income Taxes

Process and ProfitKey are single member limited liability companies that are treated as a disregarded entity for federal income tax purposes and, therefore, are not liable for United States (U.S.) federal income taxes. As a limited liability company treated as a disregarded entity, the Process and ProfitKey's taxable income is included in the income tax returns of the member. However, some states do not recognize the disregarded entity status and, therefore, the Company will continue to be taxed as a C corporation in those states. Additionally, there are certain states in the U.S. that assess a fee against limited liability companies. Accordingly, for those various states, the Company utilizes the liability method to

determine the provision for income taxes.

2. Summary of Significant Accounting Policies (continued)

David and Foresight are entities that are an S corporation and are treated as a disregarded entity for federal income tax purposes and, therefore, are not liable for United States (U.S.) federal income taxes. As an S Corporation they are treated as a disregarded entity, the David and Foresight s taxable income is included in the income tax returns of the shareholder. However, some states do not recognize the disregarded entity status and, therefore, the Company will continue to be taxed as a C corporation in those states. Additionally, there are certain states in the U.S. that assess a fee against S corporations. Accordingly, for those various states, the Company utilizes the liability method to determine the provision for income taxes.

Income tax expense relates to state income taxes. The book and tax basis of the assets and liabilities with the exception of deferred revenue, intangible assets and goodwill are the same. Since the Company comprises of entities that are limited liability companies and S corporations, a deferred tax asset or liability was not recorded.

Property and Equipment

Property and equipment recorded are cost. Property and equipment acquired subsequent to the date of acquisition is stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range from three to seven years. Leasehold improvements are amortized over the shorter of the estimated life of the asset or lease term.

Engineering and Development and Software Development Costs

Engineering and development expenses are charged to operations as incurred. Software development costs incurred subsequent to the establishment of technological feasibility are capitalized. Based on the Company s product development process, technological feasibility is established upon completion of a working model. Costs incurred by the Company between completion of the working model and the point at which the product is ready for general release have been insignificant. Accordingly no software development costs have been capitalized.

Notes to Combined Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Goodwill and Intangible Assets

Intangible assets are primarily comprised of customer relationships, and developed technology. Goodwill represents acquisition costs in excess of the net assets of businesses acquired. In accordance with SFAS 142, *Goodwill and Other Intangible Assets* goodwill is no longer amortized; instead goodwill is tested for impairment on an annual basis. We assess the impairment of identifiable intangibles and goodwill whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Factors we consider to be important which could trigger an impairment review include the following:

Significant underperformance relative to expected historical or projected future operating results;

Significant changes in the manner of use of the acquired assets or the strategy for the overall business; and

Significant negative industry or economic trends.

When we determine that the carrying value of intangibles and other long-lived assets may not be recoverable based upon the existence of one or more of the above indicators of impairment and the carrying value of the asset cannot be recovered from projected undiscounted cash flows, we record an impairment charge. We measure any impairment based on a projected discounted cash flow method using a discount rate determined by management to be commensurate with the risk inherent in the current business model. Significant management judgment is required in determining whether an indicator of impairment exists and in projecting cash flows.

2. Summary of Significant Accounting Policies (continued)

Revenue Recognition

Revenues are derived from the licensing of software, annual maintenance contracts software, training and other support services.

Software license revenues are recognized upon receipt of a purchase order and delivery of software, provided that the license fee is fixed or determinable; no significant production, modification, or customization of the software is required; and collection is considered probable by management. For licensing of the Company's software through its indirect sales channel, revenue is recognized when the distributor sells the software to its end-users, including value-added resellers. For licensing of the Company's software to independent software vendors, revenue is recognized upon shipment to the independent software vendors. For licensing of the Company's software through its indirect Sales channel revenue is recognized when the distributor sells the software to its end-user, including value-added resellers. For licensing of the Company's software to independent software vendors, revenue is recognized upon shipment to the independent software vendors.

The Company recognizes revenue in accordance with the American Institute of Certified Public Accountants Statement of Position (SOP) 97-2, *Software Revenue Recognition*, as amended. In arrangements that include rights to multiple software products and/or services, the Company allocates and defers revenue for the undelivered items, based on vendor-specific objective evidence of fair value, and recognizes the difference between the total arrangement fee and the amount deferred for the undelivered items as revenue. In arrangements in which the Company does not have vendor-specific objective evidence of fair value of maintenance, and maintenance is the only undelivered item, the Company recognizes the total arrangement fee ratably over the contractual maintenance term.

Service revenue for annual maintenance contracts is deferred and recognized ratably over the term of the agreement. Revenue from training and other services is recognized as the related services are performed.

Deferred Revenue

At June 30, 2005, the Company recorded deferred revenue of \$5,709,196 primarily for customer upfront payments on maintenance contractual arrangements for which the Company is recognizing the total arrangement fee ratably over the contractual maintenance term.

Process Software, LLC and Affiliates
Notes to Combined Financial Statements (continued)**2. Summary of Significant Accounting Policies (continued)****Cost of Revenue**

Cost of revenue includes costs related to product and service revenue. Cost of product revenue includes material, packaging, shipping, and other production costs. Cost of service revenue includes salaries, benefits, and overhead costs associated with employees providing maintenance and technical support, training, and consulting services. Third-party consultant fees are also included in cost of service revenue.

Impairment of Long-Lived Assets

The Company evaluates its long-lived assets and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of the asset to the future net undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the future discounted cash flows compared to the carrying amount of the asset.

Comprehensive Income

For the year ended June 30, 2004, comprehensive loss consist of following:

Net loss	\$ (1,075,355)
Unrealized holding gain arising during the year	41,039
Reclassification adjustment for realized loss	68,947
	<hr/>
Comprehensive loss	\$ (965,369)
	<hr/>

For the year ended June 30, 2005, comprehensive income consisted of net income only.

Marketable Securities

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 8-K/A

Marketable securities are stated at fair value as determined by quoted stock price. The Company has classified its securities as investments available for sale pursuant to Statement of Financial Accounting Standards No.115 Accounting for Certain Investments in Debt and Equity Securities . The related unrealized holding gains or losses are excluded from operations and recorded in Accumulated Other Comprehensive Loss on the Combined Statement of Member s and Shareholder s Equity. Realized gains and losses and declines in value judged to be other than temporary on marketable securities are included in other expense. In May 2004, the Company sold all of its securities for proceeds of approximately \$451,000 and recognized a loss of approximately \$69,000 for the year ended June 30, 2004.

2. Summary of Significant Accounting Policies (continued)

Fair Value of Financial Instruments

At June 30, 2005, the respective carrying values of the Company's financial instruments, including receivables, accounts payable, and accrued liabilities, approximated their fair values.

Shipping and Handling Costs

Costs to ship products from the Company's warehouse facilities to customers are recorded as a component of cost of products in the combined statement of operations.

Advertising Expense

The Company expenses the costs of advertising when incurred. Advertising expense were \$20,000 and \$9,000 for the years ended June 30, 2005 and 2004, respectively.

Recent Accounting Pronouncements

In December 2004, the FASB issued SFAS No. 123(R), *Share-Based Payment*, which establishes standards for transactions in which an entity exchanges its equity instruments for goods or services. This standard requires an entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant date fair value of the award. This eliminates the exception to account for such awards using the intrinsic method previously allowable under APB Opinion No. 25. SFAS No. 123 (R) will be effective for the period beginning July 1, 2006. The adoption of SFAS No. 123 (R) will not have an effect on our results of operations.

UNAUDITED PRO FORMA

CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

On October 26, 2005, Warp Technology Holdings, Inc. operating under the name Halo Technology Holdings (the Company or WARP), completed the transactions contemplated by that certain Merger Agreement (the Merger Agreement) dated as of September 12, 2005 by and among the Company and TAC/Halo, Inc., a wholly owned subsidiary of the Company (the Merger Sub), Tesseract Corporation (Tesseract) and Platinum Equity, LLC (Platinum), as amended by Amendment No. 1 to Merger Agreement (the Amendment) dated October 26, 2005 by and among such parties and TAC/Halo, LLC, a Delaware limited liability company and wholly owned subsidiary of the Company (New Merger Sub). Pursuant to the Merger Agreement, Tesseract was merged with and into the New Merger Sub (the Merger) which survived as a wholly-owned subsidiary of the Company. The Amendment provided that the Merger Consideration shall consist of (i) \$4,500,000 in cash payable at Closing, (ii) 7,045,454 shares of Series D Preferred Stock of the Company, and (iii) \$1,750,000 payable no later than March 31, 2006 and evidenced by a Promissory Note. The Amendment provided for a Working Capital Adjustment of \$1,000,000 to be paid no later than November 30, 2005. If not paid by such date, at the option of the Seller, the Working Capital Adjustment may be converted into up to 1,818,181 shares of Series D Preferred Stock. Additionally, if the Working Capital Adjustment is not paid on or before November 30, 2005, the Company must pay Platinum a monthly transaction advisory fee of \$50,000 per month, commencing December 1, 2005. Under the Amendment, Platinum agrees to retain 909,091 shares of Series D Preferred Stock delivered as part of the Merger Consideration. If the Promissory Note is paid on or before March 31, 2006, Platinum will return for cancellation, without additional consideration from the Company, 909,091 shares of Series D Preferred Stock to the Company. The Amendment further provides that the rights, preferences and privileges of the Series D Preferred Stock will adjust to equal the rights, preferences and privileges of the next round of financing if such financing is a Qualified Equity Offering (as defined in the Amendment). If the next round is not a Qualified Equity Offering, the rights, preferences and privileges of the Series D Preferred Stock will adjust to equal the rights, preferences and privileges of the next round of financing at the option of the holder. The descriptions of the Merger Agreement and Amendment No. 1 to the Merger Agreement are qualified in their entirety by reference to the Merger Agreement, which was previously filed as Exhibit 10.87 of the Current Report on Form 8-K filed by the Company with the Securities and Exchange Commission on September 16, 2005, and to Amendment No. 1 to the Merger Agreement filed as Exhibit 10.94 of the Current Report on Form 8-K filed on November 1, 2005

Also on October 26, 2005, the Company completed the transactions contemplated by that certain Purchase Agreement (the Purchase Agreement) dated as of September 12, 2005 by and among Warp Technology Holdings, Inc. operating under the name Halo Technology Holdings (Company) and Platinum Equity, LLC (Platinum), EnergyTRACS Acquisition Corp. (the Foresight Seller) and Milgo Holdings, LLC (the Process Seller) and together with Platinum and the Foresight Seller, the Sellers) for the acquisition of 100% of the Equity Interests in David Corporation, ProfitKey International, LLC, Foresight Software, Inc. and Process Software, LLC (the Acquisition). Pursuant to the Purchase Agreement, Platinum sold, assigned and delivered 100% of the common stock, no par value per share of the David Corporation, a California Corporation and a 100% membership interest in ProfitKey International LLC, a Delaware limited liability company, the Foresight Seller sold, assigned and delivered 100% of the common stock, par value \$0.01 per share of the Foresight Software, Inc., a Delaware corporation and the Process Seller sold, assigned and delivered a 100% membership interest in Process Software, LLC, a Delaware limited liability company to the Company in exchange for the payment of an aggregate of twelve million dollars (\$12,000,000) in cash. These four companies are collectively referred to as Process and Affiliates. The Purchase Agreement has previously been filed as Exhibit 10.86 of the Current Report on Form 8-K filed by the Company with the Securities and Exchange Commission on September 16, 2005 and is incorporated herein by reference.

This unaudited pro forma information should be read in conjunction with the consolidated financial statements of the Company included in our Annual Report filed on Form 10-KSB for the year ended June 30, 2005 and our Quarterly Report filed on Form 10-QSB for the three months ended September 30, 2005 filed on November 14, 2005. In addition, this pro forma information should be read in conjunction with the financial statements of Tesseract for the years ended June 30, 2005 and 2004 and with the financial

F-36

statements of Process and Affiliates for the years ended June 30, 2005 and 2004, both of which are included within this Amendment to Current Report on Form 8-K/A.

The following unaudited pro forma statement of operations for the year ended June 30, 2005 has been prepared in accordance with accounting principles generally accepted in the United States to give effect to the October 26, 2005 acquisition of Tesseract, and Process and Affiliates as if the transaction occurred on July 1, 2004. The pro forma statement of operations combines the results of operations of the Company for the year ended June 30, 2005 with the results of operations of Tesseract, and Process and Affiliates for the year ended June 30, 2005. Pro forma adjustments include decrease in intangible amortization, decrease in deferred revenue amortization, elimination of management fees paid to Platinum, interest on debt relating to this acquisition, amortization of financing costs, and accretion of the fair value of the warrants issued as part of this financing. Platinum was the sole owner of Tesseract, and Process and Affiliates at June 30, 2005.

The following unaudited pro forma statement of operations for the three months ended September 30, 2005 has been prepared in accordance with accounting principles generally accepted in the United States to give effect to the October 26, 2005 acquisition of Tesseract, and Process and Affiliates as if the transaction occurred on July 1, 2005. Such pro forma statement of operations combines the results of operations of the Company for the three months ended September 30, 2005 with the results of operations of Tesseract, and Process and Affiliates for the three months ended September 30, 2005. Pro forma adjustments include decrease in intangible amortization, decrease in deferred revenue amortization, elimination of management fees paid to Platinum, interest on debt relating to this acquisition, amortization of financing costs, and accretion of the fair value of the warrants issued as part of this financing.

The following unaudited pro forma balance sheet has been prepared in accordance with accounting principles generally accepted in the United States; gives effect to the October 26, 2005 acquisition of Tesseract, and Process and Affiliates and the financing raised in connection with the acquisition as if the acquisition and financing occurred on September 30, 2005; and combines the consolidated balance sheet of the Company as of September 30, 2005, which is included in the Company's Quarterly Report filed on Form 10-QSB for the three months ended September 30, 2005 with the balance sheets of Tesseract, and Process and Affiliates as of September 30, 2005.

Under the purchase method of accounting, the estimated cost of approximately \$14 million to acquire Tesseract, plus transaction costs, will be allocated to Tesseract's underlying net assets at their respective fair values. Similarly, the estimated cost of approximately \$12 million to acquire Process and Affiliates, plus transaction costs, will be allocated to their underlying net assets at their respective fair values. As more fully described in the notes to the pro forma consolidated condensed financial statements, a preliminary allocation of the excess of the purchase price over the value of the net assets acquired has been allocated to goodwill. Intangible assets consisting of trade names, customer relationships, and developed technologies, are expected to be amortized over approximately seven years. At this time, the work needed to provide the basis for estimating these fair values, and amortization periods, has not been completed. As a result, the final allocation of the purchase price, intangible assets acquired, and their estimated useful lives, as well as the amount recorded as goodwill could differ materially. Accordingly, a change in the amortization period would impact the amount of annual amortization expense.

These unaudited pro forma financial statements are prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the acquisition of Tesseract, and Process and Affiliates been consummated as of the dates specified above.

NOTES TO THE PRO FORMA CONSOLIDATED CONDENSED BALANCE SHEET (UNAUDITED)

- (A) Reflects the historical financial position of the Company at September 30, 2005.
- (B) Reflects the historical financial position of Tesseract at September 30, 2005.
- (C) Reflects the historical financial position of Process and Affiliates at September 30, 2005
- (D) The Company used a credit facility previously secured with Fortress Credit Corp. (Lender) in order to complete the acquisition of Tesseract, and Process and Affiliates. The Lender made a loan of \$15,000,000 under the credit facility. The cash received by the company is net of financing costs of \$295,094.
- (E) The company issued 1,265,425 shares of warrants in connection with the \$15,000,000 loan. The fair market value of these warrants, \$1,892,415 as estimated by using the Black-Scholes method, adjusts the original amount of the loan down and increases the equity.
- (F) The Company has paid \$295,094 for financing costs in connection with the financing raised, as it is included in other assets as deferred financing costs.
- (G) The following represents the acquisition of Tesseract and the preliminary allocation of the purchase price: The final allocation of the purchase price will be determined based on a comprehensive final evaluation of the fair value of the tangible and intangible assets acquired and liabilities assumed.

Calculation of Purchase Price for Tesseract:
