**CUSIP No 38068N108**

Page 12 of 14 Pages

The Filing Parties acquired the shares of the Company's Common Stock owned by them for investment purposes. The Filing Parties may in the future take such action with respect to their investment in the Company's Common Stock as they deem appropriate including, without limitation, purchasing additional shares of the Company's Common Stock or selling some or all of the shares of the Company's Common Stock owned by them.

In April 2006 the Filing Parties obtained a third-party appraisal (valuation) report assessing the market value of the Company's Las Brisas mining property. The appraisal report included analyses of the economics of various stand-alone Las Brisas mine scenarios and analyses of a potential Las Brisas-Las Cristinas combined pit mine scenario. The appraisal report was conducted by Mr. Trevor Ellis of Ellis International Services, Inc. Mr. Ellis is a Certified Minerals Appraiser with over 30 years experience in the mining industry. He is a former president of the American Institute of Minerals Appraisers and is the Chairman of the Extractive Industries Task Force for the International Valuation Standards Committee (IVSC), London. He represents the IVSC on Minerals and Petroleum matters at the United Nations (UN). He led the development of the Valuation Standards for Minerals and Petroleum, first published in the 2005 edition of the International Valuation Standards book published by the IVSC.

Based on the Company's stock price (US\$7.72) on April 13, 2006 (the date on which the Filing Parties filed an amendment to their Schedule 13D disclosing the appraisal report), and based on a total of 42,152,151 fully diluted share and share equivalents, the stock market was assigning the Company an Equity capitalization of US\$325,414,606 on a fully diluted basis at that date. Further, at 30 March 2006, the Company had Cash and cash equivalents and Marketable securities of approximately US\$22,000,000. In addition, on fully diluted basis, the Company's options and warrants would provide the Company with an estimated additional US\$19,230,761 upon exercise. Therefore, assuming that the stock market was assigning the Company an Entity value equal to the value of the Company's Las Brisas concessions and its sub-lease on Choco 5\*, then the stock market was valuing the Company's interests in those properties at a total of US\$284,183,845 on April 13, 2006. Based in part on the appraisal report, the Filing Parties believe that the underlying value of the Company's interests in those properties is substantially greater than this amount.
