**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Participants and Administrator of the

Moore Wallace North America, Inc. Savings Plan

We have audited the accompanying statement of net assets available for benefits of the **Moore Wallace North America, Inc. Savings Plan** (the Plan ) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and December 31, 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2005, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. The supplemental schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects when considered in relation to the basic financial statements taken as a whole.

Such provisions include: limitations on contributions, increase in the compensation limits, modification of top-heavy rules, direct rollovers of plan distributions, rollovers from other plans, repeal of multiple use test, catch-up contributions, suspension period following hardship withdrawal of after-tax employee contributions, and distribution upon severance from employment.

**NOTE 2 SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The accounts of the Plan are maintained on the accrual basis of accounting.

**Table of Contents**

**MOORE WALLACE NORTH AMERICA, INC. SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2005**

**NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Investment Valuation and Income Recognition**

Investments of registered securities (mutual funds) are valued at the last sale price or, if no sale price is available, at the closing bid price. Short-term securities maturing within sixty days of their purchase date are valued at amortized cost or original cost plus accrued interest, both of which approximate current value. Investments in RR Donnelley common stock are valued at the closing sales price as reported on New York Stock Exchange. Investments in common collective trust funds are valued at the latest reported sale price on the valuation date. Participant loans are valued at cost, which approximates fair value.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments presented in the Statement of Changes in Net Assets Available for Benefits consists of the realized gains (losses) on the sale of securities and the unrealized gains (losses) in the fair value of investments.

**Plan Distributions**

Benefits payments are recorded upon distribution. The Trustee uses a distribution account to make all benefit payments. Amounts are transferred from the investment funds to this account as directed by the Plan administrator.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefit and changes therein. Actual results could differ from those estimates.

**Risks and Uncertainties**

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Profit Sharing and Retirement Plan and the Wallace Commercial Print 401(k) Retirement Plan) were held in the Wallace Defined Contribution Master Custody Arrangement (the Arrangement).
