Item 1.01 Entry into a Material Definitive Agreement.

On June 28, 2006, at the 2006 Annual Meeting of Shareholders (the "Annual Meeting") of Apogee Enterprises, Inc. (the "Company"), the Company's shareholders approved the Amended and Restated Apogee Enterprises, Inc. 2002 Omnibus Stock Incentive Plan (the "Amended and Restated Plan"). Similar to the prior version of the plan (the "Prior Plan"), the Amended and Restated Plan authorizes the grant of stock options and several other types of stock-based awards. The Amended and Restated Plan adopted by the Company's shareholders, however:

increased the number of common shares available under the Prior Plan by 1,600,000 shares to a total of 3,400,000 common shares;

increased the number of common shares available for grants of incentive stock options under the Prior Plan by 1,280,000 shares to a total of 2,720,000 common shares;

added a provision to the Prior Plan restricting grants of restricted stock, restricted stock units and performance awards to 1,700,000 shares;

amended the share counting provisions of the Prior Plan to provide that shares tendered by a participant or withheld by the Company as full or partial payment to the Company of the purchase or exercise price relating to an award, or in connection with the satisfaction of tax obligations relating to an award, will not be available for future grants under the plan;

amended the share counting provisions of the Prior Plan to provide that if stock appreciation rights are settled in shares upon exercise, the aggregate number of shares subject to the award rather than the number of shares actually issued upon exercise will be counted against the number of shares authorized under the plan;

amended the provisions in the Prior Plan relating to performance awards to add performance metrics and additional requirements in order for such awards to constitute awards of "qualified performance-based compensation" within the meaning of Section 162(m) of the Internal Revenue Code; and

added a provision to the Prior Plan that prohibits repricing of stock appreciation rights without shareholder approval.

No other amendments to the Prior Plan were contained in the Amended and Restated Plan.

This summary of the Amended and Restated Plan is qualified in its entirety by reference to the full text of the Amended and Restated Plan, a copy of which is attached as Exhibit 10.1 and incorporated by reference herein. A more detailed summary of the Amended and Restated Plan can be found in the Company's Proxy Statement for the Annual Meeting filed with the Securities and Exchange Commission on May 18, 2006.

Item 8.01 Other Events.

At the Annual Meeting, the Company's shareholders elected Richard V. Reynolds to serve as a Class III director until the 2007 Annual Meeting of Shareholders or until his successor is elected and qualified. Mr. Reynolds, age 57, has served as senior manager of BearingPoint, Inc., an international management and technology consulting firm headquartered in McLean, VA, since 2005. Mr. Reynolds has also been a principal of VanFleet Group, LLC, an aerospace consulting firm, since 2006. He retired from the U.S. Air Force as a lieutenant general in 2005, having served as vice commander, Air Force Material Command since 2003, where he was responsible for a workforce of 78,000 and a \$47-billion annual budget. During his 34 years with the Air Force, Mr. Reynolds held various leadership positions and managed more than 25 major development and production programs, including development and testing of complex aerospace systems.

Also at the Annual Meeting, the Company's shareholders re-elected Bernard P. Aldrich, Sara L. Hays, Russell Huffer and John T. Manning as Class II directors who will serve until the 2009 Annual Meeting of Shareholders or until their successors are elected and qualified.
