The unaudited pro forma condensed consolidated financial statements of the Company are attached as Exhibit 99.5 to this Current Report on Form 8-K and are incorporated into this Item 8.01 by reference.

The unaudited pro forma condensed consolidated balance sheet combines the historical unaudited consolidated balance sheets of the Company as of March 25, 2006, and for Suros and R2 as of March 31, 2006, prepared in accordance with U.S. GAAP. The unaudited pro forma condensed consolidated statements of operations for the year ended September 24, 2005, combines the historical consolidated financial statements of the Company for the twelve months ended September 24, 2005 and Suros and R2 for the twelve months ended December 31, 2005. The unaudited pro forma condensed consolidated statement of

operations for the six months ended March 25, 2006, combines the historical consolidated statements of operations of the Company for the six months ended March 25, 2006 and Suros and R2 for the six months ended March 31, 2006.

The historical financial data for the Company has been derived from its consolidated financial statements as of the dates and for the periods indicated, which are included in the Company's annual report on Form 10-K for the year ended September 24, 2005, filed with the Commission on December 6, 2005, and the Company's quarterly report on Form 10-Q for the fiscal quarter ended March 25, 2006, filed with the Commission on May 5, 2006. The historical results of operations data of Suros and R2 for the six months ended March 31, 2006 have been calculated by adding the respective unaudited results of operations data of those companies for the three months ended December 31, 2005, not included in this Current Report on Form 8-K, to the respective unaudited results of operations data of those companies for the three months ended March 31, 2006, filed as Exhibits 99.2 and 99.4, respectively, to this Current Report on Form 8-K. Under the purchase method of accounting, the total estimated purchase price is allocated to the net tangible and intangible assets of the acquired entity based on their estimated fair values as of the completion of the transaction. The final determination of the purchase price allocation will be based on the fair values of assets acquired, including the fair values of in-process research and development, other identifiable intangible assets and the fair values of liabilities assumed as of the date that the merger is consummated. The allocation of purchase price is preliminary.

The unaudited pro forma condensed consolidated financial statements are for informational purposes only. They do not purport to indicate the results that would have actually been obtained had the acquisitions been completed on the assumed dates or for the periods presented, or which may be realized in the future. To produce the pro forma financial information, the Company allocated the purchase price using its best estimates of fair value. These estimates are based on the most recently available information. In addition to the valuation of the fair value of net tangible and identifiable intangible assets, the impact of the integration activities, the timing of the completion of each transaction and other changes in either Suros or R2's net tangible and intangible assets that may occur prior to completion of each transaction could cause material differences from the information presented herein. Accordingly, the purchase accounting adjustments reflected in the unaudited pro forma condensed consolidated financial statements are preliminary and subject to change. Further, the unaudited pro forma condensed consolidated financial statements do not include any adjustments for restructuring liabilities that may result from integration activities, as management of the Company, Suros and R2 have not yet determined the nature and extent of these activities. The unaudited pro forma financial information does not reflect any potential operating efficiencies.
