Independent Auditors Report

The Board of Directors

Digital Realty Trust, Inc.:

We have audited the accompanying statement of revenue and certain expenses of 120 East Van Buren Avenue (the Property) for the year ended December 31, 2005. This statement is the responsibility of the Property's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenue and certain expenses was prepared for the purpose of complying with the rules and regulations of the U.S. Securities and Exchange Commission, as described in note 1 to the statement of revenue and certain expenses. It is not intended to be a complete presentation of the Property's revenue and expenses.

In our opinion, the statement of revenue and certain expenses referred to above presents fairly, in all material respects, the revenue and certain expenses, as described in note 1, of 120 East Van Buren Avenue for the year ended December 31, 2005 in conformity with U.S. generally accepted accounting principles.

120 EAST VAN BUREN AVENUE

Notes to Statements of Revenue and Certain Expenses

For the Year Ended December 31, 2005 and the Six Months ended June 30, 2006 (Unaudited)

(1) Basis of Presentation

The accompanying statements of revenue and certain expenses include the revenue and certain expenses of 120 East Van Buren Avenue (the Property), which is located in Phoenix, Arizona. For all periods presented in the accompanying statements of revenue and certain expenses, the Property was owned by Sterling Network Exchange, LLC (SNE). SNE, either directly or through Sterling Network Services, LLC (SNS), an entity with common ownership leases space in the Property to telecommunications companies and internet service providers. The accompanying statements of revenue and certain expenses include the accounts of both SNE and SNS, and all significant intercompany amounts have been eliminated.

Digital Realty Trust, Inc. acquired the Property on July, 25, 2006 for a purchase price of approximately \$175.0 million.

The accompanying statements of revenue and certain expenses has been prepared for the purpose of complying with the rules and regulations of the U.S. Securities and Exchange Commission and, accordingly, is not representative of the actual results of operations for the periods presented. The statements of revenue and certain expenses excludes the following expenses which may not be comparable to the proposed future operations of the Property:

Depreciation and amortization

Income taxes

Interest expense

Other costs not directly related to the proposed future operations of the Property.

Management is not aware of any material factors relating to the Property other than those already described above that would cause the reported financial information not to be necessarily indicative of future operating results.

(2) Summary of Significant Accounting Policies and Practices

(a) Revenue Recognition

Rental revenue is recognized on a straight line basis over the term of the respective leases. The straight line rent adjustment for minimum rents decreased base contractual rental revenue by \$31,628 (unaudited) and increased contractual base rental revenue by \$395,504 for the six months ended June 30, 2006 and for the year ended December 31, 2005, respectively. Additionally, the rental agreements with some of the Property's tenants require fees to be paid by the lessee at inception of the rental period. The agreements refer to these amounts as installation fees related to such things as initial set-up of cages and cabinets for computer equipment and power connection. Although paid up front, these fees are considered to be additional rental revenue earned over the rental period and, accordingly, these fees are recognized as rental revenue on a straight line basis over the life of the rental agreement. Revenues related to installation fees in the accompanying statements of revenue and certain expenses were \$207,583 (unaudited) and \$235,928 for the six months ended June 30, 2006 and for the year ended December 31, 2005, respectively.

(b) Use of Estimates

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenue and certain expenses during the reporting period to prepare the statement of revenue and certain expenses in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

(c) Unaudited Interim Information

The statement of revenue and certain expenses for the six months ended June 30, 2006 is unaudited. In the opinion of management, such statement reflects all adjustments necessary for a fair presentation of the results of this interim period. All such adjustments are of a normal recurring nature.

(3) Minimum Future Lease Rentals

Future minimum rentals to be received under non-cancelable agreements in effect as of December 31, 2005 are as follows:

Year ended December 31:	
2006	\$ 6,180,933
2007	5,466,050
2008	2,787,000
2009	1,735,872
2010	1,561,277
Thereafter	2,427,246
	\$ 20,158,378

(4) Tenant Concentrations

Toyota Motor Credit Corporation and SunGard Availability Services accounted for \$2,154,240 and \$1,343,966 , respectively, of the Property s revenues for the year ended December 31, 2005. No other tenant comprised more than 10% of the Property s revenues in the year ended December 31, 2005.

(4) We purchased 350 East Cermak Road on May 27, 2005 for \$141.6 million of which \$99.2 million was financed from the net proceeds a \$100 million non-recourse loan with the remainder financed by the proceeds from the concurrent common stock and Series B Preferred Stock offering (see pro forma adjustment FF) in July 2005.

(5) The pro forma interest expense adjustment reflects the period from January 1, 2005 to May 27, 2005 when we acquired the property. The loan has an actual interest rate of 1-month LIBOR+2.20%; however we have entered into an interest rate swap agreement which fixes the interest rate at 6.23%. We calculated the proforma interest expense using the rate at 6.23%.
