Item 2.02. Results of Operations and Financial Conditions.
and

Item 7.01 Regulation FD Disclosure.

On February 14, 2007, Penn Virginia GP Holdings, L.P. issued a press release regarding its financial results for the year ended December 31, 2006. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The non-generally accepted accounting principle financial measure of distributable cash is presented in the press release. The amounts included in the calculation of this measure are computed in accordance with generally accepted accounting principles (GAAP), with the exception of cash reserve for working capital as used in our calculations of distributable cash. Cash reserve for working capital is established by our general partner in its sole discretion to provide for the proper conduct of our business or to provide for future distributions. As part of the press release information, we have provided reconciliations of this non-GAAP financial measure to its most comparable financial measure or measures calculated and presented in accordance with GAAP.

We believe that investors can more accurately understand our financial results if they have access to the same financial measures used by management. Distributable cash represents cash distributions received from Penn Virginia Resource Partners, L.P. (PVR), minus our net expenses, minus cash reserve for working capital. Distributable cash is presented because we believe it is a useful adjunct to net income under GAAP. Distributable cash is a significant liquidity metric which is an indicator of PVR s ability to generate cash flows at a level that can sustain or support an increase in quarterly cash distributions paid to its partners. Distributable cash is also the quantitative standard used throughout the investment community with respect to publicly traded partnerships. Distributable cash is not a measure of financial performance under GAAP and should not be considered as an alternative to cash flows from operating, investing or financing activities, as an indicator of cash flows, as a measure of liquidity or as an alternative to net income.

In accordance with General Instruction B.2 of Form 8-K, the above information and the press release are being furnished under Items 2.02 and 7.01 of Form 8-K and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liabilities of that section, nor shall such information and exhibit be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934 except as shall be expressly set forth by specific reference in such a filing.
