PROXY STATEMENT

FOR

ANNUAL MEETING OF SHAREHOLDERS

The enclosed proxy is being solicited by and on behalf of the Board of Directors of Syniverse Holdings, Inc., and will be voted at the Annual Meeting of Shareholders on May 9, 2007. This statement and the accompanying proxy are first being sent or given to shareholders on or about April 9, 2007. Unless the context otherwise requires, all references to we , us or the Company refer to Syniverse Holdings, Inc. and its subsidiaries.

Any shareholder giving a proxy may revoke it at any time before it is voted by voting in person at the Annual Meeting or by delivery of a later-dated proxy.

Solicitation and Revocation of Proxies and Voting

The execution and return of the enclosed proxy will not affect your right to attend the Annual Meeting of Shareholders and to vote in person. Even if you have given a proxy, you have the power to revoke it at any time before it is exercised. You may revoke the proxy prior to its exercise by delivering written notice of revocation to our corporate Secretary, at 8125 Highwoods Palm Way, Tampa, Florida 33647, by executing a later-dated proxy, or by attending the Syniverse Holdings, Inc. Annual Meeting and voting in person. Properly executed proxies in the accompanying form, received in due time and not previously revoked, will be voted at the Annual Meeting or any adjournment thereof as specified therein by the person giving the proxy, but, if no specification is made, the shares represented by proxy will be voted as recommended by the Board of Directors. In addition, if any other matters properly come before the Annual Meeting, the persons named as proxies will vote on such matters in accordance with their own judgment.

Quorum; Abstentions; Broker Non-Votes

The presence, in person or by proxy, of the holders of shares of our outstanding common stock representing a majority of the total combined voting power of all of our outstanding shares of common stock entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business. If a quorum is present, the election of directors will require a plurality of the votes cast by the shareholders entitled to vote thereon, present in person or represented by proxy.

You may, with respect to the election of directors:

vote for the election of all nominees named herein;

withhold authority to vote for all such nominees; or

Edgar Filing: SYNIVERSE HOLDINGS INC - Form DEF 14A

vote for the election of all such nominees other than any nominees with respect to whom the vote is specifically withheld by indicating in the space provided on the proxy.

Abstentions and broker non-votes will be treated as present at the Annual Meeting for the purpose of determining a quorum. A broker non-vote occurs when a record owner holding shares for a beneficial owner does not vote on a particular proposal because the record owner does not have discretionary voting power under the applicable rules of the New York Stock Exchange with respect to such shares, and the record owner has not received instructions from the beneficial owner. Because directors are elected by a plurality of the votes cast, abstentions and broker non-votes will not be counted in determining which nominees received the largest number of votes cast.

Table of Contents

The ratification of the selection of Ernst & Young LLP requires the affirmative vote by holders of shares of our outstanding common stock representing a majority of the total combined voting power of the shares present or represented by proxy at the Annual Meeting and, therefore, abstentions will be counted in tabulating the votes cast and will have the same effect as a vote against the approval of Ernst & Young LLP as our independent registered public accounting firm. Broker non-votes will not be counted in tabulating the votes cast.

As a matter of policy, we maintain proxies and voting tabulations that identify individual shareholders on a confidential basis. We make such documents available only to those who process the proxy cards, tabulate the vote, and serve as inspectors of election and certain of our employees responsible for the Annual Meeting. We do not disclose your vote except as may be necessary to meet legal requirements.

Only the holders of outstanding shares of our common stock of record at the close of business on March 29, 2007, are entitled to receive notice of and to vote at the Annual Meeting. On the record date, we had 68,106,758 shares of our common stock outstanding (net of treasury shares, which, under Delaware law, are not entitled to vote). Each share of common stock is entitled to one vote on each matter to be voted upon at the Annual Meeting.

Voting Procedures

Because Delaware, the state in which we are incorporated, permits electronic submission of proxies through the Internet or by telephone, instead of submitting proxies by mail on the enclosed proxy card or voting instruction card, our shareholders will have the option to submit their proxies or voting instructions electronically through the Internet. Please note that there are separate arrangements for using the Internet depending on whether your shares are registered in our stock records in your name or in the name of the brokerage firm or bank. Shareholders should check their proxy card or the voting instruction card forwarded by their broker, bank or other holder of record to see which options are available.

You can find the results of the voting on the proposals in our Quarterly Report on Form 10-Q for the quarter ending June 30, 2007, which we intend to file with the Securities and Exchange Commission by August 9, 2007.

Cost of Proxy Solicitation

We are soliciting your proxy on behalf of our Board of Directors, and we will bear all of the related costs. We will reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of common stock held in their names. The solicitation of proxies will be made primarily by mail, although proxies may also be solicited personally by telephone or other means of communication by our directors, officers and employees but we will not pay them any additional compensation for doing so. Additionally, arrangements will be made with brokerage houses or other custodians, nominees and fiduciaries to send proxies and proxy material to their principals.

Householding

The Securities and Exchange Commission (SEC) rules permit us, with your permission, to send a single set of proxy statements and annual reports to any household at which two or more shareholders reside if we believe that they are members of the same family. Each shareholder will continue to receive a separate proxy card. This procedure, known as householding, reduces the volume of duplicate information you receive and helps to reduce our expenses. In order to take advantage of this opportunity, we have delivered only one proxy statement and annual report to multiple shareholders who share an address, unless we received contrary instructions from the impacted shareholders prior to the mailing date. We will deliver a separate copy of the proxy statement or annual report, as requested, to any shareholder at a shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of a proxy statement or annual report, either now or in the future, you can request a separate copy of the proxy statement or annual report by calling us at (813) 637-5000 or by writing to us at any time at the following address: Syniverse Holdings, Inc., 8125 Highwoods Palm Way, Tampa, Florida 33647, attn: Secretary.

Except as described herein, there are no arrangements or understandings between any member of the management committee or executive officer and any other person pursuant to which that person was elected or appointed to his position. There are no family relationships between our executive officers or directors.

Our Board of Directors has the power to appoint officers. Each officer will hold office for the term determined by our Board of Directors and until such person's successor is chosen and qualified or until such person's death, resignation or removal.

Board Meetings and Committees

We are a controlled company under the rules of the New York Stock Exchange (NYSE), and qualify for, and intend to rely on, the controlled company exception to the Board of Directors and committee composition requirements under the rules of the NYSE. Pursuant to this exception, we are exempt from the rule that requires that our Board of Directors be comprised of a majority of independent directors ; our Compensation Committee be comprised solely of independent directors ; and our Nominating and Corporate Governance Committee be comprised solely of independent directors as defined under the rules of the NYSE. The controlled company exception does not modify the independence requirements for the Audit Committee, and we are in compliance with the requirements of the Sarbanes-Oxley Act and the NYSE rules, which require that our Audit Committee be composed of three independent directors.

Our Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The Board of Directors has adopted charters for the Audit, Compensation, and Nominating and Corporate Governance Committees. Copies of the Corporate Governance Guidelines and each of these committee charters are available on the Company's website, www.syniverse.com. Shareholders can obtain copies of these documents upon written request to Corporate Secretary, Syniverse Holdings, Inc. 8125 Highwoods Palm Way Tampa, FL 33647-1765.

Attendance. There were 4 regularly scheduled meetings of the Board held during fiscal 2006. The Company requires each Director to make a diligent effort to attend all Board and Committee meetings as well as the Annual Meeting of the Shareholders. No Director attended fewer than 75% of the aggregate of the total number of meetings of the Board and the committees of which he was a member held during fiscal 2006.

Executive Sessions of Non-Management Directors. The non-management directors meet regularly without management present in conjunction with the Board meetings. After the executive session, a designated director will update the CEO on the key items discussed. Non-management directors who are not independent under the NYSE rules participate in these executive sessions.

Audit Committee. Messrs. James B. Lipham (Chairman), Odie C. Donald and Robert J. Marino currently serve as members of the Audit Committee. The primary functions of the Audit Committee are to assist the Board in fulfilling its independent and objective oversight responsibilities of financial reporting and internal financial and accounting controls of the Company and to monitor the qualifications, independence and performance of the Company's independent accountants. Additionally, pursuant to the Audit Committee Charter, the Audit Committee has direct responsibility for the appointment, compensation, retention, and oversight of the work of the Company's independent auditors. The Board has determined that Mr. James B. Lipham is an audit committee financial expert as defined by Item 407 of Regulation S-K promulgated by the Securities and Exchange Commission (SEC). The Board of Directors has determined that all current members of the Audit Committee, as well as the proposed members of the Audit Committee, are independent and financially literate as those terms are used under the applicable rules of the NYSE. During the fiscal year ended December 31, 2006, the Audit Committee held 13 meetings.

Compensation Committee. Messrs. Robert J. Marino (Chairman), Jack Pearlstein and Collin E. Roche are members of the Compensation Committee. The Board of Directors has determined that all of the members of the Compensation Committee, except Mr. Roche, are independent, as that term is used under applicable rules of the NYSE. The Board has adopted a written charter for the Compensation

Committee. The primary functions of the Compensation Committee are to review and make decisions regarding compensation of the Company's executive officers and make recommendations regarding compensation of non-employee members of the Company's Board and to review and make recommendations or decisions regarding incentive compensation and equity-based compensation plans. During the fiscal year ended December 31, 2006, the Compensation Committee held 8 meetings.

To assist the Compensation Committee with its responsibilities, it retains the services of outside consultants. During 2006, the Compensation Committee separately engaged Mercer Human Resource Consulting, Inc. to advise the Compensation Committee on executive compensation matters, including compensation of the Chief Executive Officer, analysis of the competitiveness of executive compensation programs and guidance on the design and operation of these programs. Consultants engaged by the Compensation Committee report to and take direction from the Committee Chair. In some cases, with the Committee Chair's approval, the consultant works with management to obtain the information necessary to carry out its assignments received from the Compensation Committee. Consultants to the Compensation Committee also provide consulting services to management on compensation-related matters other than their assignments for the Compensation Committee.

Nominating and Corporate Governance Committee. Messrs. Odie C. Donald (Chairman), David A. Donnini and Robert J. Marino are members of the Nominating and Corporate Governance Committee. The primary functions of the Committee are to identify and to recommend to the Board the selection of Director nominees for each Annual Meeting of Shareholders or for any vacancies on the Board and to make recommendations to the Board regarding the adoption or amendment of corporate governance principles applicable to the Company. The Board of Directors has determined that all current members of the Nominating and Corporate Governance Committee, except Mr. Donnini, are independent, as that term is used under applicable rules of the NYSE. During the fiscal year ended December 31, 2006, the Nominating and Corporate Governance Committee held 3 meetings.

Corporate Governance

The Board has adopted Corporate Governance Guidelines to address significant corporate governance issues. The guidelines, as well as all Board committee charters, the Company's Code of Business Conduct, the Company's Insider Trading Policy and the Code of Ethics for Senior Financial Employees are available on the Company's website, www.syniverse.com under Corporate Governance Highlights in the Investors section. The information on the Company's website is not incorporated by reference in this proxy statement. A printed copy of the above mentioned documents will be provided without charge upon written request to the Corporate Secretary of the Company.

Director Independence

The listing standards of the NYSE provide that a majority of the Board must meet the requirements for being an independent director, including the requirement that the Board affirmatively determine that the Director has no material relationship with the Company. The Company is exempt from this requirement pursuant to the controlled company exceptions to the NYSE rules. To guide the determination of whether a Director is independent, the NYSE has adopted the following categorical standards:

A Director will not be independent if, within the preceding three years: (i) the Director was employed by the Company or any of its direct or indirect subsidiaries or affiliates; (ii) an immediate family member of the Director was employed by the Company as an executive officer; (iii) the Director, or an immediate family member of the Director, received more than \$120,000 per year in direct compensation from the Company, other than Director and committee fees and pension or other forms of deferred compensation not contingent on continued service; (iv) the Director was employed by or affiliated with the Company's present or former internal auditors or independent auditors; (v) an immediate family member of the Director was affiliated with or employed in a professional capacity by the Company's present or former internal auditors or independent auditors; (vi) the Director was employed, or an immediate family member of the Director was employed, as an

Table of Contents

executive officer of another company where any of the Company's present executive officers served on such other company's Compensation Committee; or (vii) the Director of the Company was an executive officer or an employee, or an immediate family member of the Director was an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of (a) \$1,000,000, or (b) two percent (2%) of such other company's consolidated gross revenues.

Additionally, a Director who is a member of the Company's Audit Committee will not be independent if such Director: (i) other than in his or her capacity as a member of the Audit Committee, the Board or any other Board committee, accepts directly or indirectly any consulting, advisory or other compensatory fee from the Company or any subsidiary (except for retirement benefits to the extent permitted by applicable SEC rules); or (ii) is an affiliated person (as defined by the SEC) of the Company or any subsidiary.

After applying the standards set forth above, the Board determined that Messrs. Donald, Lipham, Marino, Pearlstein and Samples have no material relationship with the Company and that each is independent under the categorical standards and the applicable requirements of the NYSE and applicable law.

Shareholder Recommendations

Shareholders wishing to recommend candidates to serve on the Company's Board may do so by sending a timely notice to the attention of the Chairman of the Nominating and Corporate Governance Committee in care of the Company's executive offices at 8125 Highwoods Palm Way, Tampa, Florida 33647. The notice must contain the following: The candidate's name, a detailed biography outlining the candidate's relevant background, professional and business experience and other significant accomplishments, an acknowledgement from the candidate that he or she would be willing to serve on the Board, if elected, a statement by the shareholder outlining the reasons why this candidate's skills, experience and background would make a valuable contribution to the Board and a minimum of two references who have either worked with the candidate, served on a Board of Directors or Board of Trustees with the candidate, or can otherwise provide relevant perspective on the candidate's capabilities as a potential Board member. For more information on consideration of nominees for our Board, see Shareholder Proposals for 2008 on page 31.

Candidates for Director who are properly recommended by the Company's shareholders will be evaluated in the same manner as any other candidate for Director. The Nominating and Corporate Governance Committee may require the candidate to furnish other information as the committee may reasonably request to assist the committee in determining the eligibility of the candidate to serve as a Director. The Nominating and Corporate Governance Committee (or the presiding officer at any meeting of the shareholders) may disregard the purported nomination of any person not made in compliance with these procedures.

Director Qualification Standards

The Company seeks to align Board composition with the Company's strategic direction so that the Board members bring skills, experience and backgrounds that are relevant to the key strategic and operational issues that they will oversee and approve. Director candidates are typically selected based upon their character, track record of accomplishment in leadership roles, as well as their professional and corporate expertise, skills and experience. Criteria that are typically considered by the Board in the selection of directors include:

- (i) the independence, judgment, strength of character, reputation in the business community, ethics and integrity of the individual;
- (ii) the business or other relevant experience, skills and knowledge that the individual may have that will enable him/her to provide effective oversight of the Company's business;

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

The Company's compensation program for its executive officers is designed to attract, motivate, reward and retain key executives and employees to enhance shareholder value by emphasizing performance-based compensation. The program is directed towards motivating executives to achieve the business objectives of the Company, to reward them for their achievement and to attract and retain executive officers that contribute to the long-term success of the Company. The Compensation Committee believes that these compensation programs link performance to both annual and long-term goals and objectives. The primary objectives of our compensation program are:

to attract and retain the best possible executive talent;

to achieve accountability for performance by linking annual cash incentive compensation to the achievement of measurable performance objectives; and

to align executive officers' incentives with increases in shareholder value and the achievement of corporate objectives.

Oversight of Compensation Program

The Compensation Committee of our Board of Directors designs, administers and oversees the compensation policies for the Company's executive officers and directors. The Compensation Committee is also responsible for approving the equity compensation of executive officers under the Company's long-term equity incentive plans. The Compensation Committee has reviewed all components of the CEO's and Named Executive Officers' (NEOs) compensation, including salary, bonus, equity and long-term incentive compensation, the

Table of Contents

dollar value to the executive and cost to the Company of all perquisites and other personal benefits, and under several potential severance and change-in-control scenarios. Based on this review, the Compensation Committee finds the CEO's and NEOs' total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) in the aggregate to be performance based and reasonable.

Our executive officer compensation (which, as more fully described below) is based on performance and consists of:

base salary;

annual incentive compensation; and

long-term equity incentive compensation.

In addition, we have entered into an employment agreement with each of the NEOs that provides for severance upon certain termination events. We also provide certain retirement benefits and other benefits.

The amount of each element of compensation is determined by the Compensation Committee, which reviews the following factors to determine the amount of compensation and combination of elements to pay each NEO:

performance against corporate objectives for the year;

difficulty of achieving desired results in the coming year;

value of an individual's unique skills and capabilities to support our objectives; and

contribution as a member of the executive management team.

The Compensation Committee does not consider prior compensation, including gains from prior stock option awards, in setting future compensation levels.

Our policy for allocating between short-term and long-term compensation is to ensure adequate compensation to attract and retain key executive officers, while providing them with an incentive to maximize long-term shareholder value. We do not have an exact formula for allocating between short-term and long-term compensation or between cash and equity-based compensation. The Compensation Committee makes an effort to ensure that our compensation program for executive officers is perceived as fundamentally fair.

Determining Executive Compensation

In determining the total compensation package for the executive officers, the Compensation Committee, with the assistance of independent consultants, relies upon national and industry salary surveys giving consideration to our Peer Group. The Peer Group included the following: Verisign Inc., Total System Services Inc., Global Payments, Inc., Checkfree Corp, Ipayment, Inc., Efunds Corp, Verifone Holdings, Inc., Tibco Software, Inc., Openwave Systems, Inc., CSF Systems Intl. Inc., TNS, Inc., Digital Insight Corp., Open Solutions, Inc. and Intervoice, Inc.

Performance Review. Key goals and objectives for each executive are established at the beginning of each year. These goals and objectives include specific quantitative measures as well as qualitative measures such as leadership, development of strategic and operational plans, development of new market opportunities and process improvements. The Compensation Committee, along with the Board of Directors, reviewed each executive's performance relative to the key goals and objectives at year end.

Edgar Filing: SYNIVERSE HOLDINGS INC - Form DEF 14A

An important aspect of the Compensation Committee's annual work relates to the determination of compensation for Company executives, including the Chief Executive Officer. The Committee has retained

Table of Contents

Mercer Human Resource Consulting (Mercer) as a third party advisor to provide independent advice, research, and evaluation related to executive compensation. In this capacity, the consultant reports directly to the Compensation Committee and meets regularly with the Committee Chair and Compensation Committee without management present.

Competitive and Pay-for-Performance Analysis. This type of analysis was independently conducted by Mercer Human Resource Consulting and provided to the Committee for use in determining the pay of the CEO and other senior officers and to insure that the executive compensation program is aligned with shareholder interests. One of the initial forms of analysis Mercer conducted was to review the Company's use of competitive pay data related to setting salaries, targeting annual incentive award opportunities and targeting long-term incentive grants. The analysis confirmed that the Company's use of compensation data and its method of calculating equity values are both reasonable and generally consistent with the practices of other companies. The Committee also reviewed the Company's performance to that of the Peer Group based on a number of financial metrics and concluded that the pay provided to our NEOs is generally consistent with Company performance.

Tax Considerations. The Compensation Committee has considered the provisions of Section 162(m) of the Internal Revenue Code, which generally limits the annual tax deductibility of compensation paid to each named executive to \$1.0 million. To the extent possible, the Committee intends to preserve the federal income tax deductibility, but may choose to provide compensation that may not be deductible if it believes that such payments are in the best overall interests of the Company and its shareholders.

Executive Compensation Plan

The executive compensation program of the Company consists of three principal elements as described below:

Base Salary. We provide a base salary to attract and retain executive officers and compensate them for their services during the year. The level of base salary paid to the executive officers of the Company is determined on the basis of the importance of the position and on market data. Salary ranges and individual salaries for senior executives are reviewed annually. Generally, the CEO recommends executive salary levels to the Compensation Committee based on competitive market data. The Compensation Committee then reviews those recommendations, and adjusts them as it deems appropriate after considering analysis, benchmark data and recommendations from outside independent consultants and other relevant information. With respect to compensation of the CEO, the Compensation Committee establishes compensation without the CEO's participation after considering analysis, benchmark data and recommendations from outside independent consultants and other relevant information. In determining individual salaries, the Compensation Committee considers the scope of job responsibilities, individual contributions, business performance, labor market conditions, the Company's salary budget guidelines and current compensation. The Compensation Committee generally seeks to set base salaries for executive officers targeted between the 50th and 75th percentile of the Company's Peer Group of companies, taking into account the nature of the position, the responsibilities, skills and experience of the officer and his or her performance.

On February 22, 2006, the Compensation Committee increased certain NEOs base salary. This increase was intended to make their base salaries competitive with that of similarly situated executive officers of similarly-sized public companies. The Committee increased Mr. Evans's salary by \$55,000, to \$500,000, Mr. Lawless's salary by \$33,500, to \$325,000, Mr. Wilcock's salary by \$36,800, to \$250,000, and Mr. Bergen Henegouwen's salary by \$16,992, to \$330,075, and all of the increases were effective for periods beginning after March 27, 2006. On November 13, 2006, the Committee increased Mr. Wilcock's salary by \$50,000 to \$300,000, primarily as a result of increased responsibilities. The increase was effective for periods after December 3, 2006.

Table of Contents

On February 22, 2007, the Compensation Committee approved a merit increase of an average of 3% to the base salaries of all employees excluding the NEOs and other Vice Presidents of the Company. Based on the Company's pay-for-performance philosophy, no increases to base salary were approved for the NEOs by the Compensation Committee except as discussed above. As of April 9, 2007, the salaries of the NEOs (including the effect of any increase) are as follows:

| Name and Principal Position | Salary |
|--|------------|
| G. Edward Evans ⁽¹⁾ Chairman | \$ |
| Tony G. Holcombe President & Chief Executive Officer | \$ 500,000 |
| Raymond L. Lawless Chief Financial Officer & Secretary | \$ 325,000 |
| Nancy J. White ⁽²⁾ Executive Vice President, Chief Marketing Officer | \$ |
| Paul A. Wilcock Chief Technology Officer | \$ 300,000 |
| Eugene Bergen Henegouwen ⁽³⁾ Executive Vice President and Managing Director, Europe, Middle East, and Africa | \$ 396,090 |

(1) Mr. Evans resigned as Chairman effective December 31, 2006.

(2) As of March 9, 2007, Ms. White was no longer employed by the Company.

(3) On February 22, 2007, the Compensation Committee increased Mr. Bergen Henegouwen's salary by \$66,015 to \$396,090, primarily as a result of increased responsibilities. The increase was effective for periods after February 25, 2007.

Annual Incentive Plan. The purpose of the annual incentive program is to reinforce a results-oriented management culture by providing opportunities to earn cash incentive awards that vary according to performance. Bonuses, payable in cash, are tied to the achievement of performance goals and objectives established by the Compensation Committee. Bonuses are a percentage of the executive's base salary and are targeted at between the 50th and 75th percentile of the Peer Group. In 2006, bonus potential ranged from 0% to 167% of target. For 2006, the Compensation Committee tied 80% of any bonus paid directly to the Company's financial performance (adjusted EBITDA and revenues) and 20% to each executive's key goals and objectives. The amounts determined by these percentages were subject to adjustment by a qualitative evaluation of each executive's contributions to the Company's overall performance. Based upon the performance goals and objectives established by the Compensation Committee under the Company's pay-for-performance philosophy, no annual bonuses were paid to our NEOs in 2006.

The annual incentive compensation plan was developed based on recommendations to the Compensation Committee by executive management and was based on company performance objectives. The Compensation Committee reviewed the recommendations and revised them as it deemed appropriate. Subsequent to revision, the Compensation Committee approved the plans.

Long-Term Equity Incentive Plan. The Compensation Committee believes that long-term equity compensation performs an essential role in retaining executives and providing them long-term incentives to maximize shareholder value. The Company's 2006 Long-Term Equity Incentive Plan provides, among other things, that stock options and restricted stock awards may be granted to the CEO, executive officers, and other key associates who contribute to the long-term success of the Company. Targeted long-term incentive compensation for 2006 was delivered in the form of non-qualified stock options and restricted stock grants and will also be delivered in this form in 2007. Generally, the CEO recommends equity award levels for executives

Table of Contents

other than himself to the Compensation Committee based on competitive market data. The Compensation Committee then reviews those recommendations, adjusts them as it deems appropriate, based in part on analysis and data provided by its outside consultants, and approves them. With respect to option awards to the CEO, the Compensation Committee determines appropriate awards without the CEO's participation after considering analysis and benchmark data from outside consultants and other relevant information. In setting award levels granted in 2006, an outside consultant provided survey and proxy data from peer companies and presented the Compensation Committee with an analysis of this data as well as long-term incentive alternatives. The Compensation Committee then considered this information and made the final decision.

Perquisites. We do not currently provide a pension plan (except as described in footnote (1) under the Pension Benefit Table), deferred compensation program, post-retirement health coverage, or similar benefits for our executives or employees. The employee benefit plans provided in 2006 included the following:

We sponsor a 401(k) plan. All employees who participated in the 401(k) plan received a 2% core contribution and a 3% company match assuming they contribute at least 4% to the plan, up to the federal limit.

We maintain health, dental and insurance plans. All employees, including executives, pay a portion of premiums due for health coverage. We also provide basic employee life insurance and accidental death and dismemberment coverage of the lesser of 1 time s base salary or \$350,000 as well as short-term disability coverage at no cost to the employee.

Post-Employment Compensation Arrangements Arising From a Change in Control

We do not have a formal change in control compensation plan in place which provides for benefits upon an involuntary termination of employment arising after a specified change in ownership or control of the Company. However, included in the terms of certain of our NEOs employment agreements are provisions that provide benefits to such NEOs in the event of a change in control. The purpose of these provisions is to reinforce and encourage the continued attention and dedication of such executives to their assigned duties without distraction in the event of potentially unsettling circumstances arising in connection with a possible change in control by providing for accelerated vesting of options and restricted stock and severance payments upon involuntary termination of employment without cause following such change in control. These provisions enhance the Company's ability to retain a stable leadership team in an industry which has experienced consolidation in recent years.

The following table shows the estimated value of benefits to the NEOs under the employment agreements applicable to them if a change of control occurred on and a right to receive change in control benefits and severance were triggered as of December 31, 2006.

Chief Executive Officer Compensation

The chief executive officer's compensation package is determined using the Company's guiding principles as described above. Mr. Holcombe's initial annual base salary was set forth in his senior management agreement with the Company entered into in January 9, 2006. Mr. Holcombe's year 2006 base salary of \$500,000 approximates the median base salaries paid to individuals in similar positions in our Peer Group.

Mr. Holcombe's total cash compensation (base salary, plus annual incentive) also approximates the 50th percentile in total cash compensation paid to individuals in similar positions in similar sized companies in our Peer Group.

Equity Compensation

Stock Option Plans. On May 16, 2002, the Board adopted a Founders' Stock Option Plan for non-employee directors, executives and other key employees of the Company. In addition, the Board adopted a Directors' Stock Option Plan on August 2, 2002, which provides for grants to independent directors to purchase 20,000 shares upon election to the board. Both plans have a term of five years and provide for the granting of options to purchase shares of our non-voting Class B common stock. As part of our initial public offering, we reclassified the Class B common stock into our common stock and hence all of our options now provide for purchase of our common stock.

Under the plans, the options have or will have an initial exercise price based on the fair value of each share, as determined by the Board. However, the per share exercise price of each stock option will not be less than the fair market value of the stock on the date of the grant, and in the case of an equity holder owning more than 10% of our outstanding stock, the exercise price for incentive stock options will be at least 110% of the fair market value of a common share. The Board reserved 402,400 shares of common stock, par value \$.001 per share for issuance under the Founders' Stock Option Plan and 160,360 shares under the Directors' Stock Option Plan.

As of December 31, 2006, there were options to purchase 264,298 shares outstanding under the Founders' Stock Option Plan and options to purchase 130,360 shares outstanding under the Directors' Stock Option Plan. All options issued under the plans are presumed to be nonqualified stock options unless otherwise indicated in the option agreement. Each option has an exercisable life of no more than 10 years from the date of grant for both nonqualified and incentive stock options in the case of grants under the Founders' Stock Option Plan and under the Directors' Stock Option Plan. Generally, the options under these plans vest 20% after the first year and 5% per quarter thereafter. With the adoption of the 2006 Long-Term Equity Incentive Plan on May 9, 2006 as described below, the Board no longer grants options from the Founders' Stock Option Plan or the Directors' Stock Option Plan.

2006 Long-Term Equity Incentive Plan. We adopted the 2006 Long-Term Equity Incentive Plan in May 2006 (Equity Incentive Plan). The Equity Incentive Plan provides for grants of stock options, restricted stock, restricted stock units and performance awards. Directors, officers and employees of the Company and its subsidiaries, as well as others who engage in services for the Company and its subsidiaries, are eligible for grants under the plan.

The Equity Incentive Plan is intended to foster and promote our long-term financial success and increase shareholder value by strengthening our capabilities to develop and maintain a management team, motivating superior performance by linking long-term performance-related incentives to business performance, encouraging and providing for an ownership interest in the Company, attracting and maintaining qualified personnel by providing incentive compensation competitive with our peer companies and enabling officers and other key employees to participate in our long-term growth and financial success.

Table of Contents

The Compensation Committee of our Board of Directors administers the Equity Incentive Plan. Our board also has the authority to administer the plan and to take all actions that the Compensation Committee is otherwise authorized to take under the plan. Grants will be awarded under the Equity Incentive Plan entirely at the discretion of the Compensation Committee.

The terms and conditions of each award made under the Equity Incentive Plan, including vesting requirements, will be set forth consistent with the plan in a written notice to the grantee. Except in limited circumstances, no award under the Equity Incentive Plan may vest and become exercisable within six months of the date of grant, unless the Compensation Committee determines otherwise. As of the year ended December 31, 2006, 270,000 options, which vest 33 1/3% per year, were granted to certain executive officers. As of the year ended December 31, 2006, 725,000 unvested restricted shares outstanding, which vest 20% per year, were granted to certain executive officers and other employees.

Pursuant to the terms of the Equity Incentive Plan, the Compensation Committee may not gross-up any grant under the Equity Incentive Plan for tax purposes or reprice any option or SAR, without prior shareholder approval, if the effect of such repricing would be to decrease the exercise price per share applicable to such option or SAR. | Eugene Bergen Henegouwen Executive Vice President and Managing Director, Europe, Middle East and Africa | Collectief Pensioen (Unit linked collective pension plan)(1) | 3 | \$ 141,170 | |

- (1) The pension plan is a unit linked plan, meaning that the payments into the plan are invested in mutual funds during the participant's employment. At retirement, the mutual funds can only be used to buy an annuity. The retirement date under the pension plan is set at the age 62. Pursuant to Dutch tax law, the pension annuity is capped since the annuity at age 65 cannot be more than 100% of the salary at retirement. If the funds at retirement are higher than what is needed to buy such an annuity, the excess is either taxed at retirement or can be used to buy a fixed indexation of the pension annuity. Since the retirement date is set at age 62 instead of 65, the pension cap will need to be recalculated (reduced) actuarially at retirement. The plan qualifies as a qualified pension plan under Dutch tax law. The payments (pension premiums) are determined by the Ministry of Finance. Certain pension plan benefits will continue if Mr. Henegouwen becomes disabled.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following report of the Audit Committee does not constitute soliciting material and should not be deemed to be filed with the Securities and Exchange Commission or incorporated by reference into any other filing of the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this report by reference in any of those filings.

The Audit Committee is comprised of three directors, each of whom the Board has determined to be an independent director as defined by the New York Stock Exchange listing standards and Rule 10A-3 of the Securities Exchange Act of 1934. The Audit Committee operates under a written charter adopted by the Board of Directors which can be found on the Company's website at www.syniverse.com.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Company's management has the primary responsibility for the financial statements and for maintaining effective systems of internal control. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements contained in the Annual Report on Form 10-K for the year ended December 31, 2006 with Company management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent registered public accounting firm, Ernst & Young LLP, which is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with U.S. generally accepted accounting principles and an audit of management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting in accordance with the standards of the Public Accounting Oversight Board (United States), its judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee by Statement on Auditing Standards No. 61 (as amended), other standards of the Public Company Accounting Oversight Board (United States), rules of the Securities and Exchange Commission, and other applicable regulations. In addition, the Audit Committee has discussed with Ernst & Young LLP the firm's independence from Company management and the Company, including the matters in the letter from the firm required by Independence Standards Board Standard No. 1, and considered the compatibility of non-audit services with Ernst & Young LLP's independence.

The Audit Committee discussed with Ernst & Young LLP the overall scope and plans for their audit. The Audit Committee meets with Ernst & Young LLP with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2006 filed by the Company with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Registration Agreement

Under the registration agreement entered into in connection with our acquisition from Verizon, the holders of a majority of the GTCR investors registrable securities have the right at any time, subject to certain conditions, to require us, to register any or all of our securities under the Securities Act of 1933 on Form S-1, which we refer to as a long-form registration at our expense or on Form S-2 or Form S-3, which we refer to as a short-form registration at our expense. We are not required, however, to effect any such long-form registration within 90 days after the effective date of a previous long-form registration. In addition, all holders of registrable securities are entitled to request the inclusion of such securities in any registration statement at our expense whenever we propose to register any offering of our equity securities, other than pursuant to a registration on Form S-4 or Form S-8.

Stock Purchase Agreement

We are parties to a stock purchase agreement with Syniverse Holdings, LLC. In connection with our initial public offering and the dissolution of Syniverse Holdings, LLC, we amended the stock purchase agreement to provide that the rights of Syniverse Holdings, LLC under the stock purchase agreement will survive to the benefit of funds affiliated with GTCR.

Pursuant to the amended stock purchase agreement, the GTCR-affiliated funds are permitted to designate a representative to our compensation and Nominating and Corporate Governance Committees so long as the funds affiliated with GTCR own at least 37.5% of the common stock that they owned immediately following our initial public offering and there is no prohibition against a GTCR designee serving on such committees under applicable law or under the rules of the New York Stock Exchange. The amended stock purchase agreement also requires us to obtain the consent of the GTCR-affiliated funds before issuing stock-based compensation to any of the executive officers with senior management agreements described below. The funds' rights under this provision will terminate when they cease to own at least 50% of the common stock they owned immediately following our initial public offering.

The amended stock purchase agreement also obligates us to deliver to the GTCR-affiliated funds financial statements, reports by accountants and an annual budget according to a specified schedule. The GTCR-affiliated funds may also inspect our properties, financial and corporate records as well as question our directors, officers, key employees and independent accountants regarding our finances and affairs. In each case, the GTCR-affiliated funds may suspend or terminate such obligations at their election from time to time by written notice.

Senior Management Agreements

Provisions Regarding Stock

Mr. Evans

In connection with our initial public offering, Syniverse Holdings, LLC was dissolved following the distribution to its members of our outstanding class A cumulative redeemable preferred stock and common stock. Concurrent with our initial public offering, we amended and restated Mr. Evans' senior management agreement, pursuant to which he acquired as part of the pro rata distribution of our outstanding capital stock to the members of Syniverse Holdings, LLC:

1,913,163 shares of class A cumulative redeemable preferred stock and 272,511 shares of common stock, which are referred to as Co-Invest Stock, and

2,573,722 additional shares of common stock which are referred to as Carried Common, which are subject to time vesting.

Table of Contents

The shares of Co-Invest Stock were fully vested when acquired but 514,745 of the shares of Carried Common were subject to quarterly vesting and became fully vested on February 14, 2006.

Under the terms of the amended and restated senior management agreement, we may be required to purchase a portion of Mr. Evans' unvested common stock in the event of his termination of employment due to death or disability. In addition, we will have the right to purchase all or a portion of Mr. Evans' unvested common stock if his employment is terminated. In addition, if any repurchase would result in a violation of law applicable to us or our subsidiaries or a default under our financing arrangements, we may defer such purchase until it is permitted, with the deferred purchase price accruing interest at the rate of 10% per annum, compounded quarterly.

The purchase price for securities purchased pursuant to the put option described above will be the original cost of such securities. The purchase price for securities purchased pursuant to the call option will be the original cost of such securities.

The senior management agreement also prohibits Mr. Evans from transferring any of his shares of Carried Common, subject to certain exceptions. This transfer restriction terminates with respect to particular securities upon such securities being transferred in a public sale and terminates with respect to all securities upon the sale of Syniverse Holdings, Inc.

Others

Other members of our management team, including Messrs. Lawless, Wilcock, O'Brien, Nelson, Garcia, Mosher, Bergen Henegouwen, and Corrao, also entered into amended and restated senior management agreements on February 9, 2005 pursuant to which they acquired an aggregate of 1,682,815 shares of Carried Common in return for their common units of Syniverse Holdings, LLC under terms generally no less favorable to the company than Mr. Evans' terms. Their senior management agreements were amended and restated to add us as a party and to provide substantially the same rights, restrictions and vesting schedule as will apply to the shares of our common stock that they will receive under the amended agreements as apply to the Syniverse Holdings, LLC units that they surrendered upon the dissolution of Syniverse Holdings, LLC.

Employment Provisions

Mr. Holcombe

Our senior management agreement with Mr. Holcombe also contains provisions relating to employment. See "Executive Compensation and Other Information - Employment and Severance Agreements" for a description of the employment provisions of Mr. Holcombe and other senior management team.

Related Party Approval Policy

The Corporate Governance and Nominating Committee of our Board of Directors is responsible for reviewing our Code of Business Conduct and other similar company codes and policies and for considering questions of possible conflicts of interest and related party transactions involving directors, executive officers, key employees and other related persons as defined by Item 404(a) of Regulation S-K. This obligation is set forth in writing in our Corporate Governance and Nominating Committee Charter, a copy of which is available on our Internet website at www.syniverse.com.

There were no relationships or related party transactions that occurred in the fiscal year ending December 31, 2006. We do not have a formal related party approval policy for transactions required to be disclosed pursuant to Item 404(a) of Regulation S-K. However, to identify related party transactions, each year, we require our directors and officers to complete Director and Officer Questionnaires identifying any

transactions with us in which the officer or director or their family members have an interest. We review related party transactions due to the potential for a conflict of interest. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with our interests. Our Code of Business Conduct requires all directors, officers and employees who may have a potential or apparent conflict of interest to immediately notify our human resources department or our legal department.

We expect our directors, officers and employees to act and make decisions that are in our best interests and encourage them to avoid situations which present a conflict between our interests and their own personal interests. Our directors, officers and employees are prohibited from taking any action that may make it difficult for them to perform their duties, responsibilities and services to Syniverse in an objective and fair manner.

A copy of our Code of Business Conduct is available on our Internet website at www.syniverse.com.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers, and persons who beneficially own more than 10% of our common stock to file certain reports with the SEC concerning their beneficial ownership of our equity securities. The SEC's regulations also require that a copy of all such Section 16(a) forms filed must be furnished to us by the executive officers, directors, and greater than 10% shareholders. To our knowledge, based solely on a review of the copies of such forms and amendments thereto received by us with respect to 2006, all Section 16(a) filing requirements were met, except for Ms. White who inadvertently filed a Form 3 after the deadline.

AVAILABILITY OF FORM 10-K AND ANNUAL REPORT TO SHAREHOLDERS

We are required to provide an Annual Report to shareholders who receive this proxy statement. We will also provide copies of the Annual Report to brokers, dealers, banks, voting trustees, and their nominees for the benefit of their beneficial owners of record. Additional copies of the Annual Report, along with copies of our Annual Report on Form 10-K for the fiscal year ended December 31, 2006 (not including documents incorporated by reference), are available without charge to shareholders upon written request to our Corporate Secretary at 8125 Highwoods Palm Way Tampa, FL 33647. You may review our filings with the SEC by visiting our website at www.syniverse.com.

SHAREHOLDER PROPOSALS FOR 2008

Our 2008 Annual Meeting of Shareholders is expected to be held on or about May 8, 2008, and proxy materials in connection with that meeting are expected to be mailed on or about April 7, 2008. Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, some shareholder proposals may be eligible for inclusion in our 2008 proxy statement. These shareholder proposals must be submitted, along with proof of ownership of our stock in accordance with Rule 14a-8(b)(2), to our principal executive offices, in care of our Corporate Secretary. Failure to deliver a proposal by one of these means may result in it not being deemed timely received. In order to be included in our proxy materials for our 2008 Annual Meeting, we must receive shareholder proposals prepared in accordance with the proxy rules on or before December 11, 2007. Any such proposal should be addressed to the Corporate Secretary, Syniverse Holdings, Inc., 8125 Highwoods Palm Way, Tampa, Florida 33647. Upon receipt of any such proposal, we will determine whether or not to include such proposal in the proxy statement for our Annual Meeting of Shareholders to be held in 2008 in accordance with applicable law. It is suggested that such proposals be sent by certified mail, return receipt requested. Submitting a shareholder proposal does not guarantee that we will include it in our proxy statement.

Table of Contents

Alternatively, under our Bylaws, if a shareholder does not want to submit a proposal for the 2008 annual meeting for inclusion in our proxy statement under Rule 14a-8, and intends to nominate a person as a candidate for election to the Board directly (rather than through our Corporate Governance and Nominating Committee), the shareholder must submit the proposal or nomination between January 10, 2008 and February 9, 2008. If the date of the 2008 annual meeting is scheduled to be held on a date more than 30 days prior to or delayed by more than 60 days after the anniversary date of the 2007 annual meeting, notice from a shareholder must be so received not later than the 10th day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first. The shareholder's submission must be made by a registered shareholder on his or her behalf or on behalf of the beneficial owner of the shares, and must include information specified in our Bylaws concerning the proposal or nominee, as the case may be, and information as to the shareholder's ownership of our stock. We will not entertain any proposals or nominations at the annual meeting that do not meet these requirements. In addition, pursuant to Rule 14a-4 under the Securities Exchange Act of 1934, as amended, if we receive notice after February 9, 2008 of any proposal which a shareholder intends to raise at the 2008 Annual Meeting, the persons named in the proxy solicited by our Board of Directors for our 2008 Annual Meeting may exercise discretionary voting with respect to such proposal.

OTHER MATTERS

We know of no matters to be presented at the Annual Meeting other than those included in the Notice. Should any other matter requiring a vote of shareholders arise, including a question of adjourning the meeting, the persons named in the accompanying proxy will vote thereon according to their best judgment in what they consider our best interests. The enclosed proxy confers discretionary authority to take action with respect to any additional matters that may come before the meeting.

Discretionary Authority

In the event a quorum is present at the meeting but sufficient votes to approve any of the items proposed by the Board of Directors have not been received, the persons named as proxies may propose one or more adjournments of the meeting to permit further solicitation of proxies. A shareholder vote may be taken on one or more of the proposals in this proxy statement prior to such adjournment if sufficient proxies have been received and it is otherwise appropriate. Any adjournment will require the affirmative vote of the holders of a majority of those shares of common stock represented at the meeting in person or by proxy. If a quorum is present, the persons named as proxies will vote these proxies which they have been authorized to vote on any other business properly before the meeting in favor of such an adjournment.

It is important that your stock be represented at the meeting regardless of the number of shares you hold. Whether or not you plan to attend, please sign, date and return the enclosed proxy promptly. For your convenience, a return envelope is enclosed requiring no additional postage if mailed within the United States.
