Explanatory Note

We are a Delaware corporation formerly named Dynegy Acquisition, Inc. We entered into a Plan of Merger, Contribution and Sale Agreement (the Merger Agreement), dated as of September 14, 2006, with Falcon Merger Sub Co., an Illinois corporation (Merger Sub), LSP Gen Investors, L.P., a Delaware limited partnership, LS Power Partners, L.P., a Delaware limited partnership, LS Power Equity Partners PIE I, L.P., a Delaware limited partnership, LS Power Equity Partners, L.P., a Delaware limited partnership, LS Power Associates, L.P., a Delaware limited partnership, and Dynegy Illinois Inc., an Illinois corporation (formerly named Dynegy Inc.) (Dynegy Illinois). On March 29, 2007, at a special meeting of the shareholders of Dynegy Illinois, the shareholders of Dynegy Illinois adopted the Merger Agreement and approved the related merger of Merger Sub, our then-wholly owned subsidiary, with and into Dynegy Illinois (the Merger).

As a result of the Merger, which was completed on April 2, 2007, Dynegy Illinois became our wholly owned subsidiary, the then-shareholders of Dynegy Illinois became our stockholders and each Dynegy Illinois shareholder received one share of our Class A common stock for each share of Class A common stock or Class B common stock of Dynegy Illinois held by it. In addition, in connection with the completion of the Merger and the other transactions contemplated by the Merger Agreement, our name was changed from Dynegy Acquisition, Inc. to Dynegy Inc.

Unless otherwise stated herein or the context otherwise requires, references in this registration statement to Dynegy, the company, the Company, we, our, or us refer to Dynegy Inc. and its direct and indirect subsidiaries and include Dynegy Illinois before it became a wholly owned subsidiary of Dynegy Inc. by way of the Merger. For purposes of our eligibility to file this registration statement on Form S-3, we are a successor registrant to Dynegy Illinois within the meaning of General Instruction I.A.7 to Form S-3.

PROSPECTUS

DYNEGY INC.

96,891,014 Shares of Class A Common Stock

This prospectus relates to the resale or other disposition, from time to time, of up to 96,891,014 shares of our Class A common stock held by Chevron U.S.A. Inc., a wholly owned subsidiary of Chevron Corporation and which we sometimes refer to herein as **Chevron** or the selling stockholder. The selling stockholder may offer and sell the shares of our Class A common stock from time to time at such prices as it may determine. We will not receive any proceeds from the sale or other disposition of the shares of our Class A common stock by the selling stockholder.

An investment in the shares of our Class A common stock involves risks. Please read carefully the Risk Factors section beginning on page 3.

Our Class A common stock is listed on the New York Stock Exchange (the **NYSE**) under the symbol **DYN**. On April 13, 2007, the closing sale price of our Class A common stock on the NYSE was \$10.18 per share.

As more fully described below under **Transactions with LS Power**, on April 2, 2007, we, Falcon Merger Sub Co. (**Merger Sub**), Dynegy Illinois Inc. (formerly named Dynegy Inc.) (**Dynegy Illinois**), and certain entities in the LS Power Group, a privately held power plant investor, developer and manager (such entities, the **LS Entities**), completed certain transactions pursuant to a Plan of Merger, Contribution and Sale Agreement, dated as of September 14, 2006 (the **Merger Agreement**), including the merger of Merger Sub with and into Dynegy Illinois (the **Merger**). Pursuant to, and in connection with the completion of, the Merger, (i) Dynegy Illinois became our wholly owned subsidiary, (ii) the then-shareholders of Dynegy Illinois, including Chevron, became our stockholders and (iii) our name was changed from Dynegy Acquisition, Inc. to Dynegy Inc.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined whether this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is April 16, 2007

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 under the Securities Act of 1933, as amended (the Securities Act), that we filed with the Securities and Exchange Commission (the SEC) using a shelf registration, or continuous offering, process. Under this shelf registration process, the selling stockholder may, from time to time, sell or otherwise dispose of up to 96,891,014 shares of our Class A common stock in one or more offerings.

This prospectus may be supplemented from time to time by a prospectus supplement, which may include, among other additional information, additional risk factors or other special considerations applicable to us, our business or results of operations or our Class A common stock. Any prospectus supplement may also update or change the information in this prospectus. If there is any inconsistency between the information in this prospectus and any prospectus supplement, you should rely on the information in the prospectus supplement.

You should read both this prospectus and any prospectus supplement, together with the additional information described in the section of this prospectus entitled Where You Can Find More Information and incorporated by reference herein.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus includes or incorporates by reference statements reflecting assumptions, expectations, projections, intentions or beliefs about future events that are intended as forward-looking statements. All statements included or incorporated by reference in this prospectus, other than statements of historical fact, that address activities, events or developments that we or our management expect, believe or anticipate will or may occur in the future are forward-looking statements. These statements represent our reasonable judgment on the future based on various factors and using numerous assumptions and are subject to known and unknown risks, uncertainties and other factors that could cause our actual results and financial position to differ materially from those contemplated by the statements. You can identify these statements by the fact that they do not relate strictly to historical or current facts. They use words such as anticipate, estimate, project, forecast, plan, may, will, should, other words of similar meaning. In particular, these include, but are not limited to, statements relating to the following:

expectations and beliefs related to the Merger Agreement, the Merger and related transactions with the LS Entities;

anticipated benefits and expected synergies resulting from the completion of the Merger and related transactions with the LS Entities and beliefs associated with the integration of operations of the various entities;

projected operating or financial results, including anticipated cash flows from operations, revenues and profitability;

expectations regarding capital expenditures, interest expense and other payments;

beliefs and assumptions about economic conditions and the demand and prices for electricity;

beliefs about commodity pricing and generation volumes;

our focus on safety and our ability to efficiently operate our assets so as to maximize our revenue generating opportunities;

strategies to capture opportunities presented by rising commodity prices and strategies to manage our exposure to energy price volatility;

plans to achieve fuel-related, general and administrative, and other targeted cost savings;

beliefs and assumptions relating to liquidity, including the ability to satisfy or refinance debt maturities and other obligations before or as they come due;

strategies to address our substantial leverage, to access the capital markets, or to obtain additional financing on more favorable financing terms;

measures to compete effectively with industry participants;

Table of Contents

beliefs and assumptions about market competition, fuel supply, power demand, generation capacity and regional supply and demand characteristics of the wholesale power generation market;

sufficiency of coal, fuel oil and natural gas inventories and transportation, including strategies to deploy coal supplies;

beliefs about the outcome of legal, regulatory, administrative and environmental matters;

expectations regarding environmental matters, including costs of compliance and availability and adequacy of emission credits;

expectations and estimates regarding the Dynegy Midwest Generation consent decree and the associated costs;

efforts to position our power generation business for future growth and pursuing and executing acquisition, disposition or combination opportunities; and

measures to complete the exit from the customer risk management business and the costs associated with this exit.

We will not update these forward-looking statements unless the securities laws require us to do so. Moreover, any or all of our forward-looking statements may turn out to be wrong. They can be affected by inaccurate assumptions or by known or unknown risks, uncertainties and other factors, many of which are beyond our control, including those set forth below in the section of this prospectus entitled "Risk Factors" and any additional risk factors that may be included in any prospectus supplement or incorporated by reference into this prospectus by way of our or Dynegy Illinois reports filed under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

THE COMPANY

We are a holding company and conduct substantially all of our business operations through our subsidiaries, including our 50% interest in a development joint venture (the Development LLC) with LS Power Associates, L.P. (LS Associates). Our primary business is the production and sale of electric energy, capacity and ancillary services from our fleet of 29 owned or leased power generation facilities with approximately 19,500 MW of generating capacity operating in 13 states, (i) including our 614 MW CoGen Lyondell generation facility, our 576 MW Bluegrass generation facility and our 539 MW Heard County generation facility, each of which we are considering selling in 2007 and (ii) excluding our 351 MW Calcasieu generation facility, which we expect to sell to Entergy Gulf States, Inc. in early 2008 pursuant to an agreement entered into in February 2007. Our power generation fleet is diversified by dispatch type, fuel source and geographic location.

In addition to our operating generation facilities, we own an approximate 40% undivided interest in Plum Point, a new 665 MW coal-fired plant under construction in Arkansas. Through our interest in the Development LLC, we also own a 50% interest in a portfolio of greenfield development projects totaling more than 7,600 MW of generating capacity and repowering and/or expansion opportunities representing approximately 2,300 MW of generating capacity, thus providing us with meaningful organic growth prospects.

Our generation facilities are located in areas served by the Midwest Independent System Operator, Pennsylvania-New Jersey-Maryland Interconnection, LLC, the Southeastern Electric Reliability Council, the California Independent System Operator, the Western Electricity Coordinating Council, the Electric Reliability Council of Texas, the New York Independent System Operator and the New England Independent System Operator.

Our Class A common stock is listed on the NYSE under the symbol DYN. Our principal executive offices are located at 1000 Louisiana Street, Suite 5800, Houston, Texas 77002, and our telephone number at that address is (713) 507-6400.

TRANSACTIONS WITH LS POWER

On September 14, 2006, we entered into the Merger Agreement with the LS Entities, Merger Sub and Dynegy Illinois to, among other transactions, combine the LS Entities' operating generation portfolio with our generation assets, acquire a 50 percent ownership interest in the Development LLC and merge Merger Sub with and into Dynegy Illinois pursuant to the Merger. On March 29, 2007, at a special meeting of the shareholders of Dynegy Illinois, the shareholders of Dynegy Illinois adopted the Merger Agreement and approved the Merger.

Pursuant to the transactions with the LS Entities contemplated by the Merger Agreement, which were completed on April 2, 2007, the LS Entities received 340 million shares of our Class B common stock, \$100 million in cash and \$275 million aggregate principal amount of notes issued by us (which have since been paid in full) in exchange for their contribution of their entire operating generation portfolio and the 50 percent interest in the Development LLC. We also assumed approximately \$1.9 billion in net debt (debt less restricted cash and investments) from

Table of Contents

the LS Entities, and utilized \$70 million in cash proceeds under our new term facility rather than entering into new Griffith project debt as was contemplated by the Merger Agreement.

Pursuant to the Merger, which was also completed on April 2, 2007, Merger Sub, our then-wholly owned subsidiary, merged with and into Dynegy Illinois. As a result of the Merger, Dynegy Illinois became our wholly owned subsidiary, the then-shareholders of Dynegy Illinois became our stockholders and each Dynegy Illinois shareholder, including Chevron, received one share of our Class A common stock for each share of Class A common stock or Class B common stock of Dynegy Illinois held by it; specifically, Chevron received the 96,891,014 shares of our Class A common stock offered hereby in exchange for its 96,891,014 shares of Dynegy Illinois Class B common stock.

In addition, in connection with the completion of the Merger and the other transactions contemplated by the Merger Agreement, our name was changed from Dynegy Acquisition, Inc. to Dynegy Inc.

Table of Contents

RISK FACTORS

Investing in our Class A common stock involves risks. Before purchasing any shares of our Class A common stock, you should carefully consider the risk factors set forth below, the risk factors that are incorporated by reference herein from the section entitled "Risk Factors" in Dynegy Illinois' Annual Report on Form 10-K for the fiscal year ended December 31, 2006 and the risk factors that are incorporated by reference herein from the section entitled "Risk Factors" in the proxy statement/prospectus of Dynegy Illinois and us with respect to the Merger, the Merger Agreement and the related transactions, together with all of the other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including filings made with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our business, financial condition, results of operations or cash flows.

Additional Risks Related to our Business

Covenants in our financing agreements impose significant restrictions on us. Failure to comply with these covenants may have a material adverse impact on our business, financial condition, results of operations or cash flows.

Financing agreements governing our debt obligations require us to meet specific financial tests in order to issue debt and make restricted payments, among other things. Our ability to comply with the covenants in our financing agreements, as they currently exist or as they may be amended, may be affected by many events beyond our control, and our future operating results may not allow us to comply with the covenants or, in the event of a default, to remedy that default. Our failure to comply with those financial covenants or to comply with the other restrictions in our financing agreements could result in a default, causing our debt obligations under such financing agreements (and by reason of cross-default or cross-acceleration provisions, our other indebtedness) to become immediately due and payable, which could have a material adverse impact on our business, financial condition, results of operations or cash flows. If we are unable to repay those amounts or to otherwise cure the default, the holders of the indebtedness under our secured debt obligations could proceed against the collateral granted to them to secure that indebtedness. If those lenders accelerate the payment of such indebtedness, we cannot assure you that we could pay or refinance that indebtedness immediately and continue to operate our business.

We may not have adequate liquidity to post required amounts of additional collateral.

We use a portion of our capital resources, in the form of cash and letters of credit, to satisfy counterparty collateral demands. These counterparty collateral demands reflect our non-investment grade credit ratings and the counterparties' views of our creditworthiness, as well as changes in commodity prices. If commodity prices change substantially, our liquidity could be severely strained by requirements under our commodity agreements to post additional collateral. In certain cases, our counterparties have elected to not require the posting of collateral to which they are otherwise entitled under those agreements. However, those counterparties retain the right to request the posting of such collateral. Factors that could trigger increased demands for collateral include additional adverse changes in our industry, negative regulatory or litigation

Table of Contents

developments, adverse events affecting us, changes in our credit rating or liquidity and changes in commodity prices for power and fuel. In addition, to the extent we do hedge against volatility in commodity prices and, as a result, our cash flow is less than anticipated, a source of our liquidity resources may be depleted. An increase in demands from our counterparties to post letters of credit or cash collateral may have a material adverse effect on our financial condition, results of operations and cash flows.

Plum Point, which is currently under construction, may not be completed, and the construction of other development projects in which we have an ownership interest via the Development LLC may never be initiated or completed.

Pursuant to the Merger Agreement, we acquired all of the LS Power Group's ownership interest in Plum Point, which is currently in the construction phase, with an expected completion date in 2010. We also acquired a 50% ownership interest in the Development LLC, which owns the various greenfield projects and expansion and replacement projects contributed to the Development LLC by us and the LS Power Group; additional development projects may be contributed to the Development LLC from time to time by us and the LS Power Group.

As a result of economic and other conditions, Plum Point may not be completed, and the development projects may not be pursued or completed, and higher costs than those that are anticipated may be incurred with respect to any of the projects. These projects also generally require various governmental and other approvals, which may not be received. Our inability to complete the Plum Point project, or the Development LLC's inability to complete a development project on time or within budget, may adversely affect our financial condition, results of operations and cash flows.

In addition, the development and construction of power generation facilities may be adversely affected by one or more factors commonly associated with large infrastructure projects, including, but not limited to, changes in the forecasted financial viability of new-build generation in a region, shortages of equipment, materials and labor, delays in delivery of equipment and materials, labor disputes, litigation, failure to obtain necessary governmental and regulatory approvals and permits, adverse weather conditions, unanticipated increases in costs, natural disasters, accidents, local and national political opposition, unforeseen engineering, design, environmental or geological problems and other unforeseen events or circumstances. Any one of these events could result in delays in, or even the abandonment of, the development of the affected power generation facility. Such events may also result in cost overruns, payments under committed contracts associated with the affected project, and/or the write-off of equity investment in the project. Any such development may materially and adversely affect our financial condition, results of operations and cash flows.

The future operation and performance of the various development projects owned by the Development LLC, if completed, are subject to a wide variety of factors and cannot be predicted with certainty at this time.

If a development project is successfully completed by the Development LLC, the operation and performance of the completed facility could be affected by many factors, including start-up problems, the breakdown or failure of equipment or processes, the performance of the completed facility below expected levels of output or efficiency, failure to operate at design

Table of Contents

specifications, labor disputes, changes in law, failure to obtain necessary permits or to meet permit conditions, government exercise of eminent domain power or similar events and catastrophic events including fires, explosions, earthquakes and droughts. The occurrence of such events could significantly reduce or eliminate the revenues from, or significantly increase the expenses associated with, any such completed facility and, as a result, negatively impact our financial condition, results of operations and cash flows.

If we issue a material amount of our common stock in the future or certain of our stockholders, such as Chevron or any of the LS Entities or their affiliates, sell a material amount of our common stock, our ability to use our federal net operating losses to offset our future taxable income may be limited under Section 382 of the Internal Revenue Code.

Our ability to utilize previously incurred federal net operating losses (NOLs) to offset our future taxable income would be limited if we were to undergo an ownership change within the meaning of Section 382 of the Internal Revenue Code (the Code). In general, an ownership change occurs whenever the percentage of the stock of a corporation owned by 5-percent shareholders (within the meaning of Section 382 of the Code) increases by more than 50 percentage points over the lowest percentage of the stock of such corporation owned by such 5-percent shareholders at any time over the preceding three years.

Under certain circumstances, sales or other dispositions of our common stock by certain of our stockholders could trigger such an ownership change. Specifically, sales or other dispositions of our Class A common stock by Chevron pursuant to this prospectus and any prospectus supplement could trigger such an ownership change. Moreover, sales or other dispositions of our Class A common stock issuable upon the conversion of our Class B common stock by any of the LS Entities or their affiliates or associated persons, pursuant to the prospectus and any prospectus supplement forming a part of a Registration Statement on Form S-3 that we have filed with the SEC for the benefit of the LS Entities and certain of their affiliates and associated persons, could also trigger an ownership change. We will have limited control over the timing of any such sales or dispositions of our common stock. Any such future ownership change could result in limitations, pursuant to Section 382 of the Code, on our utilization of our federal NOLs to offset our future taxable income.

More specifically, depending on then-prevailing interest rates and the market value of our stock at the time of such future ownership change, an ownership change under Section 382 of the Code would establish an annual limitation which might prevent full utilization of the deferred tax assets attributable to our previously incurred federal NOLs against our total future taxable income for a given year. If such an ownership change were to occur, our ability to raise additional equity capital may be limited.

The magnitude of such limitations and their effect on us is difficult to assess and depends in part on the market value of our stock at the time of any such ownership change and then-prevailing interest rates. For accounting purposes, at December 31, 2006, our deferred tax asset attributable to our previously incurred federal NOLs was valued at approximately \$332 million.

Additional Risks Related to our Class A Common Stock

The stock price of our predecessor, Dynegy Illinois, was volatile, and the trading price of our Class A common stock may also fluctuate significantly.

The trading price of the Class A common stock of Dynegy Illinois was volatile, and our stock price may also be volatile. From January 1, 2004 through March 30, 2007 (*i.e.*, the trading day immediately prior to the completion of the Merger Agreement and the Merger), the closing price of Dynegy Illinois Class A common stock on the NYSE ranged from \$3.23 to \$9.58 per share. The trading price of our Class A common stock may fluctuate in response to a number of events and factors, such as quarterly variations in operating or financial results, actions by various regulatory agencies, litigation, market perceptions of our financial reporting, changes in financial estimates and recommendations by securities analysts, the operating and stock price performance of other companies that investors may deem comparable to us, news reports relating to us or trends in our industry or general economic conditions.

Provisions of the General Corporation Law of the State of Delaware and our organizational documents may discourage an acquisition of us.

Our organizational documents and the General Corporation Law of the State of Delaware both contain provisions that will impede the removal of our directors and may discourage a third party from making a proposal to acquire us. For example, our board may, without the consent of our stockholders, issue preferred stock with greater voting rights than our Class A common stock. The existence of these provisions may have a negative impact on the price of our Class A common stock.

The interests of the LS Control Group may conflict with your interests and, with respect to the Development LLC, our interests.

The LS Control Group (as defined in the Merger Agreement) owns approximately 40% of our voting power and has the right to nominate up to three members of our 11-member board of directors. By virtue of such stock ownership and board representation, the LS Control Group has, as described in the risk factor immediately below, the power to influence our affairs and the outcome of matters required to be submitted to our stockholders for approval. Moreover, by virtue of such stock ownership and board representation and its 50 percent membership interest (via LS Associates) in the Development LLC, the LS Control Group has the power to influence the affairs of the Development LLC.

The LS Control Group may have interests that differ from those of holders of our Class A common stock, and these relationships could give rise to conflicts of interest, including:

conflicts between the LS Control Group and our other stockholders, whose interests may differ with respect to the strategic direction or significant corporate transactions of the company; and

conflicts related to corporate opportunities that could be pursued by us, on the one hand, or by the LS Control Group, on the other hand.

Table of Contents

Likewise, with respect to the Development LLC, the LS Control Group may have interests that differ from our interests (as the owner of the remaining 50 percent membership interest in the Development LLC), which may give rise to conflicts of interests.

Further, our amended and restated certificate of incorporation renounces any interest in, and waives, any claim that a corporate or business opportunity taken by the LS Control Group constitutes a corporate opportunity of the company, unless such corporate or business opportunity is expressly offered to one of our directors or officers.

The LS Control Group's significant interest in us could be determinative in matters submitted to a vote by our stockholders. In addition, the rights granted to the LS Shareholders (as defined in the Merger Agreement) under the Shareholder Agreement (as defined in the Merger Agreement) and our amended and restated bylaws provide them significant influence over us. Such influence could result in us either taking actions that our other stockholders do not support or failing to take actions that our other stockholders do support.

The LS Control Group's ownership interest in us, together with its rights under the Shareholder Agreement and our amended and restated bylaws, provides it with significant influence over the conduct of our business. Unless substantially all of our public stockholders vote together on matters presented to our stockholders from time to time, the LS Control Group may have the power to determine the outcome of matters submitted to a vote of all of our stockholders.

Rights granted to the LS Control Group under the Shareholder Agreement and our amended and restated bylaws that provide it with significant influence over our business include:

the ability to nominate up to three directors to our board of directors based on its percentage ownership interest in us; and

the requirement that we not pursue any of the following actions if all directors nominated by the LS Control Group present at the relevant board meeting vote against such action:

any amendment of our amended and restated certificate of incorporation or amended and restated bylaws;

any merger or consolidation of us and certain dispositions of our assets or businesses, certain acquisitions, binding capital commitments, guarantees and investments and certain joint ventures with an aggregate value in excess of a specified amount;

our payment of dividends or similar distributions;

our engagement in new lines of business;

our liquidation or dissolution, or certain bankruptcy-related events with respect to us;

Table of Contents

our issuance of any equity securities, with certain exceptions for issuances of our Class A common stock;

our incurrence of any indebtedness in excess of a specified amount;

the hiring, or termination of the employment of, our chief executive officer (other than Bruce A. Williamson);

our entry into any agreement or other action that limits the activities of any holder of our Class B common stock or any of such holder's affiliates; and

our entry into other material transactions with a value in excess of a specified amount.

Such influence could result in us either taking actions that our other stockholders do not support or failing to take actions that our other stockholders do support.

Our stockholders may be adversely affected by the expiration of the transfer restrictions in the Shareholder Agreement, which would enable the LS Control Group to, among other things, transfer a significant percentage of our common stock to a third party.

The transfer provisions in the Shareholder Agreement, subject to specified exceptions, restrict the LS Control Group from transferring shares of our common stock. These restrictions will expire upon the earlier of:

April 2, 2009;

the date the stockholders party to the Shareholder Agreement cease to own at least 15% of the total combined voting power of our outstanding securities; and

subject to certain conditions, the date a third party offer is made to acquire more than 25% of our assets or voting securities.

In addition, if the transfer restrictions in the Shareholder Agreement are terminated, the LS Control Group will be free to sell their shares of our common stock, subject to certain exceptions, to any person on the open market, in privately negotiated transactions or otherwise in accordance with law. These sales or transfers, as well as sales or other dispositions pursuant to this prospectus and any prospectus supplement, could create a substantial decline in the price of shares of our common stock, including our Class A common stock.

THE SELLING STOCKHOLDER

The registration statement of which this prospectus forms a part has been filed with the SEC pursuant to the registration rights agreement, dated as of September 14, 2006, entered into by us with Chevron U.S.A. Inc., the selling stockholder. The 96,891,014 shares of our Class A common stock are being registered hereby to afford Chevron the opportunity to sell or otherwise dispose of such shares of our Class A common stock in public transactions rather than pursuant to exemptions from the registration and prospectus delivery requirements of the Securities Act.

Chevron may use this prospectus to offer and sell or otherwise dispose of the shares of our Class A common stock. See the section of this prospectus entitled Plan of Distribution. However, the registration of the sale or other disposition of the shares of our Class A common stock held by Chevron does not mean that Chevron will sell or otherwise dispose of all or any of the shares of our Class A common stock offered hereby.

The 96,891,014 shares of our Class A common stock held by Chevron, all of which are being offered hereby, represent approximately 19.3% of the outstanding shares of our Class A common stock and approximately 11.5% of the aggregate outstanding shares of our Class A common stock and Class B common stock (in each case based on the outstanding shares of our Class A common stock and Class B common stock as of April 2, 2007).

At all times during the preceding three years, Chevron has been a significant stockholder of Dynegy. Moreover, at all times during the preceding three years and prior to the completion of the transactions contemplated by the Merger Agreement with the LS Entities, Chevron has been entitled, pursuant to Dynegy Illinois' articles of incorporation and as the sole holder of Dynegy Illinois' Class B common stock, to nominate and elect up to three persons to serve as Class B directors on Dynegy Illinois' board of directors. Pursuant to this right, in connection with Dynegy Illinois' 2004, 2005 and 2006 annual meetings of shareholders, Chevron nominated and elected two persons to serve as Class B directors on Dynegy Illinois' board of directors. In connection with the completion of the Merger Agreement, and as a result of Chevron's reduced ownership interest in Dynegy resulting from the completion of the Merger Agreement, this right was terminated and the persons then serving as Class B directors of Dynegy Illinois (Rebecca B. Roberts and Howard B. Sheppard) resigned from their positions as Class B directors of Dynegy Illinois. Except in its capacity as a holder of our Class A common stock, Chevron is not currently entitled to nominate or elect any persons to our board of directors.

PLAN OF DISTRIBUTION

The selling stockholder may sell or otherwise dispose of the shares of our Class A common stock covered by this prospectus:

through underwriters or dealers;

through agents; or

directly to purchasers.

We will describe in the applicable prospectus supplement the particular terms of the offering of our Class A common stock, including the following:

the names of any underwriters;

the purchase price and the proceeds the selling stockholder will receive from the sale;

any underwriting discounts and other items constituting underwriters' compensation;

any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers; and

any other information we believe to be material.

If the selling stockholder uses one or more underwriters in the sale, such underwriter(s) will acquire the shares of our Class A common stock covered by this prospectus for their own account. The underwriters may resell the shares of our Class A common stock in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale.

The selling stockholder may sell or otherwise dispose of the shares of our Class A common stock covered by this prospectus through agents designated by the selling stockholder. Any agent involved in the offer or sale or other disposition of the shares of our Class A common stock for which this prospectus and the applicable prospectus supplement is delivered will be named, and any commissions payable to that agent will be set forth, in the prospectus supplement.

The selling stockholder may also sell or otherwise dispose of the shares of our Class A common stock covered by this prospectus directly to purchasers. In this case, no underwriters, dealers or agents would be involved.

The selling stockholder may also enter into derivative transactions with third parties with respect to the shares of our Class A common stock covered by this prospectus. If the applicable prospectus supplement so indicates, in connection with such derivative transactions, the third parties may sell the shares of our Class A common stock covered by this prospectus and the applicable prospectus supplement, including in short sale transactions.

Legal fees and expenses	490,000
Accounting fees and expenses	150,000
Transfer agent fees	5,000
Printing and related expenses	125,000
Miscellaneous	20,000
Total	\$ 820,385

Item 15. Indemnification of Directors and Officers.

The following discussion summarizes the material indemnification provisions of Section 145 of the General Corporation Law of the State of Delaware (the "DGCL") and the registrant's amended and restated certificate of incorporation.

Pursuant to Section 145 of the DGCL, the registrant generally has the power to indemnify its current and former directors, officers, employees and agents against expenses and liabilities that they incur in connection with any suit to which they are, or are threatened to be made, a party by reason of their serving in such positions so long as they acted in good faith and in a manner they reasonably believed to be in, or not opposed to, the registrant's best interests and, with respect to any criminal action, had no reasonable cause to believe their conduct was unlawful. Section 145 of the DGCL expressly provides that the power to indemnify or advance expenses authorized thereby is not exclusive of any rights granted under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office. Moreover, Section 145 of the DGCL provides that the registrant has the power to purchase and maintain insurance on behalf of its current and former directors, officers, employees and agents.

The registrant's amended and restated certificate of incorporation provides mandatory indemnification to any party who is or was a director or officer of the registrant or who is or was serving as a director or officer of another entity at the request of the registrant to the fullest extent permitted by the DGCL. The registrant's amended and restated certificate of incorporation also provides that any indemnification will be made in a specific case only as authorized by the registrant's board of directors, a committee of the board of directors, independent legal counsel or the stockholders, upon a determination that indemnification is proper in the circumstances because the indemnitee met the applicable standard of conduct set forth in the registrant's

amended and restated certificate of incorporation. However, if a current or former director or officer has been successful in the defense of any covered action or proceeding, such person will be indemnified against expenses actually and reasonably incurred.

Item 17. Undertakings.

We hereby undertake:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement: (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that clauses (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those clauses is contained in reports filed with or furnished to the Commission by us pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

Table of Contents

(5) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of us pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by a director, officer or controlling person of us in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
