This Form 6-K contains forward-looking statements within the meaning of the Securities Exchange Act of 1934 as amended, and information that is based on management's beliefs as well as assumptions made by and information currently available to management. When used in this Form 6-K, the words anticipate, approach, begin, believe, continue, expect, forecast, going forward, improved, likely, look forward, outlook, plans, potential, proposal, should and would and similar expressions are intended to identify forward-looking statements. These forward-looking statements necessarily make assumptions, some of which are inherently subject to uncertainties and contingencies that are beyond the Company's control. Should one or more of these uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, expected, estimated or projected. Specifically, the ability of the Company to realize its ongoing commitment to increasing shareholder value through its ongoing restructuring, asset dispositions, strategic review and implementation, and cost cutting initiatives, may be affected by many factors including: uncertainties and contingencies such as economic conditions both in the world and in those areas where the Company has or will have substantial operations; foreign currency exchange rates; pricing pressures on products produced by its subsidiaries; growth prospects; positioning of its business segments; future production output capacity; and the success of the Company's business strategies, including further structural and operational changes, business dispositions, internal reorganizations, cost cutting, and consolidations.

**ANSELL TO TERMINATE REPORTING OBLIGATIONS AND DEREGISTER**

**ORDINARY SHARES UNDER**

**U.S. SECURITIES EXCHANGE ACT**

Ansell Limited (ASX: ANN) today announced that it intends to file with the United States Securities and Exchange Commission on June 5, 2007 the documents necessary to voluntarily terminate its obligation to file periodic reports in the U.S. and to deregister its ordinary shares under the Exchange Act. The Company's listing of its ordinary shares on the Australian Stock Exchange (ASX) will not be affected by the action being taken under U.S. law.

This voluntary action has been taken due to the high cost of maintaining the registration of ordinary shares in the U.S. Trading in the United States accounts for less than 1% of the total volume of Ansell shares traded worldwide. Ansell prepares accounts in accordance with the Australian equivalents of the International Financial Reporting Standards and believes that continuing to incur the costs associated with preparing US GAAP reports for filing is no longer warranted.

Ansell had previously terminated its American Depository Receipt program and delisted its ADRs from the NASDAQ National Market effective June 5, 2006.

Ansell will post on its website [www.ansell.com](http://www.ansell.com), all information that the Company has made or is required to make public under Australian law, or has filed or is required to file with the ASX, or has distributed or is required to distribute to shareholders, in each case promptly after such information is required to be made public.
