ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On July 23, 2007, DSP Group, Inc. (the Company) announced its financial results for the quarter ended June 30, 2007. A copy of the press release, dated July 23, 2007, is attached and filed herewith as Exhibit 99.1. This information, including Exhibit 99.1 attached hereto, shall not be deemed filed for purposes of Section 18 of the Securities Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference to such filing.

In addition to the disclosure of financial results for the quarter ended June 30, 2007 in accordance with generally accepted accounting principles in the United States (GAAP), the press release also included non-GAAP (pro forma) net income and diluted earnings per share (EPS) figures for the quarter ended June 30, 2007 that excluded the expenses associated with the application of Statement of Financial Accounting Standards (SFAS) 123(R) and loss related to the anticipated realization of certain marketable securities.

The Company believes that the pro forma presentation in the press release is useful to investors in analyzing the results for the quarter ended June 30, 2007 because the pro forma presentation excluded non-cash equity-based compensation expenses relating to SFAS 123(R) and loss related to the anticipated realization of certain marketable securities that management does not consider meaningful for purposes of analyzing the Company's core operating results and making budget-planning decisions. Further, the Company believes it is useful for investors to understand how the expenses associated with the application of SFAS 123(R) are reflected on its statements of income. The pro forma financial measures are used in addition to and in conjunction with results presented in accordance with GAAP, and are intended to provide additional insight into the Company's operations that, when viewed with its GAAP results and the accompanying reconciliations to corresponding GAAP financial measures, offer a more complete understanding of factors and trends affecting the Company's business. The pro forma presentation should not be viewed as a substitute for the Company's reported GAAP results.
