Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements with Certain Officers

On July 19, our Board of Directors, based on the recommendation of its Corporate Governance Committee (which functions as the Board's independent compensation committee), approved the criteria under which incentive awards may be paid for 2007 to each participant in our Annual Cash Incentive Plan, including our named executive officers.

Under the criteria approved by the Board, the incentive award payable to each participant for 2007 will be:

his or her Base Amount (stated as a percentage of the mid-point of his or her salary grade), multiplied by

a percentage of from 0% to 100% (the Applicable Percentage) to be determined based on the amount of our 2007 Pre-Tax, Pre-Incentive Income (i.e. our consolidated earnings, before taxes and before any deduction for the payment of incentive awards under the Plan), multiplied by

a percentage from 0% to 100% (the Performance Percentage) to be determined based on the extent to which individual and/or team performance goals (Performance Goals) assigned to participants, or to groups of participants with similar responsibilities (and expressed as quantitative and/or qualitative measures of individual, branch and/or company-wide performance related to the participants' duties and responsibilities), are met for the year.

The threshold amount of Pre-Tax, Pre-Incentive Income required before any awards may be paid under the Plan is \$2,210,802, and the Applicable Percentage will be 100% if Pre-Tax, Pre-Incentive Income amounts to \$3,106,317 or more.

A weight, expressed as a percentage, or a range of percentages, is assigned to each Performance Goal. Those percentages are positive numbers in the case of certain Performance Goals, and they are negative numbers (or deductions) in the case of certain other Performance Goals. At the end of 2007, the Committee will determine the extent to which each participant's Performance Goals have been met, and each participant's Performance Percentage will equal the aggregate of the positive percentages related to goals that have been met, minus the aggregate of the negative percentages related to goals that have not been met.

The Compensation Committee has the discretion to adjust (increase or decrease) the amount of the award paid to any participant as it deems necessary to meet the purpose of this Plan and to recommend payment of discretionary bonuses outside the Plan.

The following table lists the Base Amount for each of our named executive officers for 2007.
