This free writing prospectus reflects the following amendments that were made in Amendment No. 2 to VisionChina's Registration Statement on Form F-1, or Amendment No. 2, as filed via EDGAR with the SEC on November 29, 2007. All references to page numbers are to the page numbers of Amendment No. 2.

### PROSPECTUS SUMMARY

*The disclosure regarding VisionChina's exclusive agency model has been revised. The relevant disclosure (as amended) in the first bullet point on page 2 is set forth below:*

***Exclusive agency model*** refers to our arrangements with terms ranging from four years to twelve years in seven cities, Beijing, Chengdu, Guangzhou, Nanjing, Ningbo, Shenzhen and Wuxi. In Beijing, Chengdu, Guangzhou, Nanjing, Ningbo and Shenzhen, we have entered into an exclusive advertising agency agreement with the partner local mobile digital television company that gives us the exclusive right to sell all of the advertising time on our local partner's mobile digital television network located on buses. Those buses are operated by bus companies that have entered into contracts with our local partners, or, in the case of Guangzhou, those buses are operated by a number of bus companies with which we expect to enter into contracts through our local affiliate by June 2008. Our exclusive agency agreements with our direct investment entities in Chengdu and Ningbo will become effective on January 1, 2008. Our exclusive agency arrangement in Wuxi that gives us the exclusive right to sell a portion of the advertising time on Wuxi's mobile digital television network does not include sales of advertising time to advertisers from Wuxi.

### RISK FACTORS

*The risk factor disclosure "We face significant competition, and if we do not compete successfully against new and existing competitors, we may lose our market share, and our profitability may be adversely affected" has been revised. The relevant disclosure (as amended) in the first paragraph of that risk factor on page 17 is set forth below:*

We compete with other mobile digital television advertising companies and other new media advertising companies in China. We compete for advertising clients primarily on the basis of network size and coverage, location, price, range of services and brand name. We also face competition from other mobile digital television advertising network operators for access to the most desirable cities and mass transportation systems in China. Our major competitors include other companies that operate out-of-home advertising media networks such as Focus Media, and other smaller mobile digital television companies. We also compete for overall advertising spending with other advertising media, such as television, mass transportation posters, billboards, newspapers, radio,

magazines and the Internet. Some of our competitors operate digital television advertising networks installed on mass transportation systems primarily playing prerecorded content saved on compact flash cards or DVDs. For example, Towona Mobile Digital Co., Ltd. and Bus Online each operate a network on mass transportation systems utilizing compact flash cards, DVDs and, to a lesser extent, mobile digital television broadcasts in China including Beijing, Guangzhou, Nanjing, Shenzhen and several other cities where we operate our business. Towona was reported to be the largest mobile television group in China in a report released in November 2007 which was reported to be jointly sponsored by four market research firms.

## BUSINESS

### Overview

*The disclosure regarding VisionChina's exclusive agency model has been revised. The relevant disclosure (as amended) in the first bullet point of Business Overview on page 80 is set forth below:*

*Exclusive agency model* refers to our arrangements with terms ranging from four years to twelve years in seven cities, Beijing, Chengdu, Guangzhou, Nanjing, Ningbo, Shenzhen and Wuxi. In Beijing, Chengdu, Guangzhou, Nanjing, Ningbo and Shenzhen, we have entered into an exclusive advertising agency agreement with the partner local mobile digital television company that gives us the exclusive right to sell all of the advertising time on our local partner's mobile digital television network located on buses. Our exclusive agency arrangement in Wuxi that gives us the exclusive right to sell a portion of the advertising time on Wuxi's mobile digital television network does not include sales of advertising time to advertisers from Wuxi.

### Relationships with Location Providers

*The relevant disclosure (as amended) in Business Relationship with Location Providers Our Exclusive Agency Cities on page 94 is set forth below:*

In our exclusive agency cities of Beijing, Nanjing and Shenzhen, the local mobile digital television company negotiates directly with the bus companies for a placement agreement to secure the right to install digital television displays and then exclusively assigns that right to us. On August 31, 2007, we also entered into an exclusive agreement with the exclusive operator of the mobile digital television network on Beijing's subway system to place our advertisements on the digital television displays located on the subway trains in Beijing. These digital television displays receive the mobile digital television broadcasts and constitute part of our network in Beijing. In Guangzhou, our local affiliate has obtained authorization from the local transportation commission to operate the mobile digital television network on buses in Guangzhou that are administered by the local transportation commission, and we expect to enter into contracts with a number of bus companies through our local affiliate by June 2008. We have already installed a number of digital television displays in selected buses in Guangzhou on a test basis.

### Competition

*The relevant disclosure (as amended) in the first paragraph of Business Competition on page 95 is set forth below:*

We compete with other advertising companies in China including companies that operate out-of-home advertising media networks such as Focus Media and other smaller mobile digital television companies. We also compete with traditional television stations for advertising spending. We compete for advertising clients primarily on the basis of network size and coverage, location, price, the range of services that we offer and our brand name.

We also compete for overall advertising spending with other alternative advertising media companies, such as the Internet, street furniture, billboard, frame and public transport advertising companies, and with traditional advertising media, such as newspapers, magazines and radio. Some of our competitors operate digital television advertising networks installed on mass transportation systems primarily playing prerecorded content saved on compact flash cards or DVDs. For example, Towona Mobile Digital Co., Ltd. and Bus Online each operate a network on mass transportation systems utilizing compact flash cards, DVDs and, to a lesser extent, mobile digital television broadcasts in China including Beijing, Guangzhou, Nanjing, Shenzhen and several other cities where we operate our business. Towona was reported to be the largest mobile television group in China in a report released in November 2007 which was reported to be jointly sponsored by four market research firms.
