Item 8.01. Other Events

ScanSource, Inc. (the Company) announced today that it received written notice from the United States Securities and Exchange Commission (SEC) that the investigation concerning the Company's historical stock option grant practices had been completed and that no enforcement action was recommended.

As previously announced, the Company received an informal request from the SEC for information on its historical stock option grant practices. A special committee consisting of independent members of the Company's Board of Directors conducted a review of these practices. On January 19, 2007, the Company announced the completion of this independent review, which did not conclude that current senior management, the former CEO, or the members of the Compensation Committee engaged in intentional misconduct in the administration and oversight of the Company's stock option program. The Company presented the results of this independent review to the SEC.
