PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
APRIL 3, 2008

The Board of Directors of H.B. Fuller Company is soliciting proxies to be used at the Annual Meeting of Shareholders to be held on April 3, 2008, and at any adjournment and reconvening of the meeting. We will begin mailing this Proxy Statement and the enclosed form of proxy on or about February 27, 2008.

QUESTIONS AND ANSWERS ABOUT THE MEETING

What is the purpose of the meeting?

At our annual meeting, shareholders will act upon the matters disclosed in the Notice of Annual Meeting of Shareholders that preceded this Proxy Statement. These include the election of three directors, ratification of the appointment of our independent auditors and approval of the Amended and Restated H.B. Fuller Annual and Long-Term Incentive Plan.

We will also consider any other business that may properly be presented at the meeting, and management will report on H.B. Fuller's performance during the last fiscal year and respond to questions from shareholders.

How does the Board recommend that I vote?

The Board of Directors recommends a vote **FOR** all of the nominees for director, **FOR** the ratification of the appointment of KPMG LLP as our independent auditors for the fiscal year ending November 29, 2008 and **FOR** the approval of the Amended and Restated H.B. Fuller Annual and Long-Term Incentive Plan.

Who is entitled to vote at the meeting?

If you were a shareholder of record at the close of business on February 8, 2008, you are entitled to vote at the meeting.

Edgar Filing: FULLER H B CO - Form DEF 14A

As of the record date, 56,340,502 shares of Common Stock were outstanding and eligible to vote.

What is the difference between a shareholder of record and a street name holder?

If your shares are registered directly in your name, you are considered the shareholder of record with respect to those shares.

If your shares are held in a stock brokerage account or by a bank or other nominee, such as the H.B. Fuller 401(k) Thrift Plan, you are considered the beneficial owner of those shares, and your shares are held in street name. If you are a street name holder, you will receive a voting instructions card, which appears very similar to a proxy card. Please complete that card as directed in order to ensure your shares are voted at the meeting.

What are the voting rights of the shareholders?

Holders of Common Stock are entitled to one vote per share. Therefore, a total of 56,340,502 votes are entitled to be cast at the meeting. There is no cumulative voting for the election of directors.

Table of Contents

How many shares must be present to hold the meeting?

A quorum is necessary to hold the meeting and conduct business. The presence of shareholders who can direct the voting of at least a majority of the outstanding shares of Common Stock as of the record date is considered a quorum. A shareholder is counted as present at the meeting if the shareholder is present and votes in person at the meeting or the shareholder has properly submitted a proxy by mail, telephone or via the Internet.

How do I vote my shares?

If you are a shareholder of record, you can give a proxy to be voted at the meeting either:

over the telephone by calling 1-800-560-1965;

electronically, using the Internet at www.eproxy.com/ful/; or

by mailing the enclosed proxy card.

The telephone and Internet voting procedures have been set up for your convenience. The procedures have been designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. If you are a shareholder of record and you would like to vote by telephone or by using the Internet, please refer to the specific instructions on the enclosed proxy card. If you wish to vote using the paper proxy card, please return your signed proxy card to us before the meeting. You may also vote in person at the meeting.

If you hold your shares in street name, you must vote your shares following the procedures indicated to you by your broker or nominee on the enclosed voting instructions card.

What does it mean if I receive more than one proxy card or voting instructions card?

It means you hold shares of H.B. Fuller stock in more than one account. To ensure that all of your shares are voted, sign and return each proxy card or, if you vote by telephone or via the Internet, vote once for each proxy card you receive.

Can I vote my shares in person at the meeting?

Edgar Filing: FULLER H B CO - Form DEF 14A

Yes. If you are a shareholder of record, you may vote your shares at the meeting by completing a ballot at the meeting. However, even if you currently plan to attend the meeting, we recommend that you submit your proxy ahead of time so that your vote will be counted if, for whatever reason, you later decide to not attend the meeting.

If you hold your shares in street name, you may vote your shares in person at the meeting only if you obtain a signed proxy from your broker, bank or other nominee giving you the right to vote such shares at the meeting.

What vote is required for the proposals to be approved?

With respect to the election of directors, the three director nominees receiving the most votes for their election will be elected directors. With respect to approval of all other matters to come before the meeting, including the ratification of the appointment of KPMG LLP as our independent auditors and the approval of the Amended and Restated H.B. Fuller Amended and Restated Annual and Long-Term Incentive Plan, the affirmative vote of a majority of the shares of Common Stock represented and entitled to vote on each matter is required, provided that the total number of shares of Common Stock that vote on each proposal represents a majority of the shares outstanding on the record date.

Table of Contents

How are votes counted?

Shareholders may either vote FOR or WITHHOLD authority to vote for each nominee for the Board of Directors. Shareholders may vote FOR, AGAINST or ABSTAIN on the ratification of the appointment of KPMG LLP. Shareholders may vote FOR, AGAINST ABSTAIN on the approval of the Amended and Restated H.B. Fuller Annual and Long-Term Incentive Plan.

If you vote ABSTAIN or WITHHOLD, your shares will be counted as present at the meeting for the purposes of determining a quorum. If you ABSTAIN from voting on a proposal, your abstention has the same effect as a vote against that proposal. If you WITHHOLD authority to vote for one or more of the nominees for director, this will have no effect on the election of any director from whom votes are withheld.

If you hold your shares in street name and do not provide voting instructions to your broker or nominee, your shares may not be voted. In this situation, a broker non-vote may occur. Shares that constitute broker non-votes will be present at the meeting for the purpose of determining a quorum, but are not considered as entitled to vote on the proposal in question, and, therefore, will not affect the outcome of the vote with respect to that proposal.

What if I do not specify how I want my shares voted?

If you do not specify on your returned proxy card (or when giving your proxy by telephone or via the Internet) how you want to vote your shares, we will vote them:

FOR all of the nominees for director;

FOR the ratification of the appointment of KPMG LLP as our independent auditors for the 2008 fiscal year;

FOR the approval of the Amended and Restated H.B. Fuller Company Annual and Long-Term Incentive Plan; and

with respect to such other matters that may properly come before the meeting, in accordance with the judgment of the persons named as proxies in the enclosed proxy card or voting instructions card.

Can I change my vote?

Yes. If you are a shareholder of record, you may change your vote and revoke your proxy at any time before it is voted at the meeting in any of the following ways:

Edgar Filing: FULLER H B CO - Form DEF 14A

by sending a written notice of revocation to our Corporate Secretary;

by submitting another properly signed proxy card at a later date to our Corporate Secretary;

by submitting another proxy by telephone or via the Internet at a later date; or

by voting in person at the meeting.

If you are a street name holder, please consult your broker, trustee or nominee for instructions on how to change your vote.

Who pays for the cost of proxy preparation and solicitation?

We pay for the cost of proxy preparation and solicitation, including the charges and expenses of brokerage firms or other nominees for forwarding proxy materials to beneficial owners of shares held in street name. We have retained Morrow & Co., LLC to assist in the solicitation of proxies for a fee of approximately \$5,500 plus associated costs and expenses.

Table of Contents

We are soliciting proxies primarily by mail. In addition, proxies may be solicited by telephone or facsimile, or personally by our directors, officers and regular employees. These individuals will receive no compensation (other than their regular salaries) for these services.

Are the proxy and related materials available electronically?

Yes. All proxy-related materials have also been sent via mail.

Our Proxy Statement and 2007 Annual Report, including our Annual Report on Form 10-K, are available on the H.B. Fuller Company website at www.hbfuller.com in the Financial section of the Investor Relations page.

Will the meeting consider any other business?

If any other business does properly come before the meeting, the persons named as proxies on the enclosed proxy card will vote in accordance with their best judgment as to the best interests of H.B. Fuller and its shareholders.

How can a shareholder present a proposal at the 2009 Annual Meeting?

In order for a shareholder proposal to be considered for inclusion in our Proxy Statement for the 2009 Annual Meeting, the written proposal must be received at our principal executive offices by the close of business on October 30, 2008. The proposal must comply with Securities and Exchange Commission (SEC) regulations regarding the inclusion of shareholder proposals in company-sponsored proxy materials. Please contact our Corporate Secretary for a copy of such regulations.

Edgar Filing: FULLER H B CO - Form DEF 14A

PROPOSAL 1 ELECTION OF DIRECTORS

Proposal

The Board of Directors is currently composed of nine directors and divided into three classes. Each year one class of directors stands for election for a three-year term. The term of office for Class III directors, consisting of J. Michael Losh, Lee R. Mitau and R. William Van Sant, will expire at the annual meeting.

At the annual meeting, three persons are to be elected as Class III directors to hold a three-year term of office from the date of their election until the 2011 annual meeting and until their successors are duly elected and qualified. The three nominees for election as Class III directors are J. Michael Losh, Lee R. Mitau and R. William Van Sant, all of whom are currently directors. All of the nominees have agreed to serve as a director if elected. Following the annual meeting, the Board will be comprised of nine directors. Pursuant to our Company's Bylaws, no more than 15 persons may serve on the Board. For information on how a shareholder may suggest a person to be a nominee to the Board, see *How can a shareholder suggest a candidate for election to the Board?*

The term of office for Class I directors, currently consisting of Richard L. Marcantonio, Alfredo Rovira and Juliana L. Chugg will expire at the annual meeting in 2009 and the term of office for Class II directors, consisting of Knut Kleedehn, John C. van Roden, Jr. and Michele Volpi, will expire at the annual meeting in 2010. All of the directors were elected to the Board of Directors by the shareholders, except Ms. Chugg who was appointed to the Board of Directors effective April 2007.

We will vote your shares as you specify when providing your proxy. You may either vote FOR or WITHHOLD authority to vote for each nominee for the Board of Directors. If you submit your proxy without voting instructions, we will vote your shares FOR the election of the three nominees. If, for any reason, any nominee becomes unable to serve before the election, we will vote your shares for a substitute nominee selected by the Board of Directors. Alternatively, the Board of Directors, at its option, may reduce the number of directors constituting Class III directors.

The three director nominees receiving the most votes for their election will be elected directors.

The Board of Directors recommends a vote FOR election of each of the nominees.

How can a shareholder suggest a candidate for election to the Board?

The Corporate Governance and Nominating Committee of the Board nominates all candidates for election to the Board. Generally, current directors or management identify candidates for consideration by the Committee. The Corporate Governance and Nominating Committee will review all nominees to the Board of Directors, including an assessment of a nominee's judgment, experience, independence and such other factors as the Corporate Governance and Nominating Committee concludes are pertinent in light of the Board's needs. The Board of Directors believes that its membership should reflect a diversity of experience, skills, geography, gender and ethnicity. The Corporate Governance and Nominating Committee will select qualified nominees and review its recommendations with the Board, which will decide whether to invite any nominee to join or stand for reelection to the Board. If appropriate in the future, the Committee may engage a third person for a fee to assist in the process of identifying potential nominees. The Committee also will consider candidates recommended by any shareholder using the same criteria set forth above. No shareholder identified any candidate during fiscal year 2007. Any shareholder interested in suggesting a candidate for election to the Board should contact the Corporate Governance and Nominating Committee through the Corporate Secretary.

Communications with Directors

Any shareholder or other interested party may contact the Board, any committee or an individual director, by mailing a letter addressed to the Board, committee or individual director in care of the Corporate Secretary. The Corporate Secretary reviews all communications, and after ascertaining whether such communications are appropriate to the duties and responsibilities of the Board, will forward such correspondence to the directors for their information and consideration. The Board has requested the Corporate Secretary not forward the following types of communications to the Board: general solicitations for business or products, job applications or resumes, and any material that does not relate to the responsibilities of the Board.

Director Independence

Pursuant to our Corporate Governance Guidelines and the listing standards of the New York Stock Exchange (NYSE), the Board has determined that all current Board members, other than Mr. Volpi, are independent. No director is considered independent unless the Board affirmatively determines that such director has no material relationship with H.B. Fuller. In assessing the materiality of any person's relationship with H.B. Fuller, the Board considers all relevant facts and circumstances, including not only direct relationships between H.B. Fuller and each director but also any relationships between H.B. Fuller and any entity with which a director is affiliated.

Edgar Filing: FULLER H B CO - Form DEF 14A

The Board of Directors reviewed certain transactions between H.B. Fuller and our directors, their immediate family members and entities with which they are affiliated and determined that they were made or established in the ordinary course of business and that the directors had no direct or indirect material interest in the transactions. All of the transactions were either banking or lending type transactions or standard customer-supplier transactions.

The Board considered lending, trustee and credit card services between the Company and the following company at which a current director is an officer:

U.S. Bank (a commercial bank providing banking, brokerage, insurance, investment, mortgage, trust and payment services), of which Lee R. Mitau is the Executive Vice President and General Counsel.

Table of Contents

The Board considered customer-supplier transactions between the Company and the following companies at which a current director is an employee or officer:

Les Services G&K (Quebec) Inc., G&K Services Inc. s Canadian subsidiary (a provider of uniform and facility services), of which Richard L. Marcantonio is Chairman of the Board and Chief Executive Officer, and

General Mills, Inc. (a manufacturer and marketer of consumer food products), of which Juliana Chugg is a Senior Vice President.

Meetings of the Board and Board Committees

Directors are expected to attend the annual meeting of shareholders and all meetings (including teleconference meetings) of the Board and each committee on which they serve. The Board and the Compensation Committee each held four scheduled meetings during the 2007 fiscal year. The Corporate Governance and Nominating Committee held three meetings during the 2007 fiscal year. The Audit Committee held ten meetings during the 2007 fiscal year, six of which were teleconference meetings. During the fiscal year, the directors attended greater than 75% of the meetings of the Board and Board committees on which the directors served. In addition, all but one of the then-serving directors attended our Annual Meeting of shareholders held on April 4, 2007.

What are the roles of the Board s committees?

The Board of Directors is responsible for the overall affairs of H.B. Fuller. The Board conducts its business through meetings of the Board and three standing committees: Audit; Compensation; and Corporate Governance and Nominating. The Board has adopted a written charter for each committee. The charters for each of these committees are available for review on website: www.hbfuller.com in the Governance section of the Investor Relations page. Printed copies of these charters may also be obtained by sending a request to the Office of the Corporate Secretary, P.O. Box 64683, St. Paul, Minnesota 55164-0683. When necessary, the Board may also establish ad hoc committees to address specific issues.

This is discussed in the Benefits, Retirement Programs, Perquisites and Other Programs section of the Compensation Discussion and Analysis section of this Proxy Statement. Management also used Hewitt Associates as an outside compensation consultant to provide stock grant value calculations (Black-Scholes). John C. van Roden, Jr.

Number of Meetings in fiscal year 2007: Three

Functions: The Corporate Governance and Nominating Committee reviews matters of corporate governance, including reviewing our organizational structure and succession planning. The Corporate Governance and Nominating Committee reviews a director's continued service if a director's occupation changes during his or her term. This Committee also evaluates the performance of the Chairman of the Board, the President and Chief Executive Officer, and the directors, and makes recommendations to the Board regarding any shareholder proposals.

This Committee considers shareholder recommendations for potential director nominees. Suggestions may be sent to the Corporate Governance and Nominating Committee in care of the Corporate Secretary of H.B. Fuller. See *How can a shareholder suggest a candidate for election to the Board?*

All of the members of the Corporate Governance and Nominating Committee are considered independent as that term is defined by our Corporate Governance Guidelines and the listing standards of the NYSE.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During fiscal year 2007, the Board of Directors adopted a written policy and procedures for the review, approval or ratification of transactions with executive officers, directors and nominees for director and their immediate family members. In general, the policy provides that certain transactions with these related persons and their immediate family members and certain transactions with any person who is a security holder known to us to be the beneficial owner of more than five percent of any class of our stock, are subject to the review, approval and/or ratification of the disinterested members of the Audit Committee. If ratification of a transaction is not forthcoming, management must make all reasonable efforts to cancel or annul that transaction. If a transaction with a related party is entered into without the pre-approval of the Audit Committee, it shall not be deemed to violate these policies and procedures, or be invalid or unenforceable, so long as the transaction is brought to the Audit Committee for ratification as promptly as reasonably practical after it is entered into or brought to our attention. All executive officers and directors of H.B. Fuller will be informed in writing on an annual basis of these policies and procedures. The Audit Committee may use any process and review any information that it determines is reasonable in order to determine if a transaction is fair and reasonable and on terms no less favorable to H.B. Fuller than could be obtained in a comparable arm's length transaction with an unrelated third party to H.B. Fuller.

In addition, on an annual basis, each of our directors and executive officers completes a questionnaire and discloses information regarding entities with which they and their immediate family members are affiliated. Any person nominated for election as a director must complete a questionnaire no later than the date he or she becomes a member of the Board of Directors. Any person who becomes an executive officer must complete a questionnaire as soon as reasonably practicable thereafter.

Our Audit Committee annually reviews all transactions and relationships disclosed in the director and officer questionnaires and approves or ratifies, as applicable, any transactions with related persons. The Board of Directors makes a formal determination regarding each director's independence.

During fiscal year 2007, we had transactions, arrangements and relationships with entities with which some of our related persons, specifically certain of our directors and their family members, are affiliated. However, in accordance with the procedures in the Company's policy, the Audit Committee determined that those related persons had no direct or indirect material interest in those transactions, arrangements and relationships.

Table of Contents

DIRECTOR COMPENSATION

The form and amount of compensation for each director is determined and reviewed at least annually by the Compensation Committee. Such compensation reflects the philosophy and practice for boards of similar public companies and is comprised of cash and H.B. Fuller Common Stock (or its equivalents). Similar to our executive compensation policy, the practice of generally aligning to the market median/50% also applies to our director compensation.

2007 Review of Director Compensation

At the July 2007 meeting, the Compensation Committee reviewed a market analysis conducted by Towers Perrin relating to overall director compensation competitiveness, including annual board retainers, board meeting fees, committee meeting fees, committee chair retainers and annual stock based awards. The market analysis included 24 chemical companies in the \$1-3 billion revenue category and 27 in the general industry \$1-\$3 billion category. As a result of this market analysis, the Compensation Committee approved an increase in the discretionary stock-based award from 1.3 times the annual retainer to 1.4 times the retainer to align more closely with the market. This was an increase in the target award value of Common Stock Units of \$45,500 to \$49,000. The Committee approved an award value of \$49,000 per director to be divided by the fair market value on July 11, 2007 to establish the number of units awarded. As a result, 1,682 Common Stock Units were awarded to each director.

Cash Fees

The following fees are paid to our non-employee directors:

Annual Board retainer	\$ 35,000
Annual retainer for non-executive Chairman of the Board	\$ 75,000
Annual retainer for Audit Committee Chair	\$ 10,000
Annual retainer for Compensation Committee Chair and Corporate Governance and Nominating Committee Chair	\$ 7,500
Daily attendance fee for each Board meeting	\$ 1,000
Attendance fee for each Committee meeting, either in person or via telephone	\$ 1,000
Attendance fee for each Committee ad-hoc telephone meeting	\$ 500

Mr. Volpi, our President and Chief Executive Officer, does not receive separate compensation for serving as director nor for attendance at any meeting.

Travel Reimbursement

We also reimburse each director for any out-of-pocket expenses related to attendance at any meeting or arising from other H.B. Fuller business. If a non-employee director must travel to and from a meeting held in the United States on a day other than the day in which he/she receives any board or meeting fees, the director will be reimbursed \$500 per day. For meetings held outside the

United States and in the western hemisphere, non-employee directors are reimbursed \$500 for travel each way. For meetings held outside the United States and in the eastern hemisphere, non-employee directors are reimbursed \$1,000 for travel each way. The purpose of these payments is to reimburse non-employee directors fairly and equitably for significant travel time spent to and from H.B. Fuller Board of Directors meetings and/or Committee meetings.

Equity Awards

In addition to the retainer, meeting and attendance fees described above, the Board believes it is important that each director have an economic stake in our Common Stock. As a result, the Compensation Committee typically makes an annual grant of shares of restricted Common Stock or Common Stock units to each non-employee director. During fiscal year 2007, the Compensation Committee made a discretionary grant of 1,682 H.B. Fuller Common Stock units to each non-employee director under the Directors Deferred Compensation Plan. This plan is described below.

Table of Contents

In addition, each director typically receives a one-time grant of H.B. Fuller Common Stock (or its equivalent) upon his/her initial election to the Board. These Common Stock (or its equivalent) awards are granted under our Directors' Stock Incentive Plan, which is described below. These shares vest four years from the date of grant subject to continued service during that period. In April 2007, Ms. Chugg received a grant of 1,300 shares of restricted Common Stock at the time of her initial appointment to the Board.

Directors' Deferred Compensation Plan

Under this plan, directors may elect to defer all or a percentage of their retainer, attendance and meeting fees. Deferred amounts are credited with gains and losses based on the performance of certain mutual funds or H.B. Fuller Common Stock as elected by the director prior to deferring any fees. Directors who elect their retainer, attendance or meeting fees to be deferred into H.B. Fuller Common Stock units as an investment are credited with phantom stock units that will be paid out in shares of Common Stock. Phantom stock units are credited with dividend equivalents equal to the amount of dividends, if any, paid on an equal number of shares of H.B. Fuller Common Stock. The dividend equivalents are converted into additional phantom stock units based on the fair market value of H.B. Fuller Common Stock on the dividend payment date. If a participant elects to defer retainer, attendance or meeting fees into the H.B. Fuller Common Stock account in this plan, we make a 10% matching contribution of additional phantom stock units to the amount invested in H.B. Fuller Common Stock by the director. The additional phantom stock units credited to the directors' accounts do not have voting rights. In addition, the Compensation Committee may make discretionary contributions to a participant's Common Stock account under this plan. As described above, during fiscal year 2007, the Committee exercised this discretion and granted each non-employee director 1,682 H.B. Fuller Common Stock units under this plan.

Any amounts deferred under this plan are paid in shares of H.B. Fuller Common Stock or cash at the earliest to occur of:

The later of the date of the director's retirement (that is, the date of resignation or removal from the Board or the end of the director's elected term) or such other date as elected and specified by the director, which is subject to approval by the Compensation Committee and is made only at the time of the director's initial elections and is irrevocable;

disability;

death;

the date of a change in control of H.B. Fuller; or

the date of termination of the plan.

Directors' Stock Incentive Plan

Under this plan, we may issue to non-employee members of the Board of Directors restricted stock, restricted stock units, options, stock appreciation rights, performance awards or other stock-based awards. Shares of H.B. Fuller Common Stock are also issued under this plan to satisfy any requirements under the Directors' Deferred Compensation Plan. The Compensation Committee determines the type, amount and other terms and conditions of any award under this plan.

Physical Examinations

Non-employee directors are reimbursed for an annual physical examination and related expenses. These amounts are shown in the All Other Compensation column of the Director Compensation Table in this Proxy Statement.

Matching Gifts to Education Program

Under this program, we match a non-employee director's contributions (up to \$1,000) to eligible educational institutions. These amounts are shown in the All Other Compensation column of the Director Compensation Table in this Proxy Statement.

Stock Ownership Guidelines

We have and maintain goals for stock ownership by all non-employee directors. Our goal for director stock ownership is five times the annual board retainer. A review of director stock ownership was conducted at the October Compensation Committee meeting. All directors have met or exceeded this goal except for Ms. Chugg who became a director in April 2007.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis describes the material elements of compensation awarded to each of our executive officers listed in the Summary Compensation Table in this Proxy Statement (the "named executive officers"). This discussion and analysis focuses on the information contained in the tables and accompanying footnotes and narrative for fiscal year 2007 which follow this Compensation Discussion and Analysis. We discuss compensation actions taken during fiscal years 2006 and 2008 to the extent they enhance the understanding of our executive compensation program for fiscal year 2007.

The Compensation Committee of the Board of Directors oversees the compensation programs and practices for named executive officers, other key executive officers and directors. The Compensation Committee reviews and approves compensation, including salary, incentive programs, stock-based awards, perquisites and supplemental benefits, employment agreements, severance arrangements, change in control provisions and other executive compensation items for our executive officers who report to the Chief Executive Officer. The Compensation Committee monitors the competitiveness of our retirement plans. The Compensation Committee also has the authority to administer our stock-based compensation plans and to grant individual awards thereunder.

The Compensation Committee annually reviews and approves compensation for our non-employee directors, including retainers, fees, stock-based awards and other compensation and expense items. This review is discussed under the "Director Compensation" section of this Proxy Statement.

The processes and procedures for the Compensation Committee oversight are discussed in the "Corporate Governance" section of this Proxy Statement.

Philosophy

The philosophy behind and goal of our executive compensation program (which includes all the named executive officers) is to provide a competitive compensation package that rewards executive officers for sustained financial and operating performance, thus creating long-term value for our shareholders. To that end, we have designed and implemented our compensation programs for our executive officers to meet three principal objectives:

Attract, motivate, reward and retain executive officers;

Motivate these individuals to achieve short-term and long-term corporate goals that enhance shareholder value; and

Support H.B. Fuller's core values and culture by promoting internal pay equity and external competitiveness.

To meet these objectives, H.B. Fuller has the following guidelines:

Pay compensation that is competitive with the practices of companies in the general industry, as well as the chemical industry, with revenues comparable to our revenues; and

Pay for performance by setting challenging performance goals for our executive officers and providing a short-term incentive through a bonus plan that is based upon achievement of these goals; and

Provide long-term, significant incentives in the form of stock options, restricted stock and/or restricted stock units, in order to retain those individuals with the leadership abilities necessary for increasing long-term shareholder value while aligning the interests of our executive officers with those of our shareholders.

Table of Contents

These guidelines are considered by the Compensation Committee when the various elements of the executive compensation program are being assessed.

Key Elements of the Executive Compensation Program

The key elements of the executive compensation program are:

base salary;

short-term incentive;

long-term incentive compensation in the form of stock options, restricted stock and restricted stock units;

retirement programs, including supplemental executive retirement plans, perquisites and other programs; and

change-in-control agreements.

Many of our compensation elements simultaneously fulfill one or more of our stated objectives. In determining the particular elements of compensation that will be used to implement our overall compensation policies, the Compensation Committee takes into consideration factors related to H.B. Fuller's performance, such as H.B. Fuller's earnings, revenue growth, and business-unit-specific operational and financial performance, as well as competitive practices. Other considerations include H.B. Fuller's business objectives, its fiduciary and corporate responsibilities (including internal pay equity considerations and affordability), competitive practices and trends, and regulatory requirements. In deciding on the type and amount of compensation for each executive officer, we focus on both the current pay and the opportunity for future compensation. We combine the compensation elements for each executive officer in a manner we believe optimizes the executive officer's contribution to H.B. Fuller.

Competitive Market

We define our market as a broad range of companies across general industry in the \$1-3 billion in revenue category as well as companies in the chemical industry in the \$1-3 billion revenue category. We use published data from Hewitt Associates and Towers Perrin for our executive compensation analysis. H.B. Fuller participates in both of these surveys. The Hewitt Associates survey includes 425 companies and is titled "2006 Hewitt TCM (Total Compensation Measurement) Executive Total Compensation by Industry"; the Towers Perrin survey includes 825 companies and is titled "Towers Perrin Executive Compensation Database 2006 Descriptive Statistics Report". For chemical industry data, we rely on data provided by Towers Perrin for chemical companies in the \$1-3 billion revenue category. The companies represented in the chemical company data vary depending on the position we are reviewing since all companies may not provide data for every position in a survey. When analyzing compensation paid to named executive officers serving in non-corporate positions, we also use specific data for comparable operating business positions from the published surveys, and/or from analysis provided by Towers Perrin. We use these surveys because they are solid sources for reliable market information. When we refer to market data in the rest of this Compensation Discussion and Analysis, unless

otherwise noted, we are referring to these surveys.

Compensation Process

The Compensation Committee reviews and approves all elements of compensation for our Chief Executive Officer, Michele Volpi (CEO), taking into account the Board of Directors' review and assessment of the performance of the CEO, competitive market data from compensation consultants and feedback from our human resources personnel. The Compensation Committee discusses the CEO's compensation package without him present.

Table of Contents

The Compensation Committee reviews and approves all elements of compensation (including base salaries, incentive programs, stock-based awards, perquisites, supplemental benefits, employment agreements, severance arrangements, change in control provisions and other executive compensation items) for executive officers who report to the CEO, taking into account the recommendations of the CEO, as well as competitive market data and feedback from our human resources personnel. The Compensation Committee on occasion meets with the CEO, and/or certain other executive officers to obtain recommendations with respect to our compensation programs, practices and packages for executive officers and directors. The Compensation Committee considers, but is not bound to and does not always accept, management's recommendations with respect to executive compensation. Mr. Volpi attends the Compensation Committee's meetings, except when his compensation package is discussed. In addition, the Compensation Committee also holds executive sessions not attended by any members of management.

The Compensation Committee has the ultimate authority to make decisions with respect to the compensation of our named executive officers. The Compensation Committee also has authorized Mr. Volpi to make salary adjustments and short-term incentive (bonus) decisions for all employees other than executive officers under guidelines approved by the Compensation Committee.

Annual Cash Compensation**Base Salary**

In General. We provide a base salary to our named executive officers to attract and retain high caliber executive talent for the position and because base salary is an element of compensation that is provided by companies that we compete with to obtain talent. Base salaries are set to reflect the complexity and importance of a position as well as the market rate paid for such positions. Merit increases in base salary are tied to annual performance reviews and are subject to salary ranges based on market data. Salary ranges are established to generally reflect competitiveness at the market median/50th percentile.

Fiscal 2007 Salary Increases. The Compensation Committee reviews and considers the annual performance of the CEO and determines a merit increase. The Compensation Committee also reviews and considers the annual performance of, and proposed merit increases for, each executive officer who reports to the CEO in November or early December of each year effective for the following fiscal year. The amount of annualized base salary and year-over-year increase for each of the named executive officers in fiscal year 2007 is set forth in the following table:

	<u>12/1/2005 (\$)</u>	<u>12/1/2006 (\$)</u>	<u>Annualized Percent Increase from FY 2006 to FY 2007 (%)</u>

- (2) Ms. Parriott's salary for fiscal year 2007 was effective on her hire date of 1/3/2006.
- (3) Mr. Keenan received a 10% market adjustment effective 6/1/2006, and a 12% promotional and merit increase effective 12/1/2006.
- (4) Mr. Scripser received a salary increase of 20% as of 3/5/2007. See discussion below.

Analysis of Fiscal 2007 Base Salary. Towers Perrin conducted an analysis of CEO compensation prior to Mr. Volpi's promotion using the market data referred to in "Competitive Market" section above combined with a selection of compensation data from proxy statements from 22 companies¹. The Compensation Committee reviewed the analysis and decided to regularly review Mr. Volpi's base salary and provide staged increases to establish a salary competitive with the market for CEOs with revenue responsibility of similar-sized companies. The Compensation Committee increased Mr. Volpi's base salary 49% from fiscal 2006 to 2007 in connection with his promotion to our Chief Executive Officer as of December 3, 2006. The Compensation Committee increased Mr. Volpi's salary 24% effective as of July 1, 2007.

Mr. McCreary's base salary is reflective of his role as our corporate controller. His base salary is not reflective of his role and responsibilities as interim Chief Financial Officer. Mr. McCreary took on the role of interim Chief Financial Officer as of February 16, 2007. Mr. McCreary's fiscal 2007 base salary falls in the top quartile of his salary range based on his tenure in the role and performance. Mr. Feenan's fiscal 2007 base salary is approximately at the midpoint of his salary range. Mr. Feenan resigned as Chief Financial Officer as of February 15, 2007. Ms. Parriott's fiscal 2007 base salary is approximately at the midpoint of her salary range.

Mr. Keenan's fiscal 2007 base salary falls in the bottom quartile of his salary range due to his recent promotion to Vice President and the accompanying change of salary grade. Mr. Keenan's 12% raise reflects a merit increase and promotion.

Mr. Scripser's fiscal 2007 base salary falls in the bottom quartile of his salary range due to his recent promotion to Vice President, North America and the accompanying change of salary grade. In recognition of this promotion, he received a 20% promotional increase effective March 5, 2007.

Annual Short-Term Incentive Program

In General. We provide an annual short-term-incentive plan (cash bonus) for our named executive officers in order to attract and retain high caliber executive talent, to motivate executive officers to achieve our corporate goals that enhance shareholder value and because similar short-term incentive awards are provided by companies that we compete with to obtain talent. Short-term incentive awards are set for each executive officer so that the expected payout at target performance levels, together with the executive officer's base salary, would result in base salary and short-term incentive compensation equal to competitive market levels of such compensation based on market data. The target percentage opportunities are established to generally reflect competitiveness at the market median/50th percentile. Payments under the short-term incentive program can range from no payment to a payment higher than the target, based upon H.B. Fuller results, business unit or function results and individual performance.

Short-Term Incentive Plan Funding. Under the short-term incentive plan, the Compensation Committee annually approves a net operating income target for purposes of funding the short-term incentive plan. Net operating income was selected as the measure because it comprehensively reflects a key component of overall company performance. For the purpose of the short-term incentive plan, net operating income is defined as gross profit less sales, general and administrative expenses, less taxes at H.B. Fuller's effective tax rate. If H.B. Fuller achieves at least 80% of the net operating income target, the plan will be funded. The funding level/pool varies based on corporate financial performance as measured by net operating income. As the funding level/pool increases, the cash bonuses paid to the named executive officers may also increase. The chart below shows the various funding levels based on corporate performance.

Corporate Financial Performance (Budgeted Net Operating Income)	Funding Level (as a percent of target)
130%	200%*
125%	180%*
120%	150%
115%	138%
110%	125%
105%	113%
100%	100%
95%	88%
90%	75%
85%	63%
80%	50%
<80%	0%

* These funding levels apply to Mr. Volpi, Mr. Feenan, Ms. Parriott, Mr. Keenan and Mr. Scriptor.

Short Term Incentive Plan Targets for Named Executive Officers. Each named executive officer has a target percentage of his/her base salary for his/her award. The target percentages are set forth in the table below. Eligible base salary does not include short-term and long-term disability payments and represents the salary earned throughout the fiscal year. The annual short-term incentive plan is designed to support both individual and business performance. Therefore, there are two components of a named executive officer's award that are equally weighted, with 50% of the award based on individual performance and 50% based on business performance. The equal weighting signifies the philosophy that both components are equally important and focuses attention on performance achievement at individual and business levels. To recognize individual performance, the Compensation Committee also may increase or decrease a named executive officer's short-term incentive award, with input from the CEO (other than with regard to his own award), based on the individual performance of the named executive officer. This is done to recognize individual performance that either does not meet, meets or exceeds expectations.

Analysis of Fiscal 2007 Corporate Performance and Named Executive Officer Short-Term Incentive Awards. The pool of available funds for short-term incentive awards for fiscal year 2007 was based on H.B. Fuller's net operating income target of \$102 million. This target takes into consideration a number of factors, including the prior year's performance, expected economic environment, market conditions, performance expectations, and the desire to deliver superior results.

Under the short-term incentive plan, the Compensation Committee may also consider extraordinary circumstances that may positively or negatively impact the achievement of the total Company performance objectives. The actual net operating income for fiscal 2007 was \$104.6 million 102% of the net operating income target. However, the recently acquired Roanoke business negatively impacted overall Company net operating income. Management recommended to the Compensation Committee that the

negative impact of

Table of Contents

the Roanoke results that were inconsistent with the overall global Company results be excluded from the net operating income calculation so as not to penalize all participants eligible for short-term incentives. The Compensation Committee determined that current participants under the short-term incentive plan should not be held accountable for prior decisions and the results of these decisions related to H.B. Fuller's acquisition of the Roanoke business. Consequently, the net operating income target and results were adjusted to exclude Roanoke's performance.

Excluding the Roanoke business, net operating income results were at 112% of target, yielding a pool of funds for awards at 125% of target. Under the performance guidelines approved by the Compensation Committee in January 2007, the Compensation Committee determined to pay short-term incentive awards to the named executive officers in the amounts indicated in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. The following table illustrates the targeted percentage of base salary of annual incentive for each of the named executive officers for fiscal year 2007 as well as the actual percentage of base salary of the annual incentive payouts:

	Target Payout as a % of Base Salary	Actual Payout as a % of Base Salary
Michele Volpi	100%	100%
James C. McCreary, Jr.	38%	64.6%
John A. Feenan	56%	0%
Ann B. Parriott	48%	67.2%
Timothy J. Keenan	48%	67.2%
Jay Scripser	38.5%	38.5%

For Mr. Volpi, 50% of his annual short-term incentive is based on meeting the net operating income target and 50% is based on his individual performance as determined by the Board of Directors. Mr. Volpi received 100% of his base salary as a short-term incentive due to the Compensation Committee's evaluation of his individual performance and the overall company performance. Because of a limitation on Mr. Volpi's short-term incentive award relating to Section 162(m) of the Internal Revenue Code, the Compensation Committee's decision to exclude the Roanoke business from the net operating income results did not result in an increased payout amount for Mr. Volpi. The Compensation Committee, therefore, determined to pay Mr. Volpi a discretionary bonus in order to acknowledge: (1) his exceptional individual performance in his first year as Chief Executive Officer, (2) the company having exceeded its net operating income target for the year and overall positive business results in a challenging business and economic environment, and (3) his strong leadership during a transitional year which included several management changes and the alignment of businesses on a regional basis. This bonus is included in the Bonus column of the Summary Compensation Table.

For Mr. McCreary, who holds a corporate staff position, 50% of his annual short-term incentive is based on the finance function's performance and 50% is based on individual performance. Mr. McCreary received 64.6% of his base salary as a short-term incentive due to the company having exceeded its net operating income target for the year and overall positive business results, the outstanding results of the finance function and his individual performance as interim Chief Financial Officer for most of the 2007 fiscal year in addition to his fulfilling his corporate controller function during a transitional year. Based on this exceptional performance, the Compensation Committee approved a short-term incentive award above his individual 57% maximum. In addition, during fiscal 2007, the Compensation Committee approved a discretionary bonus for Mr. McCreary in order to acknowledge his exceptional performance in fulfilling the role of Chief Financial Officer on an interim basis in addition to his role as corporate controller. This bonus is included in the Bonus column of the Summary Compensation Table.

For Ms. Parriott and Mr. Keenan, who both hold corporate staff positions, 50% of his/her annual short-term incentive is based on function performance and 50% is based on individual performance. Ms. Parriott and Mr. Keenan each received 67.2% of their base

salary as a short-term incentive. Ms. Parriott received a

Table of Contents

67.2% short-term incentive award due to the company having exceeded its net operating income target for the year and overall positive business results, introduction of a talent management process meant to support the execution of our long-term strategic plan and her instrumental efforts in solidifying the succession planning process for the Company. Mr. Keenan received a 67.2% short-term incentive award due to the company having exceeded its net operating income target for the year and overall positive business results, his pivotal role in ensuring a smooth CEO transition and his provision of proper oversight of legal, ethics and compliance programs throughout the Company.

For Mr. Scriptor, who holds a regional business unit position, 50% of his annual short-term incentive is based on region performance and 50% is based on individual performance. Mr. Scriptor received 38.5% of his base salary as a short-term incentive due to the company having exceeded its net operating income target for the year and overall positive business results, and for his support of the transition of the North America region to a new organizational model while facing the adversities of the Roanoke acquisition and difficult market conditions.

Long-Term Incentive Program

In General. We provide a long-term incentive program to the named executive officers in order to attract and retain high caliber executive talent and because similar long-term incentive awards are provided by companies that we compete with to obtain talent. We also provide this opportunity because we believe that ownership of our common stock by executive officers encourages long-term, strategic decision-making that is aligned with the balanced best interests of our shareholders. Goals for recommended levels of executive stock ownership are discussed under the heading [Stock Ownership](#) .

Our long-term incentive program ties a significant portion of our executive officers' total compensation to stock price performance. We currently award stock options, restricted stock and restricted stock units under the H.B. Fuller Company Amended and Restated Year 2000 Stock Incentive Plan.

Stock Options. The standard time-based stock options typically vest in four equal installments on each anniversary date of the grant. Stock options provide a benefit to an executive officer only if the market value of the stock increases over the term of the option and if the executive officer remains employed at H.B. Fuller. The multi-year vesting cycle enhances retention, because employees who resign (other than retirement) from H.B. Fuller forfeit their unvested options.

Restricted Stock and Restricted Stock Units. The standard time-based restricted stock and restricted stock unit grants typically vest three years from the grant date. Restricted stock and restricted stock unit awards provide a benefit to an employee only if the employee remains employed until the award vests. Dividends are paid on both restricted stock and restricted stock units during the period prior to vesting. Only restricted stock has voting rights during the period prior to vesting. In addition, if the market value of the stock increases over the grant date price of the award, the employee further benefits from that appreciation in value. The restricted stock or restricted stock units are time-based to support retention, however, there is no specific performance target. The multi-year vesting cycle enhances retention, because employees who resign (other than retirement) from H.B. Fuller forfeit their unvested restricted stock and restricted stock units.

Our Compensation Committee reviews long-term incentives for our CEO and the other named executive officers in late November or early December. The grants are effective as of the date of the Compensation Committee meeting or the first business day of the fiscal year, whichever is later. This ensures that only one grant is given in each fiscal year. The timing of this meeting is set

approximately one to two years in advance. The grants of stock options are made with an exercise price determined

Table of Contents

as of the close of trading on the applicable grant day. We do not allow backdating of options, nor do we have a program, plan or practice to time stock option grants to executive officers in coordination with the release of material non-public information. In addition to the Compensation Committee's approval of all other long-term incentive awards, the Compensation Committee must also approve any award of stock options or restricted stock or restricted units to a newly hired executive officer.

Prior to fiscal 2007, the Compensation Committee reviewed market data provided by Towers Perrin, including general industry data as well as a subset of their market data relating to select high-growth companies (which were defined as those companies which grant both nonqualified stock options and restricted stock/restricted stock units and that had stock price improvement of 20% or greater over the last twelve months)¹, regarding the mix of stock options and restricted stock/restricted stock units. The Compensation Committee determined to implement a 60% nonqualified stock options/40% restricted stock/restricted stock unit mix for all participants based on its review of the data, the desire to provide significant focus on increasing the share price and the belief that it was appropriate to treat all long-term incentive participants consistently. In October 2007, in order to emphasize a pay for performance philosophy, the Compensation Committee decided that discretion could also be applied to the future stock option grants under the long-term incentive program.

The Compensation Committee determines the aggregate dollar value of long-term incentives to be awarded to each named executive officer based on the executive officer's position and grade level at H.B. Fuller. Once the projected dollar value is established for each named executive officer, to determine the number of options to be awarded, an estimated Black-Scholes value as of the date of grant is applied. To determine the number of restricted stock/restricted units to be awarded, a 30-day stock price average is applied. The CEO then recommends to the Compensation Committee the number of stock options, restricted stock and/or restricted stock units to be granted to each named executive officer. The Compensation Committee retains full authority to accept, modify or reject these recommendations. The Compensation Committee also reviews total Company performance and individual performance to determine the award for the CEO.

Analysis of Fiscal 2007 Long-Term Incentive Awards. In fiscal 2007, the long-term incentive program was entirely stock-based and consisted of annual grants of stock options, restricted stock and restricted stock units. The aggregate amount of these long-term incentive awards was set for executive officers so that the expected payout would result in compensation equal to competitive market levels of such compensation based on market data. For awards made December 4, 2006, the plan was designed to deliver an expected target value with 60% based on stock options and 40% based on restricted stock or restricted stock units. If discretion is exercised in awards, the 60%/40% mix may vary.

For Mr. Volpi, the target award granted in December 2006 was \$1,000,000 in projected value. This target was arrived at by utilizing the same information discussed in the "Analysis of Fiscal 2007 Base Salary" section above relating to Mr. Volpi. The Compensation Committee determined to provide Mr. Volpi with a long-term incentive award at approximately 200% of his base salary. Therefore, Mr. Volpi's target award for fiscal 2007 was \$1,000,000 in projected value.

For Mr. McCreary, Mr. Feenan, Ms. Parriott, Mr. Keenan and Mr. Scriptor, the target awards granted in fiscal year 2007 were \$150,000, \$425,000, \$250,000, \$250,000 and \$75,000 respectively. Fiscal year 2007 long-term incentive awards of stock options, restricted stock and restricted stock units are set forth in the Grant of Plan-Based Awards Table in this Proxy Statement.

Actions Taken for Fiscal Year 2008

On December 6, 2007, the Compensation Committee approved the following compensation for Mr. Volpi: an annual base salary of \$710,000 effective December 1, 2007; and a grant of stock-based awards in an amount equal to approximately \$1,420,000 under the Company's Annual and Long-Term Incentive Plan and the Company's Amended and Restated Year 2000 Stock Incentive Plan, resulting in a grant of 80,653 shares of non-qualified stock options and 20,206 shares of restricted stock. No changes were made in Mr. Volpi's incentive opportunity under the short-term incentive plan at that time. Mr. Volpi will continue to be eligible to receive a target incentive opportunity of 100% of his base salary with a maximum incentive opportunity of up to 200% of his base salary under the short-term incentive plan for the 2008 fiscal year. However, in January 2008, the Compensation Committee determined to increase Mr. Volpi's maximum short-term incentive opportunity to 250% of his base salary in the event of exceptional overall company performance.

Analysis of Fiscal 2007 Benefits, Retirement Programs, Perquisites and Other Programs. We provide perquisites to our executive officers, aligned to the overall compensation objective to generally reflect competitiveness at the market median/50th percentile.

In conjunction with the annual review of executive officer total compensation which is typically done in July of each year, the Compensation Committee reviews data regarding executive officer benefits and perquisites from a high level comparison against prevalence in the market. In 2007, this data was provided by the Hewitt Executive Compensation Policies and Program survey. There were no changes made as a result of that review. All perquisites paid to our named executive officers are disclosed in the Summary Compensation Table under the Other Compensation column and the footnotes thereto.

H.B. Fuller provides supplemental executive retirement benefits for executive officers (including the named executive officers) to complement the benefits provided through H.B. Fuller's broad-based retirement plans. Beginning in 2007, the broad-based defined benefit pension plan and the associated defined benefit supplemental executive retirement plan were frozen to new participants. Participation in the qualified pension plan was frozen as a result of a review of the competitive market practices and high cost of the plan. Management worked with Mercer Human Resource Consulting in 2006 on this review. In an effort to align with the market and business objectives, management asked Mercer Human Resource Consulting to provide a review of current U.S. retirement plans including a detailed market analysis and development of potential future options with a cost/benefit analysis. The market analysis compared benefits as a percentage of pay at retirement with 15 other chemical companies and 14 other companies in the Minneapolis-St. Paul area.

In 2007, a further review was done of the defined benefit supplemental executive retirement plan. This review was done by Towers Perrin. In an effort to align with the market and business objectives, H.B. Fuller had Towers Perrin analyze high growth companies and certain chemical companies. For this purpose, high growth companies were defined as companies with greater than 20% total shareholder return in the prior year and sustained upward trend in stock price over the 5-year horizon. Only companies that disclosed under the new executive compensation disclosures rules were included in the analysis due to information limitations in the previous reporting format. The high growth companies included: Allergan, Inc., Ametek, Inc., Cameron International Corporation, Cephalon, Inc., Equifax, Inc., Hess Corporation, Martin Marietta Materials Processing, Inc., Millipor Corporation, Terex Corporation and Thomas & Betts Corporation. Towers Perrin also analyzed the following chemical companies: Wellman Inc., Albermarle Corporation, Arch Chemicals Inc., Cytec Industries, Inc., Ferro Corporation, FMC Corporation, International Flavors & Fragrances, Inc., Georgia Gulf Corporation, Olin Corporation, PolyOne Distribution Company, Sigma-Aldrich Corporation, Westlake Chemical Corporation, Terra Industries, Ltd., Hercules Incorporated, Chemtura Corporation, Kronos Worldwide, Inc. and OM Group, Inc.

We also solicited input from executives in the plan. This input indicated that a significant percentage of the active executives preferred an alternative arrangement. The new defined contribution supplemental executive retirement plan is designed to be above market to differentiate H.B. Fuller in the competition for key executive talent.

As a result of a review of the data discussed above regarding both the pension plan and the accompanying defined benefit supplemental executive retirement plan, it was determined that the defined benefit supplemental executive retirement plan was difficult to understand, lacked portability and delivered inconsistent benefits to executive officers. The Compensation Committee approved the freezing of participation in the pension plan and the defined benefit supplemental executive retirement plan and the creation of a defined contribution retirement plan and a defined contribution supplemental executive retirement plan for new hires. Participants in the defined benefit supplemental executive

retirement plan were given the opportunity to choose between continuing their participation in the defined contribution supplemental executive retirement plan or the new defined contribution supplemental executive retirement plan. The new defined contribution supplemental executive retirement plan went into effect on January 1, 2008.

Other Benefits.

Health & Welfare Benefits. Our named executive officers participate in the same health and welfare programs as all other H.B. Fuller employees.

Severance. Our named executive officers participate in the same H.B. Fuller severance pay policy as all U.S. based employees, which is intended to help with the expenses of temporary unemployment if a named executive officer is involuntarily terminated from H.B. Fuller. An employee must sign an employment release to receive severance pay. An employee is not eligible for severance pay in the event of certain conditions. For example, if an executive officer was terminated for a gross violation of working rules or gross misconduct, or if an executive officer dies, voluntarily resigns or retires, then he/she is not eligible for severance. The Executive Benefit and Payments Upon Separation table in this Proxy Statement sets forth payments that may be made under this program.

Change-in-Control Agreements. All named executive officers, except Mr. McCreary, have entered into change-in-control agreements with H.B. Fuller. These agreements provide for payments under certain circumstances following a change-in-control of H.B. Fuller. The purpose of providing change-in-control agreements is to provide financial security to the executive officer in the event their employment is terminated in connection with a change in-control. The agreement is intended to ensure the executive officer remains focused on activities related to a change-in-control that could be in the best interest of the company and its shareholders, and is not distracted by compensation implications as a result of a change-in-control payments under these agreements are triggered by certain circumstances, such as involuntary termination or termination for good reason (such as demotion, pay cut or relocation) that occurs following a change-in-control of the Company. The cash severance payment is not triggered simply by a change-in-control of the Company.

The Company's change-in-control program was reviewed in 2007. Towers Perrin conducted the market review. Research was included in the review regarding providing change-in-control agreements to executive officers working outside the U.S. (excluding expatriates from the U.S.). Pursuant to the overall review, the Compensation Committee decided to approve the current program, with some modifications. The most important modifications to the current program were to provide change-in-control agreements to non-U.S.-based executive officers and changes relating to Section 409A of the Internal Revenue Code. The Committee also determined to continue to review this program in 2008. The Executive Benefit and Payments Upon Separation table in this Proxy Statement sets forth payments that may be made under this program.

Employment Contracts. Presently, H.B. Fuller does not have employment contracts with any of the named executive officers, other than the change-in-control agreements discussed under the heading Change-in-Control Agreements and non-competition and/or confidentiality agreements that are signed by all employees who have certain job responsibilities.

Stock Ownership. We believe that ownership of H.B. Fuller Common Stock by executive officers encourages long-term, strategic decision making that is aligned with the balanced best interest of H.B. Fuller's constituents. Goals for recommended levels of executive stock ownership were established in 2003. An executive officer's stock ownership goal (which includes directly held stock,

Edgar Filing: FULLER H B CO - Form DEF 14A

H.B. Fuller stock held in the H.B. Fuller Thrift Plan (a 401(k) plan), restricted stock, restricted stock units and stock units held in the Key Employee Deferred Compensation Plan) ranges in dollar amount from one to five times their annual salary, depending on job grade.

Table of Contents

The guideline for the CEO is ownership of at least five times his base salary in H.B. Fuller stock and the guideline for other named executive officers is ownership of at least two to three times their base salaries, depending on job grade. The Compensation Committee reviews the stock holdings of our named executive officers annually. Mr. McCreary has met his stock ownership goal. All other named executive officers are making progress toward meeting their stock ownership goals. No named executive officer, except for Mr. McCreary, has been in his or her present position for more than three years (excluding Mr. Feenan, who resigned as of February 15, 2007). The guideline provides that an executive should strive to reach the applicable stock ownership goal within five years of appointment to their position.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally limits the tax deductibility of compensation paid by a public company, like H.B. Fuller, to its chief executive officer and other executive officers. We consider the deductibility of compensation arrangements in executive compensation decisions, but deductibility is not the only factor used in determining the appropriate level of compensation. H.B. Fuller's Annual and Long-Term Incentive Plan and the H.B. Fuller Company Amended and Restated Year 2000 Stock Incentive Plan have each been approved by our shareholders as required by Section 162(m). Therefore, cash incentive awards and compensation attributable to stock options and other stock-based awards under these plans may be tax deductible. The Compensation Committee will continue to evaluate the compensation plans and programs in view of the Section 162(m) limitations. The Annual and Long-Term Incentive Plan has been amended and restated and the Company is seeking approval from shareholders of the Amended and Restated Annual and Long-Term Incentive Plan at its Annual Meeting of shareholders. See Proposal 3 in this Proxy Statement.

The Compensation Committee may decide to pay amounts that are non-deductible if it determines these payments are consistent with our compensation philosophy and are in the best interests of H.B. Fuller. During fiscal 2007, all compensation was deductible.

Total Compensation for Named Executive Officers

We believe that the policies and programs described in the Compensation Discussion and Analysis maintain an appropriate balance between motivating achievement of short-term goals and strategically leading H.B. Fuller in a direction to provide long-term success and therefore serve the interests of H.B. Fuller and its shareholders.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors has reviewed and discussed with H.B. Fuller management the Compensation Discussion and Analysis. Based on this review and discussion with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Annual Report on Form 10-K for the year ended December 1, 2007.

Fuller Retirement Plan and the Defined Benefit Supplemental Executive Retirement Plan. See the Pension Benefits table later in this Proxy Statement for additional information. The Change in Pension Value is based on the same assumptions as those used for the valuation of the plan liabilities in H.B. Fuller's Annual Report on Form 10-K for the fiscal year ended December 1, 2007. The assumptions made in the calculations of these amounts may be found in Note 10 to the audited financial statement in Form 10-K. For Mr. Volpi, this amount was \$154; for Mr. McCreary, \$136; and for Mr. Keenan, \$17.

- (1) These options were granted at a Compensation Committee meeting on November 30, 2006 for fiscal 2006 performance. Per company policy, the grant date is the later of the date of the Compensation Committee meeting at which the grant was approved or the first day of the fiscal year following the fiscal year for which the performance relates.
- (2) This represents a bonus opportunity under our short-term incentive plan for fiscal 2007 performance (STIP). The actual amount paid out in January 2008 under the STIP is set forth in the Summary Compensation Table. No threshold number is included for the named executive officers other than Mr. Volpi, as the plan does not provide for a minimum payment amount for individuals. Mr. Volpi has a threshold amount included due to the calculation of his short-term incentive plan award under Section 162(m) of the Internal Revenue Code.
- (3) The restricted stock grants vest in full on the third anniversary date of the grant. Under the Amended and Restated Year 2000 Stock Incentive Plan, dividends on restricted stock are accrued by H.B. Fuller at the same rate as payable to all H.B. Fuller shareholders and are paid if and when the restricted stock vests. The restricted stock becomes immediately vested in the event of retirement (age 65 and ten years of service), death, disability and change-in-control. The value of accrued dividends is included in the Summary Compensation Table in the All Other Compensation column.
- (4) These options are granted under the Amended and Restated Year 2000 Stock Incentive Plan and become exercisable at the rate of 25% each year beginning on the first anniversary of the grant date, and expire 10 years from the grant date. OPTION EXERCISES AND STOCK VESTED FISCAL 2007

- (1) The value realized on the exercise of stock options is the difference between fair market value of the H.B. Fuller Common Stock at the time of exercise and the exercise price contained in the award agreement for the stock option.
- (2) The value realized on the vesting of stock awards is the closing market price of a share of H.B. Fuller Common Stock on the date of vesting multiplied by the number of vested shares. H.B. Fuller withheld shares of the H.B. Fuller Common Stock from the amounts shown having a value equal to the applicable tax withholding requirement.

PENSION BENEFITS FISCAL YEAR 2007

The table below sets forth the present accumulated value of the pension benefits of the named executive officers in the Summary Compensation Table under each of the following pension plans.

H. B. Fuller Company Retirement Plan. This is a funded and tax-qualified plan that provides pension benefits to approximately 1,000 active employees as of December 31, 2007. Entry into the plan was frozen as of December 31, 2006 to new participants. (See discussion under the heading 3% restoration nonelective credit below for eligible

Edgar Filing: FULLER H B CO - Form DEF 14A

employees hired after December 31, 2006.) Normal Retirement Age is defined as age 65; however employees are generally eligible to retire with unreduced benefits at age 62 or later if they have completed 10 years of service, and are eligible to retire with reduced benefits from ages 55 to 61 if they have completed 10 years of service. All named executive officers in this Proxy Statement are participants in this plan. None of the named executive officers are eligible for normal or early retirement benefits under the H.B. Fuller Company Retirement Plan.

The amount of pension benefits received at retirement is based on a formula that includes final average compensation and years of service. Final average compensation is the average amount of eligible earnings for the five highest paid calendar years of the last 10 consecutive

Table of Contents

years of credited service. Eligible earnings are defined as base salary and short-term incentive cash bonuses below the IRS-prescribed limit applicable to tax-qualified plans (\$225,000 for calendar year 2007). The benefit will equal the sum of 1.0% of final average compensation for each year of credited service plus .45% of final average compensation in excess of the Social Security covered compensation level for each year of credited service up to a maximum of 30 years.

The pension benefit an employee earns over his or her career with H.B. Fuller is payable starting after retirement on a monthly basis for life. Employees vest in the plan after completing five years of qualifying service.

Benefits under this plan are subject to the limitations imposed under Section 415 of the Internal Revenue Code. The section 415 limit for calendar year 2007 is \$180,000 per year for a single life annuity payable at an IRS-prescribed retirement age.

Supplemental benefits provide for restoration of benefits limited in qualified retirement plans. They include:

H.B. Fuller Supplemental Executive Retirement Plan (DB SERP). H.B. Fuller offers the plan to approximately 25 eligible active employees Pay Grade 32 and above to provide for retirement benefits above amounts available under the company's tax-qualified pension plan. The DB SERP is unfunded and is not qualified for tax purposes. An employee's annual retirement benefit, when combined with amounts payable under the company's tax-qualified pension plan and Social Security will equal 50% of the employee's final average compensation, which is defined as the highest five out of the last ten years of earnings (gross base salary and short-term incentive bonus). Employees are generally not eligible for benefits if they leave the company prior to age 55 and before they have completed ten years of credited service. Reduction for commencement prior to age 62 is based on the same schedule as the H.B. Fuller Retirement Plan. A participant who is married will receive a monthly benefit payable in a 50% joint & survivor form of payment. None of the named executive officers in this Proxy Statement are currently eligible for early retirement benefits.

During 2007 participants were given the choice to either remain in the H.B. Fuller Company DB SERP or to participate in the supplemental executive retirement plan account within the Defined Contribution Restoration Plan (DC Restoration Plan) described below. Of the named executive officers, only Mr. McCreary elected to continue to participate in the DB SERP. The remaining participants will be removed and an amount equal to their DB SERP earned benefit as of December 31, 2006 plus interest and 7% of their eligible earnings for the calendar year ending December 31, 2007 will be credited to their DC Restoration Plan account during 2008.

Defined Contribution Restoration Plan (DC Restoration Plan). This non-qualified unfunded retirement plan is intended to provide for retirement benefits above amounts available under H.B. Fuller's tax-qualified pension plan. As noted above, during 2007, Mr. Volpi, Ms. Parriott, Mr. Keenan and Mr. Scriptor elected to participate in the DC Restoration Plan effective January 1, 2008. Mr. McCreary elected to participate in the DB SERP. Participants in this plan receive annual credits in a bookkeeping account that is hypothetical in nature. Following are the four component accounts in the plan.

4% restoration plan match credit on H.B. Fuller's Thrift Plan (a 401(k) plan) employer match to restore the company matching contribution that is restricted by IRS contribution limits, providing for a benefit of 4% of eligible compensation minus matching contributions under the H.B. Fuller Thrift Plan. (For Mr. McCreary, this match is also available.)

Edgar Filing: FULLER H B CO - Form DEF 14A

3% restoration nonelective credit provides a contribution of 3% of eligible pay in excess of the IRS annual limit for participants who were hired after December 31, 2006. None of the named executive officers are eligible for this retirement credit.

Table of Contents

7% supplemental executive retirement plan credit on all eligible earnings.

One time transition election additional amount for participants who elected to convert from a DB SERP to the DC Restoration Plan.

In the past, in certain circumstances, H.B. Fuller has adjusted its standard retirement benefits in order to bring in key executive talent. In the circumstances in which these adjustments have been made, it has been to recognize valuable experience that an executive brings from a prior career and is now bringing to H.B. Fuller.

No pension benefits were paid to any named executives in the last fiscal year.

The amounts reported in the table below equal the present value of the accumulated benefit as of December 1, 2007 for the named executives under each plan based on the assumptions described in note 1.

- (1) The Present Value of Accumulated Benefit is based on service and earnings (base salary and bonus) considered by the plans for the period through August 31, 2007. The Present Value of Accumulated Benefit is based on the same assumptions as those used for the valuation of the plan liabilities in H. B. Fuller's Annual Report on Form 10-K for the fiscal year ended November 30, 2007, except in accordance with SEC guidance. The assumptions made in the calculations of these amounts may be found in Part II, Item 8, Note 10 to the audited financial statements in Form 10-K titled Pension and Postretirement Benefits.
- (2) According to the provisions of the Supplemental Executive Retirement Plan (DB SERP), a participant's annual benefit shall be reduced by the aggregate value of their annual benefits under

any funded or unfunded pension, profit sharing, stock bonus or deferred compensation plan of another employer as determined by the Administrator. When Mr. McCreary was hired, he was granted additional credited service of twenty-two years in the Supplemental Executive Retirement Plan (SERP) for pension benefits received through his former employer. The amounts displayed in the table have been adjusted for an offset for a benefit he is entitled to from his former employer.

- (3) Mr. Feenan resigned from the Company effective February 15, 2007. At the time Mr. Feenan resigned he had less than five years of vesting service and was less than 55 years old. A participant who leaves H.B. Fuller prior to completing five years of credited service in the H. B. Fuller Retirement Plan or 10 years of credited service and prior to age 55 in the Supplemental Executive Retirement Plan forfeits their right to a pension benefit. Therefore, there is no information included for Mr. Feenan.

We offer a nonqualified deferred compensation plan as a tool for our key employees (including our named executive officers) to plan for their financial future. This plan is a tax deferral opportunity. The named executive officers may defer amounts into this plan from their salary and short-term incentive awards. Amounts deferred under the plan are credited with earnings and investment gains and losses by assuming that deferred amounts were invested in one or more investment options selected by the participant under the terms of the plan. Balances in the deferred compensation plan reflect amounts that have accumulated over time and directly relate to participants' length of participation in the plan, individual investment choices and individual decisions regarding the level of savings over time. Participants who invest in the Company stock fund are eligible to receive a 10% match in Company stock.

The value of these matching contributions is disclosed in the Summary Compensation Table in this Proxy Statement. In addition, the Compensation Committee may make discretionary contributions to a participant's Common Stock account under this plan. For fiscal year 2007, no discretionary grants were made to any of the named executive officers listed in the Summary Compensation Table.

The following table summarizes information with respect to the participation of the named executive officers in our nonqualified deferred compensation plans.

POTENTIAL PAYMENTS MADE UPON TERMINATION OR CHANGE-IN-CONTROL

In General. The Company has certain arrangements, policies and practices covering the named executive officers in this Proxy Statement that require it to provide compensation in the event of certain types of terminations, including certain terminations due to a change-in-control of the Company.

The information set forth below describes amounts that the Company would pay or provide to a named executive officer or his/her beneficiaries in each of the following situations: involuntary not for cause termination, involuntary or good reason termination after a change-in control, disability and death. The estimated amounts payable are calculated as if the termination occurred on the last business day of the fiscal year, November 30, 2007, using the closing stock price from the last business day of the fiscal year.

We have not included payments or benefits that are fully disclosed in the Pension Benefits Table or the Nonqualified Deferred Compensation Table of this Proxy Statement, unless such payment is enhanced or its vesting or other provisions are accelerated or enhanced. We have also not included information or payments related to contracts, agreements, plans or arrangements to the extent that they do not discriminate in scope, term or operation in favor of the named executive officers and that are available generally to all salaried employees. We are calling these benefits *general benefits* and they include:

Accrued Vacation Pay

Thrift 401(k) Plan

Health and Welfare Benefits

Life Insurance Proceeds

Change-in-Control Arrangements

We have a change-in-control arrangement with each of Mr. Volpi, Ms. Parriott, Mr. Keenan and Mr. Scriptor. The initial three-year term of these agreements automatically extends for an additional year on each subsequent anniversary of the agreement, unless our Board of Directors gives notice of non-renewal prior to an anniversary date. A protected period of 24 months follows each and every change-in-control of H.B. Fuller under the terms of these agreements. If during this protected period, we terminate the executive's employment for any reason other than cause or disability, or the executive terminates his or her employment for good reason (including demotion, pay cut or certain relocations) the executive is entitled to receive a lump sum payment from us. The payment is equal to three times the sum of the executive's highest base salary, on an annualized basis, established by us during the period commencing three months prior to the occurrence of the change-in-control and ending on the date of the executive's termination of employment, plus the executive's target annual incentive compensation established by us and in effect immediately prior to the change-in-control. In addition, the executive will receive the target short-term incentive plan payment prorated to the date of the termination without application of any denial provisions based on unsatisfactory personal performance or any other reason. If any named executive officer is also entitled to severance payments which would be made in the absence of a change-in-control under any plan or program of, or contract with, H.B. Fuller, or under the laws of any federal, state, local or foreign jurisdiction, the amount payable to the named executive officer under the change-in-control severance calculation (prior to the

Edgar Filing: FULLER H B CO - Form DEF 14A

crediting of interest) shall be reduced (but not below zero) by the present value of such other severance payments. In addition, the executive is entitled to medical and dental benefits and certain perquisites for a three-year period following the termination of employment. We will adjust the payments and benefits in the event that they are subject to an excise tax imposed by Section 280G of the Internal Revenue Code and do not exceed 330% of the executive's base amount. Under these

Table of Contents

circumstances, the payments and benefits will be adjusted so that the amount of the payments equals 299% of the base amount, which is the maximum amount that can be paid without imposition of an excise tax. In the event that the payments and benefits are subject to an excise tax and exceed 330% of the executive's base amount, we have agreed to reimburse the executive for the amount of the excise tax and for any taxes imposed upon the reimbursement.

Mr. McCreary has change-in-control benefits under an H.B. Fuller group benefit plan. A protected period of 24 months follows a change in control of H.B. Fuller. If during this protected period, we terminate Mr. McCreary's employment for any reason other than cause or disability, or if he terminates his employment for good reason (including demotion, pay cut or certain relocations), Mr. McCreary is entitled to receive a lump sum payment from us. The payment is equal to two times the sum of his highest base salary, on an annualized basis, established by us during the period commencing three months prior to the occurrence of the change in control and ending on the date of his termination of employment, plus his target annual incentive compensation established by us and in effect immediately prior to the change in control. In addition, Mr. McCreary is entitled to medical and dental benefits and certain perquisites for a two-year period following the termination of employment. We will adjust the payments and benefits in the event that they are subject to an excise tax imposed by Section 280G of the Internal Revenue Code and do not exceed 330% of the executive's base amount. Under these circumstances, the payments and benefits will be adjusted so that the amount of the payments equals 299% of the base amount, which is the maximum amount that can be paid without imposition of an excise tax. In the event that the payments and benefits are subject to an excise tax and exceed 330% of the executive's base amount, we have agreed to reimburse the executive for the amount of the excise tax and for any taxes imposed upon the reimbursement.

We have other compensatory arrangements with our named executive officers that will be affected by a change-in-control. Our Supplemental Executive Retirement Plan provides that if within two years after a change-in-control, we terminate a participant's employment without cause or the participant terminates his or her employment for good reason (as defined in this plan), then zero to three years (depending on the participant's position and pay grade) shall be added to both the participant's age and years of credited service for purposes of determining benefits under the plan.

In addition, in the event of a change-in-control, all shares of restricted stock, all restricted stock units and any unvested stock options outstanding under our stock incentive plans immediately vest in full.

Severance

H.B. Fuller employees (including the named executive officers) are eligible for severance pay if their employment with the Company is involuntarily terminated and if they sign an employment release indicating that in exchange for the severance payment, they will not bring any legal claims against the Company arising out of their employment or the cessation of that employment. Employees are not eligible for severance pay if they are discharged for gross violation of working rules or gross misconduct, if they voluntarily resign or voluntarily retire, if they die, if they are transferred to or from a subsidiary of H.B. Fuller, if they are employed in a business that is sold or transferred to a new owner and they continue to be employed by the new owner immediately after the sale or transfer; or if they are employed in a business that is sold or transferred to a new owner and they decline to be employed in a comparable position in that business or by the new owner after the sale or transfer. Severance is paid in a lump sum after termination. If an H.B. Fuller employee is entitled to regular severance pay, he/she generally receives one week's pay for each full year he/she has worked for H.B. Fuller, with a minimum of two weeks' pay.

Table of Contents

Payments upon Death or Disability

In the event of a death or disability as of the last business day of the fiscal year, a named executive officer's compensation would be affected as follows:

Stock options, restricted stock and restricted stock units would vest both at death and at disability.

Payments upon Involuntary Not For Cause Termination

In the event of an involuntary termination, not for cause, as of the last business day of the fiscal year, a named executive officer's compensation would be affected as follows:

Unvested restricted stock and restricted stock units awarded through April 2004 would vest for Mr. Volpi, Mr. McCreary and Mr. Scriptor.

Outplacement services not to exceed \$25,000 would be provided for all named executive officers except Mr. McCreary whose outplacement services would not exceed \$12,500.

Early Retirement

As of the last business day of the fiscal year, no named executive officer was eligible for early retirement.

Normal Retirement

As of the last business day of the fiscal year, no named executive officer was eligible for normal retirement.

The following table shows potential estimated payments to the named executive officers in this Proxy Statement upon involuntary termination (not for cause), change-in-control, disability and/or death. The tables assume that the termination was effective on the last business day of the fiscal year, and are estimates of amounts that would be paid to the named executive officers upon termination in addition to the base salary and short-term incentive earned by the executives during the fiscal year and any applicable pension amounts payable to the executive officers discussed under the section titled Pension Benefits in this Proxy Statement. Actual amounts payable to any named executive officer would only be determined as an actual event of termination.

Edgar Filing: FULLER H B CO - Form DEF 14A

No information is included for Mr. Feenan. Mr. Feenan resigned from the Company effective February 15, 2007. No payments were made to Mr. Feenan in connection with his resignation other than accrued vacation and holiday pay, which are included in the amount under the Salary column of the Summary Compensation Table in this Proxy Statement.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF AUDITORS

Audit Committee Report

Pursuant to its charter, the Audit Committee of the Board of Directors is responsible for the appointment, compensation and oversight of the work of our independent auditors. In the exercise of that authority, we, the members of the Audit Committee, determined to engage KPMG LLP to serve as H.B. Fuller's independent auditors for the year ending November 29, 2008.

The Audit Committee of the Board is composed solely of independent directors who satisfy all applicable requirements of federal law, the listing standards of the New York Stock Exchange and the Company's Corporate Governance Guidelines. Except in our capacity as directors, no member of the Committee receives, directly or indirectly, any consulting, advisory or other compensatory fee from the Company, and no member is otherwise affiliated with the Company or any subsidiary, as such term is defined by applicable federal law and regulations. In addition to the foregoing, Mr. J. Michael Losh, Chair of the Committee, based upon his experience in the preparation and auditing of the financial statements of comparable companies and his understanding of generally accepted accounting principles, internal accounting controls and audit committee functions, is deemed to satisfy the requirements of an audit committee financial expert as such term is defined under applicable federal law and regulation.

Management is responsible for the financial reporting process, accounting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable law and regulation. Management represented to us that H.B. Fuller's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

KPMG LLP, as H.B. Fuller's independent auditors for fiscal year 2007, was responsible for performing an independent audit of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report.

We have reviewed and discussed the audited consolidated financial statements with management and KPMG LLP. We have also discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), and they have discussed with us their independence and provided to us the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Based upon our discussions and our review of the representations of management and the report of the independent auditors, and in reliance upon such information, representations, reports and opinions, we recommended to the Board of Directors that the audited consolidated financial statements be included in H.B. Fuller's Annual Report on Form 10-K for the fiscal year ended December 1, 2007 filed with the SEC.

Table of Contents***Fees to the Independent Auditors***

The following table presents fees for professional services provided by KPMG LLP for the audit, audit-related, tax and all other services rendered to us and our affiliates for the 2006 and 2007 fiscal years.

	<u>2007</u>	<u>2006</u>
Audit Fees	\$ 2,498,000	\$ 2,267,000
Audit-Related Fees	\$ 0	\$ 250,000
Tax Fees	\$ 23,000	\$ 4,000
All Other Fees	\$ 0	\$ 0

Audit Fees: Includes fees and expenses billed and to be billed for (i) the audit of the consolidated financial statements included in our annual report on Form 10-K, (ii) the audit of the effectiveness of our internal control over financial reporting, (iii) reviews of the interim consolidated financial information included in our quarterly reports on Form 10-Q, (iv) statutory audits of certain international subsidiaries, (v) consultations concerning financial accounting and reporting and (vi) reviews of documents filed with the Securities and Exchange Commission and consents.

Audit-Related Fees: Includes fees and expenses for audits of employee benefit plans and due diligence services pertaining to potential business acquisitions.

Tax Fees: Includes fees and expenses for international tax compliance services.

The Audit Committee has in place procedures to pre-approve all audit, audit-related, tax and other permissible services provided to us by our independent auditors. We have a policy of avoiding the engagement of our independent auditors except for audit, audit-related and tax compliance services. The Audit Committee has delegated to one or more of its members pre-approval authority with respect to permitted services, and receives a regular report from management on all such services provided to us by our independent auditors. All of the services provided by our independent auditors in fiscal 2007 and 2006 were pre-approved by the Audit Committee under its pre-approval procedures.

Proposal

The Audit Committee has appointed KPMG LLP, certified public accountants, as our independent auditor for the fiscal year ending November 29, 2008. KPMG LLP first acted as our independent auditor during the fiscal year ended November 27, 2004. While we are not required to do so, H.B. Fuller is submitting the selection of KPMG LLP to serve as our independent auditor for the fiscal year ending November 29, 2008 for ratification in order to ascertain the views of our shareholders on this appointment. If the shareholders, by an affirmative vote of a majority of our shares of Common Stock represented and entitled to vote at the annual meeting, do not ratify the Audit Committee's appointment of KPMG LLP as our independent auditor, the Audit Committee intends to reconsider that appointment. However, because of the difficulty and expense of making any change in independent auditors so long after the beginning of the current fiscal year, it is likely that the appointment would stand for fiscal year 2008 unless there were

compelling reasons for making an immediate change.

Representatives of KPMG LLP will be present at the meeting and will have the opportunity to make a statement if they desire to do so and to respond to appropriate questions from shareholders.

We will vote your shares as you specify when providing your proxy. If you submit your proxy without voting instructions, we will vote your shares FOR the ratification of the appointment of KPMG LLP.

The affirmative vote of a majority of the outstanding shares of Common Stock represented and entitled to vote on this matter is required to approve this proposal.

**The Board of Directors recommends a vote FOR
ratification of the appointment of KPMG LLP.**

**PROPOSAL 3 APPROVAL OF THE AMENDED AND RESTATED H.B. FULLER COMPANY
ANNUAL AND LONG-TERM INCENTIVE PLAN**

Introduction

Subject to shareholder approval, during December 2007, the Board of Directors adopted the Amended and Restated H.B. Fuller Company Annual and Long-Term Incentive Plan. shareholder approval of this plan is being sought to qualify compensation paid under this plan as qualified performance-based compensation, as defined in Section 162(m) of the Internal Revenue Code. Section 162(m) of the Code generally limits to \$1,000,000 the amount that a publicly-held corporation, like H.B. Fuller, is allowed each year to deduct for the compensation paid to its principal executive officer and the three other most highly compensated executive officers (other than the principal executive officer and the principal financial officer) (sometimes referred to as Covered Employees). However, qualified performance-based compensation is not subject to the \$1,000,000 deduction limit.

To qualify as performance-based compensation, the following requirements need to be satisfied:

payments must be based on objective, performance-based standards determined by a committee consisting solely of two or more outside directors,

the material terms under which the compensation is to be paid, including a limit on the maximum bonus that may be paid to any participant with respect to any performance period, must be approved by a majority of the corporation's shareholders, and

the committee of outside directors must certify that the applicable performance goals were satisfied before payment is made.

The Amended and Restated H.B. Fuller Company Annual and Long-Term Incentive Plan is intended to comply with the requirements of Section 162(m). If this plan is approved at the meeting, the Company's payments under this plan should be deductible for federal income tax purposes for the next five fiscal years (at which time, shareholder approval will again be required).

The material features of this plan are summarized below. In general this plan determines the maximum amount of annual and long-term bonuses H.B. Fuller may pay to Covered Employees under this plan. In accordance with the terms of its charter, the Compensation Committee of the Board of Directors will determine the actual amount of any short or long-term bonus paid. The policies and practices that the Compensation Committee uses in determining these amounts are discussed each year in this Proxy Statement under the heading Compensation Discussion and Analysis. The actual amount paid by H.B. Fuller is described under the heading Summary Compensation Table.

Material Features of the Amended and Restated H.B. Fuller Company Annual and Long-Term Incentive Plan

Edgar Filing: FULLER H B CO - Form DEF 14A

Awards. The Amended and Restated H.B. Fuller Company Annual and Long-Term Incentive Plan permits the grant of annual cash incentive awards, called Covered Employee Annual Incentive Awards, and long-term cash incentive awards, called Performance Units. It also may be used to qualify certain stock-based awards, called Stock Incentive Awards, granted under the Amended and Restated H.B. Fuller Company Year 2000 Stock Incentive Plan as performance-based compensation under Section 162(m) of the Code.

Administration. The Annual and Long-Term Incentive Plan is administered by the Compensation Committee of the Board of Directors, which is composed solely of outside directors within the meaning of Section 162(m). This Committee has the authority to determine when awards will be granted, select participants, determine the amounts of the awards, and set the terms and conditions of

Table of Contents

the awards, including allowing participants to elect to defer receipt of payments of awards. The Compensation Committee also has the authority to interpret this plan and establish rules for its administration.

Covered Employee Annual Incentive Awards. Persons eligible to receive Covered Employee Annual Incentive Awards are H.B. Fuller's principal executive officer and the three other most highly compensated executive officers (other than the principal executive officer and the principal financial officer) for any fiscal year (each a Covered Employee). Each year an incentive pool equal to the greater of 5% of H.B. Fuller's operating income or cash flow for a specified fiscal year will be available to the Compensation Committee to fund all Covered Employee Annual Incentive Awards. The Compensation Committee will allocate a percentage of that fiscal year's incentive pool to each Covered Employee. No Covered Employee may be allocated a percentage in excess of 75% of the total pool. As soon as possible after determination of the total amount of the incentive pool for the applicable fiscal year, the Compensation Committee, in its sole discretion, shall then determine the actual amount of each Covered Employee's Annual Incentive Award to be paid for that fiscal year. In no event can the amount paid exceed a Covered Employee's allocated portion of the incentive pool.

For fiscal year 2008, the Compensation Committee determined that a Covered Employee Annual Incentive Award may not exceed 75% of the available incentive pool. The actual annual bonus, if any, paid to any covered employee for fiscal year 2008 will be determined by the Compensation Committee. At this time, it is not possible to determine the amount that will be paid for fiscal year 2008 or later years in the form of Covered Employee Annual Incentive Awards since actual amounts will depend on the performance of the Company as well as the Compensation Committee's exercise of its discretion to adjust any such award downward. However, the fiscal year 2007 short-term incentive award paid to Mr. Volpi is disclosed in the Summary Compensation Table in this Proxy Statement.

Performance Unit. A Performance Unit is an award which the Compensation Committee can grant to any H.B. Fuller employee entitling the employee to receive a cash payment at some future date or dates. The Compensation Committee can select the employees to whom Performance Units will be granted and determines the nature and amount of each Unit. All employees of H.B. Fuller and its affiliates (currently consisting of approximately 3,200 individuals) are eligible under this plan to receive Performance Units, however, long-term incentive awards similar to Performance Units have been typically limited to a senior management level consisting of approximately 50-60 employees in the past. The Compensation Committee has not authorized Performance Unit awards related to fiscal year 2007 or fiscal year 2008. If the Compensation Committee chose to award Performance Units in the future, it would set performance goals which, depending on the extent to which they are met, would determine the value and/or size of a Performance Unit award that would be paid out. The types and amounts of such awards that may be granted in the future pursuant to this plan are not determinable as the Compensation Committee will make such determinations in its discretion.

Pursuant to the terms of this plan, the performance criteria for any Performance Unit are limited to the following performance measures: (a) earnings per share; (b) return on equity; (c) economic value added; (d) stock price; (e) return on investment; (f) return on invested capital; (g) return on assets; (h) cash flow; (i) pre-tax income; (j) net revenue; (k) return on sales; (l) total shareholder return; (m) value creation sum; (n) return on gross investment; (o) total business return; and (p) net operating income. These performance measures may be used by the Compensation Committee in defining a Performance Unit to measure the performance of the Company as a whole or any business unit of the Company or any combination, and any of the above performance measures can also be used to compare the Company's performance to the performance of a group of comparative companies, or a published or special index that the Compensation Committee, in its sole discretion, deems appropriate. Payments under any Performance Unit could also be based upon any measured improvement (actual or relative) of any of the above performance measures as the Compensation Committee may deem

Table of Contents

appropriate. Pursuant to this plan, no recipient may receive in excess of \$5,000,000 for any one fiscal year pursuant to the terms of a Performance Unit or Units under this plan. The Compensation Committee also retains the discretion to adjust any amount due pursuant to the terms of a Performance Unit downward.

Stock Incentive Awards. Subject to the terms of the Amended and Restated H.B. Fuller Company Year 2000 Stock Incentive Plan, the Compensation Committee may grant Stock Incentive Awards to any employee in such amounts and upon such terms as it may in its discretion determine. All employees of H.B. Fuller and its affiliates (currently consisting of approximately 3,200 individuals) are eligible to receive Stock Incentive Awards. The performance measures for payment of any Stock Incentive Award are the same as those for a Performance Unit Award. It is the intention of H.B. Fuller that any Stock Incentive Awards made pursuant to the Amended and Restated H.B. Fuller Company Annual and Long-Term Incentive Plan qualify as performance-based compensation under Section 162(m) of the Code. The maximum aggregate amount payable to any one participant for any one fiscal year pursuant to the terms of a Stock Incentive Award or Awards may not exceed 300,000 shares of Company Common Stock or an amount equal to the value of 300,000 shares of Company Common Stock. No Stock Incentive Awards have been granted pursuant to this plan. The types and amounts of such awards that may be granted in the future pursuant to this plan are not determinable as the Compensation Committee will make such determinations in its discretion.

Amendment and Termination. The Compensation Committee may, at any time and from time to time, alter, amend, modify, suspend or terminate the Amended and Restated H.B. Fuller Company Annual and Long-Term Incentive Plan in whole or in part. No amendment of this plan may be made without shareholder approval if shareholder approval is required by law, regulation or stock exchange rule.

- (o) Total Business Return (TBR); and

(p) Net Operating Income (NOI).

Any Performance Measure(s) may be used to measure the performance of the Company as a whole or any business unit of the Company or any combination thereof, as the Committee may deem appropriate, or any of the above Performance Measures as compared to the performance of a group of comparator companies, or published or special index that the Committee, in its sole discretion, deems appropriate, or any measured improvement (actual or relative) of any of the above Performance Measures, as the Committee may deem appropriate. The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of performance goals pursuant to the Performance Measures specified in this Article 7.

The Committee may provide in any such Award that any evaluation of performance may include or exclude any of the following events that occurs during a Performance Period: (a) asset write-downs, (b) litigation or claim judgments or settlements, (c) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results, (d) any reorganization and restructuring programs, (e) Extraordinary Items, (f) acquisitions or divestitures, and (g) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed at a time and in a form that meets the requirements of Code Section 162(m) for deductibility.

Awards that are designed to qualify as Performance-Based Compensation, and that are held by Covered Employees, may not be adjusted upward. The Committee shall retain the discretion to adjust such Awards downward.

Table of Contents

In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Measures without obtaining shareholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining shareholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards that shall not qualify as Performance-Based Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m).

Article 8. Covered Employee Incentive Pool

The Committee may designate Covered Employees who are eligible to receive a monetary payment in any Plan Year based on a percentage of an incentive pool equal to the greater of: (i) five percent (5%) of the Company's Operating Income for the Plan Year, or (ii) five percent (5%) of the Company's Operating Cash Flow. The Committee shall allocate an incentive pool percentage to each designated Covered Employee for each Plan Year. In no event may the incentive pool percentage for any one Covered Employee exceed seventy-five percent (75%) of the total pool.

As soon as possible after the determination of the incentive pool for a Plan Year, the Committee shall calculate the Covered Employee's allocated portion of the incentive pool based upon the percentage established at the beginning of the Plan Year. The Covered Employee's incentive award then shall be determined by the Committee based on the Covered Employee's allocated portion of the incentive pool subject to adjustment in the sole discretion of the Committee. In no event may the portion of the incentive pool allocated to a Covered Employee be increased in any way, including as a result of the reduction of any other Covered Employee's allocated portion.

Article 9. Beneficiary Designation

Each Participant under the Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his or her death before he or she receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Company, and will be effective only when filed by the Participant in writing with the Company during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

Article 10. Deferrals

The Committee may permit or require a Participant to defer such Participant's receipt of an Award that would otherwise be due to such Participant by virtue of the satisfaction of any requirements or performance goals with respect to Stock Incentive Awards, Performance Unit Awards, and Covered Employee Annual Incentive Awards. If any such deferral election is required or permitted, the terms of the deferral shall comply with the requirements of Section 409A of the Code (to the extent applicable), and shall be set forth in the Award Agreement pertaining to the grant of the Award.

Article 11. Rights of Participants

11.1 Employment. Nothing in the Plan or an Award Agreement shall interfere with or limit in any way the right of the Company and/or its Affiliates to terminate any Participant's employment at any time or for any reason not prohibited by law, nor confer upon any Participant any right to continue his or her employment for any specified period of time.

Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company and/or its Affiliates and, accordingly, subject to Article 3 and Article 12, this Plan and

the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company and/or its Affiliates.

11.2 Participation. No individual shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

Article 12. Amendment, Modification, Suspension, and Termination

12.1 Amendment, Modification, Suspension, and Termination. The Committee may, at any time and from time to time, alter, amend, modify, suspend, or terminate the Plan in whole or in part. No amendment of the Plan shall be made without shareholder approval if shareholder approval is required by law, regulation, or stock exchange rule.

12.2 Awards Previously Granted. Notwithstanding any other provision of the Plan to the contrary, no termination, amendment, suspension, or modification of the Plan shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award.

Article 13. Withholding

13.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan.

13.2 Share Withholding. With respect to withholding required upon the achievement of performance goals related to Stock Incentive Awards, the Committee may permit the Participant subject to any restrictions or limitations that the Committee, in its sole discretion deems appropriate, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a fair market value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction.

Article 14. Successors

All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 15. General Provisions

15.1 Forfeiture Events. The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events shall include, but shall not be limited to, termination of employment for cause, violation of material Company and/or Affiliate policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company and/or its Affiliates.

15.2 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

15.3 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

15.4 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

15.5 Securities Law Compliance. Transactions under this Plan are intended to comply with all applicable securities laws. To the extent any provision of the Plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.

15.6 Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other person. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not subject to ERISA.

15.7 Retirement and Welfare Plans. The value of compensation paid under this Plan will not be included as compensation for purposes of computing the benefits payable to any Participant under the Company's retirement plans (both qualified and nonqualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a participant's benefit.

15.8 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of Minnesota, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Minnesota, to resolve any and all issues that may arise out of or relate to the Plan or any related Award Agreement.
