Dear Fellow Shareholder:

On behalf of the Board of Directors and management of First PacTrust Bancorp, Inc., we cordially invite you to attend the Annual Meeting of Shareholders of the Company. The meeting will be held at 9:00 a.m., local time, on April 16, 2008 at the Bonita Golf Club, located at 5540 Sweetwater Road, Bonita, California. The Annual Meeting will include management's report to you on the Company's 2007 financial and operating performance.

An important aspect of the Annual Meeting process is the shareholder vote on corporate business items. I urge you to exercise your rights as a shareholder to vote and participate in this process. Shareholders are being asked to consider and vote upon the election of two directors of the Company.

Whether or not you plan to attend the Annual Meeting, please read the enclosed proxy statement and then complete, sign and date the enclosed proxy card and return it in the accompanying postpaid return envelope as promptly as possible. This will save the Company additional expense in soliciting proxies and will ensure that your shares are represented at the meeting.

Your Board of Directors and management are committed to the success of the Company and the enhancement of the value of your investment. As President, I want to express my appreciation for your confidence and support.

Very truly yours,

Hans R. Ganz

Chief Executive Officer

PROXY STATEMENT

INTRODUCTION

The Board of Directors of First PacTrust Bancorp, Inc. is using this proxy statement to solicit proxies from the holders of the Company's common stock for use at the upcoming Annual Meeting of Shareholders. The meeting will be held on April 16, 2008 at 9:00 a.m., local time, at the Bonita Golf Club, located at 5540 Sweetwater Road, Bonita, California. At the meeting, shareholders will be asked to vote on one proposal: the election of two directors of the Company, each to serve for a term of three years. This proposal is described in more detail below. Shareholders also will consider any other matters that may properly come before the meeting, although the Board of Directors knows of no other business to be presented. Some of the information in this proxy statement relates to Pacific Trust Bank, a wholly owned subsidiary of the Company. Pacific Trust Bank may be referred to from time to time in this proxy statement as the Bank.

By submitting your proxy, you authorize the Company's Board of Directors to represent you and vote your shares at the meeting in accordance with your instructions. The Board also may vote your shares to adjourn the meeting from time to time and will be authorized to vote your shares at any adjournments or postponements of the meeting.

The Company's Annual Report to Shareholders for the fiscal year ended December 31, 2007, which includes the Company's audited financial statements, is enclosed. Although the Annual Report is being mailed to shareholders with this proxy statement, it does not constitute a part of the proxy solicitation materials and is not incorporated into this proxy statement by reference.

This proxy statement and the accompanying materials are being mailed to shareholders on or about March 17, 2008.

Your vote is important. Whether or not you plan to attend the meeting, please submit your proxy promptly in the enclosed envelope.

INFORMATION ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will be asked to vote on the following proposal:

Proposal 1. Election of two directors of the Company, each for a term of three years.

The shareholders also will act on any other business that may properly come before the meeting. Members of our management team will be present at the meeting to respond to your questions.

Table of Contents

Who is entitled to vote?

The record date for the meeting is March 7, 2008. Only shareholders of record at the close of business on that date are entitled to notice of and to vote at the meeting. The only class of stock entitled to be voted at the meeting is the Company's common stock. Each outstanding share of common stock is entitled to one vote on each matter presented at the meeting. At the close of business on the record date, there were 4,372,238 shares of common stock outstanding.

What if my shares are held in street name by a broker?

If your shares are held in street name by a broker, your broker is required to vote your shares in accordance with your instructions. If you do not give instructions to your broker, your broker will nevertheless be entitled to vote your shares with respect to discretionary items, but will not be permitted to vote your shares with respect to non-discretionary items. In the case of non-discretionary items, your shares will be treated as broker non-votes. Whether an item is discretionary is determined by the exchange rules governing your broker. The only proposal described in this proxy statement is considered a discretionary item under the Nasdaq Stock Market rules.

What if my shares are held in the Company's Employee Stock Ownership Plan?

If you are a participant in the Company's Employee Stock Ownership Plan, the plan trustee is required to vote the shares allocated to your account under the plan in accordance with your instructions. If you do not instruct the trustee how to vote your allocated shares, the trustee may vote your allocated shares in its sole discretion. The trustee must vote the unallocated shares in the same proportion as it is instructed to vote the allocated shares. For example, if on a particular proposal the trustee was instructed to vote 60% of the allocated shares FOR, 35% of the allocated shares AGAINST and 5% of the allocated shares ABSTAIN, the trustee would vote 60% of the unallocated shares FOR, 35% of the unallocated shares AGAINST and 5% of the unallocated shares ABSTAIN.

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of at least one-third of the shares of common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the shareholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken. An adjournment will have no effect on the business that may be conducted at the meeting.

How do I vote?

1. ***You may vote by mail.*** If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions.

2. ***You may vote in person at the meeting.*** If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot at the annual meeting. Note, however, that if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a proxy from the holder of your shares indicating that you were the beneficial owner of those shares on March 7, 2008, the record date for voting at the meeting. You are encouraged to vote by proxy prior to the meeting even if you plan to attend the meeting.

Table of Contents

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote at any time before the polls close at the meeting by:

signing another proxy with a later date;

giving written notice of the revocation of your proxy to the Company's Secretary prior to the annual meeting; or

voting in person at the annual meeting. Your proxy will not be automatically revoked by your mere attendance at the meeting; you must actually vote at the meeting to revoke a prior proxy.

How does the Board of Directors recommend I vote on the proposals?

Your Board of Directors recommends that you vote:

FOR the election of the two director nominees to the Board of Directors.

What if I do not specify how my shares are to be voted?

If you submit an executed proxy but do not indicate any voting instructions, your shares will be voted:

FOR the election of the two director nominees to the Board of Directors.

Will any other business be conducted at the meeting?

The Board of Directors knows of no other business that will be presented at the meeting. If, however, any other proposal properly comes before the shareholders for a vote at the meeting, the Board of Directors, as holder of your proxy, will vote your shares in accordance with its best judgment.

How many votes are required to elect the director nominees?

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the nominees as directors. This means that the two director nominees will be elected if they receive more affirmative votes than any other persons nominated for election. No persons have been nominated for election other than the two nominees named in this proxy statement. If you vote **Withheld** with respect to the election of one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the Board of Directors, as holder of your proxy, will vote your shares for the substitute nominee unless you have withheld authority to vote for the nominee replaced.

How will abstentions be treated?

If you abstain from voting, your shares will still be included for purposes of determining whether a quorum is present. Because directors will be elected by a plurality of the votes cast, abstaining is not offered as a voting option for Proposal 1.

How will broker non-votes be treated?

Shares treated as broker non-votes on one or more proposals will be included for purposes of calculating the presence of a quorum but will not be counted as votes cast. Consequently, broker non-votes will have no effect on Proposal 1. If, as expected, Proposal 1 is considered a discretionary item, there will be no broker non-votes on this proposal.

STOCK OWNERSHIP

Stock Ownership of Significant Shareholders, Directors and Executive Officers

The following table shows, as of March 7, 2008, the beneficial ownership of the Company's common stock by:

any persons or entities known by management to beneficially own more than five percent of the outstanding shares of Company common stock;

each director and director nominee of the Company;

each executive officer of the Company and the Bank named in the Summary Compensation Table appearing below; and

all of the executive officers and directors of the Company and the Bank as a group.

The address of each of the beneficial owners, except where otherwise indicated, is the same address as the Company's. As of March 7, 2008, there were 4,372,238 shares of Company common stock issued and outstanding.

Beneficial ownership is determined in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to outstanding options held by that person that are currently exercisable or exercisable within 60 days after March 7, 2008 are deemed outstanding. Such shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

- (6) This amount includes 398,896 shares of common stock subject to currently exercisable options held by directors and executive officers.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company s directors and executive officers, and persons who own more than 10% of the Company s common stock, to report to the SEC their initial ownership of the Company s common stock and any subsequent changes in that ownership. Specific due dates for these reports have been established by the SEC and the Company is required to disclose in this proxy statement any late filings or failures to file.

To the Company s knowledge, based solely on its review of the copies of these reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2007, all Section 16(a) filing requirements applicable to the Company s executive officers and directors during fiscal 2007 were met.

PROPOSAL 1 ELECTION OF DIRECTORS

General

The Company s Board of Directors consists of six directors divided into three classes. Directors in each class are elected to serve for three-year terms that expire in successive years. The term of one of the classes of the Company s directors will expire at the annual meeting.

Nominees

The Company has nominated Francis P. Burke and Kenneth W. Scholz for election as directors for three-year terms expiring at the annual meeting of shareholders to be held in 2011. Messrs. Burke and Scholz currently serve as directors of the Company and the Bank. The nominees have each consented to being named in this proxy

**BOARD OF DIRECTORS MEETINGS AND
COMMITTEE AND CORPORATE GOVERNANCE MATTERS**

Board Meetings, Independence and Ethics Code

Meetings of the Company's Board of Directors are generally held on a monthly basis. The Company's Board of Directors held ten meetings and two special meetings during the fiscal year ended December 31, 2007. All directors of the Company attended more than 75 percent of the aggregate of the total number of Board meetings. The Company's general policy is for all directors to attend its annual meeting of stockholders, and every director but one attended last year's annual meeting.

The Board has determined that Directors Majors, Burke, Purdy, Scholz and Whitacre, constituting a majority of the Board members, are independent directors, as that term is defined in the Nasdaq listing standards. Stockholders may communicate directly with the Board of Directors by sending written communications to the Alvin L. Majors, Chairman of the Board of the Company, 610 Bay Boulevard, Chula Vista, California, 91910.

The Board of Directors has adopted a Code of Business Conduct and Ethics that applies to all directors, officers and employees. You may obtain a copy of the Code free of charge by writing to the Corporate Secretary of the Company, 610 Bay Boulevard, Chula Vista, California, 91910 or by calling (619) 691-1519. In addition, the Code of Business Conduct and Ethics has been filed with the SEC as Exhibit 14 to the Company's Annual Report on Form 10-K for the year ended December 31, 2003 and is available on our website at www.firstpactrustbancorp.com at Governance Documents.

Board Committee Attendance and Charters

The Board of Directors of the Company has standing Executive, Audit, Nominating and Compensation Committees. All members of these committees attended more than 75 percent of the total number of meetings held by the committees on which he or she served.

The Board of Directors has adopted written charters for the Audit Committee, the Compensation Committee and the Nominating Committee. The charters for the Audit Committee, Compensation Committee and the Nominating Committee are available on our website at www.firstpactrustbancorp.com at Governance Documents. You also may obtain a copy of these committee charters free of charge by writing to the Corporate Secretary of the Company, 610 Bay Boulevard, Chula Vista, California, 91910 or by calling (619) 691-1519.

Executive Committee

The Executive Committee is comprised of Directors Majors, Burke, Purdy and Ganz. The Executive Committee meets on an as needed basis and is empowered to act on behalf of the entire board. This committee met one time in 2007.

Audit Committee

The Audit Committee is comprised of Directors Majors, Scholz and Whitacre, all of whom are independent directors under the Nasdaq listing standards. The Board of Directors has determined that Directors Majors and Scholz are audit committee financial experts as defined in Item 401(h) of Regulation S-K of the Securities and Exchange Commission and that all of the Audit Committee members meet the independence and financial literacy requirements under the Nasdaq listing standards. In 2007, this Committee met four times. This committee is responsible for hiring, terminating and/or reappointing the Company's registered public accounting firm and for reviewing the annual audit report prepared by our registered public accounting firm. The functions of the Audit Committee also include:

approving non-audit and audit services to be performed by the registered public accounting firm;

reviewing and approving all related party transactions for potential conflict of interest situations;

Nominating Committee

The Nominating Committee is composed of Directors Purdy, Majors and Whitacre. The committee is primarily responsible for selecting nominees for election to the board. The Nominating Committee generally meets once per year to make nominations. The Nominating Committee will consider nominees recommended by shareholders in accordance with the procedures in the Company's bylaws, but the Nominating Committee has not actively solicited such nominations.

The Nominating Committee has the following responsibilities:

(i) recommend to the Board the appropriate size of the Board and assist in identifying, interviewing and recruiting candidates for the Board;

(ii) recommend candidates (including incumbents) for election and appointment to the Board of Directors, subject to the provisions set forth in the Company's certificate of incorporation and bylaws relating to the nomination or appointment of directors, based on the following criteria: business experience, education, integrity and reputation, independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable obligations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public policy) and a commitment to the Company's communities and shared values, as well as overall experience in the context of the needs of the Board as a whole;

(iii) review nominations submitted by shareholders, which have been addressed to the Corporate Secretary, and which comply with the requirements of the Company's articles of incorporation and bylaws. Nominations from shareholders will be considered and evaluated using the same criteria as all other nominations;

(iv) annually recommend to the Board committee assignments and committee chairs on all committees of the Board, and recommend committee members to fill vacancies on committees as necessary, and

(v) perform any other duties or responsibilities expressly delegated to the Committee by the Board.

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

Nominations, other than those made by the Nominating Committee, must be made pursuant to timely notice in writing to the Corporate Secretary as set forth in Article I, Section 1 of the Company's bylaws. In general, to be timely, a shareholder's notice must be received by the Company not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; however, if less than 100 days' notice of the date of the scheduled annual meeting is given by the Company, the shareholder has until the close of business on the tenth day following the day on which notice of the date of the scheduled annual meeting was made. The shareholder's notice must include the information set forth in Article I, Section 1 of the Company's bylaws, which includes the following:

(i) as to each person whom a shareholder proposes to nominate for election as a director:

all information relating to the proposed nominee that is required to be disclosed in the solicitation of proxies for election as directors or is otherwise required pursuant to Regulation 14A under the Securities Exchange Act of 1934.

Table of Contents

(ii) as to the shareholder giving the notice:

name and address of the shareholder as they appear on the Company's books;

number of shares of the Company's common stock beneficially owned by the shareholder.

The foregoing description is a summary of the Company's nominating process. Any shareholder wishing to propose a director candidate to the Company should review and must comply in full with the procedures set forth in the Company's charter and bylaws, and Maryland law.

During fiscal 2007 the Nominating Committee met one time with respect to selection of director nominees.

Compensation Committee

The Compensation Committee is currently comprised of Directors Majors, Purdy and Burke, all of whom are independent directors. This committee administers the Company's 2003 Stock Option and Incentive Plan and the 2003 Recognition and Retention Plan and reviews overall compensation policies for the Company. Since the Company does not pay any salaries to its officers or employees, all compensation matters, except for stock-based compensation awards, are addressed by Pacific Trust Bank's Board of Directors Compensation Committee. The Company's Compensation Committee met two times during fiscal 2007.

The Compensation Committee of the Bank is comprised of the same directors and is responsible for:

(i) determining compensation to be paid to its officers and employees, which are based on the recommendation of President Ganz, except that compensation paid to executive officers is determined based on the recommendation of a majority of the independent directors. President Ganz is not present during voting or deliberations concerning his compensation;

(ii) overseeing the administration of the employee benefit plans covering employees generally, and

(iii) reviewing the compensation policies.

REPORT OF THE COMPENSATION COMMITTEE

The information contained in this report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that First PacTrust Bancorp specifically incorporates it by reference in such filing

In evaluating executive officer pay, the Compensation Committee may retain the services of a compensation consultant or utilize published compensation surveys, and considers recommendations from the chief executive officer with respect to goals and compensation of the other executive officers. The Compensation Committee assesses the information it receives in accordance with its business judgment. The Compensation Committee also periodically reviews director compensation. All decisions with respect to executive and director compensation are approved by the Compensation Committee and recommended to the full board for ratification.

The Compensation Committee is responsible for administering all of our equity-based plans. The Compensation Committee also periodically reviews compensation and equity-based plans and makes its recommendations to the board with respect to these areas.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis (the CD&A) for the year ended December 31, 2007 with management. In reliance on the reviews and discussions referred to above, the Compensation Committee recommended to the board, and the board has approved, that the CD&A be included in the proxy statement for the year ended December 31, 2007 for filing with the SEC.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Our compensation programs are designed to attract and retain key employees, motivating them to achieve and rewarding them for superior performance. Different programs are geared to short and longer-term performance with the goal of increasing stockholder value over the long term. Executive compensation programs impact all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe that the performance of every employee is important to our success, we are mindful of the effect of executive compensation and incentive programs on all of our employees.

We believe that the compensation of our executives should reflect their success as a management team, rather than individuals, in attaining key operating objectives, such as growth in deposits and customer relationships, growth of operating earnings and earnings per share, and ultimately, in attaining an increased market price for our stock. We believe that the performance of the executives in managing our company should be the basis for determining their overall compensation, taking into consideration pertinent economic conditions, interest rate trends, and the competitive market environment. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, but rather that the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the company by our executives. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option and other equity incentive programs.

Overview

Elements of compensation for our executives include: salary, employee bonus incentive plan, employee stock ownership plan, stock option and stock incentive awards, health, disability and life insurance, and perquisites. Base salaries are set for our executive officers annually at a meeting of our Compensation Committee. At these meetings, our Compensation Committee also approves and adopts the employee bonus incentive plan for the new fiscal year, in which executives participate along with all other employees of the Company, and may grant stock option or stock awards to our executive officers and certain other eligible employees in accordance with the 2003 Stock Option and Incentive Plan and the 2003 Recognition and Retention Plan.

It has been the practice of our Compensation Committee to periodically review the component elements of each executive officer's total compensation, and to compare the compensation of the executive officers with that of executive officers with similar responsibilities in an appropriate market comparison group. Typically, the chief executive officer makes compensation recommendations to the Compensation Committee with respect to the executive officers who report to him. Such executive officers are not present at the time of these deliberations. The Committee chairman then makes compensation recommendations to the Compensation Committee with respect to the chief executive officer, who is absent from that meeting. The Compensation Committee may accept or adjust such recommendations.

We choose to pay each element of compensation in order to attract and retain the necessary executive talent, reward annual performance and provide incentive for their balanced focus on long-term strategic goals as well as short-term performance. The amount of each element of compensation is determined by or under the direction of our Compensation Committee, which uses the following factors to determine the amount of salary and other benefits to pay each executive:

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

performance against corporate and individual objectives for the previous year, and relative to pertinent economic, interest rate and competitive environment factors;

difficulty of achieving desired results in the coming year;

value of their unique skills and capabilities to support long-term performance of the company;

Table of Contents

performance of their general management responsibilities; and

contribution as a member of the executive management team.

These elements fit into our overall compensation objectives by helping to secure the future potential of our operations, facilitating our entry into new markets, providing proper compliance and regulatory guidance, and helping to create a cohesive team.

Our policy for allocating between long-term and currently paid compensation is to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize long-term value for our company and our stockholders. Likewise, we provide cash compensation in the form of base salary to meet competitive salary norms and reward good performance on an annual basis in the form of merit salary adjustments and bonus compensation to reward superior performance against specific short-term goals. We provide non-cash compensation to reward superior performance against specific objectives and long-term strategic goals. We believe our compensation package, including benefits and equity-related awards, is competitive within the marketplace and appropriate to fulfill our stated policies.

The following items of corporate performance are taken into account in setting compensation policies:

corporate earnings per our financial plan;

customer satisfaction; and

achievement of our strategic objectives.

COMPONENTS OF EXECUTIVE COMPENSATION

Base Salary. It is the goal of our Compensation Committee to establish salary compensation for our executive officers based on our company's operating performance relative to comparable peer companies. In setting base salaries for 2007, we reviewed the President and CEO's recommendations with respect to the salary compensation of other executive officers and discussed the relative qualifications, experience and responsibilities of the officers. In reviewing this peer information, we considered the salary information for CEOs of financial institutions which had recently gone public and were similar in asset size to First PacTrust but were not necessarily located within California. It is our policy to pay our chief executive officer and other executive officers on a total compensation basis relative to the other members of our senior management team. We believe that this gives us the opportunity to attract and retain talented managerial employees both at the senior executive level and

below.

Table of Contents

2007 Bonus Plan. The employee performance incentive bonus plan, which is revised annually and in which all of the Company's employees participate, is designed to reward our staff and executive officers for the achievement of shorter-term financial goals, principally increases in after-tax net income. It is our general philosophy that all employees be rewarded for their performance as a team in the attainment of these goals, rather than individually. We believe that it is important to align our executive officers and staff toward consistent goals, promoting teamwork among them. Senior management, middle management, full-time staff and part-time staff each have different bonus percentages on a sliding scale for relative achievement of net income goals. It is our practice to maintain the bonus percentages for all members of each group at the same level. Additionally, each employee is eligible to receive a discretionary award component under the plan, based upon evaluation of his or her contribution toward the success of company objectives. This portion of the awards to any individual or the officers as a group is entirely at the discretion of our Committee. The Compensation Committee may choose to award the bonus or not, and decide on the actual level of the award in light of all relevant factors after completion of the year.

At the beginning of fiscal 2007, our Compensation Committee adopted the 2007 employee performance incentive bonus plan. Under the terms of the plan if our net income for 2007 is below \$4.5 million, bonuses are not paid to executive officers; however, the Committee may, in its discretion, award a bonus to any executive officer if warranted by outstanding individual performance. Many factors determine year to year performance. These include competitive market factors and decisions that may sometimes negatively impact net income in the short run but significantly strengthen our performance in the long run. These also include factors beyond our control, such as interest rate levels and economic conditions in our market areas. Recognition and reward cannot be an all or nothing proposition, however. The lower end of the sliding bonus range for executive officers is 3.0% of base salary for achievement of after-tax net income of \$4.5 million, and the higher end of the range is 45% for after-tax net income of \$7.0 million. Additionally, the plan provides for a discretionary bonus component which in the aggregate would not exceed 4% of after-tax net income.

Bonus plan net income objectives for 2007 were not met, and bonuses under the sliding scale for the relative achievement of net income performance goals were not paid. However, in its discretion, our Compensation Committee decided to award bonuses for 2007 based within the discretionary amounts as established in the 2007 employee performance incentive bonus plan, which was previously approved by the Compensation Committee on January 9, 2007.

2008 Bonus Plan. At the beginning of fiscal 2008, our Compensation Committee adopted the 2008 employee performance incentive bonus plan. Under the terms of the revised plan, the Bank's branch operations staff, including the Senior Vice President Branch Operations, are rewarded on a sliding scale based on a deposit account growth formula. For other executive officers, if our net income for 2008 is below \$4.0 million, bonuses are not paid to executive officers; however, the Committee may, in its discretion, award a bonus to any executive officer if warranted by outstanding individual performance. Many factors determine year to year performance. These include competitive market factors and decisions that may sometimes negatively impact net income in the short run but significantly strengthen our performance in the long run. These also include factors beyond our control, such as interest rate levels and economic conditions in our market areas. Recognition and reward cannot be an all or nothing proposition, however. The lower end of the sliding bonus range for executive officers is 1.0% of 2008 paid-out annual salary for achievement of after-tax net income of \$4.0 million, and the higher end of the range is 25% for after-tax net income of \$6.0 million. Additionally, the plan provides for a discretionary bonus component which would not exceed 5% of after-tax net income with a minimum discretionary bonus component of \$150,000 in the aggregate.

401(k) Employee Stock Ownership Plan (KSOP). We offer a qualified, tax exempt savings plan to our employees with a cash or deferred feature qualifying under Section 401(k) of the Code (the 401(k) Plan) as part of our KSOP. All employees who have attained age 18 are eligible to make 401(k) contributions. Eligible employees are also eligible to be allocated matching and profit sharing contributions, if any, after they have attained age 18 and completed 12 months of continuous employment, during which they worked at least 1,000 hours.

Table of Contents

During 2007, participants were permitted to make salary reduction contributions to the 401(k) Plan of up to 100% of their annual salary, up to a maximum of \$15,000. In addition, participants who have attained age 50 may defer an additional \$5,000 annually as a 401(k) catch-up contribution. All employees who participate in the 401(k) Plan received 100% matching funds for the first 4% of salary contributed by the employee during 2007. All 401(k) deferrals made by participants are before-tax contributions. In the event of retirement at age 65 or older, permanent disability or death, however, a participant will automatically become 100% vested in the value of all matching and profit sharing contributions and earnings thereon, regardless of the number of years of service with Pacific Trust Bank.

Participants may invest amounts contributed by them, as well as employer matching and profit sharing contributions (to the extent they are fully vested), to their 401(k) Plan accounts in one or more investment options available under the 401(k) Plan. Changes in investment directions among the funds are permitted on a periodic basis pursuant to procedures established by the plan administrator. Each participant receives a quarterly statement which provides information regarding, among other things, the market value of his investments and contributions made to the 401(k) Plan on his behalf. Participants are permitted to borrow against their account balance in the 401(k) Plan.

Pacific Trust Bank also maintains an employee stock ownership plan for employees of First PacTrust and Pacific Trust Bank, as part of the KSOP. (The following description pertains only to the employee stock ownership portion of the KSOP.)

As part of our reorganization from the stock form and initial public offering, the employee stock ownership plan borrowed funds from First PacTrust and used these funds to purchase shares of common stock of First PacTrust. The loan equaled 100% of the aggregate purchase price of the common stock acquired by the employee stock ownership plan. The loan to the employee stock ownership plan will be repaid primarily from First PacTrust's contributions to the employee stock ownership plan over a period of ten years, and from dividends on common stock held by the employee stock ownership plan. First PacTrust may, in any plan year, make additional discretionary contributions for the benefit of plan participants.

Shares purchased by the employee stock ownership plan with the proceeds of the loan are held in a suspense account and released to participants accounts as debt service payments are made. Shares released from the employee stock ownership plan are allocated to each eligible participant's employee stock ownership plan account based on the ratio of each such participant's eligible compensation to the total eligible compensation of all eligible employee stock ownership plan participants. An employee is eligible for an employee stock ownership allocation if he is credited with 1,000 or more hours of service during the plan year, and either is actually employed on the last day of the plan year or has attained age 65. The account balances of participants with the employee stock ownership plan vest on the five year anniversary of service with the Company. Credit for eligibility and vesting have been given for years of service with Pacific Trust Bank, prior to adoption of the employee stock ownership plan. In the case of a change in control, as defined in the employee stock ownership plan, which triggers a termination of the employee stock ownership plan, participants immediately will become fully vested in their account balances. Benefits are payable upon retirement or other separation from service, or upon termination of the plan.

2003 Recognition and Retention Plan and 2003 Stock Option and Incentive Plan

In April 2003, stockholders of First PacTrust approved the 2003 Stock Option and Incentive Plan and the 2003 Recognition and Retention Plan. These plans became effective on April 24, 2003. The Compensation Committee administers these two long-term incentive stock plans, determines employee eligibility and grants share awards.

2003 Recognition and Retention Plan. The 2003 Recognition and Retention Plan is a stock-based compensation plan designed to reward directors, advisory directors, officers and employees for service with a proprietary interest in the Company in a manner designed to encourage

such individuals to remain with the

Company. The Company reserved 211,600 shares for stock awards under this plan. Awards are discretionary and are based on an assessment of the participant's position, years of service, and contribution to the success and growth of the Company. Stock awards under the plan generally have vested in equal installments over five years from the date of grant. Prior to the vesting of the shares, the recipient has voting and dividend rights, but no transfer rights over the shares. No RRP awards were granted during 2007, but eleven awards totaling 5,800 shares to non-executive officer employees were granted to date during 2008, and 3,000 shares remain available for award under this plan. See Potential Termination and Change in Control Payments for benefits under the plan upon termination without cause or a change in control.

2003 Stock Option and Incentive Plan. The purpose of the 2003 Stock Option and Incentive Plan is to promote the long-term success of the Company and increase stockholder value by attracting and retaining key employees and directors and encouraging directors and key employees to focus on long-range objectives. The Company reserved 529,900 shares for option awards under this plan, plus additional shares repurchased with the proceeds of exercised options or surrendered to pay an option exercise price. Option awards are discretionary and are based on an assessment of the participant's position, years of service, and contribution to the success and growth of the Company. The plan provides for the award of incentive stock options to qualifying employees under the federal tax laws. Stock awards under the plan generally have vested in equal installments over five years from the date of grant and must be exercised within 10 to 15 years. The exercise price of options awarded always has been the fair market value of a share of the Company's common stock on the date of grant. No stock option awards were granted during 2007, but six stock option awards to five executive officers and one key employee non-executive officer employee totaling 13,000 shares were granted to date during 2008, and 15,500 shares remain available for award under this plan. See Potential Termination and Change in Control Payments for benefits under the plan upon termination without cause or a change in control.

Perquisites. We limit the perquisites that we make available to our executive officers, particularly in light of recent developments with respect to corporate crime and abuse involving perquisites. Our executives are entitled to few benefits that are not otherwise available to all of our employees. In this regard it should be noted that we do not provide pension arrangements, post-retirement health coverage, or similar benefits for our executives or employees other than as described in the severance agreements.

The perquisites we provided in fiscal 2007 are as follows. All employees who participated in the 401(k) portion of the 401(k) Plan received 100% matching funds for up to the first 4% of salary contributed by the employee to the plan. Participation in the plan is voluntary. All of our named executive officers, with the exception of Ms. Carrillo, participated in our 401(k) Plan and received matching funds. Our health and insurance plans are the same for all employees. The Company currently offers employees their choice of three different health plans. In general, our employees pay 25% of the health premium due, except for the least costly plan which is paid in full by the Company.

No options or restricted shares were awarded to the named executive officers during 2007.

Table of Contents**Other Tax Considerations and Accounting Considerations**

Section 162(m) of the Internal Revenue Code generally eliminates the deductibility of compensation over \$1 million paid to certain highly compensated executive officers of publicly held corporations, excluding certain qualified performance-based compensation. The Committee has reviewed and will continue to review on an ongoing basis our executive compensation programs, and propose appropriate modifications to these programs, if the Committee deems them necessary, with a view toward implementing our compensation programs in a manner that avoids or minimizes any disallowance of tax deductions under Section 162(m). The Committee will balance these considerations against the need to be able to compensate executives in a manner commensurate with performance and the competitive environment for executive talent. While stock options and stock appreciation rights as a general matter automatically constitute qualified performance-based compensation (provided that the certain plan content and grant procedure requirements are met), cash and other stock-based awards (including but not limited to restricted stock) must be subject to stockholder-approved performance criteria in order to so qualify.

With our adoption, effective January 1, 2006, of Statement of Financial Accounting Standards No. 123R, Share-Based Payment (FAS 123R), which requires the recognition of compensation expense for stock options, we do not expect the accounting treatment of differing forms of equity awards to vary significantly. Accordingly, accounting treatment is not expected to have a material effect on the selection of forms of equity compensation in the foreseeable future.

Post-Employment Compensation

Pension Benefits. We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our executive officers, along with all other eligible employees, may participate in our 401(k) contributory defined contribution plan. In any plan year, we will contribute to each participant a matching contribution equal to 100% of the first 4% of the participant's compensation that has been contributed to the plan. All our executive officers, except for Sr. VP Branch Operations Rachel Carrillo, participated in our 401(k) plan during fiscal 2007 and received matching contributions.

Nonqualified Deferred Compensation. We do not currently provide any nonqualified defined contribution or other deferred compensation plans. However, prior to the Company's initial public offering, its predecessor, Pacific Trust Bank, provided a deferred compensation plan to its executive officers. While no additional contributions to this plan are made or contemplated, the executive officers have a balance payable under the plan, and such balances earn interest at the major bank Prime rate, until distribution upon termination or retirement of the executive officer.

Potential Termination and Change-in-Control Payments

All of our employees, including our executive officers, are employees-at-will and as such do not have employment contracts with us. We also do not provide post-employment health coverage or other benefits, except in connection with the severance agreements, details of which are included below under Severance Agreements with Named Executive Officers.

Table of Contents

Severance Agreements with Named Executive Officers. The Bank maintains three-year change in control severance agreements with Messrs. Ganz and Sheehy and Meses. Stewart, Lauer, Carrillo and Goodwin. The agreements provide for a severance payment and other benefits in the event of a change in control of First PacTrust Bancorp or Pacific Trust Bank that occurs during the term of the agreement.

The value of the severance benefits under the termination agreements is 2.99 times the executive's average annual W-2 compensation during the five calendar year period prior to the effective date of the change in control (base amount) for Mr. Ganz, 2.00 times for Mr. Sheehy, Ms. Stewart and Ms. Lauer, and 1.00 times for Ms. Carrillo and Ms. Goodwin. The agreements also provide for continuing health insurance benefits for the remaining term of the agreement following the date of termination of the employee. Section 280G of the Internal Revenue Code provides that severance payments that equal or exceed three times the individual's base amount are deemed to be excess parachute payments if they are conditioned upon a change in control. Individuals receiving parachute payments in excess of three times their base amount are subject to a 20% excise tax on the amount of the excess payments. If excess parachute payments are made, First PacTrust Bancorp and Pacific Trust would not be entitled to deduct the amount of the excess payment. The termination agreements provide that severance and other payments that are subject to a change in control will be reduced as much as necessary to ensure that no amounts payable to the executive will be considered excess parachute payments.

Had a change in control occurred during fiscal 2007 and had their employment been terminated on December 31, 2007, the named executive officers would have been eligible to receive the payments set forth in the columns under the heading "Within 12 Months of a Change in Control" in the table below. Assuming the same change in control date set forth in the preceding sentence and had their employment been terminated after 12 months but within 36 months of such change in control, the named executive officers would have been eligible to receive the payments set forth in the columns under the heading "Following 12 Months and Within 36 Months of a Change in Control" in the table below.

2003 Recognition and Retention Plan. Under the 2003 Recognition and Retention Plan, restricted stock awards that have not yet vested become immediately fully vested and no longer restricted at the time of a change in control or a tender or exchange offer for the Company's shares. There are no special benefits for a termination of the executive, and a termination of service results in a loss of unvested shares.

2003 Stock Option and Incentive Plan. Under the 2003 Stock Option and Incentive Plan, options that are not exercisable become immediately exercisable at the time of a change in control or a tender or exchange offer for the Company's shares. Upon any termination of service, exercised options remain exercisable for a one-year period and all unvested options are lost.

Table of Contents

The following table summarizes these additional or accelerated payments, benefits or vesting for the named executive officer upon a termination by the Bank or the Company in connection with a change in control of the Company or the Bank, which is assumed to have occurred on December 31, 2007.
