The principal shareholder is Inversiones Financieras del Sur S.A. with 166,499,047 shares, which represent 33.20% of the issued and outstanding capital stock.

As of September 30, 2009 the amount of 305,039,563 non endorsable common stock of nominal value Ps.1 each and one (1) vote each were not held by the principal shareholders, which represents 60.82% of the issued and outstanding capital stock.

On March 2008, the Company increased its share capital in 180 million shares. Each shareholder received, for each share subscribed, free of charge one warrant to purchase 0,33333333 new shares at a price of US\$ 1.68 for every share to be purchased. Accordingly, 180 million warrants entitling its holders to purchase a total of 60 million additional shares at the mentioned price were granted. The warrants will expire on May 22, 2015. If Inversiones Financieras S.A. and all the remaining holders of the warrants exercised all their warrants, the holding of Inversiones Financieras del Sur S.A: would increase in 27,539,026 shares, which would represent a stake of 34.60%, and a total amount of 194,038,073 shares.

Below is an outline of the highlights of this period:

Net income for the first quarter of fiscal year 2010 amounted to Ps. 61.8 million, compared to a loss of Ps. 37.4 million in the first quarter of the previous fiscal year, mainly attributable to the operating income of IRSA s real estate business, which amounted to Ps. 110.0 million, and income from IRSA s related companies (Banco Hipotecario S.A.)

Operating results for the quarter showed a Ps. 90.3 million profit, composed of operating income of Ps. 110.0 million derived from the consolidation of IRSA s segments and a Ps. 19.7 million loss from Cresud s agribusiness segments for the first quarter of fiscal year 2010, compared to the Ps. 8.0 million operating loss posted by Cresud in the same period of the previous fiscal year. The increase in operating losses from the agribusiness segments is explained mainly by lower yields caused by adverse weather conditions recorded in the previous season that impacted on production levels and sales at the beginning of the new fiscal year.

We have allocated 111,459 hectares to agriculture, a figure similar to that of the previous year. We have increased our own areas and those under long term concessions devoted to agriculture by more than 70%, and have reduced hectares under short term leases by 35%. For the 2009/10 season better rainfall levels are expected, which should lead to improved soil humidity conditions and higher crop yields.

Development of land reserves: During the July-September 2009 period the number of hectares under beef cattle production in our Los Pozos farm increased to 50,000, and the number of hectares allocated to agriculture in the same farm increased to almost 7,000. We continue to develop Agropecuaria Anta S.A., which has reached almost 10,000 hectares of own land under agricultural production.

Subsequently to the closing of the quarter we increased our interest in BrasilAgro to 22.89%. BrasilAgro plans to increase its production area by 44% this fiscal year, to more than 48,000 hectares, and over 31,000 hectares have already been planted with summer crops.

IRSA s Segments: During the first quarter of this fiscal year the trend in losses in the Consumer Finance segment was reverted, recording Ps. 5.8 million of operating income. IRSA s rental segments (Shopping Centers and Offices and Other) showed a solid performance despite the more adverse market conditions experienced in the past year.

In September, Cresud issued Notes for an amount equivalent to Ps. 50 million to finance working capital and short term liabilities. A series in pesos for a 270 day tenor and another series in Dollars for a one-year tenor were issued, at very competitive rates, showing Cresud's capacity and franchise to access the capital markets when conditions are feasible.

Subsequently to the closing of the first quarter of fiscal year 2010, the Ordinary and Extraordinary General Shareholders Meeting held on October 29, 2009 approved the distribution of cash dividends for Ps. 60.0 million.
