SUNLINK HEALTH SYSTEMS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

THREE MONTHS ENDED DECEMBER 31, 2009

(all dollar amounts in thousands except per share amounts)

(unaudited)

Note 1. Basis of Presentation

The accompanying unaudited Condensed Consolidated Financial Statements as of and for the three and six month periods ended December 31, 2009 have been prepared in accordance with Rule 10-01 of Regulation S-X of the Securities and Exchange Commission (SEC) and, as such, do not include all information required by accounting principles generally accepted in the United States of America. These Condensed Consolidated Financial Statements should be read in conjunction with the audited consolidated financial statements included in the SunLink Health Systems, Inc. (SunLink , we , our , ours , us or the Company) Annual Report on Form 10-K for the fiscal year ended June 30, 2009, filed with the SEC on September 28, 2009. In the opinion of management, the Condensed Consolidated Financial Statements, which are unaudited, include all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the financial position and results of operations for the periods indicated. The results of operations for the three month and six month periods ended December 31, 2009 are not necessarily indicative of the results that may be expected for the entire fiscal year or any other interim period.

Note 2. Business Operations and Corporate Strategy

Business Operations

SunLink Health Systems, Inc. is a provider of healthcare services in certain rural and exurban markets in the United States. SunLink's business is composed of two business segments:

Healthcare Facilities, which consist of

Our seven community hospitals which have a total of 402 licensed beds;

Our three nursing homes, which have a total of 261 licensed beds, each of which is located adjacent to a corresponding SunLink community hospital; and

Our one home health agency, which operates in connection with a corresponding SunLink community hospital.

Specialty Pharmacy, which consists of

Specialty pharmacy services;

Durable medical equipment;

Institutional pharmacy services; and

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form 10-Q

Retail pharmacy products and services, all of which are conducted in rural markets.

SunLink has conducted its healthcare facilities business since 2001 and its specialty pharmacy business since April 2008. Our Specialty Pharmacy Segment currently is operated through Carmichael's Cashway Pharmacy, Inc. (Carmichael), a subsidiary of our ScriptsRx LLC subsidiary and consists of a specialty pharmacy business acquired in April 2008 with four service lines.

Strategy

SunLink's business strategy is to focus its efforts on internal growth of its existing healthcare facilities and its pharmacy business, supplemented by growth from selected rural and exurban healthcare acquisitions, including but not limited to hospitals, nursing homes, home care businesses, and pharmacy businesses. However, as was the case in 2004 with the sale of our Mountainside Medical Center hospital and in September 2009 with the sale of three home health

SUNLINK HEALTH SYSTEMS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

THREE MONTHS ENDED DECEMBER 31, 2009

(all dollar amounts in thousands except per share amounts) (Continued)

(unaudited)

agencies, we do consider disposition of one or more of our facilities or operations based on a variety of factors including asset values, return on investments, competition from existing and potential facilities and capital improvement needs and other corporate objectives. We likewise evaluate our strategic alternatives on an on-going basis.

Our operational strategy is focused on efforts to increase internal growth. Our primary operational strategy for our community hospitals is to improve the profitability of such hospitals by reducing out-migration of patients, recruiting physicians, expanding services and implementing and maintaining effective cost controls. Our operational strategy for our nursing homes and home health agency is similar to that for our community hospitals and is focused on marketing services and implementing and maintaining effective cost controls.

Finally, our operational strategy for our specialty pharmacy segment is focused on continuing the integration of the Carmichael operations acquired in April 2008, increasing collection efforts, marketing services and implementing and maintaining effective cost controls.

Note 3. Sale of Home Health Businesses

In September 2009, we sold three of our home health businesses for approximately \$3,300 resulting in a pre-tax gain of approximately \$2,342 for the six months ended December 31, 2009. Included in the net assets of the three home health businesses sold was \$429 of goodwill related to our Healthcare Facilities Segment. The home health businesses were located in Adel, GA, Clanton, AL and Fulton, MO.

Note 4. Discontinued Operations

All of the businesses discussed below are reported as discontinued operations and the condensed consolidated financial statements for all prior periods have been adjusted to reflect this presentation.

Results for all of the businesses included in discontinued operations are presented in the following table:

	Three Months Ended December 31,		Six Months Ended December 31,	
	2009	2008	2009	2008
Loss from discontinued operations:				
Housewares Segment:				
Loss from operations	\$ (139)	\$ (122)	\$ (174)	\$ (140)
Income tax benefit	(42)	(48)	(59)	(55)
Loss from Housewares Segment after taxes	(97)	(74)	(115)	(85)
Mountainside Medical				
Loss from operations	(6)	(33)	(43)	(98)
Income tax benefit	(2)	(13)	(15)	(37)
Loss from Mountainside Medical Center after taxes	(4)	(20)	(28)	(61)

THREE MONTHS ENDED DECEMBER 31, 2009

(all dollar amounts in thousands except per share amounts) (Continued)

(unaudited)

Housewares Segment Beldray Limited (Beldray), SunLink's U.K. housewares manufacturing subsidiary, was sold on October 5, 2001 to two of its managers for nominal consideration. KRUG International U.K. Ltd. (KRUG UK), an inactive U.K. subsidiary of SunLink, entered into a guarantee (the Beldray Guarantee), at a time when it owned Beldray. The Beldray Guarantee covers Beldray's obligations under a lease of a portion of Beldray's former manufacturing location. KRUG UK was placed into involuntary liquidation by the U.K. High Court in February 2005. SunLink's non-current liability reserves for discontinued operations at December 31, 2009, included a reserve for a portion of the Beldray Guarantee, which would include certain amounts sought pursuant to the application made by the liquidator of KRUG UK. The pre-tax losses in the three and six month periods ended December 31, 2009 with respect to the former housewares segment operations resulted primarily from legal expenses related to the claim made by the liquidator. See the Legal Proceedings subsection in Note 14 Commitments and Contingencies which follows for additional disclosure with respect to such application.

Mountainside Medical Center On June 1, 2004, SunLink sold its Mountainside Medical Center (Mountainside) hospital in Jasper, Georgia, for approximately \$40,000 pursuant to the terms of an asset sale agreement. The retained liabilities of Mountainside are shown in current liabilities of Mountainside on the consolidated balance sheet. The pre-tax losses in the three and six month periods ended December 31, 2009 with respect to the former Mountainside operations resulted primarily from legal expenses related to a claim made by the buyer of Mountainside and a counterclaim made by SunLink. See the Legal Proceedings subsection in Note 14 Commitments and Contingencies which follows for additional disclosure with respect to the claims.

Life Sciences and Engineering Segment SunLink retained a defined benefit retirement plan which covered substantially all of the employees of this segment when it was sold in fiscal 1998. Effective February 28, 1997, the plan was amended to freeze participant benefits and close the plan to new participants. Included in discontinued operations for the three and six month periods ended December 31, 2009 and 2008, respectively, were the following:

	Three Months Ended December 31,		Six Months Ended December 31,	
	2009	2008	2009	2008
Interest cost	18	18	36	36
Expected return on assets	(11)	(13)	(22)	(25)
Amortization of prior service cost	11	9	21	18
Net pension expense	18	14	35	29

SunLink did not contribute to the plan in the six months ended December 31, 2009. We expect to make no contribution to the plan through the end of the fiscal year ending June 30, 2010.

Discontinued Operations Reserves Over the past 20 years, SunLink has discontinued operations carried on by its former Mountainside Medical Center and its former industrial, U.K. leisure marine, life sciences and engineering, and European child safety segments, as well as the U.K. housewares segment. SunLink's reserves relating to discontinued operations of these segments represent management's best estimate of SunLink's possible liability for property, product liability and other claims for which SunLink may incur liability. These estimates are based on management's judgments, using currently available information, as well as, in certain instances, consultation with its insurance carriers, third party advisors and legal counsel. While estimates have been based on the evaluation of available information, it is not possible to predict with certainty the ultimate outcome of many contingencies relating to discontinued operations. SunLink intends to continue to adjust its estimates of the reserves as additional information is developed and evaluated. However, management believes that the final resolution of these contingencies will not have a material adverse impact on the financial position, cash flows or results of operations of SunLink.

SUNLINK HEALTH SYSTEMS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

THREE MONTHS ENDED DECEMBER 31, 2009

(all dollar amounts in thousands except per share amounts) (Continued)

(unaudited)

Note 5. Stock-Based Compensation

For the three months ended December 31, 2009 and 2008, the Company recognized \$10 and \$26, respectively, in salaries, wages and benefit expense for share options issued to employees and directors of the Company and for the six months ended December 31, 2009 and 2008, the Company recognized \$23 and \$147, respectively, in salaries, wages and benefit expense for share options issued to employees and directors of the Company. The fair value of the share options granted was estimated using the Black-Scholes option pricing model. There were no share options granted during the six months ended December 31, 2009 and 28,000 share options granted during the six months ended December 31, 2008.

Note 6. Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued SFAS No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (ASC 105, *Generally Accepted Accounting Principles*) ASC 105 . ASC 105 replaces SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, and establishes the *FASB Accounting Standards Codification* (Codification) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. On the effective date of this Statement, the Codification will supersede all then-existing non-SEC accounting and reporting standards. ASC 105 is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The codification is effective for the accompanying interim financial statements and the principal impact is limited to disclosures as all future references to authoritative literature will be referenced in accordance with the codification.

In September 2006, the FASB issued new accounting guidance related to fair value measurements and related disclosures. This new guidance defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. We adopted this new guidance on July 1, 2008, as required for our financial assets and financial liabilities. However, the FASB deferred the effective date of this new guidance for one year as it related to fair value measurement requirements for nonfinancial assets and liabilities that are recognized or disclosed at fair value on a recurring basis. We adopted these remaining provisions on July 1, 2009. The adoption of this accounting guidance did not have a material impact on our consolidated financial statements.

Fair Value of Financial Instruments The recorded values of cash, receivables, and payables approximate their fair values because of the relatively short maturity of these instruments. Similarly, the fair value of SunLink's long-term debt is estimated to approximate its recorded values due to its relatively short maturity period six years.

In December 2007, the FASB issued new accounting guidance related to the accounting for noncontrolling interests in consolidated financial statements. This guidance establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. This guidance requires that noncontrolling interests in subsidiaries be reported in the equity section of the controlling company's balance sheet. It also changes the manner in which the net income of the subsidiary is reported and disclosed in the controlling company's income statement. This guidance is effective for fiscal years beginning after December 15, 2008. We adopted this guidance on July 1, 2009 and reclassified minority interest to the equity section of the balance sheet. (See Note 12 Noncontrolling Interest)

Management, in accordance with guidance regarding subsequent events, has evaluated subsequent events for recognition or disclosure through the date these financial statements were issued, February 10, 2010.

SUNLINK HEALTH SYSTEMS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

THREE MONTHS ENDED DECEMBER 31, 2009

(all dollar amounts in thousands except per share amounts) (Continued)

Note 7. Receivables- net

Summary information for receivables is as follows:

	December 31, 2009	June 30, 2009
Accounts receivable (net of contractual allowances)	\$ 34,009	\$ 36,077
Less allowance for doubtful accounts	(15,833)	(14,961)
Receivables - net	\$ 18,176	\$ 21,116

Net revenues included increases of \$559 and \$24 for the three months ended December 31, 2009 and 2008, respectively, for the settlements and filings of prior year Medicare and Medicaid cost reports. Net revenues included increases of \$459 and \$272 for the six months ended December 31, 2009 and 2008, respectively, for the settlements of prior year Medicare and Medicaid cost reports.

Note 8. Goodwill And Intangible Assets

SunLink has goodwill and intangible assets related to its Healthcare Facilities and Specialty Pharmacy segments.

Intangibles consist of the following, net of amortization:

	December 31, 2009	June 30, 2009
Healthcare Facilities Segment		
Certificates of Need	\$ 630	\$ 630
Noncompetition Agreements	266	266
	896	896

	\$ 539	\$ 595
Specialty Pharmacy Segment		
Trade Name	5,400	5,400
Customer Relationships	6,400	6,400
Medicare License	769	769
Noncompetition Agreements	290	290
	12,859	12,859
Accumulated Amortization	(1,233)	(867)

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form 10-Q

	11,626	11,992
Total	\$ 12,165	\$ 12,587

Amortization expense was \$211 and \$226 for the quarters ended December 31, 2009 and 2008, respectively. Amortization expense was \$422 and \$452 for the six months ended December 31, 2009 and 2008, respectively.

SUNLINK HEALTH SYSTEMS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

THREE MONTHS ENDED DECEMBER 31, 2009

(all dollar amounts in thousands except per share amounts) (Continued)

(unaudited)

Goodwill consists of the following:

	December 31, 2009	June 30, 2009
Healthcare Facilities Segment	\$ 2,515	\$ 2,944
Specialty Pharmacy Segment	6,509	6,509
	\$ 9,024	\$ 9,453

In September 2009, we sold three of our home health businesses for approximately \$3,300. Included in the net assets of the three home health businesses sold was \$429 of goodwill related to our Healthcare Facilities Segment.

Note 9. Long-Term Debt

Long-term debt consisted of the following:

	December 31, 2009	June 30, 2009
Term Loan	\$ 31,711	\$ 32,587
Capital lease obligations	73	108
Total	31,784	32,695
Less current maturities	(1,795)	(1,808)
	\$ 29,989	\$ 30,887

SunLink Credit Facilities On April 23, 2008, SunLink entered into a \$47,000 seven-year senior secured credit facility (Credit Facility) comprised of a revolving line of credit of up to \$12,000 with an interest rate at LIBOR plus 3.50% (6.25% at December 31, 2009) (the Revolving Loan) and a \$35,000 term loan with an interest rate at LIBOR plus 5.07% (7.82% at December 31, 2009) (the Term Loan). In the Credit Facility, LIBOR is defined as the Thirty-Day published rate, not to be less than 2.75%, nor more than 5.50%. The total availability of credit under all components of the credit facility is keyed to the level of SunLink's earnings, which, based upon the Company's estimates, provided for current borrowing capacity, before any draws, of approximately \$40,720 at December 31, 2009. Costs and fees related to execution of the Credit Facility were \$2,157. The fees will be amortized over seven years at approximately \$331 a year and are recorded in other assets and other non-current assets. Amortization expense was approximately \$95 and \$192, respectively, for the quarter and six months ended December 31, 2009 and \$95 and \$187, respectively, for the quarter and six months ended December 31, 2008. Accumulated amortization was approximately \$631 and \$248 at December 31, 2009 and 2008, respectively. The Credit Facility is secured by a first priority security interest in substantially all real and personal property of the Company and its consolidated domestic subsidiaries, including a pledge of all of the equity interests in such subsidiaries.

Less current maturities	(300)	(300)
	\$ 2,400	\$ 2,550

Carmichael Loan On April 22, 2008, SunLink Scripts Rx, LLC (formerly known as SunLink Homecare Services LLC) entered into a \$3,000 promissory note agreement with an interest rate of 8% with the former owners of Carmichael as part of the acquisition purchase price. The note is payable in semi-annual installments of \$150 beginning on April 22, 2009 with the remaining balance of \$1,200 due April 22, 2015. Interest is payable in arrears semi-annually on the six-month anniversary of the issuance of the note. The note is guaranteed by SunLink Health Systems, Inc. for the payment of the note and accrued interest. The note is subordinate to our Credit Facility.

Note 11. Income Taxes

Income tax benefit of \$365 (\$308 federal tax benefit and \$57 state tax benefit) and income tax benefit of \$84 (\$58 federal tax benefit and \$26 state tax benefit) was recorded for the three months ended December 31, 2009 and 2008, respectively. Income tax expense of \$218 (\$218 federal tax expense and \$0 state tax expense) and income tax benefit of \$650 (\$577 federal tax benefit and \$73 state tax benefit) was recorded for the six months ended December 31, 2009 and 2008, respectively. The high effective income tax rate of 61.0% for the six months ended December 31, 2009 resulted from the tax non-deductibility of \$429 of goodwill included in the net assets of the home health businesses sold during in September 2009.

We had an estimated net operating loss carry-forward for federal income tax purposes of approximately \$6,300 at December 31, 2009. Use of this net operating loss carry-forward is subject to the limitations of the provisions of Internal Revenue Code Section 382. As a result, not all of the net operating loss carry-forward is available to offset federal taxable income in the current year. At December 31, 2009, we have provided a partial valuation allowance against the domestic deferred tax asset so that the net domestic tax asset was \$4,048. Based upon management's assessment that it was more likely than not that a portion of its domestic deferred tax asset (primarily its domestic net operating losses subject to limitation) would not be recovered, the Company established a valuation allowance for the portion of the domestic tax asset which may not be utilized. The Company has provided a valuation allowance for the entire amount of the foreign tax asset as it is more likely than not that none of the foreign deferred tax assets will be realized through future taxable income or implementation of tax planning strategies.

SUNLINK HEALTH SYSTEMS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

THREE MONTHS ENDED DECEMBER 31, 2009

(all dollar amounts in thousands except per share amounts) (Continued)

(unaudited)

The Company accounts for uncertainty in income taxes for a change in judgment related to prior years' tax positions in the quarter of such change. Activity in the unrecognized tax benefit liability account is as follows from July 1, 2008 through December 31, 2009:

Balance at July 1, 2008	\$ 58
Additions based on tax positions related to current year	31
Reduction for tax positions of prior years	(23)
Balance at June 30, 2009	66
Additions based on tax positions related to current year	5
Reduction for tax positions of prior years	(14)
Balance at December 31, 2009	\$ 57

SunLink or one or more of our subsidiaries files income tax returns with the United States, various states in the United States and in certain foreign jurisdictions. We are not currently subject to U.S. federal, state or local, or non-U.S. income tax examinations by tax authorities for any tax years. We therefore believe that there is no tax jurisdiction in which the outcome of unresolved issues or claims is likely to be material to our financial position, cash flows or results of operations. We further believe that we have made adequate provision for all income tax uncertainties.

At July 1, 2009, our unrecognized tax benefits, the aggregate tax effect of differences between tax return positions and the benefits recognized in our financial statements as shown above, amounted to \$66. If recognized, all of our unrecognized tax benefits would not reduce our income tax expense or effective tax rate except as such recognition related to the removal of the liability associated with interest classified as income tax expense. No portion of any such reduction might be reported as discontinued operations. During fiscal year 2010, certain factors could potentially reduce our unrecognized tax benefits, either because of the expiration of open statutes of limitation or modifications to our intercompany accounting policies and procedures. Of these tax positions, none relate to positions that would affect our total tax provision or effective tax rate (except as such recognition related to the removal of the liability associated with interest classified as income tax expense).

We classify interest accrued on tax deficiencies as tax expense and classify income tax penalties as tax expense. At December 31, 2009, before any tax benefits, our accrued interest on unrecognized tax benefits amounted to \$16 and we had recorded no related accrued penalties.

Note 12. Noncontrolling Interest

On February 1, 2008, SunLink sold 17% of the Chilton Medical Center in Clanton, Alabama, to individual physicians, most of whom practice at that facility. The noncontrolling interest reported reflects these physicians' ownership interest at December 31, 2009. The results of operations for the period from February 1, 2008 to December 31, 2009 were a loss and did not impact the physicians' ownership interest. In December 2007, the FASB issued new guidance relating to accounting for noncontrolling interests in consolidated financial statements and requires that noncontrolling interest in subsidiaries be reported in the equity section of the controlling company's balance sheet. The Company adopted this guidance on July 1, 2009 and has retroactively adjusted the accompanying June 30, 2009 condensed consolidated balance sheet to conform to this accounting standard and the December 31, 2009 presentation.

Note 13. Comprehensive Earnings

Our comprehensive earnings include foreign currency translation adjustments and change in minimum pension liability. The foreign currency translation adjustment results primarily from the effect of changes in the exchange rates of the UK pound on our reserve for the Beldray Guarantee (See Note 4. *Discontinued Operations*).

Total comprehensive earnings for the following periods were as follows:

	Three Months Ended December 31,		Six Months Ended December 31,	
	2009	2008	2009	2008
Net loss	\$ (524)	\$ (264)	\$ (28)	\$ (928)
Other comprehensive income (loss) net of tax:				
Change in equity due to:				
Foreign currency translation adjustments	(9)	165	15	333
Comprehensive loss	\$ (533)	\$ (99)	\$ (13)	\$ (595)

Note 14. Commitments and Contingencies**Legal Proceedings**

On July 13, 2006, Piedmont Healthcare, Inc. (PHI) and Piedmont Mountainside Hospital, Inc. (PMH) (collectively the Plaintiffs or Piedmont) filed a Complaint in the Superior Court of Cobb County, Georgia, alleging breach of the Asset Purchase Agreement (the Agreement) dated as of April 9, 2004 by and among PMH, Piedmont Medical Center, Inc. (n/k/a PMI), Southern Health Corporation of Jasper, Inc. (SHCJ), SunLink Healthcare LLC (formerly SunLink Healthcare Corp.) and SunLink (collectively Defendants or SunLink) pursuant to which the Mountainside Medical Center was sold to PMH in June 2004. Specifically, Piedmont seeks to have SunLink reimburse Piedmont for certain costs associated with an alleged indigent and charity care shortfall of Piedmont Mountainside Hospital (formerly Mountainside Medical Center) for the fiscal year ended June 30, 2004 demanded by the Georgia Department of Community Health (DCH). In addition, Piedmont seeks reimbursement for funds allegedly recouped from PMH by DCH in respect of Medicaid Cost Report settlements and adjustments for the reporting periods ended June 30, 2002, June 30, 2003 and May 31, 2004. Piedmont also seeks a declaratory judgment to the effect that PMH may retain certain payments it has received or likely will receive from the DCH s Indigent Care Trust Fund for Disproportionate Share Hospitals. Piedmont also seeks recovery of costs and attorney s fees pursuant to the Agreement and under Georgia Law.

On August 11, 2006, SunLink filed an Answer to the complaint asserting factual and legal defenses, along with a Counterclaim. In the Counterclaim, SHCJ alleges that PMH breached the Agreement by failing to reimburse SHCJ for certain Medicaid Cost Report adjustments for the reporting periods ended June 30, 1999, and June 30, 2000, as well as funds paid or expected to be paid to PMH from the DCH s Indigent Care Trust Fund for Disproportionate Share Hospitals, which payments Defendants contend qualify as excluded assets not sold to PMH under the Agreement. SHCJ also alleged that PMH breached the Agreement by failing to cooperate with SHCJ in an appeal of certain Medicaid Cost Reports settlements for the reporting periods ended June 30, 2002, June 30, 2003 and May 31, 2004. SHCJ further alleged that Piedmont breached its obligations to guarantee PMH s payment and performance of its obligations under the Agreement. SunLink sought a declaratory judgment regarding the parties rights in respect of the Medicaid Cost Report settlements and adjustments, as well as the payment made and expected to be made under the Indigent Care Trust Fund. Also, Defendants sought to recover their costs and attorney s fees pursuant to the Agreement and under Georgia law.

SUNLINK HEALTH SYSTEMS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(all dollar amounts in thousands except per share amounts) (Continued)

(unaudited)

On October 13, 2008, the Superior Court of Cobb County, Georgia, ruled in SunLink's favor and determined that the May and August 2006 DSH payments constitute excluded assets not sold to PMH under the Agreement and, therefore, the right to receive the payments belonged to SunLink. By PMH retaining the payments for itself and failing to pay an equivalent amount of money to SunLink, PMH was in breach of the agreement. PMH is liable to SunLink for damages in the net amount of \$1,056 (\$1,560 in DSH payments minus \$504 SHCJ owed PMH pursuant to the Agreement), plus prejudgment interest from August 11, 2006 to November 11, 2008 at the legal rate of 7%, and post-judgment interest after November 11, 2008. Piedmont appealed the Superior Court of Cobb County, Georgia ruling to the Georgia Court of Appeals. On November 30, 2009, the Georgia Court of Appeals affirmed the judgment in favor of SunLink in all respects. In December of 2009, Piedmont filed a petition for *certiorari* requesting that the Georgia Supreme Court hear the case. SunLink opposed the petition, and the Georgia Supreme Court has not yet issued a ruling regarding whether it will hear the appeal. Therefore, SunLink has not recorded a receivable for the judgment amount, offset the amounts owing to PMH, or any prejudgment interest.

On December 7, 2007, Southern Health Corporation of Ellijay, Inc. (SHC-Ellijay) filed a Complaint against James P. Garrett and Roberta Mundy, both individually and as Fiduciary of the Estate of Randy Mundy (collectively, the Mundys), seeking specific performance of an Option Agreement (the Option Agreement) dated April 17, 2007, between SHC-Ellijay, Mr. Garrett, and Ms. Mundy as Executrix of the Estate of Randy Mundy for the sale of approximately 24.74 acres of real property located in Gilmer County, Georgia, and recovery of SHC-Ellijay's damages suffered as a result of the Mundys failure to close the transaction in accordance with the Option Agreement. SHC-Ellijay also stated alternative claims for breach of the Option Agreement and fraud, along with claims to recover attorney's fees and punitive damages.

In January 2008, the Mundys filed a motion to strike, motion to dismiss, answer, affirmative defenses, and a counterclaim against SHC-Ellijay. On March 3, 2009, SHC-Ellijay filed a First Amended and Restated Complaint for Damages, which effectively dropped the cause of action for specific performance of the Option Agreement. On May 7, 2009, Mr. Garrett and Ms. Mundy served a motion for summary judgment on all counts and causes of action stated in the First Amended Complaint. The court has postponed consideration of the defendants' motion for summary judgment and SHC-Ellijay's response thereto until after a discovery dispute between the parties has been resolved.

SunLink denies that it has any liability to the Mundys and intends to vigorously defend the claims asserted against SunLink by the Mundys complaint and to vigorously pursue its claims against the Mundys. While the ultimate outcome and materiality of the litigation cannot be determined, in management's opinion the litigation will not have a material adverse effect on SunLink's financial condition or results of operations.

As discussed in Note 4. *Discontinued Operations*, SunLink sold its former U.K. housewares manufacturing subsidiary, Beldray Limited (Beldray) in October 2001. Beldray subsequently entered into administrative receivership under the administration of its primary lender. SunLink believes Beldray ceased to operate in October 2004.

On August 6, 2007 the liquidator in an insolvency proceeding in the United Kingdom involving SunLink's former subsidiary KRUG International (UK) Limited (KRUG UK) made an application in The Birmingham County Court in Birmingham, England seeking a declaration by the court that a transfer of certain funds in 2001 from KRUG UK to SunLink in connection with the purchase of certain preferred stock of another subsidiary of SunLink, the making of a loan to SunLink, and certain forgiveness of debt to SunLink by KRUG UK Limited was improper as,

SUNLINK HEALTH SYSTEMS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

THREE MONTHS ENDED DECEMBER 31, 2009

(all dollar amounts in thousands except per share amounts) (Continued)

(unaudited)

among other things, KRUG UK was then effectively insolvent and that the approval of such transfers by the then directors of KRUG UK resulted in a breach of their fiduciary duties. The liquidator seeks to have the court order the former directors or, in the alternative, SunLink, to account for, repay or restore such funds to the liquidator of KRUG UK. This case is scheduled to go to trial in April 2010.

In connection with the allegations in the application of breach of fiduciary duty by the directors of KRUG UK in approving the transfer of such funds, SunLink has indemnification obligations to the former directors of KRUG UK. SunLink has denied any liability to KRUG UK other than to it in KRUG UK's status as a preferred stockholder and for the balance on a promissory note, which unpaid balance on such note was paid by SunLink at maturity in August 2008. SunLink, through its United Kingdom counsel, intends to vigorously defend against the liquidator's claims.

SunLink's non-current liability reserves for discontinued operations at December 31, 2009, included a reserve for a portion of the Beldray Guarantee. Such reserve was based upon management's estimate, after consultation with its property consultants and legal counsel, of the cost to satisfy the Beldray Guarantee in light of KRUG UK's limited assets and before taking into account any other claims against KRUG UK. A proof of debt has been accepted by the insolvency liquidator for approximately \$1,660 for the Beldray Guarantee. SunLink expensed \$174 in the quarter ended December 31, 2009 on legal costs to defend against the claim. As a result of this claim and the U.K. liquidation proceedings against KRUG UK, SunLink expects KRUG UK to be wound-up in liquidation in the UK and has fully reserved for any assets of KRUG UK.

Additional contingent obligations, other than with respect to our existing operations, include potential product liability claims for products manufactured and sold before the disposal of our discontinued industrial segment in fiscal year 1989 and for guarantees of certain obligations of former subsidiaries. SunLink provided an accrual at December 31, 2009 related to the Beldray Lease Guarantee, as discussed above. Based upon an evaluation of information currently available and consultation with legal counsel, management has not reserved any amounts for contingencies related to these liquidations.

SunLink is a party to claims and litigation incidental to its business, for which it is not currently possible to determine the ultimate liability, if any. Based on an evaluation of information currently available and consultation with legal counsel, management believes that resolution of such claims and litigation is not likely to have a material effect on the financial position, cash flows, or results of operations of SunLink. SunLink expenses legal costs as they are incurred.

Contractual Obligations, Commitments and Contingencies

Contractual obligations, commitments and contingencies related to long-term debt, non-cancelable operating leases, physician guarantees and interest on outstanding debt from continuing operations at December 31, 2009 were as follows:

	Long-Term Debt	Subordinated Long-Term Debt	Operating Leases	Physician Guarantees	Interest On Outstanding Debt	Interest On Subordinated Outstanding Debt
Payments due in:						
1 year (2010)	\$ 1,795	\$ 300	\$ 2,540	\$ 749	\$ 2,415	\$ 222
2 years (2011)	1,778	300	1,091		2,275	200
3 years (2012)	1,750	300	634		2,138	176
4 years (2013)	1,750	300	400		2,001	152
5 years (2014)	1,750	300	288		1,864	128
5 years +	22,961	1,200	1,060		1,796	104
	\$ 31,784	\$ 2,700	\$ 6,013	\$ 749	\$ 12,489	\$ 982

At December 31, 2009, SunLink had contracts with two physicians which contained guaranteed minimum gross receipts. A physician with whom a guarantee agreement is made generally agrees to maintain his/her practice within the hospital geographic area for a specific period (normally three years) or be liable to repay all or a portion of the guarantee received. The physician's liability for any guarantee repayment due to non-compliance with guarantee provisions generally is collateralized by the physician's patient accounts receivable and/or a promissory note from the physician. Included in the Company's consolidated balance sheet at December 31, 2009 is a liability of \$331 for two physician guarantees. SunLink expensed \$207 and \$195 on physician guarantees and recruiting for the three months ended December 31, 2009 and 2008, respectively and expensed \$434 and \$384 on physician guarantees and recruiting for the six months ended December 31, 2009 and 2008, respectively. The table above shows non-cancelable commitments under physician guarantee contracts as of December 31, 2009.

Note 15. Related Party Transactions

A director of the Company and our company secretary (who was a director of SunLink until November 2003 and is now a director emeritus) are members of two different law firms, each of which provides services to SunLink. The Company has paid an aggregate of \$67 and \$114 for legal services to these law firms in the three months ended December 31, 2009 and 2008, respectively, and \$252 and \$315 for the six months ended December 31, 2009 and 2008, respectively.

Note 16. Financial Information By Segments

Prior to the acquisition of Carmichael in April 2008, we operated as a single business segment. Under ASC Topic No. 280, Segment Reporting, operating segments are defined as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker, or decision-making group, in deciding how to allocate resources and in assessing performance. Our chief operating decision-making group is composed of the chief executive officer and members of senior management. Our two reportable operating segments are Healthcare Facilities and Specialty Pharmacy.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS
(dollars in thousands, except per share and admissions data)

Forward-Looking Statements

This Quarterly Report and the documents that are incorporated by reference in this Quarterly Report contain certain forward-looking statements within the meaning of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. Forward-looking statements include all statements that do not relate solely to historical or current facts and may be identified by the use of words such as may, believe, will, expect, project, estimate, anticipate, plan or continue. These forward-looking statements are based on our current plans and expectations and are subject to a number of risks, uncertainties and other factors which could significantly affect current plans and expectations and our future financial condition and results. These factors, which could cause actual results, performance and achievements to differ materially from those anticipated, include, but are not limited to:

General Business Conditions

general economic and business conditions in the U.S., both nationwide and in the states in which we operate;

the competitive nature of the U.S. community hospital, nursing home, homecare and specialty pharmacy businesses;

demographic changes in areas where we operate;

the availability of cash or borrowings to fund working capital, renovations, replacements, expansions and capital improvements at existing hospital facilities and for acquisitions and replacement hospital facilities;

changes in accounting principles generally accepted in the U.S.; and,

fluctuations in the market value of equity securities including SunLink common shares;

Operational Factors

inability to operate profitably in one or more segments of the healthcare business;

the availability of, and our ability to attract and retain, sufficient qualified staff physicians, management, nurses, pharmacists and staff personnel for our operations;

timeliness and amount of reimbursement payments received under government programs;

restrictions imposed by debt agreements;

the cost and availability of insurance coverage including professional liability (e.g., medical malpractice) and general liability insurance;

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form 10-Q

the efforts of insurers, healthcare providers, and others to contain healthcare costs;

the impact on hospital services of the treatment of patients in lower acuity healthcare settings, whether with drug therapy or via alternative healthcare services, such as surgery centers or urgent care centers;

changes in medical and other technology;

risks of changes in estimates of self insurance claims and reserves;

increases in prices of materials and services utilized in our hospital and pharmacy operations;

increases in wages as a result of inflation or competition for management, physician, nursing, pharmacy and staff positions;

increases in the amount and risk of collectibility of accounts receivable, including deductibles and co-pay amounts;

the functionality or costs with respect to our information systems for our healthcare facilities and specialty pharmacy segments and our corporate office, including both software and hardware; and

the availability and competition from alternative drugs or treatments provided by our specialty pharmacy segment;

Liabilities, Claims, Obligations and Other Matters

claims under leases, guarantees and other obligations relating to discontinued operations, including sold facilities, retained or acquired subsidiaries and former subsidiaries;

potential adverse consequences of known and unknown government investigations;

claims for product and environmental liabilities from continuing and discontinued operations;

professional, general and other claims which may be asserted against us; and,

weather-related events such as flooding, wind damage and population evacuations affecting areas in which we operate, including Louisiana and South Georgia.

Regulation and Governmental Activity

existing and proposed governmental budgetary constraints;

the regulatory environment for our businesses, including state certificate of need laws and regulations, rules and judicial cases relating thereto;

anticipated adverse changes in the levels and terms of government (including Medicare, Medicaid and other programs) and private reimbursement for SunLink's healthcare services including the payment arrangements and terms of managed care agreements;

changes in or failure to comply with Federal, state or local laws and regulations affecting the healthcare industry including healthcare reform proposals currently being debated in Congress; and,

the possible enactment of Federal healthcare reform laws or reform laws in states where we operate hospital and pharmacy facilities (including Medicaid waivers and other reforms);

Acquisition Related Matters

the availability and terms of capital to fund additional acquisitions or replacement facilities;

impairment or uncollectibility of certain acquired assets;

assumed liabilities discovered subsequent to an acquisition;

our ability to integrate acquired healthcare businesses and implement our business strategy; and,

competition in the market for acquisitions of hospitals and healthcare businesses.

As a consequence, current plans, anticipated actions and future financial condition and results may differ from those expressed in any forward-looking statements made by or on behalf of SunLink. You are cautioned not to unduly rely on such forward-looking statements when evaluating the information presented in this Form 10-Q. We have not undertaken any obligation to publicly update or revise any forward-looking statements.

Corporate Business Strategy

SunLink's business strategy is to focus its efforts on internal growth of its existing healthcare facilities and its pharmacy business, supplemented by growth from selected rural and exurban healthcare acquisitions, including but not limited to hospitals, nursing homes, home care businesses, and pharmacy businesses. However, as was the case in 2004 with the sale of our Mountainside Medical Center hospital and in September 2009 with the sale of three home health agencies, we do consider disposition of one or more of our facilities or operations based on a variety of factors including asset values, return on investments, competition from existing and potential facilities and capital improvement needs and other corporate objectives. We likewise evaluate our strategic alternatives on an on-going basis.

Our operational strategy is focused on efforts to increase internal growth. Our primary operational strategy for our community hospitals is to improve the profitability of such hospitals by reducing out-migration of patients, recruiting physicians, expanding services and implementing and maintaining effective cost controls. Our operational strategy for our nursing homes and home health agency is similar to that for our community hospitals and is focused on marketing services and implementing and maintaining effective cost controls.

Finally, our operational strategy for our specialty pharmacy segment is focused on continuing the integration of the Carmichael operations acquired in April 2008, increasing collection efforts, marketing services and implementing and maintaining effective cost controls.

Critical Accounting Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires us to make estimates and assumptions that affect reported amounts and related disclosures. We consider an accounting estimate to be critical if:

it requires assumptions to be made that were uncertain at the time the estimate was made; and

changes in the estimate or different estimates that could have been made could have a material impact on our consolidated results of operations or financial condition.

Our critical accounting estimates are more fully described in our 2009 Annual Report on Form 10-K and continue to include the following areas:

Receivables net and provision for doubtful accounts;

Revenue recognition / Net Patient Service Revenues;

Goodwill and accounting for business combinations;

Professional and general liability claims; and

Accounting for income taxes.

Financial Summary

The results of continuing operations shown in the financial summary below are for our two business segments, Healthcare Facilities and Specialty Pharmacy.

Equivalent admissions Equivalent admissions is used by management (and certain investors) as a general measure of combined inpatient and outpatient volume for our hospital operations. Equivalent admissions are computed by multiplying admissions (inpatient volume) by the sum of gross inpatient revenues and gross outpatient revenues and dividing the result by gross inpatient revenues. The equivalent admissions computation is intended to relate outpatient revenues to the volume measure (admissions) used to measure inpatient volume to result in a general approximation of combined inpatient and outpatient volume (equivalent admissions).

Healthcare Facilities Segment:						
Admissions	1,858	2,081	-10.7%	3,708	4,176	-11.2%
Equivalent admissions	5,955	6,180	-3.6%	12,378	12,303	0.6%
Surgeries	1,018	881	15.6%	1,979	1,864	6.2%
Revenue per equivalent admission	\$ 6,317	\$ 5,895	7.2%	\$ 6,068	\$ 5,974	1.6%

Results of Operations

Our net revenues are from our two business segments, healthcare facilities and specialty pharmacy.

Healthcare Facilities Segment

Net revenues for the quarter ended December 31, 2009 were \$37,619 with a total of 5,955 equivalent admissions and revenue per equivalent admission of \$6,317 compared to net revenues of \$36,430 with a total of 6,180 equivalent admissions and revenue per equivalent admission of \$5,895 for the quarter ended December 31, 2008.

The following table sets forth the percentage of net patient revenues from major payor sources for the Company's hospitals during the periods indicated:

Source	Three Months Ended December 31,		Six Months Ended December 31,	
	2009	2008	2009	2008
Medicare	38.8%	42.0%	38.2%	41.4%
Medicaid	17.1%	14.2%	16.3%	14.1%
Self pay	12.8%	12.9%	13.4%	12.7%
Commercial Insurance & Other	31.3%	30.9%	32.1%	31.8%
	100.0%	100.0%	100.0%	100.0%

The increase in net revenues was due to increases in Medicaid and Commercial Insurance offset by a decrease in Medicare. Net Medicaid revenues increased \$1,248, a 24.1% increase from last year to \$6,419 for the three months ended December 31, 2009 and increased to 17.1% of net revenues from 14.2% last year. Medicaid revenue increased in the current quarter as compared to the prior year's quarter due partially to more patients applying and qualifying for Medicaid coverage. Our healthcare facilities have increased their efforts to assist such patients qualify for Medicaid. Additionally, with current economic conditions, more patients are in need of coverage and are meeting the criteria for Medicaid qualification. Additionally, an adjustment of \$309 was recorded which increased revenue as a result of a Medicaid settlement related to prior periods. Net Medicare revenues decreased \$693, a 4.5% decrease from last year to \$14,602 for the three months ended December 31, 2009 and decreased to 38.8% of net revenues from 42.0% last year. Management believes Medicare net revenues have decreased due to lower Medicare volumes resulting from patients deferring treatment until it is absolutely necessary.

Net revenue for the three months ended December 31, 2009 and 2008, included \$538 and \$210, respectively, from state indigent care programs. Net revenues included an increase of \$559 and \$24 for the three months ended December 31, 2009 and 2008, respectively, for the settlements and filings of prior year Medicare and Medicaid cost reports. Net revenue for the six months ended December 31, 2009 and 2008, included \$950 and \$640, respectively, from state indigent care programs. Net revenues included an increase of \$459 and \$272 for the six months ended December 31, 2009 and 2008, respectively, for the settlements and filings of prior year Medicare and Medicaid cost reports.

We added seven net new doctors during the year ended June 30, 2009 and six net new doctors during the six months ended December 31, 2009. During the three and six months ended December 31, 2009, SunLink expensed \$207 and \$434, respectively, on physician guarantees and recruiting expenses compared to \$195 and \$384, respectively, for the same period last year. We also have expended approximately \$3,038 for capital expenditures to upgrade services and facilities since July 1, 2008.

We continue to seek increased patient volume by attracting additional physicians to our hospitals, upgrading the services offered by the hospitals on an as-needed basis and improving our hospitals' physical facilities based on the availability of capital resources and our assessment of expected return on capital.

Specialty Pharmacy Segment

Specialty Pharmacy net revenue for the three months ended December 31, 2009 was \$12,526, a decrease of \$802, or 6.0%, from \$13,328 for the three months ended December 31, 2008. The decrease resulted from a decrease in pharmacy revenue, primarily one infusion therapy drug prescribed for premature babies at high risk for lung disease, and durable medical equipment sales. The major revenue source for the infusion therapy drug is Louisiana Medicaid, which has reduced the utilization of the drug this fiscal year. This reduced utilization reduced Specialty Pharmacy revenue by \$1,228 and \$491 for three and six months ended December 31, 2009, respectively. For the six months ended December 31, 2009, Specialty Pharmacy net revenue was \$22,858, a decrease of \$81, or 0.4%, from \$22,939 for the six months ended December 31, 2008.

Healthcare Facilities Segment Cost and Expenses

Costs and expenses for our Healthcare Facilities, including depreciation and amortization, were \$36,309 and \$35,054 for the three months ended December 31, 2009 and 2008, respectively, and \$73,128 and \$70,761 for the six months ended December 31, 2009 and 2008, respectively.

	Costs and Expenses As % of Net Revenues Three Months Ended December 31,		Costs and Expenses As % of Net Revenues Six Months Ended December 31,	
	2009	2008	2009	2008
Salaries, wages and benefits	46.8%	46.9%	46.7%	47.2%
Provision for bad debts	15.4%	14.6%	16.3%	14.5%
Supplies	10.4%	9.2%	10.3%	9.6%
Purchased services	6.9%	7.1%	7.0%	7.1%
Other operating expenses	11.9%	12.7%	12.1%	12.2%
Rent and lease expense	1.9%	1.9%	1.9%	1.9%
Depreciation and amortization expense	3.4%	3.3%	3.4%	3.3%

Salaries, wages and benefits expense as a percentage of net revenues decreased slightly in the three and six months ended December 31, 2009 compared to the same periods in the prior year due to decreased staffing demands in conjunction with lower volumes as well as lower employee benefits expense. Supplies increased in the three months and six months ended December 31, 2009 due to an increase in surgeries. The number of surgeries increased from 881 to 1,018 for the three months ended December 31, 2009 as compared to same period in the prior year and from 1,864 to 1,979 for the six months ended December 31, 2009 as compared to same period in the prior year.

Provision for bad debts increased as a percentage of net revenue in the three and six ended December 31, 2009 compared to the prior year periods due to higher self-pay revenues, increased coinsurance and deductible amounts that insured persons have to pay and the overall increased aging of accounts receivable due to self pay receivables taking longer to collect than other payor receivables. This overall increase in the aging of accounts receivable required a higher allowance for bad debts. Self-pay revenues increased \$698 or 7.5% in the six months ended December 31, 2009 compared to the comparable prior year period and \$106 or 2.3% in the three months ended December 31, 2009 compared to the comparable prior year period.

Depreciation and amortization expense decreased \$47 for the six months ended December 31, 2009 compared to the comparable prior year period. The slight decrease in the current year was due primarily to fewer capital expenditures during the current fiscal year as compared to prior year.

Specialty Pharmacy Segment Cost and Expenses

Cost and expenses for our Specialty Pharmacy Segment, including depreciation and amortization, were \$12,607 and \$12,583 for the three months ended December 31, 2009 and 2008, respectively, and \$22,676 and \$21,948 for the six months ended December 31, 2009 and 2008, respectively.

	Costs and Expenses As % of Net Revenues Three Months Ended December 31,		Costs and Expenses As % of Net Revenues Six Months Ended December 31,	
	2009	2008	2009	2008
Cost of Goods Sold	71.6%	69.3%	68.2%	66.7%
Salaries, wages and benefits	14.0%	12.4%	15.4%	14.6%
Provision for bad debts	4.1%	5.0%	3.9%	4.6%
Supplies	0.5%	0.3%	0.5%	0.4%
Purchased services	3.6%	2.2%	3.8%	3.0%
Other operating expenses	2.9%	1.9%	3.2%	2.5%
Rent and lease expense	0.6%	0.5%	0.6%	0.6%
Depreciation and amortization expense	3.3%	2.8%	3.6%	3.3%

Cost of goods as a percent of net revenue increased in the three and six months ended December 31, 2009 as compared to the prior year due to sales product mix. Increased sales of durable medical equipment, which has higher cost of sales as a percentage of revenue, and increased cost of certain high volume infusion therapy products resulted in the increased costs of goods sold during in the current year. Salaries, wages and benefits increased as a percent of net revenue in the three and six months ended December 31, 2009 as compared to the prior year primarily due to increased staffing in the accounting and business office areas needed for implementing and improving system controls and procedures. Salaries, wages and benefits increased \$103 and \$164 for the three and six months ended December 31, 2009, respectively. The provision for bad debts as a percent of net revenues decreased slightly during the current year due primarily to emphasis on and improvements in business office operations and the collection of receivables.

Corporate Overhead Costs and Expenses

Cost and expenses for Corporate Overhead including depreciation and amortization, was \$1,125 and \$1,283 for the three months ended December 31, 2009 and 2008, respectively, and \$2,384 and \$2,811 for the six months ended December 31, 2009 and 2008, respectively. The increase in the quarter ended December 31, 2009 was primarily due to lower stock option expense and no strategic alternative expense in the current year's quarter compared to \$85 in the same quarter of the prior year.

Operating Profit

SunLink had an operating profit of \$77 and \$837 for the three months ended December 31, 2009 and 2008, respectively. Operating profit for the six months ended December 31, 2009 was \$2,125 compared to operating profit of \$915 last year. The decrease in operating profit in the quarter ended December 31, 2009 compared to the operating profit in the prior year was due to lower net revenues and higher cost of sales of Specialty Pharmacy Segment and increases in provision for bad debts and supplies expense of our Healthcare Facilities Segment this year. The increase in operating profit in the six months ended December 31, 2009 compared to operating profit in the prior year period was due to the pre-tax gain on the sale of three home health businesses during the current year.

Sale of Home Health Businesses

In September 2009, the Company sold three of its home health businesses for approximately \$3,300 resulting in a pre-tax gain of approximately \$2,342. Included in the net assets of the three home health businesses sold was \$429 of goodwill related to the Healthcare Facilities Segment. The home health businesses were located in Adel, GA, Clanton, AL and Fulton, MO.

Interest Expense

Interest expense was \$859 and \$1,272 for the three months ended December 31, 2009 and 2008, respectively, and was \$1,778 and \$2,526 for the six months ended December 31, 2009 and 2008, respectively. Interest expense for the three and six months ended December 31, 2009 decreased from the same periods last year due to decreased debt. The decrease in current year's interest expense resulted from the accrual of derivative interest expense of \$291 and \$601 recorded in the three and six months ended December 31, 2008, respectively, related to the Carmichael acquisition. The former owners of Carmichael (Sellers) received 334,448 common shares of SunLink as partial consideration for SunLink's purchase of Carmichael in April 2008. SunLink was obligated to pay to the Sellers the difference between market value at the business sale date and price per share received for any shares sold less \$1 per share if these shares were sold within a year. The derivative interest expense of \$291 and \$601 for the three and six months ended December 31, 2008 resulted from the change in the calculated liability for the obligation. In March 2009, SunLink and the Sellers reached an agreement to cancel SunLink's share price guarantee in exchange for a one-year extension of the consulting agreement with one of the Sellers, assumption by SunLink of \$227 of disputed pre-acquisition expenses that SunLink determined were the obligation of the Sellers, and payment by SunLink of certain post closing items.

Income Taxes

Income tax benefit of \$365 (\$308 federal tax benefit and \$57 state tax benefit) and income tax benefit of \$84 (\$58 federal tax benefit and \$26 state tax benefit) was recorded for the three months ended December 31, 2009 and 2008, respectively. Income tax expense of \$218 (\$218 federal tax expense and \$0 state tax expense) and income tax benefit of \$650 (\$577 federal tax benefit and \$73 state tax benefit) was recorded for the six months ended December 31, 2009 and 2008, respectively. The high effective income tax rate of 61.0% for the quarter ended December 31, 2009 resulted from the tax non-deductibility of \$429 of goodwill included in the net assets of the home health businesses sold during the six months.

We had an estimated net operating loss carry-forward for federal income tax purposes of approximately \$6,300 at December 31, 2009. Use of this net operating loss carry-forward is subject to the limitations of the provisions of Internal Revenue Code Section 382. As a result, not all of the net operating loss carry-forward is available to offset federal taxable income in the current year. At December 31, 2009, we have provided a partial valuation allowance against the domestic deferred tax asset so that the net domestic tax asset was \$4,048. Based upon management's assessment that it was more likely than not that a portion of its domestic deferred tax asset (primarily its domestic net operating losses subject to limitation) would not be recovered, the Company established a valuation allowance for the portion of the domestic tax asset which may not be utilized. The Company has provided a valuation allowance for the entire amount of the foreign tax asset as it is more likely than not that none of the foreign deferred tax assets will be realized through future taxable income or implementation of tax planning strategies.

Loss from continuing operations were \$411 (\$0.05 loss per fully diluted share) for the quarter ended December 31, 2009 compared to loss from continuing operations of \$161 (\$0.02 loss per fully diluted share) for the quarter ended December 31, 2008. The increased loss in the current year's quarter resulted from the lower operating profit this year. Earnings from continuing operations was \$138 (\$0.02 earnings per fully diluted share) for the six months ended December 31, 2009 compared to loss from continuing operations of \$764 (\$0.10 loss per fully diluted share) for the comparable period last year. Earnings from continuing operations in the current year's six month results increased from the same period last year due to the sale of three of our home health agencies in September 2009.

Loss from discontinued operations of \$166 for the six months ended December 31, 2009 primarily resulted from \$28 of losses attributable to our former Mountainside operations, \$115 of losses attributable to our former KRUG UK operations (primarily legal expenses) and \$23 of losses resulting from domestic pension items relating to discontinued operations. Loss from discontinued operations of \$113 for the quarter ended December 31, 2009 resulted from \$4 of losses from Mountainside, \$97 of losses from KRUG UK, (primarily legal expenses) and \$12 of losses resulting from domestic pension items relating to discontinued operations.

Net loss for the quarter ended December 31, 2009 was \$524 (\$0.07 loss per fully diluted share) compared to net loss of \$264 (\$0.03 loss per fully diluted share) for the quarter ended December 31, 2008. Net loss for the six months ended December 31, 2009 was \$28 (\$0.01 loss per fully diluted share) compared to net loss of \$928 (\$0.12 loss per fully diluted share) for the six months ended December 31, 2008.

Adjusted earnings before income taxes, interest, depreciation and amortization

Earnings before income taxes, interest, depreciation and amortization (EBITDA) represent the sum of income before income taxes, interest, depreciation and amortization. We understand that certain industry analysts and investors generally consider EBITDA to be one measure of the liquidity of a company, and it is presented to assist analysts and investors in analyzing the ability of a company to generate cash, service debt and meet capital requirements. We believe increased EBITDA is an indicator of improved ability to service existing debt and to satisfy capital requirements. EBITDA, however, is not a measure of financial performance under accounting principles generally accepted in the United States of America and should not be considered an alternative to net income as a measure of operating performance or to cash liquidity. Because EBITDA is not a measure determined in accordance with accounting principles generally accepted in the United States of America and is thus susceptible to varying calculations, Ebitda, as presented, may not be comparable to other similarly titled measures of other corporations. Where we adjust EBITDA for non-cash charges we refer to such measurement as Adjusted EBITDA , which we report on a company wide basis. Non-cash adjustments in Adjusted EBITDA are not intended to be identified or characterized in any respect as non-recurring, infrequent or unusual, if we believe such charge is reasonably likely to recur within two years, or if there was a similar charge (or gain) within the prior two years. Where we report Adjusted EBITDA, we typically also report Hospital Facilities Segment Adjusted EBITDA and Specialty Pharmacy Segment Adjusted EBITDA which is the EBITDA for the applicable segments without any allocation of corporate overhead, which we report as a separate line item, gains on sales of businesses and without any allocation of the non-cash adjustments, which we also report as a separate line item in Adjusted EBITDA. Net cash used in operations for the quarter ended December 31, 2009 and 2008, respectively, is shown below.

	Three Months Ended December 31,		Six Months Ended December 31,	
	2009	2008	2009	2008
Healthcare Facilities Adjusted EBITDA	\$ 2,479	\$ 2,590	\$ 4,308	\$ 5,156
Specialty Pharmacy Adjusted EBITDA	336	1,124	996	1,745
Corporate overhead costs	(1,043)	(1,176)	(2,164)	(2,582)
Taxes and interest expense	(519)	(1,442)	(1,982)	(2,156)
Other non-cash expenses and net change in operating assets and liabilities	(710)	(954)	(1,119)	(2,951)
Net cash provided by (used in) operations	\$ 543	\$ 142	\$ 39	\$ (788)

Liquidity and Capital Resources

We generated \$39 of cash from operating activities during the six months ended December 31, 2009 compared to \$788 of cash used in operating activities during the comparable period last year. The cash generated from operations in the current quarter resulted mainly from reduced receivables resulting from receiving prior year Medicaid indigent care funds in the current year.

On April 23, 2008, SunLink entered into a \$47,000 seven-year senior secured credit facility (Credit Facility) comprised of a revolving line of credit of up to \$12,000 with an interest rate at LIBOR plus 3.50% (6.25% at December 31, 2009) (the Revolving Loan) and a \$35,000 term loan with an interest rate at LIBOR plus 5.07% (7.82% at December 31, 2009) (the Term Loan). In the Credit Facility, LIBOR is defined as the Thirty-Day published rate, not to be less than 2.75%, nor more than 5.50%. The total availability of credit under all components of the credit facility is keyed to the level of SunLink's earnings, which, based upon the Company's estimates, provided for current borrowing capacity, before any draws, of approximately \$40,720 at December 31, 2009. Costs and fees related to execution of the Credit Facility were \$2,157. The fees will be amortized over seven years at approximately \$331 a year and are recorded in other assets and other non-current assets. Amortization expense was approximately \$95 and \$192, respectively, for the quarter and six months ended December 31, 2009 and \$95 and \$187, respectively, for the quarter and six months ended December 31, 2008. Accumulated amortization was approximately \$631 and \$248 at December 31, 2009 and 2008, respectively. The Credit Facility is secured by a first priority security interest in substantially all real and personal property of the Company and its consolidated domestic subsidiaries, including a pledge of all of the equity interests in such subsidiaries.

If SunLink or its subsidiaries experience a material adverse change in their business, assets, financial condition, management or operations, or if the value of the collateral securing the SunLink 2008 Credit Facility decreases, we may be unable to draw on such credit facility.

We expended \$1,337 for capital improvements during the six months ended December 31, 2009 and expect to spend approximately \$650 during the remainder of this fiscal year. We believe attractive and up-to-date physical facilities assist in recruiting quality staff and physicians, as well as attracting patients, and the capital expenditures related primarily to imaging and surgical equipment for the Healthcare Facilities Segment and durable medical equipment for rent and delivery equipment for the Specialty Pharmacy Segment.

We believe we have adequate financing and liquidity to support our current level of operations through the next twelve months. Our primary sources of liquidity are cash generated from continuing operations and availability under the SunLink 2008 Credit Facility. The total availability of credit under all components of the SunLink 2008 Credit Facility is keyed to the

level of SunLink's earnings, which, based upon the Company's estimates, would provide for current borrowing capacity of approximately \$39,920 at December 31, 2009, of which \$31,711 was outstanding under a term loan and \$1,300 was outstanding on a revolver loan. The current remaining availability under the Revolving Loan of approximately \$6,909 at December 31, 2009 could be adversely affected by, among other things, the risk, uncertainties and other factors listed at the beginning of the Management's Discussion and Analysis (MD&A), as well as continued lower earnings due to lower demand for our services by patients, changes in patient mix and changes in terms and levels of government and private reimbursement for services. Cash generated from operations could be adversely affected by, among other things, the risks, uncertainties and other factors listed at the beginning of the MD&A, as well as continued lower patient demand for our services, higher operating costs (including, but not limited to, salaries, wages and benefits, provisions for bad debts, general liability and other insurance costs, cost of pharmaceutical drugs and other operating expenses) or by changes in terms and levels of government and private reimbursement for services, and the regulatory environment of the community hospital segment.

Contractual Obligations, Commitments and Contingencies

Contractual obligations, commitments and contingencies related to long-term debt, non-cancelable operating leases, physician guarantees and interest on outstanding debt from continuing operations at December 31, 2009 were as follows:

	Long-Term Debt	Subordinated Long-Term Debt	Operating Leases	Physician Guarantees	Interest On Outstanding Debt	Interest On Subordinated Outstanding Debt
Payments due in:						
1 year (2010)	\$ 1,795	\$ 300	\$ 2,540	\$ 749	\$ 2,415	\$ 222
2 years (2011)	1,778	300	1,091		2,275	200
3 years (2012)	1,750	300	634		2,138	176
4 years (2013)	1,750	300	400		2,001	152
5 years (2014)	1,750	300	288		1,864	128
5 years +	22,961	1,200	1,060		1,796	104
	\$ 31,784	\$ 2,700	\$ 6,013	\$ 749	\$ 12,489	\$ 982

At December 31, 2009, SunLink had contracts with two physicians which contained guaranteed minimum gross receipts. A physician with whom a guarantee agreement is made generally agrees to maintain his/her practice within the hospital geographic area for a specific period (normally three years) or be liable to repay all or a portion of the guarantee received. The physician's liability for any guarantee repayment due to non-compliance with guarantee provisions generally is collateralized by the physician's patient accounts receivable and/or a promissory note from the physician. Included in the Company's consolidated balance sheet at December 31, 2009 is a liability of \$331 for two physician guarantees. SunLink expensed \$207 and \$195 on physician guarantees and recruiting for the three months ended December 31, 2009 and 2008, respectively and expensed \$434 and \$384 on physician guarantees and recruiting for the six months ended December 31, 2009 and 2008, respectively. The table above shows non-cancelable commitments under physician guarantee contracts as of December 31, 2009.

The former owners of Carmichael's Cashway Pharmacy, Inc. (Sellers) received 334,448 common shares of SunLink as partial consideration for the business. In the April 2008 acquisition agreement, SunLink was obligated to pay the difference between the market value at the acquisition date and the price per share the Sellers received for shares sold, less \$1 per share, if the shares were sold within one year from the acquisition date. In March 2009, SunLink and the Sellers agreed to cancel SunLink's price guarantee obligation relating to the shares. Concurrently, SunLink and the Sellers agreed to a one-year extension of a consulting agreement with one of the Sellers, assumption by SunLink of \$227 of disputed pre-acquisition expenses and payment of certain post closing items.

At December 31, 2009, we had outstanding long-term debt and subordinated debt of \$34,484 of which \$31,784 was incurred under the SunLink 2008 Credit Facility, \$2,700 was incurred under the subordinated loan, and \$73 was related to capital leases. Also outstanding at December 31, 2009 was a revolving line of credit loan of \$1,300.

Discontinued Operations

SunLink sold its former U.K. housewares manufacturing subsidiary, Beldray Limited (Beldray), to two of its managers in October 2001. Beldray has since entered into administrative receivership and being liquidated under the administration of its primary lender.

As previously disclosed, KRUG International U.K. Ltd. (KRUG UK), an inactive U.K. subsidiary of SunLink, entered into a guarantee (the Beldray Lease Guarantee) at a time when it owned Beldray Limited. The Beldray Lease Guarantee covers Beldray's obligations under a lease for a portion of Beldray's manufacturing location. In October 2004, KRUG UK received correspondence from the landlord of such facility stating that the rent payment of 94,000 British pounds (\$181) for the fourth quarter of 2004 had not been paid by Beldray and requesting payment of such amount pursuant to the Beldray Lease Guarantee. In January 2005, KRUG UK received further correspondence from the landlord demanding two quarterly rent payments totaling 188,000 British pounds (\$362) under the Beldray Lease Guarantee. On January 7, 2005, the landlord filed a petition in the High Court of Justice Chancery Division to wind up KRUG UK under the provisions of the Insolvency Act of 1986 and KRUG UK was placed into involuntary liquidation by the High Court in February 2005. After that date, the court-appointed liquidator of KRUG UK made certain inquiries of SunLink regarding the activities of KRUG UK prior to the liquidation to which SunLink responded.

On August 6, 2007 the liquidator in an insolvency proceeding in the United Kingdom involving SunLink's former subsidiary KRUG International (UK) Limited (KRUG UK) made an application in The Birmingham County Court in Birmingham, England in which the liquidator is seeking a declaration by the court that a transfer of certain funds in 2001 from KRUG UK to SunLink in connection with the purchase of certain preferred stock of another subsidiary of SunLink, the making of a loan to SunLink, and certain forgiveness of debt to SunLink by KRUG UK Limited was improper as, among other things, KRUG UK was then effectively insolvent and that the approval of such transfers by the then directors of KRUG UK resulted in a breach of their fiduciary duties. The liquidator seeks to have the court order that the former directors or, in the alternative, SunLink, be required to account for, repay or restore such funds to the liquidator of KRUG UK. This case is scheduled to go to trial in April 2010.

In connection with the allegations in the application of breach of fiduciary duty by the directors of KRUG UK in approving the transfer of such funds, SunLink has indemnification obligations to the former directors of KRUG UK. SunLink has denied any liability to KRUG UK other than to it in KRUG UK's status as a preferred stockholder and for the balance on a promissory note, which unpaid balance on such note was paid by SunLink at maturity in August 2008. SunLink, through its United Kingdom counsel, intends to vigorously defend against the liquidator's claims.

SunLink's non-current liability reserves for discontinued operations at December 31, 2009, included a reserve for a portion of the Beldray Guarantee. Such reserve was based upon management's estimate, after consultation with its property consultants and legal counsel, of the cost to satisfy the Beldray Guarantee in light of KRUG UK's limited assets and before taking into account any other claims against KRUG UK. A proof of debt has been accepted by the insolvency liquidator for approximately \$1,660 for the Beldray Guarantee. SunLink expensed \$139 and \$174 in the quarter and six months ended December 31, 2009, respectively, on legal costs to defend against the claim. As a result of this claim and the U.K. liquidation proceedings against KRUG UK, SunLink expects KRUG UK to be wound-up in liquidation in the UK and has fully reserved for any assets of KRUG UK.

Additional contingent obligations, other than with respect to our existing operations, include potential product liability claims for products manufactured and sold before the disposal of our discontinued industrial segment in fiscal year 1989 and for guarantees of certain obligations of former subsidiaries. We have provided an accrual at December 31, 2009 related to the Beldray Lease Guarantee, as discussed above. We are currently in the process of liquidating two dormant subsidiaries in Germany and France. Based upon an evaluation of information currently available and consultation with legal counsel, management has not reserved any amounts for contingencies related to these liquidations.

Legal Proceedings

On July 13, 2006, Piedmont Healthcare, Inc. (PHI) and Piedmont Mountainside Hospital, Inc. (PMH) (collectively the Plaintiffs or Piedmont) filed a Complaint in the Superior Court of Cobb County, Georgia, alleging breach of the Asset Purchase Agreement (the Agreement) dated as of April 9, 2004 by and among PMH, Piedmont Medical Center, Inc. (n/k/a PMI), Southern Health Corporation of Jasper, Inc. (SHCJ), SunLink Healthcare LLC (formerly SunLink Healthcare Corp.) and SunLink (collectively Defendants or SunLink) pursuant to which the Mountainside Medical Center was sold to PMH in June 2004. Specifically, Piedmont seeks to have SunLink reimburse Piedmont for certain costs associated with an alleged indigent and charity care shortfall of Piedmont Mountainside Hospital (formerly Mountainside Medical Center) for the fiscal year ended June 30, 2004 demanded by the Georgia Department of Community Health (DCH). In addition, Piedmont seeks reimbursement for funds allegedly recouped from PMH by DCH in respect of Medicaid Cost Report settlements and adjustments for the reporting periods ended June 30, 2002, June 30, 2003 and May 31, 2004. Piedmont also seeks a declaratory judgment to the effect that PMH may retain certain payments it has received or likely will receive from the DCH's Indigent Care Trust Fund for Disproportionate Share Hospitals. Piedmont also seeks recovery of costs and attorney's fees pursuant to the Agreement and under Georgia Law.

On August 11, 2006, SunLink filed an Answer to the complaint asserting factual and legal defenses, along with a Counterclaim. In the Counterclaim, SHCJ alleges that PMH breached the Agreement by failing to reimburse SHCJ for certain Medicaid Cost Report adjustments for the reporting periods ended June 30, 1999, and June 30, 2000, as well as funds paid or expected to be paid to PMH from the DCH's Indigent Care Trust Fund for Disproportionate Share Hospitals, which payments Defendants contend qualify as excluded assets not sold to PMH under the Agreement. SHCJ also alleged that PMH breached the Agreement by failing to cooperate with SHCJ in an appeal of certain Medicaid Cost Reports settlements for the reporting periods ended June 30, 2002, June 30, 2003 and May 31, 2004. SHCJ further alleged that Piedmont breached its obligations to guarantee PMH's payment and performance of its obligations under the Agreement. SunLink sought a declaratory judgment regarding the parties' rights in respect of the Medicaid Cost Report settlements and adjustments, as well as the payment made and expected to be made under the Indigent Care Trust Fund. Also, Defendants sought to recover their costs and attorney's fees pursuant to the Agreement and under Georgia law.

On October 13, 2008, the Superior Court of Cobb County, Georgia, ruled in SunLink's favor and determined that the May and August 2006 DSH payments constitute excluded assets not sold to PMH under the Agreement and, therefore, the right to receive the payments belonged to SunLink. By PMH retaining the payments for itself and failing to pay an equivalent amount of money to SunLink, PMH was in breach of the agreement. PMH is liable to SunLink for damages in the net amount of \$1,056 (\$1,560 in DSH payments minus \$504 SHCJ owed PMH pursuant to the Agreement), plus prejudgment interest from August 11, 2006 to November 11, 2008 at the legal rate of 7%, and post-judgment interest after November 11, 2008. Piedmont appealed the Superior Court of Cobb County, Georgia ruling to the Georgia Court of Appeals. On November 30, 2009, the Georgia Court of Appeals affirmed the judgment in favor of SunLink in all respects. In December of 2009, Piedmont filed a petition for *certiorari* requesting that the Georgia Supreme Court hear the case. SunLink opposed the petition, and the Georgia Supreme Court has not yet issued a ruling regarding whether it will hear the appeal. Therefore, SunLink has not recorded a receivable for the judgment amount, offset the amounts owing to PMH, or any prejudgment interest.

On December 7, 2007, Southern Health Corporation of Ellijay, Inc. (SHC-Ellijay) filed a Complaint against James P. Garrett and Roberta Mundy, both individually and as Fiduciary of the Estate of Randy Mundy (collectively, the Mundys), seeking specific performance of an Option Agreement (the Option Agreement) dated April 17, 2007, between SHC-Ellijay, Mr. Garrett, and Ms. Mundy as Executrix of the Estate of Randy Mundy for the sale of approximately 24.74 acres of real property located in Gilmer County, Georgia, and recovery of SHC-Ellijay's damages suffered as a result of the Mundys failure to close the transaction in accordance with the Option Agreement. SHC-Ellijay also stated alternative claims for breach of the Option Agreement and fraud, along with claims to recover attorney's fees and punitive damages.

In January 2008, the Mundys filed a motion to strike, motion to dismiss, answer, affirmative defenses, and a counterclaim against SHC-Ellijay. On March 3, 2009, SHC-Ellijay filed a First Amended and Restated Complaint for Damages, which effectively dropped the cause of action for specific performance of the Option Agreement. On May 7, 2009, Mr. Garrett and Ms. Mundy served a motion for summary judgment on all counts and causes of action stated in the First Amended Complaint. The court has postponed consideration of the defendants' motion for summary judgment and SHC-Ellijay's response thereto until after a discovery dispute between the parties has been resolved.

SunLink denies that it has any liability to the Mundys and intends to vigorously defend the claims asserted against SunLink by the Mundys complaint and to vigorously pursue its claims against the Mundys. While the ultimate outcome and materiality of the litigation cannot be determined, in management's opinion the litigation will not have a material adverse effect on SunLink's financial condition or results of operations.

As discussed in Note 4. *Discontinued Operations*, SunLink sold its former U.K. housewares manufacturing subsidiary, Beldray Limited (Beldray) in October 2001. Beldray subsequently entered into administrative receivership under the administration of its primary lender. SunLink believes Beldray ceased to operate in October 2004.

On August 6, 2007 the liquidator in an insolvency proceeding in the United Kingdom involving SunLink's former subsidiary KRUG International (UK) Limited (KRUG UK) made an application in The Birmingham County Court in Birmingham, England in which the liquidator is seeking a declaration by the court that a transfer of certain funds in 2001 from KRUG UK to SunLink in connection with the purchase of certain preferred stock of another subsidiary of SunLink, the making of a loan to SunLink, and certain forgiveness of debt to SunLink by KRUG

UK Limited was improper as, among other things, KRUG UK was then effectively insolvent and that the approval of such transfers by the then directors of KRUG UK resulted in a breach of their fiduciary duties. The liquidator seeks to have the court order that the former directors or, in the alternative, SunLink, be required to account for, repay or restore such funds to the liquidator of KRUG UK. This case is scheduled to go to trial in April 2010.

In connection with the allegations in the application of breach of fiduciary duty by the directors of KRUG UK in approving the transfer of such funds, SunLink has indemnification obligations to the former directors of KRUG UK. SunLink has denied any liability to KRUG UK other than to it in KRUG UK's status as a preferred stockholder and for the balance on a promissory note, which unpaid balance on such note was paid by SunLink at maturity in August 2008. SunLink, through its United Kingdom counsel, intends to vigorously defend against the liquidator's claims.

SunLink's non-current liability reserves for discontinued operations at December 31, 2009, included a reserve for a portion of the Beldray Guarantee. Such reserve was based upon management's estimate, after consultation with its property consultants and legal counsel, of the cost to satisfy the Beldray Guarantee in light of KRUG UK's limited assets and before taking into account any other claims against KRUG UK. A proof of debt has been accepted by the insolvency liquidator for approximately \$1,660 for the Beldray Guarantee. As a result of this claim and the U.K. liquidation proceedings against KRUG UK, SunLink expects KRUG UK to be wound-up in liquidation in the UK and has fully reserved for any assets of KRUG UK.

Additional contingent obligations, other than with respect to our existing operations, include potential product liability claims for products manufactured and sold before the disposal of our discontinued industrial segment in fiscal year 1989 and for guarantees of certain obligations of former subsidiaries. SunLink provided an accrual at December 31, 2009 related to the Beldray Lease Guarantee, as discussed above. Based upon an evaluation of information currently available and consultation with legal counsel, management has not reserved any amounts for contingencies related to these liquidations.

SunLink is a party to claims and litigation incidental to its business, for which it is not currently possible to determine the ultimate liability, if any. Based on an evaluation of information currently available and consultation with legal counsel, management believes that resolution of such claims and litigation is not likely to have a material effect on the financial position, cash flows, or results of operations of SunLink. SunLink expenses legal costs as they are incurred.

Sarbanes-Oxley Section 404

We are in the third year of compliance with Section 404 of the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley) under which our management must report on, as of December 31, 2009, and our independent auditors must attest to, as of June 30, 2010, our internal controls over financial reporting as required by Sarbanes-Oxley. See Management's Report over Internal Controls Reporting in Item 4T of this Quarterly Report for our assessment. We are establishing the process to update our documentation and perform testing of internal controls for the Company. Legislation has been introduced in the U.S. House of Representatives which would exempt public companies which are not accelerated filers from the obligation to have their independent auditors attest to the company's internal controls over financial reporting. We cannot predict if or when any said legislation may become law.

Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued SFAS No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (ASC 105, Generally Accepted Accounting Principles)* ASC 105 . ASC 105 replaces SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, and establishes the *FASB Accounting Standards Codification* (Codification) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. On the effective date of this Statement, the Codification will supersede all then-existing non-SEC accounting and reporting standards. ASC 105 is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The codification is effective for the accompanying interim financial statements and the principal impact is limited to disclosures as all future references to authoritative literature will be referenced in accordance with the codification.

In September 2006, the FASB issued new accounting guidance related to fair value measurements and related disclosures. This new guidance defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. We adopted this new guidance on July 1, 2008, as required for our financial assets and financial liabilities. However, the FASB deferred the effective date of this new guidance for one year as it related to fair value measurement requirements for nonfinancial assets and liabilities that are recognized or disclosed at fair value on a recurring basis. We adopted these remaining provisions on July 1, 2009. The adoption of this accounting guidance did not have a material impact on our consolidated financial statements.

Fair Value of Financial Instruments The recorded values of cash, receivables, and payables approximate their fair values because of the relatively short maturity of these instruments. Similarly, the fair value of SunLink's long-term debt is estimated to approximate its recorded values due to its relatively short maturity period six years.

In December 2007, the FASB issued new accounting guidance related to the accounting for noncontrolling interests in consolidated financial statements. This guidance establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. This guidance requires that noncontrolling interests in subsidiaries be reported in the equity section of the controlling company's balance sheet. It also changes the manner in which the net income of the subsidiary is reported and disclosed in the controlling company's income statement. This guidance is effective for fiscal years beginning after December 15, 2008. We adopted this guidance on July 1, 2009 and reclassified minority interest to the equity section of the balance sheet. (See Note 12 Noncontrolling Interest)

Management, in accordance with guidance regarding subsequent events, has evaluated subsequent events for recognition or disclosure through the date these financial statements were issued, February 10, 2010.

Related Party Transactions

A director of the Company and our company secretary (who was a director of SunLink until November 2003 and is now a director emeritus) are members of two different law firms, each of which provides services to SunLink. The Company has paid an aggregate of \$67 and \$114 for legal services to these law firms in the three months ended December 31, 2009 and 2008, respectively, and \$252 and \$315 for the six months ended December 31, 2009 and 2008, respectively.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to interest rate changes, primarily as a result of borrowing under our 2008 Credit Facility. At December 31, 2009, borrowings under the facility of \$33,011 have been drawn at an interest rate based upon LIBOR. A one percent change in the LIBOR rate would result in a change in interest expense of \$330 on an annual basis. No action has been taken to mitigate our exposure to interest rate market risk and we are not a party to any interest rate market risk management activities.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On November 9, 2009, the Company held its Annual Meeting of Shareholders. At the meeting, four directors, Robert M. Thornton, Jr., Dr. Steven J. Baileys, Gene E. Bursleson, and Michael W. Hall were elected to two year terms expiring at the Annual Meeting of Shareholders in 2011. 5,982,422 votes were voted in favor of electing Mr. Thornton and 419,148 votes were withheld. 6,279,853 votes were voted in favor of electing Dr. Baileys and 121,717 votes were withheld. 6,279,853 votes were voted in favor of electing Mr. Bursleson and 121,717 votes were withheld. 6,276,853 votes were voted in favor of electing Mr. Hall and 121,717 votes were withheld. Karen B. Brenner, C. Michael Ford, Howard E. Turner, and Christopher H. B. Mills remained in office. Their terms expire at the Annual Meeting of Shareholders in 2010.

ITEM 4T. CONTROLS AND PROCEDURES

Restatement In July 2009, we identified potential errors in our accounting for accounts receivable, contractual allowances and bad debt reserves at our Carmichael subsidiary. Upon completion of our investigation and analysis of Carmichael's accounts receivable, on August 28, 2009, SunLink's management concluded that we would amend our previously filed Quarterly Report on Form 10-Q for the quarters ended September 30, 2008, December 31, 2008 and March 31, 2009, respectively, to correct our previously reported net revenues, provision for bad debts and receivables net. The Audit Committee of the Board of Directors concurred with management's decision to amend our previously filed reports on August 28, 2009. Additionally, management concluded that our failure to identify the errors in our accounting for Carmichael's accounts receivable, revenues, provision for bad debts and contractual allowances constituted a material weakness in our internal control over financial reporting. A material weakness is a control deficiency, or combination of control deficiencies, that results in more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected. Solely as a result of this material weakness, our management revised its earlier assessment and concluded that our internal control over financial reporting was not effective as of June 30, 2009, due to a failure of internal controls at our Carmichael's subsidiary. This material weakness caused us to amend our Form 10-Qs for the quarters ended December 31, 2008, December 31, 2008 and March 31, 2009, respectively.

Disclosure Controls and Procedures We maintain controls and procedures designed to ensure that we are able to collect the information we are required to disclose in the reports we file with the SEC, and to process, summarize and disclose this information within the time periods specified in the rules of the SEC.

In light of the restatements, our management, with the participation of our Chief Executive Officer, Chief Financial Officer and SunLink's Audit Committee, evaluated our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934 as amended (the *Exchange Act*)). Based on this evaluation our Chief Executive Officer and Chief Financial Officer concluded that, as a result of the material weakness in the internal control over financial reporting at our Carmichael subsidiary described above and the ongoing nature of our remediation efforts that our disclosure controls and procedures were not effective as of the end of the period covered by our report on Form 10-K and were not effective as of the period covered by this report on Form 10-Q.

Since our April 2008 acquisition of Carmichael, (see Note 3 to the consolidated financial statements included in our annual report or form 10-K), we have focused upon integrating the operations acquired into our disclosure controls and procedures and internal controls. However, in accordance with the rules of the SEC, we did not assess the internal control over financial reporting of our Carmichael subsidiary.

As previously disclosed, because of the need to integrate Carmichael into our system of disclosure and internal controls, there is a risk that we are not able to calculate meaningful changes in bad debts or revenue until after we are able to fully assess the internal controls at Carmichael and address the material weaknesses we have identified. Furthermore, the pre-existing deficiencies in the Carmichael financial systems, processes and related internal controls increase the risk that the historical or current financial statements of the Carmichael operations and cash flows provided to SunLink both before or after the acquisition might not be accurate in additional ways or to an extent beyond the ways previously identified by us in Current Reports on Form 8-K, including reports filed on September 19, 2008, May 22, 2009 and August 28, 2009 or amendments thereto.

As previously disclosed, on September 17, 2008, we announced that the financial statements of Carmichael for the periods June 1, 2006 through December 31, 2006, January 1, 2007 through December 31, 2007, and January 1, 2008 through April 22, 2008, should not be relied upon and that we expected the audited financial statements of Carmichael would be restated to adjust the pre-acquisition periods previously reported in our Current Report on Form 8-K filed on July 9, 2008. Such financial statements were restated and were included in our Current Report on Form 8-K/A filed on May 22, 2009.

We reached our conclusion with respect to such pre-acquisition periods based on information reviewed by SunLink's Management, SunLink's Audit Committee and SunLink's independent registered public accounting firm that the Carmichael pre-acquisition financial statements contained errors that include the amount of customer receivables and which related to pre-acquisition collections, bad debts policies and Carmichael collection activities.

As previously discussed, on August 28, 2009, we announced that the unaudited financial statements contained in our quarterly reports on Form 10-Q for the quarters ended December 31, 2008, December 31, 2008 and March 31, 2009, should not be relied upon and that we expected such financial statements to be restated due to the impact of post-acquisition non-cash accounting errors at Carmichael. We filed amendments to our Form 10-Qs for such periods on September 25, 2009. In light of the restatements and the ongoing nature of our remediation efforts, our Chief Executive Officer and Chief Financial Officer concluded that, as a result of the material weakness in internal control over financial reporting at Carmichael described above, SunLink had a corresponding weakness in our disclosure controls and procedures such that our internal controls and procedures were not effective as of June 30, 2009 and December 31, 2009.

We reached our conclusion with respect to such restated post-acquisition periods based on information reviewed by SunLink's management, SunLink's Audit Committee, the Investigation Accountant we retained, and SunLink's independent registered public accounting firm that the Carmichael post-acquisition financial statements for the specified quarters contained errors that include accounting for accounts receivable, contractual allowances, revenues and provision for bad debts.

Remediation of Material Weakness in Internal Control We have performed an extensive review of the matters impacted by the material weakness described above in an effort to ensure that our financial statements reflect all necessary adjustments. We believe that this review, the investigation and analysis of the errors described above, and the changes in the related accounting processes which are being or have been implemented as a result of the restatements will remediate the material weakness and are designed so that, when fully implemented, we may conclude that the internal control over financial reporting at our Carmichael subsidiary are effective and accordingly that no material weakness in our consolidated controls and procedures will remain as a result thereof. However, as of the date of the filing of this report, not all of the remedial actions have been implemented. Accordingly, until all of our remedial actions with respect to Carmichael have been completed and tested, material weakness in our internal controls may exist.

Changes in Internal Controls over Financial Reporting Except as described above, there were no changes to our internal control over financial reporting during the quarter ended December 31, 2009 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Accounting Firm Attestation Our most recent annual report did not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's annual report was not subject to attestation by the company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the company to provide only management's report in such annual report.

PART II. OTHER INFORMATION

Items required under Part II not specifically shown below are not applicable.

ITEM 1. LEGAL PROCEEDINGS

There have been no material developments in the legal proceeding previously reported in SunLink's Annual Report on Form 10-K.

ITEM 1A. RISK FACTORS

Risk Factors Relating to an Investment in SunLink

Information regarding risk factors appears in MD&A Forward-Looking Statements, in Part I Item 2 of this Form 10-Q and in MD&A -Risks Factors Relating to an Investment in SunLink in Part I Item 1A of the Company's Annual Report on Form 10-K for the year ended June 30, 2009. While we believe there have been no material changes from the risk factors previously disclosed in such Annual Report, except as discussed in MD&A Corporate Business Strategy and MD&A Discontinued Operations in Item 2 of this Form 10-Q, you should carefully consider, in addition to the other information set forth in this report, the risk factors discussed in our Annual Report which could materially affect our business, financial condition or future results. Such risk factors are expressly incorporated herein by reference. The risks described in our Annual Report are not the only risks facing our Company. In addition to risks and uncertainties inherent in forward looking statements contained in this Report on Form 10-Q, additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results. Whenever we refer to SunLink, Company, we, our, or us in this Item 1A, we mean SunLink Health Systems, Inc. and its subsidiaries, unless the context suggests otherwise.

ITEM 6. EXHIBITS

Exhibits:

- 31.1 Chief Executive Officer's Certification Pursuant to Rule 13a-14(a) of the Securities Exchange Act of 1934.
- 31.2 Chief Financial Officer's Certification Pursuant to Rule 13a-14(a) of the Securities Exchange Act of 1934.
- 32.1 Chief Executive Officer's Certification Pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
- 32.2 Chief Financial Officer's Certification Pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, SunLink Health Systems, Inc. has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

SunLink Health Systems, Inc.
