MATERIAL FACT

Pursuant to article 157, paragraph 4, of Law No. 6,404/76 and CVM Instruction No. 358/02, Tele Norte Leste Participações S.A. (TNL) and Telemar Norte Leste S.A. (TMAR) hereby disclose the following:

On this date, the Board of Directors of TMAR held a meeting in which the Directors examined and approved the proposal of new exchange ratios for the proposed corporate reorganization of Brasil Telecom S.A. (BrT) and TMAR, adjusted to reflect the modification of the provisions related to civil legal contingencies of BrT in connection with legal claims with respect to the rights of holders of Financial Interest Agreements. The new exchange ratios were proposed after the discussion of all relevant aspects of such ratios and also the analysis of a presentation prepared by Banco de Investimentos Credit Suisse (Brasil) S.A. which content is available at www.oi.net.br/ri and at the IPE System of the Brazilian Securities Commission, at www.cvm.gov.br.

Such exchange ratios are equivalent to 0.3955 common share of TMAR for each common share of BrT and 0.2191 class C preferred share of TMAR for each class preferred share of BrT, and represent the calculation basis to determine the number of shares of TMAR that current shareholders of BrT will receive in the event that all steps of the ongoing corporate reorganization are concluded.

The Board of Directors of TMAR also approved the submission of the new exchange ratios to the approval of the Board of Directors of BrT, under the condition that these ratios are later approved by the non-controlling holders of common and preferred shares of BrT.

After the new exchange ratios are examined by the Board of Directors of BrT, the shareholders meeting of BrT that will consider such exchange ratios will be convened within no more than 30 (thirty) days, in view of the acts necessary for the preparation of a public proxy solicitation process that is intended to be held in the markets in which shares of BrT are traded.
