THE COMPANY

The Bank of New York Mellon Corporation was formed as a Delaware corporation on July 1, 2007 through the merger of The Bank of New York Company, Inc. and Mellon Financial Corporation. We are a global financial services company headquartered in New York, New York and, at March 31, 2010, we had approximately \$1.1 trillion in assets under management and \$22.4 trillion in assets under custody and administration. We divide our businesses into seven segments: Asset Management; Wealth Management; Asset Servicing; Issuer Services; Clearing Services; Treasury Services and Other. Together with our predecessors, we have been in business since 1784.

We are a bank holding company registered with the Board of Governors of the Federal Reserve System under the Bank Holding Company Act of 1956, as amended. Our two principal banks are:

The Bank of New York Mellon, a New York state chartered bank, formerly named The Bank of New York, which houses our institutional businesses, including Asset Servicing, Issuer Services, Treasury Services, Broker-Dealer and Advisor Services and the bank-advised business of Asset Management.

BNY Mellon, National Association (BNY Mellon, N.A.), a nationally-chartered bank, formerly named Mellon Bank, N.A., which houses our Wealth Management business.

Our U.S. bank subsidiaries engage in trust and custody activities, investment management services, banking services and various securities-related activities. The deposits of the U.S. banking subsidiaries are insured by the Federal Deposit Insurance Corporation to the extent provided by law.

We have two U.S. trust companies: The Bank of New York Mellon Trust Company, National Association and BNY Mellon Trust Company of Illinois. These companies house trust products and services across the U.S. Also concentrating on trust products and services is BNY Mellon Trust of Delaware, a Delaware bank. Most asset management businesses, along with our Pershing businesses, are direct or indirect non-bank subsidiaries of The Bank of New York Mellon Corporation.

RISK FACTORS

Investing in our common stock involves risks. Before purchasing any securities we offer, you should carefully consider the risk factors described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, in any of our annual or quarterly reports for subsequent fiscal years or quarters or current reports that are incorporated by reference herein, the other documents incorporated by reference herein, and the additional risk factor set forth below. You should also consider any other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including filings made with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our financial condition, results of operations or cash flows. We cannot assure you of a profit or protect you against a loss on the shares of our common stock that you purchase or sell under the Plan.

Legislative actions taken now or in the future may have a significant adverse effect on the Company's operations.

Recent events in the financial services industry and, more generally, in the financial markets and the economy, have led to various proposals for changes in the regulation of the financial services industry. In 2009, legislation proposing significant structural and other revisions to the regulation of the financial services industry was introduced in the U.S. Congress. A sweeping version of such legislation was passed by the House of Representatives in 2009 and another sweeping version was passed by the Senate in May 2010. Some form of this legislation is likely to be enacted in the near future. The legislation in both the House and Senate would impose higher capital standards and numerous other requirements on systemically significant institutions. This term is expected to include, among other things, all bank holding companies with assets of at least \$50 billion, which would include the Company. The Federal Reserve is, however, anticipated to establish graduated requirements depending on a wide variety of factors.

Among numerous other provisions that could have an effect on the Company are:

A change in the assessment base for federal deposit insurance from the amount of insured deposits to consolidated assets less tangible equity. This change, if implemented, likely would result in significantly higher deposit insurance assessments for banks with substantial international operations, including The Bank of New York Mellon.

The so-called Volcker rule provisions, which would require the federal banking agencies, through joint rulemaking and reflecting recommendations and modifications by the proposed Financial Stability Oversight Council, to prohibit proprietary trading and sponsorship of or investment in hedge funds or private equity funds by insured depository institutions and certain of their affiliates. This could limit or prohibit certain of our existing asset management activities.

A provision in the Senate legislation would apply the regulatory capital requirements for banks to bank holding companies, which could potentially exclude all trust preferred securities and cumulative preferred from Tier 1 capital of bank holding companies, such as The Bank of New York Mellon Corporation.

Table of Contents

Although there can be no assurance that any or all of these legislative changes will ultimately be enacted, any such changes, if enacted, may impact the profitability of our business activities and require that we change certain of our business practices, and could expose us to additional costs (including increased compliance costs). These changes may also require us to invest significant management attention and resources to make any necessary changes.

In addition, there are risks associated with participation in the Plan. You will not know the price of the shares you are purchasing under the Plan at the time you authorize the investment or elect to have your dividends reinvested. The price of our common stock may fluctuate between the time you decide to purchase shares under the Plan and the time of actual purchase. In addition, during this time period, you may become aware of additional information that might affect your investment decision. If you instruct the plan administrator to sell shares under the Plan, you will not be able to direct the time and price at which your shares are sold. The price of our shares may decline between the time you decide to sell shares and the time of actual sale.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, including documents incorporated by reference into this document, contains statements relating to future results of BNY Mellon that are considered forward-looking statements. These statements, which may be expressed in a variety of ways, including the use of future or present tense language, relate to, among other things: all statements about the future results of BNY Mellon, projected business growth, statements with respect to the expected outcome and impact of legal, regulatory and investigatory proceedings, and BNY Mellon's plans, objectives and strategies. These forward-looking statements, and other forward-looking statements contained in other public disclosures of BNY Mellon (including those incorporated in this prospectus) are based on assumptions that involve risks and uncertainties and that are subject to change based on various important factors (some of which are beyond BNY Mellon's control), including those factors described in Item 1A under Risk Factors and elsewhere in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, in any of our annual or quarterly reports for subsequent fiscal years or quarters that are incorporated by reference herein, and our other filings with the SEC. Actual results may differ materially from those expressed or implied as a result of these risks and uncertainties, including, but not limited to uncertainties inherent in the litigation and litigation settlement process.

All forward-looking statements speak only as of the date on which such statements are made, and BNY Mellon undertakes no obligation to update any statement to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events.

Because these forward-looking statements are subject to assumptions and uncertainties, actual results may differ materially from those expressed or implied by these forward-looking statements, and the factors that will determine these results are beyond our ability to control or predict.

We caution you not to place undue reliance on these forward-looking statements, which speak only as of the date of this prospectus, in the case of forward-looking statements contained in this prospectus, or the dates of the documents incorporated by reference into this prospectus, in the case of forward-looking statements made in those incorporated documents.

USE OF PROCEEDS

We will receive proceeds from purchases of our common stock under the Plan only if the shares purchased are newly issued shares of our common stock. We will not receive proceeds from purchases under the Plan if the shares are acquired in open market purchases for delivery under the Plan. Any proceeds that we receive from purchases of newly issued shares will be used for general corporate purposes. We cannot estimate the amount of these proceeds at this time.

Enrollment

Any person, whether or not a registered holder of our shares, may enroll and participate in the Plan.

If you do not currently own any shares of our common stock, you may join the Plan at any time. To join the Plan, you must review a copy of this prospectus and return a completed Enrollment Form to the plan administrator along with your initial investment of at least \$1,000. You may also make your initial investment by authorizing automatic monthly debits on the Enrollment Form in an amount of at least \$50 up to \$10,000 for a minimum of at least 20 consecutive months from your bank account. If you choose this option, debits from your account will continue after the 20 month period on a monthly basis until you change your investment instruction, which you may do online at www.bnymellon.com/shareowner. Alternatively, you may enroll online at www.bnymellon.com/shareowner. Optional cash investments may be made for up to \$10,000 per transaction and up to \$150,000 in the aggregate per year, unless we grant a waiver of these amounts. A one-time

Edgar Filing: Bank of New York Mellon CORP - Form S-3ASR

enrollment fee of \$7.50 will be deducted from your initial investment. Some state securities laws require that a registered broker-dealer send information to their residents. A registered broker-dealer will forward this prospectus and the Enrollment Form to residents of those states rather than our providing that information directly to those residents.

If you already own shares of our common stock and those shares are registered in your name, you may join the Plan after reviewing a copy of this prospectus by enrolling online at www.bnymellon.com/shareowner/isd or by returning a completed Enrollment Form. Registered shareholders should be sure to sign their names on the Enrollment Form exactly as they appear on our books.

Table of Contents

If you hold your shares of our common stock in a brokerage, bank or other intermediary account, that is, in street name, you may participate in the Plan by instructing your broker, bank or other intermediary account to register the shares in your name or by making arrangements with the broker, bank or other intermediary account to participate on your behalf. As another option, after reviewing this prospectus you may submit an initial investment of at least \$1,000 to BNY Mellon Shareowner Services as indicated above.

Information on electronic enrollment and purchases under the Plan may be found on the plan administrator's website at www.bnymellon.com/shareowner.

Dividend Reinvestment Options

You may elect to reinvest dividends on all of the shares that you own (option 1 full reinvestment), on some of the shares that you own (option 2 partial reinvestment), or receive all dividends in cash (option 3 no reinvestment). There are no charges or trading fees charged to you for reinvesting dividends.

If you are a new participant in the Plan, when you enroll you must elect whether or not your dividends are to be reinvested.

Option 1 Full Reinvestment. If you choose this option, 100% of all cash dividends on shares registered to you on the books of the plan administrator as well as all shares held directly by you (as certificates) will be reinvested in additional shares of common stock. This includes any future shares acquired by you either directly or through the Plan.

Option 2 Partial Reinvestment. If you choose this option you can direct that dividends on a specified number of shares be paid to you in cash. Dividends on your remaining shares will be reinvested. Buying additional shares will not change your election. In addition, selling part of your shares will not change your election unless the number of shares falls below the number that you specified. In that case, cash dividends will be paid to you on the number of remaining shares that you hold. You may change your election for Option 2 at any time by notifying the plan administrator.

Option 3 Cash Dividends, No Reinvestment. If you choose this option you may enroll in the Plan only to make additional cash investments and/or deposit certificates into the Plan for safekeeping. By choosing this election you will receive all dividends in cash and no dividends paid on your shares will be reinvested.

If you elect to participate in the dividend reinvestment feature of the Plan, the plan administrator must receive your authorization on or before the record date for the dividend payment in order for your dividends to be reinvested on the next dividend payment date. If the authorization is received after the record date for the dividend payment, the current dividend will be paid to you, and the dividend after the next record date will be reinvested. Cash dividends are usually reinvested on the dividend payment date or, if the dividend payment date is not a business day, the next business day following the dividend payment date.

If you choose option 2 or option 3, you may elect to have all of your cash dividends not being reinvested deposited directly into your U.S. bank account on the dividend payment date instead of receiving a check by mail. You may make this election at the time of enrollment or at a later date by contacting the plan administrator to obtain the appropriate forms. In order to initiate this option, change or stop the direct deposit of dividends, the plan administrator must receive your written request before the next dividend payment date.

The payment of dividends is at the discretion of our Board of Directors and will depend upon future earnings, our financial condition and other factors. There can be no assurance as to the declaration or payment of any dividend. Nothing in the Plan requires us to declare or pay any dividend on our common stock.

Table of Contents

Optional Cash Investments

You may purchase shares of our common stock by using the Plan's optional cash investment feature. Optional cash investments must be at least \$50 at any one time. Optional cash investments may for up to \$10,000 per transaction and up to \$150,000 in the aggregate per year, unless we grant a waiver of these amounts. This amount is in addition to any dividends that are reinvested for your account.

If you are not already a shareholder, you must invest at least \$1,000 in your initial investment, and a one-time account set-up fee of \$7.50 will be deducted from your first investment. Once you are enrolled in the Plan, you do not pay any trading fees or service charges for making optional cash investments.

You have no obligation to make any optional cash investments under the Plan. If you choose to make optional cash investments, you do not have to send the same amount of money each time.

If you choose to make optional cash investments, along with your check, you must provide the plan administrator with a completed Plan Authorization Form or a tear off stub from a Plan statement. You should make the check payable to BNY Mellon/BK. Checks must be drawn on a United States bank and payable in United States dollars. All third party checks and checks not drawn on a United States bank or payable in United States dollars will be returned. Alternatively, you can authorize an individual automatic deduction online at www.bnymellon.com/shareowner/isd each time you want to make an optional cash purchase.

You may also authorize automatic monthly cash investments by electronic funds transfers (EFT) from your bank account by completing the appropriate section of an Authorization Form or online at www.bnymellon.com/shareowner/isd. Automatic monthly debit authorizations can be made either when you enroll or at a later date. EFT payments are then deducted monthly from your bank account through any financial institution that participates in the Automatic Clearing House. Deductions are made on the 25th day of each month, or if such date is not a business day on the succeeding (or next) business day.

In the event that your cash investment check or EFT is returned unpaid for any reason, you will be charged a \$35.00 return fee. Further, the plan administrator will immediately remove from your account any shares that were purchased in anticipation of the collection of such funds. These shares will be sold to recover any uncollected funds plus the return fee. If the net proceeds of the sale of such shares are insufficient to recover in full the uncollected funds plus the return fee, the plan administrator reserves the right to sell additional shares from any of your accounts maintained by the plan administrator as may be necessary to recover in full the uncollected balance plus the return fee. The sale of any additional shares may, in some cases, yield an amount greater than that required to recover in full the uncollected balance plus the return fee. If this occurs, amounts in excess of \$1.00 will be remitted to you.

Generally, shares are purchased with optional cash investments at least once every five business days. Any payments received and not invested, will be invested on the next investment date. If it is not possible, for any reason, to purchase shares, any moneys held by the plan administrator for more than 30 days will be returned to participants. If any initial or optional cash investment has not already been invested, you may request that the money be returned to you. To do so you must send a written request for a refund to the plan administrator. The written request must reach the plan administrator at least 48 hours before the investment date. If it reaches the plan administrator less than 48 hours before the investment date your funds will be invested. No refund of funds sent by check will be made until your check has cleared. **No interest will be paid on optional cash investments held by the plan administrator pending investment.**

If shares that you have purchased by optional investment are added to your account on or before a dividend record date, you will receive the upcoming dividend on those newly added shares as well as any other shares already credited to your account.

Source and Price of Shares Purchased

Shares purchased under the Plan may be issued directly by us from authorized but unissued shares or treasury shares or purchased on the open market for delivery to the Plan.

Except in circumstances where we grant a waiver from the per transaction maximum, when shares are purchased from us, the price per share will be 100% of the average of the highest and lowest reported price for the common stock traded on the New York Stock Exchange on the pricing date. Prices based on after hours trading on other exchanges will not be used to determine the price of the common stock. The pricing date for reinvesting dividends will be the dividend payment date or if that date falls on a day when the New York Stock Exchange is closed or there is no trading of the common stock reported, the pricing date will be the preceding day the New York Stock Exchange was open and trading in our common stock occurred.

The price per share for all shares purchased in the open market to satisfy any Plan requirements will be the weighted average of all shares purchased for the Plan on the applicable purchase date.

Purchases in the open market may generally be made on the applicable investment date and may be made over a period of time to avoid having an impact on market prices. In the unlikely event that an investment is not completed within 30 days, all funds to be invested will be returned to participants.

With respect to shares purchased on the open market, the plan administrator may select one or more agents to assist it in purchasing our shares on the open market, including a brokerage firm which may be an affiliate or our wholly owned subsidiary. These agents will receive brokerage commissions on such purchases. We will have no control over the times or prices at which these agents buy or sell shares on the open market or in the selection of the agent who will execute these transactions. Therefore, you will not be able to precisely time your purchases through the Plan, and you will bear the market risk associated with fluctuations in the price of our common stock. In other words, if you send in an initial or optional investment, it is possible that the price of our common stock could go up or down before purchases are made for your account and you will bear the market risk for such fluctuations. In addition, you will not earn interest on initial or optional investments before the shares are purchased.

Because your dividend and any optional cash payment will rarely purchase an exact number of whole shares, whether shares are purchased from us or in the open market, the plan administrator will credit your account for the full and fractional shares (to four decimal places) purchased. Fractional shares will earn proportional dividends.

Waiver of Transaction and Annual Plan Maximums

Under the Plan, you have the opportunity to make optional cash investments for up to \$10,000 per transaction and up to \$150,000 in the aggregate per year, unless we grant a waiver of these amounts. You may request a waiver of these maximum investment amounts. Upon receipt of a written waiver request form from an investor, we will consider waiving these limits. Grants of waiver requests will be made in our sole discretion based on a variety of factors, which may include: our current and projected capital needs, prevailing market prices of our common stock and other securities, and general economic and market conditions.

Shares purchased in excess of the Plan maximum investment amounts will be priced as follows:

Investments for which a waiver has been granted will be made subject to a pricing period, which will generally consist of one (1) to fifteen (15) separate days during which trading of our common stock is reported on the New York Stock Exchange. Each of these separate days will be an investment date, and an equal proportion of the investment amount will be invested on each trading day during such pricing period, subject to the qualifications listed below. The purchase price for shares acquired on a particular investment date will be equal to 100% (subject to change as provided below) of the volume-

Table of Contents

weighted average price (less any applicable discount), rounded to four decimal places, of our common stock as reported by the New York Stock Exchange only, obtained from Bloomberg, LP, for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time, for that Investment Date (including the last trade on the New York Stock Exchange even if reported after 4:00 p.m.). Funds for such investments must be received by the Plan Administrator not later than the business day before the first day of the pricing period. The purchase price for shares acquired on a particular Investment Date will be equal to 100% (subject to change as provided below) of the unsolicited volume weighted average price, rounded to four decimal places, of our common stock as reported by the New York Stock Exchange only, obtained from Bloomberg, LP.

We may establish a minimum, or threshold, price for any pricing period that the volume-weighted average price, rounded to four decimal places, of our common stock must equal or exceed during each trading day of the pricing period for investments made pursuant to a waiver request.

If we decide to establish a threshold price for a particular pricing period, the threshold price for any investments made pursuant to a request for waiver will be a stated dollar amount that the volume-weighted average price, rounded to four decimal places, of our common stock, as reported by the New York Stock Exchange for each trading day in the relevant pricing period, must equal or exceed. If the threshold price is not satisfied for a trading day in the pricing period, then that trading day and the trading prices for that day will be excluded from the pricing period.

We will only establish a threshold price if shares will be purchased directly from us in connection with the relevant pricing period (please see first bullet above). If we have established a threshold price with respect to the relevant pricing period, then we will exclude from the pricing period any trading day that the volume-weighted average price is less than the threshold price and refund that day's proportional investment amount. For example, if the threshold price is not met for two (2) of the trading days in a ten-day pricing period, then we will return 20% of the funds you submitted in connection with your waiver request, without interest, unless we have activated the pricing period extension feature for the pricing period, as described below.

Neither we nor the plan administrator are required to notify you that a threshold price has been established for any pricing period.

We may elect to activate for any particular pricing period a pricing period extension feature which will provide that the initial pricing period be extended by the number of days that the threshold price is not satisfied, subject to a maximum of five (5) trading days. If we elect to activate the pricing period extension feature and the threshold price is satisfied for any additional day that has been added to the initial pricing period, that day will be included as one of the trading days for the pricing period instead of the day on which the threshold price was not met. For example, if the determined pricing period is ten (10) days, and the threshold price is not satisfied for three (3) out of those ten (10) days in the initial pricing period, and we had previously announced in the bid-waiver form that the pricing period extension feature was activated, then the pricing period will be automatically extended, and if the threshold price is satisfied on the next three (3) trading days (or a subset thereof), then those three (3) days (or subset thereof) will become investment dates in lieu of the three (3) days on which the threshold price was not met. As a result, because there were ten (10) trading days during the initial and extended pricing period on which the threshold price was satisfied, all of the funds that you include with your request for waiver will be invested.

Newly issued shares purchased pursuant to a request for waiver will be posted to participants' accounts within three (3) business days following the end of the applicable pricing period, or, if we elect to activate the continuous settlement feature, within three (3) business days of each separate investment date beginning on the first investment date in the relevant pricing period and ending on the final investment date in the relevant pricing period, with an equal amount being invested on each day, subject to the qualifications set forth above. During any month when we are proposing to grant requests

Table of Contents

for waiver for one or more investments, we may elect to activate the continuous settlement feature for such investments by announcing in the bid-waiver form that we will be doing so. The purchase price of shares acquired on each investment date will be equal to the volume-weighted average price obtained from Bloomberg, LP (unless such service is unavailable, in which case we will designate another service to be utilized before the beginning of the pricing period), rounded to four decimal places, for each of the investment dates during the pricing period, assuming the threshold price is met on that day, less any discount that we may decide to offer. For each pricing period (assuming the threshold price is met on each trading day of that pricing period), we would have a separate settlement of each investment dates purchases, each based on the volume-weighted average price for the trading day relating to each of the investment dates during the pricing period.

We may alter, amend, supplement or waive, in our sole discretion, the time periods and/or other parameters relating to optional cash purchases in excess of \$10,000 made by one or more participants in the Plan or new investors, at any time and from time to time, prior to the granting of any Request for Waiver. For more information regarding a particular Pricing Period, Waiver request forms and information regarding the establishment of a threshold price, if any, may be obtained by contacting the Plan Administrator at (201) 680-5300 or waivers@bnymellon.com.

Sale of Shares

You may instruct the plan administrator to sell any or all shares held in your account at any time (including shares deposited into the Plan for safekeeping as discussed below). Requests may be submitted by phone, online at www.bnymellon.com/shareowner/isd or simply by completing and signing the tear-off portion of your account statement and mailing it to the plan administrator. If you are mailing your request and more than one participant owns the account, all account holders must sign the instruction form. ***Any instructions to sell shares held in your account are irrevocable and may not be cancelled.***

Generally, the plan administrator aggregates all requests to sell shares, and the plan administrator then sells the total number of shares on the open market. The shares may be sold on any exchange on which the shares are listed. Sales of shares are generally made at least weekly, but, depending on volume, may be made as frequently as daily.

Neither we nor the plan administrator will have (nor will any participant in the Plan have) any authority or power to direct the time or price at which shares may be sold, designate the markets on which shares are to be sold; or select the broker or dealer through which sales may be made. Therefore, you will not be able to precisely time your sales through the Plan, and you will bear the market risk associated with fluctuations in the price of our common stock. In other words, if you send in a sell request, the market price of the shares could go up or down before your shares are sold. You may also choose to sell your shares through a stockbroker of your choice, in which case you should request the transfer of your shares from the plan administrator to your brokerage account through the Direct Registration System.

The selling price will not be known until the sale is completed. The net proceeds of the sale are sent to you by check following the sale. There is a \$10.00 service fee for selling Plan shares plus a trading fee of \$0.05 per share and any required tax withholdings or transfer taxes.

Generally, the sale price of any shares sold through the Plan will be the weighted average price of all shares sold for participants in the Plan during the period in which your shares are sold.

Certificates

You may deposit any shares of our common stock that you hold in certificate form into the Plan for safekeeping by delivering those stock certificates, unendorsed, to the plan administrator and requesting that the

Table of Contents

shares be credited to your account. You may do this at the time of enrollment by delivering the certificates along with a completed Enrollment Form or at any later time.

The safekeeping feature is offered at no charge to you and eliminates the risk associated with the loss of stock certificates.

If you choose safekeeping you still have the option of receiving your dividends in cash or reinvesting them. You can also sell any shares held in safekeeping through the Plan. Cash dividends paid on shares of our common stock that are deposited into the Plan for safekeeping will be paid to you or reinvested in shares of our common stock in accordance with your reinvestment election.

Shares purchased with either reinvested dividends or optional cash investments will automatically be held by the plan administrator or its nominee in book entry form on your behalf.

Issuance of Certificates

You may obtain at any time, free of charge, a certificate for all or a part of the whole shares of our common stock credited to your Account upon request to the plan administrator.

Those certificate(s) will be mailed by first class mail, within two business days of the plan administrator's receipt of the request, to your address of record. The issuance of Plan shares in certificate form will not change your reinvestment instructions unless you direct otherwise. Any remaining whole or fractions of shares of our common stock will continue to be credited to your Account. Certificates for fractions of shares of our common stock will not be issued under any circumstances.

Certificates will be issued in the name or names in which the Account is registered unless you instruct otherwise. If the certificate is issued in a name other than your Account registration, a financial institution participating in the Medallion Signature Guarantee program must guarantee the signature on the instructions or stock power. Most banks and brokers participate in the Medallion Signature Guarantee program.

Share Transfer and Gifts Within the Plan

You may transfer or give shares in your Plan account as gifts at any time. Transfers can be made in book-entry or certificate form. You may request a transfer or a gift by calling or writing to the plan administrator.

To transfer shares from an existing Plan account to a new participant Plan account follow the steps listed below. There is no fee for transferring shares to another participant.

Call the plan administrator's toll free telephone number (1-800-205-7699) and request a current Plan prospectus and Enrollment Form. Complete the form providing the full registration name, address and social security number of the new participant.

Mail the completed Enrollment Form and a written request indicating the number of shares (full and fractional) that should be transferred to the new participant. All participants in the current account must sign the instructions and a bank, broker or financial institution that is a member of the Signature Guarantee Medallion program must guarantee the signatures.

Unless otherwise directed on the Enrollment Form, the new account will automatically be enrolled in the Plan with all dividends reinvested.

Changes in Elections

You may change your elections at any time. To change your elections, simply access your account online at www.bnymellon.com/shareowner/isd or complete a new Authorization Form and mail it to the plan administrator.

Withdrawal from the Plan

You may discontinue the reinvestment of your dividends at any time by notifying the plan administrator. Notice may be made by telephone, in writing or by changing your dividend election under the Manage Account Info section when you access your online account at www.bnymellon.com/shareowner/isd. To be effective for a given dividend payment, the plan administrator must receive notice before the record date of that dividend. The plan administrator will continue to hold your shares unless you request a certificate for the whole shares and sale of any fractional share by completing the tear-off stub at the bottom of your Plan statement and mailing it to the plan administrator. You will receive a check for the net proceeds (less any applicable fees) from the sale of any fractional shares. You may also request the sale of all or part of any such shares or have the plan administrator electronically transfer your shares to your brokerage account through the Direct Registration System.

Account Statements

A transaction statement will be sent to you as soon as practicable, after each investment. The statement will show the purchase price, service fees (if any), and shares credited to your account.

The plan administrator will mail a quarterly statement after each dividend payment date showing all year-to-date transactions for each account. **We recommend that you retain these statements for tax purposes.**

Statements have tear-off instruction forms that should be filled-out when providing the plan administrator with certificate issuance, sale, purchase, termination or certificate deposit instructions.

Federal Income Tax Information

The following is only a summary of the tax consequences of participation in the Plan, as of the date of this prospectus. Tax laws and regulations may change and this summary may not reflect every possible situation that could result from participating in the Plan. **Accordingly, you should consult with your own tax advisor with respect to the federal, state, local, foreign and withholding tax consequences applicable to your particular situation.**

In general, cash dividends paid to you, by us, are considered taxable income even though they are reinvested. Your cost basis for federal income tax purposes on any shares purchased through the Plan is the price at which the shares are purchased, as reflected on your statement or transaction advice. Trading fees paid by us are also considered taxable income and are included in the cost basis of shares purchased. The Form 1099 sent to you and the Internal Revenue Service at the end of the year shows trading fees paid by us.

You will generally realize taxable income or loss for federal income tax purposes when shares are sold. Your tax basis for shares that are sold is the price paid for the shares. The price paid is reflected on your statement.

Your holding period for shares purchased through the Plan begins on the day following the date of purchase.

Plan participants who are subject to backup withholding will have their dividends reinvested less the tax withheld.

Foreign shareholders who are subject to US federal tax withholding will have their dividends reinvested less the tax withheld. Foreign shareholders are responsible for filing any documentation required to obtain a reduction in or refund of US withholding tax.

Responsibility of Plan Administrator and Us. By participating in the Plan you appoint the plan administrator as your agent for Plan transactions. Neither we nor the plan administrator will be liable for any act done in good faith or for any good faith omission to act, including, without limitation, any claim of liability arising (i) out of failure to terminate a Plan account, sell shares in the Plan or invest optional cash payments or dividends without receipt of proper documentation and instructions; (ii) with respect to the prices at which shares are purchased or sold for Plan accounts and the time such purchases or sales are made, including price fluctuation in market value after purchases or sales.

In addition, if we or the plan administrator terminate the Plan, or if we are involved in a reorganization or merger, your shares enrolled in the Plan as well as your current elections under the plan may automatically roll over to a subsequent survivor or derivative Plan.

NOTE ABOUT FINANCIAL INTERMEDIARIES

We may grant requests for waiver of the Plan's investment limits to financial intermediaries, including brokers and dealers, and other participants in the future. Grants of such waiver requests will be made in our sole discretion based on a variety of factors, which may include: our current and projected capital needs, the alternatives available to us to meet those needs, prevailing market prices for our common stock, general economic and market conditions, expected aberration in the price or trading volume of our common stock, the potential disruption of our common stock price that may be caused by a financial intermediary, the number of shares of common stock held by the participant seeking a waiver, the past actions of a participant under the Plan, the aggregate amount of investments for which such waivers have been submitted, and the administrative constraints associated with granting such waivers. If waiver requests are granted, a portion of the shares available for issuance under the Plan will be purchased by participants (including brokers or dealers) who, in connection with any resales of such shares, may be deemed to be underwriters within the meaning of the Securities Act of 1933, as amended (the "Securities Act"). Financial intermediaries may purchase a significant portion of the shares of common stock issued under the Plan. We do not have any formal or informal understanding with any such organizations and, therefore, the extent of such financial intermediaries' participation under the Plan cannot be estimated as this time. Participants that are financial intermediaries that acquire shares of our common stock under the Plan with a view to distribution of such shares or that offer or sell shares in connection with the Plan may be deemed underwriters within the meaning of the Securities Act. From time to time, financial intermediaries, including brokers and dealers, may engage in positioning transactions in order to benefit from the discount from the market price, if any, of common stock acquired under the Plan. Such transactions may cause fluctuations in the trading volume of our common stock. Financial intermediaries that engage in positioning transactions may be deemed to be underwriters within the meaning of the Securities Act. The Plan is intended for the benefit of our current and prospective investors and not for individuals or investors who engage in transactions that may cause aberrations in the price or trading volume of our common stock.

Item 15. Indemnification of Directors and Officers

Section 102(b)(7) of the Delaware General Corporation Law (DGCL) permits a corporation, in its certificate of incorporation, to limit or eliminate, subject to certain statutory limitations, the liability of directors to the corporation or its stockholders for monetary damages for breaches of fiduciary duty, except for liability (a) for any breach of the director's duty of loyalty to the corporation or its stockholders, (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) under Section 174 of the DGCL or (d) for any transaction from which the director derived an improper personal benefit.

Under Section 145 of the DGCL, a corporation may indemnify a director, officer, employee or agent of the corporation (or a person who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise) against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. In the case of an action brought by or in the right of a corporation, the corporation may indemnify a director, officer, employee or agent of the corporation (or a person who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise) against expenses (including attorneys' fees) actually and reasonably incurred by him if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent a court finds that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.

The Company's Restated Certificate of Incorporation (Article Eighth) provides that the Company will indemnify its officers and directors, and any other person who served in such role for other entities at the request of the Company (Covered Person), to the fullest extent permitted by law, against all expenses, judgments, fines and settlement amounts incurred by such person in connection with any threatened, pending or completed action, suit or proceeding by reason of the fact that such person was an officer or director of the Company or such other entity. The Company will indemnify Covered Persons in connection with a proceeding commenced or brought by that person only if the commencement or bringing of the proceeding was authorized by the Company's Board of Directors. The Company will, to the fullest extent permitted by the DGCL, pay the expenses (including attorneys' fees) of any Covered Person in defending a proceeding (other than a proceeding commenced or brought by the person without the specific authorization of the Company's Board of Directors), provided that, to the extent required by the DGCL, advancement of expenses will only be made if such person provides an undertaking to repay all amounts advanced if it is determined that he is not entitled to indemnification.

Table of Contents

The Company may purchase and maintain insurance to protect itself and any Covered Person against liability or expense asserted or incurred by such Covered Person in connection with any proceeding, whether or not the Company would have the power to indemnify such Covered Person against such liability or expense by law or under the indemnification provisions in the Company's Restated Certificate of Incorporation.

The Company is authorized to enter into contracts with any Director or officer, or, as authorized by the Board of Directors, any other employee or agent of the Company in furtherance of the provisions of Article Eighth of the Company's Restated Certificate of Incorporation and may create a trust fund, grant a security interest or use other means (including, without limitation, a letter of credit) to ensure the payment of such amounts as may be necessary to effect indemnification as provided in Article Eighth of the Company's Restated Certificate of Incorporation.

With respect to advancement of expenses, the DGCL provides that the Company may advance expenses upon the receipt of an undertaking as described above, on such terms and conditions as it deems appropriate.

The Company has entered into indemnification agreements with each of its executive officers and directors, providing that it will indemnify such executive officers and directors to the fullest extent permitted by law against all judgments, awards, fines, ERISA excise taxes, penalties, amounts paid in settlement, liabilities and losses and pay the expenses (including attorneys' fees) of the executive officer or director if such executive officer or director is involved in any manner (including, without limitation, as a party or a witness) in any civil, criminal, administrative or investigative action, suit, proceeding or procedure by reason of the fact of the executive officer or director's position at the Company.

The Company also has a policy which indemnifies all employees (including executive officers) and directors of the Company and its affiliates, to the fullest extent permitted by law against all judgments, awards, fines, ERISA excise taxes, penalties, amounts paid in settlement, liabilities and losses and pays the expenses (including attorneys' fees) of the employee or director if such employee or director is involved in any manner (including, without limitation, as a party or a witness) in any civil, criminal, administrative or investigative action, suit, proceeding or procedure by reason of the fact of the employee or director's position at the Company or a Company affiliate.

As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial

bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or

prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
