**Report of Independent Registered Public Accounting Firm**

To the Retirement Plan Committee

Lands End, Inc. Retirement Plan

Dodgeville, Wisconsin

We have audited the accompanying statements of net assets available for benefits of the Lands End, Inc. Retirement Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Lands End, Inc. Retirement Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009, in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

/s/ McGladrey & Pullen, LLP

**Lands End, Inc. Retirement Plan**

**Notes to Financial Statements**

**Note 1. Description of Plan**

The following description of the Lands End, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all employees of Lands End, Inc. (the Company) who are at least 19 years of age (for regular part-time and salaried employees) or are at least 19 years of age and have completed 1000 hours of eligible service for the first year of hire, first year of re-hire, or in any plan year (for flexible part-time, seasonal and temporary employees). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Pension Protection Act of 2006. In June 2002, the Company became a wholly owned subsidiary of Sears, Roebuck, and Co. (Sears). In March 2005, Kmart Holding Corporation through its wholly owned subsidiary, Sears Holdings Corporation (Holdings), acquired, by merger, all of the outstanding stock of Sears; thus, the Company became an indirect, wholly owned subsidiary of Holdings.

**Contributions:** Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers an automatic enrollment feature. Participants may affirmatively elect whether or not to make elective contributions. Active participants who do not revoke their elective contributions shall contribute a minimum of three percent of compensation. Unless otherwise revoked, effective April 1 of each plan year, a participant's elective contributions will increase one percent until a minimum of six percent is reached. The Company contributes up to 50 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan. Additional profit sharing contributions may be contributed at the discretion of the Holdings Board of Directors and are allocated to each participant's account based on their eligible compensation level (subject to certain Internal Revenue Service (IRS) limits) in relation to all participants' compensation. These contributions are participant directed based on the investment options selected by the participant. There were no profit sharing contributions for the year ended December 31, 2009. Contributions are subject to certain limitations.

**Participant Accounts:** Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant's earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are vested immediately in their contributions, employer contributions, and actual earnings thereon.

**Investment Options:** Upon enrollment in the Plan, participants may direct the investment of their account balances into a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options daily.

**Participant Loans:** Participants have two loan options available through the Plan. The first is a hardship loan that follows federal guidelines for traditional 401(k) loan reasons where one may borrow from their fund account, a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. The second loan option is a general purpose loan where one may borrow against their 401(k) contributions for any reason. Subject to the above limitations, the minimum is \$1,000 up to a maximum of \$5,000 or the amount one has contributed to the Plan, whichever is less. The aggregate principal amount of all loans may not exceed the lesser of \$50,000 or 50% of the participant's total vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25 percent to 10.50 percent, which are commensurate with the local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. Loans for other reasons than the purchase of a primary residence must be repaid within 5 years.

## **Table of Contents**

### **Lands End, Inc. Retirement Plan**

### **Notes to Financial Statements**

#### **Note 1. Description of Plan (Continued)**

**Payment of Benefits:** On termination of service, due to death, disability, retirement or termination, a participant may receive a lump sum distribution equal to the value of the participant's vested interest in their account or roll it over into another qualified retirement plan. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan agreement.

#### **Note 2. Summary of Significant Accounting Policies**

**Basis of Accounting:** The financial statements of the Plan are prepared under the accrual method of accounting.

**Use of Estimates:** The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Valuation of Investments and Income Recognition:** The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**Fully Benefit-Responsive Investment Contracts:** In accordance with GAAP, fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through common/collective trust funds. As required by the Standards, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the common/collective trust funds as well as the adjustment of the investment in the common/collective trust funds from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Recent Accounting Pronouncements:** In July 2006, the Financial Accounting Standards Board ( FASB ) issued an interpretation regarding Accounting for Uncertainty in Income Taxes. This guidance clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements. Under this interpretation, the Plan must evaluate income tax uncertainties, assess the probability of the ultimate settlement with the applicable taxing authority and record an amount based on that assessment. The Plan adopted this interpretation effective January 1, 2009. Prior to adoption of this interpretation, the Plan evaluated its uncertain tax positions and related income tax contingencies under the Accounting for Contingencies guidance. The Accounting for Contingencies guidance required the Plan to accrue for losses it believed were probable and could be reasonably estimated. No such losses were accrued in the Statement of Net Assets Available for Benefits at December 31, 2008. Adoption of this interpretation did not impact on the Plan's net assets at December 31, 2009 and 2008, or changes in net assets available for benefits for the year ended December 31, 2009. Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

In June 2009, the Financial Accounting Standards Board, or FASB, issued the FASB Accounting Standards Codification ( Codification ). Beginning in the third quarter of 2009, the Codification became the single source for all authoritative generally accepted accounting principles, or GAAP, recognized by the FASB and is required to be applied to financial statements issued for annual periods ending after September 15, 2009. SEC rules and interpretive releases also continue to be sources of authoritative GAAP for SEC registrants. The Codification does not

change GAAP and did not impact the financial statements of the Plan.

**Table of Contents****Lands End, Inc. Retirement Plan****Notes to Financial Statements****Note 2. Summary of Significant Accounting Policies (Continued)**

In January 2010, the FASB issued Accounting Standards Update No. 2010-06, Improving Disclosures about Fair Value Measurements. The update clarifies existing disclosure and requires additional disclosures regarding fair value measurements. Effective for reporting periods beginning after December 15, 2009, entities will be required to disclose significant transfers into and out of Level 1 and 2 measurements in the fair value hierarchy and the reasons for those transfers. Effective for reporting periods beginning after December 15, 2010, entities will need to provide separate disclosures about purchases, sales, issuances, and settlements relating to Level 3 investment measurements. As this update only relates to financial statement disclosures, we do not expect it will have an impact on the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: All administrative expenses for the Plan are paid by the Company, except certain equity fund expenses that are netted against participants' investment yield.

**Note 3. Investments**

The following table presents investments that represent 5 percent or more of the Plan's net assets:

	December 31	
	2009	2008
Investment at fair value as determined by fund sponsor:		
Common/collective trust funds:		
RiverSource Trust Core Balance Fund II	\$ 24,050,083	\$ 20,844,533
Investment at fair value as determined by quoted market price:		
Registered investment companies:		
Dodge & Cox Stock Fund	16,628,245	12,763,413
Vanguard Institutional Index Fund	13,030,168	10,733,846
American Europacific Growth Fund	16,948,955	12,066,728
T. Rowe Price Growth Stock Fund	46,408,734	33,766,872
Investment at contract value as determined by fund sponsor:		
Common and collective trust funds:		
RiverSource Trust Income Fund II	\$ 43,104,823	\$ 43,822,118

**Note 4. Fair Value Measurements**

The Plan follows the required provisions under GAAP that define fair value, establish a framework for measuring fair value in the application of GAAP, and expand disclosure about fair value measurements. The provisions provide that fair value is a market based measurement and not an entity specific measurement, based on an exchange transaction in which the entity sells an asset or transfers a liability (exit price). The provisions establish a fair value hierarchy that contains three levels for inputs used in fair value measurements. The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

## Edgar Filing: SEARS HOLDINGS CORP - Form 11-K

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

**Table of Contents****Lands End, Inc. Retirement Plan****Notes to Financial Statements****Note 4. Fair Value Measurements (Continued)**

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. A financial instrument's level within the fair value hierarchy is not representative of its expected performance or its overall risk profile, and therefore Level 3 assets are not necessarily higher risk than Level 2 assets or Level 1 assets. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

*Common Stocks:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Registered Investment Companies (Mutual funds):* Valued at the net asset value (NAV) of shares held by the Plan at year end as determined by quoted market price.

*Common/Collective Trust Funds:* Valued based on information reported by the investment advisor using the financial statements of the common/collective trust fund at year end.

*Participant Loans:* Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2009.

	Investment Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Sears Holdings Corporation Common Stock	\$ 454,886			\$ 454,886
Registered Investment Companies				
Small Cap	16,839,536			16,839,536
Mid Cap	2,720,258			2,720,258
Large Cap	78,615,622			78,615,622
International	16,948,955			16,948,955
Bond	7,644,952			7,644,952
Common/Collective Trust Funds		84,904,136		84,904,136
Loans to Participants			2,612,644	2,612,644
Total Assets at Fair Value	\$ 123,224,209	\$ 84,904,136	\$ 2,612,644	\$ 210,740,989

**Table of Contents****Lands End, Inc. Retirement Plan****Notes to Financial Statements****Note 4. Fair Value Measurements (Continued)**

For December 31, 2009, for Level 2 and 3 investments in certain entities that calculate the net asset value per share as the investment's fair value measurement, the following table provides an overview, by major category, of the nature and risks associated with such investments as well as whether it's probable those investments will be sold at amounts different from their reported net asset value per share based on redemption restrictions, if any.

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Manning & Napier Retirement Target Investment Trust Funds(a)	\$ 18,712,972	\$	N/A	See footnote
Manning & Napier Retirement Target Income Fund I (b)	390,720		N/A	See footnote
RiverSource Trust Core Balance Fund II (c)	24,050,083		N/A	See footnote
RiverSource Trust Income Fund II (d)	41,738,108		N/A	See footnote
RiverSource Trust Collective Inv Fund Money Market Fund II (e)	12, 253		N/A	See footnote
Total	\$ 84,904,136	\$		

- (a) This category includes investments in funds seeking capital growth with a mix of stocks, bonds and cash. The funds have medium to high risk level and are for investors. The fair values of the investments in this category have been estimated using the net asset value per share of the investments. The redemption notice period is up to 12 months.
- (b) This category includes investments in funds seeking protection of capital while generating income by investing in a modest mix of stocks, bonds and cash. The underlying fund maintains a minor stock position to add potential growth when equity market risk is low; however, this approach clearly favors stability over growth. The fund has medium to high risk level and may be for investors who plan to retire in the near future or are already retired. The fair value of the investments in this category has been estimated using the net asset value per share of the investments. The redemption notice period is up to 12 months.
- (c) This category includes investments in funds seeking capital appreciation and income consistent with capital preservation. The fund invests in a portfolio of equity and fixed income securities through the investment in the RiverSource Trust Equity Index Base fund (60%) and RiverSource Trust Bond Fund (40%). The fund will be rebalanced monthly. The fair value of the investments in this category has been estimated using the net asset value per share of the investments. There are no restrictions within the fund related to frequency or notice periods for redemptions out of the fund.
- (d) This category includes investments in funds seeking to preserve principal and income while maximizing current income. The fund invests in a diversified pool of high quality bonds together with a book value contracts and traditional insurance contracts, of varying maturity, size and yield. The fund also invests in short-term investments and the RiverSource Trust Stable Capital Fund I which invests primarily in U.S. government-backed bonds together with book value contracts. The fair value of the investments in this category has been estimated using the net asset value per share of the investments. There are no restrictions within the fund related to frequency or notice periods for redemptions out of the fund, however; the fund may take up to twelve (12) months to fulfill a 100% payout.
- (e)

## Edgar Filing: SEARS HOLDINGS CORP - Form 11-K

This category invests exclusively in RiverSource Trust Money Market Fund I which invests in commercial paper, certificates of deposit, and fixed timed deposits. At least 20% of the portfolio is invested in obligations that mature on the following business day and 80% in payable on demand securities or a maturity date of 91 days or less.

**Table of Contents****Lands End, Inc. Retirement Plan****Notes to Financial Statements****Note 4. Fair Value Measurements (Continued)**

The following table sets forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2008.

	Investment Assets at Fair Value as of December 31, 2008			Total
	Level 1	Level 2	Level 3	
Sears Holdings Corporation Common Stock	\$ 197,459			\$ 197,459
Registered Investment Companies	87,066,037			87,066,037
Common/Collective Trust Funds		71,489,342		71,489,342
Loans to Participants			2,673,575	2,673,575
<b>Total Assets at Fair Value</b>	<b>\$ 87,263,496</b>	<b>\$ 71,489,342</b>	<b>\$ 2,673,575</b>	<b>\$ 161,426,413</b>

The following table sets forth a summary of change in the fair value of Level 3 investment assets for the plan year ended December 31, 2009.

	December 31, 2009
Balance, Beginning of Year	\$ 2,673,575
New Loans	1,242,259
Payment of Principal	(1,137,930)
Loans Paid off by Distributions	(164,832)
Loan Forbearance	(428)
<b>Balance, End of Year</b>	<b>\$ 2,612,644</b>

Total Plan investment assets at fair value classified within Level 3 were \$2,612,644, which consisted wholly of loans to participants. This represented 1.6% of the total Plan investments at fair value as of December 31, 2009.

**Table of Contents**

**Lands End, Inc. Retirement Plan**

**Notes to Financial Statements**

**Note 5. Related-Party Transactions**

Effective January 1, 2009, Wells Fargo Corporation purchased Wachovia Bank, N.A. (the Bank). The Bank continues as trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Company believes there was no impact to services provided or investment options as a result of the purchase.

The Plan maintains certain investments in shares of registered investment companies and common/collective trust funds which are managed by affiliates of Wells Fargo Corporation. Also, the Plan invests in Sears Holdings Corporation Common Stock.

The Plan held 5,451 shares of Sears Holdings Corp. (Sears) common stock with a fair value of \$454,886 at December 31, 2009. The Plan held 5,080 shares of Sears common stock with a fair value of \$197,459 at December 31, 2008. Sears Holdings Corp. has not paid dividends on its common stock since inception.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, the Company pays certain outside administrative expenses of the Plan.

**Note 6. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

**Note 7. Tax Status**

Effective January 1, 2009, the Plan was amended and restated to incorporate amendments since the last amendment and restatement of the Plan in February, 1992. As part of the restatement, the Plan adopted various tax code changes as a result of the passing of the Pension Protection Act of 2006. The incorporation of the amendments and the provisions of the Pension Protection Act of 2006 did not result in any significant changes to the Plan as restated.

The Plan obtained its latest determination letter on April 24, 2010 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

**Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
