English Translation of Excerpts from Quarterly Securities Report Filed in Japan

This document is an English translation of selected information included in the Quarterly Securities Report filed by Mitsubishi UFJ Financial Group, Inc. (MUFG) with the Kanto Local Financial Bureau, the Ministry of Finance of Japan, on November 29, 2010 (Quarterly Securities Report).

The Quarterly Securities Report is prepared and filed in Japan in accordance with applicable Japanese disclosure requirements. In addition, the Quarterly Securities Report is intended to update prior disclosures made by MUFG and discusses selected recent developments in the context of those prior disclosures. Accordingly, the Quarterly Securities Report may not contain all of the information that is important to you. For a more complete discussion of the background to the Quarterly Securities Report disclosure, please see our annual report on Form 20-F for the fiscal year ended March 31, 2010 and the other reports filed or submitted by MUFG to the SEC.

The business segment information set forth below is an excerpt from the Quarterly Securities Report and has been prepared in accordance with applicable Japanese disclosure requirements, which are different from the basis of segment reporting under U.S. disclosure rules. For MUFG's segment information prepared in accordance with U.S. disclosure rules, see MUFG's annual report on Form 20-F and semi-annual U.S. GAAP financial review on Form 6-K.

Risks relating to our business

We have described below the major developments and changes that we believe may have a material impact on your investment decision with respect to the risks to our business and other risks disclosed in our most recent annual and quarterly securities reports filed in Japan. The discussion below contains forward-looking statements, which unless specifically described otherwise, reflect our understanding as of the date of filing of the Quarterly Securities Report.

The numbering of the risk factor subheading below corresponds to the numbering of the same risk factor subheading in Item I.2.4. Information on the Company Business Risks relating to Our Business in our most recent annual securities report.

12. Risks relating to our consumer lending business

We have subsidiaries and affiliates in the consumer finance industry as well as loans outstanding to consumer finance companies. The results of recent court cases, including the strict interpretation of the requirements for deemed payment or *minashi bensai*, under the Law Concerning Lending Business, have made a borrowers' claim for reimbursement of previously collected interest payments in excess of the limits stipulated by the Interest Rate Restriction Law even easier, and as a result, there has been a significant increase in these claims. In addition, beginning in December 2007, amendments to the Law Concerning Lending Business gradually came into effect, and in June 2010, amendments abolishing the deemed payment system and limiting the total amount that individuals can borrow, among others, became effective. At the same time, the amendment to the Law Concerning Acceptance of Investment, Cash, Deposit and Interest Rate, etc. became effective, reducing the maximum permissible interest rate under a loan agreement from 29.2% per annum to 20% per annum. The business environment for the consumer finance industry is increasingly severe, resulting in a large number of consumer finance companies, including major lenders, failing. If our subsidiaries and affiliates in the consumer finance industry are adversely affected by various factors including those described above, our financial condition and results of operations may be adversely affected. In addition, if our borrowers in the consumer finance industry are adversely affected by the factors described above, our loans to the consumer finance companies may be impaired.

18. Risks relating to transactions with counterparties in countries designated as state sponsors of terrorism

The U.S. government has recently enacted new legislation designed to limit economic and financial transactions with Iran. This or any similar legislative developments initiated by the U.S. government may further restrict our business operations. Furthermore, since September 2010, the Japanese government has implemented a series of measures under the Foreign Exchange and Foreign Trade Law, such as freezing the assets of designated financial institutions and others that could contribute to Iran's nuclear activities. We have modified our policies and procedures in accordance with the new Japanese regulatory requirements. There remains a risk of potential U.S. regulatory action against us, however, if U.S. regulators perceive the modifications not to be in compliance with applicable regulations.

Business Segment Information

Interim Financial Reporting Period (from April 1, 2010 to September 30, 2010)

1. Summary of Reporting Segment

MUFG's reporting segments are business units of MUFG for which separate financial information is available and which its Board of Directors regularly reviews to make decisions regarding allocation of management resources and evaluate its performance.

MUFG engages in a wide range of sophisticated financial businesses through its group companies that include commercial banks, trust banks, securities companies, credit card companies and consumer finance companies. MUFG's operations under an integrated business group system comprising three core business areas—Retail, Corporate and Trust Assets—designed to enhance its operations as an integrated group. Managing its group companies under this system, MUFG provides value-added financial products and services to our customers in a timely manner.

MUFG's group companies are managed using a matrix framework consisting of several business segments identified based on the integrated business group system as well as through individual group companies. To assist appropriate assessment of MUFG's future cash flow forecasts, MUFG has identified as its reporting segments the following core entities (on a consolidated basis), each operating in a different industry and regulatory environment:

The Bank of Tokyo-Mitsubishi UFJ, Ltd. (BTMU) Banking

Mitsubishi UFJ Trust and Banking Corporation (MUTB) Banking and trust banking

Mitsubishi UFJ Securities Holdings Co., Ltd. (MUSHD) Securities

Consumer Finance Subsidiaries (CFS) Credit card and consumer finance (*)

(*) Consumer finance subsidiaries include Mitsubishi UFJ NICOS Co., Ltd. and ACOM CO., LTD.
