PROXY STATEMENT

The Board of Directors of eHealth, Inc., a Delaware corporation (we, us, our or the Company), is soliciting proxies in the accompanying form to be used at our Annual Meeting of Stockholders to be held at the Garden Court Hotel, located at 520 Cowper Street, Palo Alto, California 94301, on Tuesday, June 14, 2011 at 8:30 a.m. Pacific Daylight Time and for any postponement, adjournment or continuation thereof (the Annual Meeting).

This Proxy Statement and the accompanying notice and form of proxy are first being made available to stockholders on or about May 3, 2011.

QUESTIONS AND ANSWERS ABOUT

THE PROXY MATERIALS AND THE ANNUAL MEETING

What proposals will be voted on at the Annual Meeting?

Four proposals will be voted on at the Annual Meeting:

The election of two (2) Class II directors, Lawrence M. Higby and Randall S. Livingston, to serve for terms of three years and until their respective successors are duly elected and qualified, subject to earlier resignation or removal; and

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2011; and

A non-binding, advisory vote with respect to the compensation of our Named Executive Officers; and

A non-binding, advisory vote regarding the frequency of the voting with respect to the compensation of our Named Executive Officers.

What are the recommendations of the board of directors?

Our board of directors unanimously recommends that you vote:

Edgar Filing: eHealth, Inc. - Form DEF 14A

FOR election of the nominated Class II directors (Proposal 1);

FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2011 (Proposal 2);

FOR the proposal regarding an advisory vote on executive compensation (Proposal 3); and

EVERY THREE YEARS for the proposal regarding an advisory vote on the frequency of the voting on executive compensation (Proposal 4).

Will there be any other items of business on the agenda?

We do not expect any other items of business, because the deadline for stockholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote that proxy in accordance with their best judgment. If for any reason any of the nominees are not available as candidates for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

What constitutes a quorum?

As of the close of business on April 22, 2011 (the Record Date), there were 21,383,269 shares of our common stock outstanding. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the voting power of the common stock outstanding on the Record Date will constitute a quorum. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

Who is entitled to vote?

Stockholders holding shares of our common stock at the close of business on the Record Date may vote at the Annual Meeting. You may vote all shares owned by you as of the Record Date, including (i) shares held directly in your name as the stockholder of record and (ii) shares held for you as the beneficial owner in street name through a broker, bank or other nominee. Each holder of our common stock is entitled to one vote for each share of common stock held as of the Record Date.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name. Your broker, bank or nominee is considered with respect to those shares the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares. Other than routine matters, your broker will not be able to vote your shares unless your broker receives specific voting instructions from you. You must give your broker voting instructions in order for your vote to be counted on the proposal to elect directors (Proposal 1), the proposal regarding an advisory vote on executive compensation (Proposal 3) and the proposal regarding an advisory vote on the frequency of the voting on executive compensation (Proposal 4). We strongly encourage you to vote.

How do I vote?

You may vote using any of the following methods:

By Internet. Stockholders of record of our common stock as of the Record Date with Internet access may submit proxies by following the Internet voting instructions on the Important Notice Regarding the Availability of Proxy Materials (the Notice of Availability) or, in the case of stockholders of record who have requested to receive printed proxy materials, by accessing the website specified on the proxy cards provided by Computershare Trust Company, N.A., our transfer agent. Stockholders who hold shares beneficially in street name may provide voting instructions by accessing the website specified on the Notice of Availability or, in the case of beneficial holders of shares in street name who have requested to receive printed proxy materials, by accessing the website specified on the voting instruction forms provided by their brokers, banks or nominees. Please check the voting instruction form for Internet voting availability. Please be aware that if you submit voting instructions over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible.

By Telephone. Stockholders of record of our common stock as of the Record Date who live in the United States or Canada may submit proxies by following the telephone voting instructions on their Notice of Availability or, in the case of stockholders of record who have requested to receive printed proxy materials, by following the telephone voting instructions specified on the proxy cards. Stockholders who hold shares beneficially in street name, live in the United States or Canada and have requested to receive printed proxy materials may provide voting instructions by telephone by calling the number specified on the voting instruction forms provided by their brokers, banks or nominees. Please check the voting instruction form for telephone voting availability.

By Mail. Stockholders of record of our common stock as of the Record Date who have requested paper copies of their proxy materials may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. If you return your signed proxy but do not indicate your voting preferences, your shares will be voted on your behalf FOR the election of the nominated Class II directors, FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2011, FOR the proposal regarding an advisory vote on executive compensation, and EVERY THREE YEARS for the proposal regarding an advisory vote on the frequency of the advisory vote on executive compensation. Stockholders who hold shares beneficially in street name and have requested to receive printed proxy materials may provide voting instructions by mail by completing, signing and dating the voting instruction forms provided by their brokers, banks or other nominees and mailing them in the accompanying pre-addressed envelopes.

In person at the Annual Meeting. Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, bank or nominee that holds your shares giving you the right to vote the shares. ***Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions by mail, telephone, or Internet so that your vote will be counted if you later decide not to attend the Annual Meeting.***

Can I change my vote or revoke my proxy?

If you are a stockholder of record, you may revoke your proxy at any time prior to the vote at the Annual Meeting. If you submitted your proxy by mail, you must file with our Secretary a written notice of revocation or deliver, prior to the vote at the Annual Meeting, a valid, later-dated proxy. If you submitted your proxy by telephone or the Internet, you may revoke your proxy with a later telephone or Internet proxy, as the case may be. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting. If you are a beneficial owner, you may vote by submitting new voting instructions to your broker, bank or nominee, or, if you have obtained a legal proxy from your broker, bank or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

How are votes counted?

In the election of the Class II directors, you may vote FOR the nominees or your vote may be WITHHELD with respect to one or more of the nominees. With respect to the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2011 and the advisory vote on executive compensation, you may vote FOR, vote AGAINST or ABSTAIN. With respect to the advisory vote on the frequency of the voting on executive compensation, you may vote EVERY YEAR, EVERY TWO YEARS, EVERY THREE YEARS or ABSTAIN. If you ABSTAIN, the abstention has no effect on the voting results, although abstentions are considered votes cast for the purpose of determining the presence of a quorum. If you provide specific instructions, your shares will be voted as you instruct.

If you sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the board of directors (FOR the Class II nominees to the board of directors, FOR ratification of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2011, FOR the proposal regarding an advisory vote on executive compensation and EVERY THREE YEARS for the proposal regarding an advisory vote on the frequency of the voting on executive compensation, and in the discretion of the proxy holders on any other matters that properly come before the Annual Meeting). If you are a beneficial holder and do not return a voting instruction form, your broker, bank or nominee may only vote on the ratification of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2011.

What vote is required to approve each item?

In the election of directors, the two persons receiving the highest number of FOR votes cast at the Annual Meeting in person or by proxy will be elected. The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2010 and the advisory vote on executive compensation require the affirmative FOR vote of a majority of the votes cast affirmatively or negatively at the Annual Meeting in person or by proxy.

With respect to the advisory vote regarding the frequency of the voting on executive compensation, because this vote is advisory and non-binding, if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by our stockholders. Even though this vote will neither be binding on us or our board of directors nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, us or our board of directors, our board of directors will take into account the outcome of this vote in making a determination on the frequency at which advisory votes on executive compensation will be included in our proxy statement.

If you hold your shares beneficially in street name and do not provide your broker, bank or nominee with voting instructions, your shares may constitute broker non-votes.

What are broker non-votes and what effect do they have on the proposals?

Generally, broker non-votes occur when a broker (1) has not received voting instructions from the beneficial owner with respect to a particular proposal and (2) lacks discretionary voting power to vote those shares with respect to that particular proposal. In tabulating the voting results for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, other than being counted for the purpose of determining a quorum, broker non-votes will not affect the outcome of any matter being voted on at the Annual Meeting, assuming that a quorum is obtained.

A broker is entitled to vote shares held for a beneficial owner on routine matters, such as the ratification of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2011 (Proposal 2), without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on certain non-routine matters, such as the uncontested election of our directors (Proposal 1), the advisory vote on executive compensation (Proposal 3) and the advisory vote regarding the frequency of the voting on executive compensation (Proposal 4).

Broker non-votes are counted for purposes of determining whether or not a quorum exists for the transaction of business at the Annual Meeting, but will not be counted for purposes of determining the number of shares represented and voted with respect to an individual proposal, and therefore will have no effect on the outcome of the vote on an individual proposal. Thus, if you do not give your broker specific voting instructions, your shares may not be voted on these non-routine matters and will not be counted in determining the number of shares necessary for approval.

Is cumulative voting permitted for the election of directors?

No. Neither our charter nor our bylaws permit cumulative voting at any election of directors.

I am a stockholder, and I only received a copy of the Important Notice Regarding Availability of Proxy Materials in the mail. How may I obtain a full set of the proxy materials?

In accordance with the notice and access rules of the Securities and Exchange Commission, we may furnish proxy materials, including this Proxy Statement and our 2010 Annual Report, to our stockholders of record and beneficial owners of shares by providing access to such documents on the Internet instead of mailing printed copies. Stockholders will not receive printed copies of the proxy materials unless they request them.

Instead, the Notice of Availability, which was mailed to our stockholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. If you would like to receive a paper or electronic copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice of Availability.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called householding, which the Securities and Exchange Commission has approved. Under this procedure, we deliver a single copy of the Notice of Availability and, if applicable, the proxy materials and the 2010 Annual Report to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, we will deliver promptly a separate copy of the Notice of Availability and, if applicable, the proxy materials and the 2010 Annual Report to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the Notice of Availability and, if applicable, these proxy materials or the 2010 Annual Report, stockholders may contact us at the following address and telephone number:

Investor Relations

eHealth, Inc.

440 East Middlefield Road

Mountain View, CA 94043

(650) 584-2700

Stockholders who hold shares in street name (as described above) may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

How are proxies solicited?

The costs and expenses of soliciting the proxy accompanying this Proxy Statement from stockholders will be borne by us. Our employees, officers and directors may solicit proxies in person, by telephone or by electronic communication. None of these individuals will receive any additional or special compensation for doing this, but they may be reimbursed for reasonable out-of-pocket expenses. We may also engage the services of a proxy solicitor to assist us in the distribution of proxy materials and the solicitation of votes, for which we will pay customary fees plus reasonable out-of-pocket expenses. In addition, we may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to the beneficial owners of common stock.

Who will serve as inspector of elections?

Our officers are authorized to designate an inspector of elections for the meeting. It is anticipated that the inspector of elections will be a representative from Computershare Trust Company, N.A.

Equity Compensation

Pursuant to our 2006 Equity Incentive Plan, as amended, our board of directors approved a program of automatic equity award grants for non-employee directors on the terms specified below:

Initial Equity Grants. Each non-employee director who first became a member of our board of directors prior to November 2008 received an initial option to purchase 25,000 shares of our common stock. Each non-employee director who first became a member of our board of directors between November 2008 and December 31, 2009 received (i) an initial option to purchase 10,000 shares of our common stock and (ii) initial restricted stock units (RSUs) covering 5,000 shares of our common stock. Effective January 1, 2010, each non-employee director who first becomes a member of our board of directors will receive (i) an initial option to purchase 15,000 shares of our common stock and (ii) initial RSUs covering 5,000 shares of our common stock. These initial equity award grants occur when the director takes office. A director who previously was employed by us is not eligible for this grant. Provided the non-employee director continues in service with us, 25% of the initial option vests one year after the date of grant, and the balance vests in equal monthly installments over the following 36 months. The RSUs vest annually over four years from the date of grant.

Annual Equity Grants. Each non-employee director also receives an annual equity grant on the date of each annual stockholders meeting. Prior to the 2009 annual stockholders meeting, each non-employee director received an annual option to purchase 6,250 shares of our common stock. All of these annual options have fully vested as of the date of this proxy statement. At the conclusion of the 2009 annual stockholders meeting, each non-employee director received (i) an option to purchase 3,250 shares of our common stock and (ii) RSUs covering 1,625 shares of our common stock. Upon the conclusion of the 2010 Annual Meeting and each regular annual meeting of our stockholders held in the years thereafter, each non-employee director will receive (i) an option to purchase 7,500 shares of our common stock and (ii) RSUs covering 3,000 shares of our common stock. Both the options and the RSUs vest as to 100% of the shares subject to the grant on the day prior to our annual stockholder meeting approximately one year following the grant date. A new director will not receive the initial grant and an annual grant in the same calendar year. A non-employee director who was previously employed by us is eligible for these annual grants.

Equity awards granted to non-employee directors under the 2006 Equity Incentive Plan will become fully vested upon a change in control of us.

The exercise price of each non-employee director's option will be equal to the fair value of our common stock on the option grant date. To the extent permitted by applicable law, a director may pay the exercise price by using cash, shares of common stock that the director already owns or an immediate sale of the option shares through a broker designated by us.

The non-employee director options have a 10-year term. However, all non-employee director options expire 12 months after the director leaves our board of directors due to death or disability or three months after the director leaves our board for any other reason.

Stock Ownership Guidelines

Our board of directors has approved of stock ownership guidelines for our non-employee directors. Pursuant to the guidelines, each non-employee director on June 30, 2010 is expected to accumulate and hold a number of shares of our common stock equal to the lesser of (i) \$90,000 in value or (ii) 7,916 shares and to maintain this minimum amount of stock ownership during the director's tenure on the board of directors. Existing non-employee directors are expected to achieve the applicable level of ownership by June 30, 2013.

Under the guidelines, each non-employee director who joins the board after June 30, 2010 is expected to accumulate and hold a number of shares of our common stock equal to the lesser of (i) value equal to three times their annual retainer for service on the board of directors (not including retainers for serving as members or as chairs of committees of the board of directors), or (ii) the number of shares determined by dividing the dollar

amount determined in clause (i) by the closing sales price of our common stock on the date upon which they join the board of directors. Non-employee directors are expected to maintain this minimum amount of stock ownership during the director's tenure on the board of directors. New non-employee directors are expected to achieve the applicable level of ownership by the June 30 following their third anniversary of joining the board of directors.

In the event the applicable guideline is not achieved with respect to any non-employee director by the applicable deadline, the non-employee director will be required to retain an amount equal to 75% of the net shares received as a result of the exercise of the company's stock options or stock appreciation rights or the vesting of restricted stock units or other full-value awards until the applicable guideline has been achieved. Under certain limited circumstances, the guidelines may be waived by our compensation committee at its discretion.

Corporate Governance Matters

Code of Business Conduct

Our board of directors has adopted a Code of Business Conduct, which is applicable to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions. The Code of Business Conduct is available in the Investor Relations section of our corporate website [at www.ehealth.com](http://www.ehealth.com).

Corporate Governance Guidelines

Our board of directors has adopted Guidelines on Significant Corporate Governance Issues, or corporate governance guidelines, that address the role and composition of, and policies applicable to, the board of directors. The nominating and corporate governance committee periodically reviews the guidelines and reports any recommendations regarding amendment thereof to our board of directors. Our corporate governance guidelines were amended in March 2010 and are available in the Investor Relations section of our corporate website [at www.ehealth.com](http://www.ehealth.com).

Equity Award Policy

Our board of directors adopted an Equity Award Policy in November 2006, which was amended and restated in May 2009. The policy provides:

Our compensation committee may grant equity awards to our directors, officers, employees or consultants.

Our equity incentive committee may grant equity awards to our employees or consultants, subject to the limitations that (i) the recipient has not already received an equity award from us, (ii) the recipient is not an officer or director, and (iii) the equity incentive committee may not grant options to purchase shares of our common stock or stock appreciation rights for more than 50,000 shares per grantee, and may not grant restricted stock or restricted stock units for more than 20,000 shares per grantee, unless the compensation committee approves a revised limit.

For accounting, tax and securities law purposes, all awards are effective on the date of grant, which is the earliest day that is both (i) the third Tuesday of a month and (ii) at least the 10th business day after the date when the applicable committee approved the awards.

The exercise price of all options and stock appreciation rights is required to be equal to or greater than the closing price of our common stock on the date of grant.

Consideration of Director Nominees

Stockholder Recommendations and Nominations. The policy of our board of directors is to consider recommendations for director candidates from stockholders holding not less than one percent (1%) of the outstanding shares of our common stock continuously for at least twelve months prior to the date of submission of the recommendation. Our board of directors has established the following procedures by which these stockholders may submit recommendations regarding director candidates:

To recommend a candidate for election to the board of directors, a stockholder meeting the criteria set forth above must notify the nominating and corporate governance committee by writing to our general counsel at the following address:
General Counsel (Director Recommendation)

eHealth, Inc.

440 East Middlefield Road

Mountain View, California 94043

The stockholder's notice is required to set forth the following information:

the candidate's name and home and business contact information;

detailed biographical data and relevant qualifications of the candidate;

a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for board membership set forth below;

information regarding any relationship between the candidate and us;

the candidate's written consent to be named in our proxy statement and proxy if selected and to serve on our board of directors if elected;

evidence of the required ownership of common stock by the recommending stockholder; and

other information that the stockholder believes is relevant in considering the candidate.

A stockholder that instead desires to nominate a person directly for election to the board of directors at an annual meeting of stockholders must meet the deadlines and other requirements set forth in our bylaws.

Director Qualifications. Our board of directors believes that it is necessary for each of our directors to possess many qualities, skills and attributes. The nominating and corporate governance committee is responsible for reviewing with the board of directors from time to time the appropriate qualities, skills and attributes required of members of our board of directors in the context of the current make-up of our board of directors. According to our corporate governance guidelines, the nominating and corporate governance committee will consider the following in connection with its evaluation of director candidates:

Edgar Filing: eHealth, Inc. - Form DEF 14A

the current size and composition of the board of directors and the needs of the board of directors and its committees;

such factors as character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest and other commitments; and

other factors as the nominating and corporate governance committee may consider appropriate.

The minimum qualifications and skills that each director should possess include (i) strong professional and personal ethics and values, (ii) broad experience at the policy-making level in business, government, education, technology or public interest and (iii) the ability to assist and make significant contributions to our success. As provided above, our corporate governance guidelines specify one of the considered factors as diversity of experience. Beyond this statement, our nominating and corporate governance committee does not have a formal policy with respect to diversity. The board of directors and nominating and corporate governance committee,

however, believe that it is important that our directors represent diverse viewpoints. In addition to diversity of experience, the nominating and corporate governance committee seeks director candidates with a broad diversity of professions, skills and backgrounds.

The nominating and corporate governance committee evaluates the foregoing factors, among others, and does not assign any particular weight or priority to any of these factors.

Identification and Evaluation of Nominees for Directors. The nominating and corporate governance committee is responsible for identifying and recommending candidates for election to our board of directors and candidates for filling vacancies on our board of directors that may occur between annual meetings of our stockholders. The nominating and corporate governance committee may consider bona fide candidates from all relevant sources, including current board members, professional search firms and other persons. The nominating and corporate governance committee will also consider bona fide director candidates recommended by stockholders pursuant to the requirements set forth above. The nominating and corporate governance committee is responsible for evaluating director candidates in light of the board of directors membership criteria described above, based on all relevant information and materials available to the nominating and corporate governance committee. This includes information and materials provided by stockholders recommending director candidates, professional search firms and other parties.

Stockholder Communication with Directors

The board of directors believes that stockholders should have an opportunity to communicate with the board of directors. Any communication from a stockholder to the board of directors generally or to a particular director should be in writing and should be delivered to our general counsel at our principal executive offices. Each such communication should set forth (i) the name and address of the stockholder, as they appear on our books, and if the stock is held by a nominee, the name and address of the beneficial owner of the stock, and (ii) the class and number of shares of our stock that are owned of record by the record holder and beneficially by such beneficial owner. Our general counsel will monitor these communications. The general counsel will, in consultation with appropriate directors as necessary, generally screen out communications from stockholders that (i) are solicitations for products and services, (ii) matters of a personal nature not relevant for stockholders or (iii) matters that are of a type that render them improper or irrelevant to the functioning of the board of directors and us. Summaries of appropriate communications will be provided to the board of directors at each regularly scheduled meeting of the board of directors. The board of directors generally meets on a quarterly basis. Where the nature of a communication warrants, the general counsel may determine, in his or her judgment, to obtain the more immediate attention of the appropriate committee of the board of directors or an individual director and may consult our independent advisors or management regarding the communication. The general counsel may decide in the exercise of his or her judgment whether a response to any stockholder communication is necessary.

The procedures described above do not apply to communications to non-management directors from our officers or directors who are stockholders or interested parties, or to stockholder proposals submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act).

Attendance at Annual Meeting of Stockholders

The board of directors encourages directors to attend our annual meetings of stockholders. Four of our directors attended the annual meeting of stockholders held June 15, 2010.

Compensation Committee Interlocks and Insider Participation

The directors who were members of our compensation committee during 2010 were Scott N. Flanders and Lawrence M. Higby. None of the current or past members of our compensation committee has at any time been an officer or employee of ours. None of our executive officers serves, or in the past fiscal year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Board Leadership Structure

The board of directors currently believes that our company is best served by combining the roles of chairman of the board and chief executive officer, coupled with a lead independent director. Gary Lauer, our chief executive officer, is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Independent directors and management have different perspectives and roles in the development of our strategy. Our independent directors bring experience, oversight and expertise from outside the company, while our chief executive officer brings company-specific experience and expertise. Our board of directors believes that the combined role of chairman and chief executive officer is the best leadership structure for us at the current time as it promotes the efficient and effective development and execution of our strategy and facilitates information flow between management and our board of directors. The board of directors recognizes, however, that no single leadership model is right for all companies at all times. Our corporate governance guidelines provide that the board of directors should be free to choose a chairperson of the board in any way that it deems best for the company at a given point in time. Accordingly, the board of directors periodically reviews its leadership structure.

Lead Independent Director

In March 2009, our board of directors appointed Steven M. Cakebread as lead independent director. As the lead independent director, Mr. Cakebread is responsible for coordinating the activities of the independent directors. The lead independent director has the following specific responsibilities:

Call special meetings of the independent directors and chair all meetings of independent directors;

serve as chairperson of the board of directors when the chairperson is not present;

serve as a liaison between the non-employee directors and the chairman of the board of directors on sensitive issues;

work with the chairperson of the board of directors to develop a schedule of meetings for the board and provide input with respect to meeting agendas for the board of directors and its committees;

advise the chairperson of the board of directors with respect to the quality, quantity and timeliness of the flow of information from company management;

recommend to the chairperson of the board of directors the retention of advisors and consultants who report directly to the board;

coordinate and develop the agenda for and moderate executive sessions of the independent directors;

initiate a performance review of the independent directors in conjunction with the nominating and corporate governance committee; and

assist the nominating and corporate governance committee and our management in assuring compliance with and implementation of the corporate governance guidelines.

Risk Oversight

The board of directors takes an active role, as a whole and at the committee level, in overseeing management of the company's risks. Our management keeps the board of directors apprised of significant risks facing the company and the approach being taken to understand, manage and mitigate such risks. Specifically, strategic risks are overseen by the full board of directors; financial risks are overseen by the audit committee of the board of directors; risks relating to compensation plans and arrangements are overseen by the compensation committee of the

board of directors; risks associated with director independence and potential conflicts of interest are overseen by the nominating and corporate governance committee of the board of directors. Additional review or reporting on enterprise risks is conducted as needed or as requested by the full board of directors or the appropriate committee.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information, as of March 31, 2011, as to shares of common stock beneficially owned by: (i) each person who is known by us to own beneficially more than 5% of either our common stock, (ii) each of our directors and nominees, (iii) each of our executive officers named under *Executive Compensation Compensation Discussion and Analysis 2010 Summary Compensation Table* (the "Named Executive Officers") and (iv) all of our directors and executive officers as a group. The information provided in the table is based on our records, information filed with the Securities and Exchange Commission and information furnished by the respective individuals or entities, as the case may be.

Applicable percentage ownership is based on 21,382,953 shares of common stock outstanding at March 31, 2011. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of common stock subject to options held by that person that were currently exercisable or exercisable within 60 days after March 31, 2011, and shares of common stock issuable upon the vesting of restricted stock units within 60 days after March 31, 2011. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

We have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission. Except as indicated in the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Our bylaws provide that we shall advance the expenses incurred by a director or officer in advance of the final disposition of an action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her action in that capacity, regardless of whether Delaware law would otherwise permit indemnification. In addition, our certificate of incorporation provides that our directors will not be personally liable for monetary damages to us for breaches of their fiduciary duty as directors, unless they violated their duty of loyalty to us or our stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized illegal dividends or redemptions or derived an improper personal benefit from their action as directors.

We have entered into indemnification agreements with each of our directors and executive officers. These agreements, among other things, require us to indemnify each director and executive officer to the fullest extent permitted by Delaware law, including indemnification of expenses such as attorneys' fees, judgments, fines and settlement amounts incurred by the director or executive officer in any action or proceeding, including any action or proceeding by or in right of us, arising out of the person's services as a director or executive officer.

There were no related party transactions during 2010 that did not require review, approval or ratification pursuant to our policies and procedures, or for which such policies and procedures were not followed. None of our directors were involved in any related party transactions.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

This compensation discussion and analysis describes our executive compensation program and philosophy and the material elements of compensation awarded to, earned by, or paid to our chief executive officer, chief financial officer and our three other most highly compensated executive officers (collectively referred to as our Named Executive Officers) for the year ended December 31, 2010.

Executive Compensation Summary

Pay for Performance

The focus of our executive compensation program is pay for performance. Accordingly, while we pay competitive base salaries and other benefits, the majority of our Named Executive Officers' compensation opportunity is based on variable pay. During 2010, the compensation of our Named Executive Officers primarily consisted of base salary, an annual cash incentive award, and long-term equity incentive awards. For 2010, 76% of our chief executive officer's compensation was delivered in the form of variable annual cash incentives or long-term equity incentives, and, on average, 71% of our other Named Executive Officers' compensation was delivered in the form of variable annual cash incentives or long-term equity incentives, in each case excluding the value of all other types of compensation, such as benefits.

The following charts illustrate the 2010 pay mix of our chief executive officer and the average pay mix of our other Named Executive Officers. For purposes of the charts, the annual cash incentive amounts represent bonus amounts earned in 2010 but paid in 2011. The long term equity incentive amounts consist of the grant date fair value of the stock options and restricted stock units granted in 2010, computed in accordance with FASB ASC Topic 718. The charts do not account for payments we make for health and life insurance benefits and 401(k) matching contributions that are generally available to our employees. They also do not account for certain perquisites that were discontinued at the beginning of 2010.

Corporate Governance Best Practices

Our compensation committee, assisted by its independent compensation consultant, Radford, an Aon Consulting Company, stays informed of developing executive compensation best practices and strives to implement them. In this regard, our best practices include:

Establishing share retention guidelines for executive officers in 2011 and for our non-employee directors in 2010;

In 2010, removing our chief executive officer as a participant in our 2010 Bonus Plan and establishing him as a participant in our stockholder-approved Performance Bonus Plan, payments under which are intended to qualify as fully deductible performance-based compensation under Internal Revenue Code Section 162(m);

Eliminating the housing, travel and automobile allowances and the related tax gross-ups for Mr. Lauer and Dr. Wang in 2010;

Providing no golden parachute excise tax gross-ups;

Providing no single-trigger change of control benefits;

In 2011, granting a majority of the equity awards to our Named Executive Officers in the form of restricted stock units with performance-based vesting; and

Engaging Radford, an Aon Consulting Company, to perform a risk analysis with respect to our compensation programs and policies, including for non-executive officers.

General Compensation Philosophy and Program Structure

General

We strive to balance our need to compete for executive talent with the need to maintain a reasonable and responsible cost structure for our program and to align our executive officers' interests with our stockholders' interests. In general, the objectives of our executive compensation program are to:

attract, motivate and retain talented and dedicated executive officers;

directly link compensation to measurable corporate and individual performance;

focus executive officers on achieving near and long-term corporate objectives and strategy; and

reward executives for creating stockholder value.

Executive officer compensation primarily has been composed of base salary, annual cash bonus awards and long-term equity incentive awards. We base compensation on the executive officer's responsibilities, individual performance and our performance as a company.

Role of the Compensation Committee

Edgar Filing: eHealth, Inc. - Form DEF 14A

The compensation committee of our board of directors, composed entirely of non-employee members of our board of directors, oversees, among other things, the design and administration of our executive compensation program and our equity incentive plans (including reviewing and approving equity award grants). The compensation committee reviews and approves all compensation decisions relating to our executive officers, including our Named Executive Officers, on an annual basis. The compensation committee reviews the components of executive officer compensation for consistency with our compensation philosophy and takes into account changes in compensation practices among companies it considers similar to us in various respects. See *Committees of the Board of Directors Compensation Committee* above for additional information about the compensation committee.

Role of Executive Officers

Our chief executive officer, chief financial officer and members of our human resources, finance and legal departments assist and support the compensation committee. Management does not determine executive officer compensation. However, management reviews our compensation philosophy with the compensation committee and develops compensation proposals for the compensation committee's consideration. Management may provide various materials to the compensation committee, such as analyses of existing and proposed compensation programs and executive officer and other employee equity ownership information. Our chief executive officer and vice president of human resources participate in meetings of our compensation committee, and our chief executive officer makes recommendations with respect to compensation proposals for executive officers other than himself.

Role of the Compensation Consulting Firm

In July 2009, the compensation committee engaged Radford, an Aon Consulting Company, to provide compensation advisory services. Radford reports directly to the compensation committee for purposes of advising it on executive officer compensation and meets with certain members of management in conducting its reviews of various aspects of executive officer compensation. In early 2010, Radford conducted analyses of our executive officers' base salaries, annual cash bonus awards and long term equity incentive awards against the compensation of executive officers in similar positions with companies considered to be our peer companies. Radford attended certain compensation committee meetings, including executive sessions, to present its analyses and to discuss its findings with the compensation committee. The compensation committee reviewed Radford's analyses in the context of making its decisions with respect to executive officer compensation for 2010.

Competitive Positioning

The reports provided by Radford for the 2010 executive compensation analyses reviewed our executive officer compensation against the compensation of executive officers in similar positions with a set of peer group companies (which changed from 2009 to 2010, as described below) and also with compensation data drawn, for purposes of the 2010 review, from software/Internet companies with revenues from \$50 million to \$250 million included in the Radford Global Technology Total Direct Compensation Survey. The survey data was used in addition to the peer group company data as it was believed to be reflective of companies that compete in our labor market and of companies with similar revenue levels. The peer group companies and the survey data were equally weighted in connection with the comparison to our executive compensation.

2010 Peer Group

The peer group developed by Radford, approved by our compensation committee and used in Radford's analysis for 2010 compensation was based on a modified 2009 peer group. The companies that comprised the 2010 peer group consisted of the following:

Peer Group Companies

Acme Packet, Inc.
Athenahealth, Inc.
Divx, Inc.
Double-Take Software, Inc.
Ebix, Inc.
InfoSpace, Inc.
Internet Brands, Inc.
Isilon Systems, Inc.
Kenexa Corporation
Loopnet, Inc.
Online Resources Corporation
Petmed Express, Inc.

RightNow Technologies, Inc.
Shutterfly, Inc.
SuccessFactors, Inc.
Synchronoss Technologies, Inc.
Taleo Corporation
TechTarget, Inc.
Techwell, Inc.
The Knot, Inc.
The Ultimate Software Group, Inc.
Travelzoo, Inc.
U.S. Auto Parts Network, Inc.
Web.com Group, Inc.

ZipRealty and Stamps.com, companies included in the 2009 peer group, were removed from the 2010 peer group because their market capitalizations were relatively low. Bankrate, Inc. was subsequently removed because it was acquired. InfoSpace, Inc., RightNow Technologies, Inc., SuccessFactors, Inc., TechTarget, Inc. and the Ultimate Software Group, Inc. were added to the 2010 peer group because of comparable business models, revenue and market capitalizations. Our market capitalization at the time of Radford's analysis recommending the peer group changes ranked at the 75th percentile compared to the 2010 peer group companies and our trailing twelve-months revenue ranked at the 50th percentile.

Compensation Elements

Base Salaries

Our objective is to provide our executive officers, including the Named Executive Officers, and other employees with competitive base salaries. We provide this opportunity in order to attract and retain an appropriate caliber of talent and experience for our workforce. Our compensation committee reviews executive officer base salaries annually, generally in the first quarter of each year. Our compensation committee reviewed base salaries for our executive officers in 2010 using peer group and survey data supplied by its compensation consultants.

2010 Base Salaries

In the first quarter of 2010, the compensation committee set the annual base salaries for our Named Executive Officers. The base salary increases set forth below were based upon merit and performance, particularly considering the difficult environment in which we operated during 2009. They also were based upon comparative peer group and survey data. In addition, the compensation committee determined to restructure our executive compensation program to eliminate the payment of perquisites. This decision impacted the compensation committee's base salary determinations for Mr. Lauer and Dr. Wang. Effective March 1, 2010, the compensation committee determined to eliminate the payment of perquisites to Mr. Lauer and Dr. Wang in order to better align our compensation practices with the interests of stockholders and to conform this aspect of our executive compensation program with best pay practices. Historically, we paid a housing and automobile allowance and certain airfare expenses of Mr. Lauer. We also paid Dr. Wang a housing allowance. We paid both Mr. Lauer and Dr. Wang a full offset for taxes associated with certain of these items. These arrangements were long-standing and were provided because the residences of Mr. Lauer, Dr. Wang and their families are a substantial distance from our headquarters. Each is required to maintain additional housing near our headquarters. Mr. Lauer is often required to use commercial aircraft to fly to and from our headquarters to his principal residence. The base salary increases of both Mr. Lauer and Dr. Wang were based, in large part, upon their agreement to forgo these historical perquisites. The compensation committee believed that restructuring the pay program for Mr. Lauer and Dr. Wang would better align the program with the current environment for best practices and is more consistent with stockholder expectations for executive pay program design.

Name	Title	Previous Base Salary	2010 Base Salary
Gary L. Lauer	President and Chief Executive Officer	\$ 400,000	\$ 625,000
Stuart M. Huizinga	Senior Vice President and Chief Financial Officer	\$ 255,000	\$ 262,700
Robert S. Hurley	Senior Vice President of Sales and Operations	\$ 193,800	\$ 225,000
Bruce A. Telkamp	Executive Vice President of Business and Corporate Development	\$ 275,400	\$ 300,000
Dr. Sheldon X. Wang	Executive Vice President of Technology and Chief Technology Officer	\$ 275,400	\$ 425,000

For 2010, base salaries accounted for approximately 24% of the total compensation for our chief executive officer and 29% on average for our other Named Executive Officers, including the value of any equity awards granted in 2010 based on grant date fair value computed in accordance with FASB ASC Topic 718, and all other types of compensation.

Annual Cash Bonus Awards

General

We provide the opportunity for our executive officers, including our Named Executive Officers, and other employees to earn an annual cash bonus award. We provide this opportunity in order to attract and retain employees with an appropriate caliber of talent and experience for our key positions and to motivate our executive officers and other eligible employees to achieve annual business goals.

2010 Executive Bonus Plan

In the first quarter of 2010, our compensation committee approved the Executive Bonus Plan for the fiscal year ended December 31, 2010 (the 2010 Bonus Plan). Under the 2010 Bonus Plan, the compensation committee established performance measures to be used in the determination of 2010 annual executive officer cash bonus awards (other than for Mr. Lauer, who instead participates in the Performance Bonus Plan discussed below). The 2010 Bonus Plan may be amended, suspended or terminated at any time at the sole and absolute discretion of the compensation committee.

The payouts under the 2010 Bonus Plan for the fiscal year ending December 31, 2010 were determined by the compensation committee based 75% on company performance and 25% on individual performance.

Company performance was measured by achievement of specific financial goals relating to revenue, non-GAAP operating earnings and EBITDA. The revenue goal, the non-GAAP operating earnings goal and the EBITDA goal each comprised 25% of the total potential target incentive award for each participant. In the event that we achieved one of the foregoing performance goals, a participant received, in connection with the achievement of that performance goal, 25% of the participant's target payout. A participant would not receive any payout with respect to a goal that was achieved at less than 95%, but would have received 50% of that goal's target payout if 95% of the goal was achieved, up to 90% of that goal's target payout at 99% of the achievement of the goal. If we exceeded a goal, participants would receive amounts above that goal's target payout for the relevant goal exceeded as follows:

In the event that the revenue goal was exceeded, each participant would have received an additional 5% of the target payout for the revenue goal up to a maximum additional payment of 50%; and

With respect to the non-GAAP operating earnings and EBITDA goals, and only if 100% of the revenue goal was achieved, a participant would receive for each percent achieved above the non-GAAP operating earnings goal or the EBITDA goal an additional 2.5% of the relevant target payout, up to a maximum of additional payout of 50%.

Participants were eligible to receive the remaining 25% of their target bonus award based upon individual performance. The payment of the individual performance portion of the bonus is discretionary and based on the compensation committee's subjective view of the executive's performance (with input from our chief executive officer). In the event of a participant's superior performance, the compensation committee, in its sole discretion, was permitted to approve a payout relating to individual performance above 25% of the participant's target bonus award, up to 25% of the participant's maximum payout.

We were required to be profitable on an operating basis (excluding non-cash charges) for a participant to qualify for the maximum payout under the 2010 Bonus Plan for individual performance or for any specific company performance goal. If we were not profitable on an operating basis (excluding non-cash charges), the maximum possible payout for individual performance or the achievement of any particular company performance goal was no more than 25% of the participant's target incentive award.

The revenue, non-GAAP operating earnings goal and EBITDA goals and performance were determined by excluding, at the sole discretion of the compensation committee, (i) the effect of mergers and acquisitions closing in 2010 (if any), (ii) extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 or as otherwise determined by the compensation committee to be extraordinary or non-recurring in its discretion, (iii) the effect of any changes in accounting principles affecting our reported results, and (iv) certain third-party consulting fees. The specific performance goals approved by the compensation committee were as follows:

Metric	Target Goal
GAAP Annual Revenue	\$ 154,400,000
Non-GAAP Operating Earnings (GAAP except excludes stock-based compensation expense and management consulting fees)	\$ 33,250,000
EBITDA (GAAP operating income except excludes depreciation, amortization, stock-based compensation expense and management consulting fees)	\$ 36,200,000

The compensation committee approved target and maximum cash bonus award opportunities under the 2010 Bonus Plan for our Named Executive Officers (other than Mr. Lauer) as follows:

Name	Title	Year	Fiscal 2010 Cash Bonus Award Opportunity Target Payout		Maximum Payout	
			Percent of Annual Base Salary	Amount	Percent of Annual Base Salary	Amount
Stuart M. Huizinga	Senior Vice President and Chief Financial Officer	2010	60%	\$ 157,620	90%	\$ 236,430
Robert S. Hurley	Senior Vice President of Sales and Operations	2010	60%	\$ 135,000	90%	\$ 202,500
Bruce A. Telkamp	Executive Vice President of Business and Corporate Development	2010	60%	\$ 180,000	90%	\$ 270,000
Dr. Sheldon X. Wang	Executive Vice President of Technology and Chief Technology Officer	2010	55%	\$ 233,750	82.5%	\$ 350,625

The 2010 cash bonus opportunity under the 2010 Bonus Plan for each of the Named Executive Officers, other than Dr. Wang (explained below), Mr. Telkamp (explained below) and Mr. Lauer (not a 2010 Bonus Plan participant), was set in accordance with the compensation committee's philosophy for 2010 to set total target salary and cash bonus compensation opportunity between the 50th and 75th percentile of the market data provided by Radford in its 2010 analysis. Dr. Wang's total target salary and cash bonus opportunity exceeded the 75th percentile of the Radford market data as a result of a base salary increase reflecting merit and performance and also, in large part, upon Dr. Wang's agreement to forgo certain historical perquisites, including a housing allowance and related tax offsets. In addition, Dr. Wang has responsibility for our operations in China, which is a broader role than the typical chief technology officer benchmark provided by Radford. Mr. Telkamp's total target salary and cash bonus opportunity exceeded the 75th percentile of the Radford market data because of a base salary increase reflecting merit and performance. In addition, Mr. Telkamp has oversight responsibility for various aspects of our business in addition to our business and corporate development functions. This is a broader role than the typical business development executive benchmark provided by Radford.

In February 2011, our compensation committee considered and determined the 2010 fiscal year performance of the company and each of our Named Executive Officers against the previously established performance goals and approved the following payouts under the 2010 Bonus Plan (other than Mr. Lauer):

Name	Title	Amount	Percentage of Target Payout
Stuart M. Huizinga	Senior Vice President and Chief Financial Officer	\$ 162,234	103%
Robert S. Hurley	Senior Vice President of Sales and Operations	\$ 138,952	103%
Bruce A. Telkamp	Executive Vice President of Business and Corporate Development	\$ 185,270	103%
Dr. Sheldon X. Wang	Executive Vice President of Technology and Chief Technology Officer	\$ 240,593	103%

For 2010, cash bonus awards accounted for approximately 18% on average for our Named Executive Officers (other than our chief executive officer Mr. Lauer), including the value of any equity awards granted in 2010 based on grant date fair value computed in accordance with FASB ASC Topic 718, and all other types of compensation.

162(m) Performance Bonus Plan

Our Performance Bonus Plan, which was approved by our stockholders at our 2009 annual meeting, is designed to qualify payments as deductible performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)). In March 2010, our compensation committee determined that in order to maximize the corporate tax deductibility of certain executive compensation under Section 162(m), it is in the best interests of the company and its stockholders to move Mr. Lauer from being a participant in the 2010 Bonus Plan to being the sole participant in the Performance Bonus Plan for fiscal year 2010.

Under the Performance Bonus Plan, Mr. Lauer's maximum cash incentive bonus is determined based upon company performance. Company performance is measured by the achievement of specific, objectively determinable financial goals related to revenue, non-GAAP operating earnings and EBITDA. Achievement of these goals was measured including the effects of mergers and acquisitions closing in 2010 and excluding (i) extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30, (ii) the effect of any changes in accounting principles affecting our reported results, and (iii) certain third-party consulting fees. Each of the goals represented one-third of Mr. Lauer's bonus opportunity under the Performance Bonus Plan, subject to our compensation committee's discretion to adjust payouts downward. The specific performance goals approved by the compensation committee were as follows:

Metric	Target Goal
GAAP Annual Revenue	\$ 146,775,000
Non-GAAP Operating Earnings (GAAP except excludes stock-based compensation expense and management consulting fees)	\$ 31,587,500
EBITDA (GAAP operating income except excludes depreciation, amortization, stock-based compensation expense and management consulting fees)	\$ 34,390,000

In February 2011, our compensation committee considered and determined the 2010 fiscal year performance against the objectively determinable performance targets described above. Following written certification that the performance targets had been achieved, the committee approved a bonus payout under the Performance Bonus Plan in the amount of \$422,107 for Mr. Lauer. This represented a payment of approximately 68% of Mr. Lauer's base salary. In approving Mr. Lauer's bonus payout, our compensation committee exercised its negative discretion to reduce the payout from the maximum payout level of payout, which was equal to 97.5% of Mr. Lauer's base salary. In making this determination, the compensation committee considered what Mr. Lauer would have earned if he had remained a participant in the 2010 Bonus Plan covering our other Named Executive Officers. The committee considered that Mr. Lauer's leadership and the company's performance in a difficult economic environment was excellent, and that therefore Mr. Lauer should receive approximately the same payout he would have received had he remained a participant in the 2010 Bonus Plan.

For 2010, the cash bonus award for Mr. Lauer accounted for approximately 17% of his total compensation, including the value of any equity awards granted in 2010 based on grant date fair value computed in accordance with FASB ASC Topic 718, and all other types of compensation.

Equity Incentive Awards

General

Equity incentive awards are an important part of our overall compensation program as they reward and incentivize performance, assist in employee retention and help to align employee interests with the interests of our stockholders. The compensation committee reviews the equity holdings of our Named Executive Officers regularly and the compensation committee makes equity compensation awards to our Named Executive Officers informed in part by the practices of other similarly situated companies.

2010 Executive Equity Compensation

In March 2010, our compensation committee approved equity incentive awards for our executive officers, including our Named Executive Officers, in the form of stock options and restricted stock units. The compensation committee determined the number of shares subject to the awards granted to our Named Executive Officers after assessing peer group and other survey data in an analysis provided by Radford.

The number of shares of the company's common stock granted under stock options and restricted stock unit awards approved by the compensation committee in March 2010 is summarized as follows:

Name	Number of Shares Subject to Stock Options	Number of Shares Subject to Restricted Stock Units
Gary L. Lauer	100,000	30,000
Stuart M. Huizinga	27,000	7,000
Robert S. Hurley	27,000	7,000
Bruce A. Telkamp	54,000	14,500
Dr. Sheldon X. Wang	54,000	14,500

Pursuant to our equity awards policy, the stock options granted to our Named Executive Officers have an exercise price equal to the fair market value of our common stock on the date of grant (March 16, 2010). The stock options vest at a rate of 25% after one year and 1/48 per month thereafter as long as the Named Executive Officer continues as a service provider to us. The restricted stock unit awards vest at a rate of 25% after one year and 25% on each anniversary thereafter as long as the Named Executive Officer continues as a service provider.

The grant date fair value of the 2010 equity awards granted to Messrs. Lauer, Telkamp, Hurley and Huizinga were targeted at approximately at or below the 75th percentile of the comparative data. In light of Dr. Wang's performance and unique skill set in managing our operations in China, the grant date fair value of his equity awards exceeded the 75th percentile of the comparative data. These awards also reflected the compensation committee's assessment of individual performance, expected future contribution and retention considerations, including the impact of the relative mix of vested and unvested equity awards on retention.

For 2010, the value of the equity awards accounted for approximately 57% of the total compensation for our chief executive officer and 51% on average for our other Named Executive Officers, based on the grant date fair value of the equity awards granted in 2010 computed in accordance with FASB ASC Topic 718, and including all other types of compensation.

2011 Executive Equity Compensation

In March 2011, our compensation committee approved equity incentive awards for our executive officers, including our Named Executive Officers, in the form of restricted stock units with performance-based vesting and restricted stock units with time-based vesting. The compensation committee determined the number of shares subject to the awards granted to our Named Executive Officers after assessing peer group and other survey data in the December 2010 analysis provided by Radford.

The number of shares of our common stock granted under restricted stock unit awards approved by the compensation committee in March 2011 is summarized as follows:

Name	Number of Shares Subject to Restricted Stock Units with Performance- Based Vesting	Number of Shares Subject to Restricted Stock Units with Time-Based Vesting
Gary L. Lauer	42,000	28,000
Stuart M. Huizinga	10,680	7,120
Robert S. Hurley	10,680	7,120
Bruce A. Telkamp	21,660	14,440
Dr. Sheldon X. Wang	21,660	14,440

Pursuant to our equity awards policy, the restricted stock units granted to our Named Executive Officers have a date of grant of April 19, 2011 and vest at a rate of 25% after one year and 25% on each anniversary thereafter from the vesting commencement date. Restricted stock units subject to performance-based vesting must meet additional preconditions to vesting as described below.

For the restricted stock units subject to performance-based vesting, up to one-third of the total number of shares will be considered earned and eligible for vesting based upon achieving each of a pre-determined 2011 revenue goal, 2011 non-GAAP operating earnings goal and 2011 EBITDA goal. For achievement at less than 95% of a goal, no shares will be earned relating to that goal. For achievement at 95% to 95.99% of a goal, 25% of the shares related to that goal (i.e., 1/12th of the total number of shares subject to this restricted stock unit) will be considered earned and eligible for vesting. For achievement at 96% to 96.99% of a goal, 30% of the shares related to that goal will be considered earned and eligible for vesting. For achievement at 97% to 97.99% of a goal, 35% of the shares subject to that goal will be considered earned and eligible for vesting. For achievement at 98% to 98.99% of a goal, 40% of the shares related to that goal will be considered earned and eligible for vesting. For achievement at 99% to 99.99% of a goal, 45% of the shares related to that goal will be considered earned and eligible for vesting.

The grant date fair value of the 2011 equity awards granted to Messrs. Lauer, Hurley and Huizinga were targeted at between the 50th and 75th percentile of the comparative data. In light of Dr. Wang's performance and unique skill set in managing our operations in China, the grant date fair value of his equity awards exceeded the

75th percentile of the comparative data. In light of Mr. Telkamp's oversight responsibility for various aspects of our business in addition to our business and corporate development functions, a broader role than the typical business development executive benchmark provided by Radford, the grant date fair value of Mr. Telkamp's equity awards also exceeded the 75th percentile of the comparative data. These awards also reflected the compensation committee's assessment of individual performance, expected future contribution and retention considerations, including the impact of the relative mix of vested and unvested equity awards on retention. The compensation committee also considered the grant size as a percent of company compared to market benchmarks given fluctuations in market value from year to year.

Stock Ownership Guidelines

In March 2011, our compensation committee approved stock ownership guidelines for our executive officers to further align their interests with the interests of our stockholders.

Pursuant to the guidelines, our chief executive officer is expected to accumulate and hold a number of shares of our common stock equal to the lesser of (i) that number of shares with a value equal to three times his annual base salary or (ii) 150,000 shares and to maintain this minimum amount of stock ownership throughout his employment. Our chief executive officer is expected to achieve the applicable level of ownership by March 23, 2016, or with respect to future chief executive officers, within five years of their becoming chief executive officer.

Under the guidelines, our executive officers who are executive vice-presidents are expected to accumulate and hold a number of shares of our common stock equal to the lesser of (i) that number of shares with a value equal to two times their annual base salary, or (ii) the number of shares determined by dividing twice their annual base salary as in effect on March 23, 2011 by \$13.00 and to maintain this minimum amount of stock ownership throughout their employment. The executive vice presidents are expected to achieve the applicable level of ownership by March 23, 2016, or with respect to future executive vice presidents, within five years of their becoming an executive vice president.

In addition, under the guidelines, our other executive officers are expected to accumulate and hold a number of shares of our common stock equal to the lesser of (i) that number of shares with a value equal to one time their annual base salary, or (ii) the number of shares determined by dividing their annual base salary as in effect on March 23, 2011 by \$13.00 and to maintain this minimum amount of stock ownership throughout their employment. These executive officers are expected to achieve the applicable level of ownership by March 23, 2016, or with respect to future executive officers, within five years of their becoming an executive officer.

In the event the applicable guideline is not achieved with respect to any executive officer by the applicable deadline, the executive officer will be required to retain an amount equal to 75% of the net shares received as a result of the exercise of stock options or stock appreciation rights or the vesting of restricted stock units or other full-value awards until the applicable guideline has been achieved. Net shares are those shares that remain after shares are sold or netted to pay the exercise price (if any) of equity awards and applicable taxes. Under certain limited circumstances, the guidelines may be temporarily suspended by our compensation committee at its discretion.

Other Compensation

We provide the opportunity for our executive officers, including our Named Executive Officers, and other employees to receive general health and welfare benefits and historically provided perquisites to certain Named Executive Officers. We also maintain a retirement and deferred savings plan available to all U.S. employees after three months of employment, which is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code. This plan allows each participant to contribute up to 100% of their pre-tax compensation, up to a statutory limit, which was \$16,500 (or \$22,000 for employees over 50 years of age) in calendar year 2010. Under the plan, each participant is fully vested in his or her own contributions. We match 25% of each participant's

contribution each pay period, up to a maximum of 1% of the employee's base salary during that period. Our matching contributions vest one-third for each of the first three years of service. The plan also permits us to make discretionary profit-sharing contributions, but we have not made such contributions to date.

In addition to these benefits, prior to March 1, 2010, we paid a housing allowance to each of Mr. Lauer and Dr. Wang along with taxes associated with the housing allowance. We also paid to Mr. Lauer a car allowance and reimbursed Mr. Lauer for certain airfare along with taxes associated with the car allowance and airfare. We historically paid these amounts given that Mr. Lauer's and Dr. Wang's primary residences are a significant distance from our corporate headquarters in Mountain View, California. In order to align with corporate governance best practices, the compensation committee ceased paying these allowances and tax offsets on March 1, 2010. As discussed earlier, in large part as consideration for ceasing payment of these historically paid allowances and tax offsets, Messrs. Lauer and Wang received substantial base salary increases in 2010.

For the year ended December 31, 2010, other compensation accounted for approximately 2% of the total compensation for all of our Named Executive Officers, including the value of any equity awards granted in 2010 based on grant date fair value computed in accordance with FASB ASC Topic 718, and all other types of compensation.

Change in Control and Termination Arrangements

We have entered into management retention agreements, providing for certain severance benefits upon certain terminations in connection with a change of control and outside a change of control, with certain of our Named Executive Officers. At the direction of the compensation committee, Radford conducted a study of change of control severance agreements for certain of our Named Executive Officers. Informed by this data, the compensation committee designed agreements that reflected market norms. The severance arrangements with each of our Named Executive Officers are more fully described under the section entitled *Employment Agreements and Change of Control Arrangements*.

Regulatory Considerations

Section 162(m) of the U.S. Internal Revenue Code generally limits to \$1 million the deductibility of compensation paid by a public company to any employee who on the last day of the year is the chief executive officer or one of the three other most highly compensated officers (other than the chief financial officer). Compensation may qualify for an exemption from the deduction limit if it satisfies certain conditions under Section 162(m). We believe that it is important to preserve flexibility in administering our compensation programs, and have not adopted a policy that all compensation must qualify as deductible under Section 162(m). Amounts paid under our compensation programs may be determined not to so qualify. We have adopted a Performance Bonus Plan, which was approved by our stockholders at the 2009 annual meeting, to attempt to qualify payments in future years under the Performance Bonus Plan as deductible performance-based compensation for purposes of Section 162(m). In March 2010, our compensation committee determined that in order to maximize the corporate tax deductibility of certain executive compensation under Section 162(m), it was in the best interests of the company and its stockholders to move Mr. Lauer from being a participant in the 2010 Executive Bonus Plan to being the sole participant in the Performance Bonus Plan for fiscal year 2010.

Risk Assessment

Our compensation committee retained Radford, its independent compensation consultant, to evaluate the risk inherent in our executive and non-executive programs. Accordingly, Radford evaluated our executive and non-executive compensation programs and provided a report to the compensation committee. The report concluded that, among other things:

Incentive plans are well-aligned with compensation design principles that generally follow best practices;

Management incentives are capped and require a threshold level of performance that help protect against overpayment in a challenging business environment;

Severance benefits are closely managed and do not provide excessive severance benefits; and

For executive officers in 2011 and for our non-employee directors in 2010, we have established share retention guidelines.

- (1) Represents target and maximum cash bonus payouts under the 2010 Executive Bonus Plan (all Named Executive Officers except for Mr. Lauer) and the Performance Bonus Plan (for Mr. Lauer), each reported pursuant to Securities and Exchange Commission rules. The actual bonus amounts paid under the 2010 Executive Bonus Plan and the Performance Bonus Plan are disclosed in the Summary Compensation Table set forth above.
- (2) Amounts shown reflect the grant date fair value of the stock options and restricted stock units granted, computed in accordance with FASB ASC Topic 718. Our accounting policies regarding equity compensation and the assumptions used to compute the fair value of our equity awards are set forth in Notes 1 and 5 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2010.

2010 Outstanding Equity Awards at Fiscal Year-End

These options generally expire 10 years after they are granted or earlier if the recipient's employment or service terminates earlier. Our stock options granted to the Named Executive Officers subsequent to January 1, 2008 generally vest over a four-year term at the rate of 25% one year following the vesting commencement date and 1/48th of the shares per month thereafter. These options generally expire 7 years after they are granted or earlier if the recipient's employment or service terminates earlier. Restricted stock units granted to our Named Executive Officers vest annually over four years in equal installments. All of the stock options and restricted stock units granted to our Named Executive Officers are subject to a vesting schedule with a one-year initial vesting period.

The following table summarizes the number of equity securities underlying outstanding plan awards for each Named Executive Officer as of December 31, 2010. See *Executive Compensation*, *Compensation Discussion and Analysis*, *Compensation Elements*, *Equity Incentive Awards* for a description of equity awards granted subsequent to December 31, 2010.

- (2) The value realized equals the fair market value of the company's common stock on the date of vesting, multiplied by the number of shares acquired on vesting.

Equity Benefit Plans

Edgar Filing: eHealth, Inc. - Form DEF 14A

2006 Equity Incentive Plan Our 2006 Equity Incentive Plan (the Equity Plan) was initially adopted by our board of directors in April 2006, approved by our stockholders in May 2006 and subsequently amended and restated in November 2008. In March 2010, our board of directors approved certain changes to the Equity Plan in

order to permit the grant of equity awards that qualify as deductible performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended. The amended and restated Equity Plan incorporating these changes was approved by our stockholders on June 15, 2010. The following describes the material provisions of our Equity Plan, as amended:

Eligibility. Employees, members of our board of directors who are not employees and consultants are eligible to participate in the Equity Plan.

Purpose. The purpose of the Equity Plan is to promote our long-term success and create stockholder value by (a) encouraging our employees, non-employee directors and other service providers to focus on our performance, (b) encouraging the attraction and retention of employees, non-employee directors and other service providers with exceptional qualifications and (c) linking our employees, non-employee directors and other service providers directly to stockholder interests through increased stock ownership. The Equity Plan seeks to achieve this purpose by providing for awards in the form of restricted shares, stock units, stock options or stock appreciation rights.

Shares Subject to Equity Plan. A total of 2,000,000 shares of our common stock were initially authorized and reserved for issuance under the Equity Plan. Additionally, beginning in 2007, on each January 1 for the ten-year term of the Equity Plan, the total number of shares of our common stock authorized and reserved for issuance under the Equity Plan may increase pursuant to the automatic share replenishment provision under the Equity Plan. This automatic share replenishment provision provides for an increase in the number of shares of our common stock authorized and reserved for issuance under the Equity Plan in an amount equal to the least of (A) four percent of the number of outstanding shares of common stock as of such January 1, (B) one million five hundred thousand (1,500,000) shares, or (C) an amount determined by our board of directors. The shares available for grant under the Equity Plan were automatically increased pursuant to the automatic share replenishment provision by 869,957 shares in 2007, 987,473 shares in 2008, 1,001,637 shares in 2009, and 936,669 shares in 2010. As of March 31, 2011, 3,733,614 shares of our common stock were subject to awards currently outstanding under the Equity Plan and 4,150,426 shares of our common stock remain available for issuance.

In the event of a stock split or similar recapitalization, appropriate adjustments will automatically be made to the Equity Plan share pool, outstanding awards, the annual limits applicable to Equity Plan awards, and the exercise price of options and stock appreciation rights.

Shares subject to awards under the Equity Plan which expire or are cancelled or forfeited will again become available for issuance under the Equity Plan. The shares available will not be reduced by awards settled in cash or by shares withheld to satisfy tax withholding obligations relating to Stock Units. Only the net number of shares issued upon the exercise of stock appreciation rights will be deducted from the shares available under the Equity Plan. Any dividend equivalents paid or credited under the Equity Plan shall, if paid in shares, reduce the number of shares issuable under the Equity Plan. Any dividend equivalents paid or credited under the Equity Plan shall, if paid in cash, not reduce the number of shares available under the Equity Plan.

Administration. The board of directors or the compensation committee of our board of directors administers the Equity Plan. The compensation committee has complete discretion to make all decisions relating to our Equity Plan. The compensation committee may also re-price outstanding options and stock appreciation rights and modify outstanding awards in other ways.

Types of Award. Our Equity Plan provides for the following types of awards:

incentive and nonstatutory stock options to purchase shares of our common stock;

restricted shares of our common stock; and

stock appreciation rights and stock units.

Options and Stock Appreciation Rights. The exercise price for options granted under the Equity Plan may not be less than 100% of the fair market value of our common stock on the option grant date. Optionees may pay the exercise price by using cash or cash equivalents, or any of the following, but only with the compensation committee's consent:

shares of common stock that the optionee already owns;

an immediate exercise and sale of the option shares through a broker approved by us;

a full-recourse promissory note (except as prohibited by law); or

any other legally permissible form of consideration.

A participant who exercises a stock appreciation right receives the increase in value of our common stock over the base price. The base price for stock appreciation rights granted under the Equity Plan shall be determined by the compensation committee, but shall not be less than 100% of the fair market value of the underlying common stock on the grant date. The settlement value of the stock appreciation right may be paid in cash or shares of common stock, as specified in the award agreement. Options and stock appreciation rights vest at the times determined by the compensation committee. In most cases, our options and stock appreciation rights will vest over a four-year period following the applicable vesting commencement date.

Awards granted to employees prior to January 1, 2008 generally expire ten years after they are granted, and awards granted to employees subsequent to January 1, 2008 generally expire seven years after the date of grant. The compensation committee may provide for a longer term, except that with respect to incentive stock options the term shall not exceed 10 years, and except that options and stock appreciation rights generally expire earlier if the participant's service terminates earlier. No participant may receive options covering more than 250,000 shares in one fiscal year (increased to 500,000 shares in the first fiscal year of employment). Similarly, no participant may receive stock appreciation rights covering more than 250,000 shares in one fiscal year (increased to 500,000 shares in the first fiscal year of employment).

Restricted Shares and Stock Units. Restricted shares may be awarded under the Equity Plan in return for such legal consideration as the compensation committee determines, including:

cash or cash equivalents;

full-recourse promissory notes (except as prohibited by law)

services already provided to us; or

services to be provided to us in the future.

Restricted shares vest at the times determined by the compensation committee. Stock units may also be awarded under the Equity Plan. No cash consideration shall be required of the award recipients. Each award of stock units may or may not be subject to vesting and vesting, if any, shall occur upon satisfaction of the conditions specified by the compensation committee. Settlement of vested stock units may be made in the form of cash, shares of common stock or a combination of both, as specified in the stock unit agreement. The compensation committee may award dividend equivalents in connection with the grant of stock units. These may be paid in cash or in shares of common stock, as specified by the compensation committee. Settlement of stock units may be deferred past the vesting date, as specified by the compensation committee. No participant may receive restricted shares that are subject to performance-based vesting covering more than 250,000 shares in one fiscal year. Similarly, no participant may receive stock units that are subject to performance-based vesting covering more than 250,000 shares in one fiscal year.

Edgar Filing: eHealth, Inc. - Form DEF 14A

Merger or Consolidation. If we are merged or consolidated, all Equity Plan awards shall be subject to the agreement of merger or consolidation, which shall provide for one or more of the following:

The continuation of any outstanding awards by us (if we are the surviving corporation);

The assumption or substitution of any outstanding awards by the surviving corporation or its parent;

Accelerated vesting of outstanding options and stock appreciation rights, followed by their cancellation;

The cancellation of any outstanding options and stock appreciation rights in exchange for a payment (in cash or stock) equal to the per share price received in the transaction less the exercise price. Such payment may be subject to the vesting schedule of the cancelled option or SAR; and

The cancellation of any outstanding stock units in exchange for a payment (in cash or stock) equal to the value of the underlying shares if any, on the date of the merger or consolidation. Such payment may be subject to the vesting schedule of the cancelled stock unit.

Amendment or Termination. Our board of directors may amend or terminate the Equity Plan at any time. If our board of directors amends the plan, it does not need to ask for stockholder approval of the amendment unless applicable law requires it. The Equity Plan will continue in effect for ten years from its initial Board adoption date on April 17, 2006, unless the board of directors decides to terminate the plan earlier.

Performance Goals. The compensation committee (in its discretion) may make performance goals applicable to a participant with respect to an award under the Equity Plan, including but not limited to restricted stock and stock units. If the compensation committee desires that an award qualify as performance-based compensation under Code Section 162(m), then, at the compensation committee's discretion, one or more of the following performance goals may apply:

(i) cash flow (including operating cash flow or free cash flow); (ii) revenue (on an absolute basis or adjusted for currency effects); (iii) gross margin; (iv) operating expenses or operating expenses as a percentage of revenue; (v) earnings (which may include earnings before interest and taxes, earnings before taxes, net earnings or EBITDA); (vi) earnings per share; (vii) stock price; (viii) return on equity; (ix) total stockholder return; (x) growth in stockholder value relative to the moving average of the S&P 500 Index, or another index; (xi) return on capital; (xii) return on assets or net assets; (xiii) return on investment; (xiv) economic value added; (xv) operating income or net operating income; (xvi) operating margin; (xvii) market share; (xviii) overhead or other expense reduction; (xix) credit rating; (xx) objective customer indicators; (xxi) improvements in productivity; (xxii) attainment of objective operating goals; (xxiii) objective employee metrics; (xxiv) return ratios; (xxv) objective qualitative milestones; (xxvi) other objective financial or other metrics relating to our progress or to a subsidiary, division or department of us; (xxvii) number of customers (or estimated membership, with the formulae for such estimations being objectively determinable), submitted applications or members, or approved applications or members, sold applications or members; (xxviii) conversion yields achieved from website visitors to sold members (including any sub-yield in between); (xxix) increase in membership; (xxx) cost of acquiring members or applicants; or (xxxi) retention of membership.

The performance measures listed above may apply to either us as a whole or, except with respect to stockholder return metrics, to a region, business unit, affiliate or business segment, and may be measured either on an absolute basis, a per-share basis or relative to a pre-established target, to a previous period's results or to a designated comparison group, in each case as specified by the compensation committee. Financial performance measures may be determined in accordance with United States Generally Accepted Accounting Principles (GAAP), in accordance with accounting principles established by the International Accounting Standards Board (IASB Principles) or may be adjusted by the compensation committee when established to exclude or include any items otherwise includable or excludable, respectively, under GAAP or under IASB Principles. The compensation committee may choose other performance goals for awards that are not intended to qualify as performance-based compensation under Code Section 162(m).

1998 and 2005 Stock Plans We maintain the 1998 Stock Plan and the 2005 Stock Plan, under which we previously granted restricted stock and options to purchase shares of our common stock, including all stock options granted to our Named Executive Officers prior to October 2006. The 1998 and 2005 Stock Plans were terminated with respect to the grant of additional awards upon the effective date of the registration statement

related to our initial public offering in October 2006, although we will continue to issue shares of common stock upon the exercise of stock options granted under each plan. The stock options and restricted stock grants under the 1998 and 2005 Stock Plans generally vest over four years at a rate of 25% after one year and 1/48th per month thereafter. Our stock options granted under the 1998 Stock Plan and 2005 Stock Plan generally expire after 10 years from the date of grant.

Pension Benefits

None of our Named Executive Officers participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us.

Non-Qualified Deferred Compensation

None of our Named Executive Officers participates in or has account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by us.

Securities Trading Policy

We have an insider trading policy that prohibits executive officers and other employees from engaging in, among other things, short sales (selling borrowed securities which the seller hopes can be purchased at a lower price in the future), short sales against the box (selling owned, but not delivered securities), and transactions in put and call options (publicly available rights to sell or buy securities within a certain period of time at a specified price or the like).

Employment Agreements and Change of Control Arrangements

We entered into a management retention agreement with Mr. Lauer, chairman of our board of directors and our president and chief executive officer, in March 2010 (the "Lauer Retention Agreement"), which superseded the terms of prior severance arrangements between Mr. Lauer and us. Under the terms of the Lauer Retention Agreement, if Mr. Lauer terminates his employment with us for good reason, or if we terminate Mr. Lauer's employment without cause (as such terms are defined in the Lauer Retention Agreement), in either case outside of the period beginning on the date we enter into a binding agreement to effect a change in control and ending 12 months after our ensuing change in control (the "Change in Control Period"), Mr. Lauer will receive the following severance benefits from us, subject to his signing and not revoking a release of claims that becomes effective within 60 days of his date of termination:

a lump sum cash payment (less applicable withholding taxes) in an amount equal to 24 months of Mr. Lauer's then current annual base salary;

a lump sum cash payment (less applicable withholding taxes) in an amount equal to Mr. Lauer's then current target annual bonus, pro-rated to the date of termination; and

Mr. Lauer and his covered dependents will receive continued company-paid group health, dental and vision benefits until the earlier of (i) 18 months from the termination date or (ii) until they become covered under comparable group health, dental and vision plans of another employer.

If within the Change in Control Period, Mr. Lauer terminates his employment with us for good reason, or if we terminate Mr. Lauer's employment without cause, Mr. Lauer will receive the same severance benefits from us as set forth above, plus 100% of his then outstanding and unvested equity awards will fully vest. Any severance payments to which Mr. Lauer is entitled will be paid by us to Mr. Lauer in cash and in full arrears on the 61st day following his date of termination (or such later date as necessary to avoid the imposition of additional taxes under Internal Revenue Code Section 409A). We are not obligated to pay Mr. Lauer a gross-up for taxation on his severance benefits.

Assuming Mr. Lauer terminated his employment with us for good reason, or we terminated Mr. Lauer's employment without cause, in either case outside of the Change in Control Period, on December 31, 2010, we would have been potentially required to pay Mr. Lauer severance payments totaling \$1,672,107 and an estimated amount of up to \$36,484 for COBRA health insurance premiums. Assuming such termination occurred within the Change in Control Period on December 31, 2010, the value from the acceleration of his then unvested equity awards would have been \$1,158,103 calculated by multiplying the number of then unvested shares subject to outstanding stock options and restricted stock units by the closing market price on December 31, 2010, which was \$14.19, less the aggregate amount of applicable exercise prices.

We executed an offer letter in May 2000, as amended in August 2000, with Mr. Huizinga, our senior vice president and chief financial officer, which provides, among other things, that if we terminate Mr. Huizinga without cause, he will receive severance equal to six months of his base salary. We are not obligated to pay Mr. Huizinga a gross-up for taxation on his severance benefits. Assuming a termination without cause of Mr. Huizinga's employment occurred on December 31, 2010, we would have been potentially required to pay Mr. Huizinga severance totaling \$131,350.

We entered into a letter agreement in April 2000, as amended in August 2000, September 2007 and December 2008, with Mr. Telkamp (the "Terkamp Offer Letter"), our executive vice president of business and corporate development, which provides, among other things, that if we involuntarily or constructively terminate Mr. Telkamp without cause, subject to the effectiveness of a release of claims within 60 days of the date of termination, he will receive a lump-sum severance payment on the 61st day following his date of termination (or such later date as necessary to avoid the imposition of additional taxes under Internal Revenue Code Section 409A) equal to six months of his base compensation, including all bonuses to which he would have been eligible to receive during that period.

We subsequently entered into a management retention agreement with Mr. Telkamp in January 2010 (the "Terkamp Retention Agreement"), which amended the terms of Mr. Telkamp's severance benefits. Under the terms of the Terkamp Retention Agreement, if Mr. Telkamp terminates his employment with us for good reason, or if we terminate Mr. Telkamp's employment without cause (as such terms are defined in the Terkamp Retention Agreement), in either case during the period beginning on the date of a change in control and ending 12 months thereafter (the "Effective Change in Control Period"), Mr. Telkamp will receive the following severance benefits from us, subject to his signing and not revoking a release of claims that becomes effective within 60 days of his date of termination:

a lump sum cash payment (less applicable withholding taxes) in an amount equal to 12 months of Mr. Telkamp's then current annual base salary;

a lump sum cash payment (less applicable withholding taxes) in an amount equal to Mr. Telkamp's then current target annual bonus, pro-rated to the date of termination;

100% of Mr. Telkamp's then outstanding and unvested equity awards will fully vest; and

Mr. Telkamp and his covered dependents will receive continued company-paid group health, dental and vision benefits until the earlier of (i) 12 months from the termination date or (ii) until they become covered under comparable group health, dental and vision plans of another employer.

Any severance payments to which Mr. Telkamp is entitled under the Terkamp Retention Agreement will be paid by us to Mr. Telkamp in cash and in full arrears on the 61st day following his date of termination (or such later date as necessary to avoid the imposition of additional taxes under Internal Revenue Code Section 409A).

The severance provisions set forth in the Terkamp Retention Agreement are Mr. Telkamp's exclusive rights to severance payments and benefits in the event of termination of service during the Effective Change in Control Period. However, the Terkamp Offer Letter severance provisions continue to govern Mr. Telkamp's severance

benefits in the event of termination of service outside of the Effective Change in Control period. In either case, we are not obligated to pay Mr. Telkamp a gross-up for taxation on his severance benefits.

Assuming an involuntary or constructive termination without cause of Mr. Telkamp's employment occurred outside of an Effective Change in Control Period on December 31, 2010, the maximum amount of severance we would have been potentially required to pay Mr. Telkamp pursuant to the Telkamp Offer Letter is \$285,000. Assuming Mr. Telkamp terminated his employment with us for good reason, or we terminated Mr. Telkamp's employment without cause, in either case within the Effective Change in Control Period, on December 31, 2010, we would have been potentially required to pay Mr. Telkamp severance payments totaling \$480,000 and an estimated amount of up to \$25,068 for COBRA health insurance premiums. The value from the acceleration of his then unvested equity awards would have been \$549,437, calculated by multiplying the number of then unvested shares subject to outstanding stock options and restricted stock units by the closing market price on December 31, 2010, which was \$14.19, less the aggregate amount of applicable exercise prices.

We entered into a letter agreement in July 1999, as amended in August 2000, with Dr. Wang (the "Wang Offer Letter"), our executive vice president of technology and chief technology officer, which provides that if we terminate Dr. Wang without cause, he will receive severance equal to six months of his base salary and all health insurance benefits to which he would have been eligible to receive during that period.

We subsequently entered into a management retention agreement with Dr. Wang in January 2010 (the "Wang Retention Agreement"), which amended the terms of Dr. Wang's severance benefits. Under the terms of the Wang Retention Agreement, if Dr. Wang terminates his employment with us for good reason, or if we terminate Dr. Wang's employment without cause (as such terms are defined in the Wang Retention Agreement), in either case during the Effective Change in Control Period, Dr. Wang will receive the following severance benefits from us, subject to his signing and not revoking a release of claims that becomes effective within 60 days of his date of termination:

a lump sum cash payment (less applicable withholding taxes) in an amount equal to 12 months of Dr. Wang's then current annual base salary;

a lump sum cash payment (less applicable withholding taxes) in an amount equal to Dr. Wang's then current target annual bonus, pro-rated to the date of termination;

100% of Dr. Wang's then outstanding and unvested equity awards will fully vest; and

Dr. Wang and his covered dependents will receive continued company-paid group health, dental and vision benefits until the earlier of (i) 12 months from the termination date or (ii) until they become covered under comparable group health, dental and vision plans of another employer.

Any severance payments to which Dr. Wang is entitled under the Wang Retention Agreement will be paid by us to Dr. Wang in cash and in full arrears on the 61st day following his date of termination (or such later date as necessary to avoid the imposition of additional taxes under Internal Revenue Code Section 409A).

The severance provisions set forth in the Wang Retention Agreement are Dr. Wang's exclusive rights to severance payments and benefits in the event of termination of service during the Effective Change in Control Period. However, the Wang Offer Letter severance provisions continues to govern Dr. Wang's severance benefits in the event of termination of service outside of the Effective Change in Control Period. In either case, we are not obligated to pay Dr. Wang a gross-up for taxation on his severance benefits.

Assuming an involuntary or constructive termination without cause of Dr. Wang's employment occurred outside of an Effective Change in Control Period on December 31, 2010, we would have been potentially required to pay Dr. Wang pursuant to the Wang Offer Letter severance totaling \$212,500 and an estimated amount of up to \$5,738 for COBRA health insurance premiums.

Assuming Dr. Wang terminated his employment with us for good reason, or we terminated Dr. Wang's employment without cause, in either case within the Effective Change in Control Period, on December 31, 2010, we would have been potentially required to pay Dr. Wang severance payments totaling \$658,750 and an estimated amount of up to \$11,475 for COBRA health insurance premiums. The value from the acceleration of his then unvested equity awards would have been \$549,437, calculated by multiplying the number of then unvested shares subject to outstanding stock options and restricted stock units by the closing market price on December 31, 2010, which was \$14.19, less the aggregate amount of applicable exercise prices.

We have not entered into employment agreements with any of the Named Executive Officers that specify a fixed term of employment. The employment of each Named Executive Officer with us is at will.

Under our 2006 Equity Incentive Plan, the board of directors or its compensation committee, as administrator of the 2006 Equity Incentive Plan, has the authority to provide for accelerated vesting of the shares of common stock subject to outstanding options and restricted stock units held by our Named Executive Officers and any other person in connection with certain changes in our control. In addition, equity awards granted to our non-employee directors as part of the automatic grant program for those directors will become fully vested upon a change of control of us.

Our Board of Directors determined not to grant any additional equity awards under the 1998 Stock Plan, the 2004 Stock Plan for eHealth China or the 2005 Stock Plan following the completion of our initial public offering in October 2006.
- (3) A total of 2,000,000 shares of our common stock were initially authorized and reserved for issuance under the 2006 Equity Incentive Plan. Additionally, beginning in 2007, on each January 1 for the ten-year term of the 2006 Equity Incentive Plan, the total number of shares of our common stock authorized and reserved for issuance under the 2006 Equity Incentive Plan may increase pursuant to the automatic share replenishment provision under the 2006 Equity Incentive Plan. This automatic share replenishment provision provides for an increase in the number of shares of our common stock authorized and reserved for issuance under the 2006 Equity Incentive Plan in an amount equal to the least of (A) four percent of the number of outstanding shares of common stock as of such January 1, (B) one million five hundred thousand (1,500,000) shares, or (C) an amount determined by our board of directors.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

This report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this report by reference, and shall not otherwise be deemed filed under such Acts.

The audit committee of the board of directors is comprised of three directors, each of whom qualifies as independent under the rules of the Securities and Exchange Commission and the current listing requirements of the NASDAQ Global Market. The current members of the audit committee are Steven M. Cakebread, Scott N. Flanders and Randall S. Livingston. The audit committee acts pursuant to a written charter that was adopted by the board of directors in April 2006 and amended in March 2010.

In performing its functions, the audit committee acts in an oversight capacity and relies on the work and assurances of (i) the company's management, which has the primary responsibility for financial statements and reports and the company's internal controls, and (ii) the company's independent registered public accounting firm, which, in its report, expresses an opinion on the conformity of the company's annual financial statements with accounting principles generally accepted in the United States. It is not the duty of the audit committee to plan or conduct audits, to determine that the company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to assess the company's internal control over financial reporting.

Within this framework, the audit committee has reviewed and discussed with management the company's audited financial statements as of and for the fiscal year ended December 31, 2010 and the company's internal control over financial reporting. The audit committee also has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 114, *The Auditor's Communication with Those Charged with Governance*, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the audit committee has received the written disclosures and letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, has discussed with the independent registered public accounting firm, Ernst & Young LLP, the independence of that firm and has considered whether the provision of non-audit services was compatible with maintaining the independence of that firm.

Based upon these reviews and discussions, the audit committee recommended to the Board of Directors that the audited financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

PROPOSAL 2**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee has appointed the firm of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

The following table sets forth the aggregate fees billed or expected to be billed by Ernst & Young LLP for audit and other services rendered in 2009 and 2010 (in thousands):

	Fiscal Years Ended	
	2009	2010
Audit fees(1)	\$ 1,638	\$ 1,736
Audit-related fees(2)	18	102
Tax fees(3)	20	10
All other fees(4)	2	2
	\$ 1,678	\$ 1,850

- (1) Audit fees: These fees consist of professional services rendered for the audit of our annual consolidated financial statements, review of our quarterly consolidated financial statements, accounting advice and consultations, documentation assistance procedures to meet the requirements of the Sarbanes-Oxley Act of 2002, as well as accounting advice and services that are normally provided by Ernst & Young LLP in connection with statutory and regulatory filings or engagements.
- (2) Audit-related fees: These consist of fees billed by Ernst & Young LLP for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under Audit Fees.
- (3) Tax fees: These fees consist of professional services rendered for tax compliance, tax planning, tax return preparation and technical tax advice.
- (4) All other fees: These fees consist of services not captured in the audit, audit-related or tax categories.
- The audit committee considered whether the provision of services other than audit services is compatible with maintaining Ernst & Young LLP's independence.

Pre-Approval Policies and Procedures

The audit committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm.

Required Vote and Board of Directors Recommendation

Ratification of Ernst and Young LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the votes cast at the Annual Meeting in person or by proxy. This ratification is not required by our bylaws or otherwise. However, the board of directors is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, the audit committee may reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the audit committee determines that such a change would be in the best interests of us and our stockholders.

*The board of directors recommends a vote **FOR** ratification of Ernst & Young LLP as our independent registered public accounting firm.*

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Securities and Exchange Act of 1934, as amended, we are providing our stockholders with the opportunity to cast a non-binding, advisory vote with respect to the compensation of our Named Executive Officers as described below and elsewhere in this proxy statement.

The goal for our executive compensation program is to attract, motivate and retain talented and dedicated executive officers. We seek to accomplish this goal in a way that directly links compensation to measurable corporate and individual performance and focuses executive officers on achieving near and long-term corporate objectives and strategy. We believe that our executive compensation program satisfies this goal and rewards our executives for creating stockholder value.

The Compensation Discussion and Analysis, beginning on page 25 of this proxy statement, describes our executive compensation program and the decisions made by our compensation committee relating to 2010 in more detail. We also urge our stockholders to read the Summary Compensation Table and other related compensation tables and narrative, beginning on page 38 of this proxy statement, which provides detailed information on the compensation of our Named Executive Officers.

We request stockholder approval of the compensation of our Named Executive Officers as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative disclosures that accompany the compensation tables).

As an advisory vote, this proposal is not binding upon us. However, our compensation committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for our Named Executive Officers.

Required Vote and Board of Directors Recommendation

Approval of Proposal 3 requires the affirmative vote of a majority of the votes cast at the Annual Meeting in person or by proxy.

The board of directors recommends a vote **FOR** the approval of the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with Securities and Exchange Commission rules.

PROPOSAL 4

ADVISORY VOTE REGARDING THE FREQUENCY OF THE VOTING WITH RESPECT TO THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In addition to Proposal 3 above, our stockholders are being provided the opportunity to cast a non-binding, advisory vote regarding the frequency of the voting with respect to the compensation of the company's Named Executive Officers. The advisory vote on executive compensation described in Proposal 3 above is referred to as a say-on-pay vote.

This Proposal 4 affords stockholders the opportunity to cast an advisory vote on how often we should include a say-on-pay vote in our proxy materials for future annual stockholder meetings (or special stockholder meeting for which we must include executive compensation information in the proxy statement). Under this Proposal 4, stockholders may vote to have the say-on-pay vote every year, every two years or every three years. For the reasons described below, our board of directors recommends that our stockholders select a frequency of three years, or a triennial vote.

Our executive compensation program is designed to support long-term value creation, and a triennial vote will allow stockholders to better judge our executive compensation program in relation to our long-term performance. As described in the Compensation Discussion and Analysis section above, one of the core principles of our executive compensation program is to ensure management's interests are aligned with our stockholders' interests to support long-term value creation.

Required Vote and Board of Directors Recommendation

Generally, approval of any matter presented to stockholders requires a majority of the votes cast in person or by proxy. However, because this vote is advisory and non-binding, if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by our stockholders. Even though this vote will neither be binding on the company or the board of directors nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, the company or the board, our board of directors will take into account the outcome of this vote in making a determination on the frequency at which advisory votes on executive compensation will be included in our proxy statement.

*The board of directors recommends a vote to hold say-on-pay votes **EVERY THREE YEARS** (as opposed to every year or every two years).*

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who beneficially own more than 10% of our common stock (collectively, Reporting Persons) to file reports of beneficial ownership and changes in beneficial ownership with the Securities and Exchange Commission and the NASDAQ Global Market. Reporting Persons are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of such reports received or written representations from certain Reporting Persons, we believe that during the fiscal year ended December 31, 2010 all Reporting Persons complied with all applicable reporting requirements.

STOCKHOLDER PROPOSALS FOR THE 2012 ANNUAL MEETING

The deadline for submitting a stockholder proposal for inclusion in our proxy statement and form of proxy for our 2012 Annual Meeting of Stockholders pursuant to Rule 14a-8 of the Exchange Act is January 4, 2012.

Our bylaws contain additional advance notice requirements, including requirements with respect to advance notice of stockholder proposals. Under our bylaws, a stockholder proposal will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to our secretary at our executive offices and otherwise complies with the provisions of our bylaws. To be timely, our bylaws provide that such stockholder's notice must be received by our secretary at our principal executive offices no less than 90 days, nor more than 120 days, prior to the one-year anniversary date of the immediately preceding year's annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the stockholder to be timely must be so received not later than the close of business on the later of (i) the 90th day before the annual meeting or (ii) the 10th day following the day on which public announcement of the date of the meeting was made. To be timely for our 2012 Annual Meeting of Stockholders, notice by the stockholder must be received by our secretary at our principal executive offices no earlier than February 15, 2012 and no later than March 16, 2012 (provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before or after the one-year anniversary date of the 2011 Annual Meeting of Stockholders, then notice by the stockholder to be timely must be so received not later than the close of business on the later of (i) the 90th day before the annual meeting or (ii) the 10th day following the day on which public announcement of the date of the meeting was made).

ANNUAL REPORT

We will furnish without charge, upon written request of any person who was a stockholder or beneficial owner of common stock at the close of business on April 22, 2011, a copy of our Annual Report on Form 10-K, including the financial statements and the financial statement schedules. The written request should be sent to: Investor Relations, eHealth, Inc., 440 East Middlefield Road, Mountain View, CA 94043.

Whether you intend to be present at the Annual Meeting or not, we urge you to vote promptly by using the Internet or telephone, or, if you requested to receive printed proxy materials, by signing and mailing the proxy or voting instruction form.

By order of the Board of Directors.
