PROXY STATEMENT

March 26, 2012

INTRODUCTION

We are sending you this proxy statement and the accompanying proxy card in connection with the solicitation of proxies by our Board of Directors for the 2012 annual meeting of stockholders (the Annual Meeting) scheduled for Thursday, April 26, 2012, at 8:00 a.m., New York time, at 11 Wall Street, New York, New York 10005 and via the Internet at www.virtualshareholdermeeting.com/nyx2012, where you will be able to vote electronically during the meeting. We are mailing this proxy statement and the accompanying proxy card to stockholders on or about March 26, 2012. In this proxy statement, we refer to NYSE Euronext as the Company, we, our or us and the Board of Directors as the Board. Whenever we refer in this proxy statement to the Annual Meeting, we are also referring to any meeting that results from any postponement or adjournment of the April 26, 2012 meeting.

Information on how you may vote at the Annual Meeting (such as granting a proxy that directs how your shares should be voted, or attending the Annual Meeting in person or via www.virtualshareholdermeeting.com/nyx2012), as well as how you can revoke a proxy, are discussed in this proxy statement below under *Voting Instructions and Information*.

Table of Contents

VOTING INSTRUCTIONS AND INFORMATION

Who can vote at the Annual Meeting?

You may vote your shares at the Annual Meeting only if you were a stockholder of record at the close of business on February 28, 2012. On that date, 257.5 million shares of our common stock were outstanding, and we had no other class of equity securities issued and outstanding. Subject to the voting limitations described below under *What are the voting and ownership limitations?*, you are entitled to one vote for each share of common stock you own for each matter to be voted on at the Annual Meeting. The number of shares you own (and may vote) is listed on the proxy card.

What proposals will be voted on at the meeting?

There are three proposals from NYSE Euronext to be considered and voted on at the meeting:

To elect 16 directors of NYSE Euronext to hold office until the next annual meeting of stockholders and until their successors are duly elected and qualified. (Proposal No. 1)

To ratify the selection of PricewaterhouseCoopers LLP as NYSE Euronext's independent registered public accounting firm for the fiscal year ending December 31, 2012. (Proposal No. 2)

An advisory vote to approve the Company's executive compensation (Say-on-Pay proposal). (Proposal No. 3)
In addition, there is one proposal from a stockholder to be considered and voted on at the meeting:

To give holders of 10% of the outstanding common stock the power to call a special stockholder meeting. (Proposal No. 4)

How does the Board of Directors recommend I vote?

Our Board of Directors unanimously recommends that you vote:

FOR each of the nominees to the Board of Directors. (Proposal No. 1)

FOR ratification of the selection of PricewaterhouseCoopers LLP as NYSE Euronext's independent registered public accounting firm for our fiscal year ending December 31, 2012. (Proposal No. 2)

FOR the advisory vote to approve the Company's executive compensation. (Proposal No. 3)

AGAINST the stockholder proposal that would give holders of 10% of the outstanding common stock the power to call a special stockholder meeting. (Proposal No. 4)

Who is a stockholder of record?

During the ten days prior to the Annual Meeting, a list of the stockholders of record as of February 28, 2012 will be available for inspection as described below under *How can I view the stockholders list?*

Edgar Filing: NYSE Euronext - Form DEF 14A

If you hold NYSE Euronext common stock that is registered in your name on the records of NYSE Euronext maintained by its transfer agent, Computershare Limited, you are a stockholder of record; or

If you hold NYSE Euronext common stock indirectly through a broker, bank or similar institution, you are not a stockholder of record, but instead hold in street name.

If you are a stockholder of record, these proxy materials are being sent to you directly. If you hold shares in street name, these materials are being sent to you by the bank, broker or similar institution through which you hold your shares.

If you hold shares in street name (that is, through a bank, broker or other nominee) and would like to attend the Annual Meeting and vote in person, you will need to bring an account statement or other acceptable evidence of ownership of NYSE Euronext common stock as of the close of business on February 28, 2012. Table of Contents

If I submit a proxy by Internet, touch-tone telephone or mail, how will my shares be voted?

If you properly submit your proxy by one of these methods, and you do not subsequently revoke your proxy, your shares will be voted in accordance with your instructions.

If you sign, date and return your proxy card but do not give voting instructions, your shares will be voted as follows: **FOR** the election of NYSE Euronext's director nominees; **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as NYSE Euronext's independent registered public accounting firm for our fiscal year ending December 31, 2012; **FOR** the advisory vote to approve the Company's executive compensation; and **AGAINST** the stockholder proposal that would give holders of 10% of the outstanding common stock the power to call a special stockholder meeting; and otherwise in accordance with the judgment of the persons voting the proxy on any other matter properly brought before the Annual Meeting.

If I hold my shares in street name through a U.S. financial intermediary and do not provide voting instructions, can my broker still vote my shares?

Under the New York Stock Exchange (the "NYSE") member rules, a member broker (i.e., a member of the New York Stock Exchange) who holds shares in street name for customers generally has the authority to vote on certain routine or discretionary proposals if it has transmitted proxy soliciting materials to the beneficial owner but has not received instructions from that owner. Therefore, if your broker holds shares in your name and delivers this proxy statement to you, the broker is entitled to vote your shares for the ratification of the appointment of our independent auditors even if the broker does not receive voting instructions from you. However, certain member brokers will only vote uninstructed shares in the same proportion as the instructions received from their other stockholders. *The proposals relating to the election of directors and the advisory vote to approve the Company's executive compensation as well as the shareholder proposal are not routine or discretionary proposals and therefore, if you do not instruct your broker how to vote with respect to these proposals, your shares will not count and will be treated as broker non-votes. These procedures will not apply to stockholders who hold their shares through non-U.S. financial intermediaries.*

How many votes are required to transact business at the Annual Meeting?

A majority of all outstanding shares entitled to vote at the Annual Meeting constitutes a quorum (i.e., the minimum number of shares that must be present or represented by proxy at the Annual Meeting in order to transact business). Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present. Broker non-votes are proxies returned by brokerage firms for which no voting instructions have been received from beneficial owners and discretionary votes were not cast. Once a share is represented for any purpose at the Annual Meeting, it will be deemed present for quorum purposes for the remainder of the meeting (including any meeting resulting from an adjournment or postponement of the Annual Meeting, unless a new record date is set).

How are votes counted?

Proposal No. 1 Election of Directors

Under our bylaws, and subject to the provisions of our bylaws requiring balanced representation between U.S. and European directors, each director is required to be elected by the vote of the majority of the votes cast with respect to that director's election at our Annual Meeting, unless the number of nominees exceeds the number of directors to be elected, in which case the election is deemed to be a contested election and the directors shall be elected by the vote of a plurality of the votes cast. A majority of votes cast means that the number of votes cast for a director's election exceeds the number of votes cast against that director's election (with abstentions not counted as a vote cast either for or against that director's election). In the event an incumbent director fails to receive a majority of the votes cast in an election that is not a contested election, the

Table of Contents

director is required to tender his or her resignation to the Nominating and Governance Committee of the Board of Directors, and the Committee will then make a recommendation to the Board of Directors as to whether to accept or reject the tendered resignation. The Board of Directors will then act on the recommendation of the Committee and publicly disclose its decision regarding the tendered resignation and the rationale behind the decision promptly, and in any event within 90 days, following certification of the election results. If each member of the Nominating and Governance Committee fails to receive a majority of the votes cast in the same election (that is not a contested election), then the independent directors who received a majority of the votes cast in such election will appoint a committee among themselves to consider the tendered resignations and recommend to the Board of Directors whether to accept it. However, if the only directors who received a majority of the votes cast in such election constitute three or fewer directors, all directors may participate in the action regarding whether to accept the tendered resignations. If the Board of Directors accepts a director's resignation, or if a nominee for director is not elected and the nominee is not an incumbent director, then the Board of Directors may fill the resulting vacancy or may decrease the size of the Board of Directors.

As mentioned above, if you do not instruct your broker how to vote with respect to this proposal, your broker may not vote your shares with respect to this proposal.

Proposal No. 2 Ratification of the Selection of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm

The affirmative vote of a majority of the votes cast by stockholders entitled to vote at the Annual Meeting is required to ratify the appointment of our independent auditors. An abstention from voting on this matter will be treated as present for quorum purposes. However, since an abstention is not treated as a vote for or against the matter, it will have no effect on the outcome of the vote.

Proposal No. 3 Advisory Vote to Approve the Company's Executive Compensation (Say-on-Pay Proposal)

The affirmative vote of a majority of the votes cast by stockholders entitled to vote at the Annual Meeting will constitute the stockholders non-binding approval with respect to our executive compensation programs. The Board will review the voting results and take them into consideration when making future decisions regarding executive compensation. An abstention from voting on this matter will be treated as present for quorum purposes. However, since an abstention is not treated as a vote for or against the matter, it will have no effect on the outcome of the vote.

As mentioned above, if you do not instruct your broker how to vote with respect to this proposal, your broker may not vote your shares with respect to this proposal.

Proposal No. 4 Stockholder Proposal

The affirmative vote of a majority of the votes cast by stockholders entitled to vote at the Annual Meeting is required to approve the stockholder proposal. An abstention from voting on the matter will be treated as present for quorum purposes. However, since an abstention is not treated as a vote for or against the matter, it will have no effect on the outcome of the vote.

As mentioned above, if you do not instruct your broker how to vote with respect to this proposal, your broker may not vote your shares with respect to this proposal.

Abstentions and Broker Non-Votes

Because directors are elected by a majority of the votes cast, a director nominee will be elected if the number of votes cast for the director's election exceeds the number of votes cast against that director's election. An abstention is not counted as a vote cast either for or against that director's election and a

Table of Contents

broker non-vote will also have no impact on the election. Any director who receives more against votes than for votes for his or her election will be required to submit his or her resignation as described above under *Proposal No. 1 Election of Directors*.

In the case of ratification of the appointment of PricewaterhouseCoopers LLP, the Say-on-Pay proposal and the stockholder proposal, only votes cast for or against the ratification or approval will be considered; abstentions and broker non-votes will not be treated as a vote for or against the ratification or approval and therefore will have no effect on the vote.

What are the voting and ownership limitations?

Our charter places certain ownership and voting limits on the holders of our common stock. Capitalized terms used below are defined in Annex A to this proxy statement. Under our charter:

no Person (either alone or together with its Related Persons) may beneficially own shares of our common stock representing in the aggregate more than 20% of the total number of votes entitled to be cast on any matter; and

no Person (either alone or together with its Related Persons) shall be entitled to vote or cause the voting of shares of our common stock representing in the aggregate more than 10% of the total number of votes entitled to be cast on any matter, and no Person (either alone or together with its Related Persons) may acquire the ability to vote more than 10% of the total number of votes entitled to be cast on any matter by virtue of agreements entered into by other persons not to vote shares of our outstanding capital stock.

In the event that a Person, either alone or together with its Related Persons, beneficially owns shares of our common stock representing more than 20% of the total number of votes entitled to be cast on any matter, such Person and its Related Persons shall be obligated to sell promptly, and NYSE Euronext shall be obligated to purchase promptly, at a price equal to the par value of such shares of stock and to the extent that funds are legally available for such purchase, that number of shares of our common stock necessary so that such Person, together with its Related Persons, shall beneficially own shares of our common stock representing in the aggregate no more than 20% of the total number of votes entitled to be cast on any matter, after taking into account that such repurchased shares shall become treasury shares and shall no longer be deemed to be outstanding.

In the event that a Person, either alone or together with its Related Persons, possesses more than 10% of the total number of votes entitled to be cast on any matter (including if it possesses this voting power by virtue of agreements entered into by other persons not to vote shares of our outstanding capital stock), then such Person, either alone or together with its Related Persons, will not be entitled to vote or cause the voting of these shares of our capital stock to the extent that such shares represent in the aggregate more than 10% of the total number of votes entitled to be cast on any matter, and NYSE Euronext shall disregard any such votes purported to be cast in excess of this percentage.

The voting limitations do not apply to a solicitation of a revocable proxy by or on behalf of NYSE Euronext or by any officer or director of NYSE Euronext acting on behalf of NYSE Euronext or to a solicitation of a revocable proxy by a NYSE Euronext stockholder in accordance with Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act). This exception, however, does not apply to certain solicitations by a stockholder pursuant to Rule 14a-2(b)(2) under the Exchange Act, which permits a solicitation made otherwise than on behalf of NYSE Euronext where the total number of persons solicited is not more than ten.

Mr. Scott was named chief financial officer of Morgan Stanley Dean Witter at the time of the merger between Morgan Stanley and Dean Witter and became president and chief operating officer in 2001. Mr. Scott joined Morgan Stanley in 1970 and became a managing director in 1979. Prior to the merger, Mr. Scott held a number of positions with worldwide responsibility, including director of investment banking from 1994 to 1996, director of corporate finance from 1992 to 1994 and director of capital market services from 1985 to 1992. Mr. Scott is a trustee of Williams College and a member of the advisory council of the Stanford University Graduate School of Business. Mr. Scott is currently non-executive chairman of the board of Genpact, a publicly traded business process outsourcing company located in India, and a member of the board of trustees of New York Presbyterian Hospital. Mr. Scott is a trustee of the Naples Children and Educational Foundation. Mr. Scott is a former executive vice president of the Greater New York Council of the Boy Scouts of America (1992 to 2004) and was a director of Archipelago Holdings, Inc. He is a former trustee of the Japan Society, former chairman of the American Museum of Fly Fishing and a former trustee and chairman (1984 to 2004) of The Seeing Eye, Inc.

The Nominating and Governance Committee believes that Mr. Scott's diverse professional experience as a president, chief operating officer and chief financial officer of a global financial services firm, his leadership roles as a director of one of our predecessor organizations and as a director of a major international public company, his distinguished contributions to academia and his dedication to public service demonstrate his ability to understand our business and add a perspective that will enhance the Board's strategic discussions. It is for these reasons that the committee concluded that Mr. Scott should serve on the Board of Directors.

CORPORATE GOVERNANCE

Overview

We have created a governance structure that we believe reflects the highest standards of independence, oversight and transparency. Our Board regularly reviews corporate governance developments and modifies our Corporate Governance Guidelines, committee charters and practices from time to time. The charters of the Audit Committee, the Human Resources and Compensation Committee and the Nominating and Governance Committee, as well as our Corporate Governance Guidelines and the Director Independence Policy of the Board of Directors are available on our website at www.nyse.com under the heading *Investor Relations Corporate Governance Overview*. Specifics on how to access these documents are provided under the relevant headings below.

In addition, our Board has adopted a Code of Ethics and Business Conduct that applies to our directors, chief executive officer and chief financial officer, as well as to all other employees, which is also available on our website at www.nyse.com under the heading *Investor Relations Corporate Governance Overview Governance Policies*. Any amendment to the NYSE Euronext Code of Ethics and Business Conduct and any waiver applicable to our directors, executive officers or senior financial officers will be posted on our website within the time period required by the SEC and the NYSE.

Requirements for Directors

Our charter provides that no person who is subject to any statutory disqualification (as defined under Section 3(a)(39) of the Exchange Act) will be permitted to serve as a director of NYSE Euronext.

Each of our directors must be approved by the Chairs Committee of the College of Euronext Regulators and must pass any fit and proper test under applicable European laws or regulations. A finding of fit and proper takes into account, among other things, the integrity and competence of the individual. All of our current directors have been approved by the Chairs Committee of the College of Euronext Regulators and have been found to be fit and proper under applicable European laws and regulations.

Director Independence

NYSE Euronext common stock is listed on the NYSE as well as Euronext Paris. As a company listed on the NYSE, our Board of Directors must comply with the NYSE corporate governance requirements, including the director independence standards. Those standards require that a majority of our Board of Directors be comprised of directors who have no direct or indirect material relationship with NYSE Euronext. In April 2007, we adopted the Independence Policy of the NYSE Euronext Board of Directors (the Independence Policy), which was amended in December 2009. The Independence Policy sets forth the independence requirements that apply to the members of our Board of Directors, which include, and in several respects go beyond, the NYSE standards.

Under our Independence Policy, a director is independent only if the Board of Directors determines that such director does not have any material relationships with NYSE Euronext and its subsidiaries. In making independence determinations, the Board must consider the special responsibilities of a director in light of the fact that NYSE Euronext controls entities that are U.S. self-regulatory organizations subject to the supervision of the SEC, as well as entities that are European securities exchanges subject to the supervision of European regulators. A copy of our Independence Policy is attached to this proxy statement as Annex B and available on our website at www.nyse.com under the heading *Investor Relations Corporate Governance Overview Governance Policies*.

In February 2012, in connection with the Annual Meeting and the election of directors, our Board of Directors reviewed the independence of each director nominee under the standards set forth in our Independence

Table of Contents

Policy. The Board considered, among other things, all transactions and relationships between each director or any member of his or her immediate family and NYSE Euronext and its subsidiaries and affiliates, as well as with members, allied members, allied persons, member organizations (as those terms are defined for purposes of the Independence Policy) and issuers of listed securities. The types of transactions and relationships that could be considered include direct commercial, industrial, banking, consulting, legal, accounting and charitable relationships as well as indirect relationships such as serving as a partner or officer, or holding shares, of an organization that has a relationship with NYSE Euronext and its subsidiaries and affiliates.

In February 2012, our full Board affirmatively determined that each of Jan-Michiel Hessels, Marshall N. Carter, André Bergen, Ellyn L. Brown, Patricia M. Cloherty, Sir George Cox, Sylvain Hefes, Duncan M. McFarland, James J. McNulty, Ricardo Salgado, Robert G. Scott, Jackson P. Tai, Rijnhard van Tets and Sir Brian Williamson were independent.

As part of the independence review undertaken by our Board, our Board of Directors also determined that none of our independent directors had any material relationship with NYSE Euronext or its subsidiaries or management, outside of their directorships on the boards of NYSE Euronext and its subsidiaries. In making its determinations, the Board of Directors considered the various relationships and found them to be immaterial under our Independence Policy. Some of these relationships included Mr. Williamson's current and former positions as directors of companies with broker-dealer affiliates that are either NYSE, NYSE Arca, Inc. or NYSE Amex LLC members.

Based upon the Board's independence review, each of our Audit Committee, Human Resources and Compensation Committee and Nominating and Governance Committee is comprised entirely of directors who have been determined to be independent under the NYSE listing standards and our Independence Policy.

Board Meetings and Committees

Our current Board was elected on April 28, 2011. There were 26 meetings of the Board in 2011. Our independent directors meet regularly in executive session without management participation, as required by the NYSE listing standards. Mr. Hessels has been appointed by the Board as the director presiding at these meetings.

As a matter of Board policy, it is expected that each director will be available to attend substantially all of the meetings of the Board and any committees on which the director serves. Each of our directors attended at least 75% of the total number of meetings of the Board and committees on which the director served that were held while the director was a member, except for Mr. Salgado. Mr. Salgado has been a member of the Board since 2007, and this is the first year that Mr. Salgado did not attend at least 75% of meetings of the Board and the committees on which he served. Mr. Salgado holds a key position as vice-chairman and president of the executive committee of Banco Espirito Santo, Portugal's largest bank, which in 2011 required him to focus on managing the bank's navigation of the European debt crisis. He also actively participated in high-level European regulatory and political discussions about how best to resolve the crisis. Mr. Salgado attended a number of joint meetings of the European Commission, the European Central Bank and the International Monetary Fund, as well as meetings of the Bank of Portugal and the Portuguese Banking Association, to implement the new requirements imposed on Portugal and its banking sector. Mr. Salgado's intensive efforts to address the crisis restricted his ability to attend certain of the significant number of special meetings held in connection with the proposed business combination with Deutsche Börse, which were not part of the regular meeting schedule and were often called with little advance notice. Mr. Salgado participated in major decisions of the Board concerning the proposed business combination, kept apprised of developments regarding the transaction through communications with his fellow directors, and attended all but one of the regularly scheduled meetings of the Board and the committee on which he served.

In addition, our policy is that all directors and nominees should attend annual meetings of stockholders. All of our current directors attended the 2011 annual meeting.

Audit Committee

The Audit Committee is composed of six independent directors and operates pursuant to a written charter. Our Audit Committee Charter is available on our website at www.nyse.com under the heading *Investor Relations Corporate Governance Committees*. The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Exchange Act.

The Board of Directors has determined that each member of the Audit Committee is financially literate and has accounting or related financial management expertise, as such qualifications are defined under the rules of the NYSE, and that Robert G. Scott is an audit committee financial expert within the meaning of the rules of the SEC.

Human Resources and Compensation Committee

The Human Resources and Compensation Committee (HR&CC) is composed of four independent directors and operates pursuant to a written charter. Our HR&CC Charter is available on our website at www.nyse.com under the heading *Investor Relations Corporate Governance Committees*.

HR&CC Interlocks and Insider Participation

Edgar Filing: NYSE Euronext - Form DEF 14A

In 2011, our HR&CC consisted of Duncan M. McFarland, James J. McNulty, Ricardo Salgado and Sir Brian Williamson. No member of the HR&CC is a current or former officer or employee of NYSE Euronext or any of its subsidiaries, with the exception of Sir Brian Williamson, who resigned as executive chairman of LIFFE, the

predecessor of NYSE Liffe, in April 2003. There are no compensation committee interlocks (i.e., situations where an executive officer of NYSE Euronext serves on the board or compensation committee of another company and an executive officer of such company serves on our Board or HR&CC).

Nominating and Governance Committee

The Nominating and Governance Committee is composed of four independent directors and operates pursuant to a written charter. The Nominating and Governance Committee Charter is available on our website at www.nyse.com under the heading *Investor Relations Corporate Governance Committees*.

Our bylaws provide that the Nominating and Governance Committee must be composed of an equal number of U.S. domiciliaries and European domiciliaries.

The Nominating and Governance Committee is responsible for proposing a slate of directors for election by the stockholders. The Nominating and Governance Committee is responsible for proposing persons as candidates for the Board of Directors who, in the opinion of the committee, (i) meet the requirements related to Board composition set forth in the bylaws, (ii) are committed to serving the best interests of NYSE Euronext and (iii) can discharge the obligations of directors under the NYSE Euronext charter. As part of this process, the Nominating and Governance Committee reviews each incumbent director's continued service on the Board of Directors on an annual basis.

The Nominating and Governance Committee considers each nominee on his or her individual merits, taking into account the needs of NYSE Euronext and the composition of the Board of Directors. Members of the Nominating and Governance Committee discuss and evaluate director candidates and may employ outside consultants to help identify director candidates. The Nominating and Governance Committee will consider nominees recommended by stockholders and the public on the same basis as it considers any other candidates.

The Nominating and Governance Committee selects director candidates on the basis of outstanding achievement in their professional careers, broad experience, personal and professional integrity, previous board or top-level management/leadership experience and ability to make independent analytical inquiries. See *Election of Directors Nominees for Election to the Board of Directors*. The Nominating and Governance Committee also considers the skill sets and experiences of the existing directors and actively seeks to add directors who would bring additional relevant skill sets and experiences to the Board or would replace skill sets and experience lost through a director's retirement. Subject to a determination of the Board as set forth in the Independence Policy, directors are required to be independent from listed companies and NYSE, NYSE Arca, Inc. and NYSE Amex LLC members under the Independence Policy established by the Board. At least three-fourths of the directors also must be independent from the management of NYSE Euronext and its subsidiaries in a manner comparable to the requirements of the NYSE governance standards for listed companies. Among other things, no independent director currently may be, or within the past three years may have been, an employee of NYSE Euronext or its subsidiaries, and independent directors must have no other material relationship with NYSE Euronext and its subsidiaries. In selecting director candidates, NYSE Euronext and its subsidiaries do not discriminate on the basis of race, color, religion, sex, sexual orientation, national origin, age, people with disabilities, marital status, citizenship, genetic predisposition or carrier status or any other characteristic protected by law. Our Candidate Nomination Policy, which contains the criteria for director candidates, is available on our website at www.nyse.com under the heading *Investor Relations Corporate Governance Overview Governance Policies*.

Stockholders and members of the public who wish to submit candidates for consideration should submit them in accordance with the procedures described under *Other Matters Director Nominations and Other Business* below.

Complaint Procedures for Accounting, Internal Accounting Controls or Auditing Matters

NYSE Euronext has adopted a global whistle-blowing policy to enable anyone who has a good-faith complaint regarding NYSE Euronext's accounting, internal accounting controls or auditing matters to communicate that complaint directly to the Audit Committee. Employees of NYSE Euronext may do so on a confidential or anonymous basis. Anyone with complaints regarding accounting matters, internal accounting controls or auditing matters may report them to the NYSE Euronext's chief compliance officer or directly to the Audit Committee by mail to NYSE Euronext, 20 Broad Street, 8th Floor, New York, New York 10005 or by email to ccereporting@nyx.com or through EthicsPoint, a third-party anonymous and confidential reporting website (www.ethicspoint.com) and telephone hotline (provided on the website).

Policy Regarding Communications with the Chairman, Independent Directors and the Board

We have adopted procedures for communicating with our chairman, independent directors and the Board of Directors as a whole. Any person may communicate in writing to NYSE Euronext's chief compliance officer, the chairman of our Board of Directors, our independent directors as a group or our Board of Directors via regular mail addressed to NYSE Euronext, 11 Wall Street, New York, New York 10005. You may also send an email directly to the chief compliance officer at ccereporting@nyx.com, to the corporate secretary at corpsecy@nyx.com or to the chairman of the Board of Directors at boardofdirectors@nyx.com. All written submissions that appear to be good faith efforts to communicate with Board members about matters involving the interests of NYSE Euronext and our stockholders are collected and forwarded on a periodic basis to the Board of Directors along with a summary of our actions in response to such submissions. Communications that are not related to a director's duties and responsibilities as a Board member may be excluded by the Office of Legal and Government Affairs. The directors to whom such information is addressed will be informed that the information has been removed and that it will be made available to such directors upon request. Matters related to regulatory functions of our U.S. securities exchanges are forwarded directly to NYSE Regulation, an indirect not-for-profit subsidiary of NYSE Euronext.

Compensation of Directors

Non-management directors of NYSE Euronext are compensated under our director compensation program, which is reviewed annually by the Nominating and Governance Committee and approved by the Board. The chairman, the deputy chairman and each of the other non-management members of the Board receives an annual fee of \$450,000, \$250,000 and \$150,000, respectively. These fees are paid 50% in cash and 50% in restricted stock units (RSUs) granted under the NYSE Euronext Omnibus Incentive Plan, which are vested immediately upon grant. The cash portion generally is paid quarterly in arrears, and the RSUs generally are granted on the annual meeting date. The shares underlying the RSUs are delivered on a director's retirement, resignation or other termination (other than for cause), unless the director timely elects to receive the shares in five annual installments following such termination. Prior to the delivery of the shares, directors receive dividend equivalents on the RSUs in respect of any cash dividends that our shareholders receive.

The chairman of the Audit Committee receives an additional annual fee of \$25,000. The chairman of each of the Nominating and Governance Committee, the Technology Committee and the Human Resources and Compensation Committee, and each member of the Audit Committee, receives an additional annual fee of \$10,000. The chairman and deputy chairman of the Board, however, are not eligible for any such additional fees. All such additional annual fees are paid entirely in cash on the same quarterly schedule in arrears as the cash portion of the Board fee.

Table of Contents

Our non-management directors are reimbursed for their out-of-pocket travel expenses. In certain cases, as described below, our non-management directors who also serve as directors on the boards of our subsidiaries receive additional compensation for such service. We generally provide our non-U.S. based directors with reimbursement for tax advice and preparation services primarily related to additional tax obligations resulting from their compensation as directors.

Considerations of Diversity in the Nominations Process

The Nominating and Governance Committee considers diversity in identifying nominees to serve as directors of NYSE Euronext. Although the Nominating and Governance Committee does not have a formal diversity policy, our Candidate Nomination Policy states that the Nominating and Governance Committee believes that director candidates must have diversity of personal, professional and cultural experience. As described above under *Election of Directors Nominees for Election to the Board of Directors*, the committee makes an assessment of the specific experience, qualifications, attributes and skills of each director nominee, and one of the factors that the committee considers in making this assessment is the extent to which the candidate demonstrates the desired diversity of personal, professional and cultural experiences among the director nominees.

Edgar Filing: NYSE Euronext - Form DEF 14A

In addition, our Candidate Nomination Policy contains a non-discrimination provision that states that [i]n selecting director candidates, NYSE Euronext and its subsidiaries do not discriminate on the basis of race, color, religion, sex, sexual orientation, national origin, age, people with disabilities, marital status, citizenship, genetic

predisposition or carrier status, or any other characteristic protected by law. The committee at all times abides by such non-discrimination provision in the selection and recommendation of director nominees.

Board Leadership Structure and Board's Role in Risk Oversight

The leadership structure of the Board of Directors is dictated, in part, by our bylaws, which require that either (i) the chairman of the Board of Directors be a U.S. person and the chief executive officer be a European person or (ii) the chairman of the Board of Directors be a European person and the chief executive officer be a U.S. person. Accordingly, we have separated the role of chairman and chief executive officer. We believe that this is the best structure for a company, such as ours, which is the culmination of a merger between two robust organizations operating in the United States and Europe, to become a global, integrated company. This structure also provides for independent oversight of management at the Board leadership level.

The Company has a comprehensive, three-lines-of-defense risk management process that is ultimately overseen by the Board. The first line, day to day risk management, is monitored by a Business Risk Group—a committee comprised of key individuals from across the Company's geographic and business units. The Business Risk Group monitors key internal and external risk drivers and reviews the potential likelihood, possible magnitude and importance of risks. The Business Risk Group also provides suggestions on how to mitigate such risks and assigns appropriate senior executives to act as risk managers.

The Company's Risk Services group forms the second line of defense by creating the proper framework and process for risk identification. Risk Services is an independent function, reporting to the chief financial officer, that provides objective assurance to assist management (including the Business Risk Group) and the Board in risk oversight and assessment and that ensures appropriate escalation and accurate disclosure of risk matters. Internal Audit Services provides the third line of defense by independently verifying the risk and control framework. The Audit Committee receives the results of reviews and internal audits of the process and underlying risk factors and monitors the appropriate disclosure of such risks to investors.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership of, and transactions in, our equity securities with the SEC. Such directors, executive officers and 10% stockholders are also required to furnish us with copies of all Section 16(a) reports they file.

Based on our records, and written representations and other information that we received during this fiscal year, we believe that during fiscal 2011 all of such reporting persons complied with all Section 16(a) reporting requirements applicable to them except that one transaction for each of Messrs. Bellegarde and Jones and two transactions for Mr. Leibowitz were not timely reported. For Messrs. Bellegarde and Jones, the failure to timely report resulted from an administrative error by NYSE Euronext. All of these transactions were subsequently reported on Form 4 or Form 5.

each person who is known by us to own beneficially 5% or more of our outstanding common stock;

each of our directors and director nominees;

each of our named executive officers; and

our directors and executive officers as a group.

Unless otherwise indicated, the business address of our directors and named executive officers is 11 Wall Street, New York, New York 10005. Beneficial ownership is determined under the rules of the SEC and generally includes voting or investment power over securities. The table includes shares underlying vested RSUs held by our directors and RSUs held by our named executives that are scheduled to vest within 60 days. Except in cases where community property laws apply or as indicated in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of our common stock shown as beneficially owned by that stockholder. COMPENSATION OF EXECUTIVE OFFICERS

Compensation Committee Report

The Human Resources and Compensation Committee of the Board (the HR&CC) reviewed and discussed the Compensation Discussion and Analysis (CD&A) with management, with Towers Watson (the HR&CC's outside compensation consultant) and with counsel. Based on such review and discussions, the HR&CC recommended to the Board that the CD&A be included in this proxy statement.

Compensation Discussion and Analysis

This CD&A describes the principles, policies and practices that informed our executive compensation program for 2011 and explains the application of these principles, policies and practices to six of our executive officers: our chief executive officer, our president and deputy chief executive officer, our chief financial officer and our three other most highly compensated executives. These six executives are named in the 2011 Summary Compensation Table that follows this CD&A, and we refer to them as our named executives.

Our company is complex and unique and has a global reach and these attributes influence our approach to executive compensation. Our 2011 executive compensation program was designed to reward our named executives for their significant contributions to our performance, including the achievement of the key initiatives described below. These achievements and the day-to-day business successes that we accomplished in 2011 occurred at a time when we were also dedicating substantial efforts in connection with a proposed business combination with Deutsche Börse (the Proposed Business Combination) that, as a result of the European Commission's decision to prohibit the combination, did not occur. Through this process our executive team stayed focused on delivering shareholder value, and we believe that the compensation actions described in this CD&A were appropriately taken.

Executive Summary

Relationship Between Company Performance and Compensation Actions in 2011

We face increasing competition from a variety of sources, as the methods by which capital markets can be formed and operated continue to expand, and as the services that these markets require proliferate. In particular, recent trends towards the liberalization and globalization of world capital markets have resulted in greater mobility of capital, greater international participation in local markets and more competition among markets in different geographical areas. As a result, global competition among listing venues, trading markets and other execution venues has become more intense. We are proud of the following accomplishments in 2011 that helped us meet these challenges, face uncertain market conditions and continue to build long-term shareholder value:

Reported year-over-year increases in net revenue of 6%, operating income of 21%, net income of 19%, diluted earnings per share of 19% and earnings before interest, taxes, depreciation and amortization (EBITDA) of 15%.*

* Certain of these measures are not financial measures calculated in accordance with accounting principles generally accepted in the United States (GAAP). See Annex C to this proxy statement for a reconciliation of these non-GAAP financial measures to the most directly comparable GAAP financial measures.

Table of Contents

Limited capital expenditures to \$170 million, significantly below our cost guidance of \$200 million;

Achieved 10% year-over-year revenue increase in our NYSE Technologies business;

Continued to make strong inroads into Asia, in particular with our acquisition of Metabit and the deepening of our relationship with the Tokyo Stock Exchange;

Ranked first globally for IPOs, with three times the total proceeds raised by our nearest U.S. competitor;

Together with NYSE Arca options, grew our market share to a record 28%, which was first in US equity options; and

Completed a \$100 million share buyback in the fourth quarter.

At the core of our ability to deliver these results is our a dynamic, globally integrated, technologically skilled and entrepreneurial management team. To retain and incentivize our management team, and in recognition of this year's accomplishments, we took the following specific compensation actions, which were consistent with our philosophy of tying our executives' pay to performance:

Funded our annual incentive compensation pool for 2011 at 115% of the 2010 pool due to the increased attainment of the EBITDA metric used to generate the pool, thereby directly tying our annual financial results to the amount of compensation that we pay;

Granted incentive awards to our named executives based on their accomplishments as a team and, if applicable, the accomplishments of their business units;

Delivered half of our executives' annual performance bonuses, and their entire equity grants under the long-term incentive program (LTIP), in time-vesting RSU awards, thereby tying a significant portion of compensation to the Company's long-term performance while enhancing retention;

Froze the named executives' base salaries for the fourth consecutive year, further tying the executives' pay to performance by not increasing the fixed component of their pay; and

Adopted a stock ownership guideline for our chief executive officer.

Relationship Between NYSE Euronext's Pay for Performance Philosophy and Compensation Actions in 2011

Our compensation program for our named executives is designed to link the executives' compensation as closely as possible with the Company's performance and thereby to align the executives' interests with those of our shareholders. We attempted to achieve this in 2011 through the following actions that reflect the core elements of our compensation program:

Used an annual performance bonus pool based on a specified percentage of EBITDA, which we believe to be the best indicator of financial performance as it allows us to focus on core operating profitability, to fund the bonuses paid globally to our employees, including our named executives;

Edgar Filing: NYSE Euronext - Form DEF 14A

Subjected the annual bonus payments to a threshold and maximum payout. The threshold ensures that no payments are made if the minimum performance level is not achieved, and the maximum payout ensures that participants are not incentivized to take unnecessary or excessive risks;

Tied compensation to company and individual performance in 2011 through the use of variable compensation components; and

Continued to award a significant portion of compensation in equity, which holds executives accountable for annual and longer-term company performance.

Objectives and Design of the Compensation Program

Guiding Principles

We have designed our management compensation program to reflect the following guiding principles:

Build long-term value for shareholders by attracting, retaining and incentivizing talented executives with competitive compensation packages;

Maintain a strong ownership culture and align executive compensation with shareholder interests through direct participation in long-term stock performance;

Deliver compensation pursuant to a consistent global philosophy that emphasizes shared goals linked to company, business unit and individual performance, while remaining responsive to local market conditions;

Encourage and reward robust company and business unit performance with an annual bonus program that incorporates a strong pay for performance relationship, in particular through the use of financial performance metrics (for 2011, EBITDA) to determine the size of the annual bonus pool used to fund annual bonus payments and through the consideration of qualitative and quantitative performance outcomes in determining individual bonus amounts;

Reward corporate, operating unit and individual factors that support our culture, such as individual excellence, integrity, innovation, customer focus, teamwork and emphasis on diversity; and

Promote transparency and accountability through the use of straightforward compensation components.

Elements of Executive Compensation

To implement our guiding principles, our executive compensation program for 2011 comprised three basic elements:

Base salary to attract and retain highly talented, dedicated and results-oriented executives;

Annual performance bonus, the grant and ultimate value of which is strongly linked to company and individual performance and short- and long-term shareholder value creation.

The size of the bonus, which was granted in February 2012, was tied to the Company's performance in 2011 utilizing EBITDA as our key financial measure to determine bonus pool funding and to the executive's performance through the application of discretion in consideration of the executive's contributions to the business. Half of the bonus is paid in equity, which further ties the bonus to longer-term performance. This design fosters our pay-for-performance compensation philosophy, ensures focus on both short-term and long-term success of the Company and strongly aligns the interests of our senior management team with those of our shareholders; and

Annual grants, made in February 2011, of long-term equity awards in the form of RSUs that cliff vest on the third anniversary of the grant date, to foster an ownership culture and to provide executives with a direct investment in the long-term success and growth of the Company.

Each of these elements is discussed in detail below.

Compensation Process and Market Comparisons

Compensation Decision Process

Independence considerations in compensation process

The Company believes that the independence of each member of the HR&CC is instrumental to the committee's ability to carry out its responsibilities, including determining the amount and structure of

Table of Contents

compensation paid to the named executives and administering the Company's equity-based compensation plans. The independence of the HR&CC also reinforces the values of accountability and transparency in the compensation process.

To maintain the independence of our not-for-profit subsidiary, NYSE Regulation, the compensation of its executives is determined solely by its board of directors, and the executives of NYSE Regulation do not participate in certain of our general compensation programs, including our equity-based compensation plans. The HR&CC advises and assists the NYSE Regulation board at its request concerning executive compensation policies and procedures, and we believe that the compensation philosophies of the HR&CC and the NYSE Regulation board are consistent. None of our current named executives is an executive of NYSE Regulation.

Role of CEO and management in determining compensation

Executive compensation decisions are made within the HR&CC's discretion; however, to make these decisions the committee seeks input from management and guidance from its independent compensation consultant. None of the Company's executives has any direct role in determining the amount of his or her compensation. Our chief executive officer recommends compensation packages for our named executives, other than himself. His assessment of each executive is based on the executive's achievement of business or functional results (as appropriate) as well as the management team's collective achievement of strategic priorities. For a further discussion of each named executive's contribution, see *Annual Performance Bonus Individual bonus amounts*.

Independence of compensation consultant and role in determining compensation

The HR&CC has retained Towers Watson, an independent compensation consultant, to provide the committee with guidance and services relating to executive pay. Towers Watson provides various analyses, as directed by the committee, as well as recommendations regarding executive compensation philosophy and design, including the selection of the companies that comprise the peer groups that the HR&CC uses for market compensation comparisons.

Risk assessment

Towers Watson conducted an assessment of the features of the Company's executive and employee compensation programs to determine whether any material risks to the Company could result from the design of any of these specific features. This review, presented to the HR&CC at its meeting in February 2012, was undertaken independently under the purview of the HR&CC, although Towers Watson worked with members of management to gather compensation plans and review processes. The foundation of this review was the thorough assessment undertaken in the previous year and the knowledge that the compensation programs had not materially changed.

The HR&CC considered the findings of the assessment and concluded that the Company's compensation programs' design and administration continue to operate with the appropriate balance of risk and reward in relation to its overall business and risk management strategy and do not create risks that are reasonably likely to have a material adverse effect on the Company.

2011 Say-on-Pay and Say-When-on-Pay Votes

At our 2011 annual meeting, over 83% of votes were cast, on an advisory basis, in favor of the say-on-pay vote on executive compensation. As such, the HR&CC has concluded that the large majority of our shareholders is satisfied with our existing program. We continuously review our compensation policies and decisions and dialogue with our shareholders to determine whether to make improvements to our existing executive compensation program to ensure that the interests of our named executives are directly aligned with the interests of the Company and shareholders. To that end, on March [], 2012, we entered into an amended and restated employment agreement with Mr. Niederauer and recalibrated his equity incentive compensation to include a performance-based element. The employment agreement eliminates the golden parachute excise tax gross-up that was included in his original employment agreement. For more on the employment agreement and performance-based equity awards, see *Subsequent Events* below.

Table of Contents

Also at our 2011 annual meeting, over 83% of votes were cast, on an advisory basis, in favor of holding the advisory say-on-pay vote every year. The Board of Directors considered this result and determined that the Company will hold the advisory say-on-pay vote every year. Therefore this year we again are providing our shareholders with an advisory vote to approve the compensation of our named executives, as disclosed in this proxy statement, including this CD&A and the tables and narrative disclosure that follow (see *Proposal No. 3 Advisory Vote to Approve the Company's Executive Compensation*). We seek your support and believe that it is appropriate because, as further detailed in this CD&A, we have a comprehensive executive compensation program that is designed to link our executives' compensation as closely as possible with the Company's performance and to align the executives' interests with yours as shareholders. For example, we deliver a significant percentage of total compensation in performance-based and long-term incentive awards. We continually monitor our executive compensation program and modify it as needed to strengthen this link between compensation and performance and to reflect the dynamic, global marketplace in which we compete for executive talent. Although, as an advisory vote, this proposal is not binding on the Company, the HR&CC will carefully consider the shareholder vote on this matter at its next meeting. Our Board unanimously recommends that you vote **FOR** this proposal.

Peer Groups

Peer groups are used to provide the HR&CC with insights into the markets within which we compete for executive talent. Results from studies of the peer groups guide, but do not dictate, the committee's decisions regarding pay level and design architecture. The committee believes that its approach of not targeting a specified pay percentile but rather allowing the relative level and design of the programs to inform pay decisions is appropriate given the global nature and diverse skills and experience of our management team.

Due to the evolving nature of our company, the HR&CC has examined two peer groups. To reflect our historical foundation as a traditional exchange business, the HR&CC constructed an exchange industry peer group consisting of exchange companies (the Global Exchange Peer Group). We are also entrepreneurial and innovative and committed to emerging as a world-class technology solutions provider, so the HR&CC also constructed a global peer group consisting of companies that similarly leverage technology and/or serve the financial services industry on a global basis (the Global Peer Group). The companies comprising each peer group are set forth below.

Annually, with the assistance of Towers Watson, the HR&CC reviews these peer groups and ensures their continued applicability. In 2011, there were no changes to the composition of either peer group. The Global Exchange Peer Group consists of publicly traded global marketplaces that are direct competitors of NYSE Euronext. The 2011 composition of the Global Exchange Peer Group is as follows:

ASX Limited	IntercontinentalExchange, Inc.
CME Group Inc.	London Stock Exchange Group plc
Deutsche Börse AG	Singapore Exchange Limited
Hong Kong Exchanges and Clearing Limited	The NASDAQ OMX Group, Inc.
ICAP plc	TMX Group Inc.
Interactive Brokers Group, Inc.	

The Global Peer Group consists of a blend of U.S. and non-U.S. domiciled companies that have a global reach, in addition to having characteristics such as brand name recognition, regulatory compliance obligations and a technology-dependent business component. The 2011 composition of the Global Peer Group is as follows:

Accenture	ING Groep N.V.
AEGON N.V.	Oracle Corporation
Automatic Data Processing, Inc.	Prudential Financial, Inc.
Barclays PLC	SAP AG
BlackRock, Inc.	Société Générale Group
BNP Paribas	State Street Corporation
Fiserv, Inc.	The Progressive Corporation
Genworth Financial, Inc.	Visa Inc.

Table of Contents

Certain shareholder advisory services have constructed their own peer groups to evaluate our executive compensation program. These services generally select companies within a broad industry category with similar revenues and market capitalizations, without regard to whether the companies share our salient characteristics or compete with us for customers and executive talent. As the companies in the Global Exchange Peer Group and the Global Peer Group share our characteristics and compete with us, we believe that our peer groups provide a more appropriate basis for informing the HR&CC's decisions regarding our executive compensation program.

Pay Mix

We believe that the mix of cash and equity awards should provide an appropriate balance between fixed and variable, cash and equity and short- and long-term pay elements. This practice holds executives accountable for annual and longer-term performance and mitigates risk taking by removing focus from short-term performance. Accordingly, while it does not target specified percentages, the HR&CC seeks to allocate a greater portion of compensation to variable and equity-based pay than it allocates to cash, particularly salary.

Towers Watson again this year assessed the pay mix of our named executives against that of the Global Exchange Peer Group and the Global Peer Group. As summarized in the charts below, the analysis compared our named executives' 2010 base salaries, 2010 bonuses (paid in 2011) and February 2011 LTIP grants with the base salaries, cash bonuses and equity-based awards of the peers' named executives as disclosed in the peers' proxy statements filed in 2011. The first chart compares the pay mix of our chief executive officer with that of the chief executive officers of the peer groups, and the second chart compares the aggregate pay mix of our other named executives with that of the peers' other named executives. The analysis demonstrates that again this year our named executives received more of their compensation in the form of variable and long-term equity-based compensation than did the peers' named executives. The HR&CC believes that compensating the named executives in this manner is a leading industry practice.

CEO - Mix of Pay

For the CEO, the analysis excludes Société Générale Group from the Global Peer Group and excludes Interactive Brokers Group, Inc. from the Exchange Peer Group as these companies did not grant short- or long-term incentive awards. This analysis also excluded Oracle from the Global Peer Group, as this company granted \$1 in base salary.

Other Named Executives - Mix of Pay

For the named executives other than the CEO, the named executives from Société Générale Group from the Global Peer Group were excluded from the analysis, as this company did not grant short- or long-term incentive awards.

Stock Ownership Guideline

In February 2011, the HR&CC adopted a stock ownership guideline that requires our chief executive officer to maintain ownership of NYSE Euronext common stock in an amount that is at least equal to three times his base salary. Mr. Niederauer currently exceeds this standard.

Elements of Compensation

Overview

The principal elements of our compensation program are base salary, annual performance bonus (cash and equity components), equity grants in the form of RSUs under our LTIP, employee benefits, termination benefits and change in control protection.

Base Salary

We establish base salaries at levels that we believe are commensurate with each named executive's title, position and experience, recognizing that each named executive is managing a component of a complex global company. The salary level for each title was developed taking into account historic salary practices, appropriate differentiation among titles, the desire to achieve a global compensation program with compensation processes that are consistent across geographic locations and general views of competitive practice. For our chief executive officer, salary was set at \$1,000,000, and for our president and deputy chief executive officer, salary was set at \$675,000. Salaries for other named executives were set at \$750,000. In each case, salaries are denominated in dollars or euros, based on the executive's location, and the rates are designed to be roughly equivalent in light of prevailing exchange rates.

We did not increase the salary level for any named executive in 2011 from 2010 and in fact salaries for the named executives have remained flat since 2009, as illustrated in the following table.

Table of Contents**Annual Salary**

Name and Principal Position	Year	Salary⁽¹⁾
Duncan L. Niederauer Chief Executive Officer	2011	\$ 1,000,000
	2010	1,000,000

Dominique Cerutti President and Deputy Chief Executive Officer	2011	675,000 ⁽²⁾

- (1) Amounts represent annual base salary rates and differ from certain of the salary amounts in the 2011 Summary Compensation Table, which vary depending on the named executive's length of service in a given year.
- (2) Amounts for Mr. Cerutti are denominated in the local currency, the euro. Between 2009 and 2011, there have been material fluctuations in exchange rates. For this reason, we feel that presentation in the local currency better reflects Mr. Cerutti's overall compensation. Expressed in dollars, Mr. Cerutti's annual base salary rate was \$938,250, \$897,750 and \$938,250 in 2011, 2010 and 2009, respectively. For 2011, 2010 and 2009, the applicable average exchange rates were \$1.39, \$1.33 and \$1.39 per euro, respectively.

Annual Performance Bonus

The second principal element of our compensation system is an annual performance bonus program under which the named executives are eligible to earn annual bonuses paid half in cash and half in equity awards in the form of time-vesting RSUs. Both the cash and equity portions of the annual bonus incentivize the participants to attain short-term individual, business unit and company performance outcomes. The equity portion has the additional purpose of aligning the participants' incentives with the interests of our shareholders over a longer period.

The annual bonus pool, in the amount determined for each year, is used to fund the participants' bonuses for that year. To strengthen the link between the Company's performance and the funding of the annual bonus pool, we continued to use a single financial measure, EBITDA, to determine bonus pool funding for 2011, as described in more detail below.

Table of Contents

2011 bonus pool

The use of EBITDA as the metric for determining the amount of the annual bonus pool for 2011 strengthens the link between the Company's performance and the funding of the pool by enhancing the objectivity of the compensation process and eliminating any undesired effects of financing, capital structure, tax strategies and depreciation and amortization policies on the amount of the pool and by focusing on the Company's core operating profitability.

In February 2011, the HR&CC determined that for 2011 the amount of the global bonus pool, which funds the annual bonuses paid to all our eligible employees, should be calculated based on a specified percentage of EBITDA* (see table below), as reduced to reflect the outsourcing of certain regulatory functions to FINRA, which resulted in fewer participants in the pool. EBITDA for 2011 was \$1.286 billion* which resulted in a pre-reduced funding amount of \$141.5 million. This amount was reduced, as described above, to arrive at the actual 2011 bonus pool of \$135.0 million, a portion of which was distributed to eligible employees in time-vesting RSUs (ranging from 0% to 50% based on the eligible employee's total compensation) and the remainder of which was distributed in cash. As described in more detail below, the amount of each named executive's 2011 bonus was determined by the HR&CC with input from Mr. Niederauer (except with respect to his own bonus) after carefully considering the executive's contributions as indicated by the collective and individual accomplishments of the named executives.

EBITDA*	Total Bonus Pool (% of EBITDA)
Less than \$862 million	0%
At least \$862 million and less than \$1.046 billion	10%
At least \$1.046 billion and less than \$1.416 billion	11%
At least \$1.416 billion and less than \$1.6 billion	12%
\$1.6 billion or more	Capped at 12% of \$1.6 billion

No bonus pool funding would have resulted had EBITDA been less than \$862 million. This threshold for funding the 2011 bonus pool was \$26 million higher than the threshold for funding the 2010 bonus pool. No additional bonus pool funding would have resulted had EBITDA exceeded \$1.6 billion, which effectively capped the amount of the global bonus pool at \$192 million (i.e., 12% of \$1.6 billion).

* EBITDA is not calculated in accordance with GAAP. See Annex C to this proxy statement for a reconciliation of EBITDA to the most directly comparable GAAP financial measure.

Individual bonus amounts

Although the bonus pool is funded based on the formula described above, the distribution of that pool to individuals is based on the accomplishments of specific strategic objectives, team objectives and, as applicable, the accomplishment of business unit objectives. Although no specific formula is applied, the following is a summary of the business-related outcomes that were considered when making individual bonus determinations for each named executive for 2011, including a discussion of the collective and individual accomplishments of the named executives. These amounts, along with the amounts of the named executives' bonuses for 2010 and 2009, as applicable, are set forth in the Annual Performance Bonus table at the end of this section.

Mr. Niederauer. The Board of Directors concurred with the HR&CC's recommendation to award Mr. Niederauer an annual performance bonus based on the HR&CC's consideration of the following outcomes:

the strong financial performance of the Company, including year over year increases of 15% in EBITDA, 19% in diluted earnings per share and 38% in operating margin, 12% total shareholder return over two years, and limiting capital expenditures to \$170 million and total fixed operating expenses to \$1.666 billion for the year;*

the significant gains made toward successfully executing on the Company's technology-based strategy;

Mr. Niederauer's role in developing talent, projecting strong leadership both within and outside the Company and fostering the Company's culture and commitment to corporate responsibility; and

that all these achievements were attained while dedicating substantial efforts in connection with the Proposed Business Combination. *Other named executives.* Mr. Niederauer recommended to the HR&CC, and the HR&CC approved, 2011 bonuses for the named executives other than himself. The HR&CC considered, and the amounts of these bonuses were influenced by, outcomes in 2011 categorized as:

the management committee members' collective accomplishments;

each executive's individual achievements, as determined through the use of qualitative performance guidelines; and

for each of Messrs. Cerutti and Leibowitz, as business unit heads, the performance of his business unit (including financial results and unit-specific key initiatives).

The following is a summary of the management committee's collective accomplishments that the HR&CC considered holistically in assessing team performance:

the Company's strong financial performance, as discussed above for Mr. Niederauer;

the successful launch of several key initiatives and the development of a process for, and commitment to, investing in new initiatives;

achieving an overall employee satisfaction rating of 75% (up 8% from 2009); and

Edgar Filing: NYSE Euronext - Form DEF 14A

the executives' substantial efforts as a team in connection with the Proposed Business Combination.

- * Certain of these measures are not financial measures calculated in accordance with accounting principles generally accepted in the United States (GAAP). See Annex C to this proxy statement for a reconciliation of these non-GAAP financial measures to the most directly comparable GAAP financial measures.

The lower amounts for Mr. Cerutti for 2009 reflect the fact that he was hired in December 2009.

Form of 2011 Annual Bonus

Each year, the HR&CC evaluates the form of the annual performance bonuses awarded to the named executives and other participants in the bonus program, including how the awards will be allocated between cash and equity. Both the cash and equity portions of the bonuses are awarded in February of the year following the year for which the bonuses are earned.

For 2011, as for prior years, we awarded half of each named executive's annual performance bonus in cash and the other half in time-vesting RSUs granted under our Omnibus Incentive Plan. We believe that this mix of cash and equity awards appropriately balances the short- and long-term performance objectives of the named executives. The grant of RSUs is consistent with the Company's goals of aligning the long-term interests of senior executives and shareholders and fostering executive retention, whereas the cash portion appropriately recognizes the executives' current achievements.

The RSUs for 2011 will vest, and the common stock covered by the RSUs will be distributed, in equal installments on the first, second and third anniversaries of the grant date (subject to accelerated vesting on attaining retirement eligibility status and accelerated vesting and distribution on specified terminations of employment or a change in control). This ratable vesting and distribution schedule is consistent with our prior practice and also distinguishes the equity portion of the annual bonus from the RSUs granted under our LTIP, which are scheduled to fully vest and be distributed on the third anniversary of the grant date (see *Elements of Compensation - Long-Term Incentive Program* below).

The HR&CC granted the RSUs earned for 2011 under the annual bonus program effective February 11, 2012 in a specified dollar amount. After our February HR&CC meeting, we released our 2011 fourth quarter and year-end preliminary earnings results before the opening of trading on February 10, 2012, and the numbers of shares of NYSE Euronext common stock underlying the RSUs were calculated based on the closing price of the stock on that date (\$28.94).

The delivery of the annual bonus through cash and equity ensures that our named executives' focus is properly balanced between the short- and long-term, and is an industry leading practice. As illustrated above (see *Pay Mix*), a higher portion of our annual bonus is delivered in equity when compared to our peer groups.

The table below reports the results of a competitive analysis conducted for the HR&CC by Towers Watson. It uses information gathered from 2011 proxy statements for the Company's two peer groups (see *Compensation Process and Market Comparisons - Peer Groups*) to assess the degree to which our peers defer executives' annual bonuses in this manner. As reported, only six of the 27 peers across the two peer groups actually paying a bonus for 2011 (four of 16 in the Global Peer Group and two of 11 in the Exchange Peer Group) paid part of that bonus in equity. Four companies reporting such a practice pay as much of the annual bonus in equity as the Company when considering all of the named executives together.

For the CEO, ten of the remaining 12 companies delivered 100% of the bonus in cash, and the other two companies (Société Générale Group and Aegon N.V) did not pay bonus compensation.

(3) There are 11 companies in the Global Exchange Peer Group. Two of the companies (Deutsche Börse AG and ICAP Plc) delivered equity as part of its named executives' bonus compensation. The remaining nine companies delivered 100% of the bonus in cash to the named executives other than the CEO. For the CEO, eight of the remaining nine companies delivered 100% of the bonus in cash, and the other company (Interactive Brokers Group, Inc.) did not pay bonus compensation.

Long-Term Incentive Program*Introduction*

Our third primary compensation component is the LTIP. The program currently consists of annual grants of equity awards under our Omnibus Incentive Plan that nurture an ownership culture and enable our executives to hold a stake in the Company and participate in the long-term success of the Company. As these grants are intended to enhance our ability to retain our executives, to recognize talent and to reward executives for future firm-wide performance, we consider them to be prospective grants. This contrasts with the equity component of the annual performance bonus award, which reflects performance during the most recently completed fiscal year.

Long-Term Incentive Grants Made in 2011

On February 8, 2011, each named executive (and each other participant in the LTIP) received an RSU award under the program as part of the executive's compensation for 2011. The initial value of each award was determined based on the executive's level and scope of responsibility; the HR&CC also reviewed and considered the results of the annual survey of the peers' compensation which, as described above, guide but do not

dictate compensation decisions. Award levels for grants made in February 2011 were set at \$2,300,000 for

Table of Contents

Mr. Niederauer, \$1,500,000 for Mr. Cerutti, \$1,250,000 for Mr. Leibowitz and \$1,000,000 for each of Messrs. Halvey, Geltzeiler and Duranton. Amounts are denominated in dollars for consistency. These dollar amounts were converted into the number of shares of NYSE Euronext common stock covered by the awards based on the closing price of a share on February 7, 2011 (\$33.76).

For 2011, as for prior years, the HR&CC determined that it was appropriate to award service-vesting RSUs under the LTIP that vest on the third anniversary of the date of grant. Because the grant date value of each year's award varies, and because the ultimate value of the award is tied to the Company's share price, the HR&CC believes that the time-vesting feature best balances the retention and performance aspects of these awards.

Long-Term Incentive Grants Made in 2012

On February 11, 2012, each named executive (and each other participant in the LTIP) received an RSU award under the program as part of the executive's compensation for 2012. The initial value of each award was determined based on the executive's level and scope of responsibility; the HR&CC also reviewed and considered the results of the annual survey of the peers' compensation which, as described above, guide but do not dictate compensation decisions. Award levels for grants made in February 2012 were set at \$3,000,000 for Mr. Niederauer, \$1,500,000 for Mr. Cerutti, \$1,250,000 for Mr. Leibowitz, \$1,250,000 for Mr. Halvey, \$1,000,000 for Mr. Geltzeiler and \$1,000,000 for Mr. Duranton. Amounts are denominated in dollars for consistency. These dollar amounts were converted into the number of shares of NYSE Euronext common stock covered by the awards based on the closing price of a share on February 10, 2012 (\$28.94).

For 2012, as for prior years, the HR&CC determined that it was appropriate to award service-vesting RSUs under the LTIP that vest on the third anniversary of the date of grant. Because the grant date value of each year's award varies, and because the ultimate value of the award is tied to the Company's share price, the HR&CC believes that the time-vesting feature best balances the retention and performance aspects of these awards. For 2012, the HR&CC also approved the grant to Mr. Niederauer of a new performance-based equity award as an additional incentive to create value for our shareholders (see *Subsequent Events* below).

Summary of Compensation Awarded to our Named Executives

The following table summarizes the compensation awarded to our named executives for 2011, and where applicable, 2010 and 2009. This table includes for each year (i) the base salary payable for that year, (ii) the annual bonus that was earned for that year (paid partly in cash and partly in RSUs, in each case in February following the year for which the annual bonus was earned) and (iii) the LTIP award that was granted in February of that year. The values in this table differ from those shown in the Summary Compensation Table below because, under the SEC disclosure rules, in the Summary Compensation Table the values of the RSUs granted as part of the annual bonus are reported in the year of grant rather than the year for which the RSUs were earned. For example, the 2011 bonus awards in this table include the RSUs granted in February 2012 as part of each executive's annual bonus award made in respect of 2011 performance, whereas the Summary Compensation Table includes for 2011 the RSUs granted in 2011 as part of the annual bonus awards made in respect of 2010 performance.

We are providing this alternative table because we believe that it more accurately reflects the compensation decisions taken by the HR&CC for these years.

(1) Amounts for Mr. Cerutti (other than LTIP awards - see footnote 4) are denominated in the local currency, the euro. Between 2009 and 2011, there were material fluctuations in exchange rates. For this reason, we feel that presentation in the local currency better reflects overall compensation. For 2011, 2010 and 2009, the applicable average exchange rates were \$1.39, \$1.33 and \$1.39 per euro, respectively.

(2) Actual salary paid in 2009 was pro-rated, as Mr. Cerutti was hired in December 2009.

(3) Amounts include the cash and equity components of the annual performance bonus.

(4) LTIP awards are granted in U.S. dollars and converted into a number of shares of NYSE Euronext common stock based on the closing price of a share on the day prior to the grant date.

(5) Amounts for Mr. Cerutti include the value of the LTIP award in euros. For 2011 and 2010, the applicable average exchange rates were \$1.39 and \$1.33 per euro, respectively.

Other Compensation Elements*Employee Benefits*

We maintain the following employee benefit and perquisite programs for our named executives.

Table of Contents

Welfare Benefits. We have broad-based health, dental, vision, life and disability benefit programs. We do not provide any welfare benefits exclusively to executives.

Retirement Benefits. For named executives based in the United States, Messrs. Niederauer, Leibowitz, Geltzeiler, Halvey and Duranton, we provide retirement benefits through a tax-qualified 401(k) retirement savings plan and a non-qualified arrangement, the Supplemental Executive Savings Plan (SESP), for contributions above 401(k) limits imposed under the Internal Revenue Code. Prior to January 1, 2010, we provided employer matching of executives' contributions to the SESP on a dollar-for-dollar basis up to 6% of base salary in excess of \$245,000 (for 2009). Effective January 1, 2010, however, we eliminated this employer match, which resulted in a significant reduction in the executives' total compensation.

Perquisites. Consistent with industry and local practice and to facilitate efficient conduct of business and promote the safety of our named executives, we provide them with certain perquisites. These perquisites are in a form and amount that are typical in our industry and the principal countries in which we operate. The HR&CC reviews these perquisites on a regular basis.

We provide Mr. Niederauer with a company car and trained security driver and Mr. Cerutti with a company car. This convenience is provided primarily for business purposes and commuting. With limited exceptions, the named executives do not reimburse us for the cost of their personal use of these services. We provide Messrs. Geltzeiler, Halvey and Duranton with paid parking facilities and, for Mr. Duranton, tax planning services. Although we provide these benefits to enhance the security and efficiency of our key executives, SEC rules require that costs of personal use be disclosed as compensation to the executives.

Termination and Change in Control Arrangements. We have entered into an employment agreement with each of our named executives that provides termination benefits and change in control protection. In addition, under the terms of each of the RSU award agreements of Messrs. Niederauer, Leibowitz, Geltzeiler, Halvey, Cerutti and Duranton, the awards fully vest, and the shares underlying the awards are distributed, on a change in control or on termination of his employment due to his death or disability, by NYSE Euronext without cause or by him for good reason or in a qualifying retirement at or after a specified age.

See *2011 Compensation Potential Payments on Termination and Change in Control* below.

We believe that termination benefits are appropriate to attract and retain executive talent, to avoid costly and potentially protracted separation negotiations and to protect our named executives' investment in the Company. In addition, such benefits are customary in the jurisdictions in which we do business and in which our named executives reside. Our change in control protection is intended to provide management stability and reduce any reluctance on the part of the named executives to pursue and negotiate potential transactions that may enhance stockholder value, despite the uncertainty of whether the culmination of such transactions may result in the executives' employment being terminated or their positions being substantially reduced.

Clawbacks

We would seek to recover, under the relevant provisions of the Sarbanes-Oxley Act, previously awarded bonuses or equity-based compensation or profits in the event of a restatement of financial or other performance results. We will establish a policy to provide for the forfeiture or recovery of performance-based compensation in the event of such a restatement (i.e., a clawback), as the rules mandated by the Dodd-Frank Act are defined.

Policy Prohibiting Hedging Transactions

Our Personal Trading Policy prohibits Company employees, including our named executives, from having a financial interest in having Company securities decline in price or engaging in naked short selling of Company securities.

Other Factors Affecting 2011 Compensation

Deductibility

Section 162(m) of the U.S. Internal Revenue Code generally limits the federal income tax deduction for compensation paid to each of the chief executive officer and the three other most highly compensated executive officers (other than the chief financial officer) of a publicly held corporation to \$1 million per fiscal year, with exceptions for certain performance-based compensation. Although we consider deductibility under Section 162(m) when structuring our compensation arrangements for our named executives, depending upon the relevant circumstances at the time, the HR&CC may determine to award compensation that may not be deductible. In making this determination, the HR&CC balances the purposes and needs of our executive compensation program against potential tax cost.

In accordance with the terms of the NYSE Euronext Omnibus Incentive Plan, the HR&CC established performance goals for 2011 in a manner intended to ensure that the compensation paid to our named executives would not be subject to deductibility limits under Section 162(m). At its February 2011 meeting, the HR&CC determined that for 2011 Mr. Niederauer and Mr. Cerutti each was eligible for a maximum annual performance bonus of 1.0% of EBITDA (as previously defined); and that the other named executives subject to the limits were each eligible for a maximum annual performance bonus equal to 0.6% of EBITDA. The amounts of the annual performance bonuses paid to our named executives for 2011 were below these maximum amounts.

Note Regarding Equity Grant Calculations

The equity portions of the named executives' 2011 annual performance awards were granted at the HR&CC's February 2012 meeting. Because these awards were granted in 2012, they do not appear in the 2011 Summary Compensation Table that follows this CD&A. The equity portion of the 2011 annual performance awards will first appear in the 2012 line of next year's Summary Compensation Table.

Subsequent Events

On March 26, 2012, we entered into an amended and restated employment agreement with Mr. Niederauer and recalibrated his equity incentive compensation to include a performance-based element in the form of performance share units (PSUs). The agreement and PSUs are intended to retain and incentivize our high performing CEO at a critical juncture for the Company following the termination of the Proposed Business Combination. The employment agreement is intended to help ensure the stability and continuity of our management team, and the PSUs, which vest based on relative total shareholder return (TSR), will further strengthen the link between Mr. Niederauer's compensation and shareholder value creation.

Amended and Restated Employment Agreement

Under his amended and restated employment agreement, Mr. Niederauer has agreed to waive his right to the golden parachute tax gross-up in his original employment agreement. This right required the Company to reimburse Mr. Niederauer for the 20% excise tax that would be imposed on him under Section 4999 of the Internal Revenue Code if the amount of the payments and benefits that he would receive in connection with a change in control exceeded a specified threshold. In addition, Mr. Niederauer has agreed to a contingent cutback whereby the amount of these payments and benefits will be reduced to the maximum amount that will not trigger the excise tax if it leaves him in a better after-tax position. The waiver of the excise tax and the contingent cutback will benefit the Company by eliminating the excise tax reimbursement and, if the cutback applies, by reducing the amount of the change in control payments and benefits, and also by reducing or eliminating the amount of the Company's corresponding lost compensation deduction under Section 280G of the Internal Revenue Code.

Table of Contents

In exchange for this waiver and contingent cutback, the amended and restated employment agreement restores the severance amount that applied under his original employment agreement during the first three years of the term and simplifies the agreement by providing for the same severance amount to be paid in change in control terminations and non- change in control terminations. The amended and restated agreement provides that, on termination of his employment by the Company without cause or by him for good reason, Mr. Niederauer is entitled to severance in an amount equal to two times his annual base salary plus target bonus. Under his original agreement, from the third anniversary of the agreement, on May 29, 2008, this severance amount was reduced to one times his annual base salary plus target bonus (unless the termination occurred in connection with or anticipation of, or within two years after, a change in control, in which case the two times multiple applied). The definitions of cause, good reason and change in control for the amended and restated agreement are the same as for the original agreement (for summaries of these definitions, see *2011 Compensation Potential Payments on Termination and Change in Control* below).

PSU Awards

Each PSU award represents the right to receive between 0% and 200% of the shares of NYSE Euronext common stock underlying the award based on the Company's TSR relative to the TSR of the S&P 500 during the applicable three-year performance period. Under his amended and restated employment agreement, Mr. Niederauer is entitled to receive a PSU award in each of 2012, 2013, 2014 and 2015, with the grant date number of shares underlying each award equal to \$3,000,000 divided by the closing price of a share on the day before the grant date. The HR&CC has approved the 2012 award, which will be granted following the release of the Company's first quarter 2012 financial results. Each award will vest at the end of the applicable three-year performance period, subject generally to Mr. Niederauer's continued employment and the level of achievement of the applicable relative TSR goal.

If the Company's TSR equals the TSR of the S&P 500 for the performance period applicable to a PSU award, 100% of the shares underlying the award will be distributed. Each PSU award will be subject to a threshold relative TSR goal that, if met, will result in distribution of 75% of the underlying shares. The threshold will be met if the Company's TSR is 25 percentage points less than the TSR of the S&P 500. If the threshold is not met, no shares will be distributed, and the PSUs will be forfeited in their entirety. Each PSU award is also subject to a maximum relative TSR goal that, if met, will result in distribution of 200% of the underlying shares. The maximum will be met if the Company's TSR is 100 percentage points more than the TSR of the S&P 500. If the maximum is exceeded, no additional shares will be distributed. In addition, each PSU award is subject to a maximum payout such that the fair market value of the distributed shares (valued as of the end of the performance period) is capped at \$6,000,000. If the maximum is exceeded, no additional shares will be distributed. In addition, each PSU award is subject to a maximum payout such that the fair market value of the distributed shares (valued as of the end of the performance period) is capped at \$6,000,000.

Conclusion

As described in this CD&A, our compensation philosophy and the policies and practices that support it are designed to retain our talented management team and incentivize them to create shareholder value. To achieve these objectives, compensation is directly linked to the achievement of corporate operational and strategic performance outcomes and the value of our stock, and is balanced between performance- and service-based awards. The HR&CC believes that the executive compensation actions that it took in 2011 support our compensation philosophy, implemented our compensation policies effectively, were competitive within the overall market for talent, and were appropriate considering NYSE Euronext's performance.

(1) For Mr. Cerutti, the amounts in this table represent the U.S. dollar equivalent of amounts earned in euros. For 2011, 2010 and 2009, the applicable average exchange rates were \$1.39, \$1.33 and \$1.39 per euro, respectively.

(2) Mr. Cerutti joined NYSE Euronext on December 15, 2009 and was approved as deputy chief executive officer and head of Global Technology on December 31, 2009.

(3) Represents the pro-rata amount of salary earned for the year.

(4) This column represents the aggregate grant date fair value, computed in accordance with FASB ASC Topic 718, of RSUs granted by NYSE Euronext in 2009, 2010 and 2011. These RSUs are subject to vesting and forfeiture provisions. The actual value realized by each named executive for stock awards is a function of the value of stock underlying such awards on the date such stock is delivered. For further information on how we account for stock-based compensation, please see Notes 2 and 9 to the consolidated financial statements included in NYSE Euronext's 2011 Annual Report on Form 10-K.

We granted RSUs as part of the 2011 annual incentive bonus awarded to each named executive. However, because these grants were not made until after the end of 2011, they are not reflected in this column in accordance with SEC rules. These RSU grants are described in the *Annual Performance Bonus* section of the *Compensation Discussion and Analysis* that precedes this table.

(5) This column includes the incremental cost of certain perquisites and other benefits provided to the named executives, including the following:

Named Executives Employment Agreements and Equity Awards

We have entered into employment agreements with Messrs. Niederauer, Leibowitz, Geltzeiler, Halvey, Cerutti and Duranton that provide for the payment of base salaries, annual performance bonuses, long-term incentive awards and perquisites to the executives. The agreements also contain restrictions against competing and soliciting our employees and customers that apply during the executives' employment and for one year after termination of their employment. The following summary of the terms of these employment agreements reflects, for Mr. Niederauer, the terms of his original employment agreement, which was in effect in 2011. For a summary of certain of the material terms of the amended and restated employment agreement that we entered into with Mr. Niederauer on March [], 2012, see *Compensation Discussion and Analysis Subsequent Events* above.

Base Salary

The employment agreements with Messrs. Niederauer, Leibowitz, Geltzeiler, Halvey and Duranton provide that their salaries are to be determined by the HR&CC and can be no less than \$1,000,000 for Mr. Niederauer and \$750,000 for each of Messrs. Leibowitz, Geltzeiler, Halvey and Duranton. The employment agreement with Mr. Cerutti provides for an initial base salary of \$675,000.

Annual Performance Bonus Awards

Under the terms of their employment agreements, Messrs. Niederauer, Leibowitz, Geltzeiler, Halvey and Duranton are eligible for annual bonuses at the discretion of the HR&CC, paid in any combination of cash and equity. On termination of the executive's employment by NYSE Euronext without cause, by the executive for good reason or due to the executive's death or disability (for the definitions of such terms, see *Potential Payments on Termination and Change in Control* below), the executive would be entitled to an annual bonus for the year of such termination in an amount based on the HR&CC's determination of the achievement of the applicable performance metrics for such year, pro-rated to reflect the portion of such year that the executive was employed and paid at the time annual bonuses are paid by NYSE Euronext.

Mr. Cerutti is eligible for an annual bonus at the discretion of the HR&CC, paid half in cash and half in RSUs. The maximum amount of Mr. Cerutti's annual bonus will be determined each year by the Company.

Effective February 8, 2011, the HR&CC granted RSU awards to each of the named executives under the NYSE Euronext Omnibus Incentive Plan as part of the 2010 annual performance bonus. Although these awards correspond to the 2010 annual performance bonus, they appear in the above table because they were granted in 2011 (once the financial results for 2010 and annual performance awards had been determined). See the *Annual Performance Bonus* section of the *Compensation Discussion and Analysis* on pages 43 to 45 of last year's proxy statement for a discussion of the factors considered in determining these award amounts. The RSUs are scheduled to vest, and the underlying shares are scheduled to be delivered, in substantially equal installments on each February 8 of 2012, 2013 and 2014. See the *Annual Performance Bonus* section of the *Compensation Discussion and Analysis* for a discussion of these award amounts.

Awards of RSUs granted as part of the 2011 annual performance bonus were granted in 2012 (once the financial results for 2011 and annual performance awards had been determined).

Long Term Incentive Awards

Effective February 8, 2011, the HR&CC granted an additional annual award of RSUs pursuant to the LTIP to each of the named executives, in the amounts set forth in the table above. See the *Long-Term Incentive Plan* section of the *Compensation Discussion and Analysis* on pages 47 to 48 of last year's proxy statement for a discussion of the factors considered in determining these award amounts. The RSUs were issued under and are governed by the NYSE Euronext Omnibus Incentive Plan. The RSUs are scheduled to vest, and the underlying shares are scheduled to be delivered, in their entirety on February 8, 2014.

Table of Contents*Perquisites*

Messrs. Niederauer's and Cerutti's employment agreements provide for their use of a car and driver to be provided by the Company, provided that Mr. Cerutti's use of a driver, if any, is to be for business purposes only. Mr. Cerutti is currently provided with the use of a car but does not have a driver. Pursuant to their employment agreements, we provide Messrs. Geltzeiler, Halvey and Duranton with paid parking facilities and Mr. Duranton with tax planning services.

Termination of Employment and Change in Control

The employment agreements of Messrs. Niederauer, Leibowitz, Geltzeiler, Halvey, Cerutti and Duranton provide that, on specified terminations of employment, the executives receive severance payments and acceleration of equity award vesting. In addition, the RSU awards held by our named executives provide for accelerated vesting of the RSUs on a change in control. See *Potential Payments on Termination and Change in Control* below for the values of the accelerated vesting of the named executives' equity awards that would have occurred had the executives' employment terminated under specified circumstances or had a change in control of NYSE Euronext occurred on December 31, 2011.

(1) Represents salary deferred under the Supplemental Executive Savings Plan (SESP). All of these amounts appeared in the Summary Compensation Table as Salary in the year in which they were earned.

(2) These earnings consist primarily of market gains and losses as well as dividends paid on equity investments. These earnings did not appear as compensation in the Summary Compensation Table.

We maintain the SESP to provide deferred compensation opportunities to U.S. employees who earn compensation over the limit set by the U.S. Internal Revenue Code for our U.S. tax qualified plans. Generally, U.S. employees with the title officer and U.S. non-officers whose salaries and cash bonuses for the prior year exceed the IRS limit on pensionable earnings for that prior year (\$245,000 for 2011) may participate. A participant's account is credited with earnings until distribution based on a measurement alternative selected by the participant from among generally available, publicly traded funds offered by several providers. Participants are not limited in terms of how often they may move their investments between funds, but they cannot change the contribution amount during the year. Participants may elect to receive their account balances in a lump sum distribution or in annual installments following termination of employment.

Participants employed prior to 2006 were immediately vested in employer matching contributions to their accounts under the SESP and any earnings or losses thereon. Participants hired on or after January 1, 2006 vest in the matching contributions and any earnings or losses thereon 20% per year for the first five years of recognized service. Effective January 1, 2010, we eliminated the matching contributions under the SESP.

Potential Payments on Termination and Change in Control

The following narrative and table summarize and quantify the payments and benefits that each of our named executives would have received had his employment terminated or had a change in control of NYSE Euronext occurred, in each case on December 30, 2011 (the last business day of 2011) under the specified circumstances described below. For Mr. Niederauer, the narrative and table describe payments and benefits that he would have received under his original employment agreement, which was in effect on December 30, 2011. For a summary of certain of the material terms of the amended and restated employment agreement that we entered into with Mr. Niederauer on March [], 2012, see *Compensation Discussion and Analysis - Subsequent Events* above.

Messrs. Niederauer, Leibowitz, Gelzteiler, Halvey and Duranton

Employment agreements. In 2008, we entered into employment agreements with Messrs. Niederauer, Leibowitz, Gelzteiler, Halvey and Duranton that provide for the following payments and benefits on termination of the executive's employment by NYSE Euronext without cause or by the executive for good reason (as such terms are defined below):

an annual bonus for the year of such termination in an amount based on the HR&CC's determination of the achievement of the applicable performance metrics for such year, pro-rated to reflect the portion of such year that the executive was employed and paid at the time annual bonuses are paid by NYSE Euronext;

a severance payment in an amount equal to:

200% of the executive's base salary plus target bonus, if such termination occurs in connection with or anticipation of, or within two years after, a change in control (as defined below); or

100% of the executive's base salary plus target bonus, if such termination occurs not in connection with or anticipation of, or within two years after, a change in control;

any equity compensation awards granted with respect to an annual bonus will fully vest, and any shares underlying any such awards will be distributed;

any equity compensation awards granted under the LTIP that are subject to:

time-based vesting conditions will vest, and any shares underlying such awards will be distributed, as if the executive had remained employed through the next scheduled vesting date; and

performance vesting conditions will vest, and any shares underlying such awards will be distributed, in an amount based on the achievement of the applicable performance metrics for the applicable performance period, which vesting and distribution will be pro-rated to reflect the portion of such period that the executive was employed and which will occur at the time applicable to awards generally;

continued health and life insurance benefits for the following period:

two years, if such termination occurs in connection with or anticipation of, or within two years after, a change in control; or

one year, if such termination occurs not in connection with or anticipation of, or within two years after, a change in control.

These payments and benefits are conditioned on the executives executing a release of claims against NYSE Euronext and its affiliates. Each of the employment agreements provides that, on termination of the executive's employment due to his death or disability (as defined below), he is entitled to a pro-rated annual bonus and accelerated vesting and distribution with respect to his equity compensation awards on the same terms as on termination of his employment by NYSE Euronext without cause or by him for good reason, as described above.

Edgar Filing: NYSE Euronext - Form DEF 14A

Cause generally means the executive s:

conviction of, or plea of *nolo contendere* to, a felony involving moral turpitude;

willful misconduct or gross neglect, in either case resulting in material harm to NYSE Euronext;

willful continued failure to carry out reasonable and lawful directions of the Board or, in Mr. Geltzeiler s case, the chief executive officer;

fraud, embezzlement, theft or dishonesty of a material nature against NYSE Euronext or willful violation of a company policy or procedure, in each case resulting in material harm to NYSE Euronext; or

willful material breach of the restrictions against competition and solicitation contained in the employment agreement that is not cured by the executive within 30 days after the Board provides written notice.

Table of Contents

Good reason generally means the occurrence of any of the following events or actions that remains uncured by NYSE Euronext for 30 days after the executive's written notice:

a material reduction in the executive's base salary or target bonus;

a relocation of the executive's principal office to more than 50 miles from New York, New York (or, for Mr. Durant, London or Paris);

a material reduction in the executive's titles, authority, duties or responsibilities;

a change in reporting so that the executive no longer reports to the Board, in the case of Mr. Niederauer, or to the chief executive officer, in the cases of Messrs. Leibowitz, Geltzeiler, Halvey and Durant;

the failure by NYSE Euronext to obtain an assumption of its obligations under the employment agreement by any successor to NYSE Euronext within 15 days after a merger, consolidation, sale or similar transaction;

a material breach by NYSE Euronext of the employment agreement; or

for Mr. Niederauer, the failure to nominate him as a director in the first election following his removal from the Board; for Mr. Halvey, his no longer being the sole and top legal officer of NYSE Euronext and its affiliates; and for Mr. Durant, his no longer being the most senior human resources officer of NYSE Euronext and its affiliates.

Change in control generally means:

a change in the majority control of NYSE Euronext;

a change in the majority control of the Board;

the consummation of one of several specified business combinations, such as a reorganization, merger, share exchange or sale of all or substantially all of the assets of NYSE Euronext, if our stockholders before the combination do not hold the majority of the shares of the resulting company and the members of the Board do not hold the majority of seats on the board of the resulting company; or

the approval of a liquidation or dissolution of NYSE Euronext by its stockholders.

Disability generally means that the executive has been unable, for 120 or more days out of 180 consecutive days, to perform his duties as a result of physical or mental injury, illness, injury or incapacity.

RSU award agreements. Under the terms of each of the RSU award agreements of Messrs. Niederauer, Leibowitz, Geltzeiler, Halvey and Durant, the awards fully vest, and the shares underlying the awards are distributed, on a change in control or on termination of his employment due to his death or disability, by NYSE Euronext without cause or by the executive for good reason or in a qualifying retirement at or after a specified age. As of December 31, 2011, none of the executives qualified for retirement, and, therefore, had any of the executives resigned his employment without good reason on that date, he would have forfeited his unvested RSUs.

Mr. Cerutti

Employment agreement. In September 2009, we entered into an employment agreement with Mr. Cerutti that provides for the following payments and benefits on termination of his employment by NYSE Euronext for any reason other than gross or willful misconduct or an agreed-upon termination:

a severance payment in an amount equal to:

150% of his base salary plus maximum annual bonus, if such termination occurs:

during the first three years after the effective date of the agreement; or

in connection with or anticipation of, or within two years after, a change in control; or

Table of Contents

50% of his base salary plus maximum annual bonus, if such termination occurs:

more than three years after the effective date of the agreement; and

not in connection with or anticipation of, or within two years after, a change in control:

any equity compensation awards granted as part of his annual bonus or the special 2009 bonus paid to Mr. Cerutti in order to compensate him for the loss of the bonus he would have received from his previous employer, prior to such termination will fully vest; and

any RSUs granted under the LTIP will vest, and any shares underlying such RSUs will be distributed, in the same manner as described above for Messrs. Niederauer, Leibowitz, Geltzeiler and Halvey.

The agreement provides that, on Mr. Cerutti's resignation, his special 2009 bonus and annual bonus RSUs vest under the following circumstances:

if he complies with the restrictions against competition and solicitation contained in his employment agreement through the first anniversary of such resignation, such RSUs will vest on such anniversary; and

if NYSE Euronext releases him from such restrictions against competition and solicitation, such RSUs will vest on the dates specified in the applicable award agreements.

The agreement also provides that, subject to Mr. Cerutti's compliance with such restrictions against competition and solicitation, he will receive an amount equal to 50 percent of the sum of his base salary and maximum annual bonus, paid in 12 equal monthly installments during the restricted period.

RSU award agreements. Under the terms of Mr. Cerutti's special 2009 bonus RSU award agreement, the RSUs fully vest, and the shares underlying the awards are distributed, on a change in control or on termination of his employment due to his death or disability, by NYSE Euronext without cause or due to a reduction in force, or by him for any reason in a qualifying retirement at or after a specified age (as such terms are defined in our Omnibus Incentive Plan). Under the terms of Mr. Cerutti's annual bonus and LTIP RSU award agreements, the RSUs fully vest and are distributed under the same circumstances as are described above for the RSU award agreements of Messrs. Niederauer, Leibowitz, Geltzeiler, Halvey and Duranton (i.e., on a change in control or on termination of his employment due to his death or disability, by NYSE Euronext without cause or by him for good reason or in a qualifying retirement at or after a specified age). Although Mr. Cerutti did not qualify for retirement as of December 31, 2011, had he resigned his employment without good reason on that date, his RSUs would have vested under the terms of his employment agreement, as described above.

Termination for Cause by NYSE Euronext or Engagement in Detrimental Activities

Under the terms of each named executive's award agreements, the RSUs are subject to forfeiture on termination of the executive's employment by NYSE Euronext for cause.

Golden Parachute Excise Tax Gross-Up

Each of the employment agreements with Messrs. Leibowitz, Geltzeiler, Halvey and Duranton provides that the executive will be entitled to a gross-up of any golden parachute excise tax imposed under U.S. Internal Revenue Code Section 4999 on any payments or benefits that he receives in connection with a change in control (as defined for purposes of U.S. Internal Revenue Code Section 280G). However, if the amount of these payments and benefits does not exceed 110% of the executive's safe harbor amount (generally, three times his average total annual compensation for the five calendar years prior to the change in control), then these payments and benefits will be reduced to an amount that is \$5,000 less than the amount that would subject the executive to the excise tax.

Edgar Filing: NYSE Euronext - Form DEF 14A

Mr. Niederauer's original employment agreement included the same golden parachute excise tax gross-up right as is included in the agreements with the other named executives. Under his amended and restated employment agreement, Mr. Niederauer agreed to waive his right to this gross-up. As his original employment agreement was in effect as of the end of 2011, the table below includes the value of this gross-up for Mr. Niederauer.

- (2) The amounts in the termination by NYSE Euronext without cause or by the executive with good reason rows represent continued health care and life insurance benefits and assume that the executive would not have become re-employed with another employer, thereby making him eligible for such benefits under such other employer's benefit plans. The amounts in the death or disability rows represent accelerated vesting of unvested employer matching contributions to the executives' accounts under the SESP, our U.S. nonqualified deferred compensation plan. On any termination of the executives' employment, the executives are entitled to receive distribution of their vested amounts deferred under the SESP. These amounts (vested and unvested) as of December 31, 2011 are set forth above in the "Aggregate Balance at 12/31/11" column of the Nonqualified Deferred Compensation table.
- (3) Represents compensation provided under Mr. Cerutti's employment agreement in consideration of non-compete and non-solicit obligations for a period of one year following termination of his employment.
- (4) The amounts for Mr. Cerutti in the "2011 Bonus" column reflect the U.S. dollar amount of his 2011 bonus, and the amounts for Mr. Cerutti in the "Severance" and "Non-Compete/Non-Solicit Consideration" columns reflect the U.S. dollar amounts of his 2011 salary and bonus (which are used to determine the amounts of his severance and non-compete/non-solicit consideration), in each case as converted from the local currency, the euro, based on the 2011 average exchange rate of \$1.39. The amounts of Mr. Cerutti's 2011 salary and bonus in euros are 675,000 and 1,357,140, respectively.

Absence of Material Risks Arising from Compensation Policies

The SEC has asked companies to report on the connection between pay and risk if they determine that their compensation policies are reasonably likely to have a material adverse impact on them. We consider the right short- and long-term behaviors that we want to motivate when designing our compensation plans. We are comfortable with our compensation designs and believe that they include several features that mitigate the incentive to take on excessive risk. See *Compensation Discussion and Analysis* "Compensation Process and Market Companies" "Compensation Decision Process" "Risk assessment".

OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Report of the Audit Committee

The Audit Committee is responsible for assisting the Board of Directors in its oversight of the integrity of NYSE Euronext's financial statements and the financial reporting process.

In performing its oversight role, the Audit Committee reviewed and discussed with management and PricewaterhouseCoopers LLP, our independent auditors, the audited financial statements of NYSE Euronext for the fiscal year ended December 31, 2011. The Audit Committee also discussed with our independent auditors the matters required under Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee received the written disclosures and the letter from our independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee, and discussed with our auditors the auditors' independence. On the basis of the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements of NYSE Euronext for the fiscal year ended December 31, 2011 be included in our annual report on Form 10-K for such fiscal year.

Ratification and Selection of PricewaterhouseCoopers LLP (Proposal No. 2)

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP as NYSE Euronext's independent auditors for the fiscal year ending December 31, 2012. We are submitting the selection of independent auditors for stockholder ratification at the Annual Meeting. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she desires to do so. The representative will be available to respond to appropriate questions from stockholders.

Our organizational documents do not require that our stockholders ratify the selection of PricewaterhouseCoopers LLP as our independent auditors. We are doing so because we believe it is a matter of good corporate practice. If our stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers LLP but still may retain them. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of NYSE Euronext and its stockholders.

Board Recommendation

The Board of Directors unanimously recommends a vote **FOR** ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditors for our fiscal year ending December 31, 2012. Unless a contrary choice is specified, your proxy will be voted **FOR** ratification of the appointment.

Table of Contents**Fees Paid to PricewaterhouseCoopers LLP**

The following table shows information about fees paid by NYSE Euronext and its consolidated subsidiaries to PricewaterhouseCoopers LLP for the periods indicated.

	2011 (\$ in millions)	2010 (\$ in millions)
Audit fees	\$ 6.9	\$ 7.2
Audit-related fees	\$ 1.8	\$ 0.6
Tax fees	\$ 0.4	\$ 0.6
All other fees		\$ 0.1

Audit services included the audit of NYSE Euronext's annual financial statements and the effectiveness of our internal control over financial reporting as of fiscal year-end and the review of financial statements included in our quarterly reports on Form 10-Q. Audit services also included statutory audits of certain U.S. and foreign subsidiaries and services that were provided in connection with other statutory and regulatory filings including with the SEC and the AMF or engagements.

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of NYSE Euronext's financial statements. These services included financial, tax and accounting due diligence related to potential mergers and acquisitions, as well as audits of employee benefit plans. For the year ended December 31, 2011, audit-related services included \$1.2 million of fees incurred in connection with the terminated business combination with Deutsche Börse.

Tax services consisted of the preparation and/or review of, and consultations with respect to, NYSE Euronext's federal, state and local tax returns.

Pre-Approval Procedures

In accordance with the SEC's auditor independence rules, the Audit Committee has procedures by which it approves in advance any audit or permissible non-audit services to be provided to NYSE Euronext by its independent registered public accounting firm. All of the services listed above were pre-approved through these procedures.

The Audit Committee annually pre-approves the recurring audit, audit-related, tax and other services we expect the independent registered public accounting firm to provide during the fiscal year. The chairman of the Audit Committee may grant any required pre-approval of specific services as required, provided that the full committee is advised of such approval at the next regularly scheduled Committee meeting. In addition, between Audit Committee meetings, the Audit Committee delegated to the Company's chief financial officer and controller the authority to hire the independent registered public accounting firm for certain audit, audit-related and tax engagements up to a predetermined individual fee amount for each type of service. Unless a service to be provided by the independent registered public accounting firm falls within a type of approved service, it requires separate pre-approval by the Audit Committee or its chairman. Any proposed services that exceed pre-approved fee levels require additional pre-approval by the Audit Committee.

The Audit Committee is informed on a timely basis, and in any event by the next scheduled meeting, of all services rendered by the independent registered public accounting firm and the related fees.

COMPANY PROPOSALS

Proposal No. 3 Advisory Vote to Approve the Company's Executive Compensation (Say-on-Pay Proposal)

In accordance with the requirements of Section 14A of the Exchange Act, we are providing an advisory shareholder vote to approve the 2011 compensation of the Company's named executives, as such compensation is disclosed in this proxy statement, including the Compensation Discussion and Analysis, the compensation tables and the other narrative executive compensation disclosures.

Shareholders are being asked to vote on the following resolution:

RESOLVED, that the shareholders hereby approve the compensation of NYSE Euronext's executive officers named in the Summary Compensation Table, as disclosed pursuant to Item 402 of Regulation S-K (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures).

We seek your support and think that it is appropriate because we have a comprehensive executive compensation program that is designed to link our executives' compensation as closely as possible with the Company's performance and to align the executives' interests with yours as shareholders. We continually monitor our executive compensation program and modify it as needed to strengthen this link between compensation and performance and to reflect the dynamic, global marketplace in which we compete for executive talent.

We believe that our 2011 compensation actions demonstrate a solid link between compensation and shareholder interest. In particular, in 2011:

We continued to use EBITDA as the single financial performance metric to determine the size of the annual bonus pool, as this measure focuses our variable compensation on our core operating income, which is a critical reflection of the health of our business;

We adopted a stock ownership guideline for our chief executive officer;

Our fixed compensation, in the form of annual base salaries, was frozen for the fourth year in a row in recognition of the challenging economic environment in which we and our shareholders continue to operate; and

We continued to deliver half of our executives' annual performance bonuses and their entire long-term incentive awards in time-vesting RSU awards.

These actions link a significant portion of total compensation to 2011 company and individual performance, while at the same time tying our executives' compensation and incentives to longer-term company performance.

This vote is not intended to address any specific item of compensation, but rather the Company's overall compensation principles, policies and practices and the fiscal 2011 compensation of our named executives, which are described in detail in the section of this proxy statement entitled "Compensation of Executive Officers."

Although, as an advisory vote, this proposal is not binding upon the Company or the Board, the Human Resources and Compensation Committee, which is comprised solely of independent directors and is responsible for making decisions regarding the amount and form of compensation paid to the Company's executive officers, will carefully consider the shareholder vote on this matter, along with all other expressions of shareholder views it receives on specific policies and desirable actions, when making future compensation decisions for our named executives.

Table of Contents

The Company intends to conduct an advisory vote to approve the Company's executive compensation annually. The next such vote will be conducted at our 2013 Annual Meeting of Shareholders. To help ensure that all shareholder views are well understood by the Board, the Company also encourages shareholders to use any of a number of direct communication mechanisms to effectively raise specific issues or concerns with regard to our executive compensation principles, policies and practices.

Our Board unanimously recommends a vote **FOR** this proposal.

STOCKHOLDER PROPOSALS

Proposal No. 4 Stockholder Proposal Regarding Power to Call Special Meetings

Mr. Kenneth Steiner, having an office at 14 Stoner Ave., 2M, Great Neck, NY 11021, and beneficial owner of 1,000 shares of common stock, has proposed the adoption of the following resolution and has furnished the following statement in support of his proposal:

4 Special Shareowner Meetings

RESOLVED, Shareowners ask our board to take the steps necessary unilaterally (to the fullest extent permitted by law) to amend our bylaws and each appropriate governing document to give holders of 10% of our outstanding common stock (or the lowest percentage permitted by law above 10%) the power to call a special shareowner meeting.

This includes that such bylaw and/or charter text will not have any exclusionary or prohibitive language in regard to calling a special meeting that apply only to shareowners but not to management and/or the board (to the fullest extent permitted by law).

Special meetings allow shareowners to vote on important matters, such as electing new directors that can arise between annual meetings. Shareowner input on the timing of shareowner meetings is especially important when events unfold quickly and issues may become moot by the next annual meeting. This proposal does not impact our board's current power to call a special meeting.

This proposal topic won our 73%-support at our 2011 annual meeting. This proposal topic also won more than 60% support at CVS, Sprint and Safeway. The Council of Institutional Investors www.cii.org, whose members had \$3 trillion invested, recommends that management adopt shareholder proposals upon receiving their 50%-plus vote.

Please encourage our board to respond positively to this proposal to initiate improved corporate governance and financial performance: **Special Shareowner Meetings Yes on 4.**

NYSE Euronext's Statement in Opposition to Stockholder Proposal Regarding Power to Call Special Meetings

NYSE Euronext is strongly committed to good governance practices and is keenly interested in the views and concerns of our stockholders. However, the Board recommends that you vote against the proposal set forth above (the Steiner Proposal) because we believe that a 10% ownership threshold is too low and could potentially lead to the calling of special meetings when not in the interests of the company and its stockholders generally. We do, however, agree that stockholders who alone or together hold a more significant stake in our company should be able to call special meetings when circumstances make it necessary, provided the matter proposed to be acted upon would not subject NYSE Euronext to possible regulatory sanction or disadvantage. To this end the Board intends to submit a proposal at the 2013 annual meeting seeking stockholder approval for amendments to our charter and bylaws to permit stockholders to call special meetings, subject to an ownership threshold and conditions that are more appropriate for NYSE Euronext than the terms specified in the Steiner Proposal.

The Steiner Proposal, a version of which received the support of a majority of the shares voted at last year's annual stockholder meeting, would provide stockholders holding 10% of our common stock with an unfettered right to call an unlimited number of special meetings. We believe that calling a special meeting of stockholders is not a matter to be taken lightly, and appropriate ownership levels and procedural safeguards are necessary so that a special meeting can only be called to cover extraordinary events when fiduciary, strategic, significant transactional or similar considerations dictate that the matter be addressed on an expedited basis, rather than

Table of Contents

waiting until the next annual meeting. Moreover, permitting stockholders holding only 10% of our common stock to call a special meeting may lead to agenda items relevant to a particular constituency as opposed to our stockholders generally. We believe that adopting the standard specified in the Steiner Proposal would subject NYSE Euronext to the possibility of numerous special meetings, each one entailing significant cost, management distraction and diversion of financial resources, and, should the subject matter concern elements of our governance that are subject to approval by our core regulators, unnecessarily causing disruption to critical regulatory relationships.

As noted above, the Board does believe that stockholders who alone or together hold a more significant stake in our company should be able to call special meetings. To formulate the proposal that will be presented at the 2013 annual meeting, the Board intends to consider the ownership threshold and other requirements appropriate for striking the balance between the right to call special meetings and the need to safeguard company resources and regulatory relationships, so that this important right is provided to stockholders in a way that minimizes expense, distraction and risk to the company.

Accordingly, the Board unanimously recommends a vote **AGAINST** the Steiner Proposal.

Adoption of the Steiner Proposal would require the affirmative vote of a majority of shares of common stock of NYSE Euronext voted thereon at the meeting. However, if the proposal were duly adopted, and the Board of Directors determined in its judgment to act on the request embodied in the proposal, the Board of Directors would need to observe the procedural requirements for amendments to our charter and bylaws, including the need for regulatory approval from the U.S. Securities and Exchange Commission and the Euronext College of Regulators, and it is not possible to predict whether such requirements could be satisfied.

OTHER MATTERS

Certain Relationships and Related Transactions

Related-Party Transaction Approval Policy

Our Code of Ethics and Business Conduct, which applies to all of our employees and directors, our subsidiaries and certain persons performing services for us, prohibits all conflicts of interest, unless they have been approved by our Board of Directors (or an authorized committee of the Board). The Board has delegated to the Nominating and Governance Committee the review of potential conflicts of interest, as well as the review and approval of related-party transactions involving more than \$120,000. In March 2008, upon the recommendation of the Nominating and Governance Committee, our Board adopted a formal, written related-party transactions approval policy. Under this policy, transactions between us and any executive officer, director or holder of more than 5% of our common stock, or any immediate family member of such person, must be approved or ratified by the Nominating and Governance Committee or our Board in accordance with the terms of the policy. In determining whether to approve or ratify a transaction with related persons, the Nominating and Governance Committee or our Board may consider, among other things: (i) whether the terms of the transaction are fair to NYSE Euronext and would apply on the same basis if the other party to the transaction did not involve a related person; (ii) whether there are compelling business reasons for NYSE Euronext to enter into the transaction; (iii) whether the transaction would impair the independence of an otherwise independent director; and (iv) whether the transaction presents an improper conflict of interest, taking into account the size of the transaction, the overall financial position of the related person, the direct or indirect nature of his or her interest in the transaction and the ongoing nature of any proposed relationship and any other factors the Nominating and Governance Committee deems relevant.

Other Matters

As of the date of this proxy statement, there are no other matters that the Board of Directors intends to present, or has reason to believe others will present, at the Annual Meeting. If other matters come before the Annual Meeting, the persons named in the accompanying form of proxy will vote in accordance with the recommendation of the Board or in their best judgment with respect to such matters.

Stockholder Proposals for 2013 Annual Meeting

Stockholders who, in accordance with Rule 14a-8 under the Exchange Act, wish to present proposals for inclusion in the proxy materials that we will distribute in connection with our 2013 annual meeting, must submit their proposals to the corporate secretary, NYSE Euronext, 11 Wall Street, New York, New York 10005, so that they are received no later than November 13, 2012. Such proposals must also comply with the requirements of Rule 14a-8. As the rules of the SEC make clear, simply submitting a proposal does not guarantee its inclusion.

If the date of our 2013 annual meeting is more than 30 days after April 26, 2012, we may publicly announce a different submission deadline from that set forth above, in compliance with the rules of the SEC.

Director Nominations and Other Business

Under our bylaws, for director nominations or other business to be brought before our 2013 annual meeting, other than Rule 14a-8 proposals described under *Stockholder Proposals for 2013 Annual Meeting* above, written notice must be delivered to the corporate secretary, NYSE Euronext, 11 Wall Street, New York, New York 10005, no earlier than the close of business on December 27, 2012 and no later than the close of business on January 26, 2013. Such notices must also comply with the other requirements of our bylaws.

If the date of our 2013 annual meeting is more than 30 days before or more than 60 days after April 26, 2013, the submission deadlines set forth above will be changed in accordance with our bylaws. In that case, our

Table of Contents

bylaws provide that to be timely, notice must be delivered as provided above not earlier than the close of business on the 120th day prior to our annual meeting and not later than the close of business on the later of the 90th day prior to the annual meeting or the 10th day following the day on which we first make a public announcement of the meeting date.

Annex B

**INDEPENDENCE POLICY OF THE
NYSE EURONEXT BOARD OF DIRECTORS**

Purpose

The purpose of this Policy is to set forth the independence requirements that shall apply to the members of the Board of Directors (the Board) of NYSE Euronext.

Independence Requirements

1. At least three-fourths of the Directors shall be independent within the meaning of this Policy. A list of the Directors shall be maintained on NYSE Euronext's web site.
2. A Director shall be independent only if the Board determines that the Director does not have any material relationships with NYSE Euronext and its subsidiaries. When assessing a Director's relationships and interests, the Board shall consider the issue not merely from the standpoint of the Director, but also from the standpoint of persons or organizations with which the Director is affiliated¹ or associated.
3. In making independence determinations, the Board shall consider the special responsibilities of a Director in light of the fact that NYSE Euronext controls entities that are U.S. self-regulatory organizations and U.S. national securities exchanges subject to the supervision of the U.S. Securities and Exchange Commission and entities that are European securities exchanges subject to the supervision of European regulators, including the Dutch Minister of Finance, the French Minister of the Economy, the French Financial Market Authority (Autorité des Marchés Financiers), the Netherlands Authority for the Financial Markets (Autoriteit Financiële Markten), the Belgian Banking, Finance, and Insurance Commission (Commission Bancaire, Financière, et des Assurances), the French Committee of Credit Establishments and Investment Undertakings (Comité des Etablissements de Crédit et des Entreprises d'Investissement CECEI), the Portuguese Securities Market Commission (Comissão do Mercado de Valores Mobiliários CMVM) and the U.K. Financial Services Authority (FSA), in each case only to the extent that it has authority and jurisdiction in the particular context.
4. The Board shall make an independence determination with respect to each Director required to be independent hereunder upon the Director's nomination or appointment to the Board and thereafter at such times as the Board considers advisable in light of the Director's circumstances and any changes to this Policy, but in any event not less frequently than annually.
5. It shall be the responsibility of each Director to inform the Chairman of the Board and the Chairman of the Nominating & Governance Committee² promptly and otherwise as requested of the existence of such relationships and interests which might reasonably be considered to bear on the Director's independence.
6. Any Director required to be independent hereunder whom the Board otherwise determines not to be independent under this Policy shall be deemed to have tendered his or her resignation for consideration by the Board, and such resignation shall not be effective unless and until accepted by the Board.

¹ An affiliate of, or a person affiliated with, a specific person is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

² As applied to the board of NYSE Regulation, Inc., this reference is to the Nominating and Governance Committee of NYSE Regulation, Inc.

Independence Qualifications

1. In making an independence determination with respect to any Director or Director candidate, the Board shall consider the standards below with respect to relationships or interests of the Director or Director candidate with or in:

(a) NYSE Euronext and its subsidiaries;

(b) members (as defined in Section 3(a)(A)(3)(i) of the Securities Exchange Act of 1934, as amended) of New York Stock Exchange LLC, NYSE Arca, Inc. and NYSE Alternext US LLC (collectively, Members), allied members (as defined in paragraph (c) of Rule 2 of New York Stock Exchange LLC and Rule 23 of NYSE Alternext US LLC) and allied persons (as defined in Rule 1.1(b) of NYSE Arca, Inc and Rule 1.1(c) of NYSE Arca Equities, Inc.);

(c) members (as defined in Section 3(a)(A)(3)(ii), 3(a)(A)(3)(iii) and 3(a)(A)(3)(iv) of the Securities Exchange Act of 1934, as amended) of New York Stock Exchange LLC, NYSE Arca, Inc. and NYSE Alternext US LLC (collectively, Member Organizations); and

(d) issuers of securities listed on New York Stock Exchange LLC, on NYSE Arca, Inc. or on NYSE Alternext US LLC.

The standards relating to category (a) are the same as those that New York Stock Exchange LLC applies to its own listed companies. The standards relating to categories (b), (c) and (d) stem from the differing regulatory responsibilities and roles that New York Stock Exchange LLC, and NYSE Arca, Inc. and NYSE Alternext US LLC exercise in overseeing the organizations and companies included in those categories.

2. The term approved person used herein has the meanings set forth in the Rules of New York Stock Exchange LLC, NYSE Arca, Inc., NYSE Arca Equities, Inc. and NYSE Alternext US LLC.

3. The term immediate family member with respect to any Director has the meaning set forth in the NYSE Listed Company Manual.

4. The term U.S. Listed Company means a company (other than a Member Organization) whose securities are listed on New York Stock Exchange LLC, on NYSE Arca, Inc. or on NYSE Alternext US LLC.

5. All references to New York Stock Exchange LLC, NYSE Arca, Inc., NYSE Arca Equities, Inc. and NYSE Alternext US LLC shall mean each of those entities or its successor.

6. The following independence criteria shall apply:

Independence from NYSE Euronext and its Subsidiaries

A Director is not independent if the Director or an immediate family member of the Director has or had a relationship or interest with or in NYSE Euronext or its subsidiaries that, if such relationship or interest existed with respect to a U.S. Listed Company on the New York Stock Exchange LLC, would preclude a Director of the U.S. Listed Company from being considered an independent Director of the U.S. Listed Company pursuant to Section 303A.02(a) or (b) of the NYSE Listed Company Manual.³

Members, Allied Members, Allied Persons and Approved Persons

A Director is not independent if he or she is, or within the last year was, or has an immediate family member who is, or within the last year was a Member, allied member or allied person or approved person (in each case as defined above).

Member Organizations

A Director is not independent if the Director (a) is, or within the last year was, employed by a Member Organization, (b) has an immediate family member who is, or within the last year was, an executive officer of a Member Organization, (c) has within the last year received from any Member Organization more than \$100,000

per year in direct compensation, or received from Member Organizations in the aggregate an amount of direct

compensation which in any one year is more than 10 percent of the Director's annual gross income for such year, excluding in each case Director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), or (d) is affiliated, directly or indirectly, with a Member Organization; provided, however, that a director of an affiliate of a Member Organization shall not per se fail to be independent. A director of an affiliate of a Member Organization, however, cannot qualify as an independent director of New York Stock Exchange LLC, NYSE Market, Inc., NYSE Regulation, Inc. or NYSE Alternext US LLC.

Listed Companies

A Director is not independent if the Director is an executive officer of an issuer of securities listed on New York Stock Exchange LLC, NYSE Arca, Inc. or NYSE Alternext US LLC, unless such issuer is a foreign private issuer as defined under Rule 3b-4 promulgated under the U.S. Securities Exchange Act of 1934, as amended (a Foreign Private Issuer). A Director who is an executive officer of a Foreign Private Issuer shall not per se fail to be independent. An executive officer of an issuer whose securities are listed on New York Stock Exchange LLC, NYSE Arca, Inc. or NYSE Alternext US LLC (regardless of whether such issuer is a Foreign Private Issuer) cannot qualify as an independent director of New York Stock Exchange LLC, NYSE Market, Inc., NYSE Regulation, Inc. or NYSE Alternext US LLC.

Disclosure of Charitable Relationships

NYSE Euronext shall make disclosure of any charitable relationship that a U.S. Listed Company would be required to disclose pursuant to NYSE Listed Company Manual Section 303A.02(b)(v) and commentary. Gifts by NYSE Euronext shall not favor charities on which any Director serves as an executive officer or member of the board of trustees or directors or comparable governing body.

Additional Independence Requirement

Notwithstanding the foregoing, the sum of (a) executive officers of Foreign Private Issuers (including, for the avoidance of doubt, companies whose securities are listed on any Euronext exchange), (b) executive officers of NYSE Euronext and (c) directors of affiliates of Member Organizations, together, shall constitute no more than a minority of the total number of Directors of NYSE Euronext.
