Each share of common stock is entitled to one vote on each matter properly brought before the Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Edgar Filing: CHENIERE ENERGY INC - Form DEF 14A

If your shares are registered directly in your name with Cheniere's transfer agent, Computershare Trust Company, N.A., you are considered the stockholder of record of those shares. The Notice of Annual Meeting, Proxy Statement, proxy card and 2011 Annual Report on Form 10-K for the year ended December 31, 2011, have been sent directly to you by Cheniere.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of such shares held in street name. The Notice of Annual Meeting, Proxy Statement, proxy card and 2011 Annual Report on Form 10-K for the year ended December 31, 2011, have been forwarded to you by your broker, bank or other holder of record, who is considered the stockholder of record of those shares. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet.

How do I vote?

You may vote using any of the following methods:

By Mail

You may submit your proxy vote by mail by signing a proxy card if your shares are registered or, for shares held beneficially in street name, by following the voting instructions included by your broker, trustee or nominee, and mailing it in the enclosed envelope. If you provide specific voting instructions, your shares will be voted as you have instructed. If you do not indicate your voting preferences, your shares will be voted as recommended by the Board; provided, however, if you are a beneficial owner, your bank, broker or other holder of record is not permitted to vote your shares on the following proposals if your bank, broker or other holder of record does not receive voting instructions from you: Proposal 1 to elect directors; Proposal 2 to amend the Company's Restated Certificate of Incorporation, as amended, to increase the number of shares of authorized common stock of the Company; and Proposal 3 to approve, on an advisory and non-binding basis, the compensation awarded to the Company's named executive officers for the year 2011.

By telephone or on the Internet

If you have telephone or Internet access, you may submit your proxy vote by following the instructions provided on your proxy card or voting instruction form. If you are a beneficial owner, the availability of telephone and Internet voting will depend on the voting processes of your broker, bank or other holder of record. Therefore, we recommend that you follow the voting instructions in the materials you receive.

In person at the Meeting

If you are the stockholder of record, you have the right to vote in person at the Meeting. If you are the beneficial owner, you are also invited to attend the Meeting. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the Meeting unless you obtain a legal proxy from your broker, bank or other holder of record that holds your shares, giving you the right to vote the shares at the Meeting.

Can I revoke my proxy?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

written notice to the Corporate Secretary of the Company;

timely delivery of a valid, later-dated proxy; or

voting by ballot at the Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other holder of record. You may also vote in person at the Meeting if you obtain a legal proxy as described in the answer to the preceding question.

What shares are included on the proxy card?

If you are a stockholder of record, you will receive a proxy card for the shares you hold in certificate form or in book-entry form.

If you are a beneficial owner, you will receive voting instructions from your bank, broker or other holder of record.

Is there a list of stockholders entitled to vote at the Meeting?

The names of stockholders of record entitled to vote at the Meeting will be available at the Meeting and for ten days prior to the Meeting for any purpose germane to the Meeting. The list will be available between the hours of 8:30 a.m. and 4:30 p.m. Central Daylight Time, at our offices at 700 Milam Street, Suite 800, Houston, Texas 77002, by contacting the Corporate Secretary of the Company.

What are the voting requirements to elect the directors and to approve each of the proposals discussed in this Proxy Statement?

The presence in person or by proxy of the holders of a majority of the outstanding shares of common stock entitled to vote at the Meeting is necessary to constitute a quorum. In the absence of a quorum at the Meeting, the Meeting may be postponed or adjourned from time to time without notice, other than an announcement at the Meeting, until a quorum shall be formed. Abstentions and

broker non-votes represented by submitted proxies will be included in the calculation of the number of the shares present at the Meeting for purposes of determining a quorum. Abstentions and broker non-votes occur when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Proposal 1 Directors are elected by a plurality of the votes cast at the Meeting, and the three nominees who receive the most votes will be elected. If you are a beneficial owner, your bank, broker or other holder of record may not vote your shares with respect to Proposal 1 without specific instructions from you as to how to vote with respect to the election of each of the three nominees for director because the election of directors is not considered a routine matter. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of the election of directors.

Proposal 2 To be approved, Proposal 2 to amend the Restated Certificate of Incorporation, as amended, to increase the number of shares of authorized common stock of the Company from 240,000,000 to 480,000,000 must receive the affirmative vote of at least a majority of the Company's outstanding shares of common stock. Proposal 2 is considered a routine matter and, therefore, if you are a beneficial owner, your bank, broker or other holder of record has the authority to vote your unvoted shares on Proposal 2 if you have not furnished voting instructions within a specified period of time prior to the Meeting. Accordingly, broker non-votes represented by submitted proxies will be taken into account in determining the outcome of Proposal 2. Abstentions will be counted as a vote against Proposal 2.

Proposal 3 To be approved, Proposal 3 regarding the compensation awarded to the Company's named executive officers for the year 2011 must receive the affirmative majority of the total votes cast at the Meeting with respect to Proposal 3. This means that the votes that our stockholders cast **FOR** Proposal 3 must exceed the votes that our stockholders cast **AGAINST** Proposal 3 at the Meeting. Because your vote is

advisory, it will not be binding on the Board of Directors or the Company. If you are a beneficial owner, your bank, broker or other holder of record may not vote your shares with respect to Proposal 3 without specific instructions from you because Proposal 3 is not considered a routine matter. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of Proposal 3.

Proposal 4 To be approved, Proposal 4 to ratify the appointment of Ernst & Young LLP must receive an affirmative vote of a majority of the total votes cast at the Meeting with respect to Proposal 4. Proposal 4 is considered a routine matter and, therefore, if you are a beneficial owner, your bank, broker or other holder of record has the authority to vote your unvoted shares on Proposal 4 if you have not furnished voting instructions within a specified period of time prior to the Meeting. Accordingly, broker non-votes represented by submitted proxies will be taken into account in determining the outcome of Proposal 4. Abstentions will be counted as a vote against Proposal 4.

Could other matters be decided at the Meeting?

As of the date of this Proxy Statement, we do not know of any matters to be raised at the Meeting other than those referred to in this Proxy Statement.

If other matters are properly presented for consideration at the Meeting, the persons named in your proxy card will have the discretion to vote on those matters for you.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, electronic transmission and facsimile transmission. We have hired Morrow & Co., LLC, 470 West Ave., Stamford, CT 06902 to solicit proxies. We will pay Morrow & Co., LLC a fee of \$8,500 plus expenses for these services.

Who will count the vote?

Broadridge Financial Solutions, Inc., an independent third party, will tabulate the votes.

We encourage our stockholders to access and review the proxy materials before voting.

PROPOSAL 1 ELECTION OF CLASS II DIRECTORS
Directors and Nominees

The Board is divided into three classes. At the Meeting, Nuno Brandolini, John M. Deutch and Paul J. Hoenmans will be nominated to serve as Class II directors. Each nominee, if elected, will hold office until the 2015 annual meeting of stockholders and will serve until his successor is duly elected and qualified or until his earlier death, resignation or removal.

Unless your proxy specifies otherwise or withholds authority to vote for one or more nominees named thereon and described below, it is intended that the shares represented by your proxy will be voted for the election of these three nominees. If you are a beneficial owner, your bank, broker or other holder of record is not permitted to vote your shares on Proposal 1 to elect directors if the bank, broker or other holder of record does not receive voting instructions from you. Proxies cannot be voted for a greater number of persons than the number of nominees named. The Board is unaware of any circumstances likely to render any nominee unavailable.

The Board of Directors recommends a vote FOR the election of the three nominees as Class II directors of the Company, to serve until the 2015 annual meeting of stockholders or until their successors are duly elected and qualified.

Governance Information

Director Independence

The Board determines the independence of each director and nominee for election as a director in accordance with the rules and regulations of the Securities and Exchange Commission (SEC) and the NYSE Amex Equities independence standards, which are listed below. The Board also considers relationships that a director may have:

as a partner, shareholder or officer of organizations that do business with or provide services to Cheniere;

as an executive officer of charitable organizations to which we have made or make contributions; and

that may interfere with the exercise of a director's independent judgment.

The NYSE Amex Equities independence standards state that the following list of persons shall not be considered independent:

a director who is, or during the past three years was, employed by the Company or by any parent or subsidiary of the Company;

a director who accepts, or has an immediate family member who accepts, any payments from the Company or any parent or subsidiary of the Company in excess of \$120,000 during any period of twelve consecutive months within the past three fiscal years other than compensation for Board or

committee services, compensation paid to an immediate family member who is a non-executive employee of the Company, compensation received for former service as an interim executive officer provided the interim service did not last longer than one year, or benefits under a tax-qualified retirement plan, or non-discretionary compensation;

a director who is an immediate family member of an individual who is, or has been in any of the past three years, employed by the Company or any parent or subsidiary of the Company as an executive officer;

a director who is, or has an immediate family member who is, a partner in, or a controlling shareholder or an executive officer of, any organization to which the Company made, or from which the Company received, payments (other than those arising solely from investments in the Company's securities or payments under non-discretionary charitable contribution matching programs) that exceed 5% of the organization's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the most recent three fiscal years;

a director who is, or has an immediate family member who is, employed as an executive officer of another entity where at any time during the most recent three fiscal years any of the Company's executive officers serve on the compensation committee of such other entity; or

a director who is, or has an immediate family member who is, a current partner of the Company's outside auditor, or was a partner or employee of the Company's outside auditor who worked on the Company's audit at any time during any of the past three years.

As of March 23, 2012, the Board determined that Messrs. Botta, Carney, Deutch, Hoenmans, Kilpatrick and Williams and Ms. Bailey are independent, and none of them has a relationship that may interfere with the exercise of his or her independent judgment.

Board Leadership Structure and Role in Risk Oversight

Board Leadership Structure. Mr. Souki serves as Chairman of the Board and Chief Executive Officer. From time to time, the Board considers whether Mr. Souki continues to be the appropriate person to serve in the combined role of Chairman and Chief Executive Officer. The Board has determined that Mr. Souki should continue to serve in the combined role of Chairman and Chief Executive Officer based on various factors. First, as a co-founder of the Company, Mr. Souki's leadership and vision for the Company have been instrumental in its development and its overall strategy in the LNG marketplace. Second, the Company's execution of its liquefaction project at the Sabine Pass LNG terminal is dependent on Mr. Souki's continued leadership. Finally, Mr. Souki has the confidence of the Board and the Company to continue to implement the Company's business plan.

In addition to these factors, the Company has in place sound counter-balancing mechanisms to ensure the continued accountability of the Chief Executive Officer to the Board. These counter-balancing mechanisms include:

The Board has appointed a Lead Director to provide independent leadership to the Board, to ensure that the Board operates independently of management and that directors have an independent leadership contact;

Each of the Board's standing committees, including the Audit, Compensation and Governance and Nominating Committees, are comprised of and chaired solely by non-employee directors who meet the independence requirements under the NYSE Amex Equities listing standards and the SEC;

The independent directors of the Board, along with the Compensation Committee, evaluate the Chief Executive Officer's performance, and the Compensation Committee determines his compensation;

The independent directors of the Board meet in regular executive sessions without management present to discuss the effectiveness of the Company's management, including the Chief Executive Officer, the quality of the Board meetings and any other issues and concerns; and

The Governance and Nominating Committee has oversight of succession planning, both planned and emergency, and the Board has approved an emergency Chief Executive Officer succession process.

The Board does not believe that its leadership structure affects the Board's role in risk oversight. See the discussion on the *Board's Role in Risk Oversight* below. The Board does not currently have a policy as to whether the role of Chief Executive Officer and Chairman should be separate, and it has the ability to separate these roles in the future if it determines that such a separation would be in the best interest of the Company and its stockholders.

Independent Lead Director. In light of the fact that the Company's Chairman position is held by a non-independent director, the Board has established the position of Lead Director to provide independent leadership to the Board. The Lead Director's role exists to ensure that the Board operates independently of management and that directors have an independent leadership contact. Mr. Carney currently serves as the Lead Director of the Board. The responsibilities of the Lead Director, which have been formally adopted by the Board, outline the Lead Director's role. The responsibilities of the Lead Director are to:

advise the Chairman of the Board as to an appropriate schedule of Board meetings, seeking to ensure that the independent directors can perform their duties responsibly, while not interfering with the flow of the Company's operations;

provide the Chairman of the Board with input as to the preparation of agendas for the Board and committee meetings;

advise the Chairman of the Board as to the quality, quantity and timeliness of the flow of information from the Company's management that is necessary for the independent directors to effectively and responsibly perform their duties, and while the Company's management is responsible for the preparation of materials for the Board, the Lead Director may specifically request the inclusion of certain material;

recommend to the Chairman of the Board the retention of consultants who report directly to the Board;

coordinate and develop the agenda for, and moderate, executive sessions of the Company's independent directors, and act as principal liaison between the independent directors and the Chairman of the Board on sensitive issues, including, but not limited to, related party transactions;

evaluate, along with the members of the Compensation Committee and the independent directors of the Board, the Chief Executive Officer's performance;

develop, along with the independent directors of the Board, policies and principles with respect to the search for and evaluation of potential successors to the Chief Executive Officer; and

Board's Role in Risk Oversight. Risks that could affect the Company are an integral part of Board and committee deliberations throughout the year. The Board has oversight responsibility for assessing the primary risks (including liquidity, credit, operations and regulatory compliance) facing the Company, the relative magnitude of these risks and management's plan for mitigating these risks. In addition to the Board's oversight responsibility, the committees of the Board consider the risks within their areas of responsibility. The Board and its committees receive regular reports directly from members of management who are responsible for oversight of particular risks within the Company. The Audit Committee discusses with management the Company's major financial and risk exposures and the steps management has taken to monitor and control such

exposures, including the Company's risk assessment and risk management policies. The Board and its committees regularly discuss the risks related to the Company's business strategy at their meetings.

Director Nominations and Qualifications

Director Nomination Policy and Procedures. Our Director Nomination Policy and Procedures are attached to the Governance and Nominating Committee's written charter as Exhibit A, which is available on our website at www.cheniere.com. The Governance and Nominating Committee considers suggestions for potential director nominees to the Board of Directors from any source, including current members of the Board of Directors and our management, advisors and stockholders. The Governance and Nominating Committee of the Board of Directors evaluates potential nominees by reviewing their qualifications, results of personal and reference interviews and any other information deemed relevant. Director nominees are recommended to the Board of Directors by the Governance and Nominating Committee. The full Board of Directors will select and recommend candidates for nomination as directors for stockholders to consider and vote upon at the annual stockholders' meeting. The Governance and Nominating Committee reviews and considers any candidates submitted by a stockholder or stockholder group in the same manner as all other candidates.

Qualifications for consideration as a director nominee vary according to the particular areas of expertise being sought as a complement to the existing Board composition. However, minimum criteria for selection of members to serve on our Board of Directors include the following:

highest ethical standards and integrity,

willingness to act on and be accountable for Board decisions,

high level of education and/or business experience,

broad-based business acumen,

understanding of the Company's business and industry,

strategic thinking and willingness to share ideas,

loyalty and commitment to driving the success of the Company,

network of contacts and

diversity of experiences, expertise and backgrounds among members of the Board of Directors.

Practices for Considering Diversity. The minimum criteria for selection of members to serve on our Board of Directors ensures that the Governance and Nominating Committee selects director nominees taking into consideration that the Board will benefit from having directors that represent a diversity of experience and backgrounds. Director nominees are selected so that the Board represents a diversity of experience in areas needed to foster the Company's business success, including experience in the energy industry, finance, consulting, international affairs, public service, governance and regulatory compliance. Each year the Board of Directors and each committee participates in a self-assessment or evaluation of the effectiveness of the Board and its committees. These evaluations assess the diversity of talents, expertise, and occupational and personal backgrounds of the Board members.

Stockholder Nominations for Director. A stockholder of the Company who is entitled to vote at a meeting of stockholders called for the election of directors may nominate candidates for election to the Board of Directors. Nominations made by a stockholder must be made by giving notice in writing to the Corporate Secretary of the Company before the later to occur of (i) 60 days prior to the date of the meeting of stockholders called for the election of directors or (ii) 10 days after the Board of Directors makes public disclosure of the date of such meeting. In no event will the public disclosure of an adjournment of an annual meeting of stockholders commence a new time period for the giving of a stockholder's notice as described above. A stockholder's notice must set forth the following information as to each person whom the stockholder proposes to

However, the \$1 million cap does not apply to performance-based compensation that is paid because of the attainment of one or more pre-established and objective performance goals adopted by a compensation committee consisting of two or more outside directors. PROPOSAL 2 APPROVAL OF AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Our Restated Certificate of Incorporation, as amended, currently authorizes us to issue up to 240,000,000 shares of common stock, \$.003 par value per share, and 5,000,000 shares of preferred stock, \$.0001 par value per share. The Board of Directors has adopted, subject to stockholder approval, an amendment to our Restated Certificate of Incorporation, as amended, to increase the authorized number of shares of our common stock from 240,000,000 shares to 480,000,000 shares. Attached hereto as Exhibit A is the amendment, as approved by the Board of Directors and as submitted to our stockholders for their approval.

As of April 2, 2012, of the 240,000,000 shares of common stock presently authorized, 153,759,827 shares were issued and outstanding, 12,575,709 shares were reserved for issuance under our stock plans, 5,777,237 shares were reserved for issuance under our convertible senior unsecured notes due 2012, 1,681,772 shares were reserved for issuance under a convertible loan agreement entered into in August 2008 and 66,205,455 shares were not reserved for any specific use and were available for future issuance. If our stockholders approve Proposal 2, we would have 306,205,455 shares of common stock that are not reserved for any specific use and are available for future issuances based on the number of shares of common stock outstanding as of April 2, 2012.

The Board of Directors believes that the shares of common stock that are not reserved for any specific use and which currently are available for issuance do not provide the Company with sufficient flexibility to act in a timely manner in meeting future stock needs. We anticipate that the Company may in the future need to issue additional shares in connection with one or more of the following:

strategic investments,

financing transactions, such as offerings of common stock or convertible securities,

incentive and employee benefit plans, and

otherwise for corporate purposes that have not yet been identified.

In order to provide the Board of Directors with certainty and flexibility to undertake such transactions and issue additional shares of common stock, the Board of Directors believes that it is in the best interests of the Company at this time to increase the number of authorized shares of our common stock. If this Proposal 2 is adopted, the additional authorized shares of common stock may be issued upon the approval of the Board of Directors at such times, in such amounts, and upon such terms as the Board of Directors may determine, without further approval of the stockholders, unless such approval is expressly required by applicable law, regulatory agencies or any exchange or quotation service on which our common stock may then be listed. The ability of the Board of Directors to issue shares from the additional authorized shares will allow the Board of Directors to perform the functions for which it is currently empowered under our Restated Certificate of Incorporation, as amended, and Amended and Restated By-laws in executing certain transactions, such as acquisitions, investments, debt reduction financings or other transactions, pursuant to which such additional authorized shares could be issued without further stockholder approval of the specific transaction. We have no current plans to merge or use the increased number of authorized shares of common stock in connection with any merger or other business combination.

The proposed increase in our authorized shares of common stock is not the result of any specific efforts; rather, as mentioned above, the purpose of the increase in our authorized shares of common stock is to provide the Board of Directors with the ability to issue shares for strategic investments, financing transactions, incentive and employee benefit plans and other general corporate purposes, and not to construct or enable any anti-takeover defense or mechanism on behalf of the Company. While it is possible that the Board of Directors could use the additional shares to resist or frustrate a third-party transaction providing an above-market premium that is favored by a majority of the independent stockholders, the Company has no intent or plan to employ the additional unissued authorized shares as an anti-takeover device. As a consequence, the increase in authorized shares of common stock may make it more difficult for, prevent or deter a third party from acquiring control of the Company or changing the Board of Directors and management, as well as inhibit fluctuations in the market price of the Company's shares that could result from actual or rumored takeover attempts.

Our stockholders do not have preemptive rights with respect to future issuances of additional shares of common stock, which means that current stockholders do not have a prior right to purchase any new issue of common stock of the Company in order to maintain their proportionate ownership interest. As a result, the issuance of a significant amount of additional authorized common stock (other than as the result of a stock split or other pro rata distribution to stockholders) would result in a significant dilution of the beneficial ownership interests and/or voting power of each stockholder who does not, or who does not have an opportunity to, purchase additional shares to maintain his or her pro rata interest. As additional shares are issued, the shares owned by our existing stockholders will represent a smaller percentage ownership interest in the Company. In addition, the issuance of additional shares of, or securities convertible into, our common stock could result in a decrease in the trading price of our common stock, depending on the price at which such shares are issued.

Recommendation of the Board of Directors

The Board of Directors unanimously approved the amendment to our Restated Certificate of Incorporation, as amended, and has determined that such amendment is advisable and in the best interests of the Company and our stockholders. **The Board of Directors recommends a vote FOR approval of the amendment to our Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of common stock to 480,000,000 shares.**

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our named executive officers should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, as well as considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Company Overview

Cheniere Energy, Inc. is a Houston-based energy company primarily engaged in LNG-related businesses. We own and operate the Sabine Pass LNG terminal in Louisiana through our ownership interest in and management agreements with Cheniere Energy Partners, L.P. (Cheniere Partners). We also own the Creole Trail Pipeline located in Louisiana, which interconnects the Sabine Pass LNG terminal with natural gas markets in North America. Cheniere Partners is developing a project to add liquefaction capabilities at the Sabine Pass LNG terminal through a wholly owned subsidiary, Sabine Pass Liquefaction, LLC (Sabine Pass Liquefaction). During 2011, significant progress was made on the proposed liquefaction project and we expect the Sabine Pass LNG terminal will provide global buyers with an attractive, long-term, alternative source of LNG supply.

Overview of Executive Compensation for 2011

The following are highlights of the more significant events involving our executive officers' compensation for 2011:

In January 2011, each of our executive officers received a 2.5% base salary increase, which was determined by the Compensation Committee to be reasonable because many of our executive officers' base salaries were at or below the median, or 50th percentile, of the market.

In March 2011, the Company implemented the 2011-2013 Bonus Plan designed to pay cash and equity bonus awards to our executive officers that are tied to the achievement of operational and corporate goals, financial goals, and regulatory, engineering/construction and commercial goals related to the proposed liquefaction project at the Sabine Pass LNG terminal. The 2011-2013 Bonus Plan includes an Annual Cash Bonus Pool and a Long-Term Commercial Bonus Pool for each of the 2011, 2012 and 2013 performance years.

The executive officers' 2009 Phantom Stock Awards vested based on performance and continued employment and were settled in shares of common stock of the Company in 2011.

On January 24, 2012, the Compensation Committee approved a cash bonus award for the executive officers based on the achievement of the Company's 2011 performance goals under the Annual Cash Bonus pool of the 2011-2013 Bonus Plan. The cash bonus awards were paid to the executive officers on January 27, 2012.

Compensation Philosophy and Objectives

Our executive compensation program and objectives are based on our need to attract and retain executives with the talent and experience necessary for Cheniere to achieve its primary business goals. We compete for executive talent with larger energy companies which have substantially greater resources. In 2011, we generally targeted our executives' total cash compensation at the median of the market data of energy companies that we compete with for executive talent. During 2011, we also implemented the 2011-2013 Bonus Plan to tie annual cash bonus and long-term incentive awards to the Company's performance. All of our executive officers participate in the 2011-2013 Bonus Plan. Our executive officers' total compensation for 2011 consisted of their annual base salary and a cash bonus award. In January 2011, the executive officers received a long-term incentive award in the form of a restricted stock grant based on the Company's performance in 2010. In 2009, we implemented a long-term incentive plan for our employees, including our executive officers, and our executive officers were granted phantom stock awards in 2009 that vested in December 2011 based on a combination of performance and continued employment.

At last year's Annual Meeting of Stockholders, 91% of the votes cast on the non-binding advisory vote on say on pay approved of the Company's compensation of the executive officers as described in the 2011 proxy statement. Our Compensation Committee considered these voting results as supportive of the Company's executive compensation program and objectives. In addition, at last year's Annual Meeting of Stockholders, 68% of the votes cast on the non-binding advisory vote regarding the frequency of future say on pay proposals by the Company voted in favor of having an annual say on pay vote, despite the Board of Directors' recommendation that say on pay proposals be voted upon every three years. The Company accepted the majority vote of its stockholders and is planning to submit the Company's executive compensation for a non-binding advisory vote each year. This year's say on pay proposal is Proposal 3 beginning on page 47 of this Proxy Statement.

Compensation-Related Risk

The Compensation Committee has determined that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company and do not include risk-taking incentives or encourage our employees, including our executive officers, to take excessive risks in order to receive larger awards. The actual compensation awarded to our employees for 2011, including our executive officers, was based on the Company's performance, including performance goals that were tied to operational and corporate goals, financial goals, and regulatory, engineering/construction and commercial goals. The achievement of these goals is conducted in accordance with the Company's Risk Policy approved by the Board.

Independent Compensation Consultant

The Compensation Committee has engaged Deloitte Consulting LLP (Deloitte) to review our compensation practices and provide the Compensation Committee with advice and assistance related to the design of our incentive compensation plans. In 2011, management made recommendations to the Compensation Committee concerning competitive pay ranges for our executive officers, appropriate base salary adjustments, the settlement of the executive officers' 2009 Phantom Stock Awards and the amount of annual cash bonus awards for 2011 performance pursuant to the 2011-2013 Bonus Plan. Deloitte reviewed management's recommendations and provided guidance to the Compensation Committee and management regarding the reasonableness of the recommendations based on market data. The Compensation Committee seeks Deloitte's guidance in an effort to establish compensation packages for our executive officers that are competitive with other energy companies that we compete with for executive talent. Deloitte reports to the Compensation Committee Chairman and has direct access to Compensation Committee members. Deloitte attends Compensation Committee meetings on request and also meets with the Compensation Committee in executive session without management present.

Those Deloitte personnel involved in matters within the purview of the Compensation Committee do not participate in any other services provided to us by Deloitte affiliates. During 2011, we used Deloitte LLP, the U.K. member firm of Deloitte Touche Tohmatsu, for compensation and tax consulting services related to certain executives' international compensation arrangements. During 2011, we also used Deloitte Tax LLP for certain tax consulting services, Deloitte Financial Advisory Services LLP for certain financial accounting advisory services, Deloitte Accounting Services (France) for certain payroll and financial bookkeeping services for our French office and Taj Societe D'Avocats, the French member firm of Deloitte Touche Tohmatsu, for certain professional tax services. The aggregate fees the Company paid to Deloitte's affiliates for non-executive compensation consulting services was \$141,992 during 2011, and the aggregate fees the Company paid to Deloitte for executive compensation consulting services was \$57,035 during 2011. The decision to engage, and the fees the Company paid to, Deloitte's affiliates for non-executive compensation consulting services were approved by management and not the Compensation Committee or the Board because these services fall within management's approval authority in the normal course of business. The Compensation Committee believes that the nature and scope of these services do not impair Deloitte's ability to provide an independent perspective to the Compensation Committee in its deliberations about executive officer compensation.

Role of Compensation Committee and Executive Officers in Compensation Decisions

The Compensation Committee has the responsibility to review and approve annual compensation, including the competitiveness of each element of the total compensation package, for the Chief Executive Officer (CEO) and each of our Senior Vice Presidents, who together with the CEO we will refer to in this Compensation Discussion and Analysis collectively as the Executive Officers. The Compensation Committee endeavors to provide total compensation for the Executive Officers that is competitive with other energy companies that we compete with for executive talent. In determining total compensation for the Executive Officers, the Compensation Committee recognizes that the Company is at a critical stage in its development and that the Executive Officers' total compensation must provide an incentive to achieve the Company's overall business plan.

The base salaries, bonus awards and other equity awards for the Executive Officers are customarily proposed to the Compensation Committee by the CEO. All recommendations reflect input from Deloitte and our Human Resources (HR) department based on their review of external market data and Deloitte's guidance on best practices. The Compensation Committee makes the final determination as to the base salaries, bonus awards and other equity awards for each of the Executive Officers based on Company and individual performance, the Company's budget for compensation and market data.

Elements of 2011 Executive Compensation

We strive to offer a competitive compensation and benefits package to enable us to retain our current personnel and to recruit new executive talent as necessary. Each year, the Compensation Committee reviews external market data to determine the competitiveness of the total compensation package of our Executive Officers. The market data selected is representative of the energy industry within which we operate and includes companies relative to our business activity with which we compete for executive talent. Our HR department compiles and analyzes the market data with verification from Deloitte that our HR department's analysis is accurate and reasonable. The Compensation Committee reviews the following components of the Executive Officers' compensation relative to the amount paid to executives in similar positions within the market data: base salary, cash bonuses and equity compensation. The market data serves as a point of reference for measuring the compensation of the Executive Officers, but compensation decisions are made based on a combination of considerations. Our CEO works with our HR department to provide the Compensation Committee with recommendations on compensation based on the following considerations: the Company's performance; the roles, responsibilities and performance of the Executive Officers; the Company's budget for compensation; and market competitiveness.

Jean Abiteboul Senior Vice President International	\$329,142 (2)

- (1) The change of control cash payments are equal to one times the Executive Officers' base salaries in effect at or immediately prior to the change of control. The amounts reported in the table are based on our Executive Officers' 2011 base salaries.
- (2) A change of control cash payment for Mr. Abiteboul would be paid based on his current base salary rate in Euros. Mr. Abiteboul's 2011 base salary was 239,568 EUR. The amount reported in the table represents the U.S. dollar equivalent based on the January 4, 2011 exchange rate of 1.3739 USD to 1 EUR.

Benefits

We offer the same benefits package to all of our employees and Executive Officers. The Cheniere Retirement Plan is a tax-qualified 401(k) savings plan pursuant to which we match 100% up to the lesser of 5% of salary deferrals or the maximum deferrals permitted by law. We also provide all employees with medical, dental and vision benefits as well as a Section 125 Cafeteria Plan and health and dependent care reimbursement arrangements. In addition, employees are covered by short-term and long-term disability, basic life insurance equal to two times base salary and voluntary life (elective) insurance and accidental death and dismemberment insurance. We also provide voluntary home and auto insurance programs for our employees. We do not offer a defined benefit pension plan to our employees, including the Executive Officers.

Perquisites and Other Personal Benefits

Perquisites are provided to the Executive Officers on a limited basis. We currently provide contract parking for all of our employees, and each of the Executive Officers is assigned a reserved parking space in our office building.

In July 2009, we entered into a U.K. assignment letter with Mr. Souki so that he could spend a portion of his time working from London to more effectively conduct international business for the Company. The Company pays an annual allowance to Mr. Souki for the cost of housing and living expenses in London. In April 2010, the Compensation Committee approved an amendment to Mr. Souki's U.K. assignment letter to extend the term of his assignment for an additional twelve-month period to July 1, 2011, and increase the amount of his annual allowance for the cost of housing and living expenses in London to \$200,000. Mr. Souki's U.K. assignment letter expired in June 2011; however, the Compensation Committee approved Mr. Souki's annual housing and living allowance in the amount of \$200,000 for the duration of Mr. Souki's stay in the U.K. Because Mr. Souki's duties require him to spend a significant amount of time traveling, the Company paid for charter flights for Mr. Souki for business purposes during 2011. Mr. Souki's personal guests were permitted to fly on such charter flights on occasion at nominal or no incremental cost to the Company.

We have also entered into an indefinite term employment agreement with Mr. Abiteboul in compliance with local practice and pursuant to the laws of France where he resides. In April 2010, the Compensation Committee approved an amendment to Mr. Abiteboul's employment agreement. The amendment provides for a secondment arrangement with Cheniere Supply & Marketing, Inc. and Mr. Abiteboul. Effective April 30, 2010, Mr. Abiteboul was seconded by the Company to the Company's London office, which serves as the head office of the English branch of Cheniere Supply & Marketing, Inc., for the purpose of pursuing LNG customers for the Company. Cheniere Supply & Marketing, Inc. entered into a lease for a London apartment and makes direct payments to the landlord to cover Mr. Abiteboul's temporary housing costs in London. Cheniere Supply & Marketing, Inc. also pays for the cost of utilities, insurance and certain council taxes related to the London apartment. Mr. Abiteboul also receives tax equalization payments for a portion of the taxes he incurs as a result of the secondment. The costs related to Mr. Abiteboul's U.K. housing together with the tax equalization payments cannot exceed 200,000 Euros per year in the aggregate pursuant to his secondment arrangement. The Company has also paid for the cost of certain return visits to France for Mr. Abiteboul. In addition, the Company has paid for installation costs related to Mr. Abiteboul's secondment and reasonable fees related to Mr. Abiteboul's individual tax planning and preparation of his tax declaration. Mr. Abiteboul uses a car owned by the Company. In addition, the Company pays the costs of a club membership and home telecommunication services for Mr. Abiteboul. The Company also makes contributions to a discretionary French retirement plan on behalf of Mr. Abiteboul.

The total cost to the Company for any perquisites and other personal benefits provided to the Executive Officers during 2009, 2010 and 2011 is provided in the *Summary Compensation Table*.

Analysis of Executive Officers' Total Compensation for 2011

Base Salary

The base salaries of the Executive Officers are designed to be comparable to like positions in the marketplace from where we recruit executive talent. For 2011, management proposed to the Compensation Committee 2.5% base salary increases for the Executive Officers. Management presented and the Compensation Committee reviewed 2011 projections from published salary planning surveys on what other companies across the nation as well as in the energy industry were planning for their annual salary increases. The Compensation Committee also reviewed base salary data for similar executive officer positions from published survey data in the 2010 Towers Watson U.S. Compensation Data Bank Energy Services Executive Database (2010 Towers Watson Energy Survey) and proxy data from the Company's peer group. The 2010 Towers Watson Energy Survey was comprised of 102 companies in the Energy Services industry, with participant asset size ranging from approximately \$390 million to \$13 billion.

Proxy Peer Group

The Company's peer group is based on a list of energy companies that are considered most representative of Cheniere in type of business. In November 2010, the Compensation Committee, based on a recommendation by management, reviewed the list of companies that comprise the Company's peer group and decided to make modifications. Exploration and production companies and engineering and construction companies were removed from the list because Cheniere is not in those specific lines of businesses. Seven companies that are developers and managers of projects with operations and structures similar to Cheniere were added to the list. The following 17 energy companies with total assets ranging from \$2.5 billion to \$39.5 billion were chosen to comprise the Company's peer group. All of the companies in the Company's peer group are companies that we compete with for executive talent.

We believe that it is beneficial to benchmark executive compensation against both nationally recognized published survey data as well as proxy data from the Company's peer group. Mr. Souki's and Mr. Thames' base salaries for 2011 were between the 25th and 50th percentiles of the 2010 Towers Watson Energy Survey. Ms. Gentle's base salary for 2011 was below the 25th percentile of the 2010 Towers Watson Energy Survey. Mr. Abiteboul's base salary for 2011 was at the 50th percentile of the 2010 Towers Watson Energy Survey. The chief executive officer and chief financial officer positions were the only two positions that had enough compensation data available to be able to benchmark the positions against similar executive officer positions in the proxy data from the Company's peer group and Mr. Souki's and Ms. Gentle's base salaries for 2011 were at or below the 25th percentile of the proxy peer group data. Based on the published data from the 2010 Towers Watson Energy Survey and proxy peer group data and the Company's budget for compensation, the Compensation Committee believed a 2.5% base salary increase for 2011 was reasonable for the Executive Officers. The Executive Officers' base salary adjustments were effective January 3, 2011, with the exception of Mr. Abiteboul whose base salary adjustment was effective on January 1, 2011 due to the Company's payroll administration in the U.K. The 2.5% base salary increase was also approved company-wide. Mr. Rayford began his employment with the Company on March 1, 2011 and his base salary was determined based on the salaries of the other Senior Vice Presidents.

The CEO's base salary is set at a higher amount than the Senior Vice Presidents' base salaries because the CEO is responsible for developing the Company's overall strategy and vision and implementing the Company's business plan. In addition, the market data indicates that the base salary for a chief executive officer position is customarily set higher than other officer positions.

For 2011, we did not differentiate the base salaries (except for the impact of international exchange rates) of the Senior Vice Presidents because management recognizes that each of the Senior Vice Presidents has similar potential to significantly impact the performance of the Company. Management believes that not differentiating the base salaries of the Senior Vice Presidents fosters teamwork and cooperation at the management levels, which is critical for our success.

2011 Bonus Awards

On March 2, 2011, the Compensation Committee approved the 2011-2013 Bonus Plan. The 2011-2013 Bonus Plan includes (i) the CQP Plan to pay bonuses for Sabine Pass LNG, L.P. (Sabine Pass LNG) operators, technicians and supporting roles who have been seconded to Cheniere Energy Partners GP, LLC, the general partner of Cheniere Partners, and (ii) the Corporate Plan to pay bonuses to the remainder of the Company's employees who fall outside of the secondment arrangement. All of the Executive Officers participate in the Corporate Plan, which is designed to pay bonus awards that are tied to the achievement of operational and corporate goals, financial goals, and regulatory, engineering/construction and commercial goals related to the proposed liquefaction project at the Sabine Pass LNG terminal. The Corporate Plan includes an annual bonus pool payable in cash (Annual Cash Bonus Pool). The Annual Cash Bonus Pool is funded based on the achievement of the following goals: (i) certain operational and corporate goals fund a base Annual Cash Bonus

Pool of \$5,000,000; (ii) negotiating an engineering, procurement and construction contract for the proposed liquefaction project, developing a plan to address debt maturities and generating gross margins from the Company's Short-Term Commercial Activity (as defined below) will increase the Annual Cash Bonus Pool up to an aggregate target of \$10,000,000; and (iii) additional Short-Term Commercial Activity and other appropriate milestones achieved by the Company may increase the Annual Cash Bonus Pool above the \$10,000,000 target.

2011 Annual Cash Bonus Pool. On January 24, 2012, the Compensation Committee approved the funding of an Annual Cash Bonus Pool in the amount of \$15,000,000 for 2011 based on the Company's achievement of its 2011 performance goals under the 2011-2013 Bonus Plan.

Components of the 2011 Annual Cash Bonus Pool. The achievement of the following operational and corporate goals funded a base Annual Cash Bonus Pool equal to \$5,000,000:

We met our 2011 operational and safety goals.

The Company and its subsidiaries managed spending within 10% of the approved 2011 expenditure budget.

We signed memoranda of understanding for at least 1.0 Bcf/d of bi-directional capacity at the Sabine Pass LNG terminal during 2011.

We filed all required regulatory permit authorizations to construct and operate liquefaction and export facilities at the Sabine Pass LNG terminal during 2011.

The achievement of the following goals increased the Annual Cash Bonus Pool up to an aggregate target of \$10,000,000:

In November 2011, Sabine Pass Liquefaction signed a lump-sum turnkey agreement with Bechtel Oil, Gas and Chemicals, Inc. for the procurement, engineering, design, installation, training, commissioning and placing into service of the first two liquefaction trains and related facilities at the Sabine Pass LNG terminal.

In June 2011, we closed an underwritten public offering of our common stock and used the net proceeds for general corporate business purposes. In December 2011, we closed another underwritten public offering of our common stock, and, in January 2012, used a portion of the net proceeds to repay in full the Company's 2007 term loan due in May 2012.

The Annual Cash Bonus Pool was increased by an additional \$5,000,000 to an aggregate total of \$15,000,000 based on the Company's Short-Term Commercial Activity and other significant milestones related to the proposed liquefaction project at the Sabine Pass LNG terminal achieved by the Company during 2011:

For 2011, the Company generated over \$26 million of gross margins from Short-Term Commercial Activity, which increased the Annual Cash Bonus Pool by \$3,000,000.

In May 2011, Sabine Pass Liquefaction received an order from the U.S. Department of Energy with authorization to export domestically produced natural gas to any country that has, or in the future develops, the capacity to import LNG and with which trade is permissible.

Edgar Filing: CHENIERE ENERGY INC - Form DEF 14A

In October 2011, Sabine Pass Liquefaction signed a LNG Sale and Purchase Agreement with BG Gulf Coast LNG, LLC (BG) for approximately 3.5 million tonnes per annum (mtpa) of LNG for a term of 20 years. In January 2012, Sabine Pass Liquefaction amended and restated the BG LNG Sale and Purchase Agreement under which BG will purchase an additional 2.0 mtpa of LNG, bringing BG s total annual contract quantity to 5.5 mtpa of LNG.

In November 2011, Sabine Pass Liquefaction signed a LNG Sale and Purchase Agreement with Gas Natural Aproveisionamientos SDG S.A., an affiliate of Gas Natural SDG S.A. (Gas Natural) for approximately 3.5 mtpa of LNG for a term of 20 years.

In December 2011, Sabine Pass Liquefaction signed a LNG Sale and Purchase Agreement with Gail (India) Limited (GAIL) for approximately 3.5 mtpa of LNG for a term of 20 years.

In December 2011, the Company began negotiations with third-parties to secure financing commitments to construct the first two liquefaction trains and related facilities at the Sabine Pass LNG terminal.

In January 2012, Sabine Pass Liquefaction signed a LNG Sale and Purchase Agreement with Korea Gas Corporation (KOGAS) for approximately 3.5 mtpa of LNG for a term of 20 years.

2011 Cash Bonus Awards. A portion of the 2011 Annual Cash Bonus Pool was allocated by the Compensation Committee to each of the Executive Officers based on a recommendation by the CEO and such Executive Officer's contributions during 2011. The Compensation Committee reviewed market data from the 2011 Towers Watson U.S. Compensation Data Bank Energy Services Executive Database (2011 Towers Watson Energy Survey) and the Company's peer group and decided the amounts of the 2011 Annual Cash Bonus Awards were appropriate because the Executive Officers' base salaries were below the 50th percentile of the market data and the 2011 Cash Bonus Awards would increase each Executive Officer's total cash compensation for 2011 to at least the 75th percentile of the market data to recognize the excellent year the Company had in developing the proposed liquefaction project at the Sabine Pass LNG terminal. The Executive Officers received their 2011 Annual Cash Bonus Awards on January 27, 2012. Mr. Souki's and Mr. Thames's total cash compensation for 2011 was above the 75th percentile of the market data. Ms. Gentle's, Mr. Abiteboul's and Mr. Rayford's total cash compensation for 2011 was at the 75th percentile of the market data.

Each Executive Officer received a 2011 Annual Cash Bonus Award, as follows:

Specifically, the Compensation Committee approved for Mr. Souki a cash bonus of \$2,326,900. The Compensation Committee concluded that this amount was appropriate in light of Mr. Souki's implementation of the Company's overall strategy and business plan in 2011.

Ms. Gentle received a cash bonus of \$775,600 in recognition of her contributions related to reducing corporate debt and eliminating significant interest expense payments, thereby resulting in the improvement of the Company's liquidity position and the progress the Company made towards securing financing commitments to construct the first two liquefaction trains and related facilities at the Sabine Pass LNG terminal.

Mr. Rayford received a cash bonus of \$581,700 in recognition of his contributions related to the regulatory progress made on filing permit authorizations to commence construction of the proposed liquefaction project and the signing of Sale and Purchase Agreements with customers for LNG in connection with the proposed liquefaction project at the Sabine Pass LNG terminal.

Mr. Thames received a cash bonus of \$775,600 for the success of the marketing business in securing margins on LNG cargo purchases and in recognition of his efforts in obtaining LNG customers and signing Sale and Purchase Agreements for LNG in connection with the proposed liquefaction project at the Sabine Pass LNG terminal.

Mr. Abiteboul received a cash bonus of \$581,700 in recognition of his contributions in obtaining LNG customers and signing Sale and Purchase Agreements with customers for LNG in connection with the proposed liquefaction project at the Sabine Pass LNG terminal.

2011 Long-Term Incentive Awards

On January 4, 2011, the Compensation Committee determined that the Company had achieved significant corporate debt reduction resulting in the improvement of the Company's liquidity position and regulatory, engineering and commercial milestones related to the proposed liquefaction project at the Sabine Pass LNG

terminal during 2010 that deserved recognition and used its discretion to approve a pool of 2,000,000 shares of restricted stock of the Company to be granted to certain employees, including the Executive Officers (the 2011 Long-Term Incentive Awards). The 2011 Long-Term Incentive Awards vest in three equal annual installments. The first tranche of restricted stock vested on June 30, 2011. The second tranche will vest on June 30, 2012 and the third tranche will vest on June 30, 2013. Except as set forth below, an Executive Officer will forfeit any unvested portion of his or her 2011 Long-Term Incentive Award if the Executive Officer's employment with the Company terminates for any reason prior to the applicable vesting dates; provided, however, that any unvested portion of the 2011 Long-Term Incentive Award will vest upon the (i) termination, resignation or removal of the Executive Officer for any reason within one year of the effective date of a Change of Control (as defined in the Cheniere Energy, Inc. 2003 Stock Incentive Plan, as amended (the 2003 Plan)) or (ii) death or disability of the Executive Officer.

2009 Phantom Stock Awards

The Compensation Committee, based on a recommendation by management, approved the implementation of a new long-term incentive plan in 2009 for our employees, including the Executive Officers who received phantom stock awards granted on February 25, 2009 under the 2003 Plan (the 2009 Phantom Stock Awards). Mr. Souki received an additional grant of 2009 Phantom Stock Awards on June 12, 2009, upon the approval by the Company's stockholders of certain amendments to the 2003 Plan, including an amendment to increase the maximum number of shares of common stock of the Company that can be granted to any one individual under the 2003 Plan during a calendar year. The 2009 Phantom Stock Awards vested based on a combination of performance measures and continued employment. The performance measures for the 2009 Phantom Stock Awards were determined to incentivize management to achieve the goals under the Company's three-year business plan.

The 2009 Phantom Stock Awards vested based on performance and continued employment in 2011. The Compensation Committee determined that the \$150 Million of Annual Cash Receipts (as defined below) performance measure was achieved based upon the Company signing three qualifying contracts which secured an aggregate of more than \$150 million of annual cash receipts from third parties for a weighted average term of seven years or more in connection with either the use or firm commitment reservation of capacity of the Sabine Pass LNG terminal or the Creole Trail Pipeline (\$150 Million of Annual Cash Receipts). The three qualifying contracts included the LNG Sale and Purchase Agreements Sabine Pass Liquefaction entered into with BG, Gas Natural and GAIL in connection with the Company's proposed liquefaction project at the Sabine Pass LNG terminal. Each contract was for approximately 3.5 mtpa of LNG for a term of 20 years. The BG Sale and Purchase Agreement was amended and restated in January 2012 under which BG will purchase an additional 2.0 mtpa of LNG, bringing BG's total annual contract quantity to 5.5 mtpa of LNG.

The Compensation Committee determined that the 2009 Phantom Stock Awards would be settled in shares of Company common stock which were issued to the Executive Officers on December 15, 2011 and December 21, 2011. The \$150 Million of Annual Cash Receipts performance measure was designed as a stretch goal for the Company, and if achieved, the payout of the 2009 Phantom Stock Awards was designed so that the Executive Officers' total compensation would be greater than the 75th percentile of the 2009 Towers Perrin U.S. Compensation Data Bank Energy Services Executive Database market data to recognize the significant performance of the Company.

Change of Control Agreements

In 2008, the Compensation Committee approved Change of Control Agreements for certain employees of the Company, including the Executive Officers, which provide for a potential cash payment payable upon a change of control of the Company. The Change of Control Agreements were adopted in recognition that the possibility of a change of control existed and that such possibility, and the uncertainty it may create, may result in the distraction or departure of employees to the detriment of the Company and the stockholders. The Change

of Control Agreements were designed to ensure that certain employees designated by management and confirmed by the Compensation Committee were not unduly distracted by the circumstances attendant to the possibility of a change of control and to encourage their continued attention and dedication to our necessary operations. The Change of Control Agreements provide for a cash payment upon a change of control in an amount equal to one times the employees' base salaries in effect at or immediately prior to the change of control. The cash payments are payable within 30 days of the effective date of the change of control. A cessation of an employee's employment at the previously designated level (including as a result of death or disability) for any reason, a termination of an employee other than for Cause (as defined in the Change of Control Agreements), and a termination by the employee for good reason that occurs not more than three months prior to a change of control will be deemed to be a termination of employment pursuant to a change of control provided the employee demonstrates that such cessation or termination of employment was at the request of a third party who has taken steps reasonably calculated to effect a change of control or the employee's termination otherwise arose in connection with or in anticipation of a change of control. The Change of Control Agreements expire on December 31 of each calendar year, although they are automatically extended for an additional year each January 1 unless the Company provides notice to an employee that it will not extend the term of his or her Change of Control Agreement. The Compensation Committee annually reviews the extension of the Change of Control Agreements and periodically approves Change of Control Agreements for newly hired officers.

Compensatory Arrangements for Certain Executive Officers

On June 30, 2009, the independent members of our Board of Directors approved a U.K. assignment letter for Mr. Souki so that he is able to spend a portion of his time working from London to more effectively conduct international business for the Company. The U.K. assignment letter was effective July 1, 2009 for a period of twelve months, but could be extended by the Compensation Committee or full Board for additional twelve-month periods not to exceed a total of three years. In 2009, the Company paid a one-time finder's fee for Mr. Souki to arrange temporary housing in London and all fees, including reasonable legal fees, to prepare and obtain the proper work clearances in the U.K. The Company also pays Mr. Souki an annual allowance for the cost of housing and living expenses in London. In April 2010, the Compensation Committee approved an amendment to Mr. Souki's U.K. assignment letter to extend the term of his assignment for an additional twelve-month period to July 1, 2011, and to increase the amount of his annual allowance to \$200,000 to cover the cost of housing and living expenses in London. Mr. Souki's U.K. assignment letter expired in June 2011; however, the Compensation Committee approved Mr. Souki's annual housing and living allowance in the amount of \$200,000 for the duration of Mr. Souki's stay in the U.K. The allowance is paid in quarterly installments in the month preceding each quarter and is not included in his base salary for purposes of determining annual bonus awards or change of control payments. Mr. Souki is responsible for paying his individual tax liabilities and filing all necessary tax returns.

We have entered into an indefinite term employment agreement with Mr. Abiteboul in compliance with local practice and pursuant to the laws of France where he resides. Pursuant to his employment arrangement, Mr. Abiteboul uses a car owned by the Company and the Company pays the costs of a club membership and home telecommunication services for Mr. Abiteboul. The Company also makes contributions to a discretionary French retirement plan on behalf of Mr. Abiteboul.

In April 2010, the Compensation Committee approved an amendment to Mr. Abiteboul's employment agreement to provide for a secondment arrangement with Cheniere Supply & Marketing, Inc. and Mr. Abiteboul. Effective April 30, 2010, Mr. Abiteboul was seconded by the Company to the Company's London office, which serves as the head office of the English branch of Cheniere Supply & Marketing, Inc., for the purposes of pursuing LNG customers for the Company. Mr. Abiteboul's secondment initially expires April 30, 2012 but may be extended upon Compensation Committee or full Board approval and a separate amendment to his employment agreement. During his secondment, Mr. Abiteboul continues to report to Mr. Charif Souki, Chairman, Chief Executive Officer and President of the Company. Pursuant to his employment agreement, Mr. Abiteboul has been entitled to an expatriation allowance as a portion of his annual salary as a result of his travel outside of France. Effective April 30, 2010, Mr. Abiteboul no longer received the expatriation allowance. His 2011 annual base salary of 239,568 Euros was paid by Cheniere Supply & Marketing, Inc. in a sum equivalent to the monthly

Euro value in British Pounds Sterling on a monthly basis. Mr. Abiteboul remains subject to the French State basic pension and complementary pension regimes, subject to the necessary contributions paid by the Company and Mr. Abiteboul. In addition, Cheniere Supply & Marketing, Inc. entered into a lease for a London apartment and makes direct payments to the landlord to cover Mr. Abiteboul's temporary housing costs in London. Cheniere Supply & Marketing, Inc. also pays for the cost of utilities, insurance and certain council taxes related to the London apartment. Mr. Abiteboul receives tax equalization payments for a portion of the taxes he incurs as a result of the secondment. The costs related to Mr. Abiteboul's U.K. housing together with the tax equalization payments cannot exceed 200,000 Euros per year in the aggregate pursuant to his secondment arrangement. The Company has also paid for the cost of certain return visits to France for Mr. Abiteboul. In addition, the Company has paid for installation costs related to Mr. Abiteboul's secondment. None of these payments will be included in Mr. Abiteboul's base salary for purposes of determining annual bonus awards, contributions to employee retirement plans or potential change of control payments. Mr. Abiteboul is responsible for the payment of his individual tax liabilities and for filing all necessary tax returns; provided, however, that the Company pays for reasonable fees related to Mr. Abiteboul's individual tax planning and preparation of his tax declaration. Mr. Abiteboul's secondment may be terminated by the Company or by Mr. Abiteboul with a notice period of two months. If Mr. Abiteboul's secondment is terminated by the Company prior to the end of the maximum twenty-four month period, the Company will repatriate Mr. Abiteboul and be responsible for the costs of such repatriation. If Mr. Abiteboul resigns from the Company prior to the end of his secondment, the Company will not be responsible for the costs of his repatriation. All other terms of Mr. Abiteboul's employment agreement remain unchanged and he will return to his previous role pursuant to his employment agreement at the end of his secondment. Additional information about Mr. Abiteboul's French employment agreement is provided below in *Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table* beginning on page 41 of this Proxy Statement.

2012 Base Salary Adjustments

On January 24, 2012, the Compensation Committee approved a 2.5% base salary increase for the Executive Officers for 2012 as set forth in the table below. The base salary increases were effective on January 16, 2012.

2012 Base Salary

Executive Officers	Base Salary Increase from 2011	2012 Base Salary
Charif Souki Chairman, Chief Executive Officer and President	2.5%	\$771,580
Meg A. Gentle Senior Vice President and Chief Financial Officer	2.5%	\$292,370
Greg W. Rayford Senior Vice President and General Counsel	2.5%	\$292,370
H. Davis Thames Senior Vice President Marketing	2.5%	\$292,370
Jean Abiteboul Senior Vice President International	2.5%	\$311,223 (1)

(1) Mr. Abiteboul's base salary is 245,560 EUR. The amount reported in the table represents the U.S. dollar equivalent based on the January 16, 2012 exchange rate of 1.2674 USD to 1 EUR.

The Company made recommendations to the Compensation Committee for base salary increases for the Executive Officers after reviewing 2011 base salaries for similar executive officer positions in the 2011 Towers Watson Energy Survey and proxy data from the Company's peer group. The base salaries for the Executive Officers were at or below the 50th percentile of the market data. The Company recommended and the Compensation Committee approved a 2.5% base salary increase for the Executive Officers based on the Company's budget for compensation and the Executive Officer's total compensation package, including their long-term incentive awards.

The CEO's base salary is set at a higher amount than the Senior Vice Presidents' base salaries because the CEO is responsible for developing the Company's overall strategy and vision and implementing the Company's business plan. In addition, the market data indicates that the base salary for a chief executive officer position is customarily set higher than other officer positions.

For 2012, we did not differentiate the base salaries (except for the impact of international exchange rates) of the Senior Vice Presidents because management recognizes that each of the Senior Vice Presidents has similar potential to significantly impact the performance of the Company. Management believes that not differentiating the base salaries of the Senior Vice Presidents fosters teamwork and cooperation at the management levels, which is critical for our success.

2012 Awards under 2003 Plan and 2011 Plan

The Compensation Committee has not yet approved stock and cash awards for 2012 and expects to make future grants that take into account the Company's significant achievements regarding the proposed liquefaction project at the Sabine Pass LNG terminal. The 2003 Plan has 1,830,952 shares remaining available to be issued as equity-based awards, and it also authorizes cash awards. The 2011 Plan has 10,000,000 shares available to be issued as equity-based awards, and it also authorizes cash awards.

Guidelines for Granting Equity-Based Awards

We recognize that granting equity awards presents specific legal, tax and accounting issues and, therefore, we adopted guidelines on December 17, 2007, for all grants of equity-based awards. The guidelines have been revised for grants that are made pursuant to the Cheniere Energy, Inc. 2011 Incentive Plan (2011 Plan) that was approved by our stockholders in June 2011. The guidelines reflect the Company's prior practices for granting equity-based awards. Under the guidelines, all equity awards granted to employees subject to the reporting requirements of Section 16 of the Exchange Act must be approved by the Compensation Committee or the Section 162(m) Subcommittee, and all stock options granted to members of the Board of Directors must be approved by the Compensation Committee or the Board. The Board established an Equity Grant Committee and appointed the Chairman of the Board as the sole member of such committee to act on behalf of the Board and the Compensation Committee in granting restricted stock and stock options to eligible employees (other than Executive Officers) and consultants. Restricted stock awards made by the Equity Grant Committee in any calendar year cannot exceed 25,000 shares of restricted stock per recipient or an aggregate of 400,000 shares of restricted stock to all recipients under the 2003 Plan and 150,000 shares of restricted stock per recipient or an aggregate of 600,000 shares of restricted stock to all recipients under the 2011 Plan. The Board has also authorized the CEO to designate employees and consultants (other than Executive Officers) to be recipients of stock options and to determine the terms of such stock options. Stock option awards made by the CEO and the Equity Grant Committee in any calendar year cannot exceed 100,000 stock options per recipient or an aggregate of 1,000,000 stock options to all recipients under the 2003 Plan and 450,000 stock options per recipient or an aggregate of 3,000,000 stock options to all recipients under the 2011 Plan. The Compensation Committee periodically ratifies all stock options granted by the CEO and Equity Grant Committee and restricted stock granted by the Equity Grant Committee. Under the provisions of the 2003 Plan and 2011 Plan, stock options cannot be granted at an exercise price less than the closing price of a share of the Company's common stock as reported on the NYSE Amex Equities on the grant date of such stock options.

Stock Ownership Requirements

The Board of Directors believes that the members of the Company's Board of Directors and the Executive Officers should display their commitment to the Company by owning a significant amount of Company stock and, on April 3, 2008, implemented stock ownership guidelines. The Board amended the stock ownership guidelines, effective as of September 10, 2009, which provide as follows:

Stock Ownership Guidelines for

Non-Employee Directors and Executive Officers

Position

Non-Employee Directors

Chairman, Chief Executive Officer and President
Senior Vice Presidents

Stock Ownership Guidelines

50% of the director's annual compensation awarded for each of his/her 3 most recent service years
5x base salary
2x base salary

Items considered for purposes of meeting the stock ownership guidelines include: Company stock beneficially owned by a non-employee director or Executive Officer or his or her spouse or dependent children; phantom stock and restricted stock whether or not yet vested; the in-the-money value of vested but unexercised stock options; Company stock acquired upon the exercise of stock options; and common units of Cheniere Energy Partners, L.P. held directly by a non-employee director or Executive Officer or his or her spouse or dependent children. The number of shares of Company stock required to be owned by each non-employee director is determined annually as of the close of business on the first trading date following the Company's annual meeting of stockholders (following, and including, the issuance of Company stock relating to such year's annual non-employee director compensation). The value of each share of Company stock is equal to the greater of (i) the fair market value of the Company's stock on the date the non-employee director or Executive Officer acquired the stock, or (ii) the fair market value of the Company's stock on any given measurement date. All non-employee directors and Executive Officers are expected to be in full compliance with the guidelines by the fifth anniversary of the original effective date (April 3, 2008) of the guidelines or within five years of initial appointment to a position subject to the guidelines, with certain ownership thresholds that must be met in the interim period. If a non-employee director or Executive Officer is not in compliance with the guidelines, he or she is required to retain the entire after-tax value of Company stock received upon the vesting of stock awards and the exercise of stock options until the interim threshold requirements or compliance with the guidelines is achieved. The Board recognizes that there may be occasions in which the guidelines place a severe hardship on the individual and has delegated discretion to the Governance and Nominating Committee to determine whether an exemption should be granted to the individual in such instances. The Governance and Nominating Committee periodically assesses the guidelines and each individual's compliance with the guidelines. All of our non-employee directors were in compliance with the guidelines as of June 20, 2011, and all of our Executive Officers were in compliance with the guidelines as of December 31, 2011.

Accounting and Tax Implications

The 2009 Phantom Stock Awards were designed to provide awards that are based on a combination of performance and service and consequently do not qualify as performance-based awards deductible for federal income tax purposes under Section 162(m) of the Internal Revenue Code. The 2010 Goals & Bonus Plan and 2011-2013 Bonus Plan were not designed to provide awards that will qualify as performance-based awards deductible for federal income tax purposes under Section 162(m) of the Internal Revenue Code. We will not be able to recognize tax benefits that may otherwise be available to the Company related to the 2009 Phantom Stock Awards, the 2011 Long-Term Incentive Awards made under the 2010 Goals & Bonus Plan and the 2011 Cash Bonus Awards made under the 2011-2013 Bonus Plan to our Executive Officers that are subject to the Section 162(m) limitations.

Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table

Compensatory Arrangements for Certain Executive Officers

On June 30, 2009, the independent directors of the Board of Directors approved a U.K. assignment letter for Mr. Souki so that he is able to spend a portion of his time working from London to more effectively conduct international business for the Company. In April 2010, the Compensation Committee approved an amendment to Mr. Souki's U.K. assignment letter to extend the term of his assignment for an additional twelve-month period to July 1, 2011, and to increase the amount of his annual allowance to \$200,000 to cover the cost of housing and living expenses in London. Mr. Souki's U.K. assignment letter expired in June 2011; however, the Compensation Committee approved Mr. Souki's annual housing and living allowance in the amount of \$200,000 for the duration of Mr. Souki's stay in the U.K. Mr. Souki's U.K. assignment letter, as amended, is described in more detail in the Compensation Discussion and Analysis under *Compensatory Arrangements for Certain Executive Officers* beginning on page 34 of this Proxy Statement.

We also entered into an indefinite term employment agreement with Mr. Abiteboul in compliance with local practice and pursuant to the laws of France where he resides when he joined the Company in February 2006. Pursuant to the agreement, Mr. Abiteboul receives a fixed annual gross salary that is reviewed annually by the Compensation Committee and a portion of which is an expatriation allowance. He is also entitled to receive an annual bonus and an annual award of equity each in an amount up to 100 percent of his annual salary. Mr. Abiteboul's compensation is subject to deductions for social security, including his social security contribution, additional retirement and social welfare contributions, medical insurance and unemployment

insurance, as provided by French law. Mr. Abiteboul participates in permanent and private medical insurance arrangements in France and is entitled to a death in-service benefit. The Company provides Mr. Abiteboul with use of a Company-owned car and the Company pays for insurance, fuel, parking and maintenance expenses related to the car, personal tax services, club memberships, discretionary French retirement plan contributions and home telecommunication services for Mr. Abiteboul. Mr. Abiteboul is entitled to three months' prior notice in the event of his termination by the Company except in the case of his serious misconduct or gross negligence. The agreement provides for non-compete and non-solicitation obligations on the part of Mr. Abiteboul for a period of 12 months following the termination of the agreement. In consideration for the non-compete obligation, Mr. Abiteboul will receive a monthly indemnity equal to 30 percent of his average fixed monthly salary over the previous 12-month period; provided, however, the Company is entitled to waive the non-compete obligation upon notice to Mr. Abiteboul. Any failure by Mr. Abiteboul to observe the non-compete obligation will also release the Company from paying the indemnity. In April 2010, the Compensation Committee approved an amendment to Mr. Abiteboul's employment agreement to provide for a secondment arrangement with Cheniere Supply & Marketing, Inc. and Mr. Abiteboul, which is described in more detail in the Compensation Discussion and Analysis under *Compensatory Arrangements for Certain Executive Officers* beginning on page 34 of this Proxy Statement. As a result of Mr. Abiteboul's secondment, Mr. Abiteboul no longer received an expatriation allowance effective April 30, 2010.

2011 Bonus Awards

On January 24, 2012, the Compensation Committee approved the funding of the 2011 Annual Cash Bonus Pool in the amount of \$15,000,000 for 2011 based on the Company's achievement of its 2011 performance goals under the 2011-2013 Bonus Plan. The 2011 Annual Cash Bonus Pool was funded based on the achievement of the following goals: (i) certain operational and corporate goals funded a base 2011 Annual Cash Bonus Pool of \$5,000,000; (ii) negotiating an engineering, procurement and construction contract for the proposed liquefaction project and executing on a plan to address debt maturities increased the 2011 Annual Cash Bonus Pool to an aggregate target of \$10,000,000; and (iii) the Company's Short-Term Commercial Activity and other significant milestones related to the proposed liquefaction project at the Sabine Pass LNG terminal achieved by the Company during 2011 increased the 2011 Annual Cash Bonus Pool by an additional \$5,000,000 to an aggregate total of \$15,000,000. The components of the 2011 Annual Cash Bonus Pool are described in more detail in the Compensation Discussion and Analysis under *Analysis of Executive Officers - Total Compensation for 2011 - 2011 Bonus Awards* beginning on page 30 of this Proxy Statement. A portion of the 2011 Annual Cash Bonus Pool was allocated by the Compensation Committee to each of the named executive officers based on a recommendation by the CEO and named executive officer's contributions during 2011. The first tranche of restricted stock vested on June 30, 2011. The second tranche will vest on June 30, 2012 and the third tranche will vest on June 30, 2013. Except as set forth below, a named executive officer will forfeit any unvested portion of his or her 2011 Long-Term Incentive Award if the named executive officer's employment with the Company terminates for any reason prior to the applicable vesting dates; provided,

however, that any unvested portion of the 2011 Long-Term Incentive Award will vest upon (i) the termination, resignation or removal of the named executive officer for any reason within one year of the effective date of a Change of Control (as defined in the 2003 Plan) or (ii) the death or disability of the named executive officer. The number of shares of restricted stock and grant date fair value of the 2011 Long-Term Incentive Awards are included in the *Grants of Plan-Based Awards during Fiscal Year 2011* table.

any unvested portion of the restricted stock awards will vest upon the (i) termination, resignation or removal of the named executive officer for any reason within one year of the effective date of a Change of Control (as defined in the 2003 Plan) or (ii) death or disability of the named executive officer.

- (3) A change of control cash payment for Mr. Abiteboul would be paid based on his current base salary rate in Euros. The amount in this table is the U.S. dollar equivalent based on the January 4, 2011 exchange rate of 1.3739 USD to 1 EUR.

- (4) Restricted shares received upon vesting that were granted under the French Addendum may not be sold by Mr. Abiteboul for a period of two years following the relevant vesting date. Pursuant to his restricted stock grant, Mr. Abiteboul may immediately sell these shares in the event of his death, invalidity, termination without Cause, termination for Good Reason or termination within one year from the date of a change of control of the Company.

Narrative to the Potential Payments upon Termination or Change of Control

Change of Control Cash Payment

We have entered into Change of Control Agreements with each of the named executive officers. The Change of Control Agreements provide for a cash payment upon a Change of Control (as defined in the Change of Control Agreements) in an amount equal to one times the named executive officers' base salaries at or immediately prior to the Change of Control. The cash payments are payable within 30 days of the effective date of the Change of Control. A cessation of a named executive officer's employment at the previously designated level (including as a result of death or disability) for any reason, a termination of a named executive officer other than for Cause (as defined in the Change of Control Agreements), and a termination by the named executive officer for Good Reason (generally, as defined in the 2003 Plan) that occurs not more than three months prior to a Change of Control will be deemed to be a termination of employment pursuant to a Change of Control provided the named executive officer demonstrates that such cessation or termination of employment was at the request of a third party who has taken steps reasonably calculated to effect a Change of Control or the named executive officer's termination otherwise arose in connection with or in anticipation of a Change of Control. The Change of Control Agreements expire on December 31 of each calendar year, although they are automatically extended for an additional year each January 1 unless the Company provides notice to an employee that it will not extend the term of his or her Change of Control Agreement. The term of the Change of Control Agreements will also expire on the date any payments are made to the named executive officer pursuant to the Change of Control Agreement or the named executive officer ceases to be an employee of the Company prior to a Change of Control.

Restricted Stock Awards

Except as set forth below, a named executive officer will forfeit any unvested portion of his or her restricted stock award if the named executive officer's employment with the Company terminates for any reason prior to the applicable vesting dates; provided, however, that any unvested portion of the restricted stock awards will vest upon the (i) termination, resignation or removal of the named executive officer for any reason within one year of the effective date of a Change of Control (as defined in the 2003 Plan) or (ii) death or disability of the named executive officer.

The shares of restricted stock granted to Mr. Abiteboul on February 20, 2006, as his new hire award, vested equally in four annual installments beginning one year from the date of grant. Restricted shares received upon vesting that were granted under the French Addendum may not be sold by Mr. Abiteboul for a period of two years following the relevant vesting date. Pursuant to Mr. Abiteboul's restricted stock grants, the shares awarded as his new hire grant may be immediately sold in the event of his death, invalidity, termination without Cause, termination for Good Reason or termination within one year from the date of a change of control of the Company.

Pursuant to the 2003 Plan, a good reason termination will occur, assuming the Company fails to cure such circumstances within thirty days after receipt of notice of the good reason termination, upon the named executive officer's termination of employment due to one of the following events: (a) the removal from or failure to re-elect the officer to the position in which the officer last served; (b) assignment of duties, responsibilities, or reporting requirements that are inconsistent with the officer's position or material diminishment of the officer's duties, responsibilities or status; (c) a material reduction in the officer's compensation or benefits; or (d) a change in the Company's principal place of business to a location more than 50 miles from downtown Houston. The

2003 Plan provides generally that a change of control of the Company will occur if: (i) any person or entity directly or indirectly becomes the beneficial owner of 30% or more of the shares of voting stock then outstanding; (ii) the consummation of any merger, reorganization, business combination, consolidation of the Company or one of our subsidiaries with or into any other company or a sale or disposition by the Company of all or substantially all of our assets (other than a transaction in which the same stockholders before the transaction own 50% of the outstanding common stock after the transaction is complete); or (iii) a majority of the current members of the Board of Directors or their approved successors cease to be our directors.

PROPOSAL 3 ADVISORY AND NON-BINDING VOTE ON THE COMPANY'S 2011 EXECUTIVE

COMPENSATION

We are seeking approval, on an advisory and non-binding basis, of the compensation awarded to our named executive officers for 2011, as we have described it in the Compensation Discussion and Analysis beginning on page 23 of this Proxy Statement. While this vote is advisory, and not binding on the Company, it will provide information to our Compensation Committee and management regarding investor sentiment about our executive compensation philosophy, objectives and practices which the Compensation Committee and management will be able to consider when determining executive compensation for the remainder of 2012 and beyond.

We compete for executive talent with larger energy companies that have substantially greater resources and our executive compensation philosophy, objectives and practices are based on our need to attract and retain executives with the talent and experience necessary for the Company to achieve its primary strategy and business plan. The Compensation Committee engages an independent compensation consultant to provide guidance to the Compensation Committee and management regarding the reasonableness of our executive officers' compensation based on market data. We strive to offer compensation packages to our executive officers that are reasonable and competitive with the companies we compete with for executive talent.

The Compensation Committee recognized the Company's significant achievements during 2011 in its determination of our executive officers' compensation for 2011. In 2011, the total compensation package for each of our executive officers included his or her annual base salary and a cash bonus award, as follows:

Each of our executive officers received a 2.5% base salary increase for 2011, which was determined to be reasonable because many of our executive officers' base salaries were significantly below the median of the market. The 2.5% base salary increase was also approved company wide.

The executive officers received a cash bonus award for the 2011 performance year based on the achievement of the Company's 2011 performance goals under the 2011-2013 Bonus Plan.

The executive officers' cash bonus awards were based on the Company's performance during 2011, including the achievement of the following 2011 performance goals:

We met our 2011 operational, safety and corporate goals.

We filed all required regulatory permit authorizations to construct and operate liquefaction and export facilities at the Sabine Pass LNG terminal during 2011 and, in May 2011, Sabine Pass Liquefaction received an order from the U.S. Department of Energy with authorization to export domestically produced natural gas to any country that has, or in the future develops, the capacity to import LNG and with which trade is permissible.

In November 2011, Sabine Pass Liquefaction signed a lump-sum turnkey contract with Bechtel Oil, Gas and Chemicals, Inc. for the procurement, engineering, design, installation, training, commissioning and placing into service of the first two liquefaction trains and related facilities at the Sabine Pass LNG terminal.

Edgar Filing: CHENIERE ENERGY INC - Form DEF 14A

Sabine Pass Liquefaction signed LNG Sale and Purchase Agreements with BG, Gas Natural, GAIL and KOGAS in connection with the Company's proposed liquefaction project at the Sabine Pass LNG terminal.

In January 2012, we used a portion of the net proceeds from our December 2011 underwritten public offering to repay in full the Company's 2007 term loan due in May 2012 and achieved significant corporate debt reduction.

We are asking our stockholders to indicate their support for the compensation awarded to our named executive officers for 2011 as described in the Compensation Discussion and Analysis, compensation tables and narrative disclosure of this Proxy Statement because we believe that it is reasonable and in line with the Company's business strategy and long-term success.

The Board of Directors recommends a vote FOR the following resolution:

RESOLVED, that the stockholders approve, on a non-binding and advisory basis, the compensation paid for 2011 to the Company's executive officers named in the Summary Compensation Table, as disclosed in the Company's 2012 Proxy Statement pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, which disclosure includes the Compensation Discussion and Analysis, the compensation tables and other executive compensation disclosures.

Equity Compensation Plan Information

The following table provides information about our compensation plans as of December 31, 2011. The equity compensation plans approved by our stockholders include the Cheniere Energy, Inc. Amended and Restated 1997 Stock Option Plan (the "1997 Plan"), the 2003 Plan and the 2011 Plan.

	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights	(b) Weighted-average exercise price of outstanding options, warrants and rights	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in Column (a))
Equity compensation plans approved by security holders	770,157	\$26.45	11,926,752
Equity compensation plans not approved by security holders			
Total	770,157	\$26.45	11,926,752

In 1997, we established the 1997 Plan, which was amended and restated in September 2005. The 1997 Plan allowed for the issuance of options to purchase up to 5,000,000 shares of common stock. We reserved 5,000,000 shares of common stock for issuance upon the exercise of options, all of which have been granted and are fully vested. All options granted under the 1997 Plan have exercise prices equal to or greater than the fair market value of common stock at the date of grant. The 1997 Plan terminated on April 22, 2007 and no additional options may be granted under the 1997 Plan.

In 2003, the Company established the 2003 Plan, which was amended and restated in September 2005 and has since been amended. The 2003 Plan is a broad-based incentive plan, which allows for the issuance of stock options, stock appreciation rights and awards of purchased stock, bonus stock, phantom stock, restricted stock and performance awards and other stock-based awards to employees, consultants and non-employee directors to purchase up to 21,000,000 shares of common stock. The Company has reserved 21,000,000 shares of common stock for issuance upon the exercise of awards that have been granted or which may be granted. The following awards have been granted under the 2003 Plan as of December 31, 2011: 1,142,480 stock options, 11,645,768 shares of restricted stock and 6,285,000 phantom stock awards that have been settled in shares of common stock. Vesting of awards under the 2003 Plan varies, but generally occurs in equal annual installments over a two-

three- or four-year period on each anniversary of the grant date. All options granted under the 2003 Plan have exercise prices equal to or greater than the fair market value at the date of grant. The term of any award under the 2003 Plan may not exceed a period of ten years. As of December 31, 2011, 1,926,752 shares of common stock remained available for grant under the 2003 Plan.

In 2011, the Company established the 2011 Plan. The 2011 Plan is a broad-based incentive plan, which allows for the issuance of stock options, stock appreciation rights and awards of bonus stock, phantom stock, restricted stock and performance awards and other stock-based awards to employees, consultants and non-employee directors to purchase up to 10,000,000 shares of common stock. The Company has reserved 10,000,000 shares of common stock for issuance upon the exercise of awards that may be granted. As of December 31, 2011, no awards had been granted under the 2011 Plan.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for oversight of the accounting and financial reporting processes of the Company and oversight of the audits of our financial statements. Management of the Company is responsible for preparing our financial statements and complying with applicable laws and regulations. It is the responsibility of management and the independent accountants to determine that our financial statements are complete and accurate and are in accordance with generally accepted accounting principles.

The Audit Committee discussed with both our internal and independent accountants the overall scope and plans for their respective audits. In addition, the Audit Committee met with both management and our independent accountants to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee's review with the independent accountants included discussions of those matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard AU Section 380 (Communication with Audit Committees) and Rule 2-07 of SEC Regulation S-X. The Audit Committee also discussed with the independent accountants, among other things, matters relating to their independence, and the Audit Committee received the written disclosures and the letter from the independent accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. Finally, the Audit Committee continued to monitor the scope and adequacy of our internal control system.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the SEC.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee, under the Audit Committee Charter, has the responsibility to review and approve any transactions or series of related financial transactions, arrangements or relationships involving amounts exceeding \$120,000 between the Company and our directors, executive officers, nominees for director, any greater than 5% stockholders and their immediate family members. The Audit Committee will only approve related party transactions when it determines such transactions are in the best interests of the Company and its stockholders. In reviewing a transaction, the Audit Committee considers facts and circumstances which it considers relevant to its determination. In determining whether to approve or ratify a related party transaction, the Audit Committee will apply the following standards and such other standards it deems appropriate:

whether the related party transaction is on terms no less favorable than the terms generally available to an unaffiliated third-party under the same or similar circumstances;

whether the transaction is material to the Company or the related party; and

the extent of the related person's interest in the transaction.

In September 2007, the Audit Committee retained independent counsel and approved the Company entering into a consulting agreement with Karim Souki, the brother of Charif Souki. On December 9, 2011, the Audit Committee approved an amended and restated consultancy agreement with Mr. Souki to modify the scope of the services provided by Mr. Souki and extend the term of the consultancy agreement to December 31, 2012. On March 23, 2012, the Audit Committee approved a second amended and restated consultancy agreement with Mr. Souki to provide that the monthly payments under the consultancy agreement are paid to Mr. Souki in U.S. dollars, to provide that Mr. Souki will indemnify the Company for taxes paid by the Company as a result of the consultancy agreement and to extend the term of the consultancy agreement to December 31, 2013. Mr. Souki's monthly payments under the consultancy agreement are adjusted annually by the same percentage applied generally to the base salary of the executive officers of the Company. Mr. Souki also receives annual incentive or bonus compensation similar to the incentive or bonus compensation applied to our executive officers at the sole discretion of the Compensation Committee. On January 4, 2011, the Compensation Committee approved base salary increases for our executive officers and increased the monthly payments under Mr. Souki's consulting agreement to 15,404 GBP, effective January 1, 2011. On January 4, 2011, the Compensation Committee approved a 2010 bonus award to be paid to Mr. Souki in the amount of \$282,765, and a 2011 Long-Term Incentive Award in the form of a grant of 100,000 shares of restricted stock of the Company. Mr. Souki's 450,000 2009 Phantom Stock Awards vested based on performance and continued service and they were settled in shares of common stock of the Company on December 15, 2011 and December 21, 2011. On January 24, 2012, the Compensation Committee approved a 2011 Cash Bonus Award to be paid to Mr. Souki in the amount of \$581,700. On January 24, 2012, the Compensation Committee also approved base salary increases for our executive officers and increased the monthly payments under Mr. Souki's consulting agreement to 15,789 GBP, effective January 1, 2012. Effective April 1, 2012, Mr. Souki's monthly payments are \$24,364 per month. The 2011 Long-Term Incentive Awards, 2009 Phantom Stock Awards and 2011 Bonus Awards are described in more detail in the Compensation Discussion and Analysis under *Analysis of Executive Officers' Total Compensation for 2011* beginning on page 29 of this Proxy Statement.

On August 15, 2008, Cheniere Common Units Holding, LLC, a wholly owned subsidiary of the Company (CCUH), entered into a Credit Agreement (the Credit Agreement), pursuant to which certain lenders (the Lenders) agreed to make term loans of \$250,000,000 in the aggregate to CCUH. One of the Lenders is Scorpion Capital Partners, L.P. (Scorpion), an affiliate of Nuno Brandolini, one of the Company's directors. Under the Credit Agreement, Scorpion made a loan to the Company in the amount of \$8,500,000. In connection with the Credit Agreement, the Company, CCUH and the Lenders also entered into an Investors' Agreement on August 15, 2008, pursuant to which the loans were exchangeable into shares of the Company's Series B Convertible Preferred Stock (Series B Preferred Stock) with limited voting rights and restrictions on conversion. As the Series B Preferred Stock was only convertible into common stock upon the sale of such shares in connection with an underwritten public offering, Scorpion could never own the shares of common stock. At a

stockholders meeting held on June 16, 2011, the stockholders of the Company approved the direct issuance of Company common stock with full voting rights upon conversion of the loan held by Scorpion. Consistent with stockholder approval, the Company amended the loan held by Scorpion on September 13, 2011 to eliminate the conversion into Series B Preferred Stock and to provide for the direct conversion of such loan, at the option of Scorpion, into shares of Company common stock at a price of \$5.00 per share. In 2012, the Company and Scorpion agreed to exchange the loan for 1,681,771 shares of Company common stock. Mr. Brandolini disclaims beneficial ownership of the shares of Company common stock into which the loan is converted except to the extent of his pecuniary interest therein.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Exchange Act, directors, certain officers and beneficial owners of 10% or more of any class of the Company's stock (Reporting Persons) are required from time to time to file with the SEC and NYSE Amex Equities reports on ownership and changes of ownership. Reporting Persons are required to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of forms and written representations received from Reporting Persons with respect to the fiscal year ended December 31, 2011, the Company believes that all filing requirements applicable to the Company's officers, directors and greater than 10% stockholders were met on a timely basis, except that Messrs. Souki and Williams each inadvertently omitted certain information regarding one transaction required to be reported on a Form 4, Statement of Changes in Beneficial Ownership, and each director subsequently filed such information late on a Form 4.

Management anticipates that the Company's 2013 annual stockholders meeting will be held during June 2013. If a stockholder wishes to submit a proposal outside of the process of Rule 14a-8 under the Exchange Act, in order for such proposal to be considered timely for the purposes of Rule 14a-4(c) under the Exchange Act, the proposal must be received by the Company not later than March 14, 2013.

Communications with the Board of Directors

The Board of Directors maintains a process for stockholders to communicate with the Board of Directors. Stockholders wishing to communicate with the Board of Directors should send any communication to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 800, Houston, Texas 77002. The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors or one or more of its committees and whether any response to the person sending the communication is appropriate. Any such response will be made through the Corporate Secretary and only in accordance with the Company's policies and procedures and the applicable laws and regulations relating to the disclosure of information.
