Hyster-Yale Materials Handling, Inc.

PRELIMINARY COPY

To the Stockholders of NACCO Industries, Inc.:

We are pleased to inform you that the board of directors of NACCO Industries, Inc. ("NACCO") has approved the spin-off of Hyster-Yale Materials Handling, Inc. ("Hyster-Yale") to NACCO stockholders. Hyster-Yale designs, engineers, manufactures, sells and services a comprehensive line of lift trucks and aftermarket parts marketed globally primarily under the Hyster® and Yale® brand names. Immediately following the spin-off, Hyster-Yale will be an independent public company.

To effect the spin-off, NACCO will make a pro rata distribution of all of the outstanding shares of Hyster-Yale common stock to holders of NACCO common stock as of 5:00 p.m., Eastern Time, on [], 2012, the record date for the spin-off. NACCO will distribute one share of Hyster-Yale Class A common stock, referred to as Hyster-Yale Class A Common or our Class A Common, and one share of Hyster-Yale Class B common stock, referred to as Hyster-Yale Class B Common or our Class B Common, for each share of NACCO common stock, whether NACCO Class A common stock, referred to as NACCO Class A Common or NACCO Class B common stock, referred to as NACCO Class B Common. The spin-off is expected to occur after the close of trading on the New York Stock Exchange (the "NYSE") on [], 2012. Hyster-Yale has applied to list the Hyster-Yale Class A Common on the NYSE under the symbol "HY". The Hyster-Yale Class B Common will not be listed on the NYSE or any other stock exchange and is subject to substantial restrictions on transfer. Each share of Hyster-Yale Class A Common is entitled to one vote per share on matters submitted to a vote of the Hyster-Yale common stockholders. Each share of Hyster-Yale Class B Common is entitled to ten votes per share on matters submitted to a vote of the Hyster-Yale common stockholders, is subject to transfer restrictions and is convertible into one share of Hyster-Yale Class A Common at any time without cost at the option of the holder.

After the spin-off, NACCO will continue to own and operate its three other principal businesses, which are mining (The North American Coal Corporation), small appliances (Hamilton Beach Brands, Inc.) and specialty retailing (The Kitchen Collection, LLC).

No vote of NACCO stockholders is required in connection with this spin-off. NACCO stockholders will not be required to pay any consideration for the shares of Hyster-Yale common stock they receive in the spin-off, and they will not be required to surrender or exchange shares of their NACCO common stock or take any other action in connection with the spin-off. We expect that, for U.S. federal income tax purposes, the spin-off will be tax-free to you, except with respect to cash received in lieu of fractional shares of Hyster-Yale common stock.

Because NACCO owns all of the outstanding shares of Hyster-Yale's common stock, there currently is no public trading market for Hyster-Yale common stock. We anticipate that a limited market, commonly known as a "when-issued" trading market, for Hyster-Yale's Class A Common will develop on or shortly before the record date for the spin-off and will continue up to and including the spin-off date. We expect the "regular-way" trading of Hyster-Yale's Class A Common will begin on the first trading day following the spin-off date.

You should not assume that the information contained in this prospectus is accurate as of any date other than the date set forth on the cover. Changes to the information contained in this prospectus may occur after that date, and we undertake no obligation to update the information, except in the normal course of our public disclosure obligations.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE SPIN-OFF

The following questions and answers briefly address some commonly asked questions about the spin-off. They may not include all the information that is important to you. We encourage you to read carefully this entire prospectus, including the annexes and the other documents to which we have referred you. We have included page references in certain parts of this section to direct you to a more detailed discussion of each topic presented in this section. Unless the context indicates otherwise, Hyster-Yale, we, us and our refer to Hyster-Yale Materials Handling, Inc. and its subsidiaries before the spin-off and after the spin-off, as applicable. NACCO refers to NACCO Industries, Inc., unless the context clearly indicates otherwise, not its subsidiaries.

What will NACCO stockholders receive in the spin-off?

To effect the spin-off, NACCO will make a pro rata distribution of all of the outstanding shares of Hyster-Yale common stock to NACCO common stockholders as of the record date, which will be [], 2012. For each share of NACCO Class A Common held on the record date, NACCO will distribute one share of Hyster-Yale Class A Common and one share of Hyster-Yale Class B Common. Similarly, for each share of NACCO Class B Common held on the record date, NACCO will distribute one share of Hyster-Yale Class A Common and one share of Hyster-Yale Class B Common.

No fractional shares of our Class A Common or our Class B Common will be distributed in the spin-off. Instead, as soon as practicable after the spin-off, the transfer agent will convert the fractional shares of our Class B Common into an equal number of fractional shares of our Class A Common, aggregate all fractional shares of our Class A Common into whole shares of our Class A Common, sell these shares of our Class A Common in the open market at prevailing market prices and distribute the applicable portion of the aggregate net cash proceeds of these sales to each holder who otherwise would have been entitled to receive a fractional share in the spin-off. You will not be entitled to any interest on the amount of the cash payment made in lieu of fractional shares.

NACCO stockholders will not be required to pay for shares of our common stock received in the spin-off, or to surrender or exchange shares of NACCO common stock or take any other action to be entitled to receive our common stock. The distribution of our common stock will not cancel or affect the number of outstanding shares of NACCO common stock. Accordingly, NACCO stockholders should retain any NACCO stock certificates they hold.

Immediately after the spin-off, holders of NACCO common stock as of the record date will hold all of the outstanding shares of our Class A Common and our Class B Common. Based on the number of shares of NACCO common stock outstanding on June 1, 2012, NACCO expects to distribute approximately 8.4 million shares of our Class A Common and approximately 8.4 million shares of our Class B Common to NACCO stockholders in the spin-off (page 24).

Why is NACCO spinning off Hyster-Yale?

NACCO is a holding company that owns businesses in four separate business segments: lift trucks (Hyster-Yale), mining (The North American Coal Corporation), small appliances (Hamilton Beach Brands, Inc.) and specialty retailing (The Kitchen Collection, LLC). NACCO's board of directors, which is referred to as the NACCO board, determined that separating its lift trucks business from NACCO's other businesses through the spin-off of Hyster-Yale is in the best interests of NACCO and its stockholders and has concluded that the separation will provide each company with a number of significant opportunities and benefits, including:

Create Opportunities for Growth. Create greater flexibility for Hyster-Yale to pursue strategic growth opportunities, such as acquisitions and joint ventures, in the materials handling industry because it will have the ability to offer its stock as consideration in connection with potential future acquisitions or other growth opportunities.

Table of Contents

Management Focus. Reinforce management's focus on serving each of Hyster-Yale's market segments and customer application needs, and on responding flexibly to changing market conditions and growth markets.

Access to Capital and Capital Structure. Provide Hyster-Yale with direct access to equity capital markets and greater access to debt capital markets to fund its growth strategies and to establish a capital structure and dividend policy reflecting its business needs and financial position.

Recruiting and Retaining Employees. Strengthen the alignment of senior management incentives with the needs and performance of the Company through the use of equity compensation arrangements that will also improve our ability to attract, retain and motivate qualified personnel.

Investor Choice. Provide investors with a focused investment option in the materials handling business that offers different investment and business characteristics, including different opportunities for growth, capital structure, business models and financial returns. This will allow investors to evaluate the separate merits, performance and future prospects of Hyster-Yale and NACCO.

What businesses will NACCO engage in after the spin-off?

NACCO will continue to be a holding company that engages in three principal businesses after the spin-off: mining, small appliances and specialty retailing.

Why does Hyster-Yale have two classes of common stock?

NACCO has two classes of common stock. The spin-off of Hyster-Yale from NACCO is structured to provide the NACCO stockholders with substantially the same capital structure that currently exists for the NACCO stockholders. In addition, Hyster-Yale's governance-related provisions of its certificate of incorporation and bylaws, as well as a stockholders' agreement to which Hyster-Yale will be a party, are substantially the same as NACCO's governance-related provisions and stockholders' agreement, as described in more detail in Ancillary Agreements Stockholders Agreement and Description of Capital Stock of Hyster-Yale after the Spin-off.

Who is entitled to receive shares of our common stock in the spin-off?

Holders of NACCO common stock at the close of business on [], 2012, the record date for the spin-off, will be entitled to receive shares of our common stock in the spin-off.

When is the spin-off expected to be completed?

The spin-off is expected to be completed during the third quarter of 2012.

What do I need to do to receive my shares of Hyster-Yale common stock?

You do not need to take any action to receive your shares of our common stock. The shares of our common stock will be distributed on the date of the spin-off to holders of NACCO common stock as of the record date for the spin-off in book-entry form in accordance with Section 170 of the General Corporation Law of the State of Delaware (the DGCL).

What if I want to receive certificates representing my shares of Hyster-Yale common stock?

While the shares of our common stock will be distributed in book-entry form, you may request to receive certificates representing your shares of our common stock from our transfer agent.

Table of Contents

What will govern my rights as a Hyster-Yale stockholder?

Your rights as a Hyster-Yale stockholder will be governed by Delaware law, as well as our amended and restated certificate of incorporation and our amended and restated bylaws. A description of these rights is included in this prospectus under the heading *Description of Capital Stock of Hyster-Yale after the Spin-Off* (page 139). Our amended and restated certificate of incorporation will be substantially in the form attached to this prospectus as *Annex A*, and our amended and restated bylaws will be substantially in the form attached to this prospectus as *Annex B*. These documents are substantially comparable to NACCO's constituent documents.

What if I want to convert or sell the shares of Hyster-Yale Class B Common I receive in the spin-off?

Like the NACCO Class B Common, our Class B Common will not be listed on the NYSE or any other stock exchange, and we do not expect any trading market for our Class B Common to exist. In addition, our Class B Common generally will not be transferable except to or among a limited number of permitted transferees pursuant to our amended and restated certificate of incorporation. The violation of these transfer restrictions will cause our Class B Common to convert automatically into Class A Common, as described in more detail in *Description of Capital Stock of Hyster-Yale after the Spin-Off* Common Stock Restrictions on Transfer of Class B Common; Convertibility of Class B Common into Class A Common beginning on page 139. However, our Class B Common will be convertible at any time, without cost to you, into our Class A Common on a share-for-share basis. If you want to sell the equity interest represented by your shares of our Class B Common, you may convert those shares into an equal number of shares of our Class A Common at any time, without cost, and then sell your shares of our Class A Common in the public market.

You will receive a conversion form when you receive the shares of our Class B Common that you are entitled to receive in the spin-off. The conversion form will include instructions for converting shares of our Class B Common into an equal number of shares of our Class A Common. If you elect to convert your shares of our Class B Common into shares of our Class A Common, you should follow the instructions included with the form, complete, sign and date the form, and return the form, along with your certificate, if any, representing shares of our Class B Common, to our transfer agent. If you deliver a certificate, our transfer agent, as promptly as practicable after receipt of your completed, signed and dated form and certificate, will issue to you a certificate representing shares of our Class A Common equal to the number of shares of our Class B Common that you elected to convert. Any Class A Common issued upon conversion of Class B Common will be issued in the name or names you specified in the form. The conversion will be deemed to have been made immediately prior to the close of business on the date you surrendered your completed, signed and dated form and certificate, if any. After you receive shares of our Class A Common you may sell those shares in the public market. After you convert our Class B Common into our Class A Common, such shares may not be converted back into shares of our Class B Common.

Do I have to convert my shares of Class B Common before I sell them?

No. If you do not wish to complete the conversion process before you sell, you may effect a sale of our Class A Common into which your shares of our Class B Common is convertible. If you hold certificated Class B Common simply deliver the certificate or certificates representing such shares of our Class B Common to a broker, properly endorsed, in contemplation of the sale. The broker will then instruct the transfer agent to convert such Class B Common and, if necessary, present a certificate or certificates representing shares of our Class B Common to our transfer agent, who will issue to the purchaser a certificate, if necessary, representing the number of shares of our Class A Common sold in settlement of the transaction.

Are there risks associated with the spin-off and our business after the spin-off?

Yes. You should carefully review the risks described in this prospectus under the heading *Risk Factors* beginning on page 14.

NACCO Industries, Inc.
5875 Landerbrook Drive
Cleveland, Ohio 44124-4017
Attn: Investor Relations
Telephone: 449-449-9669

Is stockholder approval needed in connection with the spin-off?

No vote of NACCO stockholders is required or will be sought in connection with the spin-off.

Where will the shares of Hyster-Yale common stock be listed?

We have applied for listing of our shares of Class A Common on the New York Stock Exchange under the symbol HY. Our Class B Common will not be listed on the NYSE or any other stock exchange.

Where can I find more information about Hyster-Yale and NACCO?

You can find more information about NACCO and us from various sources described under [Where You Can Find More Information](#) beginning on page 144.

What are the U.S. federal income tax consequences of the spin-off to NACCO stockholders?

The spin-off is conditioned upon receipt by NACCO of an opinion of counsel to the effect that, for U.S. federal income tax purposes, the contribution of assets to Hyster-Yale by NACCO and the assumption of liabilities of NACCO by Hyster-Yale (the [Contribution](#)) together with the spin-off will qualify as a reorganization under Section 368(a)(1)(D) of the Internal Revenue Code (the [Code](#)), and the spin-off will qualify as tax-free under Sections 355 and 361 of the Code, except for cash received in lieu of fractional shares. The opinion will rely on certain facts and assumptions, and certain representations and undertakings, provided by NACCO and us regarding the past and future conduct of our respective businesses and other matters.

Assuming that the [Contribution](#) and the spin-off qualify as tax-free, for U.S. federal income tax purposes, no gain or loss will be recognized by us in connection with the [Contribution](#) and spin-off, no gain or loss will be recognized by a NACCO stockholder and no amount will be included in the income of a stockholder, upon the receipt of our common stock in the spin-off. A NACCO stockholder will recognize gain or loss with respect to any cash received in lieu of a fractional share. See [Material U.S. Federal Income Tax Consequences](#) beginning on page 31.

Each NACCO stockholder is urged to consult a tax advisor as to the specific tax consequences of the spin-off to that stockholder, including the effect of any state, local, or non-U.S. tax laws and any changes in applicable tax laws.

How will I determine the tax basis I will have in the shares of Hyster-Yale Class A and Class B common stock I receive in the spin-off?

Generally, for U.S. federal income tax purposes, your aggregate basis in the stock you hold in NACCO and the Hyster-Yale common stock received in the spin-off (including cash received in lieu of fractional shares) will equal the aggregate basis of NACCO common stock held by you immediately before the spin-off. This aggregate basis will be allocated among your NACCO common stock and the Hyster-Yale common stock you

Table of Contents

receive in the spin-off (including any fractional share interests in Hyster-Yale for which cash is received) in proportion to the relative fair market value of each immediately following the spin-off. See Material U.S. Federal Income Tax Consequences beginning on page 31.

You should consult your tax advisor about how this allocation will work in your situation (including a situation where you have purchased or received NACCO shares at different times or for different amounts) and regarding any particular consequences of the spin-off to you, including the application of state, local and non-U.S. tax laws.

the participation by executive officers in a Hyster-Yale equity incentive compensation plan after the spin-off, subject to the approval of grants of awards by the Hyster-Yale compensation committee, which is referred to as our compensation committee or the Hyster-Yale compensation committee, as described in more detail in Management Hyster-Yale Executive Compensation Compensation Discussion and Analysis Long-Term Incentive Compensation Going Forward beginning on page 106.

Listing of Hyster-Yale Common Stock (page 29)

We have applied to list our Class A Common on the NYSE under the symbol HY. Our Class B Common will not be listed on the NYSE or any other stock exchange.

Market for Hyster-Yale Common Stock (page 30)

Currently, there is no public market for our Class A Common. We have applied to list our Class A Common on the NYSE. If the NYSE approves the listing, we expect that a when-issued trading market for our Class A Common will develop before the record date for the spin-off.

When-issued trading refers to a transaction made conditionally because the stock has been authorized but is not yet issued or available. Even though when-issued trading may develop, none of these trades will settle before the record date for the spin-off, and if the spin-off does not occur, all when-issued trading will be null and void. On the first trading day after the spin-off, when-issued trading will end and regular-way trading will begin. Regular-way trading refers to trading after a stock has been issued and typically involves a transaction that settles on the third full business day after the date of a transaction. Our Class B Common will not be listed on the NYSE or any other stock exchange or otherwise traded and will be subject to substantial restrictions on transfer, the violation of which will cause it to convert automatically into Class A Common, as described in more detail in Description of Capital Stock of Hyster-Yale after the Spin-Off Common Stock Restrictions on Transfer of Class B Common; Convertibility of Class B Common into Class A Common beginning on page 139.

Material U.S. Federal Income Tax Consequences (page 31)

The spin-off is conditioned upon the receipt by NACCO of an opinion of counsel to the effect that, for U.S. federal income tax purposes, the Contribution and the spin-off together will qualify as a reorganization under Section 368(a)(1)(D) of the Code, and the spin-off will qualify as tax-free under Sections 355 and 361 of the Code, except for cash received in lieu of fractional shares. The opinion of counsel to NACCO will be based on, among other things, current law and certain representations of factual matters made by, among others, NACCO and us, which, if incorrect, could jeopardize the conclusions reached in those opinions.

So long as the spin-off qualifies as tax-free, then:

no taxable gain or loss will be recognized by a NACCO stockholder as a result of the spin-off (except with respect to cash that a NACCO stockholder may receive instead of a fractional share in our Class A Common and our Class B Common); and

the distribution of our common stock to NACCO stockholders in connection with the spin-off will qualify as tax-free to NACCO. NACCO may waive, in its sole discretion, this tax opinion condition to its obligation to complete the spin-off. NACCO does not currently intend to waive this condition to its obligation to complete the spin-off.

You are encouraged to consult with your own tax advisor for a full understanding of the tax consequences of the spin-off to you.

Accounting Treatment (page 30)

The spin-off will be accounted for by NACCO as a spin-off of Hyster-Yale. After the spin-off, Hyster-Yale is expected to be accounted for as a discontinued operation by NACCO. If accounted for as a discontinued operation, the measurement date would be the effective date of the spin-off, which is referred to as the spin-off date. After the spin-off, our assets and liabilities will be accounted for at the historical book values carried by NACCO prior to the spin-off. No gain or loss will be recognized as a result of the spin-off. Costs related to the spin-off will be recognized by NACCO as incurred before the spin-off.

Ancillary Agreements (page 137)

In connection with the spin-off, we will enter into a transition services agreement with NACCO, a tax allocation agreement with NACCO, a headquarters sublease with NACCO and a stockholders' agreement with certain of our stockholders. This stockholders' agreement is substantially similar to the stockholders' agreement that was entered into among certain stockholders of NACCO.

Transition Services Agreement

Under the terms of the transition services agreement, NACCO will obtain services from us on a transitional basis, as needed, for varying periods after the spin-off date. The services we will provide include:

Legal and consulting support relating to employee benefits, compensation and human resources matters;

general accounting support, including public company support;

general legal, public company, information technology, insurance and internal audit support (including responding to requests from regulatory and compliance agencies) as needed; and

tax compliance and consulting support (including completion of federal audits and appeals through the 2010 tax year; 2011 tax sharing computations; 2011 state income tax return filings for certain operating subsidiaries of NACCO after the spin-off and miscellaneous provision and tax return oversight).

None of the transition services are expected to exceed one year. NACCO may extend the initial transition period for a period of up to three months for any service upon 30 days written notice to us prior to the initial termination date. We expect NACCO to pay us net aggregate fees of no more than \$[] over the initial term of the transition services agreement.

Tax Allocation Agreement

Hyster-Yale and NACCO will enter into a tax allocation agreement prior to the spin-off that will generally govern NACCO's and Hyster-Yale's respective rights, responsibilities and obligations after the spin-off with respect to taxes for any tax period ending on or before the date of the spin-off, as well as tax periods beginning before and ending after the date of the spin-off. Generally, Hyster-Yale will be liable for all pre-spin-off U.S. federal income taxes, foreign income taxes and certain non-income taxes attributable to Hyster-Yale's business. In addition, the tax allocation agreement will address the allocation of liability for taxes that are incurred as a result of restructuring activities undertaken to effectuate the spin-off. The tax allocation agreement will also provide that Hyster-Yale is liable for taxes incurred by NACCO that arise as a result of Hyster-Yale's taking or failing to take, as the case may be, certain actions that result in the spin-off failing to meet the requirements of a tax-free distribution under Sections 355 and 361 of the Code.

Headquarters Sublease

Prior to the spin-off, NACCO will transfer the lease for its corporate headquarters located in Cleveland, Ohio to Hyster-Yale. NACCO and Hyster-Yale will then enter into a sublease pursuant to which NACCO will sublease a portion of the corporate headquarters for its use. The sublease will also provide NACCO with the right to use certain meeting rooms and office services of Hyster-Yale. NACCO will pay fees to Hyster-Yale that will be determined on an arm's-length basis. The term of the headquarters sublease will run contemporaneously with the term of the main lease for the corporate headquarters of Hyster-Yale.

Stockholders Agreement

Our Class B Common is subject to substantial restrictions on transfer as set forth in our amended and restated certificate of incorporation. In addition, we intend to enter into a stockholders' agreement with certain of our stockholders who are members of the Rankin and Taplin families. Immediately following the spin-off, 39.51% of our Class B Common will be subject to the stockholders' agreement. See Security Ownership of Certain Beneficial Owners and Management. The terms of the stockholders' agreement require signatories to the agreement, prior to any conversion of our Class B Common into our Class A Common by such signatories, to offer such Class B Common to all of the other signatories on a pro rata basis. A signatory may sell or transfer all shares not purchased under the right of first refusal as long as they are converted into our Class A Common prior to such sale or transfer. Under the stockholders' agreement, we may, but are not obligated to, buy any of the shares of our Class B Common not purchased by signatories following the trigger of the right of first refusal. A substantially similar stockholders' agreement is in effect among certain stockholders of NACCO. For a description of transfer restrictions on our Class B Common, see Description of Capital Stock of Hyster-Yale after the Spin-Off Common Stock Restrictions on Transfer of Class B Common; Convertibility of Class B Common into Class A Common.

Dividend Policy

We currently intend to pay regular quarterly dividends after the spin-off. The declaration of such future dividends and the establishment of the per share amount, record dates and payout dates for such future dividends will be at the discretion of our Board and will depend on various factors then existing, including earnings, financial condition, results of operations, capital requirements, level of indebtedness, contractual restrictions with respect to the payment of dividends, restrictions imposed by applicable law, general business conditions and other factors that our Board deems relevant. Our credit facility and term loan limit our ability to pay dividends or make distributions in respect of our capital stock in certain circumstances. For a discussion of these restrictions, see the discussion under Management's Discussion and Analysis of the Financial Condition and Results of Operations—Liquidity and Capital Resources of Hyster-Yale After the Spin-Off beginning on page 51.
