Units Offering

Issuer: Genesee & Wyoming.

Pricing Date: September 13, 2012.

Settlement Date:	September 19, 2012.
Title of Securities:	5.00% Tangible Equity Units (the Units).
Number of Units Offered:	2,000,000 Units (or 2,300,000 Units if the underwriters of the Units Offering exercise their option to purchase 300,000 additional Units in full).
Stated Amount:	Each Unit has a stated amount of \$100.
Components of Each Unit:	<p>Each Unit is comprised of two parts:</p> <p>a prepaid stock purchase contract (a Purchase Contract); and</p> <p>a senior amortizing note (an Amortizing Note), which has an initial principal amount of \$14.1023 per Amortizing Note, bears interest at a rate of 4.50% per annum and has a final installment payment date of October 1, 2015.</p>
Fair Market Value of the Units:	Genesee & Wyoming has determined that the fair market value of each Purchase Contract is \$85.8977 and the fair market value of each Amortizing Note is \$14.1023.
Reference Price:	\$64.75, which is the Common Stock Public Offering Price in the Common Stock Offering described above (subject to adjustment as described in the Units Preliminary Prospectus Supplement).
Threshold Appreciation Price:	\$100 <i>divided by</i> the Minimum Settlement Rate (rounded to the nearest \$0.0001), which initially is approximately \$80.94 and which represents an approximately 25% appreciation over the Reference Price.
Minimum Settlement Rate:	1.2355 shares of Class A Common Stock per Purchase Contract (subject to adjustment as described in the Units Preliminary Prospectus Supplement).
Maximum Settlement Rate:	1.5444 shares of Class A Common Stock per Purchase Contract (subject to adjustment as described in the Units Preliminary Prospectus Supplement).
Settlement Rate:	The following table illustrates the settlement rate per Purchase Contract and the value of Class A Common Stock issuable upon settlement on the mandatory settlement date , determined using the applicable market value (each as defined in the Units Preliminary Prospectus Supplement) shown, subject to adjustment as described in the Units Preliminary Prospectus Supplement:

Applicable Market		Value of Class A Common Stock Delivered (Based on the Applicable Market Value Thereof)
Value of Class A Common Stock	Settlement Rate	
Less than or equal to the Reference Price	The Maximum Settlement Rate	Less than \$100
Greater than the Reference Price but less than the Threshold Appreciation Price	A number of shares of Class A Common Stock equal to \$100, <i>divided by</i> the applicable market value	\$100
Equal to or greater than the Threshold Appreciation Price	The Minimum Settlement Rate	Greater than \$100

As a result, if, on the mandatory settlement date, the applicable market value is greater than or equal to the threshold appreciation price, a holder would receive only approximately 80% of the appreciation in market value of the shares of Class A Common Stock that such holder would have received had such holder purchased \$100 worth of shares of Class A Common Stock at the Common Stock Public Offering Price in the Common Stock Offering.

Early Settlement Upon a Fundamental Change:

The following table sets forth the fundamental change early settlement rate (as defined in the Units Preliminary Prospectus Supplement) per Purchase Contract for each stock price and effective date set forth below:

\$115.00	1.2382	1.2405	1.2388	1.2355

The exact stock price and effective date may not be set forth in the table above, in which case:

if the stock price is between two stock prices in the table or the effective date is between two effective dates in the table, the fundamental change early settlement rate will be determined by straight line interpolation between the fundamental change early settlement rates set forth for the higher and lower stock prices and the earlier and later effective dates, as applicable, based on a 365-day year;

if the stock price is greater than \$115.00 per share (subject to adjustment in the same manner as the stock prices set forth in the column headings of the table above), then the fundamental change early settlement rate will be the Minimum Settlement Rate; or

if the stock price is less than \$35.00 per share (subject to adjustment in the same manner as the

stock prices set forth in the column headings of the table above, the **Minimum Stock Price**), the fundamental change early settlement rate will be determined as if the stock price equaled the Minimum Stock Price, and using straight line interpolation, as described in the first bullet of this paragraph, if the effective date is between two effective dates in the table.

The maximum number of shares of Class A Common Stock deliverable under a Purchase Contract is 1.5444, subject to adjustment at the same time and in the same manner as the fixed settlement rates as set forth under Description of the Purchase Contracts Adjustments to the Fixed Settlement Rates in the Units Preliminary Prospectus Supplement.

The following table sets forth the merger redemption rate (as defined in the Units Preliminary Prospectus Supplement) per Purchase Contract for each merger termination stock price set forth below:

\$95.00	1.2585
\$100.00	1.2522
\$105.00	1.2471
\$110.00	1.2430
\$115.00	1.2397 (Minimum Redemption Rate)

The exact merger termination stock prices may not be set forth in the table above, in which case:

if the applicable merger termination stock price is between two merger termination stock prices in the table, the merger redemption rate will be determined by straight line interpolation between the merger redemption rates set forth for the higher and lower merger termination stock prices;

if the merger termination stock price is greater than \$115.00 per share (subject to adjustment at the same time and in the same manner as the merger termination stock prices set forth in the table above), then the merger redemption rate will be the Minimum Redemption Rate; or

if the merger termination stock price is less than \$64.75 per share (subject to adjustment at the same time and in the same manner as the merger termination stock prices set forth in the table above), then the merger redemption rate will be the Maximum Redemption Rate.

If the Units Offering is completed but the Merger is not consummated, Genesee & Wyoming may redeem all, but not less than all, of the outstanding Purchase Contracts by issuing a redemption notice during the five business day period following April 30, 2013. Genesee & Wyoming will pay a redemption amount to be determined based on the Class A Common Stock price at that time in cash and/or in shares of Class A Common Stock in accordance with the terms of the Purchase Contracts.
