Our Company

We are the largest non-governmental hospital operator in the U.S. and a leading comprehensive, integrated provider of health care and related services. We provide these services through a network of acute care hospitals, outpatient facilities, clinics and other patient care delivery settings. As of September 30, 2012, we operated a diversified portfolio of 162 hospitals (with approximately 41,900 beds) and 112 freestanding surgery centers across 20 states throughout the U.S. and in England. As a result of our efforts to establish significant market share in large and growing urban markets with attractive demographic and economic profiles, we currently have a substantial market presence in 14 of the top 25 fastest growing markets with populations greater than 500,000 in the U.S. and currently maintain the first or second position, based on inpatient admissions, in many of our key markets. We believe our ability to successfully position and grow our assets in attractive markets and execute our operating plan has contributed to the strength of our financial performance over the last several years. For the nine months ended September 30, 2012, we generated revenues of \$24.579 billion, net income attributable to HCA Holdings, Inc. of \$1.291 billion and Adjusted EBITDA of \$4.925 billion.

Our patient-first strategy is to provide high quality health care services in a cost-efficient manner. We intend to build upon our history of profitable growth by maintaining our dedication to quality care, increasing our presence in key markets through organic expansion and strategic acquisitions and joint ventures, leveraging our scale and infrastructure, and further developing our physician and employee relationships. We believe pursuing these core elements of our strategy helps us develop a faster-growing, more stable and more profitable business and increases our relevance to patients, physicians, payers and employers.

Using our scale, significant resources and over 40 years of operating experience, we have developed a significant management and support infrastructure. Some of the key components of our support infrastructure include a revenue cycle management organization, a health care group purchasing organization (GPO), an information technology and services provider, a nurse staffing agency and a medical malpractice insurance underwriter. These shared services have helped us to maximize our cash collection efficiency, achieve savings in purchasing through our scale, more rapidly deploy information technology upgrades, more effectively manage our labor pool and achieve greater stability in malpractice insurance premiums. Collectively, these components have helped us to further enhance our operating effectiveness, cost efficiency and overall financial results. We have also created a subsidiary, Parallon Business Solutions, that offers certain of these component services to other health care companies.

Table of Contents

Since the founding of our business in 1968 as a single-facility hospital company, we have demonstrated an ability to consistently innovate and sustain growth during varying economic and regulatory climates. Under the leadership of an experienced senior management team, whose tenure at HCA averages approximately 20 years, we have established an extensive record of providing high quality care, profitably growing our business, making and integrating strategic acquisitions and efficiently and strategically allocating capital spending.

On November 17, 2006, HCA Inc. was acquired by a private investor group, including affiliates of or funds sponsored by Bain Capital Partners, LLC, Kohlberg Kravis Roberts & Co. and HCA founder Dr. Thomas F. Frist, Jr., and by members of management and certain other investors. We refer to the merger, the financing transactions related to the merger and other related transactions collectively as the Recapitalization.

Since the Recapitalization, we have achieved substantial operational and financial progress. During this time, we have made significant investments in expanding our service lines and expanding our alignment with highly specialized and primary care physicians. In addition, we have enhanced our operating efficiencies through a number of corporate cost-saving initiatives and an expansion of our support infrastructure. We have made investments in information technology to optimize our facilities and systems. We have also undertaken a number of initiatives to improve clinical quality and patient satisfaction. As a result of these initiatives, our financial performance improved significantly from the year ended December 31, 2007, the first full year following the Recapitalization, to the year ended December 31, 2011, with revenues growing by \$5.954 billion, net income attributable to HCA Holdings, Inc. increasing by \$1.591 billion and Adjusted EBITDA increasing by \$1.469 billion. This represents compounded annual growth rates on these key metrics of 5.8%, 29.6% and 7.2%, respectively.

Our Industry

We believe well-capitalized, comprehensive and integrated health care delivery providers are well-positioned to benefit from the current industry trends, some of which include:

Aging Population and Continued Growth in the Need for Health Care Services. According to the U.S. Census Bureau, the demographic age group of persons aged 65 and over is expected to experience compounded annual growth of 3.0% over the next 20 years, and constitute 19.3% of the total U.S. population by 2030. The Centers for Medicare & Medicaid Services (CMS) projects continued increases in hospital services based on the aging of the U.S. population, advances in medical procedures, expansion of health coverage, increasing consumer demand for expanded medical services and increased prevalence of chronic conditions such as diabetes, heart disease and obesity. We believe these factors will continue to drive increased utilization of health care services and the need for comprehensive, integrated hospital networks that can provide a wide array of essential and sophisticated health care.

Continued Evolution of Quality-Based Reimbursement Favors Large-Scale, Comprehensive and Integrated Providers. We believe the U.S. health care system is continuing to evolve in ways that favor large-scale, comprehensive and integrated providers that provide high levels of quality care. Specifically, we believe there are a number of initiatives that will continue to gain importance in the foreseeable future, including introduction of value-based payment methodologies tied to performance, quality and coordination of care, implementation of integrated electronic health records and information, and an increasing ability for patients and consumers to make choices about all aspects of health care. We believe our company is well positioned to respond to these emerging trends and has the resources, expertise and flexibility necessary to adapt in a timely manner to the changing health care regulatory and reimbursement environment.

Table of Contents

Impact of Health Reform Law. The Health Reform Law will change how health care services are covered, delivered and reimbursed. It will do so through expanded coverage of uninsured individuals, significant reductions in the growth of Medicare program payments, material decreases in Medicare and Medicaid disproportionate share hospital (DSH) payments, and the establishment of programs where reimbursement is tied in part to quality and integration. After taking into account the June 28, 2012 United States Supreme Court decision upholding the Health Reform Law, but allowing states to opt out of the Medicaid expansion provisions, the Health Reform Law is expected to expand health insurance coverage to approximately 30 million additional individuals through a combination of public program expansion and private sector health insurance reforms. We believe the expansion of private sector and Medicaid coverage will, over time, increase our reimbursement related to providing services to individuals who were previously uninsured. On the other hand, the reductions in the growth in Medicare payments and the decreases in DSH payments will adversely affect our government reimbursement. Because of the many variables involved, including pending court challenges, the potential for changes to the law as a result and efforts to amend or repeal the law, we are unable to predict the net impact of the Health Reform Law on us; however, we believe our experienced management team, emphasis on quality care and diverse service offerings will enable us to capitalize on the opportunities presented by the Health Reform Law, as well as adapt in a timely manner to its challenges.

Our Competitive Strengths

We believe our key competitive strengths include:

Largest Comprehensive, Integrated Health Care Delivery System. We are the largest non-governmental hospital operator in the U.S., providing approximately 4% to 5% of all U.S. hospital services through our national footprint. The scope and scale of our operations, evidenced by the types of facilities we operate, the diverse medical specialties we offer and the numerous patient care access points we provide, enable us to provide a comprehensive range of health care services in a cost-effective manner. As a result, we believe the breadth of our platform is a competitive advantage in the marketplace enabling us to attract patients, physicians and clinical staff while also providing significant economies of scale and increasing our relevance with commercial payers.

Reputation for High Quality Patient-Centered Care. Since our founding, we have maintained an unwavering focus on patients and clinical outcomes. We believe clinical quality influences physician and patient choices about health care delivery. We align our quality initiatives throughout the organization by engaging corporate, local, physician and nurse leaders to share best practices and develop standards for delivering high quality care. We have invested extensively in quality of care initiatives, with an emphasis on implementing information technology and adopting industry-wide best practices and clinical protocols. As a result of these efforts, we have achieved significant progress in clinical quality. As measured by the CMS clinical core measures reported on the CMS Hospital Compare website and based on publicly available data for the twelve months ended December 31, 2011, our hospitals achieved a composite score of 99.2% of the CMS core measures versus the national average of 97.5%, making us among the top performing major health systems in the U.S. Payors, including the Medicare program, are increasing efforts to tie payments to quality and clinical performance. For example, CMS is implementing a value-based purchasing system and has begun adjusting hospital payment rates based on excess admissions. We also believe our quality initiatives favorably position us in a payment environment that is increasingly performance-based.

Leading Local Market Positions in Large, Growing, Urban Markets. Over our history, we have sought to selectively expand and upgrade our asset base to create a premium portfolio of assets in attractive growing markets. As a result, we have a strong market presence in 14 of the top 25 fastest

Table of Contents

growing markets with populations greater than 500,000 in the U.S. In addition, we currently operate in 19 markets with populations of one million or more, with all but two of these markets projecting growth above the national average from 2011 to 2016. Our inpatient market share places us first or second in many of our key markets. We believe the strength and stability of these market positions will create organic growth opportunities and allow us to develop long-term relationships with patients, physicians, large employers and third-party payers.

Diversified Revenue Base and Payer Mix. We believe our broad geographic footprint, varied service lines and diverse revenue base mitigate our risks in numerous ways. Our diversification limits our exposure to competitive dynamics and economic conditions in any single local market, reimbursement changes in specific service lines and disruptions with respect to payers such as state Medicaid programs or large commercial insurers. We have a diverse portfolio of assets with no single facility contributing more than 2.3% of our revenues and no single metropolitan statistical area contributing more than 7.7% of revenues for the year ended December 31, 2011. We have also developed a highly diversified payer base, with no single commercial payer representing more than 7% of revenues for the year ended December 31, 2011. In addition, we are one of the country's largest providers of outpatient services, which accounted for approximately 37% of our revenues for the year ended December 31, 2011. We believe the geographic diversity of our markets and the scope of our inpatient and outpatient operations help reduce volatility in our operating results.

Scale and Infrastructure Drive Cost Savings and Efficiencies. Our scale allows us to leverage our support infrastructure to achieve significant cost savings and operating efficiencies, thereby driving margin expansion. We strategically manage our supply chain through centralized purchasing and supply warehouses, as well as our revenue cycle through centralized billing, collections and health information management functions. We also manage the provision of information technology through a combination of centralized systems with regional service support as well as centralize many other clinical and corporate functions, creating economies of scale in managing expenses and business processes. In addition to the cost savings and operating efficiencies, this support infrastructure simultaneously generates revenue from third parties that utilize our services.

Well-Capitalized Portfolio of High Quality Assets. In order to expand the range and improve the quality of services provided at our facilities, we invested over \$7.6 billion in our facilities and information technology systems over the five-year period ended September 30, 2012. We believe our significant capital investments in these areas will continue to attract new and returning patients, attract and retain high quality physicians, maximize cost efficiencies and address the health care needs of our local communities. Furthermore, we believe our platform, as well as electronic health record infrastructure, national research and physician management capabilities, provide a strategic advantage by enhancing our ability to capitalize on anticipated incentives through the Health Information Technology for Economic and Clinical Health Act (HITECH) provisions of the American Recovery and Reinvestment Act of 2009 (ARRA) and position us well in an environment that increasingly emphasizes quality, transparency and coordination of care.

Strong Operating Results and Cash Flows. Our leading scale, diversification, favorable market positions, dedication to clinical quality and focus on operational efficiency have enabled us to achieve attractive historical financial performance. In the nine months ended September 30, 2012, we generated net income attributable to HCA Holdings, Inc. of \$1.291 billion, Adjusted EBITDA of \$4.925 billion and cash flows from operating activities of \$2.912 billion. Our ability to generate strong and consistent cash flow from operations has enabled us to invest in our operations, reduce our debt, enhance earnings per share and continue to pursue attractive growth opportunities.

Table of Contents

Proven and Experienced Management Team. We believe the extensive experience and depth of our management team are a distinct competitive advantage in the complicated and evolving industry in which we compete. Our senior management team averages approximately 20 years of experience with our company. Our CEO and Chairman of the Board of Directors, Richard M. Bracken, began his career with our company over 30 years ago and has held various executive positions with us over that period, including, most recently, as our President and Chief Operating Officer. Our President, Chief Financial Officer and Director, R. Milton Johnson, joined our company over 30 years ago and has held various positions in our financial operations since that time. Members of our senior management hold significant equity interests in our company, further aligning their long-term interests with those of our stockholders.

Our Growth Strategy

We are committed to providing the communities we serve with high quality, cost-effective health care while growing our business, increasing our profitability and creating long-term value for our stockholders. To achieve these objectives, we align our efforts around the following growth agenda:

Grow Our Presence in Existing Markets. We believe we are well positioned in a number of large and growing markets that will allow us the opportunity to generate long-term, attractive growth through the expansion of our presence in these markets. We plan to continue recruiting and strategically collaborating with the physician community and adding attractive service lines such as cardiology, emergency services, oncology and women's services. Additional components of our growth strategy include expanding our footprint through developing various outpatient access points, including surgery centers, rural outreach, freestanding emergency departments and walk-in clinics.

Achieve Industry-Leading Performance in Clinical and Satisfaction Measures. Achieving high levels of patient safety, patient satisfaction and clinical quality are central goals of our business model. To achieve these goals, we have implemented a number of initiatives including infection reduction initiatives, hospitalist programs, advanced health information technology and evidence-based medicine programs. We routinely analyze operational practices from our best-performing hospitals to identify ways to implement organization-wide performance improvements and reduce clinical variation. We believe these initiatives will continue to improve patient care, help us achieve cost efficiencies, grow our revenues and favorably position us in an environment where our constituents are increasingly focused on quality, efficacy and efficiency.

Recruit and Employ Physicians to Meet Need for High Quality Health Services. We depend on the quality and dedication of the health care providers and other team members who serve at our facilities. We believe a critical component of our growth strategy is our ability to successfully recruit and strategically collaborate with physicians and other professionals to provide high quality care. We attract and retain physicians by providing high quality, convenient facilities with advanced technology, by expanding our specialty services and by building our outpatient operations. We believe our continued investment in the employment, recruitment and retention of physicians will improve the quality of care at our facilities.

Continue to Leverage Our Scale and Market Positions to Enhance Profitability. We believe there is significant opportunity to continue to grow the profitability of our company by fully leveraging the scale and scope of our franchise. We are currently pursuing next generation performance improvement initiatives such as contracting for services on a multistate basis and expanding our support infrastructure for additional clinical and support functions, such as physician credentialing, medical transcription and electronic medical recordkeeping. We believe our centrally managed business processes and ability to leverage cost-saving practices across our extensive network will enable us to

Table of Contents

continue to manage costs effectively. We have created a subsidiary, Parallon Business Solutions, to leverage key components of our support infrastructure, including revenue cycle management, health care group purchasing, supply chain management and staffing functions, by offering these services to other hospital companies.

Selectively Pursue a Disciplined Development Strategy. We continue to believe there are significant growth opportunities in our markets. We will continue to provide financial and operational resources to successfully execute on our in-market opportunities. To complement our in-market growth agenda, we intend to focus on selectively developing and acquiring new hospitals, outpatient facilities and other health care service providers. We believe the challenges faced by the hospital industry may spur consolidation and we believe our size, scale, national presence and access to capital will position us well to participate in any such consolidation. We have a strong record of successfully acquiring and integrating hospitals and entering into joint ventures and intend to continue leveraging this experience.

- (1) EBITDA, a measure used by management to evaluate operating performance, is defined as net income attributable to HCA Holdings, Inc. plus (i) provision for income taxes, (ii) interest expense and (iii) depreciation and amortization. EBITDA is not a recognized term under generally accepted accounting principles (GAAP) and does not purport to be an alternative to net income as a measure of operating performance or to cash flows from operating activities as a measure of liquidity. Additionally, EBITDA is not intended to be a measure of free cash flow available for management's discretionary use, as it does not consider certain cash requirements such as interest payments, tax payments and other debt service

Table of Contents

requirements. Management believes EBITDA is helpful to investors and our management in highlighting trends because EBITDA excludes the results of decisions outside the control of operating management and that can differ significantly from company to company depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate and capital investments. Management compensates for the limitations of using non-GAAP financial measures by using them to supplement GAAP results to provide a more complete understanding of the factors and trends affecting the business than GAAP results alone. Because not all companies use identical calculations, our presentation of EBITDA may not be comparable to similarly titled measures of other companies. Adjusted EBITDA is defined as EBITDA, adjusted to exclude net income attributable to noncontrolling interests, losses (gains) on sales of facilities, gain on acquisition of controlling interest in equity investment, impairments of long-lived assets, losses on retirement of debt and termination of management agreement. We believe Adjusted EBITDA is an important measure that supplements discussions and analysis of our results of operations. We believe it is useful to investors to provide disclosures of our results of operations on the same basis used by management. Management relies upon Adjusted EBITDA as the primary measure to review and assess operating performance of its hospital facilities and their management teams. Adjusted EBITDA target amounts are the performance measures utilized in our annual incentive compensation programs and are vesting conditions for a portion of our stock option grants. Management and investors review both the overall performance (GAAP net income attributable to HCA Holdings, Inc.) and operating performance (Adjusted EBITDA) of our health care facilities. Adjusted EBITDA and the Adjusted EBITDA margin (Adjusted EBITDA divided by revenues) are utilized by management and investors to compare our current operating results with the corresponding periods during the previous year and to compare our operating results with other companies in the health care industry. It is reasonable to expect that losses (gains) on sales of facilities and impairments of long-lived assets will occur in future periods, but the amounts recognized can vary significantly from period to period, do not directly relate to the ongoing operations of our health care facilities and complicate period comparisons of our results of operations and operations comparisons with other health care companies. Adjusted EBITDA is not a measure of financial performance under accounting principles generally accepted in the United States, and should not be considered an alternative to net income attributable to HCA Holdings, Inc. as a measure of operating performance or cash flows from operating, investing and financing activities as a measure of liquidity. Because Adjusted EBITDA is not a measurement determined in accordance with generally accepted accounting principles and is susceptible to varying calculations, Adjusted EBITDA, as presented, may not be comparable to other similarly titled measures presented by other companies. There may be additional adjustments to Adjusted EBITDA under our agreements governing our material debt obligations.

Adjusted EBITDA	\$6,061	\$ 5,868	\$ 5,472	\$ 4,925	\$ 4,422

(i) Represents the add-back of net income attributable to noncontrolling interests.

(ii) Represents the add-back of losses and elimination of gains on sales of facilities.

(iii) Represents the elimination of gain on acquisition of controlling interest in equity investment.

(iv) Represents the add-back of impairments of long-lived assets.

(v) Represents the add-back of losses on retirement of debt.

(vi) Represents the add-back of termination of management agreement.

(2) The operating data set forth in this table includes only those facilities that are consolidated for financial reporting purposes.

(3) Excludes facilities that are not consolidated (accounted for using the equity method) for financial reporting purposes.

(4) Licensed beds are those beds for which a facility has been granted approval to operate from the applicable state licensing agency.

(5) Represents the average number of licensed beds, weighted based on periods owned.

- (6) Represents the total number of patients admitted to our hospitals and is used by management and certain investors as a general measure of inpatient volume.

- (7) Equivalent admissions are used by management and certain investors as a general measure of combined inpatient and outpatient volume. Equivalent admissions are computed by multiplying admissions (inpatient volume) by the sum of gross inpatient revenues and gross outpatient revenues and then dividing the

S-15

resulting amount by gross inpatient revenues. The equivalent admissions computation equates outpatient revenues to the volume measure (admissions) used to measure inpatient volume, resulting in a general measure of combined inpatient and outpatient volume.

- (8) Represents the average number of days admitted patients stay in our hospitals.
- (9) Represents the average number of patients in our hospital beds each day.
- (10) Represents the percentage of hospital licensed beds occupied by patients. Both average daily census and occupancy rate provide measures of the utilization of inpatient rooms.
- (11) Represents the number of patients treated in our emergency rooms.
- (12) Represents the number of surgeries performed on patients who were not admitted to our hospitals. Pain management and endoscopy procedures are not included in outpatient surgeries.
- (13) Represents the number of surgeries performed on patients who have been admitted to our hospitals. Pain management and endoscopy procedures are not included in inpatient surgeries.
- (14) Revenues per day is calculated by dividing the revenues for the period by the days in the period. Days revenues in accounts receivable is then calculated as accounts receivable, net of the allowance for doubtful accounts, at the end of the period divided by revenues per day.
- (15) Gross patient revenues are based upon our standard charge listing. Gross charges/revenues typically do not reflect what our hospital facilities are paid. Gross charges/revenues are reduced by the provision for doubtful accounts, contractual adjustments, discounts and charity care to determine reported revenues.
- (16) Represents the percentage of patient revenues related to patients who are not admitted to our hospitals.
- (17) We define working capital as current assets minus current liabilities.

RISK FACTORS

You should carefully consider the Risk Factors set forth below as well as the other information contained or incorporated by reference in this prospectus supplement before purchasing the notes. This prospectus supplement contains forward-looking statements that involve risk and uncertainties. Any of the following risks could materially and adversely affect our business, financial condition or results of operations. Additional risks and uncertainties not currently known to us or those we currently view to be immaterial may also materially and adversely affect our business, financial condition or results of operations. In such a case, you may lose all or part of your original investment.

Risks Related to the Notes

Our substantial leverage could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry, expose us to interest rate risk to the extent of our variable rate debt and prevent us from meeting our obligations.

We are highly leveraged. As of September 30, 2012, on an as adjusted basis after giving effect to the October 2012 offering, the B-1 facility repayment, the November 2012 Distribution and the notes offered hereby and the use of proceeds therefrom, our total indebtedness would have been \$29.395 billion. As of September 30, 2012, on an as adjusted basis after giving effect to the notes offered hereby and the use of proceeds therefrom, HCA Inc. would have had availability of \$1.935 billion under its senior secured revolving credit facility and \$1.220 billion under its asset-based revolving credit facility, after giving effect to letters of credit and borrowing base limitations. Our high degree of leverage could have important consequences, including:

increasing our vulnerability to downturns or adverse changes in general economic, industry or competitive conditions and adverse changes in government regulations;

requiring a substantial portion of cash flow from operations to be dedicated to the payment of principal and interest on our indebtedness, therefore reducing our ability to use our cash flow to fund our operations, capital expenditures and future business opportunities;

exposing us to the risk of increased interest rates as certain of our unhedged borrowings are at variable rates of interest;

limiting our ability to make strategic acquisitions or causing us to make nonstrategic divestitures;

limiting our ability to obtain additional financing for working capital, capital expenditures, product or service line development, debt service requirements, acquisitions and general corporate or other purposes; and

limiting our ability to adjust to changing market conditions and placing us at a competitive disadvantage compared to our competitors who are less highly leveraged.

We have the ability to incur additional indebtedness in the future, subject to the restrictions contained in HCA Inc.'s senior secured credit facilities and the indentures governing HCA Inc.'s outstanding senior secured notes. If new indebtedness is added to our current debt levels, the related risks that we now face could intensify.

We may not be able to generate sufficient cash to service all of our indebtedness and may not be able to refinance our indebtedness on favorable terms. If we are unable to do so, we may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which are subject to prevailing economic and competitive conditions and

Table of Contents

to certain financial, business and other factors beyond our control. We cannot assure you we will maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness.

In addition, we conduct our operations through our subsidiaries, none of which will guarantee the notes. Accordingly, repayment of our indebtedness is dependent on the generation of cash flow by our subsidiaries and their ability to make such cash available to us by dividend, debt repayment or otherwise. Unless they become guarantors of the notes, our subsidiaries will not have any obligation to pay amounts due on the notes or our other indebtedness or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness. The agreements governing the current and future indebtedness of the Issuer's subsidiaries may not permit the Issuer's subsidiaries to provide the Issuer with sufficient dividends, distributions or loans to fund scheduled interest and principal payments on these notes when due. The terms of HCA Inc.'s senior secured credit facilities and the indentures governing its outstanding notes significantly restrict HCA Inc. and its subsidiaries from paying dividends and otherwise transferring assets to HCA Holdings, Inc. Each subsidiary is a distinct legal entity, and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries.

We may find it necessary or prudent to refinance our outstanding indebtedness with longer-maturity debt at a higher interest rate. In March of 2010, for example, HCA Inc. issued \$1.400 billion in aggregate principal amount of 7 ¹/₄% first lien notes due 2020. The net proceeds of that offering were used to prepay term loans under HCA Inc.'s cash flow credit facility, which currently bears interest at a lower floating rate. Our ability to refinance our indebtedness on favorable terms, or at all, is directly affected by the current global economic and financial conditions. In addition, our ability to incur secured indebtedness (which would generally enable us to achieve better pricing than the incurrence of unsecured indebtedness) depends in part on the value of our assets, which depends, in turn, on the strength of our cash flows and results of operations, and on economic and market conditions and other factors.

If our cash flows and capital resources are insufficient to fund our debt service obligations or we are unable to refinance our indebtedness, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure our indebtedness. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. If our operating results and available cash are insufficient to meet our debt service obligations, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions, or the proceeds from the dispositions may not be adequate to meet any debt service obligations then due.

Our and HCA Inc.'s debt agreements contain restrictions that limit our flexibility in operating our business.

HCA Inc.'s senior secured credit facilities and the indentures governing its outstanding notes contain, and the indenture governing the notes offered hereby will contain, various covenants that limit our ability to engage in specified types of transactions. These covenants limit our and certain of our subsidiaries' ability to, among other things:

incur additional indebtedness or issue certain preferred shares;

pay dividends on, repurchase or make distributions in respect of our capital stock or make other restricted payments;

make certain investments;

sell or transfer assets;

create liens;

Table of Contents

consolidate, merge, sell or otherwise dispose of all or substantially all of our assets; and

enter into certain transactions with our affiliates.

Under HCA Inc.'s asset-based revolving credit facility, when (and for as long as) the combined availability under HCA Inc.'s asset-based revolving credit facility and HCA Inc.'s senior secured revolving credit facility is less than a specified amount for a certain period of time or, if a payment or bankruptcy event of default has occurred and is continuing, funds deposited into any of HCA Inc.'s depository accounts will be transferred on a daily basis into a blocked account with the administrative agent and applied to prepay loans under the asset-based revolving credit facility and to cash collateralize letters of credit issued thereunder.

Under HCA Inc.'s senior secured credit facilities, HCA Inc. is required to satisfy and maintain specified financial ratios. HCA Inc.'s ability to meet those financial ratios can be affected by events beyond our control, and there can be no assurance HCA Inc. will continue to meet those ratios. A breach of any of these covenants could result in a default under both the cash flow credit facility and the asset-based revolving credit facility. Upon the occurrence of an event of default under the senior secured credit facilities, the lenders thereunder could elect to declare all amounts outstanding under the senior secured credit facilities to be immediately due and payable and terminate all commitments to extend further credit. If HCA Inc. were unable to repay those amounts, the lenders under the senior secured credit facilities could proceed against the collateral granted to them to secure such indebtedness. HCA Inc. has pledged a significant portion of its assets under HCA Inc.'s senior secured credit facilities and that collateral (other than certain European collateral securing HCA Inc.'s senior secured European term loan facility) is also pledged as collateral under HCA Inc.'s first lien notes. If any of the lenders under the senior secured credit facilities accelerate the repayment of borrowings, there can be no assurance there will be sufficient assets to repay the senior secured credit facilities, the first lien notes and the notes offered hereby.

Federal and state fraudulent transfer laws may permit a court to void the notes, and, if that occurs, you may not receive any payments on the notes.

Federal and state fraudulent transfer and conveyance statutes may apply to the issuance of the notes. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the notes could be voided as a fraudulent transfer or conveyance if (1) we issued the notes with the intent of hindering, delaying or defrauding creditors or (2) we received less than reasonably equivalent value or fair consideration in return for either issuing the notes and, in the case of (2) only, one of the following is also true at the time thereof:

we were insolvent or rendered insolvent by reason of the issuance of the notes;

the issuance of the notes left us with an unreasonably small amount of capital to carry on the business;

we intended to, or believed that we would, incur debts beyond our ability to pay as they mature; or

we were a defendant in an action for money damages, or had a judgment for money damages docketed against us if, in either case, after final judgment, the judgment was unsatisfied.

If a court were to find that the issuance of the notes was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or further subordinate the notes to presently existing and future indebtedness of ours. In the event of a finding that a fraudulent transfer or conveyance occurred, you may not receive any repayment on the notes. Further, the voidance of the notes could result in an event of default with respect to our and our subsidiaries' other debt that could result in acceleration of such debt.

Table of Contents

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied. A debtor will generally not be considered to have received value in connection with a debt offering if the debtor uses the proceeds of that offering to make a dividend payment or otherwise retire or redeem equity securities issued by the debtor.

We cannot be certain as to the standards a court would use to determine whether or not we were solvent at the relevant time. Generally, however, an entity would be considered insolvent if, at the time it incurred indebtedness:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

If we default on our obligations to pay our indebtedness, we may not be able to make payments on the notes.

Any default under the agreements governing our indebtedness, including a default under HCA Inc.'s senior secured credit facilities that is not waived by the required lenders or a default under the indentures governing HCA Inc.'s existing secured notes, and the remedies sought by the holders of such indebtedness, could prevent us from paying principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness (including covenants in HCA Inc.'s senior secured credit facilities, the indentures governing HCA Inc.'s existing secured notes and the indenture governing the notes), we could be in default under the terms of the agreements governing such indebtedness. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest, the lenders under our senior secured credit facilities could elect to terminate their commitments thereunder, cease making further loans and institute foreclosure proceedings against our assets, and we could be forced into bankruptcy or liquidation. If our operating performance declines, we may in the future need to obtain waivers from the required lenders under HCA Inc.'s senior secured credit facilities to avoid being in default. If we breach our covenants under our senior secured credit facilities and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under the instrument governing that indebtedness, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation.

Your ability to transfer the notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the notes.

The notes are a new issue of securities for which there is no established public market. The underwriters have advised us that they intend to make a market in the notes as permitted by applicable laws and regulations; however, the underwriters are not obligated to make a market in the notes, and they may discontinue their market-making activities at any time without notice. Therefore, we cannot assure you that an active market for the notes will develop or, if developed, that it will continue. Historically, the market for non investment-grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes.

We cannot assure you that the market, if any, for the notes will be free from similar disruptions or that any such disruptions may not adversely affect the prices at which you may sell your notes. In addition,

Table of Contents

subsequent to their initial issuance, the notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

The Issuer may not be able to repurchase the notes upon a change of control.

Under certain circumstances, and upon the occurrence of specific kinds of change of control events, the Issuer will be required to offer to repurchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest. The source of funds for any such purchase of the notes will be the Issuer's available cash or cash generated from its subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. The Issuer may not be able to repurchase the notes upon a change of control because the Issuer may not have sufficient financial resources to purchase all of the notes that are tendered upon a change of control. Further, the Issuer is contractually restricted under the terms of the senior secured credit facilities from repurchasing all of the notes tendered by holders upon a change of control. Accordingly, the Issuer may not be able to satisfy our obligations to purchase the notes unless it is able to refinance or obtain waivers under the instruments governing that indebtedness. The Issuer's failure to repurchase the notes upon a change of control would cause a default under the indentures and a cross-default under the instruments governing our senior secured credit facilities and the indentures governing the existing secured notes. The instruments governing the senior secured credit facilities also provide that a change of control will be a default that permits lenders to accelerate the maturity of borrowings thereunder. Any of the Issuer's future debt agreements may contain similar provisions.

The Issuer is the sole obligor of the notes and its subsidiaries do not guarantee the Issuer's obligations under the notes and do not have any obligation with respect to the notes; the notes are structurally subordinated to all of the debt and liabilities of the Issuer's subsidiaries and will be effectively subordinated to any of the Issuer's secured debt.

The Issuer is a holding company that has no operations of its own and derives all of its revenues and cash flow from its subsidiaries. The Issuer's subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay amounts due under the notes or to make any funds available to pay those amounts, whether by dividend, distribution, loan or other payments. The notes are structurally subordinated to all debt and liabilities of the Issuer's subsidiaries, including HCA Inc. The claims of HCA Inc.'s and its subsidiaries' creditors will be required to be paid before holders of the notes have a claim (if any) against the entities and their assets. In the event of a bankruptcy, liquidation or reorganization or similar proceeding relating to the Issuer's subsidiaries, you will participate with all other holders of the Issuer's indebtedness in the assets remaining after the Issuer's subsidiaries have paid all of their debt and liabilities. In any of these cases, the Issuer's subsidiaries may not have sufficient funds to make payments to the Issuer, and you may receive less, ratably, than the holders of debt of the Issuer's subsidiaries and other liabilities.

As of September 30, 2012, on an as adjusted basis after giving effect to the October 2012 offering, the B-1 facility repayment, the November 2012 Distribution and the notes offered hereby and the use of proceeds therefrom, the aggregate amount of indebtedness of the Issuer's subsidiaries would have been \$26.943 billion, \$17.770 billion of which would have been secured and all of which would have been structurally senior to the notes. In addition, as of that date, on an adjusted basis after giving effect to the notes offered hereby and the use of proceeds therefrom, the Issuer's subsidiaries could have borrowed \$1.935 billion under HCA Inc.'s senior secured revolving credit facility and \$1.220 billion under its asset-based revolving credit facility, after giving effect to letters of credit and borrowing base limitations. In addition, holders of the Issuer's subsidiaries' debt will have claims that are prior to your claims as holders of the notes. Additionally, the indenture governing the notes offered hereby, the indentures governing HCA Holdings, Inc. and HCA Inc.'s outstanding notes and HCA Inc.'s senior secured credit facilities permit us and/or our subsidiaries to incur additional indebtedness, including secured indebtedness, under certain circumstances.

Table of Contents

The Issuer is a holding company with no independent operations or assets. Repayment of the notes is dependent on cash flow generated by the Issuer's subsidiaries. Restrictions in our subsidiaries' debt instruments and under applicable law limit their ability to provide funds to us.

The Issuer's operations are conducted through its subsidiaries and its ability to make payment on the unsecured notes is dependent on the earnings and the distribution of funds from its subsidiaries. Their earnings are subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond their and the Issuer's control. In addition, none of its subsidiaries is obligated to make funds available to the Issuer for payment on the notes. The agreements governing the current and future indebtedness of the Issuer's subsidiaries may not permit the Issuer's subsidiaries to provide the Issuer with sufficient dividends, distributions or loans to fund scheduled interest and principal payments on these notes when due. The terms of HCA Inc.'s senior secured credit facilities and the indentures governing its secured notes significantly restrict the Issuer's subsidiaries from paying dividends and otherwise transferring assets to the Issuer. In addition, if the Issuer's subsidiaries do not generate sufficient cash flow from operations to satisfy their and the Issuer's debt service obligations, including payments on the notes, we may have to undertake alternative financing plans, such as refinancing or restructuring our indebtedness, selling assets, reducing or delaying capital investments or seeking to raise additional capital. Our ability to restructure or refinance our debt will depend on the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. In addition, the terms of existing or future debt instruments may restrict us from adopting some of these alternatives. Our inability to generate sufficient cash flow to satisfy our debt service obligations, or to refinance our obligations on commercially reasonable terms, would have an adverse effect, which could be material, on our business, financial position, results of operations and cash flows, as well as on our ability to satisfy our obligations in respect of the notes.

USE OF PROCEEDS

We estimate that our net proceeds from this offering, after deducting underwriter discounts and commissions and estimated offering expenses, will be approximately \$987 million.

We intend to use the net proceeds from the notes offered hereby to make a distribution to the Issuer's stockholders and certain optionholders and to pay related fees and expenses.

DESCRIPTION OF OTHER INDEBTEDNESS

The summaries set forth below are qualified in their entirety by the actual text of the applicable agreements and indentures, each of which has been filed with the SEC and which may be obtained on publicly available websites at the addresses set forth under Available Information.

Senior Secured Credit Facilities

The senior secured credit facilities provided senior secured financing of \$11.683 billion at September 30, 2012, consisting of:

\$7.183 billion-equivalent in term loan facilities, comprised of a \$156 million senior secured term loan A-1 facility which matured on November 17, 2012, a \$549 million senior secured term loan A-2 facility maturing on May 2, 2016, a \$726 million senior secured term loan A-3 facility maturing on February 2, 2016, a \$1.038 billion senior secured term loan B-1 facility maturing November 17, 2013 (which was repaid during October 2012 with a portion of the proceeds from the October 2012 offering), a \$2.000 billion senior secured term loan B-2 facility maturing on March 31, 2017, a \$2.373 billion senior secured term loan B-3 facility maturing on May 1, 2018 and a 266 million, or \$341 million-equivalent, senior secured European term loan facility maturing on November 17, 2013; and

\$4.500 billion in revolving credit facilities, comprised of a \$2.500 billion senior secured asset-based revolving credit facility available in dollars maturing on September 30, 2016 and a \$2.000 billion senior secured revolving credit facility available in dollars, euros and pounds sterling currently maturing on November 17, 2016. Availability under the asset-based revolving credit facility is subject to a borrowing base of 85% of eligible accounts receivable less customary reserves.

We refer to these senior secured credit facilities, excluding the asset-based revolving credit facility, as the cash flow credit facility and, collectively with the asset-based revolving credit facility, the senior secured credit facilities. The asset-based revolving credit facility is documented in a separate loan agreement from the other senior secured credit facilities.

HCA Inc. is the primary borrower under the senior secured credit facilities, except that a U.K. subsidiary is the borrower under the senior secured European term loan facility. The revolving credit facilities include capacity available for the issuance of letters of credit and for borrowings on same-day notice, referred to as the swingline loans. A portion of the letter of credit availability under the cash-flow revolving credit facility is available in euros and pounds sterling. Lenders under the cash flow credit facility are subject to a loss sharing agreement pursuant to which, upon the occurrence of certain events, including a bankruptcy event of default under the cash flow credit facility, each such lender will automatically be deemed to have exchanged its interest in a particular tranche of the cash flow credit facility for a pro rata percentage in all of the tranches of the cash flow credit facility.

On February 16, 2007, the cash flow credit facility was amended to reduce the applicable margins with respect to the term borrowings thereunder. On June 20, 2007, the asset-based revolving credit facility was amended to reduce the applicable margin with respect to borrowings thereunder.

On March 2, 2009, the cash flow credit facility was amended to allow for one or more future issuances of additional secured notes, which may include notes that are secured on a *pari passu* basis or on a junior basis with the obligations under the cash flow credit facility, so long as (1) such notes do not require, subject to certain exceptions, scheduled repayments, payment of principal or redemption prior to the scheduled term loan B-1 maturity date, (2) the terms of such notes, taken as a whole, are not more restrictive than those in the cash flow credit facility and (3) no subsidiary of HCA Inc. that is not a U.S. guarantor is an obligor of such additional secured notes, and such notes are not secured by any European collateral securing the cash flow credit facility. The U.S. security documents related to the cash flow credit facility were also amended and restated in connection with the amendment in order to give effect to the security interests to be granted to holders of such additional secured notes.

Table of Contents

On March 2, 2009, the asset-based revolving credit facility was amended to allow for one or more future issuances of additional secured notes or loans, which may include notes or loans that are secured on a *pari passu* basis or on a junior basis with the obligations under the cash flow credit facility, so long as (1) such notes or loans do not require, subject to certain exceptions, scheduled repayments, payment of principal or redemption prior to the scheduled term loan B-1 maturity date, (2) the terms of such notes or loans, as applicable, taken as a whole, are not more restrictive than those in the cash flow credit facility and (3) no subsidiary of HCA Inc. that is not a U.S. guarantor is an obligor of such additional secured notes. The amendment to the asset-based revolving credit facility also altered the excess facility availability requirement to include a separate minimum facility availability requirement applicable to the asset-based revolving credit facility and increased the applicable LIBOR and asset-based revolving margins for all borrowings under the asset-based revolving credit facility by 0.25% each.

On June 18, 2009, the cash flow credit facility was amended to permit unlimited refinancings of the term loans initially incurred in November 2006 under the cash flow credit facility (the initial term loans), as well as any previously incurred refinancing term loans through the incurrence of new term loans under the cash flow credit facility (refinancing term loans), (collectively, with the initial term loans, the then-existing term loans), and to permit the establishment of one or more series of commitments under replacement cash flow revolvers under the cash flow credit facility (replacement revolver) to replace all or a portion of the revolving commitments initially established in November 2006 under the cash flow credit facility (the initial revolver) as well as any previously issued replacement revolvers (with no more than three series of revolving commitments to be outstanding at any time) in each case, subject to the terms described below. The amendment to the cash flow credit facility further permits the maturity date of any then-existing term loan to be extended (any such loans so extended, the extended term loans). The amendment to the cash flow credit facility provides that:

As to refinancing term loans, (1) the proceeds from such refinancing term loans be used to repay in full the initial term loans before being used to repay any previously issued refinancing term loans; (2) the refinancing term loans mature no earlier than the latest maturity date of any of the initial term loans; (3) the weighted average life to maturity for the refinancing term loans be no shorter than the remaining weighted average life to maturity of the tranche B term loan under the cash flow credit facility measured at the time such refinancing term loans are incurred; and (4) refinancing term loans will not share in mandatory prepayments resulting from the creation or issuance of extended term loans and/or first lien notes until the initial term loans are repaid in full but will share in other mandatory prepayments such as those from asset sales.

As to replacement revolvers, terms of such replacement revolver be substantially identical to the commitments being replaced, other than with respect to maturity, size of any swingline loan and/or letter of credit subfacilities and pricing.

As to extended term loans, (1) any offer to extend must be made to all lenders under the term loan being extended, and, if such offer is oversubscribed, the extension will be allocated ratably to the lenders according to the respective amounts then held by the accepting lenders; (2) each series of extended term loans having the same interest margins, extension fees and amortization schedule shall be a separate class of term loans; and (3) extended term loans will not share in mandatory prepayments resulting from the creation or issuance of refinancing term loans and/or first lien notes until the initial term loans are repaid in full but will share in other mandatory prepayments such as those from asset sales.

Any refinancing term loans and any obligations under replacement revolvers will have a *pari passu* claim on the collateral securing the initial term loans and the initial revolver.

On April 6, 2010, the cash flow credit facility was amended to (i) extend the maturity date for \$2.0 billion of the tranche B term loans from November 17, 2013 to March 31, 2017 and (ii) increase the ABR margin

Table of Contents

and LIBOR margin with respect to such extended term loans to 2.25% and 3.25%, respectively. The maturity date, interest margins and fees, as applicable, with respect to all other loans, and all commitments and letters of credit, outstanding under the cash flow credit facility remain unchanged.

On November 8, 2010, an amended and restated joinder agreement was entered into with respect to the cash flow credit facility to establish a new replacement revolving credit series, which will mature on November 17, 2015. Under the amended and restated joinder agreement, these replacement revolving credit commitments became effective upon completion of our initial public offering.

On May 4, 2011, the cash flow credit facility and asset-based revolving credit facility were amended and restated, respectively, to, among other things, (i) permit HCA Inc. and its restricted subsidiaries to issue new unsecured and second lien notes so long as (x) HCA Inc. would be, following such issuance, in compliance with its maintenance covenants under the respective credit facilities, (y) the maturity of the new notes is later than the final maturity date and (z) the covenants of the new notes are no more restrictive than those under HCA Inc. s existing second lien notes, (ii) allow HCA Inc. and its restricted subsidiaries to issue new first lien notes and first lien term loans, subject to a maximum first lien leverage ratio of 3.75 to 1.00, so long as (x) HCA Inc. complies with the same covenant restrictions that apply to the issuance of new unsecured and second lien notes described above and (y) the maturity of the new first lien debt is later than the final maturity date and (iii) revise the change of control definition to provide that, in addition to acquiring, on a fully diluted basis, at least 35% of HCA Inc. s voting stock, a third party must also acquire, on a fully diluted basis, ownership of HCA Inc. s voting stock greater than that then held by those equity holders of HCA Holdings, Inc. that existed prior to HCA Holdings, Inc. s initial public offering in order to trigger a change of control.

In addition to the amendments described above, the asset-based revolving credit facility was amended to (A) remove restrictions on the prepayment of second lien, senior unsecured or subordinated debt, and the making of restricted payments, investments and dividends, subject to the satisfaction of certain payment conditions, which include a minimum borrowing availability, and a minimum consolidated EBITDA to consolidated interest coverage ratio of 1.50 to 1.00 and (B) add a general investment basket of \$500.0 million which is not subject to the payment conditions.

In addition to the amendments described above, the cash flow credit facility was amended to remove restrictions on the prepayment of second lien, senior unsecured or subordinated debt and increase the general investment basket from \$1.5 billion to the greater of (i) \$3.0 billion or (ii) 12% of HCA Inc. s total assets.

The cash flow credit facility was also amended to (i) extend the maturity date of \$594 million of HCA Inc. s term loan A facility from November 17, 2012 to May 2, 2016 and increases the ABR margin and LIBOR margin with respect to such extended term loans to 1.50% and 2.50%, respectively and (ii) extend the maturity date of \$537 million of HCA Inc. s term loan A facility from November 17, 2012 to May 1, 2018 and \$1.836 billion of HCA Inc. s term loan B-1 facility from November 17, 2013 to May 1, 2018 and increase the ABR margin and LIBOR margin with respect to such extended term loans to 2.25% and 3.25%, respectively.

On September 30, 2011, HCA Inc. refinanced its asset-based revolving credit facility. The new asset-based credit agreement refinances and replaces HCA Inc. s previous asset-based revolving credit agreement and, among other things, provides for the following changes: (i) increases the amount of the facility from \$2,000 million to \$2,500 million, (ii) increases the letter of credit commitment from \$200 million to \$250 million and the swingline loan commitment from \$100 million to \$125 million, (iii) extends the maturity of the facility from November 16, 2012 to September 30, 2016, (iv) modifies the leverage-based pricing grid, increasing the applicable margin from 1.25% to 1.50% at our current leverage ratio, which would be reduced to 1.25% upon our leverage ratio being lower than 3.50:1.00, (v) changes the calculation of the commitment fee from a leverage based calculation to a utilization threshold of the credit facility, (vi) provides for additional flexibility in the calculation of the borrowing base as it relates to eligible accounts outstanding 181 days or more from the original invoice date, self-pay accounts and potential Medicaid accounts, (vii) increases the threshold for ability to make

investments, dividends or repayment of junior debt from having to maintain excess global availability of at least \$250 million or excess facility availability of \$125 million to the greater of (1) 10% of the lesser of the aggregate commitments outstanding under the credit agreement or the borrowing base effective at any time of determination and (2) \$325 million, (viii) increases the threshold for triggering a cash dominion event from failure to maintain excess global availability of at least \$250 million or excess facility availability of \$125 million to the greater of (1) 10% of the lesser of the aggregate commitments outstanding under the credit agreement or the borrowing base effective at any time of determination and (2) \$325 million, in each case for five consecutive business days and (ix) increases the threshold for triggering a springing interest coverage ratio of less than 1.50:1.00 from failure to maintain excess facility availability of at least 10% of the borrowing base to the greater of (1) 10% of the lesser of the aggregate commitments outstanding under the ABL Credit Agreement or the borrowing base effective at any time of determination and (2) \$325 million.

On April 25, 2012, the cash flow credit facility was amended to extend the maturity dates of (i) approximately \$75 million of the A-1 facility and (ii) approximately \$651 million of the B-1 facility by converting such amounts into an A-3 facility with a maturity date of February 2, 2016 and with ABR margin and LIBOR margin of 2.25% and 3.25%, respectively. The maturity date, interest margins and fees, as applicable, with respect to all other loans, and all commitments and letters of credit, outstanding under the cash flow credit facility remain unchanged.

On October 22, 2012, HCA Inc. replaced its \$2.000 billion senior secured revolving credit facility maturing on November 17, 2015 with a new facility on substantially the same terms which (i) foregoes the scheduled increase to the applicable margins with respect to revolving borrowings under the facility that was previously scheduled to take effect on November 17, 2012 and (ii) extends the maturity date to November 17, 2016.

Interest Rate and Fees

Borrowings under the senior secured credit facilities bear interest at a rate equal to, at HCA Inc.'s option, either (a) LIBOR for deposits in the applicable currency plus an applicable margin or (b) the higher of (1) the prime rate of Bank of America, N.A. and (2) the federal funds effective rate plus 0.50%, plus an applicable margin. The applicable margins in effect for borrowings as of September 30, 2012 are (i) under the asset-based revolving credit facility, 0.50% with respect to base rate borrowings and 1.50% with respect to LIBOR borrowings, (ii) under the senior secured revolving credit facility, 0.50% with respect to base rate borrowings and 1.50% with respect to LIBOR borrowings, (iii) under the term loan A-1 facility, 0.25% with respect to base rate borrowings and 1.25% with respect to LIBOR borrowings, (iv) under the term loan A-2 facility, 1.50% with respect to base rate borrowings and 2.50% with respect to LIBOR borrowings, (v) under the term loan A-3 facility, 2.25% with respect to base rate borrowings and 3.25% with respect to LIBOR borrowings, (vi) under the term loan B-1 facility, 1.25% with respect to base rate borrowings and 2.25% with respect to LIBOR borrowings, (vii) under the term loan B-2 facility and term loan B-3 facility, 2.25% with respect to base rate borrowings and 3.25% with respect to LIBOR borrowings, and (viii) under the senior secured European term loan facility, 2.00% with respect to LIBOR borrowings. Certain of the applicable margins may be reduced or increased depending on HCA Inc.'s leverage ratios.

In addition to paying interest on outstanding principal under the senior secured credit facilities, HCA Inc. is required to pay a commitment fee to the lenders under the revolving credit facilities in respect of the unutilized commitments thereunder. The commitment fee rate as of September 30, 2012 is 0.375% per annum for the revolving credit facility and 0.25% for the asset-based revolving credit facility. The commitment fee rates for the revolving credit facility may fluctuate due to changes in specified leverage ratios. The commitment fee rates for the asset-based revolving credit facility may fluctuate due to the utilization threshold of the asset-based credit facility. HCA Inc. must also pay customary letter of credit fees.

Prepayments

The cash flow credit facility requires HCA Inc. to prepay outstanding term loans, subject to certain exceptions, with:

50% (which percentage will be reduced to 25% if HCA Inc.'s total leverage ratio is 5.50x or less and to 0% if HCA Inc.'s total leverage ratio is 5.00x or less) of HCA Inc.'s annual excess cash flow;

100% of the compensation for any casualty event, proceeds from permitted sale-leasebacks and the net cash proceeds of all nonordinary course asset sales or other dispositions of property, other than the Receivables Collateral, as defined below, if HCA Inc. does not (1) reinvest or commit to reinvest those proceeds in assets to be used in our business or to make certain other permitted investments within 15 months as long as, in the case of any such commitment to reinvest or make certain other permitted investments, such investment is completed within such 15-month period or, if later, within 180 days after such commitment is made or (2) apply such proceeds within 15 months to repay debt of HCA Inc. that was outstanding on the effective date of the Recapitalization scheduled to mature prior to the earliest final maturity of the senior secured credit facilities then outstanding; and

100% of the net cash proceeds of any incurrence of debt, other than proceeds from the receivables facilities and other debt permitted under the senior secured credit facilities.

The foregoing mandatory prepayments are applied among the term loan facilities (1) during the first three years after the effective date of the Recapitalization, pro rata to such facilities based on the respective aggregate amounts of unpaid principal installments thereof due during such period, with amounts allocated to each facility being applied to the remaining installments thereof in direct order of maturity and (2) thereafter, pro rata to such facilities, with amounts allocated to each facility being applied pro rata among the term loan A-1 facility, the term loan A-2 facility, the term loan A-3 facility, the term loan B-1 facility, the term loan B-2 facility, term loan B-3 facility and the senior secured European term loan facility based upon the applicable remaining repayment amounts due thereunder. Notwithstanding the foregoing, (i) proceeds of asset sales by foreign subsidiaries are applied solely to prepay senior secured European term loans until such term loans have been repaid in full and (ii) HCA Inc. is not required to prepay loans under the term loan A facility or the term loan B facility with net cash proceeds of asset sales or with excess cash flow, in each case attributable to foreign subsidiaries, to the extent that the repatriation of such amounts is prohibited or delayed by applicable local law or would result in material adverse tax consequences.

The asset-based revolving credit facility requires HCA Inc. to prepay outstanding loans if borrowings exceed the borrowing base.

HCA Inc. may voluntarily repay outstanding loans under the senior secured credit facilities at any time without premium or penalty, other than customary breakage costs with respect to LIBOR loans.

Guarantee and Security

All obligations under the senior secured credit facilities are unconditionally guaranteed by substantially all existing and future, direct and indirect, wholly owned material domestic subsidiaries that are unrestricted subsidiaries under the 1993 Indenture (except for certain special purpose subsidiaries that only guarantee and pledge their assets under the asset-based revolving credit facility), and the obligations under the senior secured European term loan facility are also unconditionally guaranteed by HCA Inc. and each of its existing and future wholly owned material subsidiaries formed under the laws of England and Wales, subject, in each of the foregoing cases, to any applicable legal, regulatory or contractual constraints and to the requirement that such guarantee does not cause adverse tax consequences.

All obligations under the asset-based revolving credit facility, and the guarantees of those obligations, are secured, subject to permitted liens and other exceptions, by a first-priority lien on substantially all of the receivables of the borrowers and each guarantor under such asset-based revolving credit facility (the **Receivables Collateral**).

All obligations under the cash flow credit facility and the guarantees of such obligations, are secured, subject to permitted liens and other exceptions, by:

a first-priority lien on the capital stock owned by HCA Inc. or by any U.S. guarantor in each of their respective first-tier subsidiaries (limited, in the case of foreign subsidiaries, to 65% of the voting stock of such subsidiaries);

a first-priority lien on substantially all present and future assets of HCA Inc. and of each U.S. guarantor other than (i) **Principal Properties** (as defined in the 1993 Indenture), except for certain **Principal Properties** the aggregate amount of indebtedness secured thereby in respect of the cash flow credit facility and the first lien notes and any future first lien obligations, taken as a whole, do

a second-priority lien on certain of the Receivables Collateral (such portion of the Receivables Collateral, the Shared Receivables Collateral ; the Receivables Collateral that does not secure such cash flow credit facility on a second-priority basis is referred to as the Separate Receivables Collateral).

The obligations of the borrowers and the guarantors under the senior secured European term loan facility are also secured by substantially all present and future assets of the European subsidiary borrower and each European guarantor (the European Collateral), subject to permitted liens and other exceptions (including, without limitation, exceptions for deposit accounts, other bank or securities accounts, cash, leaseholds, motor-vehicles and certain other exceptions) and subject to such security interests otherwise being permitted by applicable law and contract and not resulting in adverse tax consequences. Neither our first lien notes nor our second lien notes are secured by any of the European Collateral.

Capitalized terms defined in the accompanying base prospectus or in the Indenture have the same meanings when used in this description unless updated herein. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. You may request copies of the Indenture at the address set forth under the heading Summary. A form of the indenture has been filed as an exhibit to the registration statement of which this prospectus supplement is a part and can be obtained as indicated under Available information.

Ranking and Holding Company Structure

The Notes are:

unsecured senior obligations of the Issuer;

equal in right of payment to any existing and future senior Indebtedness of the Issuer, including the Issuer's \$1.525 billion aggregate principal amount of senior notes due 2021;

senior in right of payment to any future Subordinated Indebtedness of the Issuer; and

are structurally subordinated in right of payment to all Indebtedness of the Issuer's Subsidiaries.

The Indebtedness evidenced by the Notes will be unsecured and will rank equally with any other unsecured and unsubordinated indebtedness the Issuer may incur in the future. The Notes will not be guaranteed by any of the Issuer's Subsidiaries. The Issuer's future secured Indebtedness and other future secured obligations will be effectively senior to the Notes to the extent of the value of the assets securing such other secured Indebtedness and other secured obligations.

The Issuer is a holding company for its Subsidiaries, with no material operations of its own and only limited assets. Accordingly, the Issuer is dependent upon the distribution of the earnings of its Subsidiaries, whether in the form of dividends, advances or payments on account of intercompany obligations, to service its debt obligations. Additionally, claims of such Subsidiaries' creditors, including trade creditors and claims of preferred stockholders (if any) of such Subsidiaries, generally will have priority with respect to the assets and earnings of such Subsidiaries over the claims of the Issuer's creditors, including holders of the Notes. The Notes, therefore, will be structurally subordinated to creditors (including trade creditors) and preferred stockholders (if any) of our Subsidiaries, including HCA Inc. As of September 30, 2012, on an as adjusted basis after giving effect to the October 2012 offering, the B-1 facility repayment and the notes offered hereby and the use of proceeds therefrom, HCA Inc. and its Subsidiaries would have had Indebtedness of approximately \$29.395 billion outstanding, of which \$17.770 billion would have been secured.

Table of Contents

The Indenture limits the Issuer's ability and that of certain of our Subsidiaries under certain circumstances to secure Indebtedness by Mortgages on our Principal Properties and to enter into Sale and Lease-Back Transactions and limits certain of our Subsidiaries' ability to issue Indebtedness or Preferred Stock. In a liquidation or reorganization of any of our Subsidiaries, the right of holders of the Notes to participate in any distribution is subject to the prior claims of creditors of that subsidiary, except to the extent that we are a creditor.

Principal, Maturity and Interest

The Issuer will issue \$1.000 billion of the Notes in this offering. The Notes will mature on February 15, 2021. The Notes will bear interest at the rate of 6.25% per annum, computed on the basis of a 360-day year of twelve 30-day months, commencing on the Issue Date. Interest will be payable twice a year on February 15 and August 15, beginning on August 15, 2013. Interest payable on any Note that is punctually paid or duly provided for on any interest payment date shall be paid to the person in whose name such Note is registered at the close of business on February 1 and August 1, as the case may be, preceding such interest payment date.

The Issuer may issue additional Notes, from time to time after this offering under the Indenture (any such Notes, *Additional Notes*). The Notes offered by the Issuer and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to "Notes" for all purposes of the Indenture and this Description of the Notes include any Additional Notes that are actually issued.

The Notes will be issued in book-entry form only.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

The Issuer will not be required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, the Issuer may be required to offer to purchase Notes as described under the caption "Repurchase at the Option of Holders." The Issuer may at any time and from time to time purchase Notes in the open market or otherwise.

Optional Redemption

The Issuer may redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest to the date of redemption (the *Redemption Date*), subject to the rights of Holders of the Notes on the relevant record date to receive interest due on the relevant interest payment date.

Any notice of any redemption may be given prior to the redemption thereof, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of an equity offering or other corporate transaction.

If the Issuer redeems less than all of the outstanding Notes, the Registrar and Paying Agent shall select the Notes to be redeemed in the manner described under "Repurchase at the Option of Holders" Selection and Notice.

Except as set forth above, the Notes will not be redeemable by us prior to maturity.

Denominations, Registration and Transfer

The Issuer will issue the Notes in registered form and in denominations of \$2,000 or any integral multiple of \$1,000 in excess thereof. We have appointed Deutsche Bank Trust Company Americas as security registrar.

Table of Contents

Transfer of the Notes at the Option of the Issuer

At any time prior to the maturity of the Notes, the Issuer may elect to have obligations under the Notes and the Indenture assumed by HCA Inc.; *provided, however*, that such transfer, merger or other assumption results in the full and unconditional obligation of HCA Inc. under the Notes and the Indenture. In such event, references herein to the Issuer shall instead refer to HCA Inc.

Repurchase at the Option of Holders

Change of Control

The Notes will provide that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding Notes as described under *Optional Redemption*, the Issuer will make an offer to purchase all of the Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase, subject to the right of Holders of the Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee and the Registrar, to each Holder of Notes to the address of such Holder appearing in the security register with a copy to the Trustee and the Registrar or otherwise in accordance with the procedures of DTC, with the following information:

- (1) that a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control* and that all Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*);
- (3) that any Note not properly tendered will remain outstanding and continue to accrue interest;
- (4) that unless the Issuer defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;
- (5) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such Notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;
- (6) that Holders will be entitled to withdraw their tendered Notes and their election to require the Issuer to purchase such Notes; *provided* that the paying agent receives, not later than the close of business on the 30th day following the date of the Change of Control notice, a telegram, facsimile transmission or letter setting forth the name of the Holder of the Notes, the principal amount of Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes purchased;
- (7) that Holders tendering less than all of their Notes will be issued new Notes and such new Notes will be equal in principal amount to the unpurchased portion of the Notes surrendered. The unpurchased portion of the Notes must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof; and

- (8) the other instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow.

S-40

Table of Contents

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

- (1) accept for payment all Notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Notes or portions thereof so tendered; and
- (3) deliver, or cause to be delivered, to the Trustee for cancellation the Notes so accepted together with an Officer's Certificate to the Trustee stating that such Notes or portions thereof have been tendered to and purchased by the Issuer.

Existing indebtedness of HCA Inc. limits, and future indebtedness of HCA Inc. and its Subsidiaries may prohibit or limit, the Issuer from purchasing any Notes as a result of a Change of Control. In the event a Change of Control occurs at a time when the Issuer is prohibited from purchasing the Notes, HCA Inc. could seek the consent of its lenders and noteholders to permit the purchase of the Notes or could attempt to refinance the borrowings that contain such prohibition. If HCA Inc. does not obtain such consent or repay such borrowings, the Issuer will remain prohibited from purchasing the Notes. In such case, the Issuer's failure to purchase tendered Notes would constitute an Event of Default under the Indenture.

The Issuer's ability to pay cash to the Holders of the Notes following the occurrence of a Change of Control may be limited by its then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Underwriters and us. After the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Such restrictions in the Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of "Change of Control" includes a disposition of all or substantially all of the assets of the Issuer to any Person. Although there is a limited body of case law interpreting the phrase "substantially all,"

Table of Contents

there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the assets of the Issuer. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Issuer to make an offer to repurchase the Notes as described above.

The provisions under the Indenture relating to the Issuer's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes.

Selection and Notice

If the Issuer is redeeming less than all of the Notes issued by it at any time, the Registrar and Paying Agent will select the Notes to be redeemed (a) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes are listed, (b) on a pro rata basis to the extent practicable or (c) by lot or such other similar method in accordance with the procedures of DTC.

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or Redemption Date to each Holder of Notes at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. If any Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new Note in a principal amount equal to the unredeemed portion of the original Note in the name of the Holder upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on Notes or portions thereof called for redemption.

Certain Covenants

Set forth below are summaries of certain covenants contained in the Indenture.

Covenant Suspension

If on any date following the Issue Date (i) the Notes have Investment Grade Ratings from both Rating Agencies and (ii) no Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a *Covenant Suspension Event*), the Issuer and the Subsidiaries will not be subject to the Repurchase at the Option of Holders Change of Control covenant (the *Suspended Covenant*).

In the event that the Issuer and the Subsidiaries are not subject to the Suspended Covenant under the Indenture for any period of time as a result of the foregoing, and on any subsequent date (the *Reversion Date*) one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Notes below an Investment Grade Rating and/or (b) the Issuer or any of its Affiliates enters into an agreement to effect a transaction that would result in a Change of Control and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Notes below an Investment Grade Rating, then the Issuer and the Subsidiaries will thereafter again be subject to the Suspended Covenant under the Indenture with respect to future events, including, without limitation, a proposed transaction described in clause (b) above.

Table of Contents

The period of time between the Suspension Date and the Reversion Date is referred to in this description as the *Suspension Period*. In the event of any such reinstatement, no action taken or omitted to be taken by the Issuer or any of its Subsidiaries prior to such reinstatement will give rise to a Default or Event of Default under the Indenture with respect to Notes.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Ratings.

Limitations on Mortgages

Nothing in the Indenture or in the Notes shall in any way restrict or prevent the Issuer or any Subsidiary from incurring any Indebtedness, *provided, however*, that the Indenture will provide that neither the Issuer nor any of its Subsidiaries (other than HCA Inc.) will issue, assume or guarantee any indebtedness or obligation secured by Mortgages upon any Principal Property, unless the Notes shall be secured equally and ratably with (or prior to) such Indebtedness. This restriction will not apply to:

- (a) Mortgages securing all or any part of the purchase price of property acquired or cost of construction of property or cost of additions, substantial repairs, alterations or improvements or property, if the Indebtedness and the related Mortgages are incurred within 18 months of the later of the acquisition or completion of construction and full operation or additions, repairs, alterations or improvements;
- (b) Mortgages existing on property at the time of its acquisition by the Issuer or a Subsidiary or on the property of a Person at the time of the acquisition of such Person by the Issuer or a Subsidiary (including acquisitions through merger or consolidation);
- (c) Mortgages to secure Indebtedness on which the interest payments to holders of the related indebtedness are excludable from gross income for federal income tax purposes under Section 103 of the Code;
- (d) Mortgages in favor of the Issuer or any Subsidiary;
- (e) Mortgages existing on the date of the Indenture;
- (f) Mortgages in favor of a government or governmental entity that (i) secure Indebtedness which is guaranteed by the government or governmental entity, (ii) secure Indebtedness incurred to finance all or some of the purchase price or cost of construction of goods, products or facilities produced under contract or subcontract for the government or governmental entity, or (iii) secure Indebtedness incurred to finance all or some of the purchase price or cost of construction of the property subject to the Mortgage;
- (g) Mortgages incurred in connection with the borrowing of funds where such funds are used to repay within 120 days after entering into such Mortgage, Indebtedness in the same principal amount secured by other Mortgages on Principal Property with at least the same appraised fair market value;
- (h) Mortgages incurred within 90 days (or any longer period, not in excess of one year, as permitted by law) after the acquisition of the property or equipment subject to that Mortgage and arising solely in connection with the transfer of tax benefits in accordance with Section 168(f)(8) of the Code; and
- (i)

Edgar Filing: HCA Holdings, Inc. - Form 424B5

any extension, renewal or replacement of any Mortgage referred to in clauses (a) through (h) above, *provided* the amount secured is not increased and such extension, renewal or replacement Mortgage relates to the same property.

Limitations on Sale and Lease-Back

The Indenture will provide that neither the Issuer nor any Subsidiary (other than HCA Inc.) will enter into any Sale and Lease-Back Transaction with respect to any Principal Property with another person (other than with the Issuer or a Subsidiary) unless either:

- (a) the Issuer or such Subsidiary could incur indebtedness secured by a mortgage on the property to be leased without equally and ratably securing the Notes; or
- (b) within 120 days, the Issuer applies the greater of the net proceeds of the sale of the leased property or the fair value of the leased property, net of all Notes delivered under the Indenture, to the voluntary retirement of our Funded Debt and/or the acquisition or construction of a Principal Property.

Exempted Transactions

Notwithstanding the foregoing provisions described above under *Limitation on Mortgages* and *Limitations on Sale and Lease-Back* if

- (a) the aggregate outstanding principal amount of all Indebtedness of HCA Inc. and its Subsidiaries that is subject to and not otherwise permitted under these restrictions does not exceed 15% of the Consolidated Net Tangible Assets of HCA Inc. and its Subsidiaries, then:
 - (i) HCA Inc. or any of its Subsidiaries may issue, assume or guarantee Indebtedness secured by Mortgages; and
 - (ii) HCA Inc. or any of its Subsidiaries may enter into any Sale and Lease-Back Transaction; and
 - (iii) the Issuer may guarantee the obligations of HCA Inc. or any of its Subsidiaries under clauses (i) or (ii) above; and
- (b) the aggregate outstanding principal amount of all Indebtedness of the Issuer and its Subsidiaries that is subject to and not otherwise permitted under these restrictions does not exceed 20% of the Consolidated Net Tangible Assets of the Issuer and its Subsidiaries, then:
 - (i) the Issuer or any of its Subsidiaries (other than HCA Inc. and its Subsidiaries) may issue, assume or guarantee Indebtedness secured by Mortgages; and
 - (ii) the Issuer or any of its Subsidiaries (other than HCA Inc. and its Subsidiaries) may enter into any Sale and Lease-Back Transaction;

provided, however, that in no event shall the Capital Stock of HCA Inc. be pledged or otherwise be encumbered to secure any Indebtedness of the Issuer unless in all such instances, the Notes are equally and ratably secured with (or prior to) such Indebtedness.

Events of Default

Under the Indenture, an *Event of Default* applicable to the Notes of any series means:

Edgar Filing: HCA Holdings, Inc. - Form 424B5

failure to pay the principal or any premium on the Notes when due;

failure to pay any interest on the Notes when due, and such default continues for a period of 30 days;

failure to deposit any sinking fund payment in respect of the Notes when due;

S-44

Table of Contents

failure to perform, or the breach of, any of our other applicable covenants or warranties in the Indenture, and such default continues for a period of 60 days after written notice by Holders of at least 10% in principal amount of the outstanding Notes; and

events in bankruptcy, insolvency or reorganization.

If any Event of Default with respect to the Notes occurs and is continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Notes may declare the principal amount of all the Notes to be due and payable immediately. The Holders may, under certain circumstances, rescind and annul this acceleration prior to obtaining a judgment or decree.

Other than the duties of the Trustee during a default to act with the required standard of care, the Trustee is not obligated to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders unless the holders shall have offered to the Trustee reasonable indemnity. Subject to these indemnification provisions, the holders of a majority in aggregate principal amount of the outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Notes.

We will furnish the Trustee annually with a statement as to our performance of certain obligations under the Indenture and as to any default in our performance.

Modification and Waiver

Without Holder Consent

Without the consent of any Holders, the Issuer and the Trustee, may enter into supplemental indentures for any of the following purposes:

- (1) to evidence the succession of another corporation to the Issuer and the assumption by such successor of the covenants of the Issuer in compliance with the requirements set forth in the Indenture; or
- (2) to add to the covenants for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer; or
- (3) to add any additional Events of Default; or
- (4) to change or eliminate any of the provisions of the Indenture, *provided* that any such change or elimination shall become effective only when there are no outstanding Notes of any series created prior to the execution of such supplemental indenture that is entitled to the benefit of such provision and as to which such supplemental indenture would apply; or
- (5) to secure the Notes; or
- (6) to supplement any of the provisions of the Indenture to such extent necessary to permit or facilitate the defeasance and discharge of the Notes, *provided* that any such action does not adversely affect the interests of the Holders of the Notes in any material respect; or
- (7) to evidence and provide for the acceptance of appointment hereunder by a successor Trustee and to add to or change any of the provisions of the Indenture necessary to provide for or facilitate the administration of the trusts by more than one Trustee; or

Table of Contents

- (8) to cure any ambiguity, to correct or supplement any provision of the Indenture which may be defective or inconsistent with any other provision; or
- (9) to change any place or places where the principal of and premium, if any, and interest, if any, on the Notes shall be payable, the Notes may be surrendered for registration or transfer, the Notes may be surrendered for exchange, and notices and demands to or upon the Issuer may be served.

With Holder Consent

We and the Trustee may modify and amend the Indenture with the consent of the holders of a majority in aggregate principal amount of the outstanding Notes; however, we must have the consent of the Holder of each outstanding Note affected to:

- (1) change the stated maturity of the principal of, or installment of interest, if any, on, the Notes, or reduce the principal amount thereof or the interest thereon or any premium payable upon redemption thereof;
- (2) change the currency in which the principal of (and premium, if any) or interest on such Notes are denominated or payable, or reduce the amount of the principal of a Discount Security that would be due and payable upon a declaration of acceleration of the maturity thereof;
- (3) adversely affect the right of repayment or repurchase, if any, at the option of the Holder after such obligation arises, or reduce the amount of, or postpone the date fixed for, any payment under any sinking fund or impair the right to institute suit for the enforcement of any payment on or after the Stated Maturity thereof (or, in the case of redemption, on or after the Redemption Date);
- (4) reduce the percentage of Holders whose consent is required for modification or amendment of the Indenture or for waiver of compliance with certain provisions of the Indenture or certain defaults; or
- (5) modify the provisions that require Holder consent to modify or amend the Indenture or that permit Holders to waive compliance with certain provisions of the Indenture or certain defaults.

The holders of a majority in aggregate principal amount of the outstanding Notes may, on behalf of all holders, waive any past default under the Indenture with respect to Notes. However, such holders may not waive a past default in the payment of principal, premium or interest, or any sinking fund installment with respect to the Notes, or waive a covenant or provision that cannot be modified or amended, without the consent of the holders of each outstanding Note affected.

Consolidation, Merger, Sale or Lease of Assets

We may consolidate with or merge into, or transfer or lease all or substantially all of our assets to any corporation without the consent of the holders of the Notes under the Indenture if:

the successor corporation assumes our obligations on the Notes and under the Indenture;

after giving effect to the transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing;

Edgar Filing: HCA Holdings, Inc. - Form 424B5

if, as a result of any such consolidation or merger or such conveyance, transfer or lease, properties or assets of the Issuer would become subject to a mortgage, pledge, lien, security interest or other encumbrance that would not be permitted by the Indenture, the Issuer or such successor corporation or Person, as the case may be, shall take such steps as shall be necessary effectively to secure all the Notes equally and ratably with (or prior to) all indebtedness secured thereby; and

S-46

Table of Contents

the Issuer has delivered to the Trustee an Officers' Certificate and an Opinion of Counsel each stating that such consolidation, merger, conveyance, transfer or lease and such supplemental indenture comply with this covenant and that all conditions precedent provided for relating to such transaction have been complied with.

Notwithstanding the foregoing, the above restrictions shall not apply in connection with the full and unconditional assumption (whether via merger, exchange or otherwise) of the Issuer's obligations under the Notes and the Indenture by HCA Inc. in accordance with the terms set forth under "Transfer of the Notes at the Option of the Issuer."

Defeasance

We may be discharged from our obligations under the Notes, and we will not be subject to the limitations in the Indenture discussed in the above sections, if we deposit with the Trustee trust money or U.S. government obligations that are sufficient to pay all principal, premium and interest on the Notes. We would deliver to the Trustee an opinion of counsel to the effect that the deposit and related defeasance would not (1) cause the holders of the Notes to recognize income, gain or loss for United States income tax purposes or (2) result in the delisting of the Notes from any national securities exchange (if so listed).

Notices

Notices to holders will be mailed to the addresses of the holders listed in the security register.

Governing Law

We will construe the Indenture and the Notes in accordance with the laws of the State of New York.

Concerning the Trustee

The Trustee has normal banking relationships with us.

CERTAIN UNITED STATES FEDERAL TAX CONSEQUENCES

The following is a summary of certain United States federal income and, in the case of non-U.S. holders (as defined below), estate tax consequences of the purchase, ownership and disposition of the notes as of the date of this prospectus supplement. Unless otherwise stated, this summary deals only with notes held as capital assets by persons who purchase the notes for cash upon original issuance at their issue price, which will be the first price at which a substantial amount of the notes of that series are sold to the investors (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriter, placement agent or wholesaler).

As used herein, a U.S. holder means a beneficial owner of the notes that is for United States federal income tax purposes any of the following:

an individual who is a citizen or resident of the United States;

a corporation organized under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to United States federal income taxation regardless of its source; or

a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

As used herein, and except as modified for estate tax purposes, the term non-U.S. holder means a beneficial owner of the notes (other than an entity treated as a partnership for United States federal income tax purposes) that is not a U.S. holder.

If any entity classified as a partnership for United States federal income tax purposes holds notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partnership or a partner in a partnership considering an investment in the notes, you should consult your own tax advisors.

This summary does not represent a detailed description of the United States federal income tax consequences applicable to you if you are a person subject to special tax treatment under the United States federal income tax laws, including, without limitation:

a dealer in securities or currencies;

a financial institution;

a regulated investment company;

a real estate investment trust;

a tax-exempt organization;

an insurance company;

a person holding the notes as part of a hedging, integrated, conversion or constructive sale transaction or a straddle;

This summary is based on the Internal Revenue Code of 1986, as amended (the Code), United States Treasury regulations, administrative rulings and judicial decisions as of the date hereof. Those authorities may be changed, possibly on a retroactive basis, so as to result in United States federal income and estate tax consequences different from those summarized below. We have not and will not seek any rulings from the Internal Revenue Service (IRS) regarding the matters discussed below. There can be no assurance that the IRS will not take positions concerning the tax consequences of the purchase, ownership or disposition of the notes that are different from those discussed below.

This summary does not represent a detailed description of the United States federal income and estate tax consequences to you in light of your particular circumstances and does not address the effects of any state, local or non-United States tax laws. It is not intended to be, and should not be construed to be, legal or tax advice to any particular purchaser of notes. **If you are considering the purchase of notes, you should consult your own tax advisors concerning the particular United States federal income and estate tax consequences to you of the ownership of the notes, as well as the consequences to you arising under other United States federal tax laws (including the gift tax and the recently enacted Medicare tax on certain investment income) and under the laws of any other taxing jurisdiction.**

Certain Tax Consequences to U.S. Holders

The following is a summary of certain United States federal income tax consequences that will apply to U.S. holders of the notes.

Stated Interest. Stated interest on the notes generally will be taxable to a U.S. holder as ordinary income at the time it is received or accrued, depending on the holder's method of accounting for United States federal income tax purposes.

Sale, Exchange, Retirement, Redemption or Other Taxable Disposition of Notes. Upon the sale, exchange, retirement, redemption, or other taxable disposition of a note, you generally will recognize gain or loss equal to the difference, if any, between the amount realized upon the sale, exchange, retirement, redemption or other disposition (less an amount equal to any accrued and unpaid stated interest, which will be taxable as interest income as discussed above) and the adjusted tax basis of the note. Your adjusted tax basis in a note will, in general, be your cost for that note. Any gain or loss will be capital gain or loss. Capital gains of noncorporate holders derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Certain Tax Consequences to Non-U.S. Holders

The following is a summary of certain United States federal income and estate tax consequences that will apply to non-U.S. holders of the notes.

Table of Contents

United States Federal Withholding Tax. The 30% United States federal withholding tax will not apply to any payment of interest on the notes under the portfolio interest rule, provided that:

interest paid on the notes is not effectively connected with your conduct of a trade or business in the United States;

you do not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable United States Treasury regulations;

you are not a controlled foreign corporation that is related to us actually or constructively through stock ownership;

you are not a bank whose receipt of interest on the notes is described in Section 881(c)(3)(A) of the Code; and

either (a) you provide your name and address on an IRS Form W-8BEN (or other applicable form), and certify, under penalties of perjury, that you are not a United States person as defined under the Code or (b) you hold your notes through certain foreign intermediaries and satisfy the certification requirements of applicable United States Treasury regulations. Special certification rules apply to non-U.S. holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements described above, payments of interest made to you will be subject to the 30% United States federal withholding tax, unless you provide us with a properly executed:

IRS Form W-8BEN (or other applicable form) certifying an exemption from or reduction in withholding under the benefit of an applicable income tax treaty; or

IRS Form W-8ECI (or other applicable form) certifying interest paid on the notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below under *United States Federal Income Tax*).

The 30% United States federal withholding tax generally will not apply to any payment of principal or gain that you realize on the sale, exchange, retirement, redemption or other disposition of a note.

United States Federal Income Tax. If you are engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment), then you will be subject to United States federal income tax on that interest on a net income basis in generally the same manner as if you were a United States person as defined under the Code. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or a lower applicable income tax treaty rate) of your effectively connected earnings and profits, subject to adjustments. If interest received with respect to the notes is effectively connected income (whether or not a treaty applies), the 30% withholding tax described above will not apply, provided the certification requirements discussed above in *United States Federal Withholding Tax* are satisfied.

Subject to the discussion of backup withholding below, any gain realized on the disposition of a note generally will not be subject to United States federal income tax unless:

the gain is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment), in which case you will be taxed in the same manner as discussed above with respect to effectively connected interest; or

Table of Contents

you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met, in which case you will be subject to a flat 30% United States federal income tax on any gain recognized (except as otherwise provided by an applicable income tax treaty), which may be offset by certain United States source losses.

United States Federal Estate Tax. If you are an individual who is neither a citizen nor a resident of the United States (as specifically defined for estate tax purposes), your estate will not be subject to United States federal estate tax on notes beneficially owned by you (or treated as so owned) at the time of your death, provided that any interest payment to you on the notes would be eligible for exemption from the 30% United States federal withholding tax under the portfolio interest rule described above under United States Federal Withholding Tax without regard to the statement requirement described in the fifth bullet point of that section.

Information Reporting and Backup Withholding

U.S. Holders. In general, information reporting requirements will apply to certain payments of interest on the notes and the proceeds of the sale or other disposition (including a retirement or redemption) of a note paid to you (unless you are an exempt recipient such as a corporation). Backup withholding (currently at a rate of 28%, and currently scheduled to increase to 31% in 2013) may apply to such payments if you fail to provide a taxpayer identification number or a certification that you are not subject to backup withholding or if you are subject to backup withholding because you previously failed to report in full dividend and interest income.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your United States federal income tax liability provided the required information is timely furnished to the IRS.

Non-U.S. Holders. Generally, we must report to the IRS and to you the amount of interest paid to you and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty.

In general, you will not be subject to backup withholding with respect to payments of interest on the notes that we make to you provided that we do not have actual knowledge or reason to know that you are a United States person as defined under the Code, and we have received from you the required certification that you are a non-U.S. holder described above in the fifth bullet point under Certain Tax Consequences to Non-U.S. Holders United States Federal Withholding Tax.

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale or other disposition (including a retirement or redemption) of notes within the United States or conducted through certain United States-related financial intermediaries, unless you certify to the payer under penalties of perjury that you are a non-U.S. holder (and the payer does not have actual knowledge or reason to know that you are a United States person as defined under the Code), or you otherwise establish an exemption.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your United States federal income tax liability provided the required information is timely furnished to the IRS.

Additional Withholding Requirements

Under legislation enacted in 2010 and administrative guidance, a 30% United States federal withholding tax may apply to interest income paid after December 31, 2013 and the gross proceeds from a disposition of notes occurring after December 31, 2016 paid to (i) a foreign financial institution (whether such foreign financial institution is the beneficial owner or an intermediary) unless such foreign financial institution agrees to verify,

Table of Contents

report and disclose its United States account holders and meets certain other specified requirements or (ii) a non-financial foreign entity (whether such non-financial foreign entity is the beneficial owner or an intermediary) unless such entity provides a certification that the beneficial owner of the payment does not have any substantial United States owners or provides the name, address and taxpayer identification number of each such substantial United States owner and certain other specified requirements are met. The legislation contains a grandfathering provision that exempts from withholding any payment under, or gross proceeds from a disposition of, an obligation that is outstanding on March 18, 2012, and proposed United States Treasury regulations would extend this grandfathering provision to obligations that are outstanding on January 1, 2013. These proposed regulations are not effective until finalized, however, and unless and until they are so finalized, taxpayers are not entitled to rely on them. You should consult your own tax advisors regarding this legislation and whether it may be relevant to your purchase, ownership and disposition of the notes.

CERTAIN ERISA CONSIDERATIONS

The following is a summary of certain considerations associated with the purchase of the notes by employee benefit plans that are subject to Title I of the Employee Retirement Income Security Act of 1974, as amended (ERISA), or plans, individual retirement accounts or other arrangements that are subject to Section 4975 of the Code or provisions under any federal, state, local, non-U.S. or other laws, rules or regulations that are similar to such provisions of ERISA or the Code (collectively, Similar Laws), or entities whose underlying assets are considered to include plan assets of any such plan, account or arrangement (each, a Plan).

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Part 4 of Title I of ERISA or Section 4975 of the Code (an ERISA Plan) and prohibit certain transactions involving the assets of an ERISA Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such an ERISA Plan or the management or disposition of the assets of such an ERISA Plan, or who renders investment advice for a fee or other compensation to such an ERISA Plan, is generally considered to be a fiduciary of the ERISA Plan.

In considering an investment in the notes of a portion of the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code and any Similar Law relating to a fiduciary's duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws.

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons or entities who are parties in interest, within the meaning of ERISA, or disqualified persons, within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of the ERISA Plan that engages in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code. The acquisition and/or holding of notes by an ERISA Plan with respect to which we or the underwriters are considered a party in interest or disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the United States Department of Labor has issued prohibited transaction class exemptions (PTCEs) that may apply to the acquisition and holding of the notes. These class exemptions include, without limitation, PTCE 84-14, respecting transactions determined by independent qualified professional asset managers, PTCE 90-1, respecting insurance company pooled separate accounts, PTCE 91-38, respecting bank collective investment funds, PTCE 95-60, respecting life insurance company general accounts and PTCE 96-23, respecting transactions determined by in-house asset managers, although there can be no assurance that all of the conditions of any such exemptions will be satisfied.

In addition to the foregoing, the Pension Protection Act of 2006 provides a statutory exemption (Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code) for transactions between an ERISA Plan and a person that is a party in interest and/or a disqualified person (other than a fiduciary or an affiliate that, directly or indirectly, has or exercises discretionary authority or control or renders investment advice with respect to the assets involved in the transaction) solely by reason of providing services to the Plan or by relationship to a service provider, provided that the ERISA Plan fiduciary has made a determination that there is adequate consideration for the transaction.

Table of Contents

Because of the foregoing, the notes should not be purchased or held by any person investing plan assets of any Plan, unless such purchase and holding will not constitute a non-exempt prohibited transaction under ERISA and the Code or a similar violation of any applicable Similar Laws.

Representation

Accordingly, by acceptance of a note, or any interest therein, each purchaser and subsequent transferee will be deemed to have represented and warranted that either (i) no portion of the assets used by such purchaser or transferee to acquire or hold the notes constitutes assets of any Plan or (ii) the acquisition and holding of the notes by such purchaser or transferee will not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or similar violation under any applicable Similar Laws.

The foregoing discussion is general in nature and is not intended to be all-inclusive, nor should it be construed as legal advice. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries or other persons considering acquiring the notes on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investment and whether an exemption would be applicable to the purchase and holding of the notes.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act or to contribute to payments the underwriters may be required to make in respect of those liabilities.

Commissions and Discounts

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.375% of the principal amount of notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.250% of the principal amount of notes. If all the notes are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part. The underwriters may offer and sell notes through certain of their affiliates.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$1,750,000.

New Issues of Notes

The notes are a new issue of securities with no established trading market. We have been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

No Sales of Similar Securities

We have agreed that we will not, for a period of 30 days after the date of this prospectus supplement, without first obtaining the prior written consent of Citigroup Global Markets Inc., directly or indirectly, issue, sell, offer to contract or grant any option to sell, pledge, transfer or otherwise dispose of, any debt securities or securities exchangeable for or convertible into debt securities, except for the notes sold to the underwriters pursuant to the underwriting agreement.

Short Positions

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

These activities by the underwriters, as well as other purchases by the underwriters for their own account, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

Other Relationships

The underwriters and each of their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriters and each of their affiliates have, from time-to-time, performed, and may in the future perform, various financial advisory and investment banking services for us, for which they received or will receive customary fees and expenses. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, certain of those underwriters or their affiliates hedge and are likely in the future to continue to hedge and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. Affiliates of certain of the underwriters that are lenders and/or agents under our senior secured credit facilities may receive fees in connection with the amendments to the senior secured credit facilities. Certain of the underwriters also acted as underwriters or initial purchasers in connection with the issuance of our outstanding notes or our initial public offering and received customary placement fees in connection therewith.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

We believe our ability to successfully position and grow our assets in attractive markets and execute our operating plan has contributed to the strength of our financial performance over the last several years. For the three months ended March 31, 2011, we generated revenues of \$8.055 billion, net income attributable to HCA Holdings, Inc. of \$240 million and Adjusted EBITDA of \$1.590 billion.

Our patient-first strategy is to provide high quality health care services in a cost-efficient manner. We intend to build upon our history of profitable growth by maintaining our dedication to quality care, increasing our presence in key markets through organic expansion and strategic acquisitions and joint ventures, leveraging our scale and infrastructure, and further developing our physician and employee relationships. We believe pursuing these core elements of our strategy helps us develop a faster-growing, more stable and more profitable business and increases our relevance to patients, physicians, payers and employers.

Using our scale, significant resources and over 40 years of operating experience, we have developed a significant management and support infrastructure. Some of the key components of our support infrastructure include a revenue cycle management organization, a health care group purchasing organization, an information technology and services provider, a nurse staffing agency and a medical malpractice insurance underwriter. These shared services have helped us to maximize our cash collection efficiency, achieve savings in purchasing through our scale, more rapidly deploy information technology upgrades, more effectively manage our labor pool and achieve greater stability in malpractice insurance premiums. Collectively, these components have helped us to further enhance our operating effectiveness, cost efficiency and overall financial results. We have also created a subsidiary that offers certain of these component services to other health care companies.

Since the founding of our business in 1968 as a single-facility hospital company, we have demonstrated an ability to consistently innovate and sustain growth during varying economic and regulatory climates. Under the leadership of an experienced senior management team, whose tenure at HCA averages over 20 years, we have established an extensive record of providing high quality care, profitably growing our business, making and integrating strategic acquisitions and efficiently and strategically allocating capital spending.

As part of the Corporate Reorganization, HCA Inc.'s outstanding shares of capital stock were automatically converted, on a share for share basis, into identical shares of HCA Holdings, Inc.'s common stock, and HCA Holdings, Inc. became a guarantor but did not assume the debt of HCA Inc.'s outstanding secured notes.

Unless otherwise expressly stated in the applicable prospectus supplement, the issuers may issue both secured and unsecured debt securities under their respective indentures. Unless otherwise expressly stated or the context otherwise requires, references in this section to the "indenture" and the "trustee" refer to the applicable indenture pursuant to which any particular series of debt securities is issued and to the trustee under that indenture. The terms of any series of debt securities and, if applicable, any Guarantees of the debt securities of such series will be those specified in or pursuant to the applicable indenture and in the certificates evidencing that series of debt securities and those made part of the indenture by the Trust Indenture Act of 1939, as amended, or the Trust Indenture Act of 1939.

The following summary of selected provisions of the indentures, the debt securities and the Guarantees is not complete, and the summary of selected terms of a particular series of debt securities and, if applicable, the Guarantees of the debt securities of that series included in the applicable prospectus supplement also will not be complete. More Information in this prospectus. The following summary and the summary in the applicable prospectus supplement are qualified in their entirety by reference to all of the provisions of the applicable indenture, any supplemental indenture and the certificates evidencing the applicable debt securities, which provisions, including defined terms, are incorporated by reference in this prospectus. Capitalized terms used in this section and not defined have the meanings assigned to those terms in the indenture.

The following description of debt securities describes general terms and provisions of a series of debt securities and, if applicable, the Guarantees of the debt securities of that series to which any prospectus supplement may relate. The debt securities may be issued from time to time in one or more series. The particular terms of each series that is offered by a prospectus supplement, including the issuer of the debt securities, will be described in the applicable prospectus supplement. If any particular terms of the debt securities or, if applicable, any Guarantees of the debt securities of that series or the applicable indenture described in a prospectus supplement differ from any of the terms described in this prospectus, the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus.

General

The indentures provide that the debt securities may be issued without limit as to aggregate principal amount, in one or more series, and in any currency or currency units, in each case as established from time to time in or under the authority granted by a resolution of the applicable Board of Directors or as established in one or more supplemental indentures. All debt securities of one series need not be issued at the same time, and may vary as to interest rate, maturity and other provisions and, unless otherwise provided, a series may be reopened, without the consent of the holders of the debt securities of that series, for issuance of additional debt securities of that series ranking equally with debt securities of that series and otherwise similar in all respects except for issue date and issue price. Please read the applicable prospectus supplement relating to the series of debt securities being offered for specific terms including, where applicable:

Debt securities may be issued as original issue discount securities to be sold at a substantial discount below their principal amount. In the event of an acceleration of the maturity of any original

issue discount security, the amount payable to the holder upon acceleration will be determined in the manner described in the applicable prospectus supplement. Certain U.S. federal income tax considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

If the purchase price of any debt securities is payable in a foreign currency or if the principal of, or premium, if any, or interest, if any, on any debt securities is payable in a foreign currency, the specific terms of those debt securities and the applicable foreign currency will be specified in the prospectus supplement relating to those debt securities.

The terms of the debt securities of any series may differ from the terms of the debt securities of any other series, and the terms of particular debt securities within any series may differ from each other. Unless otherwise expressly provided in the prospectus supplement relating to any series of debt securities, the applicable issuer may, without the consent of the holders of the debt securities of any series, reopen an existing series of debt securities and issue additional debt securities of that series.

Unless otherwise described in a prospectus supplement relating to any series of debt securities and except to the limited extent set forth below under Merger, Consolidation and Sale of Assets, the indentures do not contain any provisions that would limit the issuer's ability or the ability of any of the issuer's subsidiaries to incur indebtedness or other liabilities or that would afford holders of debt securities protection in the event of a business combination, takeover, recapitalization or highly leveraged or similar transaction involving the applicable issuer. Accordingly, an issuer and its subsidiaries may in the future enter into transactions that could increase the amount of its consolidated indebtedness and other liabilities or otherwise adversely affect its capital structure or credit rating without the consent of the holders of the debt securities of any series.

Registration, Transfer and Payment

Unless otherwise indicated in the applicable prospectus supplement, each series of debt securities will be issued in registered form only, without coupons.

Unless otherwise indicated in the applicable prospectus supplement, registered debt securities will be issued in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be payable and may be surrendered for registration of transfer or exchange and, if applicable, for conversion into or exchange for other securities or property, at an office or agency maintained by HCA Holdings, Inc. or HCA Inc., as applicable, in the United States of America. However, the applicable issuer, at its option, may make payments of interest on any registered debt security by check mailed to the address of the person entitled to receive that payment or by wire transfer to an account maintained by the payee with a bank located in the United States of America. Unless otherwise indicated in the applicable prospectus supplement, no service charge shall be made for any registration of transfer or exchange, redemption or repayment of debt securities, or for any conversion or exchange of debt securities for other securities or property, but the applicable issuer may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with that transaction.

Unless otherwise indicated in the applicable prospectus supplement, the issuer will not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series of like tenor and terms to be redeemed and ending at the close of business on the day of that selection;

register the transfer of or exchange any registered debt security, or portion of any registered debt security, selected for redemption, except the unredeemed portion of any registered debt security being redeemed in part; or

issue, register the transfer of or exchange a debt security which has been surrendered for repayment at the option of the holder, except the portion, if any, of the debt security not to be repaid.

Ranking of Debt Securities

The unsecured debt securities of each series of each issuer will be unsecured, unsubordinated obligations of the applicable issuer and will rank on a parity in right of payment with all of such issuer's other unsecured and unsubordinated indebtedness. The secured debt securities of each series of each issuer will be unsubordinated obligations of the applicable issuer and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness of the applicable issuer, except that the secured debt securities of any series will effectively rank senior to unsecured and unsubordinated indebtedness of the applicable issuer in respect of claims against the collateral that is pledged to secure those secured debt securities.

The debt securities will be the exclusive obligations of the applicable issuer. Each issuer is a holding company, and substantially all of its respective consolidated assets are held and substantially all of its respective consolidated revenues are generated by its subsidiaries. Accordingly, the issuer's cash flow and ability to service its indebtedness, including the debt securities, depend on the results of operations of its respective subsidiaries and upon the ability of its respective subsidiaries to provide cash to the applicable issuer, whether in the form of dividends, loans or otherwise, to pay amounts due on such issuer's obligations, including the debt securities. The subsidiaries of each issuer are separate and distinct legal entities and have no obligation, contingent or otherwise, to make payments on the debt securities (except, in the case of any subsidiary that has guaranteed any debt securities, its obligations under its Guarantee of those debt securities for so long as that Guarantee remains in effect) or to make any funds available to the applicable issuer. Certain debt and security agreements entered into by certain of the issuer's subsidiaries contain various restrictions, including restrictions on payments and loans by subsidiaries to the applicable issuer and the transfer by the subsidiaries to the applicable issuer of assets pledged as collateral under such agreements. In addition, dividends, loans or other distributions from subsidiaries to the applicable issuer may be subject to additional contractual and other restrictions, are dependent upon the results of operations of such subsidiaries and are subject to other business considerations.

The unsecured debt securities of the applicable issuer will be effectively subordinated to all of the existing and future secured indebtedness of such issuer to the extent of the value of the collateral securing that indebtedness. Consequently, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to the applicable issuer, the holders of such issuer's secured indebtedness will be entitled to proceed directly against the collateral that secures that secured indebtedness, and such collateral will not be available for satisfaction of any amounts owed by the applicable issuer under its unsecured indebtedness, including the unsecured debt securities, until that secured indebtedness is satisfied in full. Unless otherwise provided in the applicable prospectus supplement, the indentures will not limit the issuer's ability to incur secured indebtedness.

The unsecured debt securities of the issuers (other than any unsecured debt securities that have been guaranteed by any of such issuer's subsidiaries for so long as the Guarantees of those debt securities remain in effect) will be effectively subordinated to all existing and future liabilities and preferred equity of the applicable issuer's subsidiaries. These liabilities may include indebtedness, trade payables, other guarantees, lease obligations, swaps and letter of credit obligations. Therefore, the issuer's rights and the rights of the issuer's creditors, including the holders of unsecured debt securities, to participate in the assets of any subsidiary upon that subsidiary's bankruptcy, liquidation, dissolution, reorganization or similar circumstances will be subject (except in the case of any subsidiary that has guaranteed any unsecured debt securities for so long as its Guarantee of those debt securities remains in effect) to the prior claims of the subsidiary's creditors, except to the extent that an issuer may itself be a creditor with recognized claims against the subsidiary. However, even if an issuer is a creditor of one or more of its subsidiaries, its claims would still be effectively subordinate to any

Table of Contents

security interest in, or mortgages or other liens on, the assets of the subsidiary and would be subordinate to any indebtedness of the subsidiary senior to that held by the applicable issuer. Unless otherwise provided in the applicable prospectus supplement, the indentures will not limit the ability of any of the respective issuer's subsidiaries to incur additional secured or unsecured indebtedness, guarantees or other liabilities.

Guarantees

The debt securities of any series of each issuer may be guaranteed by one or more of its subsidiaries and, in the case of HCA Inc., the debt securities will be guaranteed by HCA Holdings, Inc. The Guarantors of any series of guaranteed debt securities of each issuer may differ from the Guarantors of any other series of guaranteed debt securities of each issuer. In the event HCA Holdings, Inc. or HCA Inc., as applicable, issues a series of guaranteed debt securities, the specific Guarantors of the debt securities of that series will be identified in the applicable prospectus supplement.

If HCA Holdings, Inc. or HCA Inc., as applicable, issues a series of guaranteed debt securities, a description of some of the terms of Guarantees of those debt securities will be set forth in the applicable prospectus supplement. Unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, each Guarantor of the debt securities of such series will unconditionally guarantee the due and punctual payment of the principal of, and premium, if any, and interest, if any, on and any other amounts payable with respect to, each debt security of such series and the due and punctual performance of all of the applicable issuer's other obligations under the applicable indenture with respect to the debt securities of such series, all in accordance with the terms of such debt securities and the applicable indenture.

Notwithstanding the foregoing, unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, the applicable indenture will contain provisions to the effect that the obligations of each Guarantor under its Guarantees and such indenture shall be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Guarantor, result in the obligations of such Guarantor under such Guarantees and such indenture not constituting a fraudulent conveyance or fraudulent transfer under applicable law. However, there can be no assurance that, notwithstanding such limitation, a court would not determine that a Guarantee constituted a fraudulent conveyance or fraudulent transfer under applicable law. If that were to occur, the court could void the applicable Guarantor's obligations under that Guarantee, subordinate that Guarantee to other debt and other liabilities of that Guarantor or take other action detrimental to holders of the debt securities of the applicable series, including directing the holders to return any payments received from the applicable Guarantor.

The applicable prospectus supplement relating to any series of guaranteed debt securities will specify other terms of the applicable Guarantees, which may include provisions that allow a Guarantor to be released from its obligations under its Guarantee under specified circumstances or that provide for one or more Guarantees to be secured by specified collateral.

Unless otherwise expressly stated in the applicable prospectus supplement, each Guarantee will be the unsubordinated and unsecured obligation of the applicable Guarantor and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness and guarantees of such Guarantor. Each Guarantee (other than a secured Guarantee) will be effectively subordinated to all existing and future secured indebtedness and secured guarantees of the applicable Guarantor to the extent of the value of the collateral securing that indebtedness and those guarantees. Consequently, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to any Guarantor that has provided an unsecured Guarantee of any debt securities, the holders of that Guarantor's secured indebtedness and secured guarantees will be entitled to proceed directly against the collateral that secures that secured indebtedness or those secured guarantees, as the case may be, and such collateral will not be available for satisfaction of any amount owed by such Guarantor.

Table of Contents

under its unsecured indebtedness and unsecured guarantees, including its unsecured Guarantees of any debt securities, until that secured debt and those secured guarantees are satisfied in full. Unless otherwise provided in the applicable prospectus supplement, the indentures will not limit the ability of any Guarantor to incur secured indebtedness or issue secured guarantees.

Unless otherwise expressly stated in the applicable prospectus supplement, each secured Guarantee will be an unsubordinated obligation of the applicable Guarantor and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness and guarantees of such Guarantor, except that such secured Guarantee will effectively rank senior to such Guarantor's unsecured and unsubordinated indebtedness and guarantees in respect of claims against the collateral securing that secured Guarantee.

Book-entry Debt Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global debt securities. Global debt securities will be deposited with, or on behalf of, a depository which, unless otherwise specified in the applicable prospectus supplement relating to the series, will be DTC. Global debt securities may be issued in either temporary or permanent form. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities, a global debt security may not be transferred except as a whole by the depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor depository or to a nominee of the successor depository.

HCA Holdings, Inc. and HCA Inc. anticipate that global debt securities will be deposited with, or on behalf of, DTC and that global debt securities will be registered in the name of DTC's nominee, Cede & Co. All interests in global debt securities deposited with, or on behalf of, DTC will be subject to the operations and procedures of DTC and, in the case of any interests in global debt securities held through Euroclear Bank S.A./N.V. (Euroclear) or Clearstream Banking, société anonyme (Clearstream, Luxembourg), the operations and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, HCA Holdings, Inc. and HCA Inc. also anticipate that the following provisions will apply to the depository arrangements with respect to global debt securities. Additional or differing terms of the depository arrangements may be described in the applicable prospectus supplement.

DTC has advised the issuers that it is:

- a limited-purpose trust company organized under the New York Banking Law;
- a banking organization within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a clearing corporation within the meaning of the New York Uniform Commercial Code; and
- a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among its participants of securities transactions, including transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, which eliminates the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations. Access to the DTC system is also available to others, sometimes referred to in this prospectus as indirect participants, that clear transactions through or maintain a custodial relationship with a direct participant either directly or indirectly. Indirect participants include securities brokers and dealers, banks and trust companies. The rules applicable to DTC and its participants are on file with the SEC.

Purchases of debt securities within the DTC system must be made by or through direct participants, which will receive a credit for the debt securities on DTC's records. The ownership interest

Table of Contents

of the actual purchaser or beneficial owner of a debt security is, in turn, recorded on the direct and indirect participants' records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners are expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the direct or indirect participants through which they purchased the debt securities. Transfers of ownership interests in debt securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the debt securities, except under the limited circumstances described below.

To facilitate subsequent transfers, all debt securities deposited by participants with DTC will be registered in the name of DTC's nominee, Cede & Co. The deposit of debt securities with DTC and their registration in the name of Cede & Co. will not change the beneficial ownership of the debt securities. DTC has no knowledge of the actual beneficial owners of the debt securities. DTC's records reflect only the identity of the direct participants to whose accounts the debt securities are credited. Those participants may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any legal requirements in effect from time to time. Redemption notices shall be sent to DTC or its nominee. If less than all of the debt securities of a series are being redeemed, DTC will reduce the amount of the interest of each direct participant in the debt securities under its procedures.

In any case where a vote may be required with respect to the debt securities of any series, neither DTC nor Cede & Co. will give consents for or vote the global debt securities. Under its usual procedures, DTC will mail an omnibus proxy to HCA Holdings, Inc. or HCA Inc., as applicable, after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those direct participants to whose accounts the debt securities are credited on the record date identified in a listing attached to the omnibus proxy. Principal and premium, if any, and interest, if any, on the global debt securities will be paid to Cede & Co., as nominee of DTC. DTC's practice is to credit direct participants' accounts on the relevant payment date unless DTC has reason to believe that it will not receive payments on the payment date. Payments by direct and indirect participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name. Those payments will be the responsibility of DTC's direct and indirect participants and not of DTC, HCA Holdings, Inc., HCA Inc., any trustee or any underwriters or agents involved in the offering or sale of any debt securities. Payment of principal, premium, if any, and interest, if any, to DTC is HCA Holdings, Inc.'s or HCA Inc.'s, as applicable, responsibility, disbursement of payments to direct participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of direct and indirect participants.

Except under the limited circumstances described below, beneficial owners of interests in a global debt security will not be entitled to have debt securities registered in their names and will not receive physical delivery of debt securities. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the debt securities and the indenture.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. These laws may impair the ability to transfer or pledge beneficial interests in global debt securities.

DTC is under no obligation to provide its services as depository for the debt securities of any series and may discontinue providing its services at any time. Neither HCA Holdings, Inc., HCA Inc. nor any trustee nor any underwriters or agents involved in the offering or sale of any debt securities will have any responsibility for the performance by DTC or its participants or indirect participants under the rules and procedures governing DTC. As noted above, beneficial owners of interests in global debt

securities generally will not receive certificates representing their ownership interests in the debt securities. However, if

DTC notifies HCA Holdings, Inc. or HCA Inc., as applicable, that it is unwilling or unable to continue as a depository for the global debt securities of any series or if DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 (if so required by applicable law or regulation) and a successor depository for the debt securities of such series is not appointed within 90 days of the notification to HCA Holdings, Inc. or HCA Inc., as applicable, or of HCA Holdings, Inc. or HCA Inc., as applicable, becoming aware of DTC's ceasing to be so registered, as the case may be,

HCA Holdings, Inc. or HCA Inc., as applicable, determines, in its sole discretion, not to have the debt securities of any series represented by one or more global debt securities, or

an Event of Default under the applicable indenture has occurred and is continuing with respect to the debt securities of any series, HCA Holdings, Inc. or HCA Inc., as applicable, will prepare and deliver certificates for the debt securities of that series in exchange for beneficial interests in the global debt securities of that series. Any beneficial interest in a global debt security that is exchangeable under the circumstances described in the preceding sentence will be exchangeable for debt securities in definitive certificated form registered in the names and in the authorized denominations that the depository shall direct. It is expected that these directions will be based upon directions received by the depository from its participants with respect to ownership of beneficial interests in the global debt securities.

Clearstream, Luxembourg and Euroclear hold interests on behalf of their participating organizations through customers' securities accounts in Clearstream, Luxembourg's and Euroclear's names on the books of their respective depositories, which hold those interests in customers' securities accounts in the depositories' names on the books of DTC. At the present time, Citibank, N.A. acts as U.S. depository for Clearstream, Luxembourg and JPMorgan Chase Bank, N.A. acts as U.S. depository for Euroclear (the "U.S. Depositories").

Clearstream, Luxembourg holds securities for its participating organizations ("Clearstream Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream, Luxembourg provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing.

Clearstream, Luxembourg is registered as a bank in Luxembourg, and as such is subject to regulation by the Commission de Surveillance du Secteur Financier and the Banque Centrale du Luxembourg, which supervise and oversee the activities of Luxembourg banks. Clearstream Participants are financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations, and may include any underwriters or agents involved in the offering or sale of any debt securities or their respective affiliates. Indirect access to Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with a Clearstream Participant. Clearstream, Luxembourg has established an electronic bridge with Euroclear as the operator of the Euroclear System (the "Euroclear Operator") in Brussels to facilitate settlement of trades between Clearstream, Luxembourg and the Euroclear Operator.

Distributions with respect to global debt securities held beneficially through Clearstream, Luxembourg will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream, Luxembourg. Euroclear holds securities and book-entry interests in securities for participating organizations ("Euroclear Participants") and facilitates the clearance and settlement of securities transactions between Euroclear Participants, and between Euroclear Participants and participants of certain other securities

intermediaries through electronic book-entry changes in accounts of such participants or other securities intermediaries. Euroclear provides Euroclear Participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and borrowing, and related services. Euroclear Participants are investment banks, securities brokers and dealers, banks, central banks, supranationals, custodians, investment managers, corporations, trust companies and certain other organizations, and may include any underwriters or agents involved in the offering or sale of any debt securities or their respective affiliates. Non-participants in Euroclear may hold and transfer beneficial interests in a global debt security through accounts with a participant in the Euroclear System or any other securities intermediary that holds a book-entry interest in a global debt security through one or more securities intermediaries standing between such other securities intermediary and Euroclear.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions on interests in global debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for Euroclear.

Transfers between Euroclear Participants and Clearstream Participants will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Cross-market transfers between direct participants in DTC, on the one hand, and Euroclear Participants or Clearstream Participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, Luxembourg, as the case may be, by its U.S. Depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, Luxembourg, as the case may be, by the counterparty in such system in accordance with the applicable rules and procedures and within the established deadlines (European time) of such system. Euroclear or Clearstream, Luxembourg, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving interests in global debt securities in DTC, and making or receiving payment in accordance with normal procedures for same-day fund settlement applicable to DTC. Euroclear Participants and Clearstream Participants may not deliver instructions directly to their respective U.S. Depositories.

Due to time zone differences, the securities accounts of a Euroclear Participant or Clearstream Participant purchasing an interest in a global debt security from a direct participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear Participant or Clearstream Participant, during the securities settlement processing day (which must be a business day for Euroclear or Clearstream, Luxembourg) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream, Luxembourg as a result of sales of interests in a global debt security by or through a Euroclear Participant or Clearstream Participant to a direct participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream, Luxembourg cash account only as of the business day for Euroclear or Clearstream, Luxembourg following DTC's settlement date.

either (1) HCA Holdings, Inc. or HCA Inc., as applicable, is the surviving corporation or (2) the Person formed by or surviving any such consolidation or merger (if other than HCA Holdings, Inc. or HCA Inc., as applicable,) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation organized or existing under the laws of the jurisdiction of organization of the applicable issuer or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Person, as the case may be, being herein called the Successor Company);

In addition, with respect to secured debt securities, unless otherwise specified in the applicable prospectus supplement, the indentures provide that immediately after giving pro forma effect to the transaction described above, (1) the Collateral owned by the Successor Company will continue to constitute Collateral under the applicable indenture and related security documents and (2) to the extent any assets of the Person which is merged or consolidated with or into the Successor Company are assets of the type which would constitute Collateral under the related security documents, the Successor Company will take such action as may be reasonably necessary to cause such property and assets to be made subject to the Lien of the security documents in the manner and to the extent required by the applicable indenture.

In the case of any such merger, consolidation, sale, assignment, transfer, lease, conveyance or other disposition in which HCA Holdings, Inc. or HCA Inc., as applicable, is not the continuing entity and upon execution and delivery by the successor person of the supplemental indenture described above, such Successor Person shall succeed to, and be substituted for, HCA Holdings, Inc. or HCA Inc., as applicable, and may exercise every right and power of HCA Holdings, Inc. or HCA Inc., as applicable, under the applicable indenture with the same effect as if such successor person had been named as HCA Holdings, Inc. or HCA Inc., as applicable, therein, and HCA Holdings, Inc. or HCA Inc., as applicable, shall be automatically released and discharged from all obligations and covenants under the applicable indenture and the debt securities issued under that indenture.

With respect to guaranteed debt securities, unless otherwise specified in the applicable prospectus supplement, the merger, consolidation and transfer of assets provisions described above are equally applicable to each of the Guarantors in its capacity as guarantor of such debt securities.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an Event of Default with respect to the debt securities of any series is defined in the applicable indenture as being:

- (1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the debt securities;
- (2) default for 30 days or more in the payment when due of interest on or with respect to the debt securities;
- (3) default in the deposit of any sinking fund payment when and as due with respect to any of the debt securities of that series;
- (4) default in the performance, or breach, of any covenant or warranty of the issuer in the applicable indenture, and continuance of such default or breach for a period of 60 days after there has been given written notice by the trustee or the holders of at least 10% in principal amount of the outstanding debt securities (with a copy to the trustee) specifying such default or breach and requiring it to be remedied;
- (5) HCA Holdings, Inc. or HCA Inc., as applicable, pursuant to or within the meaning of any Bankruptcy Law: (i) commences proceedings to be adjudicated bankrupt or insolvent; (ii) consents to the institution of bankruptcy or insolvency proceedings against it, or the filing by it of a petition or answer or consent seeking reorganization or relief under applicable Bankruptcy Law; (iii) consents to the appointment of a receiver, liquidator, assignee, trustee, sequestrator or other similar official of it or for all or substantially all of its property; (iv) makes a general assignment for the benefit of its creditors; or (v) generally is not paying its debts as they become due;
- (6) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that: (i) is for relief against HCA Holdings, Inc. or HCA Inc. as applicable, in a proceeding in which the issuer is to be adjudicated bankrupt or insolvent; appoints a receiver, liquidator, assignee, trustee, sequestrator or other similar official of the issuer, or for all or substantially all of the property of the issuer; or orders the liquidation of the issuer; and the order or decree remains unstayed and in effect for 60 consecutive days;

(7) if applicable, the Guarantee of any Significant Subsidiary shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Subsidiary, as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the indenture or the release of any such Guarantee in accordance with the indenture; or

(8) any other Event of Default established for the debt securities of that series.

No Event of Default with respect to any particular series of debt securities necessarily constitutes an Event of Default with respect to any other series of debt securities. The indentures provide that, within 90 days after the occurrence of any default with respect to the debt securities of any series, the trustee will mail to all holders of the debt securities of that series notice of that default. Except in the case of a default relating to the payment of principal, premium, if any, or interest on debt securities of any series, the trustee may withhold from the holders notice of any continuing default if and so long as a committee of its responsible officers in good faith determines that withholding the notice is in the interests of the holders of the debt securities. The trustee shall not be deemed to know of any default unless a responsible officer of the trustee has actual knowledge thereof or unless written notice of any event which is such a Default is received by the trustee at the corporate trust office of the trustee.

The indentures provide that if any Event of Default (other than an Event of Default specified in clauses (5) or (6) of the second preceding paragraph with respect to of HCA Holdings, Inc. or HCA Inc., as applicable) occurs and is continuing under the indenture, the trustee or the holders of at least 25% in principal amount of the then total outstanding debt securities may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding debt securities to be due and payable immediately. Upon the effectiveness of such declaration, such principal and interest shall be due and payable immediately. The trustee shall have no obligation to accelerate the debt securities if and so long as a committee of its Responsible Officers in good faith determines acceleration is not in the best interest of the holders of the debt securities. Notwithstanding the foregoing, in the case of an Event of Default arising under clauses (5) or (6), all outstanding debt securities shall be due and payable immediately without further action or notice. The holders of a majority in aggregate principal amount of the then outstanding debt securities by written notice to the trustee may on behalf of all of the holders rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of principal, interest or premium that has become due solely because of the acceleration) have been cured or waived.

Subject to the provisions of the Trust Indenture Act of 1939 requiring the trustee, during the continuance of an Event of Default under the applicable indenture, to act with the requisite standard of care, the trustee is under no obligation to exercise any of its rights or powers under the applicable indenture at the request or direction of any of the holders of debt securities of any series unless those holders have offered the trustee indemnity reasonably satisfactory to the trustee against the costs, fees and expenses and liabilities which might be incurred in compliance with such request or direction. Subject to the foregoing, holders of a majority in principal amount of the outstanding debt securities of any series issued under the applicable indenture have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture with respect to that series. The indentures require the annual filing by HCA Holdings, Inc. or HCA Inc., as applicable, with the trustee of a certificate which states whether or not HCA Holdings, Inc. or HCA Inc., as applicable, are in default under the terms of the indenture.

Unless otherwise specified in the applicable prospectus supplement, no holder of any debt securities of any series shall have any right to institute any proceeding, judicial or otherwise, with respect to the applicable indenture, or for the appointment of a receiver or trustee, or for any other remedy under the indenture, unless:

such holder has previously given written notice to the trustee of a continuing Event of Default with respect to the debt securities of such series;

Table of Contents

the holders of not less than 25% in principal amount of the total outstanding debt securities of such series shall have made written request to the trustee to institute proceedings in respect of such Event of Default in its own name as trustee under the indenture;

holders have offered to the trustee security or indemnity reasonably satisfactory to the trustee against any loss liability or expense incurred in compliance with such request;

the trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and

holders of a majority in principal amount of the total outstanding debt securities have not given the trustee a direction inconsistent with such request within such 60-day period.

Notwithstanding any other provision of the indenture, the right of any holder of a debt security to receive payment of principal, premium, if any, and interest on the debt security, on or after the respective due dates expressed in the debt security, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such holder.

Amendment, Supplement and Waiver

Unless otherwise specified in the applicable prospectus supplement, the indentures permit HCA Holdings, Inc. or HCA Inc., as applicable, any Guarantors party to such indenture and the trustee, with the consent of the holders of at least majority in principal amount of the outstanding debt securities of each series issued under the applicable indenture and affected by a modification or amendment, to modify or amend any of the provisions of the applicable indenture or of the debt securities of the applicable series or the rights of the holders of the debt securities of that series under the applicable indenture. However, no such modification or amendment shall, among other things:

change the stated maturity of the principal of, or installment of interest, if any, on, any debt securities, or reduce the principal amount thereof or the interest thereon or any premium payable upon redemption thereof;

change the currency in which the principal of (and premium, if any) or interest on such debt securities are denominated or payable;

adversely affect the right of repayment or repurchase, if any, at the option of the holder after such obligation arises, or reduce the amount of, or postpone the date fixed for, any payment under any sinking fund or impair the right to institute suit for the enforcement of any payment on or after the stated maturity thereof (or, in the case of redemption, on or after the redemption date);

reduce the percentage of holders whose consent is required for modification or amendment of the indenture or for waiver of compliance with certain provisions of the indenture or certain defaults;

modify the provisions that require holder consent to modify or amend the indenture or that permit holders to waive compliance with certain provisions of the indenture or certain defaults;

impair the right of any holder to receive payment of principal of, or interest on such holder's debt securities on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's debt securities; or

except as expressly permitted by the indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the holders of any debt securities.

without in each case obtaining the consent of the holder of each outstanding debt security issued under such indenture affected by the modification or amendment.

indenture and the trustee, without the consent of the holders of any debt securities issued under the applicable indenture, to modify or amend the indenture, among other things:

to evidence the succession of another corporation to HCA Holdings, Inc. or HCA Inc., as applicable, or, if applicable, any Guarantor under the applicable indenture and the assumption by such successor of the covenants of HCA Holdings, Inc. or HCA Inc., as applicable, in compliance with the requirements set forth in the indenture;

to add to the covenants for the benefit of the holders or to surrender any right or power herein conferred upon the HCA Holdings, Inc. or HCA Inc., as applicable;

to add any additional Events of Default;

to change or eliminate any of the provisions of the indenture, provided that any such change or elimination shall become effective only when there are no outstanding debt securities of any series created prior to the execution of such supplemental indenture that is entitled to the benefit of such provision and as to which such supplemental indenture would apply;

to secure the debt securities;

to supplement any of the provisions of the indenture to such extent necessary to permit or facilitate the defeasance and discharge of the debt securities, provided that any such action does not adversely affect the interests of the holders of the debt securities in any material respect;

to evidence and provide for the acceptance of appointment hereunder by a successor trustee and to add to or change any of the provisions of the indenture necessary to provide for or facilitate the administration of the trusts by more than one trustee;

to cure any ambiguity to correct or supplement any provision of the indenture which may be defective or inconsistent with any other provision;

to change any place or places where the principal of and premium, if any, and interest, if any, on the debt securities shall be payable, the debt securities may be surrendered for registration or transfer, the debt securities may be surrendered for exchange, and notices and demands to or upon HCA Holdings, Inc. or HCA Inc., as applicable, may be served;

to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act of 1939;

to conform the text of the indenture or the debt securities to any provision of the section regarding the description of the notes contained in the prospectus supplement to the extent that such provision in such section was intended to be a verbatim recitation of a provision of the indenture or the debt securities;

Edgar Filing: HCA Holdings, Inc. - Form 424B5

to make any amendment to the provisions of the indenture relating to the transfer and legending of debt securities as permitted by the indenture, including, without limitation to facilitate the issuance and administration of the debt securities; provided, however, that (i) compliance with the indenture as so amended would not result in debt securities being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of holders to transfer debt securities; or

to add additional Guarantees or additional Guarantors in respect of all or any securities under the indenture, and to evidence the release and discharge of any Guarantor from its obligations under its Guarantee of any or all securities and its obligations under the indenture in respect of any or all Securities in accordance with the terms of the indenture.

Unless otherwise specified in the applicable prospectus supplement, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive the compliance of HCA Holdings, Inc. or HCA Inc., as applicable, with the provisions described above under

Table of Contents

Merger, Consolidation and Sale of Assets and certain other provisions of the indenture and, if specified in the prospectus supplement relating to such series of debt securities, any additional covenants applicable to the debt securities of such series. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive any past default under the applicable indenture with respect to debt securities of that series and its consequences, except a default in the payment of the principal of, or premium, if any, or interest, if any, on debt securities of that series or, in the case of any debt securities which are convertible into or exchangeable for other securities or property, a default in any such conversion or exchange, or a default in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding debt security of the affected series.

Discharge, Defeasance and Covenant Defeasance

Unless otherwise provided in the applicable prospectus supplement, HCA Holdings, Inc. and HCA Inc., as applicable, may discharge certain obligations to holders of the debt securities of a series that have not already been delivered to the trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by depositing with the trustee, in trust, funds in U.S. dollars in an amount sufficient to pay the entire indebtedness including the principal, premium, if any, and interest to the date of such deposit (if the debt securities have become due and payable) or to the maturity thereof or the redemption date of the debt securities of that series, as the case may be.

The indentures provide that the applicable issuer may elect either (1) to defease and be discharged from any and all obligations with respect to the debt securities of a series (except for, among other things, obligations to register the transfer or exchange of the debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency with respect to the debt securities and to hold moneys for payment in trust) (legal defeasance) or (2) to be released from its obligations to comply with the restrictive covenants under the indenture, and any omission to comply with such obligations will not constitute a default or an event of default with respect to the debt securities of a series and clauses (3), (5) and (6) under Events of Default will no longer be applied (covenant defeasance). Legal defeasance or covenant defeasance, as the case may be, will be conditioned upon, among other things, the irrevocable deposit by the issuer with the trustee, in trust, of an amount in U.S. dollars, or U.S. government obligations, or both, applicable to the debt securities of that series which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal or premium, if any, and interest on the debt securities on the scheduled due dates therefor.

If HCA Holdings, Inc. or HCA Inc., as applicable, effects covenant defeasance with respect to the debt securities of any series, the amount in U.S. dollars, or U.S. government obligations, or both, on deposit with the trustee will be sufficient, in the opinion of a nationally recognized firm of independent accountants, to pay amounts due on the debt securities of that series at the time of the stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from such event of default. However, HCA Holdings, Inc. or HCA Inc., as applicable, would remain liable to make payment of such amounts due at the time of acceleration.

HCA Holdings, Inc. or HCA Inc., as applicable, will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance will not cause the holders and beneficial owners of the debt securities of that series to recognize income, gain or loss for U.S. federal income tax purposes. If HCA Holdings, Inc. or HCA Inc., as applicable, elects legal defeasance, that opinion of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect.

HCA Holdings, Inc. or HCA Inc., as applicable, may exercise our legal defeasance option notwithstanding our prior exercise of our covenant defeasance option.
