Item 8.01 Other Events

On July 3, 2012, Syniverse Holdings, Inc. (Syniverse) announced that it had entered into an agreement to acquire all of the shares and preferred equity certificates in WP Roaming III S.á.r.l (MACH) exclusive of Evenex ApS and its wholly owned subsidiary Evenex AS (the Proposed Transaction). On November 16, 2012, Syniverse notified the European Commission (the Commission) of the Proposed Transaction as required by EU Regulation 139/2004 (the EU Merger Regulation). On December 20, 2012, the Commission announced that it had opened an in-depth investigation under the EU Merger Regulation into the Proposed Transaction based on the Commission s initial investigation that indicated that the Proposed Transaction may raise competition concerns on various roaming technology markets, specifically, the markets for GSM Data Clearing Services, Financial Services for Roaming and NRTRDE. The Commission now has 90 working days, until May 15, 2013, to have a final decision on whether the Proposed Transaction would significantly impede effective competition in the European Economic Area (EEA). The opening of an in-depth investigation does not prejudice the outcome of the investigation.

Syniverse intends to cooperate fully with the European Commission regarding the investigation. Syniverse is unable to predict what action, if any, might be taken in the future by the Commission as a result of the matters that are the subject of this investigation or what impact, if any, this investigation may have on the Proposed Transaction.
