PROXY STATEMENT

Our Board of Directors is providing this proxy statement to ask for your vote as a stockholder of TFS Financial Corporation (the Company, we, us or our) on certain matters to be voted on at our next annual meeting of stockholders, which will be held at the offices of Third Federal Savings and Loan, 7007 Broadway Avenue, Cleveland, Ohio 44105, on Thursday, February 21, 2013, at 9:00 a.m., local time. We are making these proxy materials, along with our 2012 Annual Report to Stockholders, available to you electronically on or about January 7, 2013.

ABOUT THE MEETING

What Is the Purpose of the Annual Meeting of Stockholders?

At our annual meeting of stockholders, stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of four directors, a proposal to reapprove the Company's Management Incentive Compensation Plan and a proposal to ratify the selection of Deloitte & Touche LLP as the Company's independent accountant for the Company's fiscal year ending September 30, 2013. We are not aware of any other matter that will be presented for your vote at the meeting.

Who Is Entitled to Vote?

Only stockholders of record at the close of business on the record date, December 24, 2012, are entitled to receive notice of and to vote the shares of our common stock that they held on the record date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of common stock entitles its holder as of the record date to cast one vote on each matter acted upon at the meeting. As of the record date, the Company had outstanding 309,035,125 shares of common stock.

What if My Shares Are Held in the Third Federal Savings Associate Stock Ownership Plan or the Third Federal Savings 401(k) Savings Plan?

If you are a participant in the Third Federal Savings Associate Stock Ownership Plan (the ASOP) or the Third Federal Savings 401(k) Savings Plan (the 401(k) Plan) and you own shares of our common stock through those plans, you have been provided voting instruction forms with respect to shares you may vote under those plans. Although the trustee or administrator for each plan votes all shares of our common stock held by that plan, each participant may direct the trustee or administrator how to vote the shares of our common stock allocated to his or her plan account. You must provide voting instructions to the trustee or administrator by February 16, 2013 for them to be effective. If you own shares of our common stock through either of these plans and do not provide voting instructions to the trustee or administrator by February 16, 2013, the respective trustee or administrator will vote the shares of common stock in accordance with the terms of the respective plans, which provide that the trustee or administrator will vote any shares of our common stock for which it has received no voting instructions in the same proportions as it votes the shares of our common stock for which it has received instructions from plan participants. You also may revoke previously given voting instructions prior to February 16, 2013 by filing with the trustee or administrator either written notice of revocation or a properly completed voting instruction form bearing a later date.

Who Can Attend the Meeting?

Table of Contents

When and Where Is the Meeting?

The meeting will be held at the offices of Third Federal Savings and Loan, 7007 Broadway Avenue, Cleveland, Ohio 44105, on Thursday, February 21, 2013, at 9:00 a.m., local time. Parking is available in our visitor parking lot, which you can enter from Aetna Avenue.

What Constitutes a Quorum?

The presence at the meeting, either in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on the record date will represent a quorum, permitting the conduct of business at the meeting. Proxies received by the Company but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of establishing a quorum. A broker non-vote occurs if your shares are held in street name by a broker or nominee and the broker or nominee reports your shares as non-votes because you did not provide your broker or nominee with voting instructions for your shares.

What Vote Is Required to Approve Each Proposal, Assuming that a Quorum Is Present at the Annual Meeting of Stockholders?

Proposal One: Election of Directors. The four nominees for director who receive the greatest number of affirmative votes will be elected directors, and abstentions and broker non-votes will not count as votes for any nominee for director.

Proposal Two: Reapproval of the Company's Management Incentive Compensation Plan. The Company's Management Incentive Compensation Plan must be reapproved by a majority of the votes cast at the meeting, in person or by proxy. Abstentions and broker non-votes are not considered votes cast for purposes of this proposal and will not be counted either for or against approval of the plan.

Proposal Three: Ratification of the Selection of Deloitte & Touche LLP as the Company's Independent Accountant. The Audit Committee of our Board of Directors plans to reappoint Deloitte & Touche LLP as the Company's independent accountant to audit our financial statements for the fiscal year ending September 30, 2013, subject to the ratification of the appointment by our stockholders as required by our bylaws. See page 43 under **Proposal Three: Ratification of the Selection of Deloitte & Touche LLP as the Company's Independent Accountant** for additional information. If a majority of votes cast on this proposal are cast in favor of approval, the proposal will be approved. Abstentions will be treated as votes cast and will have the same effect as a vote against ratification. Broker non-votes are not considered votes cast and will not be counted either for or against ratification.

How Does Third Federal Savings and Loan Association of Cleveland, MHC Intend to Vote Its Shares?

All stockholder votes will include the vote of Third Federal Savings and Loan Association of Cleveland, MHC, which, as of December 24, 2012, owned 227,119,132 shares, or 73.5%, of our outstanding common stock. **As such, the vote of Third Federal Savings and Loan Association of Cleveland, MHC will be determinative of the outcome of any vote or election. Third Federal Savings and Loan Association of Cleveland, MHC intends to vote for the election of the Board of Directors' four nominees for director, to vote for reapproval of the Company's Management Incentive Compensation Plan, to vote for ratification of the selection of Deloitte & Touche LLP, and to vote in accordance with the recommendation of our Board of Directors on any other matter that properly comes before the meeting.**

Table of Contents**PROPOSAL ONE: ELECTION OF DIRECTORS**

You will be voting on the election of four directors at the annual meeting of stockholders. The Company's bylaws require that the Board be divided into three classes as nearly equal in number as possible. Marianne Piterans has announced that she will retire from the Board effective at the annual meeting of stockholders and from her position as Director of Human Resources, Training, Security and Administrative Services for Third Federal Savings and Loan in March 2013. The Board intends to reduce the size of the Board to ten directors following the annual meeting. We believe that ten directors is an appropriate size for our Board of Directors to ensure optimal oversight and governance of the Company. In order to divide the classes of directors as evenly as possible, Ben S. Stefanski III, if elected, will serve a two-year term expiring in 2015, and until his successor is elected and qualified. Each of Messrs. Cohen, Fiala and Marc A. Stefanski, if elected, will serve a three-year term expiring in 2016, and until his successor is elected and qualified. At the meeting, unless you specify otherwise, the shares of common stock represented by your proxy will be voted to re-elect Martin J. Cohen, Robert A. Fiala, Ben S. Stefanski III and Marc A. Stefanski.

If for any reason any of the nominees is unable to serve as a director at the time of the election (which is not expected), the shares of common stock represented by your proxy will be voted for the election of a substitute nominee recommended by our Board of Directors, acting as our nominating committee, if the Board makes any such recommendation. The following table sets forth information regarding our directors:

CORPORATE GOVERNANCE

Meetings of the Board of Directors

During the fiscal year ended September 30, 2012, our Board of Directors met ten times and the board of directors of Third Federal Savings and Loan, which consists of the same directors as our Board of Directors, met 12 times. During the fiscal year ended September 30, 2012, no director attended fewer than 75% of the total number of meetings of our Board of Directors and the total number of meetings held by all committees on which the director served. The Company anticipates that all of its directors will attend the annual meeting of stockholders. All directors serving at the time of last year's annual meeting attended that meeting, except for Mr. Mulligan, who was unable to attend. Our Board of Directors has established various standing committees, including an Audit Committee, Compensation Committee, Executive Committee and Directors Risk Committee. The full Board of Directors acts as the Company's nominating committee.

Independent Directors

A majority of our Board of Directors and all members of the Audit Committee, Compensation Committee and Directors Risk Committee are independent, as affirmatively determined by our Board of Directors consistent with the criteria established by the NASDAQ Stock Market.

Our Board of Directors conducts an annual review of director independence for all current nominees for election as directors and all continuing directors. In connection with this review, our Board of Directors considers all relevant facts and circumstances relating to relationships that each director, his or her immediate family members and their related interests had with the Company and its subsidiaries.

As a result of this review, our Board of Directors affirmatively determined that nominees Messrs. Cohen, Fiala and Stefanski III and continuing directors Messrs. Asher, Heisler, Mulligan, Ozan and Stefanik are independent. Our Board of Directors determined that Messrs. Stefanski and Kobak and Ms. Piterans are not independent because they are associates of the Company.

Table of Contents

Board Leadership Structure and Risk Oversight

Pursuant to the Company's bylaws, the Board of Directors is responsible for the selection of a Chairman of the Board and a President of the Company, and may further designate the Chairman of the Board as an officer. Mr. Stefanski currently serves as our Chairman of the Board, President, and Chief Executive Officer. The Board of Directors believes that this structure provides the optimal leadership model for us. Combining the Chairman of the Board and President and Chief Executive Officer roles fosters accountability, effective decision-making and alignment between interests of the Board of Directors and management. Mr. Stefanski also is able to use the in-depth focus and perspective gained in his executive function to assist our Board of Directors in addressing both internal and external issues affecting the Company. This structure also allows a single person to act as a spokesperson for the Company and to represent and speak on our behalf to our customers, employees and regulators. It also best leverages Mr. Stefanski's unique attributes and heritage as his family's name and history are an important part of our brand image.

While the Board of Directors does not have a lead independent director, we feel that having a majority of independent directors, a discrete and independent committee system and periodic meetings of non-management directors in executive session permit the Board to maintain effective oversight of the Company's management. The Board of Directors periodically reviews its leadership structure to ensure that it meets the Company's needs.

Our Board of Directors assists in monitoring the risks inherent in the Company's business model and internal operations, including risk relating to changes in interest rates, risk relating to the Company's investments, risk relating to the Company's lending activities and risk arising from the Company's compensation policies and practices.

Because a majority of the Company's assets and liabilities are monetary in nature, the Company's most significant form of risk, and thus the risk most important to manage, is interest rate risk. In general, our assets, consisting primarily of mortgage loans, have longer maturities than our liabilities, consisting primarily of deposits. As a result, a principal part of our business strategy is to manage interest rate risk and limit the exposure of our net interest income to changes in market interest rates. Accordingly, the Board of Directors has established risk management guidelines and an Asset/Liability Management Committee consisting of members of management. This committee is responsible for evaluating the interest rate risk inherent in our assets and liabilities, for determining the level of risk that is appropriate, given our business strategy, operating environment, capital, liquidity and performance objectives, and for managing this risk consistent with the guidelines approved by the Board of Directors. The committee meets quarterly, and more frequently if necessary, and provides reports of its proceedings to the Board of Directors.

The Company is also exposed to risk from the assets in which it invests. As part of its risk oversight, the Board of Directors is responsible for establishing and overseeing the Company's investment policy, which is reviewed at least annually by management, and any changes to the policy are subject to approval by the Board of Directors. This policy dictates that investment decisions be made based on the safety of the investment, liquidity requirements, potential returns, the ability to provide collateral for pledging requirements, and consistency with our interest rate risk management strategy. Third Federal Savings and Loan also maintains an Investment Committee made up of members of management, which oversees investing activities and strategies and policies. The committee meets quarterly, or more frequently as necessary, and provides reports of its proceedings to the Board's Executive Committee.

A third category of risk to which the Company is exposed is risk from its lending activities. As part of its risk oversight, the Board of Directors has established underwriting standards and loan origination procedures, including loan approval limits. The Board of Directors has delegated authority to its Executive Committee to review and assign authority to certain individuals of the Company to consider and approve loans within their designated authority.

Table of Contents

In addition, the Directors Risk Committee oversees the Company’s risk management processes and has responsibilities with respect to risk management oversight, including responsibilities with respect to interest rate, investing and lending risk. Although it does not directly supervise the Company’s Investment Committee or Asset/Liability Management Committee, the Directors Risk Committee is responsible for the regular review of their guidelines, policies and deliberations. The Committee also reviews the Company’s strategies, policies and practices to identify, assess, report and manage other risk exposures and considers similar risk assessments presented to it by the Company’s internal management risk committee.

On a more general level, the Audit Committee is also involved in the risk management process, as it annually reviews and approves the processes used by our internal audit department in developing our annual risk assessment, discusses any areas of high risk identified during an audit, inquires into significant risks facing the Company, and independently discusses with management the Company’s policies with respect to risk assessment and risk management.

As part of our bonus program, the Compensation Committee has negative discretion to reduce the amount payable from the incentive pool based on an enterprise-wide risk assessment. In addition, the Company uses only non-commissioned associates to gather loan applications and underwrite and process loan requests. These measures are designed to reduce incentives for employees to cause the Company to take undue risk.

The Compensation Committee and management have assessed our compensation policies and practices and do not believe that they are reasonably likely to have a material adverse effect on the Company.

Executive Session

The non-management members of our Board of Directors meet periodically in executive session.

The Executive Committee held 12 meetings during the fiscal year ended September 30, 2012.

Directors Risk Committee

The Directors Risk Committee consists of Messrs. Heisler (Chairman), Ozan and Stefanski III. A copy of the committee's charter is available on the Company's website, www.thirdfederal.com, under Investor Relations and a written copy is available to stockholders upon written request to the Company, to the attention of Investor Relations, at 7007 Broadway Avenue, Cleveland, Ohio 44105.

Nominating Committee

Our Board of Directors has determined that the Company is a Controlled company, as defined by the NASDAQ Stock Market, because Third Federal Savings and Loan Association of Cleveland, MHC currently owns more than 50% of our common stock. Therefore, the full Board of Directors acts as our nominating committee and does not have a separate nominating committee charter. The Board of Directors met twice in this capacity during the fiscal year ended September 30, 2012. In that capacity, our Board of Directors recommended a slate of nominees for election by stockholders at the Company's 2013 annual meeting of stockholders.

As set forth in our Policy and Procedures for Stockholder Recommendations for Director Candidates (the Policy), our Board of Directors will consider suggestions forwarded by stockholders to the Secretary of the Company concerning qualified candidates for election as directors. To recommend a prospective nominee for our Board of Directors' consideration, a stockholder may submit the candidate's name, qualifications and other pertinent information required by the Policy to the Company's Secretary at the following address: 7007 Broadway Avenue, Cleveland, Ohio 44105. To be timely, the submission must be received by the Secretary at least 150 days prior to the anniversary date of the proxy statement relating to the preceding year's annual meeting of stockholders.

Under our bylaws, no nomination for director, except one made by the Board of Directors, will be voted upon unless the nomination is made in writing and delivered to the Company's Secretary at least 30 days prior to the date of the annual meeting. Upon delivery, a nomination will be posted in a conspicuous place in each office of the Company. Ballots bearing the names of all persons nominated by the Board of Directors and by stockholders will be provided for use at the annual meeting. If the Board of Directors fails or refuses to act in regard to nominations for directors at least 20 days prior to the annual meeting, nominations for directors may be made at the annual meeting by any holder of shares of common stock entitled to vote, and will be voted upon.

Our Board of Directors has recommended for election each of the nominees identified in Proposal One: Election of Directors on page 4.

A current copy of the Policy is available on the Company's website, www.thirdfederal.com, under Investor Relations and a written copy is available to stockholders upon written request to the Company, to the attention of Investor Relations, at 7007 Broadway Avenue, Cleveland, Ohio 44105.

Our Board of Directors has not established specific minimum qualifications that a candidate must have in order to be recommended for election to our Board of Directors. However, in determining qualifications for new directors, our Board of Directors will consider a potential member's qualification as independent under the NASDAQ Stock Market listing standards, as well as his or her age, skill and experience in the context of the needs of the Board of Directors. Our Board of Directors does not have a specific policy with regard to its consideration of diversity of its directors, although diversity is one of many factors taken into account when considering potential candidates to serve on the Board of Directors.

When evaluating a candidate, the Board of Directors considers those attributes most likely to serve the interests of the Company and its stockholders. Those characteristics will ideally reflect a balance of professional and personal backgrounds that contribute to the Board of Directors' performance of its functions in the highly competitive and closely regulated business in which the Company operates. If the Board of Directors believes that a potential candidate may be an appropriate nominee to the Board, the Board seeks to learn more about the candidate's qualifications, background and interest in serving on the Board, and the candidate has the opportunity to learn more about us, the Board of Directors and its governance practices.

Code of Conduct and Code of Ethics

The Company has adopted policies governing the activities of both the Company and Third Federal Savings and Loan, including a code of conduct and a code of ethics for senior financial officers. The code of conduct applies to all associates and directors, and addresses conflicts of interest, the treatment of confidential information, general associate conduct and compliance with applicable laws, rules and regulations. The code of ethics for senior financial officers applies to the Chief Executive Officer, the Chief Financial Officer and the Chief Accounting Officer, and addresses adherence to standards of integrity and professionalism when conducting and reporting the Company's financial affairs. In addition, the codes are designed to deter wrongdoing and to promote honest and ethical conduct, full and accurate disclosure and compliance with all applicable laws, rules and regulations. The codes are posted on the Company's website, www.thirdfederal.com, under Investor Relations. Any waiver of any provision of either code granted to an executive officer or director may be made only by our Board of Directors. There were no waivers granted during fiscal year 2012.

EXECUTIVE COMPENSATION

Executive Summary

The Company again faced a challenging operating environment in fiscal year 2012. While some positive trends have been reported, much of the financial services industry remains relatively fragile and susceptible to the consequences of adverse financial conditions. Regionally high unemployment, weak residential real estate values, capital and credit markets that remain at less than robust levels, and a general lack of confidence in the financial service sector of the economy presented challenges for us. For fiscal year 2012, our net income increased \$2.1 million, or 23% from fiscal year 2011, to \$11.5 million. This change is attributable mainly to an increase in net interest income partially offset by lower non-interest income and a slightly higher provision for loan losses and non-interest expenses.

As a result of the Company's in-depth review of the compensation paid to its executive officers, the Compensation Committee made the following changes to its compensation plans and programs for fiscal year 2012:

Performance-based cash bonuses were determined based upon annual, instead of semi-annual, metrics, and the risk assessment analysis providing for downward adjustment of the bonus pool available to named executive officers under the annual incentive program was modified;

The vesting of restricted stock units was modified from a four-year schedule to a three-year schedule in order to align the vesting schedule with the schedule already in place for stock option awards; and

A system was adopted under which restricted stock units will be distributed to grantees upon their vesting, instead of the previous system under which awards were held by the Company until an executive officer's retirement or other termination from the Company. As discussed in more detail below, the Company continues to review and refine its compensation plans and programs in an effort to enable those plans and programs to support the achievement of the Company's strategic goals.

Compensation Discussion and Analysis

Overview

The following discussion and analysis should be read in conjunction with the information presented in the compensation and award tables, the footnotes to those tables and the related disclosures appearing later in this proxy statement. The tables and related disclosures contain specific information about the compensation earned or paid during the fiscal year ended September 30, 2012. The Committee engages an independent

consultant, Exequity LLP (the Compensation Consultant), to advise it on the Company's compensation programs. The Committee has reviewed the independence of the Compensation Consultant and does not believe that the services provided by the Compensation Consultant raise any conflicts of interest.

The tables and related disclosures that follow cover the following individuals, whom we refer to as our named executive officers:

Marc A. Stefanski, Chairman of the Board, President and Chief Executive Officer;

David S. Huffman, Chief Financial Officer and Secretary;

Marianne Piterans, Director of Human Resources, Third Federal Savings and Loan;

Ralph M. Betters, Chief Information Officer, Third Federal Savings and Loan;

Meredith S. Weil, Chief Operating Officer, Third Federal Savings and Loan; and

Each of the named executive officers other than Mr. Betters is an officer of the Company, and each named executive officer is employed by Third Federal Savings and Loan. Of the total compensation paid to each named executive officer, a portion of such compensation is allocated as being paid by the Company while the remainder is allocated as being paid by Third Federal Savings and Loan. All discussion of compensation paid to the named executive officers refers to the combined amount of compensation paid by the Company and Third Federal Savings and Loan.

The compensation and benefits payable to the Company's directors and executive officers are established by or under the supervision of the Committee. The Committee currently consists of three members, Robert A. Fiala (Chairman), Anthony J. Asher and William C. Mulligan, each of whom is an independent director within the meaning of the listing standards of the NASDAQ Stock Market, a disinterested director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and a non-employee director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The purposes of the Committee, among others, are to discharge our Board of Directors' responsibilities relating to compensation of the Company's directors and executive officers and to approve and evaluate the director and executive officer compensation plans, policies and programs of the Company. The Committee's charter provides that the Committee will generally meet quarterly or as needed. During fiscal year 2012, the Committee held five meetings. The agenda for each meeting is established by the Chairman of the Committee. The Committee generally invites the Company's Director of Human Resources, and frequently invites other members of senior management and outside advisors, as necessary, to report on matters of interest to the Committee and to participate as requested in its deliberations. In addition, the Committee meets in executive session without management at each meeting.

Compensation Philosophy and Objectives

In making decisions with respect to compensation for our named executive officers and other executives, the Committee is guided by the following philosophies and objectives:

We must attract, retain and motivate superior associates, including executives, for our flat business structure to be effective. Our flat business structure is intended to provide a framework for effective and prompt decision making, associate job satisfaction, the sharing of resources and the ability to respond quickly to changes in the marketplace.

Our compensation program should be competitive and comprehensive, consist of base salary, annual incentives, long-term incentives and benefits, and support our operating strategy of emphasizing teamwork and personal and professional enhancement through

efficiency and cross-training our associates throughout the Company.

Table of Contents

Our compensation program should motivate and reward our executives for sustained performance through the use of performance-based cash and equity compensation tied to short, intermediate and long-term goals designed to facilitate the achievement of the Company's business objectives and the enhancement of stockholder value.

Our compensation program should be designed to eliminate any incentive for our executive officers to cause the Company to take undue risk.

Compensation Setting Process

We manage our business with a long-term view. Considerations that we evaluate carefully in our effort to design a compensation program that is in the best interests of the Company and its stockholders include, without limitation, the Company's financial performance, conditions in our industry, the state of the local and national economy, compensation features necessary to attract and retain superior executives, including competitive considerations in our industry, and our executives' performance in relation to specific long-, intermediate- and short-term goals and initiatives that we believe will benefit the Company and its stockholders.

On an annual basis, the Committee reviews and recommends compensation levels for executive officers based on the considerations described above.

For fiscal year 2012, the Committee retained the Compensation Consultant to assist the Committee in its compensation review. As discussed further under the caption "Compensation Review," a separate committee of the Board of Directors (the "Oversight Committee") engaged an additional compensation consultant during fiscal year 2011 to review certain aspects of the Company's compensation programs as required by a second memorandum of understanding (the "Second MOU") entered into by Third Federal Savings and Loan Association of Cleveland and the Office of Thrift Supervision on February 7, 2011.

For fiscal year 2012, the Committee used a comparator group of 15 company peers. The companies included in the comparator group for fiscal year 2012 were modified from those used in fiscal years 2010 and 2011 to reflect the current market of publicly traded thrifts and mortgage financing companies with assets ranging from \$3 billion to \$26 billion. The companies included in the comparator group for fiscal year 2012 were as follows:

Astoria Financial Corporation	Impac Mortgage Holdings Inc.
Beneficial Mutual Bancorp Inc.	Northwest Bancshares Inc.
Capitol Federal Financial Inc.	People's United Financial Inc.
Dime Community Bancshares Inc.	Provident Financial Services, Inc.
Doral Financial Corp.	Trustco Bank Corp. NY
First Niagara Financial Group, Inc.	Washington Federal, Inc.
Flagstar Bancorp Inc.	WSFS Financial Corp.
Flushing Financial Corporation	

The Committee does not benchmark the named executive officers' compensation against the comparator group. For example, the Committee does not set compensation for our executives at a pre-determined level in relation to the group, such as the median level of compensation reported by the group, or by applying a formula to the compensation reported by the group. Instead, as the first step in the compensation setting process, the Committee reviews the compensation data for the comparator group to assess the competitiveness of the Company's compensation programs and its ability to achieve the philosophies and objectives of its compensation programs.

In making determinations on the mix and amount of executive compensation, the Committee reviews all components of executive compensation. The Committee believes that the total compensation opportunity available to executive officers should consist of base salary, performance-based cash bonuses, long-term incentives, retirement and other executive benefits and perquisites. The Committee has no mandatory policy for the allocation among base salary, short-term performance-based cash bonuses, and long-term incentives. The

Table of Contents

named executive officers continue to hold restricted stock units and stock options granted in prior years that create a strong link between executive compensation and long-term stockholder value creation and encourage long-term retention. To motivate and reward current-year performance, a significant percentage of total earnable cash compensation for the Company's executive officers, including the named executive officers, during fiscal year 2012 was allocated to annual performance-based cash bonus awards. Other than Mr. Huffman's and Ms. Weil's salary increases discussed below, our named executive officers' salaries have not been increased since fiscal year 2009.

As part of the compensation-setting process, the Committee reviews with Mr. Stefanski the compensation data for his direct reports and considers Mr. Stefanski's recommendations for them. Mr. Stefanski's review attributes significant weight to how the named executive officers performed as a team, rather than simple individual performance, because of the Company's culture of rewarding teamwork. As a result, internal pay equity plays a significant role in the Committee's analysis of compensation for the named executive officers (other than Mr. Stefanski, as explained below) and its final determination of compensation. In making its final determinations, the Committee was less focused on market pay for each individual executive officer (other than Mr. Stefanski), and more focused on how the aggregate pay of the named executive officers (other than Mr. Stefanski) compared to aggregate market values.

As Chairman and Chief Executive Officer, Mr. Stefanski's compensation is significantly higher than that of the other named executive officers because of his scope of responsibility, his tenure and experience with the Company and his impact on the performance of the Company. Mr. Stefanski also is an integral part of our marketing campaign as spokesman, and his family's name is an important part of our brand image.

For fiscal year 2012, the Committee also considered the recommendations of the Oversight Committee with respect to the compensation and benefits awarded to the Company's named executive officers.

Compensation Review

During fiscal year 2011, the Board of Directors appointed three independent directors, Messrs. Ozan, Heisler and Cohen, to the Oversight Committee to oversee the Company's compliance with certain compensation-related requirements in the Second MOU. The Oversight Committee engaged the services of an executive compensation consultant, AON Hewitt, to perform a review and prepare a report on the compensation and benefits provided to the Company's named executive officers (the Compensation Report) for the Oversight Committee and the Board of Directors. While the review by the Oversight Committee was initiated during fiscal year 2011, it did not affect the compensation paid to the Company's named executive officers until fiscal year 2012.

The Compensation Report analyzed the compensation of the Company's named executive officers for fiscal year 2010 against compensation in a peer group of companies with total assets ranging from \$4 billion to \$25 billion and in a subgroup of direct peers selected based on their loan portfolios and business models. The peer group included 14 companies, including nine companies in the peer group utilized by the Compensation Committee.

The Compensation Report noted that the targeted compensation opportunity of the named executive officers, other than Mr. Stefanski, in the aggregate, was slightly above the competitive range for targeted compensation and at competitive levels for actual pay delivered. The Compensation Report further noted that compensation of the Chief Operating Officer and Chief Financial Officer was competitively positioned and that both Mr. Stefanski's targeted pay and actual pay delivered were above market.

The Committee did not adjust Mr. Stefanski's compensation based upon the Compensation Report because it felt that Mr. Stefanski's compensation was appropriate in light of his scope of responsibility, his tenure and experience with the Company and his impact on the performance of the Company. Mr. Stefanski also is an integral part of the Company's marketing campaign as spokesman, and his family's name is an important part of

Table of Contents

the Company's brand image. The Committee also felt that the compensation of each of the named executive officers was appropriate, as the Company has fewer employees than its competitors with similar amounts of total assets, which typically results in greater responsibilities for our associates and named executive officers.

After reviewing the findings in the Compensation Report, the Oversight Committee made the following recommendations to the Board of Directors:

Consider replacing the semi-annual Management Incentive Compensation Plan with an annual short-term cash bonus, or consider adoption of a true-up to prevent overpayment under the Management Incentive Compensation Plan.

Consider adopting a claw-back provision that will meet federal regulations to be adopted under The Dodd-Frank Wall Street Reform and Consumer Protection Act.

Take the Management Compensation Study into consideration as the Committee reviews compensation and benefits for named executive officers.

Based upon the Oversight Committee's review, the Compensation Committee changed the Management Incentive Compensation Plan from a plan that pays semi-annual bonuses to one that pays annual bonuses. The Committee also determined that it will institute claw-backs as will be required by The Dodd-Frank Wall Street Reform and Consumer Protection Act once regulations under that act are finalized.

The Compensation Committee evaluated the Company's other compensation policies and procedures in light of the Compensation Report and the Oversight Committee's recommendations. Upon the completion of this review, the Compensation Committee presented its findings to the full Board of Directors for approval. Based on those findings and the recommendation of the Compensation Committee, the Board:

Approved of an annual incentive program based upon the Management Incentive Compensation Plan with targets and incentive payments based upon annual, instead of semi-annual, metrics, and the modification by the Committee of the Company risk assessment analysis providing for downward adjustment of the bonus pool available to named executive officers under the plan;

Preserved the relatively flat payout curve under the Management Incentive Compensation Plan, which reflects relatively low initial target metrics that do not increase rewards rapidly as performance metrics increase. The Company believes that a flat payout curve neither overly rewards nor overly penalizes named executive officers for earnings performance outside of their control;

Declined to adopt a performance share program that would provide for vesting of performance shares based on Company performance, as, in light of the current economic environment faced by the Company, the ability of the Committee to establish a program with appropriate long-term performance goals would be limited, and because the Company's long-term awards are more heavily oriented to options, the value of which is inherently based on performance;

Modified the vesting of future awarded restricted stock units from a four-year schedule to a three-year schedule in order to align the vesting schedule with the schedule already in place for stock option awards; and

Adopted a system under which future awarded restricted stock units will be distributed to grantees upon their vesting, instead of the previous system under which awards were held by the Company until an executive officer's retirement or other termination from the Company. This change is designed to allow grantees better access to future awards and is considered acceptable based on the substantial amount of previously granted awards that are required to be held until retirement.

Table of Contents

in their fields. The Company reviews the base salary of its executive officers annually. Because of the continued uncertain economic conditions facing the Company, and with advice from the Compensation Consultant as to the competitiveness of the base salaries of the named executive officers, the Company did not adjust the base salaries of the named executive officers for fiscal year 2012 other than for Mr. Huffman. In the first quarter of fiscal year 2012, the Compensation Committee, with advice from the Compensation Consultant, increased Mr. Huffman's base salary effective in January of 2012 from \$358,507 to \$400,000 to reflect his expanded responsibilities and his performance. Effective July 9, 2012, Ms. Weil's base salary was increased from \$351,000 to \$450,000 to reflect her promotion to Chief Operating Officer. The base salaries of all other named executive officers during fiscal year 2012 were unchanged from fiscal years 2011 and 2010. The base salary for each named executive officer was:

Named Executive Officer	Base Salary
Marc A. Stefanski	\$ 1,080,000
Meredith S. Weil	\$ 450,000
David S. Huffman	\$ 400,000
Marianne Piterans	\$ 392,568
Ralph M. Betteres	\$ 372,265

Annual Performance-based Cash Bonuses for Named Executive Officers. Under the Company's Management Incentive Compensation Plan, the named executive officers listed in the table below were eligible to receive annual performance-based cash bonuses in fiscal year 2012. As discussed further under the caption Compensation Review, the Committee, in accordance with the recommendation of the Oversight Committee, approved an annual incentive program under the Management Incentive Compensation Plan with targets and incentive payments based upon annual, instead of semi-annual, metrics. The potential bonuses under this plan are correlated directly to the net income of the Company during the applicable annual period, subject to certain adjustments. This plan is intended to provide an incentive for superior performance and payout amounts that are competitive with the market.

For fiscal year 2012, the bonuses under the Management Incentive Compensation Plan were based primarily upon objective criteria. This plan was structured to satisfy the requirements for the performance-based compensation exception to the \$1,000,000 limitation on deductibility of compensation under Section 162(m) of the Code.

Under this plan for fiscal year 2012, bonuses were based on the net income of the Company, subject to certain adjustments. The amount of adjusted net income of the Company was used to establish an incentive pool that is distributable to the named executive officers. For purposes of establishing the incentive pool, net income is adjusted to eliminate the effect, positive or negative, of (i) gains or losses on sales of mortgage loans and variances in the amount of amortization of mortgage servicing rights, (ii) unexpected events outside the control of the named executive officers relating to taxes, regulatory assessments and pension or medical coverage charges and (iii) changes in accounting principles. Adjusted net income targets and the percentage of net income payable into the incentive pool are determined based upon the Company's budget for the upcoming year. For fiscal year 2012, if adjusted net income for the annual period was less than \$5 million, then an incentive pool would not be created and no bonuses would be payable; if adjusted net income for the annual period equaled or exceeded \$5 million, the incentive pool would be calculated as the sum of the following:

Four percent (4%) of the first \$5 million of adjusted net income;

Five percent (5%) of the second \$5 million of adjusted net income;

Six percent (6%) of the next additional \$10 million of adjusted net income;

Seven percent (7%) of the next additional \$20 million of adjusted net income;

Table of Contents

Eight percent (8%) of the next additional \$10 million of adjusted net income;

Five percent (5%) of the next additional \$10 million of adjusted net income; and

Three percent (3%) of any adjusted net income in excess of \$60 million.

The Committee determined that for fiscal year 2012, the incentive pool would be distributed to the named executive officers, other than Ms. Weil, in accordance with the following percentages:

Named Executive Officer	Percentage of Incentive Pool
Marc A. Stefanski	45.34%
David S. Huffman	13.43%
Marianne Piterans	13.18%
Ralph M. Betters	12.50%

The percentage of the incentive pool allocated to each participant was based on the Committee's judgment in reviewing market data for the executive positions, the executives' salaries, and the desire to support the Company's culture of rewarding teamwork. As such, the Committee established a relationship of desired annual bonuses as a percentage of base salary that would be awarded each executive. Mr. Stefanski's direct reports were ascribed a share of the bonus pool proportionate to their respective base salaries. Thus, the pool allocation would provide each executive with an annual performance-based bonus that represented the same percentage of his or her base salary earned during the period as the percentage for each other executive. Given Mr. Stefanski's role and reflecting relevant market data, Mr. Stefanski's portion of the pool was established to deliver 125% of the amount received by his direct reports when stated as a percentage of base salary. Thus, if each of Mr. Stefanski's direct reports were to receive a bonus of 10% of base salary, Mr. Stefanski would receive a bonus of 12.5% of base salary. Ms. Weil was awarded a discretionary bonus in accordance with the bonus plan applicable to all associates other than the named executive officers, which is discussed in more detail below.

The maximum bonus that could be paid to a named executive officer for fiscal year 2012 was \$3,000,000.

In determining the actual bonus payment made to the named executive officers, the Committee has discretion to reduce the amount payable from the incentive pool based upon an enterprise-wide risk assessment. This risk assessment consists of a review of the compliance, credit, interest rate, liquidity, operational, price, reputational, and strategic risks of the Company. These risks are reviewed from multiple perspectives with a year-over-year trend line comparison playing a significant role in the evaluation. The Management's Risk Committee prepares the analysis and presents it to the Directors Risk Committee for its review and approval. Following the Directors Risk Committee review and approval, the risk analysis is reviewed by the Committee and used to determine whether the bonus pool should be reduced. Because of the ability to reduce bonuses, the Committee believes that the bonus program is designed to eliminate incentive for the executive officers to cause the Company to take undue risk. The Committee reviewed the enterprise-wide risk assessment and believed that the named executive officers' actual performance with respect to risk management exceeded expectations.

During fiscal year 2012, the Company changed its accounting principles for performing loans in which all borrower's obligations have been discharged through bankruptcy proceedings as required by interpretive guidance issued in July 2012 by the OCC Bank Accounting Advisory Series. The effect of the change was to reduce the Company's net income for fiscal year 2012 by \$11.3 million. Because the reduction was based on a change in accounting principles and the Committee believes that it is appropriate to maintain consistency with how we have historically calculated bonuses, net income was adjusted upwards by \$11.3 million. In addition, the Committee also adjusted net income upward by \$2.5 million for variances in ancillary aspects of loan sales activities. As a result, the adjusted net income for fiscal year 2012 was \$24.2 million, which resulted in an incentive pool of \$1,346,000 for fiscal year 2012. In assessing the performance of executive officers other than Mr. Stefanski, the Committee requested and received advisory input from Mr. Stefanski. The Committee did not reduce the amount of the incentive pool for fiscal year 2012.

Table of Contents

The total dollar amount of bonuses approved for the named executive officers for fiscal year 2012 was as follows:

Named Executive Officer	Bonus
Marc A. Stefanski	\$ 610,276
David S. Huffman	\$ 180,768
Marianne Piterans	\$ 177,403
Ralph M. Betters	\$ 168,250

Ms. Weil did not participate in the Management Incentive Compensation Plan for fiscal year 2012, but was awarded discretionary bonuses of \$250,000 in the aggregate in the Company's semi-annual review process in accordance with the bonus plan applicable to all associates other than the named executive officers.

Long-Term Incentives. During fiscal year 2011, as a result of the review of certain compensation-related provisions of the Second MOU, the Committee did not grant equity awards to our named executive officers under the TFS Financial Corporation 2008 Equity Incentive Plan (the 2008 Equity Incentive Plan). We made equity grants in fiscal year 2012 to our named executive officers under the 2008 Equity Incentive Plan. The objectives of equity grants under the 2008 Equity Incentive Plan are to:

Link executive compensation and our long-term stock price performance;

Better align our executives' interests with our stockholders' interests; and

Provide opportunity for long-term compensation that is competitive with the companies in the comparator group and sufficient to attract and retain executive talent to manage our business effectively.

In developing our grant sizes for long-term incentive awards to named executive officers, the following are considered:

The competitive pay analyses of the relevant peer group;

Each executive's role within our Company; and

The cost and share usage associated with the proposed grants and grants made in prior fiscal years.

The Committee's view is that the long-term incentive program should be predominantly performance-oriented. As such, the Committee has opted to provide approximately two-thirds of the grant value in the form of stock options and one-third of the grant value in the form of restricted stock units.

Stock Options. Stock options link compensation to stock price appreciation and support our growth objectives. In order to support retention and reward executives for stock performance over a longer horizon, options generally vest 33 1/3% annually over a three year period starting on the first anniversary of their grant, and remain exercisable until the tenth anniversary of their grant.

Restricted Stock Units. Restricted stock unit awards are designed to support executive retention and increase share ownership, which aligns the recipient's interests with our stockholders' interests. Restricted stock units are generally granted with dividend equivalents that pay cash to the holder at the same time and to the same extent stockholders receive any dividends. Beginning in fiscal year 2012, restricted stock units will generally vest 33 1/3% annually over a three year period starting on the first anniversary of their grant, and will be distributed to grantees upon their vesting, instead of the previous system under which awards were held by the Company until an executive officer's retirement or other termination from the Company.

Table of Contents

The Committee made the following grants to the named executive officers on December 19, 2011:

Named Executive Officer	Number of Stock Options	Stock Option Exercise Price	Number of Restricted Stock Units
Marc A. Stefanski	369,000	\$ 8.61	55,200
David S. Huffman	36,900	\$ 8.61	5,500
Marianne Piterans	36,900	\$ 8.61	5,500
Ralph M. Betters	36,900	\$ 8.61	5,500
Meredith S. Weil	36,900	\$ 8.61	5,500

Additional information with respect to the grants to each named executive officer is included under the Grants of Plan-Based Awards for Fiscal Year 2012 table on page 28.

Stock Option Granting Practices. The exercise price for stock options granted to named executive officers in 2012 was equal to the fair market value of a share of our common stock on the date of grant, which was the closing price of our common stock on NASDAQ on the date of the Compensation Committee meeting at which a particular award was approved.

Retirement Benefits. In addition to the 401(k) Plan and the ASOP, with respect to which the Company's contributions on behalf of the named executive officers are included in the Summary Compensation Table on page 26, each of the Company's executive officers, including the named executive officers, is eligible to participate in the retirement plan discussed below. The Committee believes this plan provides financial security that promotes retention.

Benefit Equalization Plan. Third Federal Savings and Loan maintains the Third Federal Savings and Loan Association MHC and Subsidiaries Benefit Equalization Plan (the Benefit Equalization Plan) for the purpose of providing benefits to certain executive officers, including each of the named executive officers, that would have been payable under the 401(k) Plan but for the limitations under Sections 401(a)(17), 402(g) and 415 of the Code. The named executive officers are the only participants in the Benefit Equalization Plan. Under this plan, a participant may elect to defer up to 15% of his or her compensation, reduced by the maximum amount of compensation that the participant may defer for the current plan year under the terms of the 401(k) Plan. A participant under the plan is eligible to receive a matching contribution with respect to his or her elective deferrals and a profit-sharing contribution in an amount equal to that which he or she would have received under the 401(k) Plan but for the compensation limits, reduced by the profit-sharing contribution allocated to the participant under the 401(k) Plan for such year. A participant is always 100% vested in his or her account under the plan. A participant may elect to receive his or her distribution of benefits in a lump sum or in 10 annual installments.

Our Board of Directors may offer investment options from which a participant may select for the purpose of determining the earnings to be credited to the participant's account. If our Board of Directors does not offer investment options or the participant does not elect to participate in the investment options, the participant's account will be credited with earnings at the rate of 10-year Treasury bonds (determined by using the rate on January 1 of each calendar year) at the end of each calendar quarter. The Benefit Equalization Plan, which operates on a calendar year basis, credited a rate of 1.89% for the calendar year ended December 31, 2012.

The participant's account balance will be distributed to the participant (or the participant's beneficiary), in the form elected by the participant, following the participant's death, disability, normal retirement or other separation of service. If the participant does not elect a form of payment, payment will be made in a lump sum. At the request of a participant who has an unforeseeable emergency, the Board of Directors may, in its discretion, distribute all or a portion of the participant's account. Third Federal Savings and Loan may establish rabbi trusts to provide a source of payment of obligations under the plan, although it has not elected to do so.

Additional information with respect to each named executive officer's participation in the Benefit Equalization Plan is included under - Non-Qualified Deferred Compensation on page 32.

Other Benefits. Third Federal Savings and Loan sponsors medical and dental insurance plans for its associates, as well as short-term and long-term disability plans and life, accidental death and dismemberment insurance policies. The named executive officers participate in these plans. In addition, Third Federal Savings and Loan provides the following benefits:

Executive Life Insurance Bonus Program. Third Federal Savings and Loan has established an Executive Life Insurance Bonus Program for Messrs. Stefanski and Betters, under which the individual executives have acquired insurance policies on their lives and have transferred such policies to life insurance trusts. Third Federal Savings and Loan pays an amount to the executives annually in amounts sufficient to pay the premiums on the policies. In addition, prior to 2011, Third Federal Savings and Loan provided a tax gross-up to the executives in an amount sufficient to pay the taxes due on the premium payments. The amount of the bonus is included under All Other Compensation in the Summary Compensation Table on page 26. The death benefits under the insurance policies are as follows: \$6.0 million for Mr. Stefanski and \$1.5 million for Mr. Betters.

Executive Disability Insurance Bonus Program. Third Federal Savings and Loan has established an Executive Disability Insurance Bonus Program for Messrs. Stefanski and Betters and Ms. Piterans, under which the individual executives have acquired individual disability policies and Third Federal Savings and Loan pays an amount to the executives annually in amounts sufficient to pay the premiums on the policies. In addition, prior to 2011, Third Federal Savings and Loan provided a tax gross-up to the executives in an amount sufficient to pay any taxes due on the bonuses. The amount of the bonus is included under All Other Compensation in the Summary Compensation Table on page 26.

Financial, Retirement and Estate Planning Program. Third Federal Savings and Loan sponsors the Financial, Retirement and Estate Planning Program for certain of its executive officers, including the named executive officers, and one additional associate director. Individuals designated by the Board of Directors are eligible to participate in the program during the year in which they are designated and during the two succeeding years. For the year ended September 30, 2012, each of the named executive officers and director Bernard Kobak, who is also a part-time associate, were designated by the Board of Directors to participate in the program, and Messrs. Stefanski, Betters and Kobak participated. Under the program, a participant (or in certain circumstances, his or her surviving spouse) may consult with a financial planning adviser, investment adviser or legal adviser, each of whom may perform such services as are reasonably required, and Third Federal Savings and Loan will pay the fees for those services, up to \$40,000 in any one calendar year. The amount of fees paid by Third Federal Savings and Loan is included under All Other Compensation in the Summary Compensation Table on page 26.

Personal Health Management Program. Third Federal Savings and Loan also has implemented a personal health management program for the named executive officers that offers participants the opportunity to have annual medical examinations and health risk appraisals on a regular basis. The amount of fees paid by Third Federal Savings and Loan is included under All Other Compensation in the Summary Compensation Table on page 26.

Company Car Program. Third Federal Savings and Loan sponsors a company car program under which members of executive management designated by the Chief Executive Officer are provided a new company car and other staff members designated by the Chief Executive Officer receive an assigned company car or have the opportunity to use a company vehicle or receive a gasoline credit card. Messrs. Stefanski and Kobak, along with one associate who is not a named executive officer, have been provided with a company car under the program. The company car program also covers the costs of maintenance and operation of company cars and insurance coverage. The value of the benefits provided under this program is included under All Other Compensation in the Summary Compensation Table on page 26.

Table of Contents

Supplemental Executive Split Dollar Life Insurance. Third Federal Savings and Loan maintains supplemental life insurance coverage for the named executive officers through an endorsement split dollar life insurance program. Third Federal Savings and Loan owns each of the policies and endorses a portion of the death benefit to the beneficiaries designated by the executive. These arrangements do not provide a death benefit postretirement. Supplemental life insurance death benefit amounts are determined according to the ranges of salary and bonus compensation of the executives, as follows: \$4.7 million for Mr. Stefanski; and \$2.0 million for each of Messrs. Betters and Huffman and Ms. Piterans. No other executives currently participate in the endorsement split dollar program. The amount of insurance premiums paid with respect to these policies is included under All Other Compensation in the Summary Compensation Table on page 26.

Retirement Plan. Third Federal Savings and Loan sponsors a defined benefit retirement plan for associates, the Third Federal Savings Retirement Plan (the Retirement Plan), and each of the named executive officers participates in the Retirement Plan. Prior to January 1, 2003, an associate became eligible to participate in the Retirement Plan on the first day of the calendar quarter coinciding with or following the date he or she had both attained age 21 and been credited with a year of eligibility service. The Retirement Plan was closed to new associates on December 31, 2002; however, individuals who were already participants in the Retirement Plan on that date continued to accrue benefits under the terms of the Retirement Plan until December 31, 2011, when the plan was amended to freeze future benefit accruals. Beginning on January 1, 2012, associates were eligible to receive, at the Board's discretion, Company contributions under the 401(k) Plan and no longer accrued benefits under the Retirement Plan. Upon normal retirement at age 65, a participant will generally be entitled to a monthly benefit equal to 2% of one-twelfth of the participant's average annual compensation during the participant's years of benefit service before the Retirement Plan was frozen multiplied by the participant's years of benefit service credited before the Retirement Plan was frozen. If a participant continues working after reaching age 65, the participant will be eligible to receive his or her monthly normal retirement benefit for any month in which the participant works less than 40 hours. For these purposes, average annual compensation means the average compensation for each calendar year of employment before the Retirement Plan was frozen other than years prior to participation in the Retirement Plan and years in which a participant has less than 1,000 hours of employment, that is, average annual compensation generally is based on the participant's average compensation over the years participant participated in the Retirement Plan before it was frozen on December 31, 2011. Compensation is defined as wages reported on Form W-2, including salary reduction contributions to the 401(k) Plan and flexible benefits plan and excluding certain reimbursements or special amounts such as expense allowances, fringe benefits, moving expenses, welfare benefits, the value of any qualified or non-qualified stock options, restricted stock, share appreciate right, stock grant or other equity based award granted to a participant by the Company to the extent such value is includible in such participant's taxable income, including upon vesting. On retirement after age 65, the benefit will be the greater of the normal retirement benefit determined at retirement or the normal retirement benefit determined at age 65, increased by 0.8% for each month of deferral after reaching normal retirement age. The normal form of benefit payment is a monthly payment over the longer of the participant's lifetime or ten years from retirement, and, in the event of the participant's death before ten years from retirement, payment to the participant's beneficiary for the remainder of the ten-year term. Additional information with respect to each named executive officer's participation in the Retirement Plan is included under Pension Benefits on page 31.

Executive Retirement Benefit Plan. Prior to October 1, 2008, the Company credited amounts to accounts of participants in the Third Federal Savings and Loan Association MHC and Subsidiaries Executive Retirement Benefit Plan (the Executive Retirement Benefit Plan) at the end of each quarter. Effective October 1, 2008, the Company stopped making quarterly contributions to accounts under the Executive Retirement Benefit Plan. Account balances under the Executive Retirement Benefit Plan continue to be deferred. Our Board of Directors may offer investment options from which a participant may select for the purpose of determining the earnings to be credited to the participant's account. If our Board of Directors does not offer investment options or the participant does not elect to participate in the investment options, the participant's account will be credited with earnings at the rate of 10-year Treasury bonds (determined by using the rate on January 1 of each calendar year) at the end of each calendar quarter. The Executive Retirement Benefit Plan, which operates on a calendar year basis, credited a rate of 1.89% for the calendar year ended December 31, 2012.

Table of Contents

Each of the named executive officers is vested in his or her account. The participant's account balance will be distributed to the participant (or the participant's beneficiary) in the form elected by the participant following separation from service because of death, disability, normal retirement or separation of service. If the participant does not elect a form of payment, payment will be made in a lump sum distribution. Third Federal Savings and Loan may, in its discretion, establish rabbi trusts to provide a source of payment of obligations under the plan, although it has not elected to do so.

Additional information with respect to each named executive officer's participation in the Executive Retirement Benefit Plan is included under - Non-Qualified Deferred Compensation on page 32.

Employment Agreements and Severance Policy

The Company is not party to an employment agreement or severance agreement with any of the named executive officers. The Company has a policy to review severance for its associates, including the named executive officers, on a case-by-case basis. However, the 2008 Equity Incentive Plan provides for acceleration of vesting of awards upon the occurrence of certain terminations or a change in control. See - Potential Payments upon Termination or Change in Control on page 33.

Deductibility of Compensation

The Committee considers Section 162(m) of the Code, which provides certain criteria for the tax deductibility of compensation in excess of \$1.0 million paid to the Company's named executive officers, in determining compensation of the named executive officers. It is the Committee's intent to maximize deductibility of executive compensation while retaining the discretion needed to compensate executive officers in a manner commensurate with performance and retention. The Company believes that all compensation paid to named executive officers other than Mr. Stefanski during fiscal year 2012 was fully deductible. A portion of Mr. Stefanski's salary, insurance-related bonus and restricted stock units distributed to Mr. Stefanski during fiscal year 2012 as well as amounts paid by the Company for life insurance, financial planning and other perquisites were not deductible. The Company expects that a portion of Mr. Stefanski's compensation for fiscal year 2013 will not be deductible.

Stock Ownership Guidelines

While many of the Company's executive officers, including the named executive officers, invested a significant amount of money in the Company's shares during its initial public offering and have acquired shares on the open market, through the 401(k) Plan and through awards made under the 2008 Equity Incentive Plan since the public offering, the Company does not have specific guidelines regarding stock ownership for its executive officers. The Committee believes that shares acquired by the executive officers and outstanding stock option and restricted stock unit awards currently align the interests of our executive officers appropriately with the interests of the our stockholders.

Directors of Third Federal Savings and Loan were paid an annual retainer of \$25,000, also in monthly installments. Members of our Audit Committee, Compensation Committee and Directors Risk Committee were paid \$1,000 per committee meeting attended, and committee chairs were paid an additional \$10,000 annually in quarterly installments. Heisler and Ozan were granted 50,000 restricted stock units on May 26, 2011, in each case on the grantee's commencement of service as a director. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

All transactions between the Company and related persons (as defined in Regulation S-K Item 404 under the Securities Act of 1933) are reviewed and discussed by our Board of Directors, whether or not the applicable transaction must be disclosed under federal securities laws, and our Board of Directors may approve or disapprove of the Company entering into the transaction. All related party transactions also are reviewed and approved by the Audit Committee. Any director with a direct or indirect interest in a transaction with the Company is required to abstain from any vote on the transaction.

The Sarbanes-Oxley Act of 2002 generally prohibits us from making loans to our executive officers and directors, but contains a specific exemption from this prohibition for loans made by Third Federal Savings and Loan to our executive officers and directors in compliance with federal banking regulations. The aggregate amount of our outstanding loans to our officers and directors and their related entities as of September 30, 2012 was \$889,404. All such loans were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Company, and did not involve more than the normal risk of collectability or present other unfavorable features. These loans were performing according to their original terms at September 30, 2012, and were made in compliance with federal banking regulations.

Joseph Cech, who is Mr. Stefanski's brother-in-law, is employed by the Company as a senior manager in business development. Mr. Cech was paid a salary of \$199,866 and a bonus of \$67,500 in fiscal year 2012 and is provided benefits commensurate with those provided to similarly situated employees and a car under the company car program. Mr. Cech was awarded 20,000 restricted stock units and 40,000 options with an exercise price of \$8.61 per share on December 19, 2011. The Audit Committee approved Mr. Cech's compensation for fiscal year 2012.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company, during the fiscal year ended September 30, 2012 or with respect to such fiscal year, all Section 16(a) filing requirements applicable to its executive officers, directors and 10 percent beneficial owners were met.

PROPOSAL TWO: REAPPROVAL OF THE COMPANY'S MANAGEMENT INCENTIVE COMPENSATION PLAN

Stockholders are being asked to reapprove the Company's Management Incentive Compensation Plan, which was originally approved by the Company's stockholders at a special meeting on May 29, 2008. Section 162(m) of the Code and the regulations and interpretations promulgated thereunder (Section 162(m)) require that stockholders reapprove the Management Incentive Compensation Plan every five years in order to qualify the awards issued under the plan as performance-based compensation for purposes of Section 162(m). This would allow us to deduct for tax purposes the value of such awards even if the compensation received when such awards are earned, when combined with other income of a participant, exceeds \$1.0 million per year.

On December 20, 2012, the Compensation Committee amended the Management Incentive Compensation Plan to include loan sales, amortization of loan servicing rights and changes in pension or medical coverage charges as extraordinary or nonrecurring items that the Compensation Committee may include or exclude when evaluating a participant's performance and to provide for the forfeiture of awards paid to participants over the three-year period prior to any restatement due to material noncompliance with financial reporting requirements. Although these minor changes (which did not require stockholder approval) have been made to the Management Incentive Compensation Plan since its adoption, the material terms of the Management Incentive Compensation Plan, including eligibility, the types of performance measures that awards may be based upon and the maximum aggregate amount that may be awarded to a participant during a fiscal year, have not changed since our stockholders previously approved the Management Incentive Compensation Plan. The following is a summary of the material provisions of the Management Incentive Compensation Plan. The summary is qualified in its entirety by reference to the Management Incentive Compensation Plan, a copy of which is attached as Appendix A to this Proxy Statement.

General

The Management Incentive Compensation Plan has been established and approved to reward certain senior executive officers for achieving short- or long-term goals identified by the Company, and to attract, retain and reward senior executive officers who contribute to the success of the Company.

The Management Incentive Compensation Plan incorporates annual cash incentive awards and long-term cash incentive awards. Key features of the Management Incentive Compensation Plan include the following:

- administration by a committee composed of independent directors (the Committee);

- annual incentive awards and long-term incentive awards subject to achievement of performance measures determined by the Committee;

- individual awards subject to annual limits; and

- no amendments to the performance measures unless approved by the Company's stockholders.

An annual incentive award under the Management Incentive Compensation Plan is an award that covers a period of time equal to or less than twelve months. Each annual incentive award will specify a payment amount or payment range as determined by the Committee, subject to the achievement of certain performance measures established by the Committee. The maximum aggregate amount awarded or credited with respect to annual incentive awards to any one covered employee in any one plan year may not exceed \$3.0 million.

A long-term incentive award is an award that covers a period of time greater than twelve months during which performance goals based on one or more performance measures must be met. Each long-term incentive award will specify a payment amount or payment range as determined by the Committee, subject to the achievement of certain performance measures established by the Committee. The maximum aggregate amount awarded or credited with respect to long-term incentive awards to any one covered employee in any one plan year may not exceed \$6.0 million.

Table of Contents

Administration

The Management Incentive Compensation Plan will be administered by the Committee, which will grant annual incentive awards and long-term incentive awards to certain associates of the Company and its affiliates or subsidiaries who are or may become covered employees within the meaning of Section 162(m) and, as such, are subject to the deduction limits for compensation in excess of \$1.0 million. The Committee may grant cash incentive awards that are contingent on achievement of performance objectives over a specified period established by the Committee. The grant of incentive awards may also be subject to such other conditions, restrictions and contingencies as are determined by the Committee.

The Committee may also grant annual incentive awards and long-term incentive awards that do not qualify as performance-based compensation within the meaning of Section 162(m).

The Committee will determine the amount of awards, whether such awards will be annual or long-term, and the terms of the awards, including those requiring the achievement of specific performance goals. The Committee will determine the extent to which a covered employee will have the right to receive payment of his or her annual or long-term incentive award following termination of the employee's employment with or provision of services to the Company.

Performance Measures

The performance measures and standards that may be selected by the Committee with respect to awards granted under the Management Incentive Compensation Plan will be based on any one or more of the following performance measures, as selected by the Committee:

- (a) basic earnings per share;
- (b) basic cash earnings per share;
- (c) diluted earnings per share;
- (d) diluted cash earnings per share;

(ff) stock price (including, but not limited to, growth measures and total stockholder return); or

(gg) any combination of the foregoing.

Without limiting the foregoing, the Committee may, in a manner consistent with the requirements of Section 162(m), include or exclude extraordinary or nonrecurring items, including but not limited to, any of the following events that occur during the performance period: (a) asset write-downs; (b) loan sales; (c) amortization of loan servicing rights; (d) changes in pension or medical coverage charges; (e) litigation or claim judgments or settlements; (f) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results; (g) any reorganization and restructuring programs; (h) extraordinary nonrecurring items as described in financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; or (i) acquisitions and divestitures. The number and/or value of an annual incentive award or long-term incentive award will depend on the extent to which the performance goals are met during the applicable performance period.

Table of Contents

In the event the Committee determines that it is advisable to grant an annual incentive award or long-term incentive award that will not qualify as performance-based compensation, it may make such grants without satisfying the requirements of Section 162(m) and may base vesting on performance measures other than those specified in the Management Incentive Compensation Plan.

The Management Incentive Compensation Plan's effective date is April 1, 2008 and it will continue in effect until terminated by the Board of Directors; provided, however, that termination of the plan will not reduce the amount payable to a covered employee under the plan as of the date of termination.

Forfeiture

The Committee may specify in a covered employee's award agreement that rights and benefits with respect to an award may be subject to reduction, cancellation, forfeiture or recoupment upon the employee's termination for cause, termination of employment with the Company, an affiliate or subsidiary of the Company, any material violation of a Company policy, breach of noncompetition, confidentiality or other restrictive covenants that apply to the covered employee, or any other conduct that is detrimental to the business or reputation of the Company, its affiliates and/or its subsidiaries.

If the Company is required to prepare an accounting restatement due to material noncompliance with any financial reporting requirements under the securities laws, a covered employee is required to reimburse the Company the amount of any payment in settlement of an award earned or accrued during the three-year period preceding the date that the Company is required to prepare the restatement.

Amendment and Termination

The Board of Directors may, at any time, amend or terminate the Management Incentive Compensation Plan, but no amendment, modification or termination may reduce the amount payable to a covered employee as of the date of such amendment, modification or termination, and no amendment may change the general performance measures set forth in the Management Incentive Compensation Plan without stockholder approval. The Committee may adjust performance measures after they have been set, but only to the extent the Committee exercises negative discretion as permitted under applicable law for purposes of an exception to Section 162(m). Notwithstanding the foregoing, in the event that applicable tax and/or securities laws change to permit the Committee discretion to alter the governing performance measures under the Management Incentive Compensation Plan without obtaining stockholder approval for such changes, the Committee will have the sole discretion to make such changes without obtaining stockholder approval.

United States Income Tax Considerations

The following is a summary of the United States federal income tax consequences that may arise in conjunction with participation in the Management Incentive Compensation Plan.

Income Taxation. An incentive award will be earned when the award recipient satisfies the performance goals set by the Committee. However, the distribution of the value of the award may occur at that time or at some later date specified in the award agreement. The recipient of an incentive award will recognize income equal to the amount of cash received when the incentive award is both (i) vested and (ii) distributed to the award recipient.

Deduction Limits. Section 162(m) generally limits the Company's deduction for compensation in excess of \$1.0 million per year for our chief executive officer and the four most highly compensated executives (excluding our chief executive officer) named in our summary compensation table. Qualified performance-based compensation is not subject to this limit and is fully deductible by the Company. The Management Incentive Compensation Plan is designed so that awards under the plan will result in qualified performance-based compensation when earned. However, the Committee is not obligated to grant all awards as qualified performance-based compensation. We expect the Committee will take the deduction limit into account when making awards.

Table of Contents

Withholding of Taxes. The Company may withhold amounts from participants to satisfy the federal, state and local withholding tax requirements with respect to any taxable event arising as a result of the Management Incentive Compensation Plan.

Tax Advice

The preceding discussion is based on United States tax laws and regulations presently in effect, which are subject to change, and the discussion does not purport to be a complete description of the United States income tax aspects of the Management Incentive Compensation Plan. A participant may also be subject to state and local taxes in connection with the grant of awards under the Management Incentive Compensation Plan.

Other Information

Awards to be made pursuant to the Management Incentive Compensation Plan are subject to the discretion of the Committee or its delegates and are not determinable at this time.

The affirmative vote of a majority of the votes cast at the meeting, in person or by proxy, provided a quorum is present, is required for reapproval of the Management Incentive Compensation Plan. Abstentions and broker non-votes are not considered votes cast for purposes of this proposal and will not be counted either for or against approval of the Management Incentive Compensation Plan.

Our Board of Directors recommends that stockholders vote FOR the proposal to reapprove the Management Incentive Compensation Plan.

The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of performance goals pursuant to the Performance Measures specified in this Article 7.

Section 7.2 Evaluation of Performance. The Committee may provide in any such Annual Incentive Award or Long-Term Incentive Award that any evaluation of performance may include or exclude any of the following events that occurs during a Performance Period: (a) asset write-downs, (b) loan sales, (c) amortization of loan servicing rights, (d) change in pension or medical coverage charges, (e) litigation or claim judgments or settlements, (f) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results, (g) any reorganization and restructuring programs, (h) extraordinary nonrecurring items as described in FASB Accounting Standards Codification Topic 225-20, Income Statement-Extraordinary and Unusual Items, and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year, (i) acquisitions or divestitures, and (j) foreign exchange gains and losses. Section 7.3 Adjustment of Performance-Based Compensation. Annual Incentive Awards and Long-Term Incentive Awards that are intended to qualify as Performance-Based Compensation may not be adjusted upward. The Committee shall retain the discretion to adjust such awards downward, either on a formula or discretionary basis or any combination, as the Committee determines.

Section 7.4 Committee Discretion. In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Measures without obtaining stockholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining stockholder approval. In addition, in the event that the Committee determines that it is advisable to grant Annual Incentive Awards or Long-Term Incentive Awards that shall not qualify as Performance-Based Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m) and base vesting on Performance Measures other than those set forth in Section 7.1.

Article 8. Beneficiary Designation

Each Covered Employee under the Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his or her death before he or she receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Covered Employee, shall be in a form prescribed by the Committee, and will be effective only when filed by the Covered Employee in writing with the Company during the Covered Employee's lifetime. In the absence of any such designation, benefits remaining unpaid at the Covered Employee's death shall be paid to the Covered Employee's estate.

Article 9. Stockholder Approval

The effectiveness of the Plan is subject to its approval and ratification by the stockholders of the Company to the extent required by Section 162(m)(4)(C)(ii) of the Code.

Article 10. Amendment, Modification, and Termination of the Plan.

The Board may amend, modify, or terminate the Plan at any time, provided that no amendment, modification, or termination of the Plan shall reduce the amount payable to a Covered Employee under the Plan as of the date of such amendment, modification, or termination.

Article 11. General Provisions

Section 11.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Covered Employee to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan.

Section 11.2 Successors. All obligations of the Company under this Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Section 11.3 Forfeiture Events.

(a) The Committee may specify in an Award Agreement that the Covered Employee's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, termination of employment for cause, termination of the Covered Employee's provision of services to the Company, Affiliate, and/or Subsidiary, violation of material Company, Affiliate, and/or Subsidiary policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Covered Employee, or other conduct by the Covered Employee that is detrimental to the business or reputation of the Company, its Affiliates, and/or its Subsidiaries.

(b) If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, if the Covered Employee knowingly or grossly negligently engaged in the misconduct, or knowingly or grossly negligently failed to prevent the misconduct, or if the Covered Employee is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, the Covered Employee shall reimburse the Company the amount of any payment in settlement of an Award earned or accrued during the twelve- (12-) month period following the first public issuance or filing with the United States Securities and Exchange Commission (whichever just occurred) of the financial document embodying such financial reporting requirement.

(c) If the Company is required to prepare an accounting restatement due to material noncompliance with any financial reporting requirements under the securities laws, the Covered Employee shall reimburse the Company the amount of any payment in settlement of an Award earned or accrued during the three-(3-) year period preceding the date that the Company is required to prepare the restatement in accordance with Section 954 of The Dodd-Frank Wall Street Reform and Consumer Protection Act.

Section 11.4 Deferrals. The Committee may postpone the payment of Awards, or take any action permitted under the Plan to prevent the Company or any Subsidiary from being denied a Federal income tax deduction with respect to any Award, in accordance with Treas. Reg. 1.409A-1(b)(4)(ii). In such case, payment of such deferred

amounts must be made as soon as reasonably practicable following the first date on which the Company, Subsidiary and/or Affiliate anticipates or reasonably should anticipate that, if the payment were made on such date, the Company's, Affiliate's and/or Subsidiary's deduction with respect to such payment would no longer be restricted due to the application of Code Section 162(m).

Section 11.5 Unfunded Plan. Covered Employees shall have no right, title, or interest whatsoever in or to any investments that the Company, and/or its Subsidiaries, and/or its Affiliates may make to aid it in meeting its obligations under this Plan. Nothing contained in this Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Covered Employee, beneficiary, legal representative, or any other individual. To the extent that any individual acquires a right to receive payments from the Company, its Subsidiaries, and/or its Affiliates under this Plan, such right shall be no greater than the right of an unsecured general creditor of the Company, a Subsidiary, or an Affiliate, as the case may be. All payments to be made hereunder shall be paid from the general funds of the Company, a Subsidiary, or an Affiliate, as the case may be and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in this Plan.

Section 11.6 Severability. In the event that any one or more of the provisions of this Plan shall be or become invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein shall not be affected thereby. If, in the opinion of any court of competent jurisdiction such covenants are not reasonable in any respect, such court shall have the right, power and authority to excise or modify such provision or provisions of these covenants as to the court shall appear not reasonable and to enforce the remainder of these covenants as so amended.

Section 11.7 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the singular shall include the plural, and the plural shall include the singular.

Section 11.8 Headings and Captions. The headings and captions herein are provided for reference and convenience only, shall not be considered part of this Plan, and shall not be employed in the construction of this Plan.

Section 11.9 Nonexclusivity of this Plan. The adoption of this Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Covered Employee.

Section 11.10 No Constraint on Corporate Action. Nothing in this Plan shall be construed to: (i) limit, impair, or otherwise affect the Company's or a Subsidiary's or an Affiliate's right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or, (ii) limit the right of the Company to establish other plans or to pay compensation to its employees, in cash or property, in a manner which is not expressly authorized under the Plan; or, (iii) limit the right or power of the Company or a Subsidiary or an Affiliate to take any action which such entity deems to be necessary or appropriate.

Section 11.11 Compliance with Code Section 409A.

(a) *In General.* The Plan is intended to be administered in a manner consistent with the requirements, where applicable, of Code Section 409A. Where reasonably possible and practicable, the Plan shall be administered in a manner to avoid the imposition on Covered Employees of immediate tax recognition and additional taxes pursuant to Section 409A. Notwithstanding the foregoing, neither the Company nor the Committee shall have any liability to any person in the event such Section 409A applies to any such Award in a manner that results in adverse tax consequences for the Covered Employee or any of his beneficiaries or transferees.

(b) *Elective Deferrals.* No elective deferrals or re-deferrals of compensation (as defined under Code Section 409A and/or guidance thereto) are permitted under this Plan

(c) *Applicable Requirements.* To the extent any of the Awards granted under this Plan are deemed deferred compensation and hence subject to Code Section 409A, the following rules shall apply to such Awards:

(i) *Mandatory Deferrals.* If the Company decides that the payment of compensation under this Plan shall be deferred within the meaning of Code Section 409A, then, except as provided pursuant to Treas. Reg. 1.409A-1(b)(4)(ii), at grant of the Award to which such compensation payment relates, the Company shall specify the date(s) at which such compensation will be paid in the Award Agreement.

(ii) *Timing of Payments.* Payment(s) of compensation that is subject to Code Section 409A shall only be made upon an event or at a time set forth in Treas. Reg. 1.409A-3, *i.e.*, the Covered Employee's separation from service, the Covered Employee's becoming disabled, the Covered Employee's death, at a time or in a fixed schedule specified in the Plan or an Award Agreement, a change in the ownership or effective control of the corporation, or in the ownership of a substantial portion of the assets of the corporation, or the occurrence of an unforeseeable emergency. (For these purposes, a separation from service will be deemed to have occurred where the reasonably anticipated level of bona fide services performed by the Employee is 49% or less of the average level of bona fide services performed by the Covered Employee over the immediately preceding 36 months.)

(iii) *Certain Delayed Payments.* Notwithstanding the foregoing, to the extent an amount was intended to be paid such that it would have qualified as a short-term deferral under Code Section 409A and the applicable regulations, then such payment is or could be delayed if the requirements of Treas. Reg. 1.409A-1(b)(4)(ii) are met.

(iv) *Acceleration of Payment.* Any payment made under this Plan to which Code Section 409A applies may not be accelerated, except in accordance with Treas. Reg. 1.409A-3(j)(4), *i.e.*, upon a Covered Employee's separation from service, the Covered Employee becomes disabled, the Covered Employee's death, a change of ownership or effective control, or in the ownership of a substantial portion of the assets, or upon an unforeseeable emergency (all as detailed in Treas. Reg. 1.409A-3(a)).

(d) *Additional Requirements.* Notwithstanding anything to the contrary in this Plan:

(i) To the extent required in order to avoid accelerated taxation and/or tax penalties under Section 409A, amounts that would otherwise be payable pursuant to this Plan during the six-month period immediately following a Covered Employee's termination of employment shall instead be paid on the first business day after the date that is six months following the Covered Employee's separation from service within the meaning of Section 409A; and

(ii) A Covered Employee shall not be entitled to any payments resulting from or arising due to a termination of employment, termination or retirement (or other similar term having a similar import) unless (and until) such Covered Employee has separated from service within the meaning of Section 409A

Section 11.12 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of Ohio, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction, except to the superseded by federal law. Unless otherwise provided in the Award Agreement, recipients of an Award under this Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Ohio, to resolve any and all issues that may arise out of or relate to this Plan or any related Award Agreement.

Section 11.13 Effective Date. The effective date of the Plan shall be April 1, 2008. This plan was submitted to shareholders for re-approval on , 2013.
